

Favors Sales Tax Split

State Can Well Afford to Help the Schools says Supt. Babcock

Michigan can well afford to help the schools by enacting Proposal 2 at the Election Nov. 5 is the opinion of Earl Babcock, head of the Grand Haven school and chairman of the MEA legislative commission.

The state treasury had a surplus and balances of \$136,000,000 June 30, 1946 which is more than the total sales tax and use tax collections were the past year. Returning part of this might avoid a further increase in local taxes he said.

There is a surplus of \$21,582,356 which is not earmarked in addition to this the earmarked funds are as follows: \$50,000,000 Veterans' Relief; \$11,483,489, State Highway; \$27,781,094 Uncompleted Buildings and Improvements; \$14,417,250 in the Primary Fund.

The Liquor Revolving Fund totals \$11,656,980. This and the 5 major items total more than \$136,000,000. Michigan state surpluses have increased \$100,000,000 in the past 4 years. Sales tax collections this year during July, August and Sept. increased 48.86 percent over the same period last year. The sales tax is only 40 percent of the states revenue. Michigan tax collections last fiscal year were \$304, 118, 039. Liquor taxes were 24 million and gas and weight taxes \$57,365, 889. In other words the state receives and spends 60 percent more than it receives from the tax collections.

Circuit Court News

After being on trial all day Wednesday and part of Thursday, the jury case of Leon and Esther Meabon vs. James White, National Surety Company and the Pinckney Tavern was settled out of court. The Meabons sought damages from the plaintiffs. While riding on their motorcycle Labor Day, 1945, they were struck by a car alleged to have been driven by White on the Howell-Pinckney Road. A number of local people were witnesses, including Cecil Wilson and wife, Carl McCulley and Orville Amburgey.

Other cases heard were as follows: George Hayes pleaded guilty to drunkenness and will be sentenced December 9th. Charles Smith pleaded guilty to a larceny charge and sentence was suspended. He had already been in jail 14 months. Raymond Wiles got 3 to 14 years in Jackson prison for forgery. Howard Stearns pleaded guilty to rape and will be sentenced December 9th. Thomas Disbrow plead guilty to an indecency charge and was put on probation and fined \$20. Lloyd Stearns and Richard Franks, charged with breaking and entering, will be sentenced December 9th after pleading guilty to the charge.

A quiet title decree was given to Henry Montgomery vs. Elisha Smith. The following divorces were granted: Junior vs. Barbara Kidd, Virginia vs. Louis Boyce, Alberta vs. Stanley Goodly, Rose vs. Raymond Wiles, Thomas vs. Ruth Collocott, and Louise vs. Theron Warren.

Robert Visel was ordered to pay up \$200 in back alimony. Wednesday Nov. 6, the suit of the Village of Pinckney vs. W. H. Meyer is set for trial. The village seeks to have the gas tanks under the side walk on Main St. in front of the Meyer garage removed. VanWinkle & VanWinkle represent the village and Martin J. Laman, Meyer.

NEW NORTHERN SERVICE

The Mich. Bell Telephone Co. announces completion of a \$150,000 project to speed up service to and from northern Michigan. As a result of new construction it now has 67 circuits instead of 59 and 9 more more circuits between Standish and West Branch. Heavy traffic is anticipated from 10 to noon and 7 to 9 p. m.

strands of wire 135 miles long were strung between Standish and Charlevoix, 4 more between Standish and West Branch and 2 continued on to St. Helen.

Foster-Gardner Wedding Held

Joyce Foster and Russell Foster Are Married at Chelsea Saturday Night

Miss Joyce Foster of Chelsea and Russell Gardner son of Mrs. C. Kasenchuk of Chelsea and Wm. B. Gardner of Pinckney were married in ceremony at the Chelsea Methodist church at 8 o'clock Saturday night. Rev. Major officiated in a chancel decorated with baskets of chrysanthemums with candelabras flanking the altar. Before the ceremony Mrs. A. Palmer sang a solo with accompaniment at the organ who also played the Lohengrin wedding march.

The bride who was given in marriage by her brother, LaVern, wore a gown of white sheer net fashioned with an embroidered net bodice with a keyhole neckline, long pointed sleeves and a peplum. The skirt was plain sheer and ended in a train. The double fingertip veil was held by a Queen Anne headdress, edged with tiny orange blossoms. She carried a white Bible with a white orchid and with streamers of white satin ribbon, tied with clusters of bouvardia.

The maid of honor, Esther Riemschneider, wore a floor-length gown of aqua taffeta and net with a sweetheart neckline and matching headpiece of matching flowers. The bridesmaids, Virginia Spaulding and Madelyn Rose, wore pink and blue sheer net and carried cascades of quets of button mums and carnations with matching headpieces. Michael Foster, nephew of the bride was ring bearer and Patricia Foster, flower girl. Lionel Parkin of Grosse Pointe was best man and Fritz Gardner and Wm. VanRiper, ushers.

A reception was held in the church parlors with Leota Kohnman and Rhea Clark as hostesses and Betty Lee Foster in charge of the guest book. The lace covered table was centered with a 4 tier wedding cake with bowls of mums and snapdragons and twin candle holders. The brides' mother wore black and the groom's mother black and white jersey and carried pink carnations.

The young couple will live in Ann Arbor after they return from a wedding trip to California.

O.E.S. Installation Last Wednesday

Last Wednesday night a very beautiful and impressive candlelight installation ceremony was held in the Masonic Hall in the presence of over two hundred persons.

The retiring officers and Mr. and Mrs. Merwin Campbell, retiring Worship Patron and Worship Matron, opened the meeting. Mrs. Campbell gave her retiring speech and then presented her officers with a beautiful gift - vases to the women and hand-painted copper bookbags to the men. Her officers presented her with a beautiful wool blanket.

The newly-elected officers were then stalled. Mrs. Lola Lobdell was escorted to her station in the East as Worship Matron by her mother, Mrs. I. Plintoff. Her son, Jim, then presented her with a huge basket of flowers. The other officers were then stalled in order of their station: the newly-elected officers were then given a welcome and Mrs. Lobdell gave a very appropriate acceptance speech. Clifford Miller gave acceptance remarks.

A group of pupils from the eleventh grade then surprised Mrs. Lobdell, who has been their teacher for several years, by marching in and singing an original parody to tune of "Doin' What Comes Naturally"; then presented her with a beautiful pin and a ring set. Mr. Wesley Reader also sang several beautiful songs during the ceremony.

The Past Matrons Club, all dressed in colored formals, then made a heart and the president, Mrs. Hazel Parker, escorted Eloyse Campbell to the center of the heart where Mrs. Dorothy Wilson gave her the Past Matron's pin, and she was welcomed to the Past Matrons circle.

Guests were present from Pontiac, Detroit, Ann Arbor, Brighton, and Howell. A delicious luncheon was served in the dining room.

Pinckney Gridders Beat Manchester Friday Night, 13-7

Pinckney won from Manchester in night game there Friday night, 13 to 7, but the score does not give an accurate picture of the game as Pinckney was at least four touchdowns better than Manchester. The Pinckney team was the victim of over zealous refereeing and were penalized over 100 yards, drawing two fifteen-yard penalties in a row, once for holding. Consequently a continuous drive for touchdowns was impossible.

Pinckney scored first in the second quarter when, after a march down the field was slowed up by penalties, Meyer and Burns carried the ball, the former passing to Don Amburgey who received the oval and ran ten yards for a touchdown.

Pinckney kept on threatening and scored again in the final quarter when, after a series of line plays on one of which Joe Burns made 30 yards Jim Meyer hit the line for five yards and a touchdown. He also kicked goal for the extra point.

Manchester scored on a lucky pass in the final minutes of play. They had backed Manchester up to their own seven-yard line. Cannon threw a ten-yard pass to Wurster who caught the Pinckney team by surprise and ran 93 yards for pay dirt. Wurster passed to Hough for the extra point.

Pinckney meets South Lyon here in a night game Friday night and ought to win handily. South Lyon has not had a team in four years and lacks experience. Brighton beat them 47 to 0, Dexter 61 to 0, and Hartland 24 to 0. This should be a welcome break for Pinckney as they have had tough going all year.

Other scores here last week were: Howell 6, Charlotte 12; Dexter 61, South Lyon 0; Brighton 12, Northville 6; Powerville 12, Danville 0; Stockbridge 27, Okemos 6; and Milan 19, Chelsea 0.

CURRENT COMMENT

The once mighty empire of Henry Ford seems to be disintegrating. His land holdings at one time must have run into the hundred thousand acres and huge experiments of every type were being conducted by the company. Now that he has retired and a grandson has taken over, every branch that does not relate directly to the manufacture of autos is being discontinued. Henry Ford was a pioneer in the soy bean industry, planted many acres of them and used them in the making of paint, oils, etc. This is being discontinued and the soy bean processing plant he built at Saline has been sold to the Soy Beans, Inc. The company has also announced the abandoning of the small factories making Ford parts and has the Sharon Mills, Cherry Hill, Hayden Mills and Clarkston plants up for sale, as well as the unfinished Dexter plant. Their operations have been shifted to twelve other plants which the company will operate for the present. Henry Ford in his prime envisaged a large chain of small plants operated by water power making auto parts. The men employed in them would also be available for farm work. He was not able to work out this plan completely but he must have had around twenty-five such plants in operation. This plan has now been junked.

As wages and prices go up, the purchasing power of the dollar goes down. The present-day dollar today will only buy what sixty-nine cents bought back in 1941. It is expected to go down still farther as the OPA decontrol order causes prices to rise. This is especially true of food. At the present-time a person purchasing food can carry home five-dollars worth in a paper sack and not have much of a load at that. The claim that removal of the OPA would level prices has not been noticeable as yet. Ham last week was selling for two dollars a pound in Kansas City. Steaks and pork chops are both quoted in advertisements in an Ann Arbor paper at sixty-nine cents per pound. This is to be a vicious circle with no end. Wages were raised on account of the increased cost of living and then prices were hoisted on account of higher wages paid.

We can find no reason for the sudden vicious attack made on the Cassidy Lake School for Wayward Boys, established in Waterloo three years ago.

This school was started to give youthful offenders sent to Lonia and Jackson prison whom the authorities thought could be rehabilitated, another chance. On the whole, we thought it had worked out fairly well. The committee of three senators charged the place with being dirty and ill-kept, the boys rebellious, lacking discipline, and that it was the custom to handcuff them to their beds. The Pinckney team, as well as Dexter, Chelsea, Munith and Stockbridge softball teams, has played the Cassidy Lake boys for several years. Their relations have been most congenial, and on their games at the lake their impression was that the place was well kept and the discipline good. Captain Miles, in charge of the camp, and Henry Prim, head of the vocational training school, machine shop practice, welding, etc., are taught here. have both been very courteous and obliging to visiting teams. The Pinckney team has never been shown any discourtesy by any Cassidy Lake player and the Pinckney boys enjoy these games. The Detroit Times charges the blast was for the purpose of getting Gerrit Heyns, director of prisons.

When a new seven-million cubic foot natural gas well was brought in last week on the McPherson farm inside the Howell city limits, the people of this section envisage themselves as being in the center of a natural gas field by which they would be able to heat their homes and cook at moderate cost. It has 1600 pounds of pressure and when it was brought in buried rocks 300 ft. in the air. A gas well was brought in there in 1936 but later abandoned. This year it was sunk to 3,897 feet which is quite deep for a gas well and this huge gas reservoir was found. The drillers are the Panhandle Company, who have 20,000 acres under lease here. The field runs through Howell from a northwesterly to a southeasterly direction and is in the center of this section.

Can you spot your state ... and how many more?

This page is framed by all 48 states. They're accurate in outline but not in relative size.

Without peeking into Junior's geography book, find your own state first. Then see how many more you can identify. (Answers buried below.) Ten right means you're bright. Twenty makes you an honor student. Thirty qualifies you as Secretary of States!

So what? So the folks who own America's business-managed electric companies live in every one of these states. They include a lot of your friends and neighbors—and probably you, too.

How come? Well, several million Americans have invested their savings in electric companies directly. Some 43 million more have invested indirectly—through savings bank accounts and life insurance policies. Banks and insurance companies, entrusted with your funds, like to put 'em to work in sound utility securities.

As a result, almost every American family has a stake in the self-supporting, tax-paying electric companies that provide most of America's power. Thanks largely to good business management, the price of electricity has come down while other prices have gone way up—and this country enjoys the best electric service in the world.

On June 30, 1946, the State Government had more cash on hand than the year's total collection of the sales tax... Much of this surplus has been set aside for future spending by the State, including State institutional buildings and improvements, highways, and veterans' benefits. There is \$21,500,000 surplus not earmarked. More than sixty percent of the State's operating funds come from sources other than sales tax.

VETERAN OF WORLD WAR I CANDIDATE FOR GOVERNOR

The people are saying Pat has run a clean campaign. He has been endorsed by the Veterans because he will bring forth a building program for houses they need so bad. Now that the bank bill has been put over the people can see that that was only a political move. They spent \$500,000 with but little results. Denke has done as much with \$15,000 at Mt. Clemens.

Foxy, greedy Kim was a Democrat as long as he could make anything out of it. In '33 he was as hard up as anyone. He became attorney for receivers of Hastings banks. He was appointed by New Deal Democrats when he ran on the Democrat ticket they called him the Boy Orator from Nebraska.

He has left outstate Republicans and is in with big shot Republicans in Detroit. If he wins the Regular Republicans will not get much. Therefore they may give Pat a second term. He says if he has it this time he won't run again and both parties can have new candidates in '48.

Pat is for the little man, the farmer and laboring man and small merchant. Kim is for the big shots. He gives them immunity and punishes the little man.

REPUBLICAN

A Representative of the People, an Earnest Student of Congressional Legislation and a Firm Believer in the Perpetuity of our Constitutional Form of Government. Mr. Bluckney believes that bureaucracy and needless rules and regulation inflicted upon the American People should be removed. Private enterprise and individual initiative should be encouraged. It is imperative that all non-essential government expenditures should be limited. Production, everybody at work, rigid economy in all branches of the government and saving money to pay off our National Debt will be America's best guarantee of solvency. WHAT DO YOU THINK ABOUT CONSTITUTIONAL AMENDMENT PROPOSAL NO. 1

Which Authorizes The State To Continue To Establish Public Airports?
HERE ARE STATEMENTS OTHERS HAVE MADE

GOVERNOR KELLY SAYS:
"I sincerely hope that this Amendment will be approved in order that the State of Michigan can proceed to improve its facilities and meet the challenge of the Air Age."

GUBERNATORIAL CANDIDATE KIM SIGLER SAYS:
"In any event, let there be no question in the mind of anyone regarding my stand on Proposal No. One. I am unalterably and wholeheartedly for it."

AMERICAN LEGION AVIATION COMMITTEE CHAIRMAN THOMAS E. WALSH SAYS:
"I feel confident the voters of Michigan will give their approval to Constitutional Amendment Proposal No. One which is so vital to aviation progress in Michigan."

MICHIGAN FARM BUREAU MANAGER CLARK BRODY SAYS:
"Approval of Amendment Number One vitally concerns farmers. Aviation for business trips, carrying mail, law enforcement, medical aid, spraying and transportation of perishable crops is vital to Agriculture. Vote Yes on Amendment Number One."

GUBERNATORIAL CANDIDATE MURRAY D. VAN WAGONER SAYS:
"This is to assure of my strong endorsement and support of Senate Enrolled Joint Resolution No. 1, which proposes an amendment to Section 14, Article 10, of the State Constitution."

BOARD OF AERONAUTICS CHAIRMAN WILLIAM B. STOUT SAYS:
"It would be as shortsighted to turn down aviation for our State as to have refused to build public highways for the automobile."

MICHIGAN DEPT. OF AERONAUTICS DIRECTOR COL. FLOYD E. EVANS SAYS:
"There can be only one answer to the Constitutional Amendment Proposal No. One which will appear on the Ballot November 5. Vote 'YES' and Michigan will remain a leader in aviation."

HUNDREDS OF STATE-WIDE ORGANIZATIONS HAVE PUBLICLY ENDORSED THE CONSTITUTIONAL AMENDMENT PROPOSAL NUMBER ONE — YOU CAN'T GO WRONG WITH A YES VOTE.

VOTE NOV. 5

DEMOCRATIC REPRESENTATIVE to U.S. CONGRESS

A Big Vote of Confidence for Senator Vandenberg

We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride.

We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan. He should be re-elected to the U. S. Senate with an extra big vote of confidence.

And remember this — no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in Washington.

Let's get out and vote on Nov. 5. Let's "tell the world" that we support our Senior Senator from Michigan.

This message is published in behalf of 100,000 citizens from all 83 Counties of Michigan who placed Senator Vandenberg in nomination in June.

Friendship—Three thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hopkins, in our town, and a man named Dalton Roman, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad sending over Dalton's latest letter, while he sends a chess of his next move to England.

Dad always thinks best with a rubber glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often these little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

HE THOUGHT HE WAS FULLY INSURED

The other day we read about a man whose home had been partially destroyed by fire. Like many other men he carried fire insurance up to 80% of what it had cost him to have his home built. But he had built it 10 years ago! Since that time values have increased considerably, yet he simply renewed his policy without regard to stepped up replacement costs. Now he will collect less than the cost of making repairs, because he was underinsured. This is a predicament that can easily be avoided by others who act before it is too late. As a public service we recommend that every home owner, for his own protection, insure his home on the basis of what it would cost him to rebuild it at today's high cost.  "DE CONTROL"

As of October 15, 1946 the O.P.A. restrictions on meat are released. The public reaction to this move will undoubtedly influence how soon controls on other items will follow. Confusion of views on price trends is prevalent, but that there is no doubt that any increase in supply of meat will soon bring prices to a normal range. Simple economics tell us that fact.
 A Savings Account can be a valuable asset in helping to weather a doubt that any increase in supply of factors in industry are building up. Whether it is large or small it will help procure the goods we all have waited for and needed during the war years.

Democracy Marches On

Delegates from local units representing the more than 15,000 members of the Michigan Milk Producers Association convene at Lansing on November 7 for their 30th annual meeting.

In the traditional manner of a democracy, these Delegates were elected by the general membership and speak the majority voice of all Association members on matters of major policy and administration.

Because these Delegates represent a large and important segment of all residents of this area, it follows that what is good for MMPA members likewise reacts to the public good.

The inter-dependence of dairy farmer and general public has been recognized by MMPA from its inception 30 years ago.

It has prompted Delegates to foster new scientific safeguards for public health protection;

It has led Delegates to sponsor production methods for increasing the quantity and quality of milk to meet increasing public demands for nature's best food at its very best;

It has enabled Delegates to set up administrative procedures for cooperative marketing and mutual aid which cost less than one per cent of gross sales—far less than administrative costs of the American Red Cross, Community Fund and similar activities;

It has resisted taking temporary advantage of abnormal conditions to obtain "quick money" at the expense of sound long-range planning;

It adopted more than a decade ago the base-and-excess plan which authorities on milk marketing have called the best year-in, year-out program ever devised for the advantage and protection of both milk consumer and milk producer.

Out of this background of successful operation, Delegates on November 7 will lay broad plans for sound future growth.

And action of the Delegates, you may be sure, will adhere to those basic principles of Democracy on which MMPA has operated for more than three decades—Awareness that what is good for the milk producer must be likewise good for the milk consumer.
