"If I pay by check, how will I get receipts?"

To answer in a word: *Automatically.* Whenever we pay a check drawn by one of our checking depositors on his or her account with us, we punch holes in the check to show that it has been paid. With the payee's endorsement and this cancellation, the check itself becomes a receipt. We return all cancelled checks to the drawer with our periodic statements of account. This "automatic receipt" feature is just one of the advantages of paying bills by bank check. Enjoy them all! We invite you to open your account here!
