THE PINCKNEY DISPATCH Wednesday, April 11, 1956

ESTABLISHED 1887 No. 15

## MICHIGAN MIRROR

There are different of opinions as to the accomplishments of the legislature. Gov. Williams says it was a Do Nothing legislature. The legislators say their list of accomplishments is impressive.

They spent \$12,000,000 more than the previous session, mostly for mental health, education and public health.

There was no tax increase due to a treasury surplus and increased collections of existing taxes. The final budget will be around \$330,000,000 which is within \$9,000,000 of what the governor asked for.

The legislature killed the governor's "Michigan Best" label for Michigan products and also his \$1.25 minimum hour wage.

The governor vetoed the bill that would make it harder for aliens to collect inheritances in Michigan. It was originally drawn to prevent Iron Curtain Countries from inheriting property in Michigan.

Mayor Cobo of Detroit appeared before the legislature to appeal for funds for Wayne Major air port which he wants to use to supplant Willow Run. His appearance was hailed as an indication he might still run for governor but he crossed them up by leaving for a months vacation on his ranch in Arizona.

Republicans will have 1602 delegates at their state convention in Detroit May 5 and the Democrats 1480 at theirs at Grand Rapids June 2. The Republican national convention is at San Francisco August 20 the Democrats at Chicago August 13.

## CONSERVATION DEPT.

The state is saving thousands of dollars annually by feeding a new pellet diet to fish formerly waste from slaughter houses was fed. The new diet was developed at the hatcheries.

In 1955 227,541 campers used the Michigan state parks.

A Huron county farmer recently found flock of 100 pheasants in a seldom used barn on his farm.

Bird banding has been used widely in America since 1890. Some 7,000,000 of the 600 species are banded each year. This reveals bird habits. A tern banded on Beaver Island was killed in Ohio 26 years later. A pintail duck banded in North Dakota was killed in South America and another pintail banded in Labrador was killed in England 24 days later. More than 600,000 banded birds have been recovered. Anyone finding one is asked to send the information to conservation dept. Lansing.

76 more employees have been added to the forest fire division.

Lands totalling 1050 acres will be considered by the dept. 174 acres are in the Waterloo area.

10,000 wall eyed pike will be lifted over the Newaygo dam at Muskegon. It will take 15 nights of netting.

## GUY SMITH

Guy Smith, 80, died at Lakewoods Ohio last week. The funeral was at the Daniels Funeral Home there Thursday. He was the son of the late Charles G. and Blanch Smith of Lakeland. For many years he was employed in a Lakewoods bank. He leaves his wife, Olive, and 2 daughters Mrs. June Waite of Rocky River, Ohio and Mrs. Nancy Nichols of Lakewoods. He was a member of the Lakewoods Masonic Lodge.

## SOCIETY NEWS

### KUHN-CROTTY

The wedding of Mrs. Isabelle Kuhn of Gregory to Wilbur Crotty of Lansing took place at St. Mary's church Saturday morning, Rev. Albert Schmitt officiating. The couple were attended by the bride's daughter by Mrs. Irene Robb and John Cremer of Lansing, William Kuhn and Jack Young ushered.

The bride wore a blue lace afternoon gown and the bridesmaid a pink taffeta dress. The wedding breakfast and guests reception was at the bride's home in Gregory. After a wedding trip the couple will live at Pittsburg, Pa., where the groom is an insurance auditor. The bride's 3 children and 3 of the 4 children of the groom attended the wedding.

### PENA-NOLL

Lyda Pena, daughter of Gregor Pena and wife of Anderson was married to Earl Noll of Gregory at the Plainfield Methodist church Friday night by Rev. Stringer. They were attended by the bride's sister, Mary and brother, Ben. The reception was at the church parlors. The groom is in the army stationed at Fort Riley, Kansas.

## CELEBRATE 50 ANNIVERSARY

Mr. and Mrs. Marion J. Reason will observe their 50th wedding anniversary at their home Sunday, April 22 with open house. Mrs. Reason was the former Lucy Swarthout and was married to Mr. Reason on April 18, 1906 by Rev. G. W. Mylne. He has served as supervisor, mayor, councilman and school board member at different times and is a life member of the Masonic lodge. Mrs. Reason is a past worthy matron of the O. E. S. They have 4 children: Gerald, Harold, Jack and Mrs. Helen Reynolds.

## WANTS PARKING LOT

Sunday's Detroit News carried a picture and writeup of Joe Green who operates a super-market on Vernor Highway there. He is trying to establish a parking lot near his store. He claims the merchants are losing business on account of lack of parking facilities. The home owners are opposing the move. Green and his brothers own the James Roche farm here on Dexter Rd.

## ART EXHIBITION

Mrs. Don Swarthout's Art Class held their exhibit in the Pinckney gym last week. There were over 200 drawings done in black and white and colors besides ceramics. Prof. Emil Weddige of University of Michigan judged the work. The following got trophies: First: Donalee Swarthout and Julie Kelly. Second: John St. Pierre and Shiela Bolten. The following received pins: Herb Dyer, Roberta Ackley, Patsy Dunford, Janet VanSlaambrook, Shirley Miller, Dolores Bokros.

## 26th PAST MASTER'S NIGHT

Livingston Lodge No. 76 holds 26th annual past masters night at the Pinckney school here Saturday night at 7 p. m. This is often called "The Little Grand Lodge" because so many grand lodge officers attend including the grand master. The first banquet was in 1930 when ye editor was master. Roscoe Bonisteel grand master, was speaker.

Another unique thing is that the candidates for grand marshal, the first step in the ladder that leads to grand master attend this banquet. Those who will attend this year are Glen Alt, Ann Arbor; Arthur Torey, Grand Blanc, Newton Bacon, Niles; Percy Williams, Jimmie Smith and Burke Montgomery, Detroit; Harold Koch, Dearborn.

## PINCKNEY KINGS DAUGHTERS

## CURRENT COMMENT

The Battle Creek Sanitarium for 90 years a champion of a meatless diet has announced that henceforth it will serve meat and poultry. Its founder, a country doctor, emerged from the water cure era of 1876 to espouse a meatless diet. He was Dr. Harvey Kellogg, dead for a number of years. Last year the sanitarium did a \$1,250,000 business. His theory that a meatless diet, mostly cereals would cure all ills gained him a large following and made him a millionaire. Another fellowtownsman, C. W. Post, was known as the cereal king and his cereals such as corn flakes etc made him a millionaire. He also put over the theory coffee was injurious to the health and had thousands drinking his Postum, a substitute made of grain.

The legislature seems determined at least to move the Boy's Reform school from Lansing which it has talked about doing for the past 50 years. In other instances opposition of different communities over its being located in their area has held up its being moved. But as Senator Phillips said "Wherever it is located there will be opposition." & now the legislature intends to go ahead with it regardless. Anyway they have appropriated \$200,000 to buy a sight for it.

There were 3,896 more babies born in Michigan in 1955 than in 1954 according to the board of health. The infant death rate is also much lower being 24.6 per 1000 compared to 62.8 in 1950. For every 10 persons in Michigan who die 81 are born. There are more people in the state than ever before. But that does not explain the increasing birth. One columnist has come up with a unique theory. He said in Alaska eskimos who live on a eekimo diet which is mostly meat, only average one baby in 3 years but placed on a white man's diet they have a baby every year.

The segregation battle still rages in the south and there were repercussions in the north when a mob of 390 stoned the home of an alleged Negro in Detroit who had moved in to an all white district. He claimed to be a Cherokee Indian but agreed to sell out at a profit and move. The president was supposed to send a message on desegregation but it did not appear. The 3 points he stressed were: 1. To appoint a commission to issue subpoenas in a case of a denial of civil rights. 2. Establish a civil rights division in the justice dept. 3. Pass legislation allowing a person denied voting rights to start action in federal court.

President Eisenhower has refused to approve the sale of arms to Arabia by Communists. Not that it makes much difference as they seem to be able to get all they want from Great Britain and France. However there is a large Jewish population here that does not like his action. We doubt that there is any settlement possible in the Jewish-Arab conflict. This enmity has existed for thousands of years. The head of the United Nations has gone there to see if he can effect a cease fire but his success is dubious. Battles take place almost daily. There are more Arabs than Jews but the late are better versed in the use of modern weapons.

WHAT  
MAKES  
"THE ROCKET"  
ROCKET?

'56 HOLIDAY COUPE

Here's why the engine that started the high-compression era still tops the field today!

**THE ROCKET BROUGHT** high-compression performance to motoring... set the standards... broke the records.

Today it's the same. With a high in compression of 9.25 to 1 and a displacement of 324 cubic inches, the Rocket packs a potent new wallop.

**THERE'S AN EFFORTLESS SMOOTHNESS** that tells you this one is a masterpiece of balance and precision. What's more this power plant's big-bore, short-stroke design means shorter piston travel for less friction, less wear and longer life.

You'll rarely use the full 230+ horsepower under the hood. But, you'll go for the Rocket's high torque—the force that makes the wheels go round. Even at medium speeds, your toe can call a hefty 340 pound-foot of torque into play—to move you away from a light or pass by any emergency. Add Jetaway Hydra-Matic\* and you meet Rocket action at its smoothest.

**VISIT OUR SHOWROOM TODAY!** We invite you to "Rate the Rocket" on the road. You'll get out of the ordinary... into an Olds!

**ROCKET SCORES DOUBLE VICTORY IN '56 MOBILGAS ECONOMY RUN!**

Tops for economy, too! In the famous Mobilgas competition, two Oldsmobiles were entered, two won! Both the 88 and Ninety-Eight took first place in their fields! Here's more convincing proof that Oldsmobile brings you top value today... top resale tomorrow!

1240 h.p. and 350 lb.-ft. of torque in Super 88 and Ninety-Eight models. Standard on Series Ninety-Eight; optional at extra cost on all other series.

Donald and Emil Eickhoff, of Fountain in Fillmore county, had a 62-bushel increase. They grew 112.1 bushels of corn per acre on their fertilized plot, as against 50.1 bushels on the unfertilized check plot.

Highest corn yield per acre was grown by Walter S. Nelson, of Atwater in Kandiyohi county, who harvested 179.6 bushels per acre on a fertilized field, or an increase of 52 bushels compared to the unfertilized field.

Farmers in the contest more than doubled the average corn yield in Minnesota. In spite of the experimental nature of the tests they were running, about 60 per cent of the farmers made a profit on the use of fertilizer. "These results" says the committee, "suggest that farmers using good management methods could make more profit by growing the same amount or a little more corn on fewer acres. By cutting the cost of production per bushel, they could make money in the face of lower prices for corn."
