Should the governor of Mich. have new and additional powers over depts. Comm. and bureaus?

Is the governor, as has been recently charged, merely a "glorified clerk"?

Vernon J. Brown, former lieutenant governor, auditor general and state legislator, does not think so. During his 40 years of public service, half of which was as either a legislator or a state official, Mr. Brown served along with eight different governors in succession.

"There are two district theories of government," observes Mr. Brown. They are in direct opposition one to the other, and one must choose between them.

"First, and the one on which the American way is founded, is government based on the theory that the closer it is kept to the people the better. This implies strong local units and a division of authority and responsibilities so that the manifold duties of administration may be divided among as many capable administrators as may be required in the state so diversified as Mich. No individual can hope to attend to everything and no person should be expected to undertake to do so. Neither should he be trusted with so great responsibilities.

"The opposite theory in governments found at its highest development where Hitler and Mussolini and Stalin are produced. Under such a government all authority is centered at the top where every decision is made. Everything below must bend either the knee or the neck. There are those in this country who evidently yearn for the power and the obedience that go along with this last described type of government.

"It is noted that there are certain public officials in Michigan who do not like the Michigan way. They like neither the laws nor the restrictions imposed upon them.

"Most of the restrictions complained of have been imposed and put into effect since the days of Alex. Groesbeck. There are some who left who will recall the primary campaign of 1926 when the Groesbeck autocracy was the prime issue. Evidently the people of that day had become tired of Groesbeck bossing. In any event they chose Fred W. Green in preference. And beginning then and continuing until this day there has been a trend in Mich. resulting in sorting out first one function and then another for independent administration, free of interference by the governor and free from partisan politics.

"The first notable example was the establishment of the dept. of conservation which long had been a political football. The revenue dept., the mental hospital group, veterans affairs and several others have followed. Even before this there was the independent highway, the colleges and the university and several lesser boards and commission.

"It is true that in Mich. the gov. has not the power and authority he once had nor has he as much as the gov. of some of the others now have. But this by no means is accidental. It has come about because of a public demand. "Nevertheless from my observation over the years I have never known of an instance where any commission, bureau or other agency has snapped its fingers at the gov. or ignored his wish - except to do so would have been against good public policy. I have known of instances where certain bds. have refused to do the bidding of the gov. but in every such instance I can recall, time proved they were correct and not the governor.

FIFTH AND SIXTH GRADE NEWS
The 5th grade spelled the 6th down—Jimmy Gallup and Bertie Beachy being the winners.

We filled a box of fruit for Bob Barber who has the flu; but his illness isn't hampering his ability to spell for he has all lists studied. Hurry up and get well Norman we've almost forgotten what you look like!

Thanks so much 7th and 8th graders for helping us finish some last minute posters. They are very well done.

Joe Wright's ambition is to be a dentist as he started on Fri. and extracted his own tooth.

THIRD AND FOURTH GRADE

Marilyn VanSlambrook and Judy Seckell each celebrated their birthdays last week.

The Brownies played games in the Gym Friday.

The Girls will have their sewing exhibit this week. They have been hurrying to finish before vacation. Mrs. Shirley's girls are going to help us with the judging.

The third grade have started learning the times tables of twos.

We are having no more gym periods inside. As soon as the weather permits we will go outdoors and start baseball.

SEVENTH AND EIGHTH GRADES

The grade teams from the 5th grade through the 8th are studying for the school spell down which will be held in the Pinckney High School Gymnasium on Thurs. after noon. The winner receives a medal and a certificate. Our whole room had a spelling test of 100 words. A good share of us did very well.

We have been practicing an opera which will be held in April. We are trying our best to make it a success.

We are having a contest between the 7th and 8th grade. The grade that keeps its side of the room cleanest and keeps up prettiest decorations gets so many names. At the end of the month the one with the most points wins. The side that loses has to give a party for the winners.

SECOND AND THIRD GRADE

Joyce Ann Tuhrman was absent Monday.

We are going to make Easter lilies Thursday and Friday. The pupils are all busy getting Easter Baskets made for the party Friday Afternoon.

Many of the second grade people have completed their number books. Mary Jo Carr has not been here since last Thursday.

Sue Ann Fenner will be the morning hostess and Mary Jane Jeffreys the afternoon hostess for the next week.

Bobby Kelly was absent Tuesday. Everyone is looking forward to spring vacation and planning on having a gay time.

GAVE BAKE SALE SATURDAY

The Basket Ball Girls gave a bake sale to defray expenses for their tickets for the basket ball banquet.

We wish to thank all who contributed such delicious bake goods. All who so generously bought them and many thanks to Carlene Zigler and Shirley Reason who so patiently gave their day in selling the goods.

We cleared \$17.00 which we think was a successful amount.

Now girls and boys both we have quite a few tickets to sell so let's get busy and make our banquet a success.

Conservation Notes

The one week beaver season yield less than 1000 pelts in 1945 and 1946 the yield was 15,383 and 9,859 respectively.

Current orders for pine seedling are now totalling 30,000 a week. Keeping fox pelts more than 11 days before getting the ears punched has deprived many hunters of the bounty money.

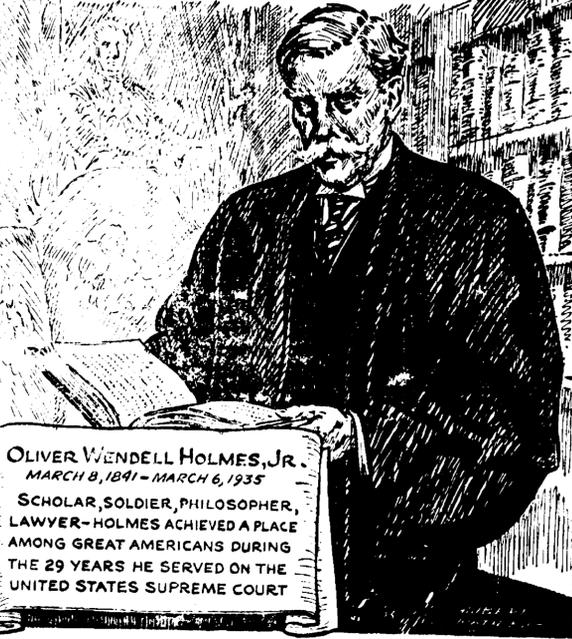

95 of the first 100 trout stamps issued were sold to collectors.

A porcupine was killed by an ax near Howell last week. They are seldom found so far south.

The marriage of Jack Haines and Mrs. Dorothy Whitley takes place at White Lodge Country Club on Sunday night, March 22.

OUR DEMOCRACY—by Mat

KEEPING THE CONSTITUTION A LIVING DOCUMENT

OLIVER WENDELL HOLMES, JR.
MARCH 8, 1841 - MARCH 6, 1935
SCHOLAR, SOLDIER, PHILOSOPHER,
LAWYER—HOLMES ACHIEVED A PLACE AMONG GREAT AMERICANS DURING THE 29 YEARS HE SERVED ON THE UNITED STATES SUPREME COURT

THE HISTORY OF OUR COUNTRY IS A RECORD OF DYNAMIC CHANGE OF GROWTH AND PROGRESS. YET THE CONSTITUTION OF THE UNITED STATES IS AS ALIVE TODAY AS THE DAY IT WAS WRITTEN. THE RESPONSIBILITY OF INTERPRETING AND APPLYING THE CONSTITUTION TO THE DEVELOPING NEEDS OF THE NATION AND THE PEOPLE HAS RESTED WITH THE SUPREME COURT. IT IS MEN LIKE OLIVER WENDELL HOLMES WHO, IN THE JUDICIAL ARM OF OUR GOVERNMENT, HAVE GIVEN VITALITY AND DIRECTION TO THE CONSTITUTIONAL PROCESSES OF OUR REPUBLIC.

Dexter School

Part of the Dexter citizens are evidently not in agreement with the action of the school board in not extending a contract for another year to Supt. Daniel Shirkliff, former Brighton teacher at this time. They were scheduled to hold a mass meeting at the Dexter school last night at which all citizens of Dexter were invited. An earlier meeting of 40 citizens with the school bd. failed to accomplish anything. At this meeting the whole question of the difficulties between Shirkliff and the school bd. will be threshed out.

Shirkliff claims he did not know the bd. was not offering him a contract until informed by Carl Bates pres., he would not receive one. The reasons given were that he did no manual labor in helping sod the athletic field. He refused to let a local jeweler sell the school rings and that he had not worked on the school consolidation plan.

The Spokesman for the forces seeking to retain Shirkliff is the Cong. Minister, Rev. John Whitcomb who distributed the meeting bulletins. This is Shirkliff's second year at Dexter. He was 3 years at Brighton and previously at Coral and Maple Valley.

Stanley Vaughn is rec. of the school bd. Other members are Ward Tupper, Martin Jack and Munnie Kenney and Carl Bates.

Later - An overflow crowd attended the meeting. Rev. Whitcomb was chairman and Mrs. Price sec'y.

Supt. Shirkliff told his side denying most charges. He said the reason the teachers quit last year was they did not get enough money. Others spoke from the floor. Carl Bates, the only board member present said, perhaps the school board had made a mistake in not rehiring Shirkliff. If so they could rectify it by electing a new school board next July. A Citizens committee to assist the school board was formed with Rev. Whitcomb as president.

P. T. A. MEETING MARCH 15

At the March 15 meeting of the Pinckney P. T. A. immediately following the business meeting Mrs. Swarthout's room presented a very novel program.

A dutch dance and song was enacted by Bernice Singer, Myra Chase, Darlene Lewis, Rosemary Mrofska, Joann Jaroslowski and Joyce Fisher and then an old fashioned spelling bee with students and adults in keen competition. The winner Mrs. Taach and runner up Jimmy Porter seventh grader.

Thank you Mrs. Swarthout for your interest and cooperation. It was greatly appreciated and thoroughly enjoyed by everyone.

Wins Grand

Harry Prisk, the crippled boy who lives with Gus Hannaman on L. Madison St. had a field day last Thurs. when he won the grand award on "Heart's Desire" program sponsored by the Philip Morris cigarette co. over station CKLW. Harry makes a modest living by hauling ashes, rubbish and old papers away from Pinckney homes in a push cart. The Philip Morris co. makes gifts to underprivileged persons. The awards are decided by letters written into the co. describing the underprivileged person and their urgent needs. Harry hauled rubbish away from Peggy's Lunch last fall operated by Mrs. Felix Jaroslowski and she became interested in him and wrote a letter to the co. before she went to Ariz. for two months last Sept. Nothing was heard from it and later she had Jack Harlowe of Ann Arbor, the Philip Morris salesman for district write another letter. Last week came word that Harry had won the grand award. Among the articles he won were a ball bearing, rubber tire push cart made for him by Smithson Co. a brown gardening suit of clothes, a wristwatch, 2 woolen shirts, an electric bed comforter, a set of cowhide luggage and 2 tickets for a 7 day cruise on the great lakes. Harry will officially receive the reward at the Travel Show convention hall in Detroit on Mar. 21. He has invited Mrs. Jaroslowski to accompany him on the boat trip. We understand that he will go to the University Hospital, Ann Arbor soon for examination and possible treatment. He is 27 years old and has been crippled from birth.

SHOULD HEART BALM SUITS BE OUTLAWED

Responsible officials label heart balm as a racket with few exceptions, yet in Chicago alone, suits demanding \$12,000,000 for alienated love have been filed in the past year and a half. Read about the racket in The American Weekly, with this Sunday's March 21 issue of The Detroit Sunday News

Current Comment

We do not make all the mistakes at least not yet. The Brighton Argus has just finished apologies to anes- mable lady for publishing her obit- uary. She had moved away. Her den- ise was reported and the Brighton editor outdid himself in writing a flowery obituary...all in vain...as like Mark Twain's the report of her death was greatly exaggerated. In tax sales recently published in the Livingston County Press, the third floor of the city hall was advertised for sale for taxes. This floor is owned by the Odd Fellows. If sold it would have left the city fathers in a rather embarrassing position as they would not have had a roof over their heads. However, the Odd Fellows found their tax receipts and the sale was cancelled. Some one made mistake. We remember a few years back some of Pinckney's citizens found their property listed for sale for taxes. They found their receipts and two that a mistake had been made in copying tax descriptions.

Grass Lake is unique because it has an all women government. Last year it elected a woman mayor and a few other women. They gave so much satisfaction that this year an all women ticket was put up and it beat the ticket composed of men handsly getting about 96 out of 175 votes cast. These women evidently delivered the goods for the novelty of the set up could not have secured their reelection.

High cost of materials and increased wages appear to have stymied the county road comm. and state highway dept. both of which are appealing for more funds or otherwise they warn highway improvement and repairs will be impossible. Their remedy is to increase the gasoline tax 1.2¢ a gallon boost the auto weight tax. As the highway system can not be allowed to go down the motion is pretty sure to realize that lowering costs. Fine increments show the increased cost. It is pointed out that it costs \$25 to maintain one mile to maintain travel roads. However, most of them have been so neglected that the cost of putting them in proper shape would cost much more than that.

Anti-Communist Propaganda is increasing daily and judging by paper a hotting war with Russia is only a few months off. The nub of contention is the fact that Communism is spreading over Europe and it is hoped to check the menace by means of talk, editorials and loans of huge sums of money. Our relations with Russia have been botched from the beginning and the future outlook for them is not too bright. Gov. Harry Stassen in a speech in Philadelphia last week said that in 1947 United States exported to Russia more industrial machinery and tools than was exported combined to France, Belgium and Italy. Thus at a time when we denounce Russia and using all streams of propaganda at our hands to blast her, our industrial seem to be doing a big business with her and are in fact arming a potential enemy.

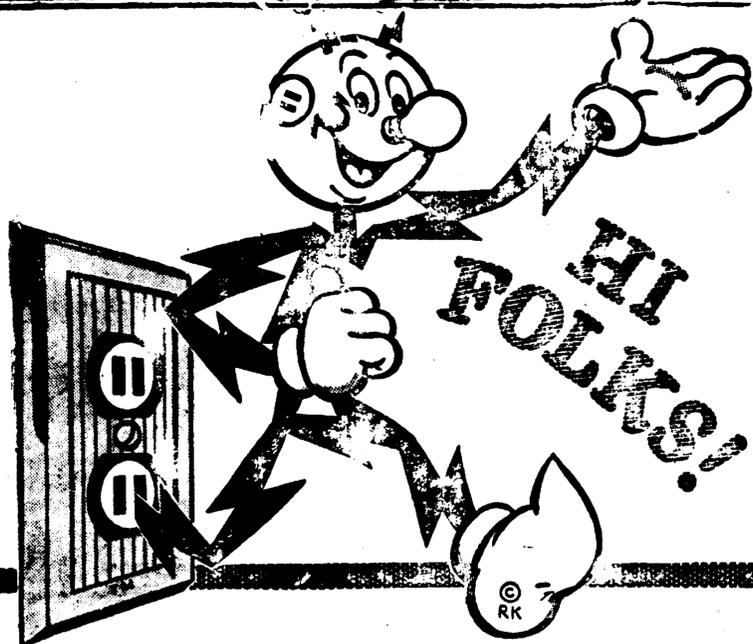

Gen. Douglas MacArthur, commander of the forces in the South Pacific has thrown his hat in the ring for the Republican nomination for president. He will however, make no campaign but remain in Japan. He will be available if needed. Political prophets think Dewey and Senator Taft will deadlock the convention and a dark horse will win. Willie did in 1940, McArthur wants to be that dark horse. MacArthur is not popular with veterans and already veteran groups have organized against him in San Francisco, Chicago, Philadelphia and New York. In Japan he is an absolute dictator and has clapped a censorship on the press, etc. The Detroit News say he has gotten Hollywood beaten for grand entrances. Already they are showing the picture of his wading ashore from a landing base at Manila. This was a posed picture as these barges run right up on land and he could have landed without getting his feet wet. One reason the veterans oppose him was that he ordered the bonus marchers fired on in Washington in 1932 and some of them were killed.

I wish to thank the Standard for their fine work in getting out the tip and an extra for my mother's death. Thank you.

I'm REDDY KILOWATT

Your Electric Servant

You've never seen me before because I've always stayed inside the REDDY. At your electric outlet. Now I'm stepping out so that we can get better acquainted.

I'm the symbol of good electric service . . . your servant that runs everything electrical.

I'm not like anyone you've ever seen before. My body is made of lightning flashes—my nose a light bulb—my ears are outlets—and those two things sticking out of my head are wisps of curly hair. I move silently in my rubber shoes. I move swiftly too, at the speed of 186 thousand miles per second . . . I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest electric outlet. Remember, just . . . "PLUG IN,—I'M REDDY".

From where I sit... by Joe Marsh

Ben's Bride Gets Chickenhearted

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for fryers—and the crisis! Sue simply wouldn't let Ben near her chickens with an axe. She'd raised them as babes... she'd named them... they were her very own!

Ben poured himself a glass of beer, to think things over sensibly. He hated to lose the price on fryers... but he figured Sue had put up with his peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

ECONOMICS

Recently the commodity market had a substantial reduction in prices. Immediately there was a worried look on a good many faces. Was this the start of a depression or not?

Experience over the years has shown that depressions are usually caused by supply catching up with the demand for goods and commodities over the whole field of agriculture an industry.

At this time there is still a heavy demand for products of industry and agriculture. A downward revision in prices may be seen, but with a sustained demand there can be no major depression.

COMMUNICATION
March 11, 1948
Pinckney School Board
Pinckney, Michigan

To The Honorable Body:
Under date of Feb. 16th, I received a letter from your Honorable Body advising that my son, Neil, was guilty of general misconduct without stating any specific act or acts of misconduct. In my answer to this letter I clearly stated that I believed the Board had reached a conclusion without making an investigation.

When I received your letter of Feb. 24th inviting my attendance at a meeting to be held Feb. 25th, which letter stated that the meeting was called as a final hearing on the disciplinary action taken by the Board, I thought a general discussion of the alleged acts and charges of misconduct would be in order; however, such was not the case.

It appears that the Board had already predetermined the guilt of the culprit and no one was to be heard and nothing else was before the Board for consideration. In my opinion, this was nothing more than a "star chamber hearing" for the purpose of whitewashing the Board.

It seems to me that the action of the Board had been planned for some time and the Board never intended to have an impartial hearing on any question. If this be true, and the action of the Board seems to me to be indicative that their activities are beyond question and their meetings are held behind closed doors, then, in my opinion, the Board should resign and thereby save themselves any future embarrassment.

Very truly yours,
Earl E. Bangs

Russell Says U. S. Forgot; Is He Right?

Harold Russell, handless war veteran who starred in "Best Years of Our Lives," insisted he was fighting mad the other day during a personal appearance visit to Chicago. The lovable ex-GI, who uses hooks for hands, let off a little steam while touring veterans' hospitals in the Chicago area—and his plaint seemed to anticipate the aims of the newly formed Hospitalized Veterans Foundation.

That Foundation, operated through public contributions, has assumed the task of bringing comfort to 125,000 ex-servicemen patients in hospitals by providing entertainment equipment. But Russell flung this charge:

"The public has forgotten the GIa still in hospitals. There was nothing too good for 'em while the shooting went on. Now that it's over, everyone forgets thousands still lying in bed—many of them to remain there till they die.

"You see these hooks? They're nothing compared to what happened to some of those guys."

"These hooks" became necessary when a defective fuse prematurely set off a block of TNT he was carrying. He uses the gadgets expertly for shaving, combing his hair, dressing, eating, washing. But his wife has to tie his tie.

Was Russell right? Has America forgotten her hospitalized heroes? It is an ugly indictment and the public-spirited men who organized the Hospitalized Veterans Foundation stoutly insist that it is hardly justified.

You can help disprove Harold Russell's angry charge of an ungrateful, forgetful nation. You can respond to his eloquent plea on behalf of thousands who are "a lot worse off than me."

Your contribution, dispatched at once to Foundation headquarters through use of the accompanying coupon, will bring happiness to some lonely veteran patient, shorten his monotonous day, improve his contact with the world outside.

Let's show Russell and his pals that they are NOT forgotten.

FRIDAY SUGGESTION CREAMED SALT CODDISH IN POTATO RING

- 1/2 tablespoons fat
- 3 tablespoons flour
- Dash of pepper
- 2 cups milk
- 1/2 cups shredded salt codfish (10 ounces)
- 2 shelled hard-cooked eggs, sliced
- 3 cups hot mashed potatoes

Put fat in saucepan, stir in flour and pepper. No salt is needed because of the salt codfish. Add milk gradually, while stirring and cook until smooth and thickened, stirring constantly. Add codfish by pulling it apart with two fingers or cutting it with scissors. Freshen it with manufacturer's directions. Drain with cold water, and simmer 10-20 minutes or until tender. Drain. Add to white sauce with sliced eggs. Arrange hot mashed potatoes in a ring on a platter with creamed codfish in center. Sprinkle mashed potatoes with a dash of finely chopped parsley if desired.

Suggestions
Creamed Salt Coddish in Potatoes
serve lemoned green beans (cooked and beans seasoned with lemon juice, oil, margarine, salt, and pepper); also pickled beets. For dessert, have crisp vanilla cookies and spread appearance by adding 1/2 teaspoon cinnamon and 1/2 spoon nutmeg to 2 cups cream sauce. Remember in following any recipe to level measurements.
