THE PINCKNEY DISPATCH Wednesday, January 22, 1958

No. 4

MICHIGAN MIRROR

Republicans are still looking for a candidate for governor this year. Although only one will be chosen they would like to have several going around the state selling Republicanism to the voters, but like the man adrift on a raft on the ocean there is not a sail in sight, Speaker George VanPurse, a possible candidate has lost his voice and George Salade is too liberal for the old guard. Also his eyes are set on 1960.

Since Gov. Williams first won in 1948 there has been a complete turnover and the Democrats hold all elective offices. Williams was the only Democrat inaugurated in 1949.

The Republicans are setting up a \$227,700 budget and will pay their chairman Lawrence Lindemare of Stockbridge, a \$21,000 a year salary plus a \$9,000 expense account.

They think it will be time for a change. Williams has been in office 10 years.

Opinion is divided on the intangible tax passed by the Republicans last year which the governor wants to increase. This is on bonds, securities, bank accounts etc. It only affects a small number as there are only 57,000 people in the state who pay this tax. 40% of them pay less than \$10 and only 4% pay more than \$100. Law aimed at those who invest their money in tax exempt securities. Ohio raises twice as much money on her intangible taxes Michigan does.

The state is trying to repeal the law licensing 4 year olds to drive motor scooters. It wants them to attend drivers school.

CONSERVATION NOTES

Joseph Rahilly of Newberry and Clarence Messner of Grosse Pointe have been appointed to the conservation commission. Rahilly has served since 1934. Messner succeeds Frank Burch of Detroit. He is a former president of the Michigan Audubon Society and the Michigan Botanical Society.

State fishery specialists from Minnesota, Wisconsin and Michigan met at Higgs last week to map out programs.

Plastic bags are being used successfully to transport young fish from the hatcheries to streams. They are partially filled with water and oxygen. 500 pike were transported on 30 mile trip last week and only 3 died.

The deer loss in Michigan this winter is expected to be slight due to the light snow fall. In the north it was from 6 to 12 inches. Deer can dig through a foot of snow to get a morsel.

750 attended the bow and arrow rabbit hunt at Perry Sunday but only 30 rabbit were killed.

CHRISTENING

Patrick Joseph Burns, son of Mr. and Mrs. Joseph Burns was christened at St. Mary's church Jan. 19. The God parents were Charles Mahler and Rosalie Hoey. Other guests were Mr. and Mrs. Albert Mahler Jr., Mr. and Mrs. Ray Burns Max Lane, Mr. and Mrs. Roger Goulet, Mr. and Mrs. Paul Collins, Mrs. Lawrence Collins, Mrs. Lester Collins, Oscar Johnson and son, James, Martha Lee Hoey, Rita Hoey, Betty Kay Ann Fleming, Mary Lee Dunlavy.

Neighboring Notes

A \$6000 Hereford bull and a herd of cattle were destroyed Wednesday when the barns on the McCaslin farm on Zeeb Rd., in Webster burned.

It was once the Allmendinger farm. Stockbridge high school has won 2 straight games. They beat Fowlerville last week.

James Gregory, 82, of Webster was given a birthday card shower last week.

The old McPherson hospital, Howell is now only a memory as all the patients were transferred to the new health center on Byren Rd. last Wednesday. All the funeral directors in the county donated use of their ambulances to help move them. The old hospital functioned 29 years.

A \$100 savings bond will be given to the first baby born in the new health center, Howell. Anthony Klein Schmidt, son of the Robert Klein of Webberville, born Jan. 15 was Mitt. Higgins is the president of the Howell Kiwanis club.

Mr. and Mrs. Dewey Breniser of Gregory announce the engagement of their daughter, Joyce, to Kenneth Monte of Mt. Clemens.

The Fowlerville firemen flooded the Centennial Field there last week for skating.

There were 212 marriage licences issued in Livingston county last year. 321 babies were born, 358 people died, 29 gun permits were issued and 34 liquor licences.

England of Manchester scored 42 points against Dexter, a record for Manchester gym.

Jack Jeffrey is playing with the City Service team in the Howell league. They are in first place. He was high scorer last week with 13 points.

The Waterloo Fox Hunt is Jan. 26. Dinner served at Linden town hall. The South Lyon school has added 6 new teachers to replace 6 who resigned.

The Fowlerville school board has voted to abolish senior trips after the year 1958-59. The classes are becoming too large and it is impossible to get transportation and sponsors for them. Other schools are discontinuing them.

CORBETT SALYER

Corbett Salyer who owned a home across the pond here and moved to Stockbridge last year died of a heart attack last Wednesday. He was employed at the Detroit Die Sit plant here. There is a wife and several children.

LIBRARY NEW

Johnny on the Spot is our new book for boys this month. Mrs. Curtis Chamberlain has presented the following books: Long Ago by Wolcott; American Chronicle by Baker; Lydia Bailey by Roberts and Midcentury by Shirer.

House with a Key by Biggers and Ransom's Folly by Davis given by Mrs. L. Sinclair

Ladder to the Sky by Simpson; Cindy Kid by Hughes, Long Valley and to a God Unknown by Steinback by Mrs. Ted Gray.

MASONIC BUILDING ASS'N.

The Pinckney Masonic Bldg. Ass'n held their annual meeting Tuesday night. The financial report showed a good balance on hand. Clare Swarthout was elected to the board to replace Orland Winslow and Mildred Miller to succeed Carmen Porter. Frank Zeigler is chairman and Sada Moran, sec-treas.

OLD SCORING RECORD

When Pinckney scored 54 points last week they set high school record for the year. We remember some years ago when Don Swarthout was playing he scored 44 points against Dunbar Center, a negro team from Ann Arbor. Although Pinckney got over 80 points they lost as the colored boys got over 90. Douglas Williams, long on the Ann Arbor school board, played with Dunbar. The Pinckney team besides Swarthout was Roy Reason, Paul Hickey, Wayne Carr, Loren Meabon and Har Hall.

Pinckney High School

ON DECK WITH THE PIRATES

Friday the Pinckney Pirates set a scoring record for basket ball when they downed Boysville 84 to 46 in a league game.

Boysville grabbed a 2 point lead the first 10 second but Pinckney made 3 baskets in quick order to take the lead and stayed ahead the rest of the game. They led at the quarter 22 to 10 and at the half 50 to 19. In the 3rd quarter Coach Reader sent in all the subs but this did not keep the first 10 seconds but Pinckney players scored and 5 in double figures. Lonnie Hubman for Pinckney and Mata for Boysville each had 20. Runners up were Taylor, Boysville 18 and Kennedy Pinckney 14. Jeff Davis had 12. Basydli and Wakefield each 10.

Coach Reader says this is the first time a Pinckney high school team ever scored over 70 points. It seemed as if nothing went wrong for Pinckney in this game. Time and again a Pinckney man was left in the clear. Their passing was sharp and their taking rebounds off the back board. Wakefield was the key man on rebounds. The last quarter letdown which has cost Pinckney several games was never in evidence.

Friday Pinckney meets the Manchester Dutchmen there who beat Hartland 81 to 36.

Current Comment

President Eisenhower has yielded to public opinion and in his message to congress said he was willing to have summit peace talks with Russia. The people have become thoroughly convinced that the adamant non-negotiation attitude toward Russia has become too dangerous to continue since the launching of the satellite and all it holds in store for us is an ever increasing tax burden for military defense. The ramifications go further than that. Alf Landon, Republican candidate for president in 1936 has called on Secretary Dulles to resign. He says he is blocking the peace effort. The plans for a summit talk have to be worked out and that will take some time.

The president asked for a budget nearly \$74 billion the highest ever. He wants increased foreign aid, increased pay for the military and scientific research. He also asked for general letter postage. This seems queer as congress thrned down 4c postage last year. This is for raises for postal employees and not to get the office out of the red.

Are the by passes and expressway being constructed in Michigan going to create a lot of ghost town? Two were recently opened near here. The new US-23 bypasses Whitmore Lake. The Ann Arbor News carried a picture of the business section of Whitmore Lake. Not a car was in sight. The same complaint comes from along Grand River especially in the Island Lake section where the oil stations and lunch rooms are hard hit. The traffic no longer goes by their door. Ghost town was a name applied to mining towns of the west which were deserted when the mines gave out. Unadilla is in the nature of a ghost town. In the early days of the county it was a thriving town with a hotel, churches, business places and flour mill. Then the Grand Trunk Railroad by passed it and Gregory sprang up. It was first called Mt. Hermon and then Gregory to honor a prominent family.

Senator Haskel Nichols of Jackson has introduced a bill providing for compulsory Bible reading in schools. The teacher must read 10 verses a day with no comment. The pupils must also memorize the Lord's Prayer and 10th Commandments. Any pupil may be excused from it on written request of their parents. If it gets a two thirds vote it will be on the ballot in November. It has long been contended that lack of religious instruction is the main cause of delinquency.

Just how far do the people want economy to extend? Mayor Miranni has come out in favor of closing the Detroit Recreation Camp at Brighton which is opposed by numerous people and organizations. The question is just where should economy start? The camp undoubtedly serves a useful purpose and it might not be true economy to close it.

The U.S. government is encouraging the study of rockets, the motor power of tomorrow. Already there are 18000 rocket clubs in the nations schools. These budding scientists may come up with something. The first blueprint of a practical rocket was made by a teen study group in California in 1948.

Supervisor John Rao, a lawyer on the Washtenaw county board of supervisors has questioned the legality of the closing of the court house offices Saturday. He says the law reads they shall be closed on legal holidays but Saturday is not a legal holiday. He wants a court opinion on it. Judge James Breaker still holds court there on Saturday.

The Mecca of Michigan couples who liked quick marriages is no more. For years Angola, Indiana, the county seat of Steuben county, was popular with Michigan couples. You could get a license, blood test and a marriage, all in 8 hours. Now the Indiana legislature has put it out of business by putting a 3 day waiting period in force. Marriages have dropped from 200 a week to 66.

MORE HOT WATER WITH EDISON'S NEW ELECTRIC WATER HEATING SERVICE

Only electric water heaters give you all these important advantages:

- ☑ Efficient—the heat goes into the water
- ☑ Install anywhere—need not be near a chimney
- ☑ Long life—meets rigid Edison standards
- ☑ Fast—new, more efficient heating elements
- ☑ Automatic—hot water always on tap
- ☑ Outer shell—cool to the touch all over
- ☑ Safe—clean—quiet—modern
- ☑ Edison maintains electrical parts without charge

All this adds up to the best water heating service ever provided in Southeastern Michigan.

HELEN REYNOLDS, TREASURER

WE NEED 'EM FAST

THE SCENE IS the traffic department of any of the hundreds of manufacturing plants in Michigan. The time is 4:00 P. M. on any day of the week. The traffic manager is talking long distance to a supplier in another state about some parts needed for production.

"Send 'em by truck", he says (as he prepares to hang up, "We need 'em fast.")

He knows from experience that motor transport is the fastest link between shipping and receiving. He knows he can depend on it. In fact he and thousand of his fellow traffic managers have been the men most responsible for the rapid growth of motor transport. Once they experienced the efficiency and speed of trucks there was no satisfying them with anything less—and today their companies could not operate successfully without truck transport!

That's something for every wage earner in Michigan to think about.

MICHIGAN BELL

SNOW IS FUN for the kids. But it sure can be disappointing for grown-ups, especially when it means that trips to visit friends and relatives have to be called off. Don't let the miles keep you apart when blizzards blow and the weather isn't fit for man or beast. Get together by telephone. Long Distance rates are low and you can talk as long as you want. Remember, when Old Man Winter spoils your trip, enjoy a visit the comfortable way—by telephone.

IF YOU'RE BUILDING or buying a new home you'll want to make sure it's "Telephone Planned."

In a Telephone Planned home you can move your telephones around as easily as lamps. The telephone wires are built in by Michigan Bell (while the house is under construction) with convenient phone outlets, like electrical outlets, placed throughout the house. And the telephones are equipped with plug-in cords. Then you can rearrange the furniture wherever you want, and plug in the phones wherever they're most handy. For more information just call our Business Office.

SCIENCE can give us great entertainment, as the Bell System's television Science Series has shown. These shows have been awarded the Edison Foundation award as "The Best Science Television Program for Youth in 1957." What is more, they are helping to interest young people in scientific careers—careers which may well affect the future of our country. Tune in to the latest in our series, "The Unchained Cloudburst"—the story of weather—next month on the NBC television network.

Charles Wiltshire 15, organist, son of Mr. and Mrs. Wiltshire of Pingree Road entertained as part of the minstrel show program at Stockbridge high school Friday and Saturday nights. He played several songs and was well received by the audience. Earlier Friday afternoon he played for the guests at the Hotel Hays in Jackson.

The Ross Reads were Sunday dinner guests of the Reg Schafers. Charles Schafers drawing for the cover for the conservation magazine this month was a drawing of a rabbit hunting scene in the Pinckney Recreation area. Mrs. Lucille Cambura has entered Foste hospita, Jackson for a thyroid operation. Her husband called earlier Tuesday night.

Edison helps

Livingston County

grow

Schools receive an important part of the \$119,570 tax payments made by Edison in Livingston County in 1957

For the year 1957 Detroit Edison's total tax payments will be about \$38,201,000 to local, state and federal governments. Over half of this sum will stay right here in Michigan with \$7,478,014 going to local school districts in our service area.

The balance of these Edison tax dollars helps to build needed public projects and to support

police, fire and other vital services in your community.

As your electric company supplying your electric service, and as a corporate citizen paying taxes, we like to think that we are truly partners in the progress and growth of the 400 communities we serve in Southeastern Michigan.
