# Farm Auction

## TUESDAY, MAR. 12

1:00 P. M.

Having sold my farm I will sell the following at Auction two miles Southeast of Gregory on Unadilla road in the Village of Unadilla.

**12 HEAD OF CATTLE 12**  
Jersey Cow, 2 yrs. old, due Sept. 2.  
Holstein cow, 4 yrs. old, due Oct. 8.  
Guernsey Heifer, 18 mos. due Nov. 18.  
Holstein cow, 5 yrs. old, due July 6.  
Jersey cow, 6 yrs. old, due Nov. 28.  
Holstein cow, 2 yrs. old, due May 1.  
Jersey cow, 9 yrs. old, due Aug. 25.  
Jersey cow, 9 yrs. old, due July 8.  
Holstein cow, 5 yrs. old, due June 15.  
Holstein cow, 7 yrs. old, due Aug. 7.  
Guernsey cow, 4 yrs. old, due Aug. 2.  
Holstein heifer, 19 mos. due Sept. 15.  
above cows all artificially bred, members of ABA since 1944.

**DAIRY EQUIPMENT**  
Serge 2 unit milker, complete  
3 can milk cooler  
6 milk cans-can rack  
Hot water heater-milk pails  
**FEED**  
100 bu ear corn 1 bu Alfalfa  
75 shocks of corn 10 bu barley  
12 tons loose mixed hay, 25 bales hay

**FURNITURE**  
Wood or coal range  
Fut-gas stove  
Buffet  
Tables  
Chairs  
Fruit cans  
**Radio**  
Victrola  
Books  
Day bed  
Lamps  
2 iron beds

**TOOLS**  
1949 Ford tractor, good condition  
2-12 bottom plow Ford Cultivator  
Ford cultivator 2 mowing machines  
Litt type corn planter for Ford tractor with fertilizer attachment  
Rubber tire wagon, nearly new  
Superior fertilizer and seeder  
John Deere Corn Planter  
John Deere side rake  
2 comp rakes Hay loader  
Corn Binder Manure spreader  
2 good wheel wagons Fanning mill  
iron wheel wagon 2 wheel trailer  
Line spreader 1 horse cultivator  
Spike tooth drag Spring tooth drag  
3 two horse cultivators Iron kettle  
Platform scales 2 chicken crates  
3 walking plows 35 fence posts  
2x10 barn timbers 1 riding plow  
John Deere 18 muck plow Ox yoke  
Work bench Brooder house  
Bob Sleighs Emery wheel  
5 cords of wood Harness  
Meyers hay car 15 ft boat  
1923 Model T Ford, runs good

**POULTRY**  
2 geese 3 ducks  
40 New Hampshire Red Hens

**JEWELRY WAGON**

PINCKNEY KING'S DAUGHTERS  
The Pinckney Kings Daughters  
meet Thursday, March 7 with Mrs.  
Eloise Campbell at 1:30 p. m.

Stanley Hall and wife of Marine  
City were Sunday guests of the  
Ralph Hall family.

### Notes of 25 Year Ago

The high school last to St. Mary's of Chelsea here Friday night 23 to 25. Stanley Dinkel had 12 points for Pinckney.

Saturday the Pinckney Independents lost to the Broadway Leaders of Ann Arbor 25 to 30. Roy Reason had 10 points for Pinckney.

A Boy Scout Court of Honor will be held at the opera house Monday night.

Jean Sigler, 19, daughter of Dr. and Mrs. Cecil Sigler died at a Battle Creek hospital, Feb. 25. The funeral was held at the George Sigler home here Sunday afternoon, Rev. E. J. Jerome of Dexter officiating. Burial was in Pinckney Cemetery.

Over 200 attended the annual past masters night of Livingston Lodge of 78 at the temple Friday night. Norman Reason was toastmaster. Russell Livermore W. M. gave the welcome and John Martin responded for the past masters. L.G. Morse Albert Frost furnished music. The speakers were Wade Hampton of Clare; John Wendell Bird of Lansing Don VanWinkle, Hiram Smith and Lynn Gardner At the conclusion the past masters worked the MM degree with Walter Girard in the East. Roy Reason was the candidate.

The periar trees on the school ground are being cut down and will be replaced by elms. The boys will plant the trees.

Douglas Plummer, 6, who was hit by a car last week was found to have a broken collar bone.

Mrs. Will Smith of Washington was called here last week by the illness of her father, John Dunbar.

A large delegation went from here to Howell Monday night to see the Howell Players put on "Sun Up," a story of the moonshiners of the Carolinas by the author of Moonshine and Honeyuckle. Some in the cast were Dr. Ross, Luther Haig, Harold Jordan, Vern Witse, Buster Heeg and Helen Leonard.

# Plenty of hot water with **DETROIT EDISON'S** **NEW ELECTRIC** **WATER-HEATING SERVICE**

Bath time is fun time with lots of hot water

1937 electric water heaters, built to Edison's rigid specifications, give you all the hot water you want!

Now Detroit Edison has joined with leading electric water heater manufacturers to bring you the most advanced electric water heating method at down-to-earth cost. With Edison's new Super-Supply Plan you get much more hot water than ever before for only pennies a day. No waiting for water to heat. No hot water shortages.

#### How Does it Work?

New 1937 electric water heaters are built to give you large quantities of piping hot water automatically. Each tank has two elements—one near the top, one near the bottom—with greatly increased water

ages. In fact, because they are designed to supply hotter water faster, you can get more than twice the supply from the same size tank. And operation is, of course, completely automatic.

#### What is Edison's Super-Supply Plan?

To make these 1937 electric water heaters more economical, Edison is offering a new plan. The new Super-Supply Plan provides much more hot water than ever before, at a surprisingly low flat-rate charge. This means you have plenty of hot, hot water on tap all of the time to meet all of your family's needs.

#### Why Buy an Electric Water Heater?

Electric water heaters are the safest water heaters ever built. And these new models offer other advantages, too. There's no soot to clog heaters. No fires to limit where the heater must be installed. Put your new electric water heater where you want it, even in the kitchen or utility room. There's no flame to worry about. No odor from fumes. And insulation makes them cool, and they're noiseless. You can put your confidence in an electric heater built to Edison's rigid specifications for years of trouble-free operation.

With an electric water heater you have another job done better, electrically.

Roddy McWatt invites you to check these tremendous advantages of **ELECTRIC** water heating before you buy.

Fully Automatic	Yes
Location	Anywhere
Flameless	Yes
Clean	Yes
160° water	Yes
Longer life	Yes
Odorless	Yes
Cool	Yes
Quiet	Yes

PLUMBER'S OR EDISON OFFICE

IN the Matter of the Petition of  
Frank S. Szymanski, Auditor General of the State  
of Michigan, for and in behalf of said State, for  
the sale of certain lands heretofore assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against said parcel of land therein described, for the amounts herein specified, claimed to be due of taxes, interest and charges in respect such parcel of land, and that such lands be sold to the amounts so claimed by the State of Michigan,

[illegible]

Witness the Hon. Michael Canard, Circuit Judge, and the seal of said Circuit Court at Livingston, County this 8th day of January A.D. 1957.

Counter-Signs,  
JOHN A. HAGMAN, Clerk

In the Matter of the Petition of  
Frank S. Szymanski, Auditor General of the State  
of Michigan, for and in behalf of said State, for  
the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of LIVINGSTON, in Chancery:

unto the Court:

"I, That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 126 of the Public Acts of 1933, as amended:

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent; the description of all lands in said county heretofore bid or in the name of the State and thus red and sold upon which taxes have been assessed subsequent to the year for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent; and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands herein contained are (a) the total amount of delinquent taxes upon said descriptions for the non-payment of which the same are actually to be sold at the next annual tax sale; (b) interest computed thereon as provided by law to the first day of May, next ensuing; (c) a collection fee of four per cent and (d) \$1.80 for expenses, all in accordance with the provisions of the act last above mentioned;

4. That one of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof; and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule, as to the same, and against the same, extended in favor of the people of the State of Michigan, the payment of which said lien the court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petition prays:

A. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, penalties and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended:

B. That within the time provided by law this court make a final decree in favor of the State of Michigan against said person or said lands for the payment of the several amounts of taxes, interest, costs, fees and expenses, as computed and extended in said schedule against the said person or said lands as herein contained;

6. That said decree provide that in default of the payment so ordered of the said several sums decreed and ordered against said names in said schedule, the said several parcels of land or some interest therein as may be necessary to satisfy the amount decreed against the several said parcels be sold at the law provided;

D. That your petition may have such other and further relief in the premises as to this court may seem just and equitable.

And your petition for a writ of habeas corpus, etc.  
DATED: DECEMBER 28, 1956  
FRANK S. SZYMANSKI

FRANK S. SZYMANKO,  
Auditor General of the State of Michigan  
for and in behalf of said State.

	1954		Lots 62, 65 and 67 1954
Soil Care Pays Off For New Corn Prince			
DAVID LUX, 13 of Shelbyville, Indiana, the new Corn Prince, maintained an old family tradition when he won top honors at the recent International Grain and Hay Show in Chicago.			
David is a third-generation champion in the family. It's grandfather, Peter J. Lux, started it all back in the 1920's when he won the Corn King title four times. David's father Maurice, was Corn Prince twice and			
			
David Lux, the new Corn Prince			
his Uncle Frank, also a former Corn Prince, was named reserve grand champion corn grower at the 1956 international show.			
The Lux family attribute their corn growing success to careful seed selection, good management and soil fertility.			
This year, David's prize winning corn was grown on a 5-acre field he had entered in the 1956 Indiana 5-acre corn growing contest. The seed was an Indiana Certified Hybrid, No. 8-44-D.			
Altogether, the Luxes had 115 acres in hybrid seed corn last season on the family's 400-acre farm in Shelby County, Ind. On most fields, the yields averaged better than 120 bushels per acre.			
Over the years the soil fertility level has been built up and maintained by adding manure, crop residues and plenty of mixed fertilizer.			
Last season, the fertility program included 400 pounds per acre of 4-16-16 plowed down before corn planting, plus 200 pounds added in the row at planting. In addition, 45 pounds per acre of 80 per cent nitrogen fertilizer was applied for the corn crop.			
Winter Storage of Plant Food Assures Supplies for Spring			
THE Middle West Soil Improvement Committee has five suggestions for storing fertilizer on the farm this winter so it will be in good condition when it is needed for spring crop operations:			
1—Keep the fertilizer bags off the ground or off concrete; 2—Store the fertilizer in the barn or some other dry building; 3—Put the bags on 2 x 4's or cribbing above the floor. Then the fertilizer won't soak up moisture and get lumpy; 4—Prevent caking by piling bags only seven or eight high; 5—Keep broken bags separate from the main pile. Loose fertilizer soaks up moisture.			
Buying and storing fertilizer on the farm now is particularly advisable," says the committee, "because of the tight situation on railroad freight cars needed to move phosphates and potash from the mines to fertilizer factories."			

Prince, maintained an old family tradition when he won top honors at the recent International Grain and Hay Show in Chicago.

David is a third-generation champion in the family. His grandfather, Peter J. Lux started it all back in the 1920's when he won the Corn King title four times. David's father Maurice, was Corn Prince twice and

**David Lux, the new Corn Prince**

his Uncle Frank, also a former Corn Prince, was named reserve grand champion corn grower at the 1956 international show.

The Lux family attributes their corn growing success to careful seed selection, good management and soil fertility.

This year, David's prize winning corn was grown on a 5-acre field he had entered in the 195 Indiana 5-acre corn growin

Altogether, the Luxes had 11 acres in hybrid seed corn last

season on the family's 400-acre farm in Shelby County, Ind. O most fields, the yields average better than 120 bushels per acre.

Over the years the soil fertility level has been built up and maintained by adding manure, crop residues and plenty of

Last season, the fertility program included 400 pounds per acre of 4-16-16 plowed down before corn was planted.

fore corn planting, plus 20 pounds added in the row planting. In addition, 46 pounds per acre of 80 per cent nitrogen fertilizer was applied.

### Winter Storage of

## Winter Storage of Plant Food Assure

## Supplies for Spring

THE Middle West Soil Improvement Committee has

five suggestions for storing fertilizer on the farm this winter so it will be in good condition when it is needed for spring.

1—Keep the fertilizer bags on the ground or on concrete; do not store the fertilizer in the house.

Store the fertilizer in the barn or some other dry building; Put the bags on 2 x 4's or on a platform above the floor. Then the fertilizer won't soak up moisture.

fertilizer won't soak up moisture and get lumpy; 4—Prevent caking by piling bags only seven or eight high; 5—Keep broken bags separate from the good ones.

en bags separate from the pile. Loose fertilizer soaks moisture.

●

"Buying and storing fertilizer on the farm now is particularly

on the farm now is particularly advisable," says the committee, "because of the tight situation on railroad freight and needed to move immediately."

needed to move potassium  
potash from the mines to  
refining factories.

## Winter Storage of Plant Food Assures Supplies for Spring

THE Middle West Soil Improvement Committee has five suggestions for storing fertilizer on the farm this winter so it will be in good condition when it is needed for spring crop operations:

- 1—Keep the fertilizer bags on the ground or off concrete.
- 2—Store the fertilizer in the barn or some other dry building.
- 3—Put the bags on 2 x 4's or string above the floor. Then the fertilizer won't soak up moisture and get lumpy.
- 4—Prevent caking by piling bags only seven or eight high.
- 5—Keep broken bags separate from the main pile. Loose fertilizer soaks moisture.

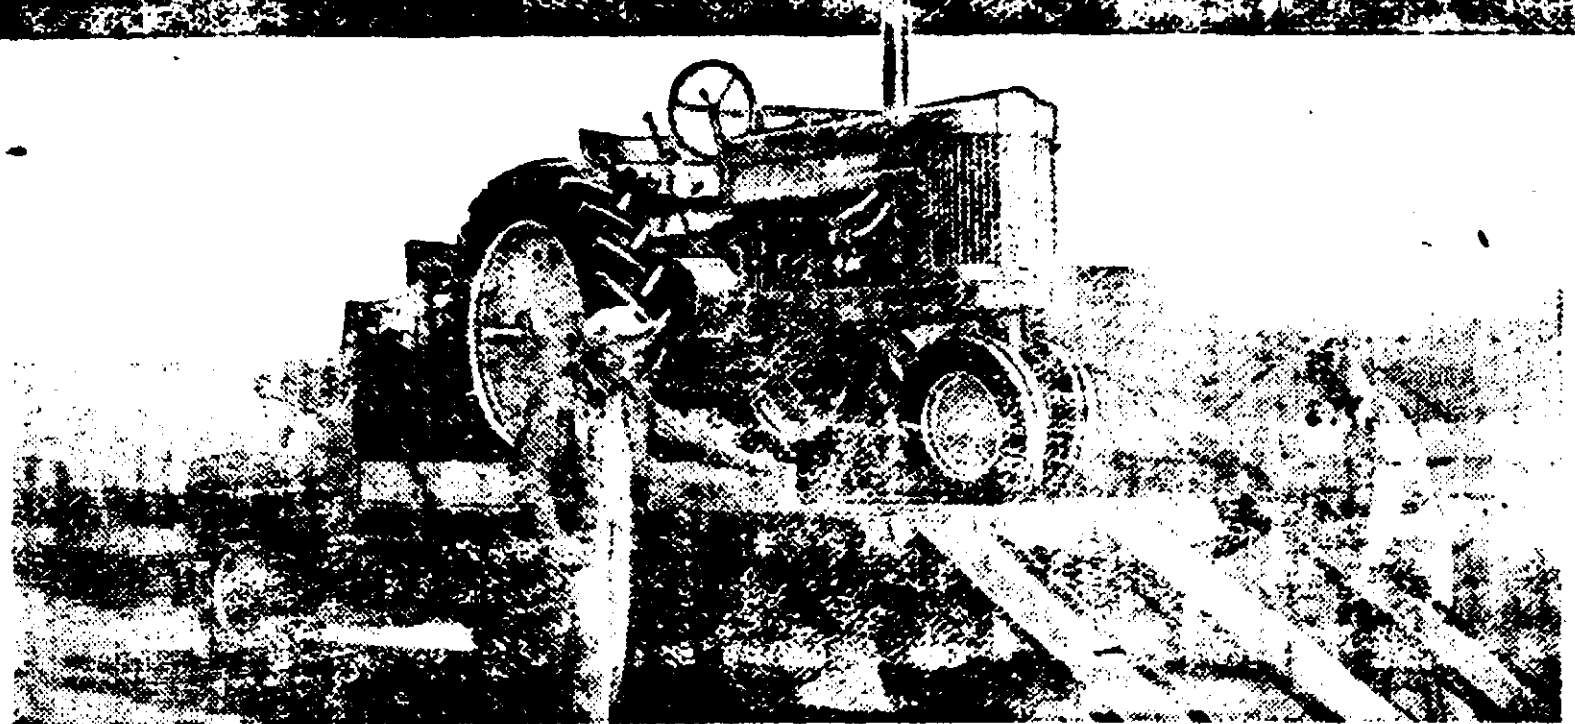

"Buying and storing fertilizer on the farm now is particularly advisable," says the committee, "because of the tight situation on railroad freight and needed to make payments on potash from the mines to the fertilizer factories."

## WE'LL BRING ONE OUT AND SHOW YOU

—how much more performance a John Deere will give you on any tractor job.

—how the many 'way-ahead' features of a John Deere will save you time and money every step of the way.

—how a John Deere Power Steering Tractor will take you through a long day in the field and bring you home feeling less tired than will any other tractor you could own.

You name the date, time, and job... tell us the model you want demonstrated and we'll be there.

## GOOD REASONS for BORROWING

- To meet your taxes.
  - To pay doctor or dentist
  - To defray school expenses
  - To get on your feet and make a fresh start!
- Non-budgeted expenses have to be met (whether you see them coming or not). The cost is low because we make so many loans. Terms are adjusted to income. The transaction strengthens your credit here. Call any time.
