## Communication

**Mr. Claude Kirschke**  
Due to the great amount of respect I have for your fine family I regret very much having to answer your letter published in last week's paper. Personally I would rather face a man and tell him what I have to say than take up space. You should be aware of the fact our council meetings are open and you should state your grievances there and iron them out.

Your letter is amazing and tho it utters much is not convincing and contains several discrepancies. Your demand that a committee be appointed to check the amount of walk laid as against our record does sound like a great idea & noble gesture. However you and the public must be made aware that it is unnecessary and in poor taste for the following reasons:

1. We have in our possession bills and statements made out by your office.
2. These statements give all data, pertaining to cost of walks laid including your cubic footage.
3. All your payroll and bills presented by you pertaining to walks and their measurements were accepted by the council.
4. Our records show that week by week such bills were honored and orders drawn for same and paid.
5. Furthermore, some of your statements presented to us bearing on the 54c per foot agreement show that your equipment was included, and so intended.

Now Mr. Kirschke since we accepted your measurements and honored your claims, week by week there is no further argument on this point. I think your remarks on Thos. Read Sons were neither prudent nor fair. I find on investigation they never raised the price of the cement above the 70c agreed upon. But beginning July 10th they did add the sales tax because they were convinced that cement delivered to your home and Base Lake was being used for other than village purposes. You paid 70c per sack for cement, tax free from May 23 to July 10. From then on you paid 70c plus a 3% sales tax. These figures do not in any way compare with your claim of 77c per sack. You should clear up this matter with Thos. Read Sons.

And now while on the subject of figures and costs you should make clear how you arrived at \$36.54 as the cost of one cubic yard of material to be used in making concrete.

Another matter not made clear in your letter was the cost of labor on the walks. The public should be informed that labor cost was absorbed by the village and not by you. The village met a labor payroll of over \$2000 and more was added for gravel, trucking, etc.

Your most astounding assertion is "I have not billed the village for any time spent by myself nor have I collected for any." On 5 separate occasions you presented us bills for services rendered totalling \$119.50 and a bill for miscellaneous labor: cement mixer and man to cover to the amount of \$51.75, all of which was paid you as commissioner.

After discontinuing the sidewalks we were presented a bill by you amounting to \$200, claiming you had to pay 25c more per yard for gravel. This is your business and as we paid you week to week you should have been aware of the increase in the cost of gravel.

After your dismissal as street commissioner you presented an additional bill for \$335.66. This was no doubt intended to frighten us and bring us to our feet. Why did you not send a copy of this to the press. There is only one answer. It would have made you appear ridiculous. We are having this bill printed as the public is entitled to enjoy it. You ask the reason for your dismissal. No better reason could be given than the letter you published last week. Your printed words speak loudly and clearly enough.

This letter expresses my own views and findings and does not speak for the council.

I am Lavey president, Pinckney village

## Michigan Mirror State News

News and Happenings of the State Tereley-Told from Lansing

How to maintain public service in spite of today's post-war inflation is the top question for Michigan's legislature.

At a good-will dinner in Detroit, Gov. Elmer A. Sigafoos said it was up to the legislators to lead Michigan out of the wilderness created by the adoption of the sales tax diversion, soldier's bonus etc.

Regardless of what they do the people are dissatisfied with inflation, its high prices, scarcities and strikes, and this had much to do with the result of the November election.

It is doubtful if the sales tax diversion would have carried without inflation. High prices boosted the sales tax surplus from 5 million to 21 million in a year's time. Other cash balances raised the surplus to \$125 million. So the voters decided these idle millions should be returned to local governments.

Inflation caused higher prices which caused higher taxes and built the surplus to fantastic heights.

Now operating costs, food, supplies and labor at state institutions grew to \$212 million for the coming year and as only \$144 million is available leaving a deficit of \$68 million.

James D. Mooney, pres. of Willys Overland, says prices are too high because costs are too high and production too low.

Irving Fisher says we are living in a fool's paradise due to sale of too many government bonds to banks which total \$110 billions. The banks demand deposits last week were more than \$39 billions.

James Truslow Adams, historian says the next crash will make 1929 look like a picnic. After every war the loss of capitol goods has to be made good and it can only be done the hard way. The last world war destroyed more capitol goods than before in history.

Randall Penhale, director of the school savings plan, has a remedy, "Thrifty". His advice is "Save All You Can."

## MASONS ELECT OFFICERS

## Several Deaths

### MRS. MABLE BROGAN

Mrs. Mable Brogan, 49, died as the result of an automobile accident, three miles east of Brighton Thursday morning. Arthur Berry, 27, of Detroit, who was driving the car when it crashed near the state police station, suffered a broken knee. Mrs. Brogan died at the Mellus Hospital, where she was taken after the accident. She was Mable Myers of Hubbardston and was the wife of Christopher Brogan who died in 1943. For some time she distributed the Detroit Times in this county, but recently had been employed at the Graham Hotel, Brighton. Surviving are five children, Richard in the army, and Mrs. Harold Smith, Noreen, Joan and Alice, all of Chilson; her parents, two brothers and two sisters.

The funeral was held from Saint Patrick's Church, Brighton, Monday. The Reverend Father Kissane officiating, assisted by The Reverend Thomas and Bernard Beahan. Burial was in Saint Mary's Cemetery, Pinckney.

### MRS. MARY MAY GIRARD

Mrs. Mary May Girard, 86, died at the home of her sons, Walter and Cyril, in Lakeland, Thursday. She was born in Manchester but lived in Toledo, Ohio, before coming to Lakeland. Surviving are four sons, Walter and Cyril of Lakeland, Arthur of Detroit, and Octavias of Pittsburgh, Pennsylvania, and one daughter, Mrs. Lottie Hutzel of Ann Arbor, and two sisters, Mrs. Barbara Tessmer of Lakeland and Mrs. Sophie Wright of Adrian. There are two grandchildren. The funeral was held at the Swarthout Funeral Home, Saturday. The Reverend J. M. McLucas officiating. Burial was in the Pinckney Cemetery.

### CHARLES H. REASON

Charles H. Reason, 45, son of the late Henry and Eula Harding Reason died at his home in Ludella town ship, Sunday after a long illness. He married Ila Witcox of Howell who survives with 2 sons, Charles and Henry and a daughter, Betty, all at home. Also a brother, Lawrence, of Lansing. The funeral was held at the Com. Allard officiating. Burial was in Cong'l. church this afternoon, Rev. Lakeview Cemetery, Howell.

### MRS. GLADYS NAY

Mrs. Gladys Nay, died at the home of her son, Robert Jacobs in Wayne last Tuesday. She leaves her husband, Ira Nay, her son and a daughter, Mrs. Maxine Beach. The deceased has resided at Highland Lake for several years and was a member of the Pinckney O. E. S. and Com. Cong'l. church. The funeral was at the Frazier Funeral Home, Detroit, Friday with burial in Brookside Cemetery, Tecumseh.

### ARON-WARD

The marriage of Helen Aron, the daughter of Mr. and Mrs. Eli Aron of Pinckney to Ernest Ward of Dexter took place November 22 at the Methodist church in Toledo, Ohio. Their attendants were Mr. and Mrs. Max Kenyon of Dexter. The newlyweds will live in Ann Arbor where both are employed.

### BIRTHDAY DECORATIONS

Charles Hewlett entertained Dick Barrow, Phillip McKinley, Scotty Barrett, Robert Lavey and Dick Singer at a birthday party Saturday night.

Richard Gallup was also present. Charles received many nice gifts. Games were played and motion pictures shown. At 10:30 refreshments were served with the usual birthday cake. The color scheme throughout was green and pink with Thanks giving decorations.

### VILLAGE TAX DEADLINE

The deadline has been reached for the payment of village taxes. However, an extension of ten days, has been granted by the village president at the end of that period, taxes will be returned.

## Circuit Court News

Judge Collins will only hold a one day court session Dec. 9. Only naturalization cases and motions will be heard as the judge has 3 weeks of jury cases to try in Shiawassee county. All cases here are put over to January.

Mr. and Mrs. J. H. Hooker and Miss Viola Pettys were Thanksgiving Day guests of C. W. Hooker and wife in Ann Arbor.

## Current Comment

Back in our distant youth we had a dog as most children did. He lived very well on table scraps and what he salvaged from other dogs about the neighborhood. This gave him a purpose in life. He was of the almost distinct race of pug dogs and we recall his pride when he successfully dragged home a beef skull one day as big as himself. Now all is changed. The present-day pup is raised on dog food filled with vitamins which apparently comes from horse meat, as that is the principal ingredient; 100 million dollars worth of dog food was sold last year and the old horses are getting pretty scarce; ten million dollars more was spent on the care of dogs and about every city or village now has a dog hospital. Yes, the dogs have gone aristocratic!

Strikes seem to be in the life blood of the nation and the 77 schools in St. Paul, Minnesota, have been closed by a strike of teachers who are picketing the school. There have been no disorders. Teachers' low salaries have long been a bone of contention and in the cities where the janitors and engineers are organized they draw more wages than the teachers. Teachers are dependent on the generosity of the legislatures and in many states are not overly given to this quality. This has caused many teachers to desert the profession and at the present time there is a teacher shortage which will endure for some years to come.

The papers are still calling John L. Lewis names but not a great deal of progress is being made. He has been haled before Judge Goldborough for contempt of court under a war-time measure whose constitutionality his attorneys are attacking. If found guilty of contempt he will probably appeal to a higher court and it will not be possible to get a decision until January from the supreme court. Jail him for contempt will only make a martyr of him. We believe the situation will settle itself in the decreased use of coal in the years to come. Many persons converted to oil or natural gas the past year and more would if they could have gotten the equipment to do so. If this present trend keeps up the demand for coal is bound to decrease.

Governor-elect Kim Sigler is making a clean sweep of the Kelly members of the last administration at Lansing. Senator Vanderwerp of the finance committee is the last to go, relinquishing his position to Senator Bishop of Alpena, a Sigler supporter. Vanderwerp was a strong Vern Brown supporter in the primaries. The last Republican convention swept most of the Kelly men off the slate and Sigler intends to complete the job before January 1st. He has had easy sailing so far as most of the people are dazzled by his glamor. When the legislature meets the going may be harder, as there are many Kelly-Brown men in the legislature and there is bound to be some resentment.

A company of national guard numbering 95 men will probably be organized in this county. It will be a cannon company and suitable quarters must be provided before the state furnishes equipment and uniforms. Years ago before the Civil war Pinckney had a national guard company or regiment. The commander was Colonel Nathaniel Allison, grandfather of Mark Allison of Chubb's Corners. We believe they met once a year, these occasions being called muster days. Their principal object was to protect the people against the Indians who were still numerous then. The Blackhawk Indian war was an occasion for extensive drilling as the Indians were reported heading this way. However, they were defeated before they crossed the Mississippi. Then the state declared war on Ohio, over the possession of Toledo and the militia were called out to march on foot to Toledo. Some of them got that far, many did not. The issue was settled by trading Toledo for the upper peninsula. Crises were few and muster days finally became famous for heavy drinking and gambling and were eventually allowed to lapse in most places. Up to Spanish war time the annual state militia encampment was held at Island Lake near Brighton and the county always swore in extra peace officers during these encampments.

Mr. and Mrs. Fred Walcott and daughter, Helen, of Port Gibson, Miss. called at the Winston Baughn home Saturday.

# WHAT THE BROWNOUT MEANS TO YOU

## Civilian Production Administration Prohibits Certain Uses of Electricity

As a means of conserving coal during the work stoppage at the na-  
tion's bituminous coal mines, the Civilian Production Administra-  
tion has issued an order, effective 6 P. M., Monday, November 25,  
which prohibits the use of electricity for the following purposes:

- (1) Refrigeration for air-conditioning except to the extent essential for industrial process or for health and safety.
- (2) Outdoor and indoor advertising and promotional lighting.
- (3) Outdoor display and flood lighting except to the extent necessary for the conduct of outdoor business or services.
- (4) Outdoor or indoor decorative and ornamental lighting.
- (5) Show window or show case lighting.
- (6) Marquee lighting in excess of 600 watts for each marquee.
- (7) White way street lighting in excess of the amount determined by local public authority to be necessary for public safety.
- (8) Outdoor or indoor sign lighting except for
  - (1) Directional or identification signs required for fire and police protection, traffic control, transportation terminals or hospitals, or directional or identification lighting for any similar essential public services;
  - (2) Directional or identification signs using not more than 60 watts per establishments, for doctors and for hotels and other public lodging establishments.
- (9) Outdoor entrance lighting, except the minimum essential for public health and safety and then not more than 60 watts per entrance.
- (10) Any form of general outdoor or indoor illumination in or about any commercial, industrial or other non-residential establishment in excess of 75 per cent of the illumination normally used.
- (11) In excess of 75 per cent of the normal passenger elevator or escalator service in any building having more than one passenger elevator or escalator.

The Company supplying you with electricity is required to bring this order to the attention of all its customers.

Because almost all of the electricity Detroit Edison makes comes from soft coal, we have been or-  
dered by the Civilian Production Administration and by the Michigan Public Service Commission to comply  
with all Federal, State and Local Ordinances restricting certain uses of electricity during this emergency.

In the event of persistent violation the Civilian Production Administration may direct Detroit Edi-  
son to discontinue service to any customer who is in violation.

WE WILL BE GLAD TO ADVISE WITH CUSTOMERS IN MEETING THESE REGULATIONS  
AND WE ASK ALL OUR CUSTOMERS TO HELP US IN MAKING THEM EFFECTIVE. FOR  
FURTHER INFORMATION CALL THE DETROIT EDISON COMPANY.

**VANISHING FOOTSTEPS**

People are taking fewer and fewer bills paying steps this year thanks to their convenient checking accounts. Why should anyone run around paying bills with cash, wasting time, risking loss and bothering with receipted bills, when a checking account does the job by mail more quickly, safely and with less effort? Cancelled checks are your receipts—evidence of payment that the courts recognize and you receive them in a neat package when you get your bank statement. How much does a checking account cost? Perhaps nothing, depending on the amount of your bank balance and how many checks you draw. But even if it does cost you something, you'll be getting full value for every penny of cost. Enjoy the modern convenience of a checking account.

## Housewives!!!

### SAVE YOUR WASTE FATS

### Overcome Soap Shortage

There is world wide shortage of all Animal Fats and Vegetable Oils, Last year Soap Makers only got one fifth of what they used in 1941. This also affects paints, textiles, leather goods, floor coverings etc' Without the help of the American Housewives there would have been little soap last year. One out of every nine cakes of soap made last year was made from waste fats saved in American kitchens. So don't blame your grocer if he has no soap but save every ounce of fat and sell it to your butcher.

### STATE OF MICHIGAN The Circuit Court for the County of Livingston in Canaanery

In the Matter of the Petition of Mary Brayton, Trustee, for Order to Sell Lands.

ORDER FOR HEARING  
At a session of said Court held at the Court House in the City of Howell, Michigan, on the 17 day of September, 1946.

Present: Hon. Joseph H. Collins, Circuit Judge.

Mary Brayton, Trustee, having filed in this cause, a petition setting forth that Martin Holtforth, her father died on the 20th day of March, 1938, leaving a last will and testament, by the terms of which petitioner was devised certain lands for life. And that by the order of this Court such lands were sold and a portion of the proceeds were invested in certain lands and premises, situated and being in the City of Howell, Livingston County, Michigan, and described as follows to-wit:

1. Addition to the Village (now City) lots number 47 and 48 of Jewett Addition to the Village (now City) of Howell, Michigan, according to the recorded Plat thereof.

And it further appearing that in said petition the said Mary Brayton as Trustee prays for an order authorizing and directing her to sell the above described premises under the direction of this Court and that the proceeds from such sale stand in lieu of the above described premises, subject to the further order of this Court as to the reinvestment thereof.

On the motion of Glenn C. Yelland, Attorney for such Trustee and petitioner it is Further Ordered, a hearing on said petition be held at the Circuit Court Room in the Court House in the City of Howell, Michigan, on the 9th day of December, 1946 at the opening of Court on that day or as soon thereafter as counsel can be heard; and that all persons interested in the above described lands and premises be and appear before this Court on that day, time and place, to show cause if any exist, why the prayer of said petition should not be granted.

And it is further Ordered, that a copy of this petition be served on all persons interested in the above described lands and premises, at least ten days before the return herein set forth, of any of said parties are found in the state of Michigan.

And it is further Ordered, that this order or a true copy thereof be published for three successive weeks (once each week) in the Pinckney Dispatch, a newspaper printed, published and circulating in said County of Livingston, Michigan.

### CURRENT COMMENT

The past campaign has been the deadliest we ever witnessed in Livingston county political history, with little or no interest manifested in it. The amendments to the constitution have caused twice as much argument and debate than the candidates. In the county the Democrats only nominated a single candidate and that was for sheriff. The Republican candidates had no opposition in the primaries. As a result there has been little campaigning. Neither candidate for governor visited the county and for the first time in sixteen years Congressman Blackney nor State Senator Hittle did not consider it necessary to visit Pinckney at all. As far as it was concerned they considered the county "in the bag" before the election, so why waste their time. The Democratic county organization is apparently a victim of dry rot and were dead as door-nails during the campaign. As a result, some Democrats tried to emulate Kim Sigler and get on the Republican ticket, but without success. The Democrats say what's the use, you could not get elected on the Democratic ticket in this county if you tried. We deny it. Irvin Kennedy is just retiring from the office of sheriff next January, where he served ten years and was elected on the Democratic ticket each time. If you put up good enough men you can elect them.

We notice that the board of county supervisors has requested more funds from the state for county roads. There is one stretch of road that we would like to see improved. That is the stretch from the Fred Teeple farm through Petyville to the Childs road at the Clayton Carpenter farm. It is subjected to great traffic and is usually in poor condition. This is a direct road to Brighton. The only alternative is to go by way of Hamburg and Ore Lake, which is some four miles farther. The people who live along this road should circulate a petition and get it ready to present to the board of supervisors. The other stretch of road we would like to see blacktopped is from Inverness Country Club, North Lake, to Chelsea. This is a bad stretch of road subjected to great traffic. Several attempts have been made to get it improved but it is in the far western corner of the county and the board has always been disposed to spend most of their funds around Ann Arbor and Ypsilanti. But this road really needs improvement.

The meat buyers' strike is apparently having the desired results as we noticed a general decline in meat prices in the advertisements of the super markets last week. Some of them were twenty-five per cent lower than the week before. In Washington, D. C., a slogan of "sixty-cent sirloin or bust" had the effect of forcing a drop in prices. Of course, the die-hards say this is the result of removing the OPA but we believe the flooding of the market with beef and pork and the general refusal of the public to pay the high prices is the direct cause. A Clinton, Iowa, cafe man tried out a unique experiment last week. He destroyed his price lists and instead put up a sign reading: "Pay Just What You Think the Meal is Worth." He states this plan worked out good and very few people tried to chisel on him, most paying about the usual prices.

It would seem that a more workable plan to replenish the blood banks at hospitals would have to be adopted than the present one of voluntary donations. At the present time if a patient receives a blood donation it is up to him or her to replace the blood. This requires continued agitation and campaign to induce blood donors to furnish blood. It would seem to be a comprehensive workable plan could be worked out whereby blood donors would be paid liberally for their blood thus inducing them to donate and do away with the constant campaign to round up voluntary blood donors. This voluntary system is not very well during the war and the war spirit was at fever heat. We doubt that it will work in the future.

The District of Columbia in high Washington, D. C., is located, held a meaningless election Tuesday. They voted upon whether they desired to vote or not. This area which has a population of 900,000, larger than any of eleven states—Delaware, Arizona, Idaho, Maine, Montana, Nevada, and New Hampshire, New Mexico, North and South Dakota and Rhode Island—has never had a vote. Verily here is a flagrant case of taxation without representation. Since 1874 these people have had no vote in the affairs being decided by these commissioners appointed by the President. The reason is the Constitution which provides for the operation of the District of Columbia does not give them a vote.

### NEIGHBORING NOTES

Bert Parks, 61, of Stockbridge, died at University of Michigan hospital. He leaves his wife and three brothers.

Livingston county received \$425,221.54 as its share of the state's third quarter collection of the auto weight tax.
