Gregory Man Is Hurt

Vincent Young Sr. Is Injured in An Auto Crash

Last Wednesday night as Vincent Young, Sr., of Gregory, was driving west in Pinckney on Main Street, he was struck by a car or truck headed east without lights and driving on the wrong side of the road at a high rate of speed. The accident took place in front of the Edward Parker home. The impact was terrific and the speeding car rebounded and hit a car belonging to Mrs. Lola Lobdell parked in front of the Edward Parker home, driving it across the street. The Lobdell car was unoccupied.

Mr. Young received serious injuries. He was taken to the Pinckney Sanitarium, where Dr. Ray Duffy fixed him up. His tongue was badly cut and several stitches had to be taken in it. Seven stitches were taken in his lips and face; he also had several broken ribs.

The driver of the speeding car did not stop at all but kept right on his way. No one seems to have seen the accident. Mr. Young was unable to describe the car which hit him. Several who came to their door on hearing the noise saw a car and truck pass. Dale Meabon followed these two vehicles as far as Dexter and got their numbers. They proved to belong to Press Puckett who bought the Norman Reason or Coleman farm west of the Marble School. Deputy Sheriff Murray Kennedy and Lawrence Gehrlinger of Howell arrived and went to the Puckett home. They were told Mr. Puckett had taken a truck load of onions to Detroit and his stepson had followed him in the car. They returned the next day and were questioned by the sheriff. Neither car or truck revealed a scratch or sign of being in any accident and the Pucketts denied any knowledge of it, but admitted they had heard the crash after they were 800 feet past it.

Bright-red paint is deeply imbedded in both the Young and Lobdell cars from the hit-and-run car which must have received considerable injury. The Puckett car is not red but a deep maroon color. The truck is not red either.

Now someone must have seen this accident or have knowledge of a battered red car. If they have this information, the sheriff's office would like to hear from them.

Won Game Last Friday

Pinckney Wins Easy Game From South Lyon Friday 32 to 6

South Lyon discontinued football during the war and this fall fielded a team for the first time in four years. As a result, they have lost all games by thumping big scores.

They played Pinckney here under the lights Saturday night, the game being rained out Friday night, and Pinckney won, 32 to 6. These six points are all South Lyon scored this year and they got them when the Pinckney reserves were all in the game.

Jim Meyer scored the first touchdown and kicked goal for the extra point in the opening minutes and from then on it was only a question of how big the score would be. Bob Amburgey, a reserve back, made a 40-yard run for a touchdown, showing a burst of speed that no one knew he possessed. Bob Burns caught a pass for a touchdown, as did Dick Young and Joe Burns who piled up much yardage on line plays, also crossed the goal line. Russell Clark caught a pass for the second extra point.

Coach Reader then sent in all the reserves, most of whom saw action for the first time this year, and South Lyon proceeded to score but did not get the extra point.

Pinckney's schedule has been tough this year with Fowlerville, Brighton and Little Pioneers and Stockbridge all being met in successive weeks and a soft game like the Saturday night contest was appreciated.

Next Friday night, Pinckney meets the toughest team on their schedule when the Dexter Dreadnaughts come here. Dexter has had their best season in their history, having won every game and not allowed their goal line to be crossed as yet. They have one scoreless tie with Brighton which also has not been defeated. This game will be a replica of the Notre Dame-Army game and a huge outpouring of Dexter fans will be present. Pinckney expects the record crowd of the year.

RURAL PHONES INCREASE

More farmers than ever before
 are using phones. At this time 68.0
 of the farmers have phones compared
 to 44.0 on Jan. 1, 1946.

The company set a quota of 20,

 has 600 installed now and will ex-
 ceed the quota if it can get the ma-
 terial.

Since last Jan. 1, 17,200 new
 rural phones have been installed
 making the total 100,000. Still the
 waiting list is the same as it was last
 year—13,200 as new applications are

Take a look at this U. S. Savings
 Bond, friend. You don't have to be
 a seventh son of a seventh son to
 see your future. If travel is your
 desire some day, or you hope to see
 your boy or girl in college, or you
 dream of owning a farm, this Bond
 can help to make these dreams
 come true. Bonds accumulate faster
 than you imagine when you save regu-
 larly through the payroll sav-
 ings plan where you work. Every
 \$18.75 you put away in United States
 Savings Bonds grows to \$25 in ten
 years. U. S. Treasury Department

Apple blossoms are blooming here

 needed another reason to impress
 you with the wisdom of buying
 United States Savings Bonds regu-
 larly, these orchards would inspire
 me. Every Savings Bond will bear
 fruit later in the form of a new
 home, education for a child, or real-
 ization of other personal goals. Your
 Savings Bonds grow to full richness

United States Savings Bonds are
 patriotic bonds because your coun-

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs carries his Mims spending the day at home, with no hot office to attend to. And Sue carries Thad's luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, Mims is a gas very deep. Thad knows way deep deep that the Mims has plenty of work running a house; and Sue knows Thad's friendly glass of beer is a deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

AMERICAN HEROES

A LIBERTY SHIP has been named for James G. Squires of Everett, Mass., second cook on the torpedoed S. S. Malantic, and a Merchant Marine Distinguished Service Medal awarded posthumously. Squires clung to a rope thrown to the life boat in which he, the ship's master and nine other crewmen floated on rough seas until the other ten were safe on a British rescue craft after the torpedoing. Then he leaped into unconsciousness and was swept away, investment in Victory Bonds to support living losses is a commendable one for such men. U. S. Treasury Department

AMERICAN HEROES

COMDR. JAMES HAILE MINI, U.S.N., already holder of a DFC, has been awarded a Navy Cross for leading a flight of carrier planes against the Japs in the Philippines. He so deployed his command that they severely damaged six major combat vessels. Despite heavy anti-aircraft fire, he led an accurate bomb-run on a battleship, scoring a direct hit with a 1000 pound bomb. War Bonds helped pay for the planes and bombs that enabled the Manila-born officer to render that foe ineffective. His home now is at Vallejo, California. U. S. Treasury Department

Picture of a One-Man Bond Drive

IN ACTION.—Harry B. Smith, sports editor emeritus of a San Francisco newspaper, shown in action in his one-man War Bond campaign in the 7th city in that period. He is positive he will do as well in the Victory Loan. He sold \$5,933,793—one-sixth of all War Bonds purchased in that city in that period.

AMERICAN HEROES

by WOODY COWAN

BUYING War Bonds to support such men as Sgt. Walter D. Elden is little enough. Acting as spearhead against an enemy strongpoint he killed four in a Nazi patrol, put a gun crew out of action and got on a mortar section. Again he advanced on a machine gun and finished off the crew single-handed. All that he did while machine gun bullets and gas fire poured upon him and his men. U. S. Treasury Department

COAST GUARD officers every day are proving how effectively the smaller naval vessels purchased with the help of War Bonds can clear the seas of enemy submarines. Comdr. David H. Bartlett of San Diego, Calif., recently was awarded a Navy medal for maneuvering his Patrol Frigate in such a manner that it brought about the destruction of a Jap tender attack. Other commanders of small vessels are doing highly efficient work. U. S. Treasury Department

HE THOUGHT HE WAS FULLY INSURED

The other day we read about a man whose home had been partially destroyed by fire. Like many other men he carried fire insurance up to 80% of what it had cost him to have his home built. But he had built it 10 years ago! Since that time values have increased considerably, yet he simply let his policy without regard to stepped up replacement costs. Now he will collect less than the cost of making repairs, because he was underinsured. This is a predicament that can easily be avoided by others who act before it is too late. As a public service we recommend that every home owner, for his own protection insure his home on the basis of what it would cost him to rebuild it at today's high cost. **WE HAVE AMPLE FUNDS AVAILABLE FOR SAVED LOANS**

As of October 15, 1946 the S.P.A. restrictions on most are relaxed. The public reaction to this move will undoubtedly influence how soon controls on other items will follow. Confusion of views on price trends is prevalent, but that there is no doubt that any increase in supply of meat will see bring prices to a normal range. Simple economic fact as that fact.

A Savings Account can be a valuable asset in helping to weather a doubt that any increase in supply of factors in industry are helping up. Whether it is large or small it will help secure the goods we all have waited for and needed during the war years.
