Volume 67

The Pinckney Dispatch Wednesday, October 11, 1950

No. 50

## Michigan Mirror

As football takes up page 1 and a frosty fog fills the air Michigan residents are reminded now is the time to get those Christmas packages off to those serving overseas in the armed forces. The same conditions exist as in World War II with hundreds of Mich. men being called into the service each month.

A LO rating is being imposed on Michigan industry. Military contracts are given the right of way in all industrial plants. War production is expensive. A man with a \$40 income must pay \$5 as against \$4.10 before the increase. This is expected to cut spending in the lower brackets.

Starting pay scales for state employees are 20 percent lower than those of city and county employees Gov. Williams has asked a boost in civil service rates.

The post convention lull is taking place in politics.

The Fighting Republicans Inc. are attempting to rejuvenate the party A meeting is planned under the oaks at Jackson. Vern Brown who lost the gubernatorial nomination to Kim Sigler in 1946 and Kit Clardy who was licked by Bill Blackney in the recent primaries are creators of the organization.

Most political candidates are dodging the colored oleo amendment. The cities are strong for it with the rural districts opposed.

Action on the state unemployment law compensation has been postponed until after election. Also on the telephone request for a rate increase.

Michigan agriculture men see good profit in sheep raising. The Michigan sheep population is the lowest now in 85 years.

Less than 4,000 handicapped workers in Michigan are not out of work. The number a year ago was 15,000.

## FRIENDSHIP FOOD TRAIN

Food for the Christian Rural Overseas Program is being collected by both Catholic and Protestant churches in Livingston county. George Robb of Fowler, is chairman and the ministers and laymen of the county are assisting him. The churches are supporting orphanages and homes for the aged in Europe and Asia. Refugees and students will also receive food from our land. The food needs total 11,897 tons or the equivalent of 585 cars.

In Pinckney Rev. Albert Schmitt will collect the food from the Catholic families and Revs. Beachey and Brady from the Protestant families. Unadilla is in charge of Rev. Woolcock of Gregory, McKay of Unadilla and Nixon of Plainfield. Rev. Hancock will cover Iosco and Marion.

Paul Hoffman, administrator of our overseas program says, "A large number there are still in dire personal want. Only by personal gifts of the American people can they be saved from starvation."

## DEER HUNTERS

Most of the bow and arrow hunters came back last week without deer. Dan Howlett got one near Curran and John McGuire one at Mio. The others saw them but could not get any. Winston Baughn and Jack Reardon joined them at Douglas Lake for the week end.

## THE CASE OF THE FROZEN FOOT

Murder never faced him jails couldn't hold him. Read the suspense-packed story, "The Case of the Frozen Foot" in this Sunday's (October 15) issue of The American Weekly, great magazine of true-life stories. EXCLUSIVELY with Detroit Sunday Times You're missing something if you miss Sunday's Detroit Times.

## LOCATED AT PORTAGE LAKE

Russell C. Nelson of Arkansas who is studying for a degree at University of Michigan, is living in the Allee cottage at Portage Lake. He is a tenor and gives instruction in voice. Has taught music 15 years and had 5 years experience in concert and radio and is also available for conducting concerts, plays, choruses and operettas etc.

## ATTENTION LIVINGSTON

NO. 78 F. & A. M. Due to circumstances beyond my control the trip to Alpena scheduled for Saturday, October 14 to work a Third Degree has been cancelled.

George Gardner, W. M.

## Conservation

Owing to the large number of hunters and poor hunting conditions, the grouse bag in the upper peninsula the first week was light.

20,000 applications have been received for the special deer hunting season. 21,800 permits will be issued to reduce orchard and crop damage.

Fall plantings of 4,500,000 seedlings have started. 9 classes of pine seedlings are included.

Hunters are urged to be careful with cigarette and campfires during the hunting season.

Canadian geese are beginning to move into southwestern Michigan. They are already in Swan Creek area.

The Ladies Garden Club at Roscommon took a deer census and counted 63 deer to a square mile.

Sale of fishing licenses which started slow are now ahead of last year 730,385 compared to 729,555 last year. Sale of out state licenses numbered 117,447.

7 state parks have been closed for the winter. Most of the others will remain open until zero weather when the water has to be shut off.

Pheasant hunters are asked to mail in the leg and wing of each bird shot so the history of this years hatch may be compiled. Stamped envelopes may be secured from license dealers or sportsmen's clubs.

## GOVERNOR WILLIAMS TO AT HOWELL, OCTOBER 21

Governor C. Wentzen Williams will be present Saturday night, October 21 at a dance at the Howell Armory. He will call for square dances. Cider and conits furnished. Admission is FREE.

## SERVICE INDUCTIONS

Jack Darrow left Tuesday for Camp Lewis, Wash.

Pvt. Paul Burroughs has been sent from Fort Knox, Kentucky to Fort Bragg, North Carolina.

Michael Harnack jr. has been ordered to report at Fort Lewis Washington, October 27th.

Cpl. Ross Wilson of Ft. Ben Harrison spent the week end with his parents, Mr. and Mrs. Jack Wilson & family of Highland Lake. His brother, Earl, who was drafted has been sent to Fort Knox, Kentucky.

## SENIOR MAGAZINE DRIVE

The Senior Class of 1951 wish to thank the public for making their magazine drive a success. Total sales were \$1114.50. From this amount the class made a profit of 411.40. Virginia Shirley was high salesman with \$107.00 and Mariene Schneider second with \$103.00.

You may expect to receive your magazine in from 6 to 8 weeks. If you do not please notify the class.

When we are on the senior trip next summer we will be thinking of you as the magazine drive is one of the things that make it possible.

## Local Notes

Sylvester Harris bought a new passenger Packard coupe of his brother. Delivery will be in December. He and his brother expect to take a trip to Arizona, California and Washington state this winter.

Cars driven by John Burq and Mrs. Louis Clark collided Monday at the intersection of Tom and Patterson Lake Rds. Both cars were damaged.

Roderick Emmet, son of Mr. and Mrs. Emmet Widmeyer and Linda Gay, daughter of Mr. and Mrs. James Whitley were baptized at the Cong'l. church Sunday by Rev. Brady.

Mr. and Mrs. James Whitley entertained at dinner Sunday following the christening of their daughter: Mr. and Mrs. William Whitley of Ann Arbor, Mr. and Mrs. Charles Smoyer of Akron, Ohio, Mr. and Mrs. Stanley Smoyer of Princetown, N. J., Mr. and Mrs. Fred Read, Mr. and Mrs. John McGuire and daughter of Detroit and the Robert Read family.

The Montgomery Ward warehouse in Ann Arbor suffered a \$250,000 fire Monday night. It burned in 6 months. A student is said to have confessed setting fire to it and also Mason Hall.

Billie Clark is working for the Montgomery Ward Co., Ann Arbor.

## OUR DEMOCRACY — by Mat

### NOAH HAD A WORD FOR IT

WHEN NOAH WEBSTER, IN 1828, PUBLISHED THE FIRST AMERICAN DICTIONARY, HE GAVE POWER AND AUTHORITY TO A COMMON LANGUAGE IN A COUNTRY WHOSE PEOPLE CAME FROM MANY LANDS.

HIS LEXICON WAS A SOURCE OF EDUCATION AND A FORCE FOR NATIONAL UNITY.

NOAH WEBSTER'S WORK—AND THAT OF OTHER SCHOLARS AND EDUCATORS INSPIRED BY AMERICAN IDEALS—HAS BEEN POTENT IN THE FUSION OF MANY RACES INTO A NATION THAT LEARNS AND TEACHES ITS DEMOCRACY IN A COMMON TONGUE.

## 25 Years Ago

Pinckney high school defeated New Hudson here Friday, making 6 touchdowns. Jim Nash was the Pinckney star. They play at Brighton Friday.

Miss Jessie Green now has 50 pupils enrolled in her primary room.

The Girl Scouts now have 22 members. Leaders are Elsie DeWolfe, Amanda DeBar, Louise Ziegler and Dorothy Parker.

Mr. and Mrs. Clarence Miller were in Detroit Saturday.

## Notes of the Game

### LOSE THIRD STRAIGHT GAME

Pinckney high school took it on the chin the third straight time last Friday when they lost to Manchester there 83 to 0. During the week the team was revamped. As Manchester had shown little previously, losing to Michigan Center 21 to 6 and Clinton 27 to 14. Pinckney was considered to have a chance. The first half was scoreless. In the second half Manchester unleashed a forward passing attack which Pinckney could not stop. They scored 5 touchdowns and made 3 extra points. Once again Pinckney failed to get within scoring distance. In the Brighton game Pinckney completed 7 passes. At Manchester they did not complete any.

The trouble with the team is lack of experience. There are many freshmen and sophomores in the lineup. So far Coach Reader has been unable to come up with a ball carrier. We don't remember Pinckney ever playing 3 games before without scoring a single point.

Friday Pinckney plays her 3rd straight game away from home when they play St. Mary's at Adrian. Pinckney with a good team last year just managed to nose them out. Nothing is known if them this year.

Pinckney	Manchester
M. Mattison	L. E. Downing
Carl	L. G. Gehring
Earl	L. G. Snyder
White	R. C. Hopstead
Coyle	R. G. Norstad
Henry	R. T. Landwehr
A. Mroska	R. E. Lentz
Ware	Q. B. Aiken
J. Mattison	L. H. Dresch
J. Mroska	R. H. Rines
Wittee	F. B. Kenler

Touchdowns: Downing 2, Lentz 1, Dresch 2. Extra points: Downing 2, Lentz 1. Substitution: Pinckney: D. Darrow, Bradley, R. Meabon, Brady, Haines, Jr. Henry, Jeffreys, K. Mattison, Murphy, Nash, Rady, VanSlambrook. Manchester: Merriman, Bries, Schwisher, VanEtton, Fisk, Lamb, Childs, Trolz, Referee: Osborn. Umpire: J. Goodrich. Head Line man: C. B. Goodrich.

## FOOT BALL SCORES

In the Land'O Lakes League Brighton, Dexter, Horland and Manchester are all tied for first place with a victory each. South Lyon has lost two and Pinckney one in league competition.

Team	Won	Lost	Pct.
Dexter	1	0	.1000
Brighton	1	0	.1000
Hartland	1	0	.1000
Manchester	1	0	.1000
Pinckney	0	1	.0000
South Lyon	0	1	.0000

The scores last week were: Dexter 25, South Lyon 0; Northville 32, Brighton 13; Ypsilanti 54, Belleville 0; Howell 25, Eaton Rapids 6; Milan 46, Lincoln 6; Flat Rock 7, Roosevelt 6; Chelsea 19, Saline 0; Ann Arbor 21, Lansing 6; Morenci 35, Summerfield 0; Leslie 20, Haslett 14; Dowsville 57, Okemos 14; Mason 7, Eveset 6.

## CURRENT COMMENT CONT.

We are only beginning to digest the results of the 1950 census. It shows there is still a trend to densely populated areas and a decrease in rural populations. North Dakota, Nebraska, Mississippi and Oklahoma showed decreases. California had the biggest increase 51.6 percent with Arizona, Nevada and Florida following. The population of the nation has doubled since 1900. The Atlantic coast states all increased in population: Maine 7.1, New Hampshire 7.2, Vermont 4.6, Massachusetts 9.2. The southern and middle western states showed decreases.

## MARRIED FRIDAY

Married at his home last Friday evening by Justice of Peace Asher Wylie. Fred Wiles and Martha Cain, both of Gregory. They were attended by Mr. and Mrs. Reuben Smith who live on the Fred Burgess farm.

## SOCIAL EVENT SATURDAY

One of the big events of the social season is the wedding on Saturday, October 14 of Lucius Doyle Jr. and Miss Sally LaRosa at St. Mary's church. The wedding breakfast and reception are at the new tavern building, just west of the bowling alley.

Mr. and Mrs. Warren Fuchs of Detroit spent the week end at the Earl Gallup home.

## Current Comment

The war flurry has caused the junk market which has been practically dead for some time, to come to life and prices to jump. Last summer there was no market for waste paper and dealers were paying incinerators \$2 a ton to get rid of it. Now junk dealers are paying 50c a cwt. for it and \$16 for ton lots. Paper drives will be started by schools and other organizations again. A year ago local junk dealers who haul to Flint had to rent a field there to store their junk as there was no market. Prices are up now 100 percent. Copper has jumped from 16c to 24 1/2 and cast iron from \$45 a ton to \$72.

Harold Stassen, a probable candidate for the Republican nomination for president in 1948, wants to go to Russia and hold a peace talk with Premier Joe Stalin. He went there once right after World War II and had a grand time. He thinks if given a chance he could use his persuasive powers on Stalin to bring peace to the troubled world. We doubt it. President Truman had a similar idea in 1948, only he was going to send the secretary of state to Russia. However such a storm of criticism broke out from those who hate Communism and are opposed to any compromise whatsoever with it that he gave it up. We are afraid that Stassen's trip to Russia would have no more results than that of Henry Ford's peace ship, the Oscar II to Europe in World War I days.

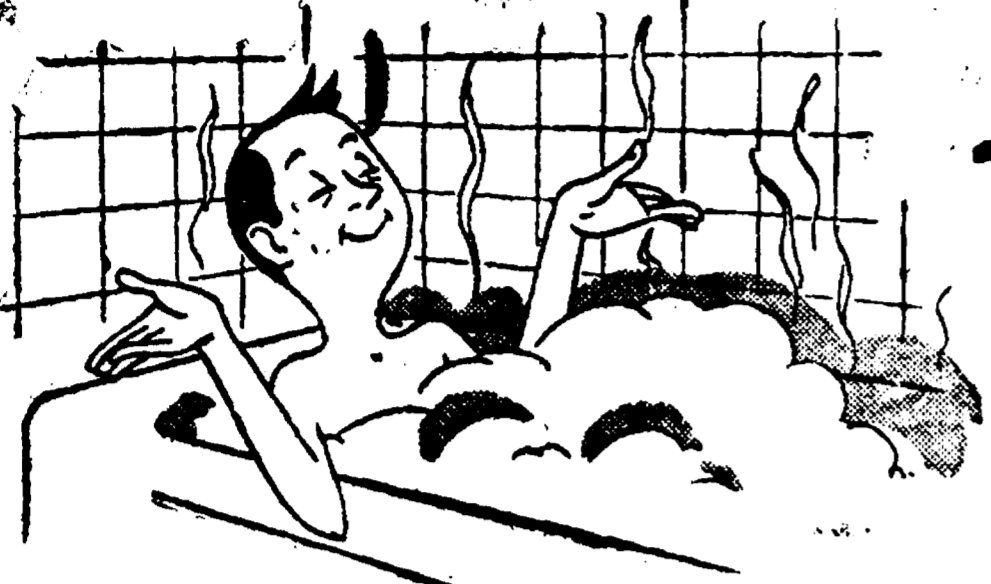

Judge Simpson of Jackson has granted new trials to some of those convicted in the one man grand jury cleanup inaugurated by Judge Leland Carr and Kim Sigler a few years ago. His grounds are that Charles Hemans the principal witness was paid to testify against them. This seems far fetched. An investigator discharged by Sigler claimed Hemans got as much as \$600 a month while he was witness as well as whiskey and women. This was never proven. Sigler testified all Hemans got was a promise of immunity. The men convicted are finance company officials from outside the state and are out on bond. As Hemans refuses to testify, this probably means dismissal of the cases.

In the sudden death of George Burke of Ann Arbor last week, Michigan lost a citizen who started from humble beginnings rose to the top ranks of Michigan citizens. He was raised on a farm in Northfield township. Whitmore Lake and was a schoolmate of Rev. Joseph Coyle, one time pastor of St. Mary's church of Pinckney. At Rev. Coyle's first picnic here he was the speaker. He was just graduated from law school and was a candidate for prosecutor in Washtenaw county for the Democrat nomination that year but did not get it. There is a story connected with this. The Republican candidate was Carl Storms whose platform was a fair and impartial enforcement of the laws. The liquor laws had been ignored for years and the liquor men got the idea he was running for them. Nominations were by convention in those days. Burke was considered too young and was brushed aside and John Duffy, a former prosecutor nominated. Storms beat him. But the latter encountered difficulties. He arrested many liquor law violators but could not get convictions. He did not run for reelection. Burke followed him and was prosecutor 2 terms. His record was brilliant and he rapidly climbed the ladder of success. His two main qualities were honesty and sincerity. He was the No. 1 citizen of Ann Arbor.

We confess that we knew but little of the University of Michigan's Phoenix Project until recently. We knew it was to be a memorial of some kind. The purpose is to raise a sum of money for research to make our atomic knowledge a servant instead of a destroyer. We have only touched on the first sources of atomic knowledge. There is still room for much exploration on the subject. Scientists claim that atomic knowledge will revolutionize the world by furnishing a cheaper motive and aid in the development of many industries.

STATE OF MICHIGAN The Circuit Court for the County of Michigan in Chancery

Lot Number twelve (12) of (4) of Plats at page thirty-six (36) Assessor's Plat No. 4, Village of Fowlerville, Livingston County Michigan as duly laid out, platted and recorded in Liber Four

HENRY S. C. BRUNS and KATY BRUNS his wife, Plaintiff vs. LEO HOEY Defendant, GRACE E. HOEY Plaintiff, A. S. AUSTIN, GRACE E. HOEY, Defendant, Plaintiff and her unknown heirs, devisees, legatees and assigns.

ORDER OF PUBLICATION Suit pending in the Circuit Court for the County of Livingston in Chancery at Howell, Michigan, on the 14th day of September 1950.

It appearing from the sworn bill of complaint as filed in said cause that the plaintiff has been unable after diligent search and inquiry to ascertain whether the said defendants are alive or dead, or where they may reside or if they have any personal representatives or next of kin or where they or any of them may reside, or whether the said interest, claim, lien or possible right of these defendants have been assigned to any one person or persons or whether such title, interest, claim, lien or possible right of these defendants have been assigned to any other person or persons or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

Upon motion, therefore, of Van Winkle & Van Winkle, attorneys for plaintiffs it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns cause their appearance to be entered herein within three months from the date hereof, and that in default thereof said bill be taken as confessed by the said defendants and each and all of them.

It is further ordered that the plain bill cause this order to be published within forty days in the Fowlerville Dispatch, a newspaper printed, published and circulating in said County once in each week for at least six successive weeks.

From where I sit... by Joe Marsi

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible—today. She started a three-block de-up all by herself.

"She's creeping down Main Street—left hand stuck out and feet waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass. When I stop her and she looks up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Joe Marsi

Copyright, 1950 United States Brewers Foundation

The Eastern Star Grand Chapter is in session at the civic auditorium, Grand Rapids this week. The Hotel Pantelind is headquarters. A large number of members are attending.

NEIGHBORING NOTES

According to the Stockbridge Brief Sun, Jose Basquis, 17, a Mexican youth, topped 301 bushel of onions in 8 hours and 40 minutes on the Patterson Bros. onion farm southeast of Stockbridge. He had been doing about 200 a day. Patterson Bros. have 75 acres of onions.

Born to Mr. and Mrs. and Mrs. Robert Ross (Noreen Crotty) of Haslett Sept. 27, a son, Stephen Roche.

# Who Runs America?

**RUNNING AMERICA** is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

**IN MUCH OF THE WORLD** today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

**FREEDOM COMES UNDER ATTACK.** The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

**THE PEOPLE WEIGH THE FACTS.** In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

**THE "GRASS ROOTS" SIGNALS CONGRESS.** In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs  
American Farm Bureau Federation  
National Grange  
Veterans of Foreign Wars  
National Conference of Catholic Charities  
American Protestant Hospital Association

American Legion  
National Association of Small Business Men  
United States Chamber of Commerce  
National Association of Retail Grocers  
National Retail Dry Goods Association  
American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

## THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

### 'Hard Core' of Refugees Begins to Soften

Among the refugees living in camps operated in Europe by the International Refugee Organization (IRO), a United Nations Specialized Agency, are some 25,000 old and sick persons, the "hard core" which has the greatest difficulty finding new homes. In recent months, however, homes have been provided for some of them. In the left hand photo, an aged refugee, one of 988 offered homes by a Roman Catholic order in France, talks to a French priest about the new life ahead. At the right, a blind refugee (left) discusses the prospect of a new life in Norway, where 100 sightless persons and an equal number of their families have been accepted. With him is a camp official of the International Refugee Organization (center) and a Norwegian representative.

### Uncle Sam Says

Farming today requires great skill on the part of the farmer. Not only must he know soils, fertilizers, and seeds, but he must be an expert mechanic to operate all types of farm machinery. In other words, a farmer works hard for his money and in a highly speculative business. He should make that money work for him—in a non-speculative and safe investment. U. S. Savings Bonds, guaranteed by our government, is a crop that NEVER fails. It's always ready when needed. Savings Bonds are a good place for this year's crop money. They grow, rain or shine. See your banker or postmaster on the next trip to town.

U. S. Treasury Department

Many of you are sleeping soundly these nights, secure in the knowledge that your home is paid for, that there's an education fund ready to draw upon for that son or daughter ready for college. It doesn't take a financial wizard to figure out that the regular purchase of U. S. Savings Bonds is a safe, profitable and sure way of saving, one of the best ever invented. Today is the time to join the Payroll Savings Plan at your office or the Bond-A-Month Plan at your bank. That spells financial security.

U. S. Treasury Department

Independence is the cornerstone upon which this country was built. And thrift is the cornerstone upon which Americans are building future financial independence. That cornerstone provides the slogan for the U. S. Savings Bonds Campaign, May 15-July 4, which is: "Save For Your Independence." Everyone has something to save for, whether it be for a home, for retirement, to educate your children, or for a glorious vacation trip. With the determination to "Save in 1950 for 1959" you will be well on the way to financial independence. You will receive \$4 for every \$1 invested within ten short years.

U. S. Treasury Department

Well-fed soil produces bumper wheat yield.

give as good or better crop results as seedbed preparation that includes double disking and spike-tooth harrowing.

Conservation of soil and water are vital, he said. On rolling cropland this may require one or a combination of practices such as cover crops, sod waterways, contour tillage, strip cropping, diversions or terraces. Where wind erosion is a problem, field strip cropping and windbreaks may be necessary.

He recommended further that crop residues be returned to the soil either as surface mulch or by plowing under. Manure should be carefully stored to reduce leaching and decomposition losses. Medium applications of manure to fields at frequent intervals, he said, are preferable to heavy application less frequently.

COMMERCIAL fertilizer is an "excellent buy" and should be applied liberally to responsive crops to beat the squeeze of high fixed costs and lower farm prices, according to Ed. Longnecker, Michigan State College soil specialist.

Longnecker pointed out that in the present period of declining farm prices increased crop producing efficiency is vital if reasonable farm profits are to be obtained. This can be accomplished, he said, only if soil productivity is maintained or increased economically.

He recommended several steps to good soil management. First, he advised eliminating crops from land where such crops grow poorly. He advised, too, that a soil test be made of each field at least once during the crop rotation. The results of these tests can be considered in planning the fertilizer program.

Fertilizer should be applied to responsive feed crops such as oats, barley, wheat and alfalfa and to corn when grown on well suited land; also to responsive cash crops, particularly potatoes, sugar beets and wheat. As cash crop prices decline, such acreage should be reduced and the acreage of productive sod crops increased, he said.

Longnecker recommended adding fertilizer to permanent pastures to increase production. This is particularly important on poorly drained mineral soils and muck soils. He also suggested eliminating excess tillage that adds expense and increases crop production costs per acre. Michigan tests have shown that plowing, leveling and packing will

# REGISTRATION NOTICE

FOR  
**GENERAL ELECTION**  
Tuesday, Nov. 7, 1950

TO THE QUALIFIED ELECTORS OF CITY OF HOWELL, COUNTY OF LIVINGSTON, STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth day before any regular, special or official primary election and the day of such election.

**NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY HOME AT 208 MILL ST. PINCKNEY EVERY DAY 2 to 8 p. m. and ALL DAY ON**

**Wed., Oct. 18, 1950 - Last Day**  
The Twentieth day preceding said Election

As provided by Sec. 3, Chapter 4, Part II, P. A. 306, 1929 and Sec. 1, Chapter 3, Part II, P. A. 1939, Act 81, P. A. 1941, and Act 291, P. A. 1945.

From 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

### ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

MURRAY KENNEDY, Twp. Clerk

### Uncle Sam Says

More of my young nieces and nephews will be in school this fall than ever before. One of the important lessons they will learn is that America is a free country with liberty for all. They will also learn that there are two forms of liberty—political and financial—and that one of the best ways of preserving these is to purchase U. S. Savings Stamps through their school Savings program. Parents are now realizing that the early teaching of the habit of thrift will bring dividends of success in later years.

### Balanced Soil Plan Gives Top Yields at Low Production Cost

COLUMBIA, MO.—A five-point program to "balance" the soil's needs and obtain maximum crop yields per acre at low production costs, was outlined by O. T. Coleman, Missouri University extension soils specialist.

1. Here are the steps Coleman suggests:
  1. Provide plenty of plant food in available form for the roots you are growing. Crop manure or grow without manure.
  2. Have your soil tested to determine whether the plant food supply is in balance. Growing crops need a balanced ration of the so-called "big" and "little" nutrients.
  3. Get the soil in condition so that crops can use the plant foods. This means a turnover of organic matter. You can add organic matter and improve soil tilth, drainage and aeration by growing well-fertilized deep-rooted legumes.
  4. Keep water, plant nutrients, and topsoil at home by conservation methods. Where needed, these may include terracing and contouring to reduce runoff and erosion losses.
  5. Follow a well-balanced cropping system. Deep-rooted legumes for pasture and green manure crops need to be rotated regularly with grain. Livestock is a "good" to properly handle pasture and manure crops in such a crop-rotation program. Test hay always that where a crop is pastured at about 75 per cent of the organic matter is returned to the soil. This is true of both organic and inorganic crops.

Good nutrition is essential in raising thick stems of winter wheat. Good nutrition is also essential in raising good quality corn. A soil test can tell you what nutrients are lacking and how much fertilizer to use.

### Bigger Dairy Profits

Good hay and pasture are essential to cutting dairy production and increasing profits. The Midwest West Soil Improvement Conference pointed out. Pasture is the cheapest source of high protein feed. Keeping pastures and hay fields at high production levels depends on liming when needed, the use of mixed fertilizers and returning manure and crop residues to the soil.

### Uncle Sam Says

More than 60 million workers will unite in the 68th observance of Labor Day, Sept. 4. Today, more than ever before, the workman realizes the opportunities which have been opened to him. One of these is future financial security through the U. S. Savings Bonds Payroll Savings program. Millions of his co-workers have found that the regular, automatic pay-day investment in Savings Bonds provides not only a cushion against emergencies but is an assurance of security when he is ready to retire. Enroll for the Payroll Savings Plan where you work.

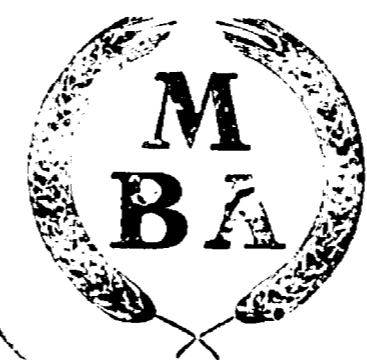

## The American Way

In Michigan, farming is a Number 1 activity especially during this time of the year. And to ease that tired feeling after a hard day in the fields "The American Way" is to enjoy a glass of cold, refreshing, Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs... to our own American heritage of personal freedom. *Beer Belongs... Enjoy It*

CARL MAST, Clerk

### U.N. to Aid Victims of Korean Conflict

While the armed forces acting on behalf of the United Nations in Korea continue their efforts to reestablish peace, U.N. has also taken measures to relieve the suffering of millions of civilians left homeless as a result of the conflict. Here, Dr. Kamil Idil, representative of Turkey to the U.N. Commission on Korea (left) visits a refugee center at Pusan, accompanied by Dr. M. Lee (right), Korean interpreter of the Commission and a policeman of the Republic of Korea.

### Swedish Help for U.N. in Korea

The first part of Sweden's contribution to the United Nations forces in Korea—a field hospital—arrives at Idlewild Airport in New York after a flight from Stockholm. After ceremonies at the airport, the doctors and nurses proceeded to Fort Dix, New Jersey, where they will remain until arrangements are made for transportation to Korea. The hospital will be manned by 176 persons.
