No. 23

Michigan Mirror

The popular legislative refrain in Mich is "Whose to blame for the coming state deficit?" Gov Williams blames the legislature & says he expects to call a special session to get the state out of the red. He seeks a corporation profits tax. He seeks to put the 1949 publican legislature on the defensive, a good strategy if it works.

In this he gets some support from such papers as the Battle Creek Enquirer News, Jackson Citizen Patriot etc. who contend the legislature quit with their job unfinished when a deficit threat on the state.

Rep. John Espie blames the constitutional earmarking of state funds which returns 78 percent of the sales tax to the people. His advice is "levy no new taxes, wait until January when we can see where we stand."

He does not believe any economy measures will avert a deficit. In the past he says reorganization of state bureaus has always increased expenses.

He blames sales tax diversion, for the impending deficit. He says his county of Clinton received \$1,819,228 in sales tax funds and paid \$1,117,358 this got \$1.00 back for every \$2.53 of county taxes.

The situation becomes involved when the populous counties who pay most of the sales tax fail to get their share back or get reapportionment. It was this failure that caused the diversion amendment.

Will the legislature receive credit or condemnation for its refusal to face facts?

OBITUARY

Adah Sylvia Sprout was born in Waterloo town, Jackson Co., Michigan, Feb. 16th 1861. At the age of 20 she was united in marriage to Edwin A. Sprout and moved to the farm near Ancker, Livingston Co., where she lived to the day of her death, May 31st 1949.

To this union three children were born, Sydney R. who passed away in Jan. 1948, Florence Gardner of Stanton and Philip D. with whom she made her home. Her husband preceded her in death Sept. 1919.

Being the daughter of deeply religious parents, she early became a member of Methodist church and was a life member of the Missionary Society of that church.

Especially during later years her time was ever at hand and a great comfort to her. She loved her children and never wished to be far from home. In the early dawn of a fair May day she passed away quietly at the age of 88 years.

Surviving besides the two children are nine grandchildren, fifteen great grandchildren, a sister, Mrs. Agnes Runciman, and a number of nephews and nieces.

She was laid to rest in the family plot in the Sprout Cemetery. Oh Mother, thy gentle voice is hushed, Thy dear kind hands are still, And on thy white and marble brows resting Death's cold chill.

We have gazed upon thy form, We have kissed thy marble brow, And in our sad and aching hearts, We have no mother now.

Funeral services were held Thurs. afternoon at Swathout Funeral Home. Rev. J. M. McLucas officiating.

ST. MARY'S ALTAR SOCIETY BAKE SALE

The ladies of St. Mary's Altar Society will hold a bake sale at Martinus Locker on Sat. June 11 starting at 10:30.

Committee: Gale Newland and family of Ann Arbor were Sun. guests of Mr. and Mrs. John Corver.

Ernest White and wife and the Frank White family of Howell called at the Ben White home Sunday.

The Louis Sheban family were Sun. callers at the Wm. Sheban home.

Sunday guests at the Jesse Henry home were Miss Florence Tupper of Flint, Ches. Whitehead and wife, and Beatrice Lombard of Gregory.

Pvt. Wm. Hill is home from Quantico, Va. on furlough. Charles Scott and wife of Rip 14 City, Mich. are visiting at the Roy Scott home, also Mrs. Doro and family of Rip 14 City.

School News

ANNUAL COMMENCEMENT

The annual commencement of the Pinckney senior class was held at the school Friday night. The auditorium was completely filled and standing room was at a premium. The class numbering 32, largest ever to graduate here, marched in dressed in caps and gowns and took their places on the stage decorated with the class colors and flowers. The customary parts were ably delivered by the persons assigned to them and every member of the class had a part in the program. Rosalee Nash delivered the Salutatory of welcome and Norma Secker, an all "A" student for her entire 4 years, the valedictory of fare well.

The awards were won by Miss Secker who took the first award of \$25 made possible by the Thomas Read family, the second one of \$15 went to Rosalee Nash who had all "A" marks but one in her 4 years of high school.

Sat. the class were guests of the alumni. Monday they left in 7 cars driven by Supt. Reader, Weldon Chamberlain, Don Clark who drove Mervil Gyde's car, Mrs. Clare Palmer, Jack Hannett, Lucius Doyle jr., Mrs. Lloyd Van Blaricum for a weeks trip to Washington D. C. and return by way of Niagara Falls. The money for the trip was raised by the class during their high school years.

The annual Pinckney high school alumni reunion was held at the school Sat. night, the dinner being put on by the Young Ladies Auxiliary. Ross Read, pres. called the meeting to order and introduced Gerald McClellan, toast master, class of 1924. Judge Payne, of Ann Arbor was the speaker and he talked on opportunity for the graduates of 1949. Mrs. Cass Schaefer played several accordion selections and Ed Meyer of Ipsworth sang two solos. Susan Campbell, Jeanne Joan Smith and Virginia Shirley put on a skit entitled "My Memory Column."

The roll call of the different classes starting with 1892 showed that class as usual with a 100 percent representation, its 2 members, Dr. Norman Wilson and Mrs. Laura Howlett being present. The class of 1899 was honored. Of its 10 living members, Nellie Gardner, Lelia Monks and Wirt Barton were present.

The election of officers for next year resulted as follows: M. E. Darrow, vice pres. Gerald Read, Sec., Mildred Ackley, Treas. Ruth Ritter.

The balance of the evening was spent in dancing with the Rhythm Makers furnishing the music and Clare Swarthout calling.

MARRIAGE LICENCES

Clifford Williams, 34, USN, Ernesune Hartman, 30 Brighton; Thomas Klaus, 19, Howell; Wilhelmina Northway, 17, Howell; Harry Rorabacher, 29, Oak Grove; Helen Maas, 27, Howell; Daniel Ordway, 39, Howell; Agnes Urban, 35, Howell; Alfred Fiau jr. Howell; Helen Heard, 19 Detroit; Harry Cain, 51, Howell; Thelma Clemens, 37, Howell; Carroll Niles, 31, Elkhart, Ind.; Duane Ladoucer, 30, Howell; Harold Canfield, 22, Fowlerville; Dorothy Gentry, 20 Howell; Van Close Chester, 22, Howell; Edna Bailey, 22, rowling.

CONSERVATION

The 1948 commercial fish take was 30,103,292, best since 1935. 70 teachers from Mich. school will receive instruction at Higgins Lake June 12 to July 3.

This dept. sold \$120,446 worth of oil and gas leases last week in state lands.

20 forest fires last week burned 12 acres.

A new spray is being tried out in the Traverse City area to keep deer from damaging farmers crops.

This dept. has put a new 42 ft. diesel powered boat service on the Great Lakes.

There were 625 conservation arrests in April mostly for fishing without a license. Atlantic eels have been introduced in the Great Lakes to clean out the lampreys. Bounty payments on predatory animals jumped to 6,180 in April. 206 coyotes, 46 wolves, 19 bobcats.

FOR THE RECORD... THE TIRELESS WORK OF OUR MEDICAL SCIENTISTS... THE WISDOM OF PARENTS TO TAKE ADVANTAGE OF THE FINDINGS OF MODERN SCIENCE... AT NO OTHER TIME IN ANY OTHER NATION HAVE CHILDREN HAD SO GREAT AN OPPORTUNITY FOR LONG LIFE AND HEALTHFUL LIVING AS THEY HAVE IN AMERICA TODAY... CHILD HEALTH DAY

Social Happenings

HALL COLE
The wedding of Miss Hilda Hall of Grand Rapids, daughter of the late Alger Hall and Mrs. Gale Hall to Jack Cole of Gregory, took place Sat. at the West Cong'l Church in Grand Rapids. Miss Alberta Dinkel of Pinckney was bridesmaid and Edward Hawley of Gregory, best man. The reception was held in the church parlors. After a trip to New York City they will reside in Gregory. The groom operates a mill in Howell.

RECORD INSTALLATIONS

The Detroit Edison Co. expects to break all records for installation of generating equipment this year according to Walter Cislter vice pres. of the Co. The cost central region, including Mich. will install twice as much as any other region. Desirable margins of generating capacity are about 15 percent. This will be achieved in the east central region in 1951. Last year's margins were 5.6 of excess capacity. In 1949 7,000,000 kilowatts have been added. Production of electric energy will increase 8.3 in 1949. He said that he believed in the expansion of water power facilities to the extent they are economically sound by the government but that it was a necessity for them to bear their proper extent of the costs involved.

CARD OF THANKS

The family of late Mrs. Adah Sprout wish to thank all neighbors and friends for kindness during the illness and death of their mother and especially Rev. McLucas for his comforting words to the Anderson neighbors for the lovely flowers and the Swarthout Funeral Home for their kind efficiency.

VILLAGE BOARD OF REVIEW

The board of review for Pinckney village will meet at the Putnam town hall June 13 and 14 from 9 a. m. to 5 p. m. to review the tax roll. All persons with grievances are invited to appear at this time.

CHILDREN'S PARTY

Rev. Albert Schmitt entertained 71 children of St. Mary's parish at a party at the rectory Sat. Games were played, refreshments served and a fine time had by all.

ST. MARY'S CHURCH

Fr. Albert J. Schmitt, Pastor
Sunday Masses, 8:00 and 10:00
Daily Mass 7:30 A.M.
Confessions Sat. 7:30 to 9:00 p.m.
Sundays, before 8:00 mass
Fridays, after Novena Devotions
Novena to Our Sorrowful Mother
Friday at 7:30 P.M.

COMMUNITY CHURCH

Rev. J. M. McLucas, Pastor
Sunday, 10:30 Church Service
Reception of members and baptism of babies. Sermon "For the Joy Set Before Him, Jesus Endured the Cross". 11:30 Children's Day Program by the members of the Sunday School. "Ye Are My Friends." Special offering for Our Christian World Mission.

Prayer Service 8:00
Children's Service 11:00
Prayer Meeting Wed. Ev. 7:00

NOTICE

The regular meeting of the Pinckney Circle of King's Daughters has been postponed for one week and will be held June 8th at the home of Mrs. Margaret Burns. Evening Meeting. See.

CAN THE ATOM BOMB KEEP THE PEACE?

The atom bomb is the greatest agent for peace in the history of mankind, because if it ever is used, the war making abilities of a nation may be destroyed in a single day. Read "Atomic War Stagnates Hope for Peace" in The American Weekly, great magazine distributed with this Sunday's (June 12) issue of The Detroit Times.

FRIDAY EVENING GUESTS

Friday evening guests at the Ona Campbell home were John North and wife, Mr. and Mrs. G. Davis and daughter, L. C. Gorham of Detroit, Bob Campbell of Frazar and the Roy Campbell family.

IN THE OLD DAYS

The recent death of Mike Roche brings to our mind a case but episode of some 40 years ago in which he played a prominent part. In those days Pinckney was holding Old Boys and Girls Homecomings every two years and they were featured by morning and afternoon ball games. The morning game the second day was between Dexter and Pinckney, bitter rivals. Frank Dolan managed Pinckney and Bob Hamilton, Dexter. Dr. Curdy, Dexter's physician for Pinckney, and Cliff Koenig, Dexter's trainer, were on the grounds. The game was a close one. Dexter's pitcher, Dexter, pitched a Dexter man as unproven on bases but he was put off the field by force by Wm. Moran, Pinckney's pitcher. Pinckney won 4 to 3. Dexter later treated the day as a sea Catholic picnic.

It is set the stage for the final game at the Dexter Labor Day Catholic picnic. The Pinckney team for the first game was Pat Lavey c; Curdy, p; Cadwall, 1b; A. Lavey, 2b; Rex Read, ss; F. Read, 3b; Finley, A. Swarthout and Dolan, outfield. Dexter had Collins, c; Koenig, p; G. Eck 1b, Fitzsimon, 2b; M. Eck, ss; Sweet 3b; Smith, catcher and Kennedy outfield.

The last named was Irvin Kennedy, then living in Dexter. He was a long ball hitter. For the labor day game Pinckney added Kinn and Bill Roche to the outfield and had J. Works on third. Curdy Moran pitched. The game stood 2 to 1 in the 9th with Dexter ahead. Pinckney got a man on and Mike Roche was next. He sanded his hands and hit the ball over the left field fence. Umpire Frank Shorpey called it foul. The Pinckney team left the field. The argument has endured to the present day as to whether the ball was foul or not. Mike Roche and Frank Shorpey used to meet each year at Dexter Catholic picnic and renew the argument. Sometimes they were joined by George Kratmiller who played left field for Dexter and had to chase the ball.

SILVER LAKE DROWNING

Vinyl Clevidence, 17, an Ann Arbor high school and a local boy when he jumped from boat on Silver Lake Saturday afternoon, June 5. He was spotted by the day of the Wm. Deal and the boat was recovered. Clevidence and his companions were deeply resented each Monday morning.

The dead boy was a senior in Ann Arbor high school and a local boy. He was rated with the 5 best hurdle jumpers in the state. He is survived by his mother, Mrs. Marble Clevidence and 4 sisters. His father died in 1944.

Coming to the story told to the Washtenaw sheriff, the boys were in a boat containing Roy, LeMay, LeMay, 17, Thomas LeMay, 17, Dawn Bauer, 17, Dolores Aschman, 17 and Margaret Dahl, 17 all of Ann Arbor. When the boat was in the water Clevidence came up and called for help. LeMay got hold of him but Clevidence choked him and made him let go. He did not come up again. The girls brought the boat to the place where the boys were and got them to shore.

SOFT BALL MEET

The Pinckney soft ball team has entered the county league and plays the first game at Howell on the night of Wednesday, June 15 with the Howell City Service. Other teams are the C. I. O. and Eagers Cleaners.

CARD OF THANKS

We thank sincerely our friends and neighbors for their many kindnesses at the death of our brother and uncle, Michael J. Roche. Your generosity and thoughtfulness will be held in grateful remembrance. Will Roche, Nieces and Nephews of M. J. Roche.

TWP. BOARD OF REVIEW

The board of review for Putnam township will meet at the town hall June 7 and 8 from 8 a. m. to 5 p. m. and also on June 12 and 14, to review the tax roll and correct any errors. Persons with grievances are asked to appear. Stanley Dinkel, supervisor.

Current Comments

Here is an interesting item on the school situation and shows that the state dept. of education is not playing. The school in question is Carsonville in the Triumb of Michigan. The school despite many warnings continued to fail to meet the required state standards. Finally the state withdrew the state aid for non-accredited pupils and took it off the accredited list. Preparations were then made to close the high school and send the pupils to Sandusky. Finally the citizens went up and circulated petitions in which the citizens agreed to raise the money to replace the state aid and keep the high school running themselves. An improvement program has now been started to see if they can win back the state aid they have lost. Sent of locking the barn after the horse is stolen.

We see there were the usual number of drownings reported over the Memorial Day holiday and there will probably be more over the July 4th one.

A curious thing about them is that few persons who live in the vicinity of the lakes ever drown. It is usually city people who are unfamiliar with the water. So apparently ignorance is the cause of most of the drownings. There are two rules which if followed would cut the number of drownings to a minimum. 1. Do not go in swimming in stream or waters unless you are accompanied by some one who knows where the deep holes are. 2. Do not go in right after eating a big dinner.

The Pinckney high school base ball team this year was probably the best which ever represented Pinckney. Their record was the best anyway, 12 victories and no defeats. With two veteran players, Jim Burroughs and Joe Jorgens, in top form and such boppers as Bob Darrow, Gerry Smith and Tom Good the team was in a good position and had a walkway in their march for the title of state title. Unfortunately most of the team are seniors. Jerry Clark, Jim Burroughs, Bob Amargue, Bob Darrow, Gene Fowler, Dick Singer, Tom Good, John Sprout and Wes Palmer all graduated. The past year the boys lost the football title to Brighton by one game. Then won the baseball title and ended by winning the base ball champion ship.

The house of congress passed the veterans Pension bill last 365 to 27 giving disabled war veterans of World Wars I and II pensions of \$72 per month. The cost if it passes the senate and is signed by the pres. would be \$65 billion per year. The bill does not demand an examination at the age of 65 nor does it deny a pension to a veteran who is able to work part time. The property exemption is raised to \$1,200. No, this does not mean that said bill will pass as it will find tough opposition in the senate. The members of the house are all up for election next year and want the service mens vote. Hence, their top heavy majority for pensions. The senate is elected for 6 years terms and is much more conservative. The house had little debate on the bill and broke their necks in passing the buck to the senate. The probable fate of the bill is, that as the session of congress is rapidly drawing to a close it will be allowed to die in some senate committee. Such a pension bill will undoubtedly be passed some time but we doubt that it will be this year.

Editor LaComb of the Brighton Argus dared to speak his mind last week and has received all sorts of abuse. In an editorial he said he doubted if the Crime murderer had been solved despite the fact state police were holding 4 men charged with the crime. The cowardly murder of this old man in Brighton for estimated wealth which he did not possess has caused intense feeling and we have even heard of rumored necktie parties. However, according to our American system and proved guilty and Brother LaComb of rights every person is presumed innocent until they are proved guilty. Editor LaComb was within his rights in expressing an opinion on the case.

Children Pay a visit to United Nations

European children got their chance to visit the United Nations at the General Assembly meetings, recently ended in Paris. Here some young visitors learn what the United Nations is doing to help children from Mrs. Eleanor Roosevelt, United States delegate and Human Rights Commission Chairman, and Dr. Charles Malik, of Lebanon, chairman of the Economic and Social Council.

Personalities at United Nations General Assembly

Important figures at meetings of the United Nations General Assembly in Paris are the session's president and chairman of its six main committees, who are shown above, where the real work is done. In the center is Dr. Herbert V. Evatt, Australian Minister of External Affairs and Assembly President. Others are: (1) Paul Henri Spaak, Belgium, political and security committee; (2) Hernan Santa Cruz, Chile, economic committee; (3) Charles Malik, Lebanon, general and disarmament committee; (4) Narayan K. Purohit, India, trusteeship committee; (5) E. J. Campbell, Canada, administrative and budgetary committee; and (6) Ricardo Alfaro, Ecuador, social committee.

Today's Lesson: The United Nations and How It Works

One of the first of hundreds of schools throughout the world which are adding studies of the United Nations, its Charter and its activities to their courses is the high school at Great Neck, N. Y. The United Nations Association encourages that all U. N. Member Countries encourage the addition of similar courses to their school programs which adopted by the General Assembly.

Uncle Sam Says

More than 200,000 newspaperboys are demonstrating the "Spirit of America" this month by distributing 12 million U. S. Savings Bonds folders to as many American homes. They will be carrying opportunity right to your door, calling attention to the U. S. Savings Bonds "Opportunity Drive" May 16-June 30. They will explain how you can turn \$75 into \$100 in only ten years and how easy it is to enroll on either the Payroll Savings Plan where you work or if self-employed, the Bond-a-Month Plan where you bank. However you arrange it, you win either way. Enroll NOW. U. S. Treasury Department

Uncle Sam Says

The smart man knows that the only way to protect his family and himself is with a safe, systematic plan of saving. U. S. Savings Bonds provide the safety and the Payroll Savings Plan or the Bond-a-Month Plan is the systematic way. No one can provide security for the future by free-spending. You can face the future with confidence, however, by investing a part of today's earnings in Savings Bonds. That is the intelligent way. And you have the choice of two convenient plans of purchase, the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank. U. S. Treasury Department

Uncle Sam Says

Pop's got his feet in the sand, not his head, because he's a payroll saver. He knows where his future vacations are coming from. There's no guesswork about his plans for security. Automatically every pay day part of his pay goes into United States Savings Bonds which will pay him \$4 for each \$3 in 10 short years. Security—future plans will belong to other fellows like Pop unless you count yourself in with United States Savings Bonds. U. S. Treasury Department

The modern 49'er doesn't have to travel overland to strike it rich. He can strike it up right at home—with U. S. Savings Bonds. You don't have to risk your lives, as did our forefathers. You can sign up for Savings Bonds during the big "Opportunity Drive", May 16-June 30. In ten short years every \$3 you invest now will grow into \$4. You will thereby be assuring a sound America and your own future security. THIS IS YOUR OPPORTUNITY—act now and the future will be yours—your cherished dreams will come true. U. S. Treasury Department

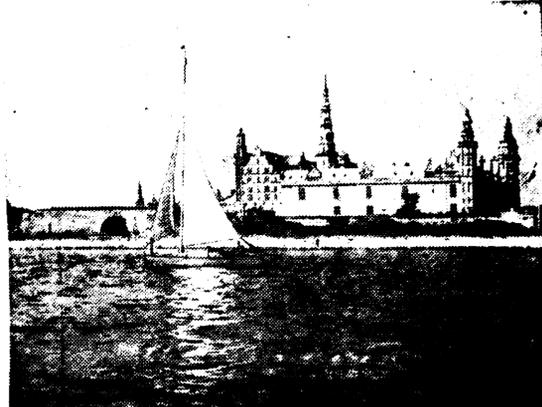

BUSHEL-BOOSTING TOPSOIL . . . Missouri University agronomists proved crop-boosting worth of thick topsoil. Corn yield was only 36 bushels per acre on field with no topsoil (left), 58 bushels on one layer of topsoil (center) and 70 bushels when grown on double layer (right). Topsoil can be thickened on any farm by growing deep-rooted legumes in rotation and feeding them well with phosphate and potash fertilizer.

SOIL BUILDER . . . Deep-probing sweet clover tap-roots (left) pry down below plow sole of tight soils and open them to air and water. Roots and tops add organic matter and make a thicker, richer layer of topsoil for bigger crop yields. Red clover (right) always stays "upstairs." With thicker topsoil, more plant nutrients and water are available to crops. To do top job, tap-rooted legumes need plenty of phosphate and potash fertilizer.

Historic Castle Site of U.N. Conference

Kornborg Castle at Elsinore, Denmark, where Prince Hamlet of Shakespeare's drama lived, will be the site of an Adult Education Conference, sponsored by the United Nations Educational, Scientific and Cultural Organization (Unesco), beginning 16 June.

International Law Commission Meets at U.N.

Charged with the fundamental job of developing and codifying the international law which is to govern the conduct of nations, International Law Commission of the United Nations is now holding its first session at Lake Success, N. Y. Members of the Commission shown here at U.N. Headquarters are: Left to right, Dr. V. Koretsky, of the USSR; Chairman Judge Manley Hudson, United States; Sir Bengal Rau, of India; and Dr. A. Amadeo.

U.N. Sponsors Holy Land Peace Talk

In what may be one of the last steps toward a permanent settlement of the Holy Land conflict, the United Nations Conciliation Commission for Palestine, in Lausanne, Switzerland, is sponsoring Arab-Israeli exploratory talks on the terms of a future settlement. The Commission's Principal Secretary, Fakhri al-Azzawi, is shown with the UN's Chief of Business, William H. Murray, and the United States, and the Turkish Representative H. C. ...

Phosphate Added to Manure Balances Plant Food Content

CHICAGO — Adding superphosphate to barnyard manure before it is spread in the field is a profitable practice for Corn Belt farmers, declared the Middle West Soil Improvement Committee, in a statement made public here.

"Many farmers report that a load of phosphated manure is more effective than two loads of untreated manure as a top-dressing for new legume-grass seedings or old established hay fields or pastures," says the statement.

"Superphosphate gives the manure a better plant food balance. Prof. C. J. Chapman, extension agronomist of the University of Wisconsin, points out that manure is relatively low in phosphorus. An average ton of manure with bedding, he says, contains 10 pounds of nitrogen, 5 pounds of phosphate and 10 pounds of potash. By adding 25 pounds of superphosphate to each ton you can increase the manure's phosphate content to 10 pounds per ton.

"Prof. Chapman says superphosphate helps the manure hold nitrogen that might otherwise be lost."

Methods of adding phosphate to the manure may vary according to farm conditions, but the program should be carried on throughout the year, the statement says.

"One method is to place the superphosphate in the spreader as the manure goes onto the field," the statement points out. Prof. Chapman recommends adding 25 to 30 pounds on each load.

"Another way is to place superphosphate in the gutters of the stable or open run barns, at the rate of one pound per cow per day. Prof. Chapman says superphosphate, thus applied, will absorb considerable amounts of liquid manure. It will also hold any free ammonia that might otherwise be lost by evaporation when fermented manure is hauled and spread on the land. Prof. Chapman cautions that superphosphate spread on driveways may irritate the feet of cows."

Sod Crops Profitable

Sod crops are one of the best profit builders on a farm, the Middle West Soil Improvement Committee points out. More grass and legumes means you can carry more cattle or hogs per acre. A good legume-grass sod builds soil structure and mellow the land for crops following. To get good top growth and root development, lime the soil according to tests and add plenty of phosphate and potash.

NEW WAY

to tell the best-tasting beer in Michigan!

A. ALTES LAGER beer is made exclusively in closed vats, unlike other beers made in open vats.

B. Beer made in closed vats tastes better—because air or anything else harmful can't get in—and no flavor can escape from a closed vat.

C. Compare the exclusive aged-in, sealed-in flavor of ALTES LAGER with any other beer. Your taste will tell you it's better because it's made in closed vats!

It's made in closed vats!

ABC is your reminder of

ALTES LAGER BEER

MORE CORN . . . As much as 25 more bushels of corn per acre have resulted from alternate planting of rows of corn and soybeans, says Prof. A. L. Lang, University of Illinois agronomist. Corn stood better and gave better quality ears. Although not fully tested, this method seems to offer crops greater access to sunlight, moisture and plant food.

Plant Food Called 'Good Buy' at '49 Farm Price Levels

CHICAGO—Stressing that fertilizer is a "good buy" at present prices, Missouri University agricultural economists declared that the generous use of plant food should be profitable for farmers this year.

"Money spent for fertilizer is an investment that will pay out in a short time," these economists point out. "It will get more efficient crop production—more bushels or pounds of feed per acre with little or no additional labor cost. Fertilizer prices have increased much less than the price of farm products in recent years."

Fertilizer does its best job of crop boosting when it is teamed with management practices that build up soil structure and keep the land in place after it is built up, the Middle West Soil Improvement Committee declared.

"When you build soil structure, you provide the most favorable growing conditions for crops," says a statement issued by the committee. "Well-structured soil is a better 'warehouse' for plant nutrients and moisture. Crop roots have all the leg room they need to forage for nutrients, water and air. The result is higher yields at a lower cost per unit."

"The way to build soil structure is to follow a rotation centered around deep-rooted legumes and grasses. Legumes such as sweet clover and alfalfa add organic matter. Their drill-like taproots bore through tough, tightly packed soil and open it to air and water. When grasses and legumes are well fed with fertilizer carrying phosphate and potash they develop sturdy growth above and below ground. Plowed under, the tops and roots enrich and mellow the soil."

New Homes and New Lives for Refugees

After years of flight, growing numbers of European refugees are settling down in new homes found for them by the International Refugee Organization (IRO). At left, in the sparsely-settled farm lands of Venezuela, a homesteader

(right) fresh from a refugee camp in Europe chats with his new neighbors. At right, a pair of young displaced persons, who were among the first group of refugees to be admitted to the United States under a recently approved law.

International Technical Aid Given Countries of World

New ways of solving old problems are shown to experts and governments in dozens of countries through technical assistance programs of the United Nations and its affiliated specialized agencies. Here scientists in Italy learn about latest methods of control insect and fungi infestation in stored grains at a school conducted by the U.N. Food and Agriculture Organization (FAO).

From where I sit... by Joe Marsh

Don't Fence Yourself In

Every spring, Handy Peterson and Easy Roberts patch up the stone wall that separates their farms. They walk along talking— Easy on one side, Handy on the other—picking up the fallen stones and putting them back.

Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."

"Yes," says Handy, "a lot of walls and fences are like that. They keep on separating the people from a good reason. Maybe we'd all be better off if some of them were torn down, instead of kept standing."

From where I sit, Handy said a mouthful. Take the "walls of intolerance" that people build up against each other. I like a temperate glass of beer now and then, you may prefer buttermilk—but that's no reason for me to criticize you, or you, me. Let's live and let-live together—making more friends and fewer "walls."

Joe Marsh

STATE OF MICHIGAN

The Probate Court for the County of Livingston

At a session of said Court held in the City of Howell in said County on the 2nd day of June A. D. 1949

Present: Hiram R. Smith, Judge of Probate

In the matter of the Estate of Eugene Vasa Hegegan, Deceased

It appearing to the court that the time for presentation of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court.

and that the legal heirs of said deceased entitled to inherit the estate of which said deceased died seized should be adjudicated,

It is Ordered, That all of the creditors of said deceased are required to present their claims to said Court at said Probate Office, and to serve a copy thereof upon Peter Gustafson, Administrator of said estate, at 200 E. Davis St. Ann Arbor Mich., at said Probate Office on or before the 15th day of August A.D. 1949 at ten o'clock in the forenoon, said time and place being appointed for the hearing and demands against said deceased, and for the adjudication and determination of the heirs at law of said deceased at the time of his death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order once each week for 3 successive weeks previous to said day of hearing, in the Pinckney Dispatch a newspaper printed and circulated in said County.

Minnie E. Porter, Register of Probate
Hiram R. Smith, Judge of Probate
ordination and adjustment of all claims

Mr. and Mrs. Kenneth Line and Ken Quigley and family spent the week end in Cadillac.

Carol Francis Walker of Cass City, grand daughter of Mrs. Clementina Bowen of Howell, was hit by an auto last week and badly hurt.

Barny Wilson and wife of Ann Arbor were Sat. visitors of the Percy Ellis home.

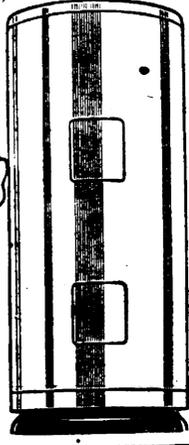

"Rugged?"

"Of course—
It's ELECTRIC!"

**ELECTRIC WATER HEATERS
ARE DURABLE—LONG LASTING**

You don't have to pamper an electric water heater—it's built to give day-in, day-out service for years and years. Once it's in your house, you're through with tinkering with temperamental tanks.

For hot water service that's dependable, convenient, clean and quiet—look to electricity. See your plumbing dealer, your appliance dealer or any Edison office.
