THE PINCKNEY DISPATCH Wednesday, June 2, 1954

No. 22

★ MIRROR ★

There's a fly in the ointment carefully prepared to increase school finances. The cause is a letter signed by Francis Brown, former U. S. senator, chairman of the Michigan Ass'n. for Better Schools. He would change the constitution to provide more aid for schools. This would come about by referendum. He urges the readers of the Dispatch to circulate petitions.

Some people favor the Conlin plan which would give them more sales tax money and fear two school proposals on the ballot next fall would confuse the voters and cause them to vote "No" on both. Consequently the Dept. of Public Instruction, the M.E.A. Ass'n. of School Administrators and the Farm Bureau are opposed to the Brown plan.

They claim it would only benefit city schools and hurt rural ones as it restricts the amount of money the school districts would receive to two thirds of the school money they raise by local taxation. Most rural districts now get much more state money than they receive by taxation. For instance, Pinckney receives \$718 in state aid for every \$100 they raise by local taxation. Suspicion is pointed at the Detroit Board of Commerce as being back of the proposal as it is similar to the one previously backed by them. Their contention has always been that most of the tax money raised by them is used to benefit the rural counties.

The Conlin proposal would give the schools 8c out of every 3c collected by the sales tax. The Counties, cities and townships would get 1/3 of the remaining cent, (same as they do now) minus collection cost.

Grand Lodge Session

The Michigan Masonic Grand met at Grand Rapids 2 days last week. Their report showed 109,118 Masons in Michigan a gain of 7,911 over 1953. Howard Taylor, assistant controller of the Buick division of the General Motors at Flint was elected grand master. The meeting is at Detroit next year. Rex Sackett, an honorary member of Livingston Lodge was elected grand junior deacon to fill vacancy and Wallace Kent, new federal judge at Kalamazoo grand marshal, Harold Koch, the other candidate was third.

The grand lodge representatives who are the masters of the lodges were economy minded and killed all amendments calling for more money which would mean an increase in the dues of Michigan Masons. Among the casualties were Grand Master Mike Whytes Masonic Home Expansion Plan. This would extend over an 8 year period and double the capacity of the home which is 290 at the present time. The total cost would be \$2,521,140.00 according to present day building costs. The first 3 years program would cost \$459,160.00 and would be paid for by a \$2 assessment on all Michigan dues paying Masons. It would add 84 beds. This would make it necessary to increase the capacity of the hospital, kitchen, auditorium, heating plant etc. which would be taken care of by future assessments. More beds would also be added in following years. After a 2 hour debate the proposition lost 273 to 230 but is expected to come up again next year.

Other measures voted down were those to collect \$15 extra from petitioners and dimitters for the Masonic Home fund, increase the grand secretary's salary from \$6,800 to \$7,500 the delegates mileage and per diem from 7c a mile and \$7 a day to 9c a mile and \$9 a day. Amendments to change the ritual, regarding Masonic funerals, make the examination on the Masters Masons degree dependent on the master of the lodge and to grant lodge diplomas were also voted down.

BLACK LEGIONNAIRS SEEK OUT

Eight of the Black Legionnaires convicted of first degree murder in 1938 will seek parole before the state parole board this month, being eligible they have served 18 years. They are Dayton Dean, Harvey Davis, John Bannerman, Ervin Lee, Lowell Running, Paul Edwards, Ed Baldwin, Urban Lipps. These men killed Charles Poole at Dearborn, and then brought Silas Coleman, a negro to their cottage at Rush Lake and then to Nash's bridge, west of Pinckney on Cedar Lake Road where they shot him for target practise.

The late P. H. Swarthout, Edward Spears and daughter, Joan, Dr. Hollis Sigler, Friday Haines, Irvin Kennedy and ye editor were in Detroit a week as witnesses.

LOSE 2 GAMES

Pinckney high school lost 2 games last week. Boyville beat them 11 to 10 last Tuesday and Dexter 11 to 2 on Friday. The game with Dexter was tied 2 to 2 up to the 6th when Dexter rallied and sent 12 men to base, scoring 9 runs. Dave Haines hit a home run for Pinckney. South Lyon won the league title with a 7 and 1 record. Dexter was 6 and 2 and Pinckney and Hartland each 3 and 5. Manchester was last with 1 and 7.

OPEN SOFT BALL SEASON

Pinckney opened their soft ball season Monday night and beat the Chilson Prison Camp team 4 to 1 there. Pinckney scored all 4 runs the first inning and were blanked the rest of the game. Moriarity led off with a hit. The camp pitcher walked Meyer, Lavey and Darrow and they scored on 2 long flies and Jeffreys hit.

The camp's only run came the first inning on a single and triple. Jack Jeffreys got 3 hits for Pinckney. Tommy Houghton pitched for Pinckney. Allowed 4 hits and got 7 strikeouts. Pinckney only made one error.

Pinckney plays the prison team there again this Sat. at 6:30 p. m.

LIBRARY NEWS

The Pinckney Community Library will conduct a Summer Reading Program -- a contest for children, grades 4 through 8 under the direction of Mrs. Helen VeulBlaricum, Miss Janet White and Miss Florence Preuga. There will be ribbon awards and \$10 in prize money to be distributed among the winners.

Those desiring to participate are urged to visit the library Tuesday afternoon, June 8, at 8:00 p. m. to discuss plans.

For further information consult the librarian on duty at the library.

PINCKNEY AREA 4-H

The Pinckney 4-H Council met at the school last Wednesday. No more business meetings will be held until Sept. A picnic for all 4 H members and families is planned for August 19 at Bishop Lake. All leaders should keep this date in mind and notify all members and urge a big turnout for this affair.

L. M. Bonner, Sec.

A CORRECTION

There was an error in the 5th grade news last week. The 5th grade beat the 6th grade at soft ball 17 to 13 for the first time in history. Also the admission charge to Greenfield Village on the recent trip the class made there was earned by the class members themselves.

The parents of the members of the senior class entertained the graduates at the school at a luncheon after the baccalaureate. About 100 were there. They took this opportunity to get acquainted with each other.

The Younglove and Marion Center schools plied at Bishop Lake Fr. Howard Read has taken contract to build new homes at Dexter in Barrett Bros. Subdivision on Main St. east of the Ford Sales & Service.

The Congl. Church took in \$485 at their donation auction sale Saturday. Adolph Potch bought the church bus.

Communication

Pinckney Dispatch June 1, 1954
Dear Sir: We have just observed another Memorial Day--or more properly we in Pinckney have not observed it. It has gone by simply as another day of the year--a day to do with as we please, with no thought of its traditional and sacred meaning. In the majority of cities and villages of any size across our nation, Memorial Day has been observed for the hallowed and meaningful occasion that it is--a day of Memorial to our honored dead. Here in Pinckney we have not observed it in any creditable fashion. It seems to be taken as a day to be tolerated rather than observed in sacred commemoration.

It seems to me that we could make this an annual occasion of civic pride, an accomplishment, if the merchants, and all organized groups of the community -- Veterans organizations, Scout troops, 4-H clubs, schools, churches, Lodges etc would combine forces to make this one grand day of celebration. Surely we can spare an hour or two to pay homage and respect to the deserving men and women of our nation who have given their lives that all of us might be free to enjoy our American way of life.

Communism makes its greatest and easiest inroad in communities where complacency is the order of the day. We say, "It can't happen here!" Let us not be hoodwinked, in believing that it can't. It is happening even now in communities that have grown careless and callous. Children in many of our schools are being indoctrinated in Communist philosophy because adults have become indifferent.

I sincerely hope that our "town fathers" at their next council session will give the matter of Memorial Day observance their profound consideration, and that they will begin laying their plans now for a celebration next year.

There is no personal glory in commemoration of it, the kind of which I speak. It is strictly a matter of responsibility and local pride.

Like many others, I am an extremely busy person, giving many of my waking hours to study, planning and administration of my church affairs, but at the risk of "stealing my neck out," I would be willing to head up a committee comprised of town and group representatives to study and organize a Memorial Day program for 1955. Are there other civic minded and patriotic, public-spirited citizens who will join me in this venture? Respectfully Yours

Rev. J. W. Winger
Minister Com. Congl. Church, Pinckney

CONSERVATION DEPT.

The final step in the Marting Lake flooding project at Big Rapids has been taken. The dept. had to go into court and set a price on 5 parcels of land whose owners refused to sell. A fire burned 50 acres of hardwood in the Porcupine Mountains last week. 5 more drilling permits have been issued in the Northville area where 3 oil and gas wells have been found. It is a good idea to let skunks alone as many of them are afflicted with rabies. 9,000 were killed last year. Skunks were an important part of the Indians diet in the early days of Michigan.

The submerged land at the Yankee Springs is being made into a state park. The fill dirt is being taken from the bottom of the lake.

The state approved the sale of \$23,000 worth of timber from state forests last week. It had already approved the sale of \$160,000 worth first 4 months of 1954.

What may be the largest gas well in the history of Michigan may have been brought in at Salem in Washington county last week by an oil well driller. The same man struck oil there 2 months ago.

The state has 590 public fishing sites. A list is available on request to the conservation dept. Lansing.

There are 3 new conservation laws. Hereafter hawks, owls and eagles are protected. The closed season on bluegills and sunfish is eliminated. A \$5 bounty is placed on bobcats.

5 wild turkeys were reported seen on a farm near Muskegon last week. Conservation men doubted this as the Allegan state forest where 50 of these birds were released some time ago is 50 miles away. When the Muskegon birds were viewed they proved to be sand hill cranes.

Michigan is trying a new experiment. About half a million muskellunge eggs are being hatched at Drayton Plains. When they grow to plantable size they will be placed in Michigan streams. Attempts to stock Michigan waters with these fish have been made before but failed.

A dozen types of shrubs imported from Asia are being grown at Rose Lake. They will be planted in game reserves as erosion stoppers and wild life food.

CURRENT COMMENT

It seems that despite the safety precautions taken over the years every so often the country experiences a great disaster, followed by investigations galore and much locking of the barn after the horse is stolen. Last week an explosion on the aircraft carrier Bennington off Rhode Island took the lives of 100 men and injured 220. Many conflicting statements as to the cause are issued by government officials. The first such disaster we remember was the sinking of the battleship Maine in Havana harbor. An investigation failed to show to the satisfaction of all concerned whether this was caused by a mine or an internal explosion but it caused the war with Spain which stripped her of her remaining American possessions and delegated her to the rank of a 4th class nation. Then the Iroquois Theatre fire, the San Francisco earthquake, the Dayton flood, sinking of Titanic and so on down through the years. Somehow they keep on recurring and are always a few jumps ahead of safety measures and probably always will be.

Somehow we had a tinge of regret when we read that the Bowles I armed lunches which have operated in Detroit and 4 other cities for 52 years were going out of business. They were called one armed because the chairs had a wide arm, big enough to set a plate of food on. They specialized in baked beans and chicken pie and had their own bakeries. They were caterers and had no waiters. The service was prompt and the food good and the banker & lawyer often rubbed shoulders with the newsboy from the street here. Their prices were invariably lower than other places. We have eaten there many times.

Chuck Davy, the Michigan State student came to the end of the trail last week when he was knocked out by Martnez, a little known fighter. It is now known that he never was of championship caliber but by a clever buildup over radio, television and the press in which he scored 40 knockouts over a bunch of setups he made a million dollars. He probably could have won but he was too ambitious and challenged the champion, Kid Gavilan and took a bad beating from him. Since then he has lost to a number of second raters and been on the down grade. His retirement from the ring is now announced. He is wise and is quitting while quitting is good and he has made his pile.

The McCarthy army hearing is rapidly approaching the end, due to the action of the Republican members of the committee who voted to call no more witnesses after McCarthy and Cohn testified. It has now come down to a simple question of veracity in which McCarthy and Secretary of the navy Stevens call each other a liar. McCarthy has even accused the president of hiding behind the 5th amendment. McCarthy by television radio and the headlines has built up a following to whom he is a god and they are booming him for president. The Detroit Free Press says it is practically the same crowd who boomed McCarthy for president. Most of them are people who do not weigh the evidence but are guided by their emotions. To them McCarthy is the No. 1 patriot and the only one who is keeping the Communists from taking over government which they say is rotten from the president down. This group is similar to other minority groups which have cropped up since the government has existed. There was the Citizen Genet group of Washington's time who wanted us to fight in the French revolution, The Native American and the American group who wanted only American born to hold office and all immigration stopped and more recently the Ku Klux Klan who would discriminate against Catholics, Jews and Negroes. All had their heyday in the sun but soon faded and won few victories. It is well that the majority of the people are level minded and suspicious of wouldbe leaders who possess of a certain amount of glamor make extravagant charges which they do not prove and are able to get their views accepted by a number of people who are not of an enquiring mind and bask in the sunlight of popularity for a time but invariably they fall from their pedestal.

I wish to thank the Eastern Stars, the Farm Bureau Groups and many friends, who have remembered me with cards, calls, fruit, flowers, candy and many other acts of kindness since my accident. It was gratefully appreciated.

You'll find DIAL SERVICE

Fast and Dependable

**New Numbers
Fit Into
Pattern**

Starting Tuesday, June 22

You'll have new Metropolitan-type telephone numbers when fast, dependable dial service comes to Pinckney. At the same time Brighton will also have new type telephone numbers. Each new number will consist of a central office name and five numerals. The office names are

ACADEMY FOR BRIGHTON
UP-TOWN FOR PINCKNEY

You'll just dial the TWO LETTERS and ALL FIVE NUMERALS starting JUNE 22.

1. TO MAKE LOCAL CALLS HERE IN PINCKNEY.

2. TO TELEPHONE TO BRIGHTON

3. TO TELEPHONE TO DEXTER, WHERE NUMERALS CONSIST OF THE CENTRAL OFFICE NAME HAMILTON AND FIVE NUMERALS

The new numerals fit into an overall, nation-wide numbering, pattern. Thus in the years ahead you'll be able to dial more and more of your out-of-town calls.

An earlier step in Michigan Bell's long-range expansion and improvement program widened your local calling area. In this area—and in Pinckney alone—the number of telephones has doubled in just 8 years. Every telephone added makes your own service more valuable—you can talk with more people and the telephone can run more errands for you.

Continuing expansion and improvement makes your own service a bigger bargain than ever before.
WORTH A LOT MORE THAN IT COSTS.

LONG DISTANCE is fast, convenient, easy to use—and the cost is surprisingly low, particularly after 6 p.m. week days and all day Sundays, when the rates are reduced.
