### NORTH MICHIGAN BELL

TELEPHONE *Direct*

IT IS OFTEN SAID that the best gifts you can give are those you'd like to receive yourself. Wouldn't you like to receive, as a Christmas present, a bedroom or kitchen phone, or a phone for the den or workshop? Then wouldn't they make great gifts for Mother, Dad or the children in your family?

Extension telephones (in 2- or 3-line decorator colors) cost only about \$1 a month plus the time installation charge. So order yours now. It's easy; just call our Business Office.

### CHRISTMAS IS GETTING

closer and closer and you probably have a hundred and one things to do—presents to buy, holiday parties to plan, and lots of errands to run. Just the spot for your telephone to come to the rescue. You can shop around by phone and find out if certain items are still available and what they cost. And for planning holiday get-togethers, there's no faster, easier way than doing it by phone. Holidays and every day, there's just no end to your telephone's usefulness.

NEWLY-DESIGNED equipment is being used to bring telephone service more quickly to fast-growing sections of town. Called Cable Concentrator, it lets as few as 16 pairs of telephone cable wires do the work of 58. In a new and heavily built-up area, where the Cable

Concentrator is most useful, it means more phones can be installed without waiting for additional lines to be built. And it means more people there can have single or two-party lines. The development of these concentrators is one more milestone in Michigan Bell's continuing program to bring you more and better phone service.
