Senior Girl Scout Round-up

By Carol Miller

On July 3, 1959, Girl Scouts from every corner of the earth met together for the Second Senior Girl Scout Roundup. A tent city of 8,500 girls arose overnight beneath the towering Pike's Peak of Colorado.

The purpose of this gathering was to promote peace and unity throughout the world and to give these selected girls an opportunity to make new friends at home and abroad. A good example of this was our last all roundup campfire. Each country was represented by a girl in her native dress uniform carrying her country's flag. A prayer for peace was read by each girl in her native tongue and English after which it was thrown into the fire of peace.

Many interests were shared by all the girls and thus such activities as square dancing, star gazing, and hiking were planned. The most important activity, however, was that of "swapping a token with a tale well spoken." Hand made items from each state and country were swapped back and forth as a way of meeting.

This was an experience I shall never forget and could not have been made possible without the help of my many friends and rel-

U-M Student Silver Lake

A 27-year-old Army first lieutenant studying at the University drowned last night at Silver Lake in Dexter township.

Sheriff's men said the victim was Rufus P. Sears, who was living at 1015 E. Catherine St. in Ann Arbor. Officers said the Reserve Army officer's station was at Ft. Wayne in Detroit and that his home was in Norfolk, Va. He was enrolled in the Literary College.

Sears had gone to the state park at Silver Lake with friends. He had gone swimming by himself, however, officers said.

Officers said Sears drowned in about 75 feet of water some 45 yards from the shore. They said Sears apparently suffered cramps.

Officers related that when others in Sears' party noted he was not above water, they asked for help of other persons on the beach to help find him.

The Sheriff's Department received a call at 7:48 p.m. Officers said the body had been underwater about eight minutes prior to being located by one of the swimmers diving for it.

Artificial respiration and the us of a resuscitator were to no avail, officers said. The Pinckney Fire Department sent men and equipment to the scenė.

Robert Meabon spent the weekend at Lovells with his parents. Tuesday he was to leave for Washington D. C. where he has been transferred to the army engineering and carpenter division.

Susan Clark is working in Chicago and attending modeling school.

Betty Fogg of Chicago visited her grandmother, Mrs. George Thompson last week.

LIBRARY NEWS

We wish to thank the many library friends whose donations of books have built up our library. Due to lack of shelfspace and the many duplicate books we have been receiving we must be more selective and can no longer accept large boxes of books. We hope you will continue to make donations but please submit a list of books you

wish to give to see if we can use them. We can always use recent book club selections. At present we would like FERBER'S ICE PALACE, any books by Hemingway or Faulkner and a copy of Longfellow's HIAWATHA.

From where I sit ... by Joe Marsh

Slim Pickins-Up!

Slim Thomas' wife thought up a pretty slick way to get Slim to clean up their front porch.

Slim had a habit of leaving his tools there before coming into the house. And he'd always tell his Missus he'd get around to tidying up later.

So Mrs. T. nailed a large sign to the porch for all passers-by to see: "THOMAS' JUNK PILE, DUMP YOUR OLD EQUIPMENT HERE!" When Slim saw the sign he cleaned that porch so fast he was through before any junk depositors turned up. Threw the sign out, too.

From where I sit, sometimes it takes the "dramatic" to show iolks they're wrong. But usually you can solve things by talking them out. For instance, my neighbor once objected to my preference for an occasional glass of beer. But after discussing it with him, he realized he was just plain intolerant. Now he accepts my choice as I accept his. What do you say we "clean up" all intolerant think-

SHIREY'S

MICHIGAN MIRROR . . .

A new drive has started in Lansing to help Michigan get a new constitution. A number of attorneys want the state supreme court to rule enough votes were cast last November to call a constitutional convention. Then 821, 282 voters favored calling a constitutional convention and 608, 365 voted against it. But because of a 1949 ruling, this majority vote was not a majority of those voting the state board of canvessers ruled. The supreme court then upheld the ruling.

Two Port Huron lawyers figure prominently in the case. In 1949 Gene Black, the attorney general carried the case to the supreme court. Now his then assistant Peter Bradt is carrying the petition to the supreme court. He said revision was approved 5 times between 1849 and 1904 by a majority of those voting. James Haggerty, pres. of the American bar was one of those signing the petition. They claim the present decision leaves the state in chaos.

The legislature passed a law for continuity of government in case of enemy attack. The governor would appoint 3 successors in case he and the administrative board should both become unavailable. The board would appoint 5 successers to replace themselves.

The name of Senator John Stahlin of Belding has been much to the fore in legislative affairs. He has not always seen eye to eye with his Republican legislature. At the opening of the new Portland expressway in his district, he said he checked all angles and only 3 minutes were saved in travelling the new \$1,500,000 expressway over the old route.

A bill passed at the request of Royal Oak could affect other communities. It permits municipalities to borrow money to build parking lots to be paid for by special assessment.

Hunting and trapping laws are about the same for next year except the bear season has been shortened to 15 days in the lower peninsula. A bear stamp will be required in addition to the regular license. The grouse season is closed on Drummond Island and the Hungarian season opened in Chippewa county Oct. 12-15.

The dept. wants an increased deer kill this year of 116,000. 101,750 were killed last year. This will be done by increasing the special seasons. The deer herds are estimated between 600,000 and 700,000 and 300,-000 fawns.

A lack of camping facilities has forced the dept. to turn away 28,000 campers this year. They have set a limit of 25 persons per toilet facility. Cutbacks were made at Pinckney, Waterloo and Island Lake recreation areas.

Seven public fishing sites have been closed to swimming, bathing and loitering as being too small to permit multiple arrangements. Some were in Livingston and Oakland counties.

Palmer-Austin Vows Read Saturday Evening in Ann Arbor

Patricia Kay Palmer, daughter of Mr. and Mrs. Harry H. Palmer of Pinckney, was married to William E. Austin, son of Mrs. William E. Austin, and the late Mr. Austin, at the First Pres. byterian Church, Ann Arbor, July 18 at 8 p.m. in a candlelight ceremony. Rev. George Laurent officiated in a double ring ceremony.

The bride wore a gown made of rose point lace. The neckline had three small stand up leaves which were accented by flowers and sequins. The bodice was filled with long sleeves made of lace. The white satin skirt had 3 layers of overskirt which was lace tule. A small bussell formed the double layer train. The dress was accented with sequins which were

carried thru on the veil. The veil was held in place by a small lace hat which was accented with beads and sequins. The bride carried a white Bible with a white orchid in the center and showers of stephenotis.

The maid of honor was Miss Judith Zetterholm of Ann Arbor, Her gown was trimmed in aqua blue and their matching bead cornets had little blue veils. Her flowers were a cascade of white daisies, centered with yellow daisies.

The bridesmaids were Karen Gustafson, Pinckney; Phyllis Austin, sister of the groom, Ann Arbor; Sally Utley, Pinckney; Mrs. Patricia Stillwell, Pinckney. They wore identical style gowns of white embossed organza, floor

length, with slips and cumberbunds in maize, yellow taffeta. They carried cascades of aqua daisies, centered with yellow daisies.

The Junior bridesmaids were Nancy Kay Palmer, Jill Marie Palmer of Flint, Mary Sue Palmer, Sally Ann Palmer, of St. Louis, Mo. all neices of the bride. They wore white over powder blue dresses, and flower wreath daisy headdresses. Their flowers were a cascade of orchid daisies, centered with yellow daisies.

Michael Jones of Pinckney was ring bearer and Lee Ann Sue Palmer of Flint, flower girl. She is a niece of the bride. She wore white over orchid with a daisy head wreath. She carried a basket of light blue and orchid daisies.

Jack Austin, brother of the groom was best man. Ushers were Wesley Palmer, brother of the bride, St. Louis, Mo.; David Ferguson, Ann Arbor; Jan Mangan, Ann Arbor; Peter Kussurelis, Ann Arbor.

The reception was at the church social hall following the ceremony. Mrs. Jules Defnet, aunt of the bride cut the wedding cake. She is from Beaver Dam, Wisconsin. Serving were Mrs. Sherman Serff, Grand Rapids; Mrs. John Sullivan, Jackson; Miss Druscilla Murphy, Pinckney, and Mrs. Eric Rose, Pinckney. Mary Ellen Sullivan of Jackson had charge of the guest book.

The couple left on a trip to Mackinac Island. For going away the bride chose a white sweater dress with light tan trim, a matching tan hat, white shoes, purse and gloves. She wore an orchid from her bouquet.

The bride graduated from Pinckney high school and is employed by Dr. Robert L. Goldsmith, of Ann Arbor as secretary. The groom graduated from

Pinckney Dispetch --- 5 Thursday, July 23, 1959

Pinckney Loses in Overtime Game

Pinckney made strong efforts to break into the win column in the county league last Wednesday night but lost to Fowlerville in an overtime game 11 to 8.

Fowlerville got 4 runs the first on 2 errors and 3 hits. Pinckney got back 2 of them the same inning when Clark got a hit and Morfka hit a home run.

The score remained 4 to 2 until the 5th when Wallace was safe on a fielders choice and Judd hit a home run. Pinckney got a run the 5th when Dick Darrow got a hit and scored on a wild throw Fowlerville added a run the 7th when Copeland hit a home run. Pinckney went to town this inning and tied the score. Ludtke flied out. Darrow got another hit. Barrett hit a double. So did Clark, and Mrofka got his 2nd home run. Pinckney should have won in this inning as Reader hit one which lit on the foul line but the umpire ruled it foul.

It was up to Barrett to hold them the 8th but he was not equal to it. He struck out Russell but walked both Reyhl and Davis. Copeland doubled and Judd and Challis hit safely and Fowlerville had 4 more runs.

In the last half Ed Wakefield led off with a home run but Hewlett, Ludtke and Darrow were all easy outs.

Bob Meabon and Denny Clark played with Pinckney greatly aiding their defense. They made 2 double plays with Clark as the pivot man, and just missed another. Pinckney hit 3 home runs and Fowlerville 2.

* CURRENT COMMENT

By PAUL W. CURLETT

All too often the newspaper headlines of a home fire in which all the children in the family, mostly under the age of ten lost their lives. We had one near here at Lakeland a few years ago. The parents were taken into court for negligence and the father served a jail sentence. There was such a fire last Monday morning near Mt. Clemens in which five children, the oldest eight years old, lost their lives. There does not seem to be any negligence in this case as the fire broke out after the father left for work. In most cases the victims are in upstairs bedrooms where there is only one stairway and it is impossible to get to them. Two children burned to death here last spring because they were in a room with only one access. It would seem to us that children's rooms should be on the ground floor and that in all cases there should be two methods of access to them.

Liquor sales in Michigan went up in June. Cases of liquor sold to retailers were 12,944 higher than in June, 1958, according to the State Liquor Control Commission. Gin and Vodka both showed big increases while wine declined. There is more employment now than there was a year ago and the people have more money. Vodka was unheard of until a few years ago. It is the national Russian drink where it has been popular for many years. We suppose its present popularity here reflects the growing Communist influence?

There are too many people escaping the penalty of the law in Wayne county and Prosecutor Olson is drafting a law to prevent this. There were 101 insanity pleas there in the year ending April 31. Only 47 were found actually insane and 8 psychotics. In they are found insane or temporarily insane they are committed to a state hospital until cured. We remember the first case in which an insanity plea figured. It was the murder trial of Harry K. Thaw of New York Sity. He shot Stanford White, a noted architect whom he claimed was friendly with his actress wife. The case was front page news for years. The prosecutor was William T. Jerome, a noted lawyer. The Thaw family were rich and had the best lawyers in the land. The first trial ended in disagreement, the second he was found insane, and was released after serving a short time in a state hospital.

For some weeks the papers have been devoting much time to a pending steel strike which would paralize industry in general. The workers are asking a wage increase. There is probably no metal or substance used so widely in the world today as steel. Other metals, aluminum, copper, bronze and plastic have been developed, but none take the place of steel. Autos, all kinds of machinery and the railroads and ships use huge quantities of it. There is no doubt the shutting down of the steel mills would paralyze the nation. During the presidency of Franklin Roosevelt he solved a similar crisis by having the government take over the steel mills during wartime. Many wonder if President Eisenhower, with his great respect for industry would go this far.

For a quarter of a century, the United States policy as laid down by law has held that a U.S. Flag Merchant Marine is essential to national welfare and security. One reason is that we are the world's foremost exporting nations and the millions of jobs in industry and agriculture depend on this. But foreign way is a two-way street. If we don't buy from abroad we can't sell abroad, and even might have our goods excluded from foreign countries. Moreover we cannot maintain an industry without foreign imports. For there is a long list of foreign commodities and materials that we do not possess, or not in sufficient quantities to meet our needs. We import most of our coffee, cocoa, chocolate, tea, bananas, and various kinds of nuts, burlap, silk, etc. Also 96% of nickel, all of our tin, 91% of chrome, and comparable percentages of other metals. Some 250 parts of raw materials go into the manufacture of an auto or truck. These alone make a merchant fleet a necessity.

Premier de Gaulle of France has ordered our fighter bombers to quit their French bases. The London Daily Mail on commenting on it says the United States decision to cut military aid by \$300 million is the cause and adds that this decision was arrived at by the belief by the American people there were not getting enough value received for military aid. The press says there seems to be a greater understanding of our position abroad than here and they give more excellent reasons for the act than the administration at Washington.

A recent decision by the United States Supreme Court is being hailed as one of far reaching effect. It involves a case in Maryland where the board of health made an inspection in certain premises without getting a search warrant. The court ruled that a mans home is his castle and it cannot be entered or searched without a search warrant. This question was much to the fore in the old prohibition days and many cases against illicit liquor dealers were thrown out on account of illegal search.

8 Points of Soil Bank Compliance

Chairman Jacob Bontekoe of the Livingston County Agricultural Stabilization and Conservation office today issued an eight-point reminder on the responsibilities of farmers who have entered into Soil Bank Conservation Reserve contracts. He summarized the farmer's responsibility under his contract as follows:

1. No crop of any kind may be harvested from your Conservation Reserve land.

2. No grazing is permitted on any Conservation Reserve land.

3. Vegetative cover must be established and / or maintained on your Conservation Reserve land.

4. If a conservation practice has been authorized for your Conservation Reserve land and the practice has not been established by the designated date, notify the county office at once.

5. If all of your eligible land is in the Conservation Reserve, do not grow any soil bank base

6. If only part of your eligible land is in the Conservation Reserve, do not exceed your permitted acreage of soil bank base crops.

7. Comply with any acreage allotment in effect on your farm. However, if you have a wheat allotment of less than 15 acres, you may raise as much as 15 acres of wheat (or 30 acres under the feed wheat program) without penalty provided you do not exceed your permitted acreage of soil bank base crops.

8. Control noxious weeds on your Conservation Reserve land.
