Volume 71

THE PINCKNEY DISPATCH Wednesday, April 16, 1958

No. 18

The Michigan Mirror

Governor Williams will be the first Michigan executive to use reorganization powers. These were re-commenced by the Little Hoover Committee 8 years ago but the Republican legislature has steadily refused to give this power to the governor. Most people were amazed last week when they suddenly voted to do so last week. The whole system reverses the relationship between governor and legislature in which the legislature enacts and the governor approves or vetoes. The Hoover committee dug into every phrase of government and made 31 reports. The executive reorganization plan is the pivot of them all. They reasoned the governor should be responsible for his own operations and most familiar with the different agencies. For 2 years the bill was rejected or left in committee. Then suddenly their attitude changed and the house passed it 66 to 16 and the senate 19 to 11. The winning argument was that with the legislature only in session 3 months, they could not possibly know the details of every dept. The law lets the governor merge or abandon agencies but not to propose new ones. The proposals may be made 90 days after the legislature convenes. The legislature has 60 days to act on them. Some of the agencies that may be merged are health agencies, regulatory or licensing agencies which overlap.

Senator Frank Andrews of Hillman is credited with getting the bill passed. He is chairman of the reorganization committee and has fought for it for 8 years.

There are all sorts of bills coming up in the congress and legislature. One in congress would allow public utilities, such as the gas companies, telephone and other utilities to charge charity donations back to the rate payers. The charitable organizations are for it as they figure on getting more donations if it costs the utilities nothing. In Mich. legislature a bill is being given serious consideration to provide two Michigan lotteries similar to the Irish sweepstakes. These are illegal here but the tickets are allowed to be sold and the winners are taxed on their winnings.

CONSERVATION NOTES

With only scattered deer houses reported the past winter the annual deer starvation loss census will not be taken.

Two gifts of land have been offered to the dept., 29 acres at Oak Grove and 46 in Leelanau county.

The dept. is considering purchase of 720 ft. of frontage on the Muskegon River in Newaygo county, 400 on Pigeon Lake in Calhoun county and 1875 ft. on Little Mansiee in Lake county.

Perch fishings is reported good at Saginaw Bay and Bayport. There have been some smelt runs also.

She and his mother came home Saturday. We are going to the Greenfield Village, Dearborn May 8th. Kirby Crow, our secretary sent in for information and he received pamphlets and a map of the village.

Current Comments

We think it is about time the legislature got down to business and quit stalling on a lot of projects including the new Boy's Vocational School. Some years ago a site was purchased in Green Oak, near Whitmore Lake for its location. Then a lobby headed by real estate men who said it location here would decrease property values, got into action and have so far prevented its being built. For 50 years the state has been trying to relocate this school and still no action by different communities have always blocked it. Last week Judge Kaufman of Detroit sentenced 22 teen age boys to the Lansing Vocational School and sent them there by bus. They were all returned to Detroit as there was no room for them there. The school has a capacity for 300 but now has over 400. This spurred the legislature into action and a sum of \$500,000 was appropriated to start the Whitmore Lake school. An effort was made to hamstring it by proposing it be built in Gratiot county. This failed when it was shown no survey had been made or site picked. The probate judges ass'n. prosecutor's ass'n., sheriff's ass'n. and many other organizations have gone on record in favor of the Whitmore Lake location because it is close to Detroit where most of the boys come from and the Ann Arbor hospitals.

The president of our country in his press meeting last week took a slap at the auto manufacturers when he said business slump was caused by manufacturers not making what the people wanted but what they thought they wanted. Ford, Chrysler and General Motors had no comment but George Romney of American Motors said the American made cars were too fast big and expensive, which has caused a boom in cheaper foreign cars of which you see more of them on roads every day. The American manufacturers have sacrificed everything for speed. The cars are built so low you cannot get in or out of them without bumping your head or knocking your hat off. The new extras have upped the price to a point where the working man cannot buy one.

A caravan of 3000 unemployed visited the state capital at Lansing last week to ask relief but the house of the legislature recessed, locked the doors and refused to see them and said house received much criticism. There have been various other marches of the unemployed, the most famous being that of Gen. Jacob Coney of Ohio in the nineties. They also refused to see him. Then there was the soldiers bonus march on Washington when Hoover was president. They built a camp and settled down there. Hoover ordered Gen. MacArthur to disperse them. He pinned on his medals, go out his tanks and fired on them. The marchers were unarmed. Hoover always claimed MacArthur exceeded his orders. This was used effectively against Hoover when he ran for re-election in 1932.

The battle between the University of Michigan and Holland Christian school continues. The University dropped the school from the accredited list because they refused to teach domestic science, industrial arts and driver training. Their reason was the added cost. Public schools get state money for the courses. Holland being a private school does not. All are must courses.

Michigan educational groups have charged that autos owned by teen agers are the major cause of juvenile delinquency and want to raise the drivers license age from 15 to 17 years. A few years ago few high school pupils owned cars. Now most of them do. They can get a used car for \$200 or \$300 and they manage to scrape this up some way. Gas is the problem and more gas has been borrowed is the past few years than in 20 years before. A home is standard equipment in many a teeners car.

Supt. of Education says 31 Michigan schools have already borrowed funds from next years allotment to pay operating expenses. They have to pay 3 or 4 % interest. The schools in sales tax receipts and the failure of the legislature to come across with any aid caused this. He also says the school population will increase 85000 a year for the next 6 years and 7712 more class rooms will be needed.

School Board Meeting

Pinckney, Mich. April 3, 1958
Regular meeting called to order by President Hollingsworth. All members present. At

Regular minutes of March 6 read and approved.

Special minutes of March 13 read and approved.

ARE YOUR IMPORTANT
PAPERS AND VALUABLES
REALLY SAFE?

Don't be old fashioned in thinking that your items of value are safe because they are "locked away" at home. To be really sure of their safety, place them in a safe deposit box here. Then, your valuables and important papers are protected against loss, theft and fire. Drop in to our bank soon and rent your safe deposit box. The cost is low.

RUSSELL J. BUCK

for

State Representative

Mr. Buck was born and raised on a farm in Bennington township, Shiawassee County, was graduated from Perry High School in 1928. Always very active in community and civic affairs, Mr. Buck during the past few years served as Shiawassee County Road Commissioner for six years, was president of the Board of Education of Perry High School for six years, was director of Shiawassee County Red Cross and on the governing board of the Salvation Army for several years. Mr. Buck also owned and operated a successful hardware business in Perry for ten years.

At present he is director of the Shiawassee County Beef Breeders Association and a 4-H Livestock and Crops leader in Perry township. This public service and experience gained he believes has been valuable in order to understand the problems of all the people of this District, as your State Representative in Lansing," said Mr. Buck.

Mr. Buck is married to the former M. Hart of Sciota township, also a lifelong resident of Shiawassee county and have a married daughter, living near Mason, a son, Jack, resides with them on the farm, one mile south of Perry at 3618 Beard Road.

The Peter Williams family of Brighton, Walter Wilson family of Ypsilanti, Earl Deppen and Mrs. Dan Cornelius of Ypsilanti were Sunday

Russell J. Buck, well known Perry township farmer, owner operator of Russell J. Buck farm, today announced his candidacy for the Republican nomination for State Representative, Livingston - Shiawassee District.

WHAT'S YOUR RECORD?

Harold E. West, who has driven over 1,600,000 miles without an accident has been chosen Michigan's 1957 Driver of the Year!

His amazing total of accident free miles amounts to an average of more than 5,000 a month during the 27 years he has driven a truck for the George F. Alger Company, large Detroit trucking concern.

Like the 11 other truck drivers who were finalists with him in the Annual Competition (and the drivers of the thousands of trucks Annual competition and the drivers of the thousands of trucks which keep Michigan's homes and factories and shops and farms supplied with the things they need), West makes a professional career of safe driving.

Congratulations, Harold West! Keep up the good work—and may your example be an inspiration to Michigan's vast motoring public!
