News and happenings of the State Today Told from Lansing

7,000 Michigan youths were affected during the war for cardiac trouble due to rheumatic fever. The Mich. Medical Society have set up diagnostic centers in 9 cities—Lansing, Grand Rapids, Kalamazoo, Bay City, Traverse City, Jackson, Ann Arbor, Flint and Marquette where diagnosis may be obtained.

Lt. Gov. Vern Brown suggested a 3 mill property tax for support if collected to replace the sales tax diverted.

Dr. Gene Elliott would set aside \$11,000,000 for junior colleges, vocational education, teachers retirement fund and visiting teachers.

Another proposal is to return welfare cost to local government. Old age assistance increased \$7.99 in Oct. average per family is \$42.60.

Labor unions are circulating petitions to take the sales tax off food. Schools are against it as it would deprive schools of \$80,000.

A sharp break in food prices is forecast for spring 1947. Canned fruits and vegetables are estimated at \$18 million packs of 24 cans, this is double the 270 million of prewar days.

Despite two price increases the Ford Motor Co. report a \$51.6 million loss for the first 9 months of 1946. \$30,000,000 worth of research work was cancelled.

Less than 200 veterans of Mich. were affected or cancellation of the veterans subsistence payments. Living cost increased 11 percent since last January.

Airplane travel is much safer. The ratio of passengers killed is 1.14 per 100 million passenger miles, last year it was 2.57.

The lights on state capitol dome have been turned out.

The Mich. Conservation Com. is asking \$270 million for park expansion and development.

The national VFW committee is asking a federal bonus of \$500 per veteran.

Of Michigan's land area of 30,000,000 acres, only 1/2 is classed as forest land. Dr. Dillman of the Mich. College of Mines thinks the state should derive much more revenue from its forests and especially wood waste.

France and Italy have both gone Communist which should be no great occasion for alarm here. Both countries have been the victims of a mixture for years and Communism was the only thing which promised immediate relief. Communism cannot thrive in a progressive country where there is a large class of independent and consequently it will never take root here, despite the assertions of the Moscow press and others who can see a Communist order any day.

ONCE IT WAS CONSIDERED "HIGHFALUTIN" TO OWN MANY THINGS WE NOW CONSIDER NECESSITIES... THROUGH AMERICAN ENTERPRISE, OUR OWN THRIFT AND FORESIGHT, THE STANDARD OF LIVING HAS BEEN RAISED - UNTIL NOW, EVERYBODY IS "HIGHFALUTIN" BY YESTERDAY'S STANDARDS.

AS MORE GOODS ARE MANUFACTURED, GREATER SERVICES PROVIDED, OUR STANDARD OF LIVING WILL CONTINUE TO RISE... PUTTING MONEY ASIDE IN U.S. SAVINGS BONDS, LIFE INSURANCE AND SAVINGS ACCOUNTS, WE FURNISH THE WHEELS THAT TURN THE WHEELS OF INDUSTRY AND GIVE ORIGINATE THE MEANS FOR BETTER LIVING.

Deer Hunters Back

More deer hunters came back last week. Among them were Betty V. Stieglitz, Gene McElroy, Gale Hendon, Russell Buckner, Roy Reason, and Howard Read, who were all successful in bagging their deer. Howard hunted in Canada, where does may be shot and there is no limit on the number killed. John Carpenter hunted near Beaverton, Doni Spears and Paul Ayotte in the upper peninsula, Paul Singer and Abe Haines at Hale, Clyde and Bud Darrow at Newberry, Kevin Ledwidge and Willard Widmeyer also went but did not have any luck.

The Miller, Swarthout, and Haines gang arrived back with nine deer last Thursday.

Charles Clark, Sr., son, Charles, and Don Burns went up over the weekend and also William Darrow, Jr.

Jim Meyers, L. D. Haines and Cork Darrow came back without a deer. They had some exciting experiences. Were lost in the woods for several hours. It seems they were to follow a creek but followed it in the wrong direction. They finally ran into Edsel Meyer who was hunting and were saved. We hear L. D. got chased by a bear but cannot vouch for this.

Many of the hunters are still up north and more expect to go up over the week-end.

Mrs. Augusta

Many friends, relatives and neighbors gathered at St. Mary's church Thursday morning to pay final tribute to the memory of Mrs. Augusta Kelly who died in St. Joseph's Hospital, Ann Arbor, November 18th. The funeral services were most impressive. Solemn Requiem Mass was chanted by Rev. Fr. Murphy who was assisted by Rev. Monsig. Hardy of St. Mary's, Jackson as deacon, Rev. Morgan Harris, St. Matthews, Detroit, as sub-deacon and Rev. Hayes, Marion Hill Mission, Brighton, as master of ceremonies. The acolytes were Gerald and Joseph Clark with Thomas Clark, thurifer. The Gregorian Requiem Mass was sung by the choir, consisting of Rev. Hoffman, Marian Hill Mission, Rev. Chas. Smith, St. Paul's, Owosso, and Rev. Wade, St. Joseph's, Howell. The concluding hymn was sung by Mrs. Earl Baughn, accompanied by Miss Nellie Gardner. The sermon was preached by Rev. Hardy. Casket bearers were Lee Lavey, William Cooper, Roy Campbell, Lucius Doyle, Dan Driver and Ben White. Interment took place in St. Mary's cemetery.

Augusta Wiese Kelly was born August 3, 1868 at Kappa, Germany and was the eldest of 9 children. At the age of 15, accompanied by an aunt and uncle she came to Ann Arbor. 10 years later her family came to America and settled in the west. Mrs. Kelly worked in Ann Arbor, Whitmore Lake and finally Pinckney where in April, 1900 she was united in marriage to Robert Kelly. To this union were born 4 children, all of whom survive except a son, Maurice who died in an auto accident February 1934. Her husband died October 2, 1944. The survivors include two sons, Gorman and David and a daughter, Henrietta, and 2 grandchildren, all of Pinckney, 2 brother, Albert, of Perham, Minn., and 8 sisters, Mrs. Ida Rochwite, St. Louis, Mo., Mrs. Matilda Wiese, Perham, Minn. and Mrs. Amelia Shonberger of Casselton, N. D.

Mrs. Kelly spent her entire married life at the farm home near Pinckney except for the past winter when she resided with her daughter in Ann Arbor. During the spring and summer Ann Arbor and Pinckney, the winter she divided her time between living owned by the Kelly family since 1887.

Her death brought to a close a full life of devotion to God, duty and family, kindness to neighbors and those prime qualities of useful industry, sterling honesty and real Christian charity. May her soul rest in peace.

The Sun Wright school home plan of through here Tuesday on its way to the Sun Township farm on the Parker road.

Mrs. Fred Williams of Howell spent Friday with Mrs. Grace Williams.

Current Comment

The past week the papers have been filled with John L. Lewis and more considerable name-calling and a general disposition to disregard facts and settle the coal strike by bluff or sheer power. There was even a threat to call the troops out, which was probably an idle one as "you can't mine coal with bayonets" (this is not our own quotation). The facts of the matter are that the coal miners of whom John L. Lewis is head had a contract which was allowed to expire by the mine owners. This was an emergency contract signed a year or so ago to avert another such strike. What we cannot understand was why this contract was allowed to expire when it was plainly evident that some such results as have taken place were bound to follow. People here cannot see the side of the coal miners. All they can see is their empty coal bin and know there is nothing to refill it with. The late Reverend Earl Berquist had a pastorate in Pennsylvania for some years in the coal mining district and told us that the coal miners were the most underprivileged class in America and living conditions among them were deplorable. They follow John L. Lewis, because he is the only person who has tried to better their conditions. There is entirely too much of a selfish attitude on the part of both mine owners and miners. Both want to gyp the other and so far they have gotten nowhere. We predict that in time to prevent a paralysis of industry a stop-gap settlement to last a year or so will be arrived at and next year we shall undergo the same stalemate as now exists. For the past forty years there has been a general coal strike or the threat of one nearly every year. No attempt has ever been made to work out a permanent solution.

So far the death toll among the deer hunters is twenty-one but it will probably be higher. Only nine of these died of gunshot wounds which would not make the death rate excessive as over 800,000 hunters were in the deer country. The rest died of heart attacks and in auto accidents. The death toll last year was twenty-seven. For men the trip to the north woods to hunt deer is the big event of the year and the only vacation they take during the year. They spend the balance of the year planning and saving for it and it is their big moment. Whether they bring back a deer or not is immaterial. We have known persons who went seven years in succession and came back empty handed. Charles Burden of Gregory who recently died had, we believe, been north fifty years in succession.

The Reverend William Hainsworth of Dexter has taken the Bible literally and in special one text, Matthew X Chapter, 27th verse: "What ye hear in the ear that ye preach upon the housetops" and will proceed to do so. His first sermon was preached last Sunday afternoon from the top of the Dexter Coffee shop, and he will continue this from roof tops all over the nation. He says the people are in a Rip Van Winkle attitude and think of religion as a slot machine where for an amount of loose change they "some day expect to hit the jackpot—Heaven—for a few nickels. His sermons will be broadcast via a loud speaker. He has no way to finance his enterprise to bring religion to the people but friends have opened a savings account for him at the Dexter Bank, where contributions will be received. Reverend Hainsworth's idea is not original. Many have considered similar action. In our youth we remember a Methodist minister in Dexter who held Sunday evening services in the village park. A few years ago a Pinckney minister held them on the square here. Often they are held on Belle Isle, Detroit. The thought of many is to get religion to the people who need it. Mahatma Ghandi of the Detroit Free Press once told Bishop Page of the Episcopal church, "Your system is all wrong, the people you preach to are Christians, practice Christianity and are practically assured of Heaven. You should go down into the open-air, preaching Jesus, and healthful where you will find the sinners who are in urgent need of religion." He claims Bishop Page recently agreed with him but did not see how it could be worked out. The Lutheran Synod once preached over loud speakers but got into difficulty as they commenced preaching in front of churches & disturbed the services.

Glowing Warmth

WHERE YOU WANT IT—WHEN YOU WANT IT

Chilly corners can be warm as toast these cold fall mornings. A modern electric heater gives you instant warmth from your nearest outlet. Easy to carry, easy to operate. There is no cleaner more convenient type of heat. These new, low-priced heaters are ideal for warming baby's bath area, your dressing room, bathroom, or grandmother's favorite corner.

And It Costs Only A Few Pennies An Hour . . .

But unlimited use can cause high electric bills. For example, a thousand watt heater at residence rates costs only 17½¢ a week when used one hour daily for seven days. This same unit, however, when used 8 hours a day costs \$1.40 a week and will add \$10.20 to your two months' bill. Consult a reputable electric dealer who can recommend a heater of sufficient wattage to fit your particular needs. He can also tell you just how much it will cost to operate.

Lester Green, gardener, has found a way to fool cutworms. Before he sets out tomato plants he puts about fifty iron spikes with tomato juice and oil on the ground. After chomping on the spikes for a week the cutworm's appetite is so bad it can't eat off a plant. Tom Lester sets out his tomatoes and the plants all live so he saves money to buy extra War Bonds. To the Village of Pinckney... An Open Letter

To the Village of Pinckney: Attention:

Mr. Lee Lavey, Mayor
Mrs. Claire Palmer, Trustee
Mr. Cass Clinton, Trustee
Mr. Roy Clark, Trustee
Mr. Murray Kennedy, Trustee
Mr. J. Griffiths, Trustee
Mr. N. Thayer, Trustee

I hereby give the following statements, without fear or favor for your consideration.

At the time of my appointment as Street Commissioner, it was understood by all parties concerned that I was to get a fee of \$1.50 per hour for my service as and when rendered. I have not billed the Village for any time spent by myself nor have I collected for any of my time.

My estimate of 54 cents per cubic foot for installing the sidewalks did not include my time for supervision of taking up the old walks, and the equipment I used to do the work.

The Village did not even have a shovel, pick, sledge, saw, wrecking-bar, etc., and I furnished them; also the oil for lanterns. It is customary for any public works to furnish the necessary equipment for processing the work involved.

The estimate of 54 cents per cubic foot would and does look silly without the additional overhead.

It also looks silly when you compare the unit costs of \$1.50 per cubic yard for gravel, and the 77 cents per bag of cement for 1 cubic foot.

Divide 27 cubic feet (or 1 cubic yard) into \$150 per cubic yard and you have 55 cents per cubic foot for gravel and 77 cents per cubic foot for one bag of cement, and you have \$1.32 per cubic foot; multiply that sum by 27 cubic foot or 1 cubic yard and the total cost of one cubic yard of material would be \$35.64.

For a 1-2-5 mix that we used it would require 1.16 barrels of Portland cement for one cubic yard of concrete; at 77 cents, the cost per barrel is \$3.39. One barrel of cement contains 4.4 cubic feet of loose cement. At the time I estimated the sidewalks I paid 70 cents per bag without the tax. I was informed the Village did not have to pay the sales tax. One month later Read Sons raised the price to 77 cents per bag, tax included, which I am informed was wrong as I agreed to pay the 77 cents for my own private contracts and 70 cents without tax for all Village work.

When the cement situation became acute, I had to pay 77 cents and like it. Read Sons agreed to furnish the cement for 70 cents, tax free, but failed to do so. I contacted the State Highway Department and they promised to ship carload lots to me for Village use ONLY at carload prices, but failed to do so, on account of the great demand for cement for highways.

You people can readily see the mounting costs of the materials and you were informed of the same, and you reluctantly accepted them. Now through the Press I am informed that you will not pay the additional cost. I ask you in all fairness, and from a business standpoint, WHY your body did not notify me personally, by word of mouth or mail the reason for not wanting to pay the additional cost, and WHY I was given the PRESS NOTICE, and again a formal, not a minute, report of the council's proceedings, and WHY it was done in such a ship-shod manner when I was out of the Village on business?

I certainly think the dignity of your respective office's would qualify you to do so, and state the reasons for my dismissal publicly or by mail so that I could defend myself.

I therefore demand that your honorable body take immediate action by special meeting or otherwise and bring about a settlement. I also demand that a committee be appointed by your body and check the amount of walk laid and check it against your records of payments made to me, so that I can vindicate myself not only to my family, but the people of the Village of Pinckney, and the public in general.

I further demand that your findings or the committee's findings be published in the Pinckney Dispatch the local paper.

I expect an early reply on this matter so disinterested parties may also check the walks, and that their findings may also be published. My books are available to you or your committee, and so are my records open for the public and taxpayers of the Village of Pinckney.

In order to avoid litigation I hope my demands are met at once in order to bring this matter to a conclusion.

Respectfully yours,
CLAUDE F. KIRSCHKE,

LEGAL NOTICE OF APPLICATION

BY THE MICHIGAN BELL TELEPHONE COMPANY TO THE MICHIGAN PUBLIC SERVICE COMMISSION

FOR AUTHORITY TO TRANSFER CERTAIN TERRITORY FROM ITS PINCKNEY EXCHANGE TO ITS BRIGHTON EXCHANGE

In accordance with Public Acts No. 203 of 1913, No. 419 of 1919, and No. 3 of 1939, notice is hereby given that an application will be presented by the Michigan Bell Telephone Company to the Michigan Public Service Commission in the City of Lansing on the Thirteenth day of December, 1946, for authority to transfer certain territory from its Pinckney exchange to its Brighton exchange and to make effective within the territory proposed to be transferred the rates, rentals, tolls, charges, rules and regulations now applicable within the Brighton exchange.

The said application also will request the Commission to fix a date for a hearing of the matter.

The territory proposed to be transferred from the Pinckney exchange to the Brighton exchange comprises all of Sections 21, 22, 26, 2 and 28 and portions of Sections 9, 16, 23, and 33 of Hamburg Township Livingston County, Michigan, and is enclosed by the following boundary line:

Starting at the northeast corner of Section 9, Hamburg Township, Livingston County; south along the east line of Sections 9 and 16 to the southeast corner of Section 16; east along the north line of Section 22 to Chilson Road; southeast to a point where the east-west center line of Section 23 intersects the Huron River; east on the east-west center line of Section 23 to the east line of Section 23; south along the east lines of Sections 23 and 26 to the southeast corner of Section 26; west along the south lines of Sections 26 and 27 to the southwest corner of Section 27; south along the east line of Section 33 one-half mile to the center of the east line of Section 33; west on the east-west center line of Section 33 to the center of the west line of Section 33; north along the west lines of Sections 33, 28 and 21 to the northwest corner of Section 21; east along the north line of Section 21 to the Ann Arbor Railroad; northerly along the Ann Arbor Railroad through Sections 16 and 9 to the north line of Section 9; east along the north line of Section 9 to the starting point.

EXCHANGE RATES

Within the above described territory Pinckney exchange rates are now applicable. Following the proposed transfer of the territory Brighton exchange rates would be applicable. A comparison of the Pinckney and Brighton exchange rate schedules is shown below.

Class of Service	Monthly Exchange Rates		Effect of Change from Pinckney to Brighton	
	Pinckney	Brighton	Increase	Decrease
*Business, 1 Party	\$2.00	\$2.00	—	—
*Residence, 1 Party	1.50	1.50	—	—
*Residence, 4 Party	1.25	1.25	—	—
*Private Branch Exchange trunk line	2.40	2.40	—	—
Daily guarantee on local mess only 7c	Daily guarantee on local mess 2c	Daily guarantee on local mess 2c	—	—
Rural, within 3 miles of Base Rate Area Boundary:				
Business or Residence	1.50	1.50	—	—
Rural, more than 3 miles from Base Rate Area Boundary:				
Business or Residence	1.50	1.75	\$.25	—
Extension Stations:				
Business	.60	1.00	.40	—
Residence	.50	.50	—	—
Extension Bells:	.30	.25	—	\$.05

* Exchange line mileage charges apply in addition for service outside the base rate areas.

The territory proposed to be transferred from the Pinckney exchange to the Brighton exchange is more than three miles from the Brighton base rate area boundary. As is indicated above each subscriber to rural line service in the said territory located more than three miles from the Brighton base rate area would have his monthly rate increased 25 cents. Customers in the said territory having business extension stations would have their monthly charges increased an additional 40 cents in each case while those having extension bells would have their rate for that equipment decreased 5 cents per month in each case.

Mileage charges applicable for one and four-party line urban services in the territory proposed to be transferred would be either higher or lower following the transfer, depending upon the customer's location within the area in question. There are no such services now furnished in the area.

TOLL RATES

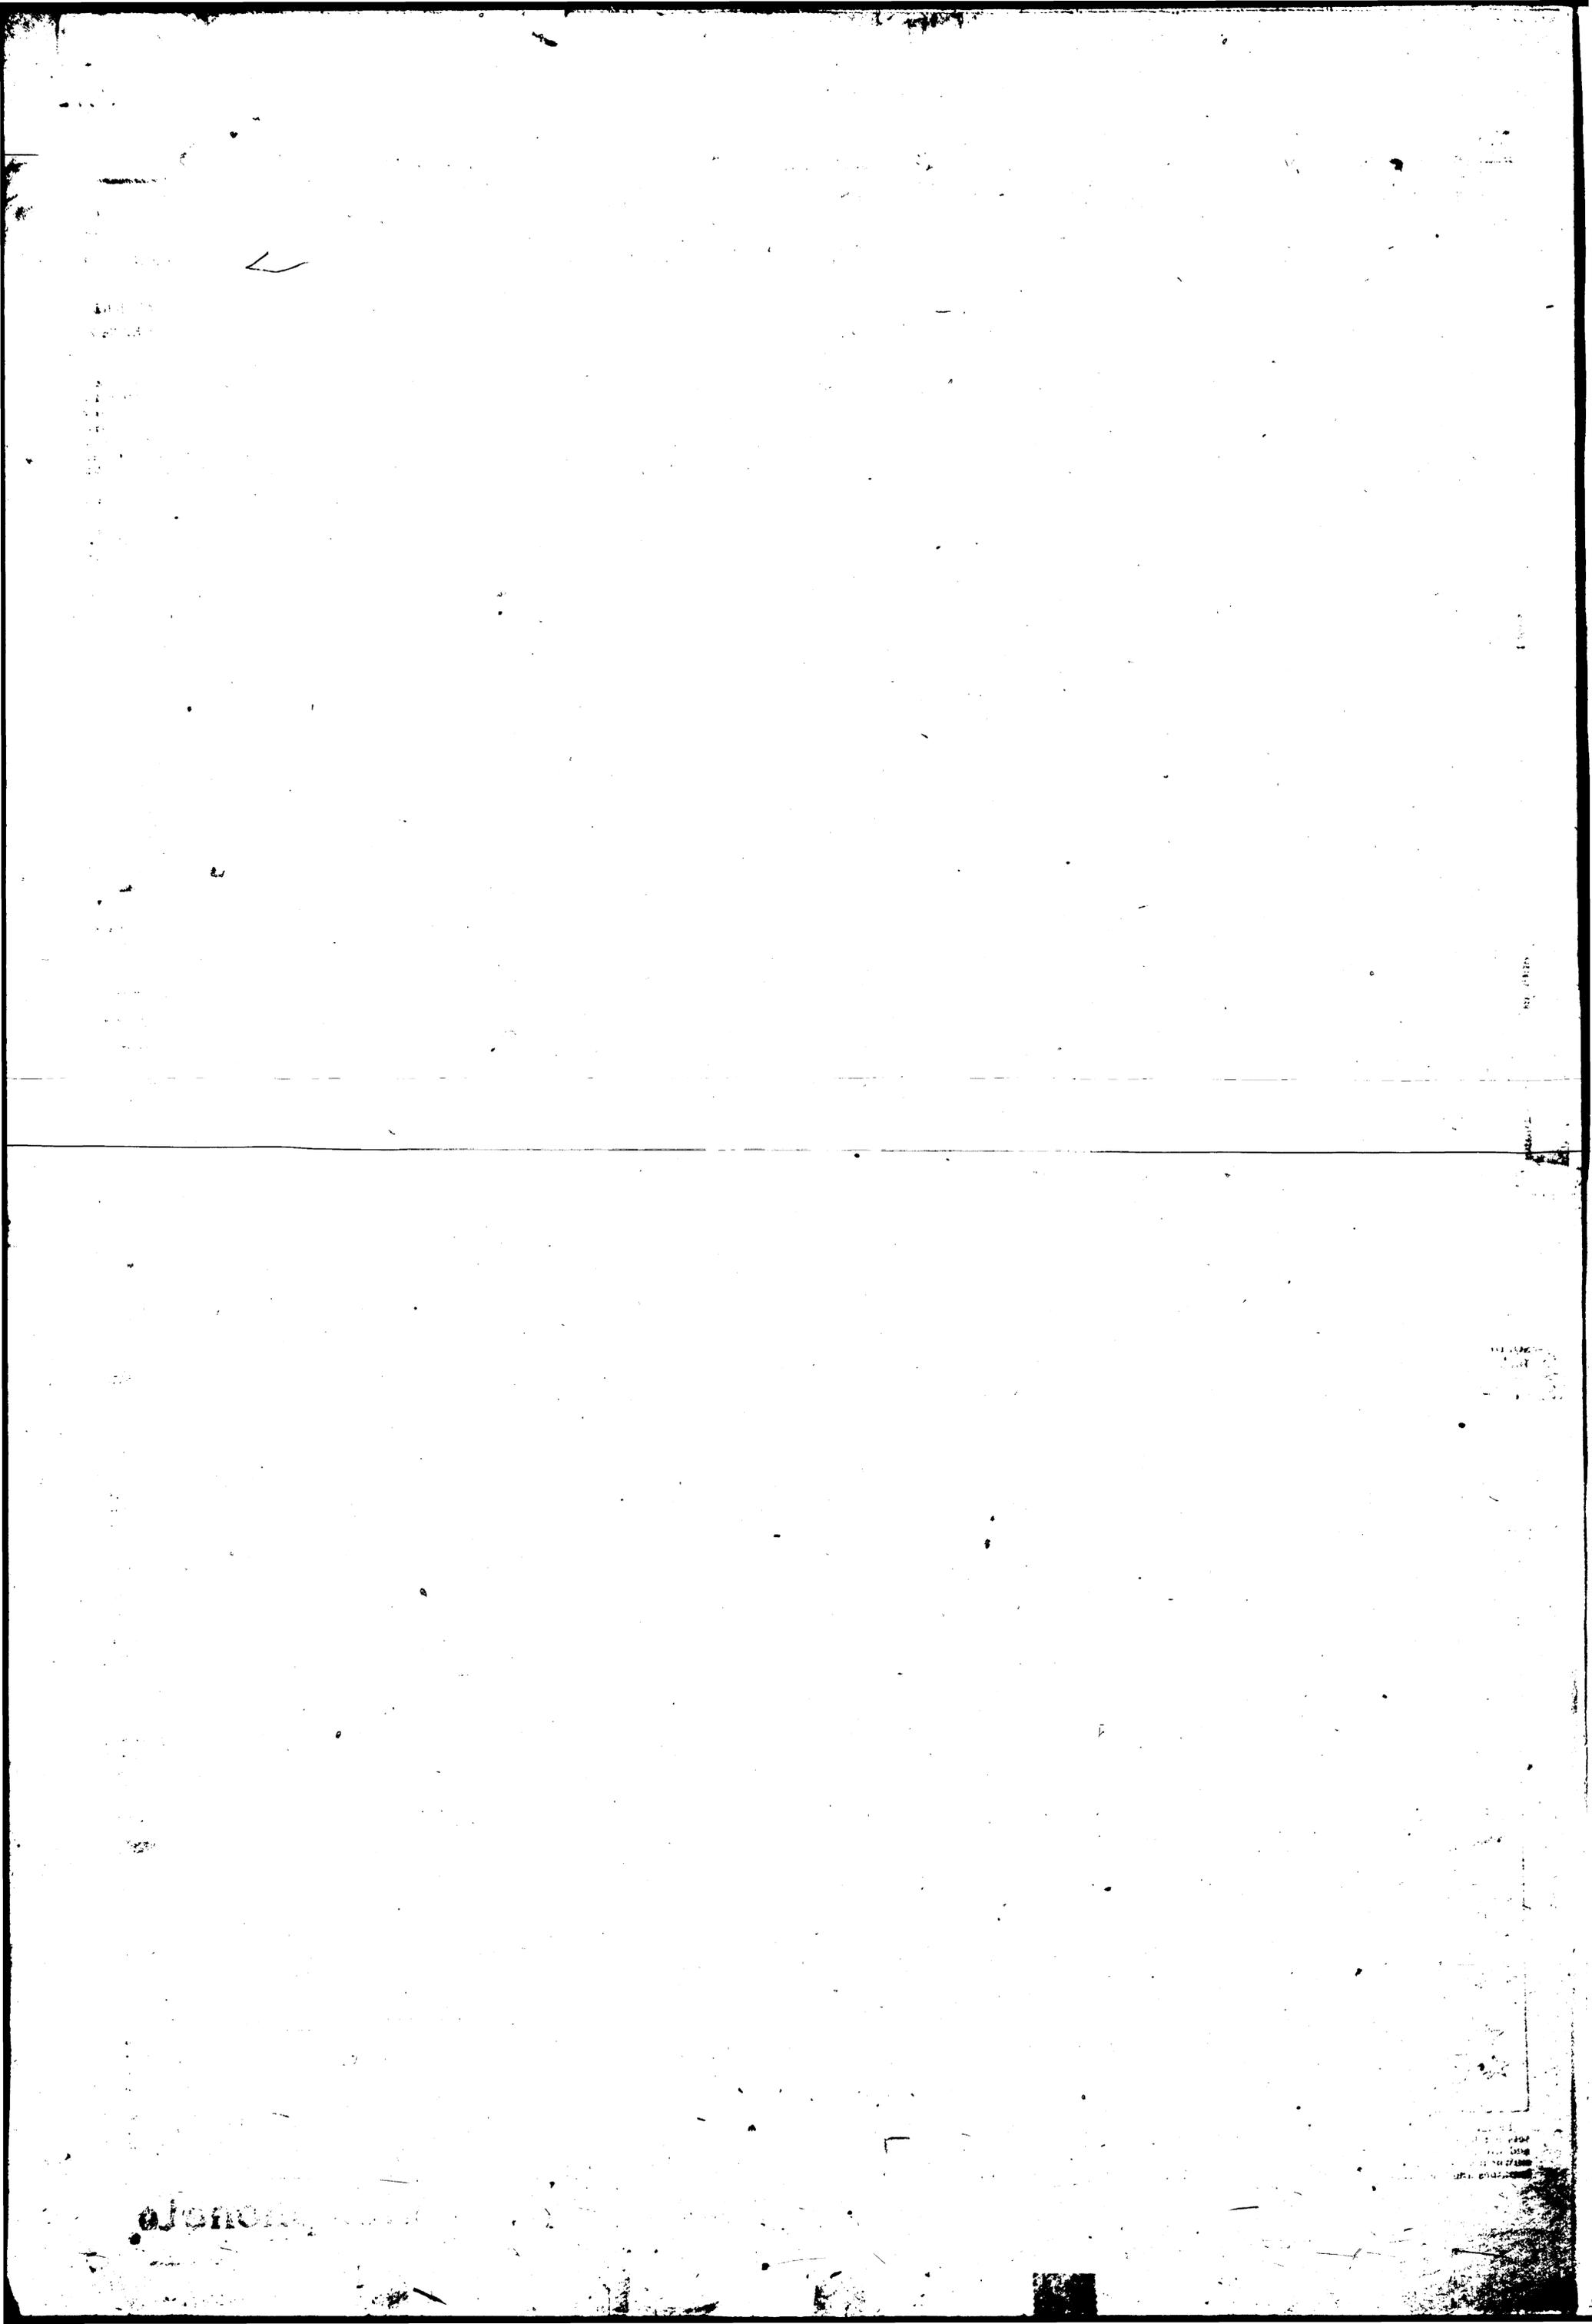

The established rates for messages between telephone exchanges with rate centers located twelve (12) miles or less, airline, from each other (the airline distance between Pinckney and Brighton is approximately 10 miles) are shown below, being in accordance with Orders of the Michigan Public Service Commission as set forth in the Michigan Bell Telephone Company's Tariff M. P. S. C. No. 3 heretofore approved and now on file with the Commission:

STATION TO STATION MESSAGES Day, Night and Sunday		PERSON TO PERSON MESSAGES Day, Night and Sunday	
PAID	COLLECT	PAID and COLLECT	
First	Each Add'l	First	Each Add'l
5 Min.	3 Min.	3 Min.	1 Min.
10c	5c	20c	5c

Following the proposed transfer of territory, toll charges now applicable for messages between the Pinckney exchange and the Brighton exchange would be eliminated for messages between the area proposed to be transferred and Brighton, but would be applicable for messages between that area and Pinckney.

Toll rates for calls from the Brighton exchange to other points as compared with rates for calls from the Pinckney exchange to other points would be slightly lower or slightly higher depending upon the location of the point called.

BANKING FOR FARMERS
 Michigan banks have just received the National 1000 point Award for their service to agriculture for the third successive year. The award is made for regular and extra services rendered to farmers.

Our bank has tried to do its part in earning this citation. We will continue to broaden our services to the farmers of Livingston County, for in large measure the successful operation of the farms means success for the other enterprises of the county.

SAVE YOUR WASTE FATS

Overcome Soap Shortage

There is world wide shortage of all Animal Fats and Vegetable Oils. Last year Soap Makers only got one fifth of what they used in 1941. This also affects paints, textiles, leather goods, floor coverings etc. Without the help of the American Housewives there would have been little soap last year. One out of every nine cakes of soap made last year was made from waste fats saved in American kitchens.

So don't blame your grocer if he has no soap but save every ounce of fat you can and sell it to your butcher.

The Circuit Court for the County of Livingston in Chancery.
 In the Matter of the Petition of Mary Brayton, Trustee, for Order to Sell Lands.

ORDER FOR HEARING
 At a session of said Court held at the Court House in the City of Howell, Michigan, on the 17 day of September, 1946.
 Present: Hon. Joseph H. Collins, Circuit Judge.

Mary Brayton, Trustee, having filed in this cause, a petition setting forth that Martin Holtforth, her father died on the 20th day of March, 1939, leaving a last Will and testament, by the terms of which petitioner was devised certain lands for life. And that by the order of this Court such lands were sold and a portion of the proceeds were re-invested in certain lands and premises situated and being in the City of Howell, Livingston County, Michigan, and described as follows to-wit:
 Addition to the Village (now City) lots number 47 and 48 of Jewett Addition to the Village (now City) Howell, Michigan, according to the recorded Plat thereof.
 And it further appearing that in

STATE OF MICHIGAN

and petition the said Mary Brayton as Trustee prays for an order authorizing and directing her to sell the above described premises under the direction of this Court and that the proceeds from such sale stand in lieu of the above described premises, subject to the further order of this Court as to the reinvestment thereof.

On the motion of Glenn C. Yelland, Attorney for such Trustee and petitioner it is Further Ordered, a hearing on said petition be held at the Circuit Court Room in the Court House in the City of Howell, Michigan, on the 9th day of December, 1946 at the opening of Court on that day or as soon thereafter as counsel can be heard; and that all persons interested in the above described lands and premises be and appear before this Court on that day, time and place, to show cause if any exist, why the prayer of said petition should not be granted.

And it is further Ordered, that a copy of this petition be served on all persons interested in the above described lands and premises, at least ten days before the return herein set forth, of any of said parties are found in the state of Michigan.

And it is further Ordered, that this order or a true copy thereof be published for three successive weeks (once each week) in the Pinckney Dispatch, a newspaper printed, published and circulating in said County of Livingston, Michigan.
