About Michigan News

Michigan Education can be \$4,000 000 next June if the state quali is under the new Federal Education act, Those who fought to keep feder a control from the schools can heave a sigh of whier as the law safeguards against this.

In Michigan where two thirds of sales tax goes to schools lawniakers schools. One of the biggestt battles of year was over compulsory Bible in the schools

To get this aid the legislature must give its approval and part of the money must be matched 50-50 by state money.

It strengtens science, mathmetics and foreign language courses in ele reading in the schools.

It also provides laboratory equip ment \$515,477 is provided for vocaional training and \$50,000 for statis tics service.

The Michigan Muncipal League has encorsed the constitutional convent tion and the Republican convention although many are still fearful the apportionment system which gives the rural districts control might be chang ed. Oddly there is no organized cam prign for it.

The probate judges of Michigan have appealed to the governor to use the empty beds in TB hospitals for milital cases The governor has called for a report on this.
