MICHIGAN MIRROR

Employers of the more than 12,000 Michigan National Guardsmen are being asked to help make it possible 4 mill increase for operating expenses. for them to train for active duty in peace and war.

Over the years most employers have been cooperative in granting troopers time off for the two-week summer training period.

Major Gen. Ronald D. McDonald, the state's new adjutant general, has asked trade associations and the chambers of commerce in all communities to carry the message to employers.

The training periods run between July 25 and Aug. 22 for all units. Three major installations are involved. Last year all-over training attendance reached a record 97.28 of assigned strength. In his letters to employers and chambers of commerce, Gen. Mc-Donald stressed the importance of training.

BAD CHECK PASSERS are inereasing in Michigan, bringing a warning from State Police Commissioner Joseph A. Childs to "treat everyone as a stranger."

An increase of 21 percent in the number of fraudulent checks processed by the state police during the first four months of 1959 and a 40 percent increase during May has been reported. Detective Sgt. Fred C. Kelly, increase is probably due to bettering of Dexter. economic conditions

He explained that, contrary to popular belief, bad check passers more often succeed when the economy is healthy, when there is a general feeling that most people have money to back

Kelly's records show that July and August are the months at the height of the tourist and vacation season when most small merchants become the victims of check passers.

LANSING, the hub of the state's sovernment since its early days, is

winding up its centennial celebration. One of the highlights was a fourhour parade west on Michigan Avenue toward the capitol building, watched

by 175,000 persons lining the curbs. The parade theme was "The History of Transportation," featuring the earliest cars made in Detroit and Lansing, covered wagons, ox-drawn carts, bicycles, a helicopter and two airplanes. There were queens -- Miss America, Miss Michigan, the Lansing Centennial queen candidates and others.

tized its place in history and gave (ting of 2 leagues. live to its centennial theme -- "Proud of the Past - Confident of the of boys from 9 thru 11 and will be Future."

leges and universities have a better * chance at employment than they did a year ago - but the boom days of will be managed by J. W. Winger the early 1950s are over.

: advised to continue their education.

When the alma mater rings for the last time at commencement this year, there will be jobs waiting especially ifor those with good records in science, mathematics and engineering.

Most of the non-specialized gradusams will have trouble. The poorest prospector among the specialists is the geologist. He is entering the profession at a time when industry is reducing exploring activities. FINALLY, somebody said it.

Taxes must be imposed during the coff-election year or the party responraible faces defeat at the polls.

Senator Haskell L. Nichols, a Re-

CURRENT COMMENT

The fresbyterian Church over whelmingly approved birth control at their recent convention at Indianapolis last week. Whether you like it or not you will have to admit that birth control in some form or other exists today in this nation. Back in the nineties families of ten were commonplace. Farming was the chief occupation and their help was useful on the farm and the old time farm houses were built to acomodate large families. But times have changed. Farming has declined as an occupation and the trend is cityward or surburbanward. Many live in apartments where children are not allowed and most of the modern homes only have two bedrooms. In numerous cases both parents work and this is not conductive to large families.

In New Jersey where poultry and egg production has been one of the main Industries the farmers are complaining that they are being forced out of business by competition from the southern states. Labor is cheaper there and other costs less in comparison with those here and most of the big supermarkets are getting their eggs from the south. Most of the trozen processed chicken also comes from the south and the largest turkey tarms are in the south.

Following the death of 5 men in a mine disaster in the upper peninsula last week, renewed attempts are being On Thursday, June 11. there will made to pried the mine safety bill the senate at Lansing, where it is being Friday's program will include: I throttled as an economy measure. line economy measure.

They are also blocking the bill to pay school districts \$210 per pupil. They now get \$190 per pupil but it has a deduction factor which reduces it to \$155 per pupil.

Ye editor attended the Dexter High School alumni reunion Saturday night when his class of 50 years ago, 1909 was honored. Also the class at 9:00 a.m. at the Community Con- of 1934. Ye editor gave the history of the class. The class numbered 14. Lodgings for the girls will be pro- Norma Curlett Litchfield and Gusvided in local homes at \$1.00 per taxe Eck are deceased. Of the 12 remaining members 8 were present. Club and University of Michigan Over 200 attended the chicken dinner. Why can't the Pinckney High School alumni reunions be revived. They were a big success for a number of years until the "Let George attitude prevailed." The last alumni committee appointed resigned in a body. It takes a lot of work to pull off a successful one but there used to be people here willing to do it. Notably P. H. Swarthout. Lucius Wilscon, Ross Read, Norman Reason, and Nellie Gardner. I would like to guess that the alumni invitations addressed by Nellie Gardner would number in the millions. I had a very nice time at the Dexter event and saw class mates I

It seems to me that sex films predominate and they are about the only tilms being produced. The days of such big spectacle films as "Birth of . Nation," produced by D. W. Griffith and "Gone with the Wind" depicting the fall of Atlanta are no more and no big epic films have been made for some years now. Everywhere it is sex films with sugand lost 1 to 0. Hamburg scored the gestive titles. We suppose the films lone run in the 5th after 2 were out would not be made unless the people on an error by Lonnie Huhman, Jim wanted them also they are much Bennett again allowed no hits. Ham- cheaper to produce than the old time

had not seen in 20 years.

A queer situation exists at Whitmore Lake. The voters there recently turned down a mill tax increase most of which would have gone toward usual thing about it is the board increasing teachers wages. The unbefore the election promised the teachers wage increases and intend to go through with them. To that end more tutition pupils, they are dismissing three of their four janitors, climinating music, shop and hot lunch programs, will pick up no children who live within a mile and a helf from the school and will not add a home economics course.

Of course there will be repercupality to all these cuts. The people with the other fellow to do it. In order fanitor work. We

MICHIGAN MIRROR

Employers of the more than 12,000 Michigan National Guardsmen are being asked to help make it possible 4 mill increase for operating expenses. for them to train for active duty in peace and war.

Over the years most employers have been cooperative in granting troopers time off for the two-week summer training period.

Major Gen. Ronald D. McDonald, the state's new adjutant general, has asked trade associations and the chambers of commerce in all communities to carry the message to employers.

The training periods run between July 25 and Aug. 22 for all units. Three major installations are involved. Last year all-over training attendance reached a record 97.28 of assigned strength. In his letters to employers and chambers of commerce, Gen. Mc-Donald stressed the importance of training.

BAD CHECK PASSERS are inereasing in Michigan, bringing a warning from State Police Commissioner Joseph A. Childs to "treat everyone as a stranger."

An increase of 21 percent in the number of fraudulent checks processed by the state police during the first four months of 1959 and a 40 percent increase during May has been report- | ried pictures of 3 old timers last week. increase is probably due to bettering of Dexter. economic conditions

He explained that, contrary to popular belief, bad check passers more often succeed when the economy healthy, when there is a general feeling that most people have money to back them up.

Kelly's records show that July and August are the months at the height of the tourist and vacation season when most small merchants become the victims of check passers.

LANSING, the hub of the state' sovernment since its early days, is winding up its centennial celebration

One of the highlights was a fourhour parade west on Michigan Avenue toward the capitol building, watched

by 175,000 persons lining the curbs. The parade theme was "The History of Transportation," featuring the earliest cars made in Detroit and Lansing, covered wagons, ox-drawn carts, bicycles, a helicopter and two airplanes. There were queens - Miss America, Miss Michigan, the Lansing Centennial queen candidates and cothers.

With the parade, Lansing dramatized its place in history and gave (ting of 2 leagues. live to its centennial theme - "Proud of the Past - Confident of the of boys from 9 thru 11 and will be Future."

FOWLERVILLE ROBBERY SOLVED

Last December 10 two unknown men beat up an elderly couple, near Fowlerville and robbed them of \$11, 200 in money they had in a bedroom safe. The couple were Wasyl Gewzdzie, 74 and his wife. There were no clues except the men had bought a collie dog there and came back for the dogs license papers. They had shot out the tires on the Gewedzir car before leaving. Sheriff's officers got one of the bullets. On May 10 Wayne County police dirested Maurice Thidobeau, 32, of Royal Oak for posession of burglar tools. They were found in his car, also a revolver. Tests proved it the one used to shoot out Gwezdzir's tires.

Theodore confessed to the robbery and implicated Elwood Hayes of Ferndale who was arrested and confessed his part in the robbery. He said they were out hunting and decided to rob Gwezdzir as they heard he kept moneyin his house. The money was not recovered.

THE SCHOOL ELECTION

Three hundred seventy-seven votes were cast at the Pinckney Community Schools Election here Monday. Nine were thrown out. Some voted for two candidates and one for all four. Three were for Marion Russell. Two had V marks instead of an X and one had a star double cross. This left the

AUTO ACCIDENT TRAGEDY

One boy was killed and another 4:00 on the Patterson Lake Road 1/4 mile west of Hell, Michigan. The dead boy is Ronald Peter Dobbie, Jr. 23, of 3151 North Prospect Ypsilanti. The injured boy is Leroy Franklin, 23 of 223 Ann Street, Ann Arbor. The boys had stopped at the store at Hell and bought some camera films and headed west at a high rate of speed. They failed to make the first curve and crashed into a tree. Dobbie was dead when taken from the demolished car and Franklin was badly hurt. Deputies George Finlan and Bob Egeler investigated the accident. Coroner Nils Clark of Brighton was called. Dobbie was taken to the Swarthout Funeral Home and later to the Stephens-Bush Funeral Home Ypsilanti. Franklin to McPherson Hospital, Howell.

Dobbie was married March 11 1959 to Gloria Wolverton of Ypsilanti. She survives and also his parentents. Franklin was driving the car when the accident happened. He received only minor injuries.

The tuneral was at the Stevens-Bush Funeral Home Monday, Rev. William Shaw officiating. Burial was in Cadillac Memorial Gardens, Garden City.

Mrs. Bernadette Walsh Greiner

Mrs. Bernadette Walsh Greiner daughter of John and Katherine Walsh Greiner of Webster died in Detroit Friday. She married Joseph Walker and one sister Mrs. Francis Farrell of Dexter, and four brothers Neil of Dexter, Joseph of Ann Arbor, George of Detroit, and Charles of Kalamazoo.

The funneral was at the Gesu Church in Detroit Tuesday with burial in Dexter.

CURRENT COMMENT

The Tresbyterian Church overwhelmingly approved birth control at their recent convention at Indianapolis last week. Whether you like it or not you will have to admit that birth control in some form or other exists today in this nation. Back in the nineties families of ten were commonplace. Farming was the chief occupation and their help was useful on the farm and the old time farm houses were built to acomodate large families. But times have changed. Farming has declined as an occupation and the trend is cityward or surburbanward. Many live in apartments where children are not allowed and most of the modern homes only have two bedrooms. In numerous cases both parents work and this is not conductive to large families.

In New Jersey where poultry and egg production has been one of the main Industries the farmers are complaining that they are being forced out of business by competition from the southern states. Labor is cheaper there and other costs less in comparison with those here and most of the big supermarkets are getting their eggs from the south. Most of the frozen processed chicken also comes from the south and the largest tarkey farms are in the south.

Following the death of 5 men in a mine disaster in the upper peninsula last week, renewed attempts are being On Thursday, June 11, there will made to pried the mine safety bill introduced last January out of the the senate at Lansing, where it is being Friday's program will include: throttled as an economy measure. This bill was introduced by 28 Democrats and provides for a safety code and mine inspection. The Republicans are blocking it as a hold the line economy measure.

They are also blocking the bill to pay school districts \$210 per pupil. They now get \$190 per pupil but it has a deduction factor which reduces it to \$155 per pupil.

Ye editor attended the Dexter High School alumni reunion Saturday night when his class of 50 years ago, 1909 was honored. Also the class of 1934. Ye editor gave the history of the class. The class numbered 14. Norma Curlett Litchfield and Gustave Eck are deceased. Of the 12 remaining members 8 were present. Over 200 attended the chicken dinner. Why can't the Pinckney High School ulumini reunions be revived. They were a big success for a number of years until the "Let George attitude prevailed." The last alumni committee appointed resigned in a body. It takes a lot of work to pull off a successful one but there used to be people here willing to do it. Notably P. H. Swarthout. Lucius Wilscon, Ross Read, Norman Reason, and Nellie Gardner, I would like to guess that the alumni invitations addressed by Nellie Gardner would number in the millions. I had a very nice time at the Dexter event and saw class mates I

It seems to me that sex films predominate and they are about the only films being produced. The days of such big spectacle films as "Birth of 1. Nation," produced by D. W. Grifpicting the fall of Atlanta are no more and no big epic films have been made for some years now. Everywhere it is sex films with sugcheaper to produce than the old time

had not seen in 20 years.

A queer situation exists at Whitmore Lake. The voters there recently turned down a mill tax increase most of which would have gone toward usual thing about it is the board increasing teachers wages. The unbefore the election promised the teachers wage increases and intend to go through with them. To that end along the line. They will take no more tutition pupils, they are dismissing three of their four janitors, eliminating music, shop and hot lunch programs, will pick up no children who live within a mile and a half from the school and will not add a home economics course. Of course there will be repercueditus

cut the janitors from 4 to 1 teachers will have to do their o fanitor work. We doubt if the

AIR ISN'T JUST something you breathe any more. It's a special substance for protecting phone cables from the ravages of moisture. By keeping the lines open, air makes your phone service more reliable. It is pumped into the cables under pressure

so that even if there are leaks, water cannot get in because the air pushes out. And the air helps locate leaks. Once the area of the leak has been located by testing, the exact spot is found by applying liquid soap over the cable—the escaping air forms a bubble.

NECKTIES AND TOBACCO ARE PROSABLY the most popular things that will be given to Dad on Father's Day. But if he's far away and can't be with you on Sunday, you can be sure that Long Distance phone call would be at the top of a list of things he'd like to have. The usual low Sunday rates are in effect to help you enjoy a leisurely telephone visit. It's a fine way to please Dad, and it'll make you feel pretty good, too!

BESIDES BEING FATHER'S DAY,

June 21st is also the first day of Summer-time to begin thinking about vacations. But thinking alone won't make a vacation good. Only planning and preparation will do that. That's where the Yellow Pages comes in so handy. It'll tell you where to buy the diving goggles, camera film, sports clothes, sun glasses, luggage and guide books you'll need. More than that, the Yellow Pages lists hotels, motels. restaurants, theatres and other amusements, so it's the quickest way

of getting to know your way around a new town. Start with the Yellow Pages and end up with a truly great vacation.

PARTING SHOTS. Bad officials are elected by good citizens who do not vote.... More good things are lost by indecision than by wrong decision.

DISTRIBUTOR JOB OPENING Dependable person to distribute time-proven stable line of products

through new type automatic Dispensers. Women considered. No selling We establish account for you. You can be independent in your own high profitable business if you qualify. Must have car, good personal references and immediate cash capitol of \$400 to \$1,700. Pull or part time

WE'RE CIVING AWAY A PONTIAC EVERY WEEK! All of us Marathon dealers are giving away a really terrific grand prize every week . . . a 1959 Pontiac. It's the kind of car we would like—and we figured you would, too. We aren't giving away just one—we're giving away eight Pontiacs . . . one each week for eight weeks!

WE'RE ALSO GIVING AWAY OVER 1486 NEIGHBORHOOD PRIZES EVERY WEEK! Every one of us is running our own neighborhood SMILE-maker Sweepstakes—with a prize every week at each Marathon service station for folks who leave their names and addresses. It's easy to win one of the wonderful and valuable prizes we'll give away in the next 8 weeks.

THIS IS A LOCAL SWEEPSTAKES! You're not competing with everybody from coast to coast, just people around here, your neighbors!

WINNERS EVERY WEEK FROM JUNE 1 TO JULY 26! Each Marathon dealer has a drawing at his Marathon station. The winner as someone who entered that dealer's SMILE-maker Sweepstakes that week.

The grand prize winners of the Pontiacs are selected each week by the Reuben H. Donnelley Corporation from all who entered neighborhood Marathon service station sweepstakes the previous week.

EASY TO ENTER! We enter everybody who says okay. Come in, write er phone-just say the word and you're in the SMILE-maker Sweepstakes. There is nothing to buy . . . nothing to rhyme. Complete details are available at all Marathon service stations featuring the Marathon SMILE-maker Sweepstakes. Don't miss the opportunity to win this week!

there's always plenty of hot water

GET IT HOT . . . GET A LOT every time. A new electric water heater provides plenty of hot, hot water for showers and all the family's needs. Detroit Edison has a new Super Supply Plan which makes heaters even more efficient and economical.

Here's the convenient, modern way to GET IT WOT ... GET A LOT for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- Efficient—the heat goes into the
- Install anywhere—need not be acar a chimney
- Long lite-meet Edison's rigid standards
- Automatic—all the time
- [X] Fast—new, move efficient heating
- Outer shell—cost to the touch all
- Edison maintaine electrical parts without charge _ #
- Safe—clean—quest—modern :
