The Pinckney Dispatch Wednesday, July 16, 1947

NO 29

Michigan Mirror

This Michigan Marco Polo, whose thrills of travel re-discoveries have been faithfully recorded in this column for more than ten years, is hitting the trail again.

We had a grandfather who hit the preaching trail for a lifetime. We like our travelings in doses -- not every week as a steady diet.

This time we are leaving behind, and with some pang of regret, a diverse assortment of camping paraphernalia including a 9 x 12 tent, a collapsible spring bed, a folding camp table, a couple chairs and a memorable wood-burning stove that was made designed originally to warm a fish shanty.

Yes, we're going to travel the easy way. No more wrestling with tent poles in pitch blackness or in a soaking rain; no more chopping wood to keep our little cricket happy. No, sirree!

We are going to take our own cabin along with us. Any place our automobile can go, our new 19-foot Michigan-made house trailer can go. At least, so we now think.

Having a snug apartment on wheels, ready to use when you arrive at your destination, is a luxury for this veteran camping fan. We don't know what our old buddies of World War I would say about this deluxe way of going places and seeing things. But after giving it the works over the Fourth of July week-end we can truthfully say that it beats a 40 and 8 boxcar all hollow.

One essential for trailer travel, we have learned, is that you must be on good speaking terms with your wife. The distance from the daybed or davenport at the front to the Hollywood-style bed at the back is only 19 feet. In between is the kitchen with a stove, icebox, places to keep pots and pans and a lot of room for arguments.

There isn't a whole lot of space, you see. People who live in trailers must be like folks who live in glass houses, if anyone was silly enough ever to do that. You've just got to get along with the missus. If she hurled a dish or shoe at you, the result would be utter, stark disaster. You couldn't duck.

The missus is pretty well accustomed to our yen for camping outdoors. Several years ago, inspired by pictures she saw in a L. L. Bean catalog, she purchased a neat outdoors outfit. When it arrived and she put it on, lo and behold, what greeted her astonished eyes was this: A floppy coat and baggy pants all in a dirty green color that utterly defied fashion description.

The poet of Mt. Pleasant, Webb McCall, once cast his optics on it and solemnly proclaimed: "L. L. Bean is my tailor, and I shall want!"

Why did we happen to take the trailer plunge? It's awfully simple; maybe it's simply awful.

During the war years we jointly fostered a fund to finance a cabin in the w. k. piney woods of Northern Michigan. This summer we surveyed our summer's traveling itinerary of newspaper meetings here and there. It seemed foolish to invest in a cabin, when we would be at Traverse City one week-end, and somewhere else the next. Hence, our cabin on wheels.

Next week, after the Lowell Showboat sails on Tuesday night, we're heading north for the Porcupine Mt. State Park and an editors' get-together at Ontonagon. Michigan is a great place to live. Don't let anyone tell you otherwise.

MASONIC HOME EXCURSION

L'Livingston Lodge No. 76 F. & A. M. is sponsoring an excursion on Sunday, July 20, to the beautiful home at Alma. Start will be made from Pinckney at 9:00 a. m. Masons Stars, their families and guests invited. Bring a picnic lunch with you. Dinner will be at the state conservation park just south of Alma where there are chairs tables water etc. There will also be a soft ball game there between 2 picked teams. Then the group will be conducted through the Masonic Home. This home, one of the finest in the nation now has over 200 guests. Please notify the committee if you intend to go. Buses will be arranged for those who have no way to get there.

Items of Interest

ANNUAL SCHOOL ELECTIONS

At the Pinckney school meeting a good turnout compared to former years was out. For trustee, (full term) Leo C. Lavey was elected over Mrs. Albert Shirley 29 to 11. For trustee (fill vacancy) Wm. Jeffreys was elected for one year with no opposition. Considerable time was taken in discussing school financing and next year's program to handle the expected increased enrollment.

In the Harris district Earl Baughn is director, Paul Clark, treasurer and Wm. Clark, moderator. School is closed.

In the Melvin school Helen Noaker was elected treas. Rose Howard is moderator and Wm. Lennon, director. School is closed.

In the Sprout school Eleanor Tomasick is director, Phillip Sprout treasurer and Dorothy Campbell moderator. School is closed.

In the House school Beulah Hendee is treas. Morley Reynolds, moderator and Margaret Burns, director. School is closed.

In the Hicks district Bonnie Henry was elected treas. Mrs. L. J. Swarthout is director and Dan Van Slambrook, moderator. No teacher hired. Rev. Beachy, teacher last year goes to Hamburg.

In the Pettysville district, Beckwith Smith was elected director, Clifford Van Horn is treas, and Fred Blades, moderator. Teacher Eva Wenderlein.

In the Reeve district W. H. Gardner was elected moderator, Mrs. VanSickle is director and Louise Glenn, treas. No teacher hired.

In the Marble district, Edna Spears was elected moderator. Willard Wiltse is director and W. Keiser treas. Teacher Vera Kalmbach.

In the Burgess district Albert Piched is director, John Spears, moderator and Mervil Gyde, treas. No teacher hired.

In the Chubbs Corners district Glenn Kingsley is moderator, Wayne Wagoner, director and Mrs. McNamara, treas. No teacher hired.

In the Younglove district Herman Widmeyer is treas. Goldie Bowman moderator and Mary Gearhart, director. No teacher hired.

In the Hudson Corners school Mrs. Macon Lewis is the treas. and Harold Porter, moderator. Albert Seker, director.

CONSERVATION NOTES

56 conservation recruit officers will begin a 6 months course at Higgins Lake starting August 1.

The Museum of Nat. Hist. in N. Y. C. will have a beaver family at home on a bear pond there.

Lakeport's new state park will be opened at the perch festival July 18-20. It has a quarter mile beach, 100 picnic tables and 25 stoves.

Up to June 30 the resident fishing licenses sold totalled 326,376 only a trifle less than last year.

COUNCIL PROCEEDINGS

Regular meeting of Village Council July 8th, 1947. Called to order by Acting President Irvin Kennedy in the absence of President Parker.

Roll Call of officers. Present: Palmer, Clark, Swarthout, Kennedy, Albert Dinkel and Clinton.

The following resolution was adopted with Clark making the motion supported by Palmer.

"Whereas, Notice of meeting to vacate Austin Park as it appears in the plat of J. W. Hinckley's First Addition to Village of Pinckney as recorded in Liber 51 of Deeds, on page 45, was duly given in the Pinckney Dispatch by three publications pursuant to resolution adopted June 10, 1947, and whereas no written objections have been filed with the Village Clerk, and whereas it appears that Austin Park has never been used as a park but on the contrary has been assessed as Lots one to eight inclusive of Block 2, Range 4, Pinckney's First Addition to the Village of Pinckney and the taxes regularly paid thereon, we do deem it advisable to vacate said park and Austin Park is hereby vacated and the proper Village officers are hereby authorized to execute proper papers to give evidence of this vacation proceedings. Motion carried.

Motion by Clark supported by Swarthout that following bills be allowed:

Detroit Edison (Fire Dept) 7.79
Detroit Edison St. Lighting Service 105.93
Lewis Murphy Cleaning St. 18.00
Irvin Kennedy Tree trimming 2.00
Eli Aron Cleaning St. 24.00
Pinckney Dispatch Notices etc 7.86
Pinckney Dispatch Austin Pk 10.11
Motion Carried

Received from Attn Richwine of Plymouth \$10.11 for expense of Notices printed in Pinckney Dispatch regarding vacating of Austin Park.

Motion by Palmer supported by Swarthout to adjourn Motion carried.

Mildred Ackley, Clerk

OUR DEMOCRACY

OUR NATIONAL PARKS

IN OUR 26 NATIONAL PARKS, NATURAL PHENOMENA OF BEAUTY AND UNUSUAL INTEREST ARE PROTECTED AND PRESERVED FOR ALL TIME TO GIVE PLEASURE AND INSPIRATION TO THEIR OWNERS--THE AMERICAN PEOPLE.

Ask Rate Increase

The Michigan Bell Company formally announced its intention to file a petition with the Michigan Public Service Commission for a general rate increase.

Pointing out it will mark the first time in 21 years that the co. has sought a general increase in its charges, Pres. Thomas N. Lacy declared that "prewar rates are no longer enough to meet postwar costs."

Beyond the indication that, "as a matter of fairness to all our customers," the proposed increases will be applied to all types of telephone service, Lacy did not reveal the extent of the proposed rate boosts. In accordance with the statute, the co. will advertise its specific proposals during the week of August 3, preliminary to the filing of its petition with the Michigan Public Service Commission later that month for approval.

"Michigan Bell today is operating under a general rate schedule established by the Commission in the latter part of 1936," Lacy continued. "Except in towns where local rates have been lowered still further and for toll-rate reductions, the rates of 10 years ago are still in effect. Meanwhile, the cost of everything used in furnishing telephone service, wages, taxes, and supplies, has gone up."

"Postwar wage increases alone, for example, have raised Michigan Bell costs nearly \$11,000,000 a year.

"Although the amount of business that we have been doing has risen sharply, the increased income has not kept pace with the rapid upward movement in costs. Since 1937 our income has gone up 2 1/2 times, cost of operating the business are three times the level of 10 years ago.

"As a result, our return on investment has slipped far below the danger mark. Based on today's telephone rates, the company's return now is only 4 1/2 cents on its investment dollar--a drop of more than one-third under the rate of return in 1937. If the new rates ordered by the Commission in 1946 were being charged today, the return would be even lower--actually, less than 3 1/2 per cent. That rate order is now on appeal in the Ingham Circuit Court.

"It is one thing for earnings to be at such a low point in a period of depression and with a surplus of plant facilities; it is quite another to be limited to such a bedrock at a time of inflation and shortage of plant facilities.

"If our plant were increased by the millions of dollars necessary to restore peacetime margins for better service, the rate of return obviously would dip to an even more shocking level. A growing business especially has to earn a good return to attract the capital needed for that growth.

"Any decision to increase rates is a hard one to make. It reverses a trend in our operations which has

Notes on the Game

BEAT STEINHOFF TEAM 7 TO 2
Pinckney defeated the Steinhoff hardware team here on 2 Friday night. They got 6 runs off the Sequin pitching for Howell the first inning. This was not entirely his fault and 2 costly errors were made behind him. Shehan and Lavey singled in this inning and Fred Singer tripled. Howell did not score until the 3rd when Sequin doubled took third on Brigham's hit, scoring on Meyer's fly to Ledwidge. Their second run came in the 4th when with 2 out F. Singer overthrew first base. Reader walked in the 7th and scored on 2 hits, and walked 4.

DEFEAT XIG TEAM 4 TO 4
Pinckney defeated the Dexter XIG team here Tues. night, a veterans organization 4 to 4. Dexter got the jump on the Pinckney boys and were ahead 4 to 3 up to the 4th when Pinckney put over 4 runs. They added 2 more in the 5th and 5 in the 6th. Keith Ledwidge hit a home run for Pinckney and Palmer got 3 hits.

HARD BALL NEWS			
	AB	R	H
Pinckney only played one game of their scheduled double header Sunday with Manchester. They drove to Manchester where they found the diamond flooded due to a heavy rain. Then both teams came back to Pinckney where one game was played, Pinckney winning 3 to 1. Red Sequin pitched 5 innings for Pinckney and Bill Suptoe 4.			

Next Sunday Pinckney plays the league leading Mesnard Oil team of Ann Arbor here.

In the Manchester game Pinckney got 7 hits, 3 runs and 2 errors and Manchester 5 hits, 1 run and 2 errors.

The Mesnard team of Ann Arbor went into a tie with Chelsea for first place by beating that team 7 to 4. Bill Johnson pitched for Ann Arbor.

South Lyon walloped Saline 13 to 1. In the Western division Brighton beat the league leading Fowlerville team 7 to 6 with Hank Green pitching 6 hit ball. Stockbridge beat the Ann Arbor Legion team 3 to 2. Webberville beat Mason 11 to 6.

Chelsea 5 1 .833
Mesnarda 5 1 .833
Pinckney 3 2 .600
South Lyon 3 3 .500
Manchester 1 4 .250

Current Comment

The trend toward school consolidation still continues and apparently at a faster rate than ever. According to statements by Gene Elliott, Supt. of public instruction 432 districts schools in Michigan went out of existence last year. Of this group 28 agriculture schools were formed with about 11 schools to a group. 14 new township schools were organized uniting 99 districts with about seven to a township. In addition 88 primary and small districts were annexed to local agriculture schools. Most of the new school consolidations took place in Monroe, Kalamazoo and Branch counties. However, the movement is state wide and Dexter, Brighton and Milford have all held consolidation meetings. The high costs and difficulties in building have undoubtedly slowed down this movement some but there is little doubt that it will continue and grow.

The school districts are dependent almost entirely on state aid based on the number of pupils and districts with few pupils cannot pay the teachers wages and maintain the standard the state requires.

The state and nation got all worked up last week over the flying discs which were reported in the skies from practically every point in the United States. The descriptions of them vary and although a reward of \$2000 has been offered by different papers for the first one turned in it is unclaimed as all discs found so far have been fakes. This includes the U. S. weather balloon found in N. M. The paper discs found to have come from a railroad round house and aluminum disc made by joker in a factory. The hysteria however is wearing off and the conclusion is that the excitement stirred up was the work of certain reporters who let their imaginations run wild.

Old John L. Lewis whom the Taft Hartley labor bill was to have put in a strait jacket and shorn of all his powers has suddenly done a Houdini, burst the bonds of the law as though they were made of straw and won the biggest victory in labor history by signing a agreement with mine owners whereby the coal miners get a wage increase of \$3.43 a day, and practically everything else they asked for. The backers of the Taft-Hartley bill are yelling murder and that they have been sold down the river by the mine owners. Congressman Hartley sees in the Lewis plan a plot by the big mine operators to free out the little operators who cannot accept the Lewis plan. Whatever the truth is John L. Lewis at the present time is supreme in labor ranks.

When a person dies and passes to the great beyond his enemies usually desist in their attacks on him and the vilification that was directed against him in his lifetime ceases. Not so with Franklin D. Roosevelt.

Two columnists Westbrook Pegler and David Lawrence still pour out their daily columns filled almost entirely with attacks on the late Franklin D. Roosevelt and his memory. The only thing comparable to their action is that of Charles II of England who when he was restored to his throne had the dead bodies of Oliver Cromwell and other Puritans dug up and hanged in chains.

England has another royal romance and is again getting plenty of front page publicity. It is the real thing this time, the Princess Eliza, both having announced her engagement to her distant cousin, Prince Philip of Greece. Both are normal young people with no unsavory backgrounds or divorces. No scientific buildups are necessary as in the case of romance of the Duke of Windsor with a middle aged twice divorced American lady for whom he gave up his throne.

THOMAS WHYTE
Thomas Whyte, 59, died suddenly in St. Petersburg, Fla. Sunday. He lived in Detroit for many years was born in St. Louis, Mo. but where he was employed at Eloise as meat cutter. A number of years ago he bought a home at Strawberry Lake and worked for Brown & McClaren at Hamburg. For several years past he has lived in Florida. He joined Livingston Lodge No. 76 F. & A. M. in 1944. Surviving are his wife, a step-son and step-daughter. He was twice married, his first wife being buried in Detroit.

He was a veteran of World War I and member of Faust Post American Legion, Detroit.

The funeral was at the Wilson Funeral Home and burial was in Elm.

CARD OF THANKS
I wish to extend my sincere thanks to the many friends who so kindly remembered me with cards, letters and flowers during my stay at the hospital and at home since that time.

Mrs. A. E. Swarthout

There's a **FACTORY** on your Back Forty

LAST YEAR'S FARM PRODUCTION proved that the farm, however large or small, is more than a farm. It is a factory too—a factory for producing food. During the last full year of the war, the American farmer produced 1/3 more crops with 10% less manpower.

How? By using factory methods. By letting electrical power and electric equipment do the heavy, time-taking farm chores.

Production costs of your farm factory are reduced in direct proportion to increased output. Exactly as production costs are lowered in the city factory.

Our Farm Service Advisor will be glad to give you helpful advice on how electricity can step up production and put more dollars in your pocket. Just call your nearest Edison office and ask for the

Farm Service Advisor. He is trained and ready to help you make that new factory on your old "Back Forty" produce more for less.

There are more than 200 farm jobs that electricity will do. In the farm yard and in the farm home—electricity does these jobs faster, better and for less money than doing them any other way. In water pumping, feed grinding, gutter cleaning, poultry brooding, milking, grain and hay finishing and hundreds of other jobs electricity is the dependable low cost way to increased profits.

Notes of 25 Year:

Married by Rev. Cook on July 3, Doris Brenninghall of Petyville to Hugh Vanness of Temperance.

John Jenkins, married on July 12. His wife was the former Mary Webb of Pinckney.

Mrs. Mary White Burden died in White Oak township last week.

Pinckney base ball team lost to the Ray Battery team of Ypsilanti last Sunday 6 to 0. Nichols pitched for Pinckney and Rynerson for Ypsilanti.

There will be a picnic of former Livingston county residents on Belle Isle, Detroit, July 15.

At the annual school meeting here W. E. Murphy was elected to succeed

with E. G. Jackson and accepted one with Holmes & Dancer of Stockbridge.

St. Mary's church held an ice cream social at the Ed McCluskey home Friday night.

On Monday Pinckney will vote on bonding \$1000 for fire protection.

The population of Brighton is 781,32 less than in 1894.

Dan Jackson, 81, died at his home south of town July 8. He was born in Lyons, N. Y. in 1819, coming to Michigan in 1843. He married Julia Backus in 1844. She died in 1873.

In 1878 he married Mrs. Jeanette Wood who died in 1893. He leaves 2 sons, Orla and Albert.

L. E. Smith has finished painting the John M. Harris barn.

John Dunne delivered a team of horses to Jackson parties Tuesday.

Dr. Wm. Wylie of Anderson has located in Waterloo where he will practice medicine.

The Ann Arbor railroad will sell excursion tickets to Frankfort and Traverse City good for 15 days.

From where I sit... by Joe Marsh

**Sam Helps with
the Dishwashing**

Dropped in at the Abernathy's last the other evening—and there was Sam, out in the kitchen with an apron on, helping his missus wash the supper dishes. (And then I learned later he'd helped cook the supper, too.)

Of course, Sam could have settled into his favorite chair, enjoyed his evening glass of beer, and left all the messy kitchenwork to Dixie. But he kind of likes her company—and she in turn certainly appreciates his help.

In fact, sharing the housework

and the mealtime chores is sort of a bond between them... like sharing that friendly glass of beer together, when the work is done. It's one of those little all-important things in marriage.

From where I sit, the time that a man-and-wife can spend with each other in this busy world today, is all too precious. And the more things they can do together, the better.

Joe Marsh

Mrs. Edna Spears was in Ann Arbor one day last week.
Horace Hanson and wife of Ann Arbor spent Sun. with Dale Miller and family.

Continued from Page 1
MICH. BELL TELEPHONE
brought rate reductions that are now saving our customers \$20,000,000 a year compared with rates of a quarter of a century ago.
"We have held off this decision as long as possible. Rate increases already have been requested in 29 other states. In 17 of these states increased rates have been ordered by regulatory authorities. Sixteen independent telephone companies have been granted increases by the Michigan Public Service Commission and two more such applications are still pending.
Michigan Bell has legal and moral obligations to provide the best possible service as many as ask for it, within the limits of its ability to do so. That obligation... to provide more and better service... will cost a lot of investment money from here on. The money must come from investors who will put their money into this business only if assured a fair return. No such assurance can be provided under existing rates.
"The alternative to increased telephone rates, in the final analysis, is inferior service. Poor service is an expensive luxury that neither an individual nor a community can afford. The new rates will be just as low as possible. They will be no higher than necessary for us to provide the kind of service our customers want."

Why Michigan Bell must ask for a Rate Increase

THERE has not been an increase in telephone rates in 21 years. From 1926 until 1937, our rates went down substantially. Except for even further reductions in local rates in a number of exchanges and decreases in toll rates, those 1937 rates are still in effect—despite the fact that the cost of almost everything... wages, taxes, supplies... has been going up.

For example, post-war wage adjustments alone have boosted our costs nearly \$11,000,000 a year, including settlements reached during the recent strike.

Actually, all our costs put together have gone up much faster than our income.

In the ten years since 1937, income has gone up 141%, costs have gone up 193% and our return on investment has dropped more than a third.

It's just simple arithmetic that 1937 rates won't work in 1947.

We've tried to make both ends meet without increasing rates. We've held off as long as possible. But now, we've got to ask for an increase—because it is absolutely necessary to protect our customers' service.

It will take a lot of money from investors to give more service and better quality service from here on. Investors will put up the money only if they are assured a fair return, which we cannot provide under our present rates.

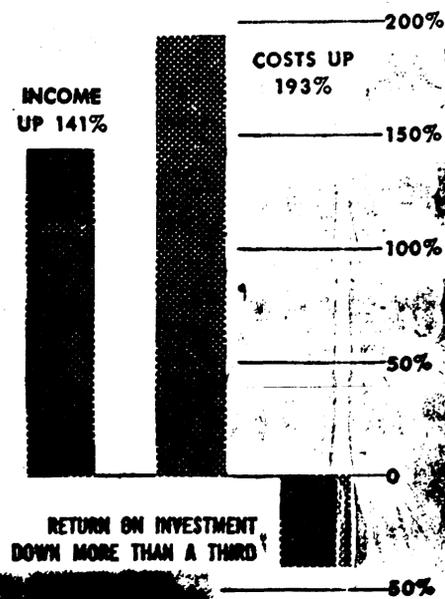

So the future quality of Michigan's telephone service depends on raising rates enough to assure the financial stability of your telephone company.

That's why we're going to ask the Michigan Public Service Commission* for a public hearing to review our proposed new schedule of rates. During the week of August 3, we'll publish details of the

proposed rates throughout Michigan Bell territory. After that, we'll file the petition with the Public Service Commission.

Telephone service will still be a bargain at the proposed rates. We'd rather not be asking for an increase. But that's the only way we can assure our customers the kind of service they want. For 1937 rates won't work in 1947.

TODAY'S SITUATION COMPARED WITH 1937

Make Better Seedbeds and Till Close to Fences with a SEAMAN TILLER

Because the wheels of the SEAMAN TILLER are placed in front of the machine instead of at the sides, on all of the new, improved models... you can till the soil right up close to fences... and make a better seedbed at the same time. You actually increase your crop acreage by putting hitherto idle land into production.

The SEAMAN is the original farm size rotary tiller... serviced over a period of more than ten years. It is supplied in a full range of power take-off and motorized models, from 36-inch to 72-inch tillage widths.

Let us tell you more about the SEAMAN TILLER and its practical applications to your farm and crop conditions. Come in and talk it over.

McPherson State Bank

THE MICHIGAN COMMUNITY PROPERTY ACT

The Community Property Law enacted to place Michigan taxpayers on the same level as taxpayers in the ten other states where community property laws are in effect. From July 1, 1947 and after, income from personal services earned by husband and wife is considered community property. In computing income tax thereon the husband and wife will each pay on one-half of the income. It has been suggested that husband and wife deposit all money received from personal services and all dividends and interest accruing from community property in a Community Property bank account, in order to firmly establish their rights to the tax savings which may accrue to them from this new law.

McPherson State Bank

Housewives!!!

SAVE YOUR WASTE FATS

Overcome Soap Shortage

There is world wide shortage of all Animal Fats, and Vegetable Oils, Last year Soap Makers only got one fifth of what they used in 1941. This also affects paints, textiles, leather goods, floor coverings etc. Without the help of the American Housewives there would have been little soap last year. One out of every nine cakes of soap made last year was made from waste fats saved in American kitchens. So don't blame your grocer if he has no soap but save every ounce of fat you can and sell it to your butcher.

Lee, David H. Young, David C. Young, H. J. Montague, and their unknown heirs, devisees, legatees and assigns.

DEFENDANTS

At a session of said Court held in the Court House in the City of Howell Michigan, on the 29th day of May 1947

Present: Hon. Joseph H. Collins Circuit Judge

It appearing from the sworn bill of complaint filed in this case that the plaintiffs, have not been able after diligent search and inquiry, to ascertain whether the above named defendants are living or dead, or where they reside if living, or whether they have personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim, lien or possible right of said defendant has been assigned to any other

person or persons, or whether such title, interest claim, lien or possible right has been disposed of by the defendants.

And it further appearing that the plaintiffs do not know and have not been able after diligent search and inquiry to ascertain the names of the persons who are included as defendants in this cause without being named.

Therefore, on motion of Glenn C. Yelland and Wilfred H. Erwin Attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and that in default thereof the bill of complaint filed herein be taken as confessed by said defendants and each and all of them.

It is further ordered, that the plaintiffs within forty days from the date hereof, cause this order to be published in the Pinckney Dispatch a newspaper, printed, published and circulating in said County of Livingston, once each week for six successive weeks.

Joseph H. Collins, Circuit Judge

A true Copy;

Louise M. S.
