MICHIGAN MIRRORS

Michigan superhighways trying to gather all major cities and bringing millions closer to the playgrounds of the state will be finished in six years according to Highway Commissioner Mackie. The Detroit express way system has priorities on the out state network of limited access multi-lane highways. The total cost will be two billion. Most of these roads were laid out by Charles Zeigler, former commissioner after the survey of two years ago and it is Mackie's job to finish them. Republicans and Democrats both agree that he cannot help but become the greatest road builder in the history of Michigan. This is due in part to federal aid, not available to earlier commissioners. The state pays 90% of the cost of interstate systems. It is also due to the pressure for new roads culminating in the impact of 1956. There are skeptics but the roads are being built and will be completed in 1964.

The advocates of right to work laws say they will bust the unions. They say 10 states have right to work laws. These states have as many unions as ever and income of them the union membership has increased. Secrecy in all forms of government is open to attack. Senator Beadle of St. Clair would throw them open to the public and make their records public. The governor favors it but would exempt insurance records and adoption records.

Rep. George Wahr Sallade of Ann Arbor is said to be about ready to throw his hat in the ring for the Republican nomination for governor. He is the only candidate so far.

Three parks topped the attendance list in Mich. 1957 with over a million attendance each. They were Hell and Grand Haven and Dodge State Parks.

Ice fishing is in full blast and fish are plentiful. Many lakes and streams bluegills and perch are the principal catch although pike and whitefish are being taken. All shanties must bear the owner's name and be removed before the ice goes out.

100 attended the Tri-State Fishermen's Conference at Higgins Lake. Methods of controlling fish population were discussed. Also a new toxicant which kills lamprey spawn.

ON DECK WITH THE PIRATES
By DON WINGER

Pinckney Pirates returned to the victory column in League 'O Lakes play last week by downing Hartland Eagles 62 to 45. This was the Pirates 3rd win against 5 losses. All 3 wins were at expense of Hartland and Boysville.

Your reporter was covering the Manchester-South Lyon game for station WOIA, Saline but through ports I got of the game it would seem Pinckney played an excellent game.

Pinckney started slow and trailed 7 to 6 at the quarter in the 2nd quarter they outscored Hartland 20 to 10 and led 27 to 17 at the half.

Coach Reader said their passing shooting was flawless after the first quarter.

High point men were 2 Junior forwards, Dennis Clark and Victor Seydo with 22 points and 16 points.

Friday night Pinckney hosts Dexter here in 2 games at 6:45 and 9:30.

SPORTS BROADCAST
Don Winger will again broadcast the League 'O Lakes game Saturday morning at 9:30 over station WOIA Saline. 1250 on your dial.

THOMAS WYLIE* VOLUNTEER**
Thomas A. Wylie***winner of numerous popularity demonstrations at Pinckney high school has volunteered to save his country and was to leave today. He was elected president in his sophomore year and through modesty declined reelection in his junior senior years. At an athletic dinner he received thunderous applause as he marched up to get his award. He played football and basket ball and was picked on the League 'O Lakes All Star basket ball team last year. He was drafted by Phil Gentiles Invincibles and has been starting with them this winter scoring 8, 12 and 11 points in his last three games. This is an old picture of him. We hope to have one of him soon in his uniform and medals. Bob Ward, class mate also volunteered and goes with him.

He is cousin of Richard Wylie who recently won great honors. It seems to run in the family.

SILVER NEEDLES 4-H CLUB
With but 5 weeks remaining to finish our work some of us are almost through. This is what we are making: Pat Borovsky, apron; Bonnie Bond apron, Scharme Barer dress, Gloria Bond and Mary Davis, skirts; Patsy Suggert and Brenda Hoyt, jumpers and blouses. We now have 2 sewing machines and sometimes 3.

Patsy Suggert, reporter

GOT \$100 DONATION
Robbie Robinson, Pinckney school band leader made a vow not to shave until the donations for band uniforms reached a good substantial size. Monday the Parents club gave him a check for \$100. So he shaved. We are told that John Helges, who plays in an arrangement that goes boom, boom was so letting his whiskers grow.

Russell Livenshore is a surgical patient at Fowlerville Hospital, Michigan.

Current Comment

The auto makers threw up their hands in horror last week when Walter Reuther asked them to cut the prices of their cars \$100 so they could sell more cars and create more jobs yet about 30 years ago that was just what Henry Ford was doing. We remember when he announced a \$100 cut in car prices and his associates argued against it he said we will make them so we can sell them for \$100 less at a profit to the multitude. The cars were without heaters, radios, speedometers. Then they started adding luxuries and the price started climbing until today the \$500 car sells for \$2000. The car makers claim high wages are responsible for the high prices but we wonder. The auto makers made the highest profits the past year they ever did yet the working man has not enough money to buy cars. Few can afford a payment of \$100 a month. Meantime the sale of the cheap foreign cars which are as luxuryless as the old Fords zooms. They are using Henry Fords old slogan "To Build a Car for the Multitude."

The farmers sent a delegation to Lansing last week to protest against the bill which would repeal the law giving them the right to shoot any dog trespassing on their property. Sportsmen's organizations are backing the bill. They claim many valuable hunting dogs which have become lost or strayed while hunting are being killed. Michigan farm organizations are leading the fight against repeal. They claim stray dogs do \$100,000 in damage on Michigan farms.

Secretary of State Dulles threw and extra shirt, suit of underwear and pair of socks in his carpet bag last week and took off for the far east country to prevent his Baghdad Alliance from falling apart. This is the league he organized of Turkey, Iran, Iraq and Parkistan to block the Russian Arab League of Egypt, Syria and some small Arab nations. Dulles method is to give them foreign aid money to maintain armies to block Russia. They claim these armies are impoverishing them and they want more foreign aid than Dulles wants to give. Dulles lost out in Egypt when he cancelled our agreement to build the Nile dam. He said they were Communist infiltrated.

A Flint used car dealer got state wide notice last week when he aivered to sell 2 cars for 99c Thursday and 2 for \$99. The cars were all reconditioned and in running order. A woman got the first 99c car. She had stood in line since Tuesday. The others also went fast. Getting rid of the used cars is a problem for a dealer. The more he sells the more room he has for new ones.

The Democrats will probably lose their fight in the legislature to change the method of getting delegates to the constitutional convention elected by representative district. Now they are elected by senatorial district which gives the Republicans an advantage. There is no certainty there will be a constitutional convention. The farm organizations have come out against it. They do not want the status quo which allows them to control the legislature changed. The voters must also approve it next November.

The Michigan Republican legislature is determined to make the operations of the school dependent on the amount of liquor consumed. They have announced they will continue to lobby for liquor and cigarette tax for support of the school and will add \$15,000 more by only paying the liquor companies every 90 days. So the schools who once led the fight against liquor are now full partners with the industry.

DRIVING CAN BE pretty tricky this time of the year. So Telephone Company drivers get special training for winter. Among other things they make a special effort to:

- Keep windshields clean.
- Watch for unexpected icy spots where roads are shaded by trees or buildings.
- Keep plenty of stopping space between their car and the car ahead.

When a telephone man waves good-bye to his family in the morning and says "See you tonight," we want to do everything we can to make his words come true.

LOOKING FOR A VALENTINE gift idea? How about an extension phone—in any of nine beautiful colors? An attractive gift phone expresses the right sentiment—tells your Valentine you want to keep in touch every day throughout the year. To order your Valentine phone, just call our Business Office.

PEOPLE WHO WERE LUCKY enough to get a preview showing of the weather science movie, "The Unchained Goddess," say that if you want to know what it's like to go through a tornado or hurricane without actually being in one, by all means see this show. It will be shown on a nation-wide television network at 9 p.m. Wednesday, February 12, and on some additional stations a few days later. After its run on TV the film will be available for school, church and other civic groups on request from our Business Office, free.
