News and Happenings of the State Tereely Told From Lansing

The state legislature arrives at the point in the road where it must choose between deficit financing and a balanced budget via new tax.

Deficit financing is spending money you do not have. It is going in debt.

National government at Washington resorted to deficit financing it possessed the power to create currency, to sell notes or bonds payable in the which are reserved to the federal government.

The state government cannot print money. It can levy taxes. If it spends money in excess of money collected from taxes, it goes into debt; just as any Michigan family would go into debt.

Deficit spending has one thing in its favor. It would prove the absurdity of the bland statement by Mayor Welsh: "I don't think you have a financial problem."

It would also remove the last remaining doubt in the mind of local governments and still have the vital services paid with money left in state funds.

The second choice of the state legislature is the path to financial sanity.

It would balance the budget. It would raise additional state revenues to pay for the \$270,000,000 veterans' bonus and the remaining state needs now estimated at \$66,000,000 for the coming year.

Governor Sigler suggests a two mill property tax out of the present 15 mill property tax, a soft drink tax, a higher beer tax, and other levies as needed.

He would have the legislature authorize municipalities to levy special taxes, subject to voters' referendum approval.

Cities thus would work out their own financial salvation. State levies, now earmarked for local governments, would be returned to the state including the 10 per cent alcoholic spirits tax, intangible property tax, racing revenue, severance tax and liquor license refund.

Politics suggest deficit financing until financial needs of the state are definitely known even to politicians such as Mayor Welsh.

Sanity would accept the situation as it exists, levy new taxes and balance the budget.

Handicapping the latter is the popular illusion of an evermounting surplus at Lansing and the economic fallacy that tax money received from Lansing is not our money; it is a contribution and a gift; hence get it you can while getting is good; if you don't get your share the State will spend it for something else.

This illusion of the "other fellow" has been breaking down responsibility in government. The prospective \$66,000,000 deficit at Lansing is a prime example.

**VOKAR CORP. SUSPENDS**  
The Vokar Corporation at Dexter closed last week and filed a petition in bankruptcy in federal court before Judge O'Brien. They lists assets of \$431,055 and liabilities of \$205,720. It has 250,000 shares of common stock with par value of \$1.00 and a book value of \$137,037 value last January 1. Its capital plus of \$125,757 has been exhausted by losses the past year. The corporation asks reorganization rather than a forced sale.

This factory was started at the beginning of World War II and made war material on a cost plus basis and prospered. At the end of the war they began to make cars, parts and did not do so well. A large number of Pinckney people work there some of them for the past 4 years.

## Conservation Notes

A waterfowl census is being taken by airplane along Saginaw Bay, Lake St. Clair and Lake Erie. The annual tour of deer yards to see how the deer wintered started Sunday.

One out of every 3 deer hunters got a deer in 1946. Only 1 out of 4 sent in game report cards.

Michigan was again first in the sale of fishing licenses last year with 904,587 with California second with 746,567.

**MASONIC DANCE SATURDAY, APRIL 26**  
There will be a dance at the Pinckney Masonic hall on Saturday, April 26, 1947 starting at 8:00 p. m. Dances part old, part new. The public is invited. admission 75 cent.

Committee  
Earl McCulloch and wife have returned from spending the winter in Spain.

## India Lecture

Miss Lela Desai of India who is studying for a doctors degree gave an interesting lecture before the Young Ladies Auxiliary and guests at the Cong'l church parlors Thursday night. She was in native costume and explained the caste system in India which she attributed to lack of education and newspapers and other means of spreading information. Education was obtained there under great difficulty. India has recognized her mistake in segregating the castes and as a first step to abolishing it has opened her temples to the untouchables. As regards India disunity she said it is the political leaders who have caused this, the people get along all right. She condemned the British plan of dividing India into two parts, one Hindoo and one Moslem. She asked the people to be more international minded, study India and her problems and get to know them better.

**HENRY WALLACE**  
Henry Wallace, former vice president who might not be president if it had not been for southern hostility is being called every name under the sun, even a traitor, for speaking against the Truman-Republican coalition plan to block Russia by aiding Greece and Turkey by money and munitions to fight her.

The capitalist press gives him a broadside every day yet strange to say at a motion picture theatre in Ann Arbor Sunday he received loud applause when his picture was shown on the screen.

Wallace's sin seems to be saying that aiding Greece and Turkey is sure to lead to war with Russia. He is not the only one in the United States who thinks so. The Greek aid program is but a stop gap and a drop in the bucket. No one thinks by this that Greece who is a 4th rate power and decadent for ages can be built up into a strong enough power to defeat Russia. The will American armies follow American money and munitions to the scene of conflict as they did in World War I and World War II? Is the stage being set for World War III?

**NOTICE**  
Next Monday Evening April 28th at 8 P. M. there will be a meeting at the home of P. H. Swarthout of all persons interested in the Pinckney Cemetery for the purpose of electing officers and the transacting of such other business as may come before the meeting. This is a very important meeting and a good attendance is desired.

**LUNCH ROOM ROBBED**  
Entrance was gained into Peggy's Lunch Monday night by breaking a glass in a front door and about \$13 taken from the cash register. The state police were called and they arrested a teen age boy who had been hanging around the lunch room. He later confessed and paid back the \$13. He then was taken to the Howell jail.

**CONVENTION CALL**  
The 21st annual convention of Livingston County Kings Daughters will be held at Gregory, Thursday, May 8, 1947. Make luncheon reservations on or before May 1 with Mrs. Charles Whitehead, Gregory or Mrs. Maurice Darrow, Pinckney.

**ELMER BULLIS**  
Elmer Bullis, 62, former Pinckney resident, died at the Lewis Well home in Fowlerville April 13. Surviving are a brother and 2 sisters, Sylvester and Mrs. James Livermore of Gregory and Mrs. Etta Hasznacahl of Pinckney. The funeral was at Pinckney Tuesday, Rev. Germaine of Fowlerville officiating.

**SOMETHING NEW IN COMIC TREATS**  
Don't miss it... DICK'S ADVENTURES IN DREAMLAND, the story of a boy, his country and his heroes. See history live again in the new beautiful drawn, education and highly entertaining color page, now every week in "Puck". Mr. and Mrs. Earl Baughn celebrated their 30th wedding anniversary by going out to dinner in Ann Arbor Friday night.

Herb Sneed of Howell is expected home this week. He made a business trip to California and came back by way of Texas to see his father.

Mr. and Mrs. Wm. Goddes of Chelsea and Max Schorbas of Dallas, Texas called at the L. J. Henry home Saturday.

## OUR DEMOCRACY—by Mat

### EAST MEETS WEST

"OUR RAILROADS TIE THE OCEANS TOGETHER. WE ARE HELPING TO MAKE OUR NATION STRONG." — GRET HARTY, ON THE COMPLETION OF AMERICA'S FIRST TRANSCONTINENTAL RAILROAD

WHEN THE TRACKS FROM THE EAST AND WEST MET AT PROMONTORY POINT, UTAH—THOUSANDS OF MILES OF TERRITORY WERE MADE ACCESSIBLE TO SETTLERS, PEOPLE COULD TRAVEL, GOODS COULD BE MOVED WITH GREATER SPEED THAN EVER BEFORE...  
THUS BEGAN THE ERA OF CONTINENT-WIDE PROGRESS AND GROWTH FOR OUR DEMOCRACY.

## Public Health

April 20-26 has been designated by President Truman as public Health Nursing Week. One of the purposes of this week is to increase understanding of the fact that much needless sickness and suffering can be prevented by having a public health nursing service; and that such a service is for everybody, regardless of size of income.

President Truman has said "The public health nurse is one of the strongest links in the chain of disease prevention and promotion of good health on the part of both children and adults." It has been said that no community can afford not to spend money for this type of health worker as public health nursing saves many thousands of dollars in tax funds by helping check the spread of a disease among a family and the community.

Nursing service is needed to translate into practice almost every phase of public health; child hygiene, tuberculosis control, industrial hygiene, maternity service, venereal disease, and even home and community sanitation problems are only a few of the services which if they are to function effectively must have the guidance of nurses. Pinckney has the services of a public health nurse for crippled children only. She is Dorothy Nelson with offices in the public school building in Howell. She is available for home calls at any time she can render service. It is the earnest wish of our schools and organized clubs to have such a service for all phases of public health. Michigan has this service in the form of a Health Department in every county except 12 and Livingston is one of these 12. Livingston County should give serious consideration to the establishment of this service.

## Notice!

Pinckney Kings Daughters will meet at the church parlors, Thursday, May 1, at 8:00 P. M. Guests welcome.

## CANCER DRIVE

Joseph V. Brady, District gov. of 153 District of Rotary says: "From my many years association with the Crippled Children's Society of Michigan and Livingston County I am very familiar with the need for Public Health Nursing especially in connection with handicapped people. The Livingston County Chapter of the Crippled Children's Society is proud of the contribution it has been able to make through its support of Public Health Nursing as it assists to the work with the handicapped in the county."

**FIFTH AND SIXTH GRADE**  
The 5th and 6th grades raked and cleaned most of the lawn Tuesday afternoon. We are sure that other rooms will assist in keeping it a scene pride. We are grateful to Mr. Bekking for seeding the lawn and hope the weather will permit its growth before school is over.

Thanks to Don Coyle and Ross Wilson for accepting the job coaching our boys in base ball this spring also to Cecelia Hurtibise for helping the girls.

The 6th grade boys won the first game from the 7th grade 8 to 3. However Don had to call the game on account of an argument.

We attended the district spelling bee in the gym Friday. We are proud of Joan Griffith who was runnerup. Marilyn Welt, Hollister school was first.

The Music Festival Friday night was enjoyed by all. The work of all who participated was beautifully done. Thanks to all who concurred on the decorations by the 5th, 6th, 7th and 8th grades. We wish to thank Mrs. Shirley and Mrs. Meabon for furnishing the beautiful geranium hedge.

Our 5th students this period are Douglas Liffreys, James Allard, Dorothy Lavey, Claire Campbell, Marilyn Clark, Barbara Van-Siambrook.

We had our pictures taken last week our last film having been lost in the mail.

The high school girls have organized a soft ball team and play Dexter Thursday.

## SPRING CONCERT

The concert given by the high school chorus last Friday night was very well attended, every number given had weeks of preparation time thus making it very successful.

The stage was decorated as a spring garden scene and the girls were all attired in pastel colored formal, making a beautiful setting for the concert. People were standing in the aisles as all seats were filled.

The music class are happy to know the public enjoys good music and thanks everyone who helped to make the concert a success.

## PINCKNEY LOSES OPENER

Pinckney high school which opened the season here Friday against Dexter, fielded a team containing only 3 of last years veterans and as a result took a 20 to 3 walloping from Dexter all veteran team. Pinckney only got 5 hits, 2 of being gathered by Bob Amburgey. Dexter got 12 hits and the two Pinckney pitchers were given poor support, Pinckney making 9 errors. Dexter only made 2. Batteries: Pinckney, Jerry Clark, Jim Meyer and Tom Clark; Dexter- Steptoe and Bessy. Pinckney had better luck Tuesday and beat Hartland here 19 to 8. Jim Meyer pitched for Pinckney.

## SOFT BALL MEETING

There will be a meeting at the Dispatch Office Friday night at 8 o'clock to organize a soft ball league.

## Current Comment

Somehow we think a happier solution of the Palestine difficulties could have been arrived at then the execution of the 4 Jewish boys in Palestine by the British last week. They were in effect political prisoners and were only fighting for what they believed to be their rights. The action of Great Britain can have but one effect to make them martyrs and strengthen the Jewish position. Great Britain has backed down on her commitment, the Balfour Declaration which would make Palestine the home land of the Jews. Disposed Jews stripped of their possessions in the Hitler Jewish purge and homeless have been heading for the Holy Land from all directions where their entrance was stopped by force by British soldiers. Some plan will have to be worked out for their relief. The present British plan is only a temporary stop-gap and provides no solution of the problem.

The Republican bill to curb labor and stop strikes passed the house by a big margin last week. We understand however the Republicans are not happy in their victory. They do not like the continual reference to it by the press as "The Anti-Labor Bill." This feeling is manifested most in congressmen from districts with large labor votes. The bill is not expected to have such smooth sledding in the senate and if it does pass President Truman is expected to veto it. If the bill does pass the enforcement like the prohibition law effort will be weak in certain sections and the law will fall in disrepute.

The Tripp liquor bill to take Michigan out of the liquor business, abolish the state liquor stores and turn it over to private persons passed the senate last week. We should like to know the inside story of this. Just why should the state which faces a huge deficit be so generous as to surrender the huge profits they get from this business to private persons. Senator Tripp, himself is a druggist and S. D. D. dealer and makes plenty from this business. The Detroit Free Press doubts that the liquor law enforcement will vary effective after the state surrenders all purchasing, warehouse and distribution control to persons interested in huge profits only.

Prices continue to climb while at the same time wages go down and quite a few factories are closing down. Many persons now think that abolishing office of price control was a sad mistake as it has caused inflation to run wild. The Republican claim that abolishing O.P.A. would cause a leveling off of prices restore conditions to normal has not materialized. So far congress seems to have adopted a modification of the old Hoover philosophy, that "Lowering the Cost of Living is Just Around the Corner".

We doubt that we ever saw a murder case so mishandled as the Lydia Thompson one. The Oakland county investigation was half hearted and inefficient and got nowhere. Circuit Judge George Murphy sitting as a grand jury investigating labor racket in Detroit struck the Thompson murder trail and three indictments in the case against Thompson, his present wife and a man with a police record who was said to have confessed the killing to a girl followed. However politics crept in. Murphy is a Democrat and the other political party, remembering fame of Judge Ferguson, Judge Lee Carr and Kim Sigler after they had conducted successful grand jury investigations, started throwing monkey wrenches in the machinery with the result that murder apparently will remain unsolved through this petty jealousy. Prosecutor McNally, a Republican of Wayne county, under pressure has agreed to prosecute the case but in a faint hearted way, stating he does not believe he has a case against the Thompsons.

## CONSTRUCTION STOPPED

Construction work has been stopped on the new \$1,000,000 maternity hospital at the University of Michigan on account of lack of funds. About \$1,00,000 has already been spent. Work may be resumed after the end of the fiscal year on June 30.

## BINGO GAMBLING

The state liquor control commission has ruled bingo gambling is legal. The Polish Falcon Club of Grand Rapids it may have liquor license. Gambling is prohibited in places selling liquor.

## THE ICEMAN COMETH... IN 47 B.C.

In the grandeur that was Rome, the wives of emperors and of a few senators kept their food fresh and wholesome with snow rushed down from the mountaintops by fast chariot.

There probably was a lot of oh-ing and ah-ing among the Roman gourmets when Caesar's wife, Calpurnia, served chilled Carthaginian canapes on a sultry summer evening...

But how Calpurnia would have envied you your electric refrigerator.

"By Jupiter," she'd have exclaimed, "you have dependable, inexpensive electricity to keep your food fresh and appetizing. Electricity so inexpensive, in fact, that your refrigerator runs five full days for less than a quinarus..."

Today in your home, refrigeration is just one of the dozens of ways in which electricity does jobs for you... better... and for less money than any other way.

### Make Better Seedbeds and Till Close to Fences with a SEAMAN TILLER

Because the wheels of the SEAMAN TILLER are placed in front of the machine instead of at the sides, on all of the new, improved models . . . you can till the soil right up close to fences . . . and make a better seedbed at the same time. You actually increase your crop acreage by pulling hitherto idle land into production.

The SEAMAN is the original farm rotary tiller . . . service-proved over a period of more than ten years. It is supplied in a full range of power take-off and motorized models, from 32-inch to 48-inch tillage widths.

Let us tell you more about the SEAMAN TILLER and its practical applications to your farm and crop conditions. Come in and talk it over.

 NIGHT DEPOSITORY

For some time there has been a need in our community for overnight protection of funds of merchants in all lines from hardware to gas line.

This service is now available to our customers. The cost is \$10.00 annual service fee.

\$2.50 deposit on keys, money, pouch and lock.

To insure against tampering with bags the Night Depository is opened by two persons. Delivery of the pouch is made only to properly accredited representatives of the depositor and are signed for at time of such delivery.

Night Depository will save the worry over funds left overnight in old safes, secret hiding places or carried personally to your own home.

Whether used daily or only weekly the protection afforded is cheap insurance against a single loss.

We shall be pleased to explain and exhibit our Night Depository.

**McPherson State Bank**  
 Money to loan at reasonable rates. Interest paid on Savings Bonds and Time Certificates of Deposit. All deposits up to \$5,000.00 insured by our membership in Fed. and State Insurance Companies.

## Housewives!!!

### SAVE YOUR WASTE FATS

# Overcome Soap Shortage

There is world wide shortage of all Animal Fats and Vegetable Oils, Last year Soap Makers only got one fifth of what they used in 1941. This also affects paints, textiles, leather goods, floor coverings etc' Without the help of the American Housewives there would have been little soap last year. One out of every nine cakes of soap made last year was made from waste fats saved in American kitchens.

Don't blame your grocer if he has no soap but save every ounce of fat you can and sell it to your butcher.
