MICHIGAN MIRROR

Voters must deal with an important educational issue in November if the petitions of the Michigan Educational Ass'n. are filed. It would take the office of the supt. of public instruction out of politics and have him appointed by the state board of education. Members of the state board of education would still be elected but they would serve 8 year terms. Candidates for the board would have to submit petitions from 20 counties with at least 20,000 signers. To put this on the ballot 219,000 signers are required. About half that number have been collected. The Democrats would prefer the supt. be appointed by the governor.

Michigan Amvet Com. Edwin Numers is circulating petitions to legalize bingo. The proposal is slightly different from the one defeated 2 years ago.

Township officials through their organizations are submitting petitions to return property assessments to their control. The court last year gave it to the state board of equalization.

A Detroit attorney, Gregory Billon, is submitting a bill to limit the garnishment of wages. It provides that wages shall not be garnished for any merchandise but groceries.

The legislature itself is submitting an amendment providing an age limit of 21 for members of the legislature and barring anyone convicted of a felony for breach of public trust or conversion.

Don Weeks director of development wants more than the \$100,000 given him to attract new industries to Michigan. He says other states spent \$3,000,000.

LIBRARY NEWS

The new book at the Library is Mental Health by Low. Dr. Low is founder of Recovery Inc.

37,200 archers bagged some 2310 deer last year which is a 6.2 success. Firearms hunters got a 17.5 success. In Blue Creek last week had trapped 175 miles from the place where it had been tagged.

Ridiculous legislation in rabbit hunting came up in South Carolina last week. A bill was introduced to let children hunt them with a stick. Then slingshots, air guns, bow and arrows and bombrangs were added. A member then offered an amendment to allow them to point their finger at a rabbit and say bang. This sent the bill back to committee.

OBSERVE GOLDEN WEDDING

Mr. and Mrs. Irvin J. Kennedy will observe their Golden Wedding on Sunday, June 10. A High Mass at St. Mary's Church in Pinckney at 8 a. m.

Democrat Convention

Ye editor attended the Democrat state convention as delegate last Friday and Saturday at Grand Rapids with Murray Kennedy and Lee Onzo Murphy. It was the first time he attended since 1938 when he went 3 times with Lee Lavey about that time who was on the county committee as treasurer.

The caucuses of the different districts were held at the Pantelind Friday night to organize and select delegates to the national convention at Chicago. A peculiar situation exists here. Due to population Genesee county cast 59 caucus votes, Ingham 39 and Livingston 8 so Genesee runs the show. They were disposed to be generous this year and their chairman said that as Livingston had not had a delegate since 1940 when Margaret Brogan was named, Genesee would vote to give Genesee 2 delegates an alternate, Livingston a delegate and Ingham 2 alternates. Ingham kicked on this. Livingston nominated Martin Lavan. Then Don Moon of Hamburg nominated himself for delegate. A recess was taken and Livingston voted 7 to 1 for Lavan. In the meantime Genesee had a change of heart and made another motion giving themselves 2 delegates and an alternate. Ingham a delegate and alternate and Livingston an alternate. There is not a great deal of difference. The alternates sit on the floor with the delegates and as the convention last 5 days and part of the delegates are always missing they get plenty of chances to vote. At Detroit one year so many delegates were missing when a county poll was called ye editor had to cast the Livingston county vote on a poll for member of state board of agriculture.

The caucus organized with Sam Carpenter, Flint, chairman and Lloyd Miller of Lansing, vice chairman, Ruth Wiggins, Deerfield, secretary and Erwin Snyder, Brighton on the resolutions committee.

Saturday the convention did not get started until noon. The order of business was to approve the action of the district caucuses the night before on organization and delegates to the national convention. The different chairmen gave their reports and all were approved. Gov. Williams spoke and gave his Civil Rights resolution which he will try to put in the national platform at Chicago. It is called the Second Emancipation Proclamation and is the most drastic civil rights plank ever framed. It calls for abolition of the poll tax and educational test by which negroes are disenfranchised in south and the barring of any senator or congressman from states whose citizens are deprived of the right to vote. The governor may not put it on at Chicago but he will get a lot of publicity. Gov. Williams was endorsed as president and will get Michigan vote on the first ballot. After that the delegates may vote for any one they please. Stevenson, Kefauver and Harriman had representatives but none were made second choice.

Negroes played a bigger part in this convention than ever before. Cong. Diggs was chairman, the first negro in the history of the state to so preside. The 6th district chairman is colored and so are many of the district chairmen from Detroit and Pont. Detroit also has 4 negroes in the legislature.

Commencement Night

A full house attended the annual commencement at Pinckney high school Friday night. Following the custom of Supt. Reader the different parts were split up among groups and every graduate had a part in the program. The salutatory by Elizabeth Miers was the only part not split up. Elaine Johnson and Sally Miller tied for first and gave valedictories.

The class history was given by 4 seniors, the prophecy by 9, the gift story by 12, the will by 9 and the senior trip by 2. Mike Heath, Nancy Case and Dick Imus sang, James Knight had the song and Leslie Green the poem.

The big interest is always in the class awards. A new one of \$150 was added this year by Thomas Bonner school board member. The best essay on the subject "Duties and responsibilities as a citizen of the United States. The 3 judges were Mrs. Lulu Darrow, Welton Chamberlain and Mrs. Marilda Clark. They awarded first prize to Marilyn Gustafson.

The first Thomas and Mary Read award of \$25 for the highest 4 year average in English was won by Elaine Johnson and the second of \$15 by Sally Miller. This was started by the late Lucius E. Wilson some 35 years ago and continued by the Read families after his death.

Monday 35 seniors left on a 10 day trip to Washington D. C. and points east 8 seniors did not go for various reasons. The following furnished cars. Midge Miller, Merwin Campbells George Enquist, Alta Shirey, Howard Thayer, Supt. Reader, Mrs. J. Johnson, Mrs. Ed Ritter, Mr. and Mrs. Edsall Meyer.

THE COUNTY LEAGUE

The county soft ball league started Monday when Hamburg met the Fowlerville team. Pinckney plays Milford there tonight and City Series Fowlerville Friday. All county league games are at 9:00 p. m.

The Pinckney Girls team sponsored by the Kiwanis also plays tonight. All girls games are at 7:00 p. m. The girls who are on the team are: Marilyn VanSlaembrook, Cathy Wiltse, Francis Higgs, Midge Higgs, Cherrie Gudith, Janet Shirley, Jackie Rutledge, Della Davis, Joyce Wegener. The girls want more players. Anyone wishing to play contact Cathy Wiltse.

Pinckney played a practise game at Hamburg Thursday night and lost 4 to 1 as Jim Bennett threw a 2 hitter. Joe Esper of Portage Lake pitched for Pinckney with Jack Young catching. Owing to Bill Jeffreys farewell party, Reader, Moriarty, Gus Ledwidge and Joe Jeffreys were missing.

MEMORIAL DAY OBERVANCE

Pinckney had her second memorial Day observance last Wednesday with Rev Winger as chairman. The parade was led by John Burg on his spirited charger and about a dozen other horsemen, mostly from the Leo Davis farm. Mayor Dinkel in Brandon White's convertible with Charles Hill of Howell, the speaker were in the first car followed by others decorated bicycles, Boy Scouts, Girl Scouts, Cub Scouts, 4-H and other organizations.

The days program with Charles L. Hill of Howell was on the square and played at the program.

The South Lyon V.F.W. firing squad fired salutes at both cemeteries. At St. Mary's where Rev. Fr. Albert Schmitt spoke briefly there are 22 soldier dead and at the Pinckney Cemetery where Rev. Winger spoke, there are 38 soldier dead here.

The ball game between Pinckney and Stoeckbridge high schools ended the days events. Chris Campbell pitching his first and only game of the year scored an easy 14 to 5 victory. Lonnie Huhman, Don Packer and Mark White each had 3 hits and Dick Higgs 2.

CARD OF THANKS

We wish to thank the school board the teachers the kitchen help, the janitors and students for the very nice farewell party they gave us last Thursday night at the school.

MY DUTIES AND RESPONSIBILITIES AS A CITIZEN OF THE UNITED STATES

By Marilyn Gustafson

The first steps to success are honest outspoken pride and faith in our country that is simple frank and ever present. If we have this pride and faith we shall appreciate our responsibilities and if we live up to them, we shall keep the words, "An American Citizen," the noblest title any man can bear.

The most important duty of a free man is to vote. It's also a great right. It is grounded in the faith that the average judgement of all of us together will be all right. America from the tiniest unit of community life up to the Big White House, is built on the ballot and is bossed by it.

Jury duty is an important responsibility. When we receive a notice of jury duty, our first reaction may be, "Brother, how can I get out of this? It interferes with our work and play. It's a lot of trouble and the pay is chicken feed. Yet anyone who dodges this responsibility is fading away from the foundation of one of our countries broadest freedom. The obligation to serve on a jury is the reverse of the right to trial by jury.

There is a saying that goes, "Law alone can give us our freedom." Good citizens respect and obey the laws of their country. We don't evade them but cooperate with them. After all they're made by us through our representatives, not by any one man or group of men.

We should pay our taxes understandingly. Every hour of every day and night our safety, our health, our security, and our valuables are protected by public servants paid for by our taxes. When it comes time to pay them let's ask ourselves "Would I like to do without this protection?" When we've answered that we'll pay our taxes understandingly and maybe even cheerfully. We should work freely and willingly for our country in times of war and peace. We should defend, protect and respect our flag at any cost.

We should hold these truths to be self evident, that all men are created free and equal, was given to us in the Declaration of Independence. Let's live up to it in every thought, word and deed. In our thoughts, our expressions, and our actions; at our homes, our schools wherever we may be, let's vow that we will avoid any prejudice based on class, race or religion. There is one law written long before our time that will last long after we are gone. "Do unto others as you would that they do unto you." Let it shine forth from the heart of every man.

We should support our free public school system. Our public schools provide the roots of freedom. It has been said, "America fears no enemy but ignorance."

It is our duty to teach the coming citizen that next to love of God is love of country.

We must not forget the responsibilities and duties we accept by our acceptance of the blessings we enjoy.

CURRENT COMMENT

In a recent speech in Detroit United States Senator Chas. Potter said the big federal road building program and war contracts will erase or ease the unemployment problem in Michigan. The senator was either off his trolley or figured the people he was talking to were. The cause of the unemployment in Michigan is the huge backlog of 500,000 unsold cars in Michigan throwing 220,000 men mostly in Detroit out of work. On this the Detroit Free Press says. "Neither defense contracts or federal road programs will be big enough or come soon enough to provide major relief. Nothing but a revival of the automobile market will put these men back to work. Neither can we imagine a skilled auto worker going out and shovelling gravel. The senator's cheeriest was on a line with Herbert Hoover. "Prosperity is just around the corner."

The sale of alcoholic beverages in the big league base ball parks is said to be causing rowdiness but is tolerated because the clubs claim the revenue derived from it is needed to keep the clubs out of the red. The sale of beer is not permitted in Pennsylvania or Washington D. C. In Pennsylvania a strong effort is being made to get a bill through the legislature legalizing it. The claim is made the revenue is needed by the Philadelphia and Pittsburg teams. This is denied by some. The Pittsburg team is staging a comeback revival with their winning streak and outdrawing many where the sale of beer is permitted.

Senator McCarthy who is not now and never has been an Eisenhower man carries considerable weight in Wisconsin. At the state convention there he forced the endorsement of Chas. Davis for U. S. senator over the veteran senator, Alex Wylie who is up for reelection. Wylie is a 100-percent Eisenhower supporter. This McCarthy accomplished by blasting Eisenhower's foreign aid program which is not popular in Wisconsin. Senator Wylie must oppose Chas. Black in the primaries and Wylie's friends want President Eisenhower to endorse him.

The senate at Washington has passed a bill which provides death penalty for all 3rd offenders convicted of dope sales to youth under 18 yrs. The minimum sentence would be 10 years in prison. The same objection applies to this as to all other law, inadequate enforcement. We have thousands of laws on the books and all fail to a considerable extent due to lack of enforcement.

The isolationists and old Taffites are all stirred up by the approval by President Eisenhower of the visit of Gen. Nathan Twining, chief of staff to Red Russia. They want no truck whatsoever with Red Russia and say all this sociability will make the brand of neutralism as practised by India and Indonesia respectable. They should remember that the president has vast experience in Russian affairs and he would not give General Twining his blessing unless he knew what he was doing. There are but 2 courses open with Russia, War or Peace, and no attempt to achieve a better understanding should be neglected.

CELIA ANN BRADY

Celia Ann Brady passed away on May 26 at the home of her nephew Thomas Anderson of Royal Oak. She was the daughter of Phillip and Mary Ann Brady of Genoa and spent her life there except for the last 6 years when she lived in Brighton. She leaves 2 sisters, Mrs. James Gentry and Mrs. Margaret McCleary of Gregory and a brother, J. A. Brady of Brighton. Her parents were members of St. Marys church when it was built.

The funeral was held at St. Patrick's Church, Brighton with Rev. Leo M. Jann, celebrant Rev. Kilgus of Royal Oak was deacon and Rev. Albert Schmitt of Pinckney substituted. Burial was in Calvary Cemetery.

CARD OF THANKS

We wish to thank all our kind friends and neighbors for their expressions of kindness and for the flowers during the illness and death of our loved one. Also Rev. Winger for his kind words of sympathy.

Soybean Champion

Harvey Stiegelmeier

HARVEY STIEGELMEIER,
 61, of Normal, Ill., who says
 high soil fertility helped him
 win the soybean championship
 of North America for the fourth
 time at the recent International
 Grain and Hay Show in Chicago.
 He had previously won in 1948,
 1947 and 1950.

In addition to soybeans, Stie-
 gelmeier raises hybrid corn and
 certified oats seed.
 Stiegelmeier limes his soil
 regularly and puts on liberal
 amounts of phosphate, plus a
 full feed of other nutrients.
 Good land, he says, gives a
 greater response to fertilizer
 than basically poor land. Soil
 improvement on the 330-acre
 farm in Champaign county, Ill.,
 began more than 50 years ago
 when Harvey's father began
 using sweet clover in the rota-
 tion.

Top-Dress Alfalfa This Fall For Extra Tons of Hay in '56

Annual fall top-dressings since 1950 are maintaining alfalfa yields
 at 3½ and 4 tons per acre, on this Barron county, Wis., field.

Top-dressing legume-grass
 meadows late this summer with
 phosphate and potash fertilizer
 can pay off in extra tons of high-
 er quality hay next year.

Another dividend will come in
 added protection against dam-
 age to the legumes from winter
 killing, reports the Middle West
 Soil Improvement Committee.

To obtain fullest benefits from
 the top-dressing, the fertilizer
 should be put on as soon as pos-
 sible after the last cutting of
 hay, says the committee.

"Plant food added late in the
 summer or early in the au-
 tumn," says the committee,
 "will help increase the fall
 growth of the legumes."

"It will also enable the plants
 to store up nutrients in their
 roots. This is important in tiding
 the legumes over severe winter
 weather. Strong, well nourished
 roots anchor themselves more
 solidly in the soil. Thus they are

able to withstand the effects of
 heaving during alternate periods
 of freezing and thawing.

"When legumes are fed plenty
 of phosphate and potash, they
 come through the winter with
 enough nutrients in their roots
 to start growth vigorously in the
 spring."

The committee points out that
 it pays, also, to top-dress new
 legume-grass seedings with
 phosphate-potash fertilizer in
 cases where they did not receive
 enough plant food at seeding
 time. Here again, the nutrients
 provided by the top-dressing
 will help the legumes develop
 deeper, thicker root systems to
 carry them safely through ex-
 treme winter conditions.

Applications of from 300 to 500
 pounds per acre of a fertilizer
 such as 0-20-10, 0-20-20, 0-10-20,
 or 0-10-30 are recommended by
 some agronomists, depending on
 the soil's need for phosphate and
 potash, says the committee.

Communism Is A False Religion

By J. Edgar Hoover, Director of the Federal Bureau of Investigation

I CAN'T UNDERSTAND how
 anyone could confuse Commun-
 ism with Christianity. Karl
 Marx coined the phrase, "Re-
 ligion is the opium of the peo-
 ple." He also wrote, "Commun-
 ism abolishes eternal truths; it
 abolishes all religion and all
 morality, instead of constituting
 them on a new basis . . ."

But some Americans have been
 fooled into thinking that Com-
 munism is just another form
 of Christianity. Non-Communist
 writers who should know
 better often parrot the Red line
 that Communism and the
 teachings of Christ have
 much in common. Some years
 ago in one of our leading mag-
 azines a writer said, "Pure Com-
 munism, indeed, might be a
 Christ-like doctrine were it not
 for its political implications."
 This man couldn't have known
 much of the real aims and doc-
 trines of Communism.

AT A COMMUNIST meeting
 recently a speaker gave the true
 Communist position on religion.
 "No true Marxist can believe in
 any religion," he said. "The
 Church is the enemy of the
 working class and must be shown
 for what it is—an enemy of
 the people." In this he did not
 differentiate Jew or Gentile,

Catholic or Protestant. It makes
 no difference. The Communists
 are dedicated to destroy belief
 in God.

The real menace of Commun-
 ism is that it becomes a religion
 in itself—a religion utterly op-
 posed to Christianity. It has no
 place for man's soul, for God, for
 heaven or hell.

OUR STRUGGLE with Com-
 munism is more than that of
 differing political systems. The
 struggle is essentially religious.
 Communism attacks all forms of
 religion that base themselves on
 belief in God.

Part of the Communist plan
 is confusion. They hope to di-
 vide our people and stir up strife
 between Catholic and Protestant.

ANOTHER TACTIC of decep-
 tion. Time and again they in-
 ject their slogans and propa-
 ganda into religious groups on
 the themes of "peace," "demo-
 cracy," "aid to the poor," and
 "civil liberties." They will even
 use things like the Sermon on
 the Mount and the Christmas
 story to further their own aims.

Religious people must realize
 that Communism is their great
 enemy. The zeal of the early
 Christians overcame paganism
 in Rome and civilized the sav-
 age gods of the northern bar-
 barians. That same zeal could
 convert godless Communists. It
 is up to American Christians to
 recapture that indomitable spirit
 and to free the world from the
 menace.
