## Michigan Mirror

The old sales tax diversion amendment is again on ballot. Leanners, city and township officials are working for a big No vote as it means higher wages and more money for them.

Lansing officials are against it as they claim it will leave the state with a deficit. This would cry however has been repeatedly contradicted by the increased sales tax collections which are five million more this year than last year.

Back in 1947 Gov. Sigler asked for a repeal amendment. Later he decided it had no chance and asked the legislature to take it off the ballot. They refused. There is no campaign being made for a Yes vote but the schools, city and township officials are putting up a strong one for a No vote.

Former Lt. Gov. Vern Brown expects an overwhelming No vote. He says that year after the rural dominated legislature turned down the demands of the school districts and cities for assistance who could not function on the property tax alone. Finally they took the law in their hands and passed the diversion amendment. In the meantime the legislature has never presented an alternative plan to replace Diversion. Diversion will work as long as there is inflation and rising prices. The state still has a balance of \$10.6 million.

During the past 12 years 14, 500,000 ft. board ft. of lumber and 113,000 cords of pulp are cut on state lands.

Bounty payments for predatory animals jumped to \$8,965 last month from \$2,250 the month before. There were 467 coyotes & 52 bob cats.

A pre-season census of water fowl by airplane will be taken this week.

12 deer were reported taken in the first two weeks of the bow and arrow season.

227,846 game-birds have been released this year by the conservation dept. game clubs and individuals. This is twice the number released last year.

Names were drawn Oct. 11 for the antlerless deer season in Allegan county.

A male black duck (released at the Mason game farm 10 yrs. ago) was recently shot at East Quogue, New York.

Reinforced details of men and radio equipped airplanes will help conservation men enforce hunting laws.

Antlerless deer can be hunted in 17 Michigan counties this year by special permit.

The names of 350 people who can hunt antlerless deer in Allegan county have been drawn.

58,800 shrubs and 42,210 pine seedlings will be distributed to schools and sportsmen's organizations for game habitat restoration project.

Five clipped trout (killed in Lake Michigan in 1944) are being taken to show up in commercial fishermen's catches.

## The Ford Project

### THE FORD PROPOSITION

The Pinckney mill pond project was discussed at length at the council meeting last Tuesday night and the visit of the committee of W. Ketchum, Walter Clark and Mrs. John Cologne to the Ford Motor Co. was described. The committee was asked to circulate petitions to find out if the purchase plan when submitted to a vote would have a chance of success.

A new note was injected into the matter when Gerald Reason, a real estate man said he had a buyer who would purchase the property and give the village free use of the pond. It will be remembered the Ford Co. said they had a \$3500 offer for it.

However in the latter case the village would have to build the dam and the committee has an opinion from the prosecuting attorney that the village could not spend any money on the property unless they had a deed to it.

## HUNTING CASUALTY

The hunting season opened and there was the usual amount of city hunters. 10 cars were seen Saturday parked near the E. W. Martin farm west of town which the state purchased for a public hunting ground.

The first casualty of the season took place near the Saturday when Robert Davis, a negro from River Rouge, died of heart attack while hunting. Coroner Borden was called, decided an inquest unnecessary & turned Carl Hollister of Anderson was accidentally shot Saturday when his gun was discharged. The charges struck him in the shoulder. He was taken to St. Joe hospital, Ann Arbor where he will be a week. 2 brothers were with him when the accident happened.

Ben to Mr. and Mrs. Edward Reinhold (Eva McLucas) at Michigan hospital. Oct. 16.

Spa Curtiss spent the week with Mr. and Mrs. Dick in Howell.

Gene Middleton and wife of Detroit spent the week end at the Royal Car boys.

## Here and There

The Pilgrim Fellowship of the Pinckney Cong'l church has joined the "Share Shoes" campaign. Kathryn Henry is chairman and she will be assisted by Joann Griffith and Susan Campbell. For details phone Kathryn Henry Phone 35F4.

In many parts of Europe the people are entirely destitute and shoes are unknown. This is particularly true in the Netherlands. This drive was started by the Mich. Shoe Dealers and Jack DeCamp of East Lansing is chairman. Most every family in Michigan has worn shoes, boots and galoshes in their closets only taking up room. You are asked to tie a string around a pair and drop them in the collection box. Five Pinckney stores have collection boxes in them. If you have odd shoes put them in as there are many one-legged people in Europe.

## MASONIC LADIES NIGHT

About 85 people attended the ladies night Saturday evening given by Livingston Lodge No. 76 for the members of the O.E.S. and also to honor Mrs. Winifred Aberdeen, retiring worthy matron. A roast ham dinner was served under direction of George Gardner.

Following the dinner a short program was put on with ve editor as toastmaster. Mr. and Mrs. Frank Aberdeen, Mrs. Iliah Reason, Clifford Miller, Percy Ellis, W. E. Beach, Rex Noggle and Revs. Brady and McLucas, Jack Hannett were among those called upon. Mrs. Eloyse Campbell officiated at the piano for singing "God Bless America". The O. E. S. Ladies double quartet also sang.

Several reels of motion pictures were shown by Clyde Fisher. The balance of the evening was spent in dancing with Erdley VanSickle and Garth Meyer calling Otto Poulson, Fletcher Tracy and Clifford Parker jr. of Howell played. We understand these ladies nights are to be an annual affair.

## MRS. ELVA COOK

Mrs. Elva Cook, 81, died at her home last Tuesday. She was a native of Pinckney and was married to Edward Cook. Pinckney who died 7 years ago. Surviving are two sons, Norman and Clifford of Detroit and three daughters, Mrs. Lucy Catrell and Florence of Howell and Mrs. Madge Entwisle of Detroit. ## THEODORE SCHULTZ

Theodore Schultz, 62, a retired Detroit policeman died at Moon Lake last Wednesday as he was starting a motor boat. He was veteran of World War I and retired in 1941. Surviving are his wife and a son, Theodore jr. Coroner Ganzhorn of Ann Arbor was called and decided death was due to heart failure. The funeral was at the Miller Funeral Home, Chelsea, on Saturday with burial there.

Gov. Dewey pulled a boner last week when he called the engineer pulling his train a lunatic. It happened in Indiana. The train stopped and Gov. Dewey went out to make a rear platform speech when the train suddenly backed up into the crowd 15 feet. As one was hurt but Gov. Dewey said it was the first time he ever had a lunatic for engineer. The explanation was the engine was supposed to take on water but over-ran the water tank by 15 feet. The engineer also got angry and said he did not intend to vote for Dewey.

Clare Miller and family spent Saturday in Lansing. Norman Miller, Bill Brughn and Claude Swarthout went north bow and arrow hunting over the week end. Walter Graves of Jackson visited his mother, Mrs. Winifred Graves last week. Mr. and Mrs. M. E. Darrow came in Jackson Thursday.

## Notes on the Game

Pinckney got back into winning ways last Friday night by beating St. Mary's of Adrian 20 to 0. This gave them an even split in 4 games. The 2 games they won were not league games being Lansing Bteam & Adrian.

Pinckney kicked off to Adrian who could not gain and ball on downs on 35 yard line. On the first play Jerry Heath ran 35 yd. through the Adrian line for a touchdown. Wesley blocked an Adrian punt and Bob Darrow recovered and scored the second touchdown for Pinckney. Darrow also scored the one after catching pass. Bob Darrow and Jerry Heath got the extra points.

In fourth quarter Pinckney's second team went in and against these lightweights Adrian got to the 10 yd. line but did not score.

The Pinckney team showed much improvement in this game. This Friday they play their home game in over a month when South Lyon comes here. This team does not have an impressive record, having played scoreless ties with Inkster and Waterford, beaten Hartland 12 to 6 and been trampled by Dexter 40 to 12. Also they have never beaten Pinckney yet.

The game of the year is Oct. 29 when Dexter comes here. Dexter has defeated Pinckney the last two years and has possession of the trophy which Pinckney can win back by beating them. Dexter won the championship last year but lost most of their team by graduation. This year they have beaten Manchester and South Lyon and lost to Brighton.

If Pinckney wins this game their season will be a success respective of all else.

## FOOT BALL SCORE

2000 people saw Brighton practically clinch the Huron Valley title Friday night by beating Dexter 20 to 13 at the new Brighton stadium in the closing minutes. The game was packed with the Cox scored first for Brighton on a 60 yard run. DeLaTorre scored for Brighton with a 20 yard run. Owen again put Brighton ahead by catching a 70 yd. pass and again DeLaTorre caught passes for Dexter to tie the score. In the final minutes Chuck Carney caught a Dexter punt and behind good blocking ran 80 yds. for a touchdown. Brighton gained 185 yds. and made 8 first downs. Dexter made 156 and not 5 first downs.

Other scores were Howell 6 Mason 19; South Lyon 0, Waterford 0; Manchester 34; Hartland 6; University 19; Chelsea 0; Flat Rock 14; Milan 13; Roosevelt 18; Dundee 3; Romulus 51; Saline 13; Haslett 19; Stockbridge 6.

## Current Comment

Quite a little feeling was worked up in Washtenaw county last week by the shooting of Roosevelt Perkins, 32, a Detroit negro, by Kenneth McAllister, 19, member of a police posse. The fracas started Oct. 9 when Perkins hit two cars in Saline and two persons were injured. He wrecked his car and escaped on foot. Sunday, he was arrested in a Saline restaurant by two Saline officers and handcuffed. He escaped and a posse of 80 men went on a hunt for him. McAllister sighted him in a swamp and called on him to halt and when he ran, shot him dead with a high powered deer rifle. When killed he was still handcuffed and unarmed. Police say the car he wrecked was stolen and he had a police record. Washtenaw county has a large negro vote so an inquest was held. Those who testified were mostly police officers. No one testified for Perkins. The coroner's jury gave McAllister a clean bill, ruling the shooting was justified. At Mears a few years ago Swith Lathers, editor there, termed the shooting of an unnamed Mexican by the sheriff murder. Lathers was tried for slander but the jury acquitted him.

Four Amishmen in Pennsylvania last week were sent to jail for failure to send their children to school. In all they will serve 32 days in jail. Their reason for being against schooling was: it spoils the boys for farm work. All this was a settling down job for the girls after finishing school they want to live out of a farm. One might as well mow a can opener. This sect has also gotten into difficulties there for refusal to solve the dog.

The Detroit curfew law, a throwback to the horse and buggy days, went into effect there last week. By a provision of the law, parents are liable to a fine if their children are on the streets after a certain hour. To our mind this is only another effort on the part of parents to pass the responsibility of bringing up their children off onto the city or state. The state by means of the school already has supervision of the children for three-fourths of the day but apparently the parents are unable to supervise them for the few hours left. We don't think this law will work. It did not back in the horse and buggy days and that was why it was it was discarded then.

We see that the leading Detroit hotels have refused to rent any rooms to Henry Wallace and his party when they visited Detroit over the week end. We suppose he has colored people in his train as he has been making a big play for the negro vote. Back in our youth a minister came to Dexter and were refused accommodations by both hotels there. The committee sponsoring the entertainment had to take them into their own homes.

The mills of justice grind exceedingly slow. 4 years ago Senator Hooper of Albion, an important winner in one of the Sigler legislative graft trials was slain on the eve of the trial. As a result the trial ended in acquittal. 4 Detroit gangsters were tried of conspiracy to kill Hooper. However they have been free ever since. Last week the supreme court turned down their appeal. Pete Mahoney gave himself up and was taken to Jackson prison. Mike Selig, Sam and Harry Fisher are still at liberty. This does not solve the crime on these four men convicted for slaying Sen. Hooper.

# ATTENTION Voters of the Village of Pinckney

The Village Council has been considering the matter of the possibility of acquiring by purchase the land in the Pinckney neighborhood now held by the Ford Motor Company.

As you know the Ford Motor Company owns about 150 acres of land here. The village cannot use public funds to improve this property unless the property is held in the name of the Village. If this land can be acquired by the Village it is contemplated the dam would be rebuilt, restoring the mill pond and preserving the fish life and also correcting the present unsanitary condition. It is also contemplated that good bathing beach would be made proper for use by children and adults and a nice park area maintained.

In order for the Village to purchase this land it would be necessary for the proposition to be submitted to the voters of the Village of Pinckney for a vote. Taxes would have to be levied and collected for this purpose. The committee appointed by the Village Council to investigate this matter is of the opinion that the 150 acres of land could be purchased from the Ford Motor Co. for approximately \$3,500. In addition to this there would be the cost of restoring the dam and other beach and park improvements.

Before submitting the matter to the voters at an election the committee would like an expression from the Voters, reflecting the general public opinion on the matter. Village of Pinckney voters are requested to indicate on the following blank their desires in this matter and mail blank to Mr. William A. Ketchum:

To William A. Ketchum, Chairman  
Pinckney, Michigan

Should the Village of Pinckney at public expense purchase the Ford Motor Company Land in the Pinckney area (150 acres), restore the dam, build and maintain a bathing beach and park area on the land?

YES

NO

# New telephone rates for Michigan Bell customers

**T**HE Michigan Public Service Commission has authorized increased rates for Michigan Bell telephone service. New basic monthly rates are effective October 16, 1948. New charges for certain long distance calls between points in Michigan are effective October 20, 1948. This is the first general increase in 22 years. Michigan Bell requested the increase more than a year ago because of sharply increased costs of providing telephone service.

### BASIC MONTHLY RATES

Basic monthly telephone rates for practically all types of service have been revised, effective October 16. New basic rates for your community will be listed in a folder enclosed with the first telephone bill you receive under the new rates.

The rate increase will produce 8% more revenue for Michigan Bell. However, the increase in some exchanges will be higher than average—in some, lower than average—in order to establish the same rates for communities having a comparable number of telephones. Your basic rate will be determined by the number of telephones you are able to call in your local calling area.

These uniform rates, fair to all, mean that you will pay the same as subscribers in other towns and cities with comparable local calls.

### LONG DISTANCE CALLS WITHIN MICHIGAN

The following changes, effective October 20, apply to long distance calls between points in Michigan:

The initial period is changed from 5 to 4 minutes on 15¢ station calls, and from 5 to 3 minutes on 20¢ and 25¢ station calls.

Overtime rates per minute on calls costing 20¢ or more are changed from 1/4 to 1/3 of initial-period rate.

Night and Sunday rates are increased 5¢ on calls between points 48 to 112 miles apart.

### TO PROTECT THE QUALITY OF SERVICE ANOTHER INCREASE IS NEEDED

To meet the unprecedented demand for telephone service following the war, Michigan Bell had to tackle the greatest improvement program in its history. So far, \$150,000,000 have gone into new and improved facilities—and the program is only half finished! Many more millions will have to come from investors before we will be equipped to give every one the kind of telephone service he wants and needs, whenever and wherever he wants it. Investors will continue to provide that money only if they are assured a fair return.

But our operating costs have continued to rise since we asked for a rate increase a year ago. Looking ahead, even with the new rates, our revenues will not be enough to pay day-by-day operating expenses and still leave enough to pay a fair return to investors. On top of that, we have made a wage offer to the telephone unions that would add substantially to our costs.

All of which means we must have more revenue. So we have no alternative except to ask for another rate increase. But you can be sure that it will be no more than necessary to operate the business and to provide a return that will attract the capital needed to continue our improvement and expansion program.

## 1 1/2 Billion Dollar Road Block!

**RAILROADS MUST OPERATE** around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Sundays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employee!

### You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employees an annual raise which would average \$12.00 per employee!

The total cost of this would be no less than \$4 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

### Demands Unreasonable

These employees have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

### Railroads Run Everybody—Not Employees Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment must know this!*

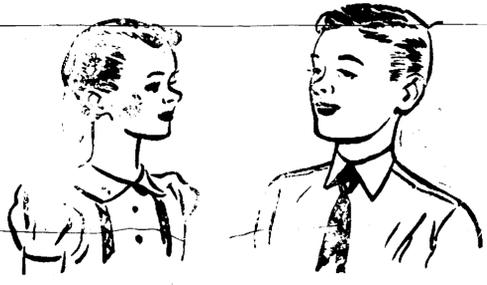

### Strike Threat

On September 18, 1948, the leaders of these 16 unions took a strike vote. *But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!*

U. S. Judge Frank A. Picard of Saginaw has been appointed Michigan State Chairman of the 1949 March of Dimes. Basil O'Connor, president of the National Foundation for Infantile Paralysis, announced today. It is Judge Picard's second year as head of the fund raising campaign in Michigan.

The March of Dimes, conducted nationally each January, is the sole support of the National Foundation and its 2,800 local county chapters. Funds contributed to the annual drive pay costs of medical care and treatment for polio victims and finance the scientific research and professional education programs sponsored by the National Foundation. The 1949 appeal will be held January 14-31.

Judge Picard, a native of Saginaw and a graduate of the University of Michigan, began his career as a newspaper reporter in Saginaw. He was admitted to the Michigan bar in 1912 and the following year became assistant prosecuting attorney for Saginaw County. He was engaged in private law practice from 1913 to 1939 when he was appointed U. S. Judge for the eastern district of Michigan. Judge Picard served as chairman of the Michigan Liquor Control Commission 1932-1934, and as chairman of the Michigan Unemployment Compensation Commission 1937-1938. He helped formulate the state liquor control plan and is co-author of the Michigan Unemployment Compensation Act.

Mr. O'Connor, in announcing Judge Picard's acceptance of the March of Dimes chairmanship, revealed that when the fund-raising drive figures for 1948 were tallied the toll of infantile paralysis in the United States from 1943 through 1948 may well exceed 100,000 cases.

"While the final answer to the mystery of poliomyelitis—the discovery of a cure and a preventive for the disease—lies in the research laboratory," Mr. O'Connor said, "the generous support of the American people is now more vital than ever before if victims of polio, children and adults alike, are to receive the care they must have to achieve maximum recovery."

**I'm Glad We're "Different!"**

There's a lot of difference of opinion in our county on the best kind of pasture. Some say alfalfa mixed with bromegrass—others say mixed with oats or barley. But all agree that a mixture is better than a single crop.

I sometimes think people are the same way—and the strength of America is its mixture of so many different strains—some from one country, some from another—right down to little differences: like folks who have a taste for beer and those who prefer cider.

From where I sit, so long as we never become intolerant of one another's different tastes—so long as we live together with our differences, and even supplement them the way bromegrass does alfalfa, then we're a mighty good crop!

So, my dear—enjoy your cider while I enjoy my beer! Vote for your candidate—I'll stand by mine! But never let our differences divide us!

**MONEY ORDERS**

When sending money out of town one of the most convenient forms is the bank Draft or Money Order.

This form of transmitting money makes immediate credit available to you without routine checking of validity of personal checks, or the danger of loss of currency in the mail.

The cost is reasonable and cheaper than any other form.

The draft is retained as a permanent record by the bank and can be produced as evidence of payment in case of error the part of the payee in giving proper credit for payment.

A Savings Account can be opened with as little as a \$1 bill.
