NOPE YOU DON'T ALL TALK AT ONCE

Your telephone company is preparing for the usual Christmas rush on Long Distance when friends and loved ones exchange season's greetings across the miles. But there just aren't enough lines to handle these calls promptly if they're all made in the same period. That's why we say: To avoid the possibility of delays, why not make your Holiday Long Distance call before Christmas or after Christmas Day. Besides, rates are in effect after 6 p.m. every weekday and all day Sunday. But whenever you call, we'll do our best to get your call through as fast as we can. And please remember—your Long Distance call will go through faster if you call by number.
