News and Happenings of the State Tereely Told from Lansing

How Michigan will finance its \$270 million veteran's bonus is still an unolved problem although the legislature is in its third month.

Approximately 620,000 men and women will receive cash payments from this fund in addition to the annual earnings of the \$50 million veterans trust fund.

A touchy question is whether veterans should be taxed to pay the bonus. Nothing was said about taxes last November but the money must come from somewhere.

The bonus matter is a part of the state financial problem with the sales tax diversion. Matters seem to be coming to a head in the diversion as the Michigan Education Association, Jackson, Detroit and other cities have filed suit against the state to get their share of the diversion funds.

Another law suit has been filed to test the constitutionality of the \$7.50 a day expense account the legislators voted themselves. Four atty. gens. prior to Atty Gen. Black ruled expense accounts illegal.

Two bills have been introduced to finance the bonus. Senate bill 94 would levy 1 percent net income tax. Senate bill No. 97 would remove the \$50,000 ceiling from the state corporation tax.

The first would levy on all persons and the second on big business.

Other suggested taxes are to add 1 cent to the 2 cent cigarette tax, 1 cent more to the 4 cent gasoline tax, 25 percent to the alcoholic beverage tax, 1 percent to the utilities gross income tax, raise the personal income tax from 50 to 60 percent.

Michigan has not done badly by its veterans. In addition to the \$50 million trust fund and \$270 million bonus 700,000 Mich. veterans are attending college. \$20 a week unemployment insurance is available and life insurance at a cheaper rate than the public gets.

By the way New York's soldier's bonus will cost \$400, million.

COMMUNICATION

Mr. Lee Lavey, Pinckney, Mich. Dear Mr. Lavey: I read in the Pinckney Dispatch that the township has purchased a new fire engine. I also note that you exceeded your appropriation, and undoubtedly will be able to use additional funds.

Mrs. Levin and I are very grateful to the Pinckney Fire Department for their quick response and excellent work on our farm last summer when we had a raging grass fire. I have no doubt that the work of the Pinckney fire dept. kept then the newly planted trees from destruction.

For this reason I am very happy to send you a check for \$25.00 to the fund, and hope that you will receive many more contributions for this worthy cause.

With kindest personal regards, I remain,

Yours very truly,
Samuel J. Levin

From where I sit... by Joe Marsh

A Definition of Our Town

Somewhere defined our town just the other day as "A place where the people talk about you behind your back, and come to wait on you when you're sick."

I've got to admit there's something to it. A lot of our folks are inclined to be pretty outspoken and quick to criticize... even about little things, like a woman's hat, or a man's preference for a glass of beer, or the color of Cy Starman's new hair.

But when someone in town does something that's different and better...

From whom I sit, criticism never did much harm to anybody, so long as folks don't let it guide their actions... so long as they respect our individual preferences, whether they apply to hats or beer. That's the way it is in our town, anyway, and I hope that it's the same in yours.

YOUR VERY FIRST NIGHT under your new electric comforter or blanket will convince you how easy wintertime sleeping can be. No more wrestling with mountains of old-fashioned covers or quilts—too warm one minute, too cold the next. Michigan's unpredictable weather need never disturb you now. Electric blankets and comforters are available

in soft pastel colors (the comforter has a quilted rayon satin cover with a non-slip faulle underside). Easily cleaned? Of course.

See them now at your favorite department store, at your electric appliances dealer or at your neighborhood Detroit Edison Office. For sleeping that's out of this world, an electric comforter or blanket is a wise investment in rest.

Housewives!!!

SAVE YOUR WASTE FATS

Overcome Soap Shortage

There is world wide shortage of all Animal Fats and Vegetable Oils. Last year Soap Makers only got one fifth of what they used in 1941. This also affects paints, textiles, leather goods, floor coverings etc. Without the help of the American Housewives there would have been little soap last year. One out of every nine cakes of soap made last year was made from waste fats saved in American kitchens.

Don't blame your grocer if he has no soap but save every ounce of fat you can and sell it to your butcher.
