Pirates Romp to Easy 55 - 6 Win Over St. Johns

Pinckney got a breather here Friday night and romped to an easy victory over St. Johns of Ypsilanti. Bob Williams scored two touchdowns in the first few minutes when he ran through the whole St. Johns team after Pinckney got the ball on a fumble after the opening kickoff. Pinckney got 7 more touchdowns after this with about everybody carrying the ball but they only picked up one extra point. Bob Rutter had 3 touchdowns on line plays. Paul Russell 2, Dennis Morgan 1 and Matteson 1. St. Johns fumbled often and their line was weak, offering little resistance to Pinckney thrusts. The final score Pinckney 55, St. Johns 6.

The only way St. Johns could gain was by passes. This accounted for their lone touchdown and extra point. The only ground gainer they had who made any yardage to speak of was Chester Beasley, a rangy colored boy. This is only the second year St. Johns has had football. They are an 11th grade school and have one 7 to 6 victory over Whitmore Lake this year. The team is light. They played hard and might develop into a winning combination in future years.

The attendance was down only being half of that at the Williamston and Roosevelt games. St. Johns brought no big number of fans with them. The Pinckney high school band played.

Pinckney did little passing most of their touchdowns resulting from line plays. All of their reserve players got in the game at some time or other. Next Friday they play Chelsea there. This is rated the best team in

the league. According to the Chelsea Standard the Uniformed Chelsea band will take up the entire time between the halves with marching and maneuvering. The following week, Oct. 23 is the home coming game here with Dexter. Dexter has a big fast team but has had trouble getting going. This game always draws a record crowd. Pinckney will crown a queen at this game.

Substitutions: Williams, Barker, R. Reason, Coates, Russell, Singer, Rutter, Dinsmore, Kennedy, Matteson.

Bob Williams (20 yards and 35 yards) scored first-period touchdowns for Pinckney. Before the half ended, Pinckney scored two more — one on a 20-yard pass play from Jack Young to Russell and the other on a 10-yard scamper by Bob Rutter.

In the third period for the Pirates, it was Dennis Morgan on a four-yard plunge and a Young-to-Monty Matteson pass good for about 20 yards. Rutter scored twice in the fourth period on 30 and 25-yard runs.

St. John got its lone touchdown in the second quarter with Jim Wilson tossing to Harry Hartzell on a play covering 20 yards.

Local Boy Killed In Auto Accident

Robert Bennett, 17, son of Mr. and Mrs. Clarence Bennett of M-36 was killed in an auto accident early Tuesday morning. He left here shortly before 2:00 a.m. to pick up a friend who works in a telephone office in Ann Arbor but did not arrive there. The body was not found until daylight Tuesday morning by persons going to work. Dr. Kent, coroner of Ann Arbor was called. Bennetts car left the road on the Pinckney - Dexter Road 2 miles north of Dexter and went into a field. The body was taken to the Swarthout Funeral Home. Surviving are his parents, a sister, Barbara and 2 brothers, Richard and James. A brother, Edward died in December 1957.

CARD OF THANKS

Many sincere thanks for the nice cards, flowers, calls and kind messages sent me while I was in the hospital. May the good Lord bless and keep you.

SHERIFF GETS SPOTLIGHT

Sheriff Willard P. Barnes, who has held this office for 10 years, is president of the Michigan Sheriffs Ass'n and 4th vice president of the National Sheriffs Ass'n. He is staking his career on a successful contest of a drunk driving charge made against him by a private citizen. His trial is set for October 20 before Justice Wood of Williamston. Richard Goble, 27 of Diamondale made the charges. He reported that Barnes car was weaving from one side of the road to the other on the morning of Oct. 8 at 2:30 a. m. He later said he found Barnes sleeping in his parked car in a yard by the highway. He notified Williamston police and officer Ellis Nemer woke Barnes up who then drove toward Lansing pursued by Nemer and 2 other officers. Goble went to the East Lansing state police and demanded Barnes arrest. Prosecutor Warren first refused a warrant until he could talk with Nemer who had gone to northern Michigan. When the latter returned he issued the warrant, Barnes, 285 lbs., has posted a \$250 bond. He said he had worked 20 hours that day and was looking for a runaway boy when he got sleepy and parked in a yard to rest at Williamston.

Gobles record shows 6 speeding tickets and a conviction on a morals charge for which he was fined \$200 and 2 years probation.

As Barnes is the highest ranking police officer Coroner Dorwin Hoffman was asked to arrest him. Barnes left Thursday for Hidden Valley near Grayling to preside at a sheriffs ass'n meeting.

Some Excerpts from a Diary of a Local Soldier in Wartime

Sergeant Miller kept a daily account of the happenings during war time in the New Guinea Campaign.

Oct. 21: Marched from 8 to 6. Bedded down on mountain, had a place 4 ft. square to sleep in.
 Oct. 22: Crossed another mountain.
 Oct. 23: Marched 3 hours and camp to supply dump. Food is very poor. Rice tastes like marsh hay.
 Oct. 24: Marched all day another tough Sunday.
 Oct. 25: Got to top of Owen Stanley Mt. slept there.
 Oct. 26: Another tough day.
 Oct. 27: Marched 4 hours. Fought over blanket four slept under it.
 Oct. 28: Got to Jero in 4 hours but found everyone moved out. Is not much food. Everyone very hungry.
 Oct. 29: Rested. Got some bully beef and a few rations. Walked 5 miles to get pair of shoes and 60 lbs. of rations.
 Oct. 30, 31: Marched all day. Stayed at Bidvaconea.
 Nov. 1: travelled 4 hours. Had dinner with natives in their village of rice, yams and bananas. Gave them cigarettes.
 Nov. 2: Marched 8 hours. Country is more level. Reached E. Co. today. Grub scarce again and are eating squash and native potatoes.
 Nov. 3: Rested today. First time we have been dried out. It has been impossible to build fires as wood is so wet. The highest peak we reached was 9600 ft.
 Nov. 4: Rested again. Hardly anything to eat. Too misty for planes to drop rations. Only get native food.
 Nov. 5: Mist lifted. Two big transports came. First one dropped medical supplies. Then crashed into the mountain. The colonel and 9 men were killed. Salvaged most of the rations on the plane. Dug graves and buried them on the mountains. Found a pound of Union Leader Ed Parker sent and some Pinckney Dispatches and letter from Bob.
 Nov. 6: made a cemetery on top of the mountains and piled rocks on top of the graves. More rations were dropped today and we are beginning to eat again. Got

NORMAN MILLER

bully beef, corned beef, powdered milk, infant food, corn meal, salt and sugar and hard tack.
 Nov. 7: More rations dropped. 1 of 10 dropped breaks and has to be sorted, or repacked. One of our patrols came back that had gone to the coast.
 Nov. 8: Sunday rested, Chaplain preached a sermon for the 9 dead. They got an 18 gun salute.
 Nov. 9: Watched them drop rations. They have to come very low and kick them out of the planes back door. Got 4 packs of cigarettes. First in ages.
 Nov. 10: Spent day sorting rations, built a store house for them lots of bananas but all have to be cooked. Natives bring in a few lemons.
 Nov. 11: Are getting ready to move to coast and fight the Japs.
 Nov. 12: Sorted rations. Are getting 2 plane loads a day.
 Nov. 13: A fellow named Green died today of malaria and we buried him on the mountain with the others. The cemetery is full now.
 Nov. 14: Moved out of LaTrego village, Don't think it was very healthy. Marched 6 hours and camped in another native village.
 Nov. 15: Marched until 3 p.m. in rain. Everybody got wet.

MICHIGAN MIRROR . . .

A better Michigan is the goal of two movements headed by Paul D. Bagwell and George Romney. They are approaching the goal from different directions.

Romney, American Motors president, has organized a Citizens for Michigan movement which he said is a "non-partisan alliance of individuals pledged to study and inform themselves on state problems and to provide a unifying force for effective political action."

Bagwell, the Republican can-

didate for governor in 1958, has laid groundwork for a strictly partisan citizens study "to provide our political party with the best thinking that can be brought to bear on state and local governmental problems."

Michigan's needs will be studied by both Bagwell and Romney.

Bagwell says citizen participation in politics is the key to building Michigan. Romney says citizens must avoid blind partisanship.

But the two are closer together in thinking than either will admit publicly.

Bagwell can be expected to embrace some of the recommendations of the Romney group, especially the expected push for a Constitutional Convention. And Romney, once his recommendations are in, can be expected to nod to the politicians, acknowledging that they will cast the votes.

What happens to Bagwell and Romney after the citizens complete their studies? Will they seek to carry out the recommendations by running for governor? Both were asked.

"I don't know," said Bagwell. Romney said he wouldn't accept if nominated by either party and wouldn't run if drafted.

Safe driver bonus plans are offered by 200 auto insurance companies in Michigan. Some drivers qualify for discounts up to 30 per cent.

The basic idea is that accident-free drivers should not be penalized for the carelessness of the bad risks.

There is considerable debate in insurance circles on the merits of the idea. One moving violation could wipe out the discount.

Automatic reduction does not come to the good driver. A point to remember is that the rate does not depend on who owns the car so much as who drives it. The rate is automatically lowered for teen-agers.

State Insurance Commissioner, Frank Blackford, said the plan should help make parents more concerned about the driving record of the entire family.

The big push is on for highway safety. The new insurance program is but one development that has focused attention on driving records.

Secretary of State, James M. Hare, has started a series of clinics for careless drivers. He's giving increasing emphasis to his powers to call in drivers to warn them when they get about 10 points, based on the system of charging points for violations.

And State Police Commissioner, Joseph A. Childs, warns the last three months of the year are critical ones for motorists. Hopes for bettering last year's highway safety record are fading.

The role of roads in Michigan's social, economic and business life was featured in early October. The state celebrated Michigan Highway week, the first observance of its kind held anywhere in the nation, according to its sponsors.

EXCURSION PROGRAM

Want to take an international excursion with your youth group? Youth groups in Livingston county can do this via channel 10 television this winter.

EXCURSION

A brand new idea in programs for youth groups - is being tried out in the southern Michigan area this winter.

The EXCURSION program involves a series of evenings packed full of experiences concerning various foreign countries. Included will be visits to Japan, Egypt, China, Brazil, India, Nigeria, and other exotic places.

Each evening's excursion will be to a different country.

EXCURSION JAPAN will take place on Monday, November 2. Club members may adopt Japanese names, hear Japanese music or eat Japanese food, while they watch a television program designed especially for the Japanese excursion and discuss problems of Japan.

Recipes, tapes of recorded music, names and idea suggestions on the meeting will be furnished by Michigan State University. A program will be presented every fourth Monday

Highway Users Conference joined in sponsorship.

"Roads are the life's breath of our economy," said J. Carl McMonagle, State Highway Week Chairman.

A sobering thought about Michigan's highway program was offered by widely-quoted (by both parties) Upjohn Institute report on the state's potentials and problems.

The report said Michigan has highway needs "evident even to the casual motorist."

Good feeder lines from Michigan cities to the Indiana Toll Road are among the priority needs, the report said.

in home after home after home...

there's always plenty of hot water

the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want.

You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages!

- Efficient—the heat goes into the water
- Install anywhere—need not be near a chimney
- Long life—meet Edison's rigid standards
- Automatic—all the time
- Fast—new, more efficient heating units
- Outer shell—cool to the touch all over
- Edison maintains electrical parts without charge
- Safe—clean—quiet—modern

Radar Telescope Dedicated Sunday at Peach Mountain

Last week Wednesday the University of Michigan dedicated their new radar telescope at Peach Mountain at the Birkett farm on the Pinckney - Dexter Road. Admiral Rawson Bennett, U. S. Navy research chief was the speaker.

Among others taking part in the dedication were Lt. Gov. John E. Swainson; U. S. Rep. George Meader; Dean Stephen S. Attwood of the U-M College of Engineering; Dr. Otto Stuve, director of the National Radio Astronomy Observatory; and Prof. Fred T. Haddock, who heads the U-M radio astronomy program.

U-M Vice-President Ralph A. Sawyer, dean of the Horace H. Rackham School of Graduate Studies and administrator of University research projects, accepted the telescope on behalf of the U-M. Prof. Leo Goldberg, head of the U-M department of astronomy, was chairman of the event.

Prof. Haddock pointed out that the telescope's antenna, shaped like a huge saucer, is the most sensitive instrument of its kind and the fourth largest steerable radio telescope in the world.

The reflector size is 85 ft. in diameter, 12.7 ft. deep. It is 36 ft. focal length, and operates on a 45 ft. diameter polar gear and 40 ft. declination gear, is of galvanized steel, lead counterweights and aluminum reflectorizing surface, and weighs 400,000 lbs. or 200 ton. The polar and declination gears are aligned within 20 seconds of arc and can be aimed within 30 seconds of arc. It operates on a usable frequency of 10,000 megacycles producing a

beam width of 5. minutes of arc. Its antenna gain is 2,000,000 above an introsopic antenna. The cost was \$270,000.

Radio astronomy is a new branch of astronomy and began in 1932 when Karl Jansky of the Michigan Bell Co. discovered radio waves could be received through the Milky Way, from the moon, clouds, and the planets, Venus, Mars, Jupiter and Saturn, certain clouds of gas and distant galaxies or island universes.

The Peach Mountain telescope is capable of the following functions:

- 1) Penetrate cosmic dust clouds to "see" over-all the spiral form of our galaxy, the Milky Way system, observations which cannot be made optically.
- 2) Enable a study of the regions where stars are born and die.
- 3) Pick up radio waves from space that are half a billion years old, that have been traveling through space at 186,000 miles per second for 500,000,000 years.
- 4) Track celestial objects across the sky for 12 hours at a time and observe on several radio frequencies simultaneously.
- 5) Be aimed at a region of the sky within an error of one part in 40,000 so as to receive radio waves from a small portion of the sky without interference from strong sources nearby.

Open house was held there Sunday afternoon and about 2000 people were taken through and the telescope explained to them.

**GIVE GRAIN DRILLS
PROPER CARE**

Modern fertilizers can damage metal parts on a grain drill that's been put away for winter without cleaning, warns a Michigan State University soil scientist.

High-analysis fertilizers contain more active chemicals than old-fashioned fertilizers. These materials can start eating away metal within a week or two.

The specialist suggests four cleaning steps to follow right after fall drilling:

1. Remove loose fertilizer with a hand scoop or brush.
2. Remove gates and star wheels. Then scrub scrub these parts with water. After drying treat with a lubricating oil.
3. Take out, wash and oil fertilizer drop-tubes.
4. Remove all fertilizer that's caked in the box and planting shoes. Rinse with water. Leave the drill open to dry and then brush it with oil.

★ **CURRENT COMMENT** ★

By PAUL W. CURLETT

Republican Chairman Thurston Morton says he favors a Nixon-Rockefeller National ticket next year. There are a number of reasons for his statement. Gov. Rockefeller is the only outstanding candidate against Richard Nixon. Such a ticket would prevent any big convention fight with its resulting bitterness which followed the Eisenhower - Senator Taft hassle in the 1952 convention. Another reason it would give Nixon the vote of the big New York delegation in the convention and eventually in the election. Ex Gov. Dewey is the Rockefeller manager. The governor says he will not accept the vice presidential nomination. In the past the office of vice president has not been too highly regarded. But two vice presidents were never elected president. John Adams and Martin VanBuren. The others John Tyler, Millard Fillmore, Andrew Johnson, Chester Arthur, Teddy Roosevelt, Calvin Coolidge, Harry Truman became president because the president died. The vice presidential nomination is little sought after. He gets little publicity and attracts little attention. Nixon has been an exception. He was a supporter of the late Senator McCarthy and the UnAmerican activities probe. He got the front pages by calling President Truman, a traitor and due to the many illnesses of President Eisenhower took over many of his duties. He was also the first American of prominence to visit Russia.

Following the successful launching of a rocket which reached the moon, the Russians have launched another rocket, Lunik III which circled the moon and took pictures. Of course this bodes no immediate disaster to this nation, the chief complaint of the people here is "Why does Russia keep on outstepping us in moon rocket explorations?" We spend millions yearly on science schools and space explorations and have the worlds best scientists yet we are always 2nd to Russia in space matters.

The Western Governor's Conference has called for a study of the Migratory Worker problem which would get together legislators and agencies who deal with the wandering farm worker and his problem. There are 500,000 of these migrants who roam the nation taking seasonable farm jobs, such as cotton picking, fruit and berry picking, onion and sugar beet harvesting etc. They work for less than local labor but their employees have to provide them with housing and food. The housing and food was usually wretched and they have always been exploited. These workers are composed of Mexicans, Latin Americans and Indians. Few can speak English and their constant moves prevent their children from attending school.

They travel from place to place in old jalopies. One such family of 8 was found living here some years ago in a one room house. They were put in school. The oldest a boy of 14 had never been in school and could not read or write. The township figured they would be too big a burden and paid their way to another area where migrant laborers were needed. They had worked here in the onion harvest. Migrant laborers figured in an episode at Mears some years ago. The sheriff shot and killed one of them whom he was trying to arrest. Swift Lathers, the editor of the Mears paper called it murder. The sheriff sued Lathers for slander but a jury acquitted him.

At a recent Michigan Medical meeting at Grand Rapids a controversy raged over the new M-75 Blue Shield Health Insurance plan. The Detroit News says when the doctors entered the insurance they stepped out of the doctor patient relationship which has always existed. This relationship allowed the doctor to charge on the ability to pay. Now they have entered into commercial competition with politics, sociology and economics. It adds it is well that they have come

out of their consulting man operating rooms and joined the rest of us in this age of organization and merger. Most of them are unhappy because this new plan reimburses them on a level fee regardless of their training and experience. Doctors tend to specialize in these days and specialist wants a higher fee than a non-specialist. The M-75 plan relates premiums to the income of the head of a family. The doctors want them related to the total income of the family. There are three facts which protect the public from any financial injustice. The Blue Shield faces competition from old line insurance companies. Organized labor is interested in it and has threatened to set up its own insurance plan and the third is that organized medical profession is afraid of socialized medicine. So there will probably be no extreme lengths gone to in this battle.

The prosecuting attorneys did not like the Ellery Queen stories and like them even less now they are on television. The stories all have the same theme, Ellery Queen, the lawyer beats the states attorney or prosecutor in a case in which the prosecutor is cast as the villain. The implication is that the prosecutors place convictions ahead of justice irrespective. The implication is the same as in the Sherlock Holmes stories written by A. Conan Doyle, years ago where the police were always wrong. All prosecutors like a big percentage of convictions which they publish at intervals. In some cases they are padded as they include traffic cases which never get into court.

Many graduating classes in the old days used the theme "Beyond the Alps lies Italy" for a commencement motto. This was a range of mountains 15,771 feet high which constituted a natural barrier between France and Italy who were usually at war in the old days. It was a hard path to cross in the summer and impossible to do so in the winter. Many travellers froze to death trying it as the roads were covered with snow the year around. The monks of St. Bernard established hospitals along the route and used St. Bernard dogs to rescue travellers. Hannibal when he invaded Rome used elephants to cross it. A similar attempt to do so last summer failed. Napoleon Bonaparte rode a donkey when he crossed it when he invaded Italy. Now that is all past as a 7.3 mile tunnel is being cut through the mountains there. It will cut crossing time to 12 minutes and permit crossings the year around.

Conservation Notes

The Livingston County Agricultural Stabilization and Conservation office today announced two important changes in the 1960 Conservation Reserve of the Soil Bank, as follows:

(1) Basic annual rates will be established by the same method used for the 1959 contracts, and (2) Farmers will have until October 9 (rather than September 30) to take the first step in applying for the 1960 program.

These changes have been made following enactment of a new law passed shortly before the recent adjournment of Congress and signed by the President September 21. The added time will enable farmers to study the new rate arrangement and determine the advisability of coming into the program.

The new law, according to Irene L. Briggs of the A S C office, removes the legal requirement that the annual payment rate must depend on actual crop production during the period 1955-59 on the land placed in the reserve. Many farmers regarded such rates as unfair because of the effect of drought and other natural disasters on crop yields during one or more of those years.

Under the new law, basic rates for 1960 will be determined chiefly on the basis of the productivity and value of the land for agricultural purposes just as they were for 1959. The basic rate may not exceed 20 percent of the value of the land offered and may not be higher than the basic annual rate that would have been established for the same farm in the 1959 program.

In every case where a farmer has already been informed of his basic 1960 rate and where the change will result in a different rate, the farmer will be notified and will have an opportunity to

submit an application for a contract on the basis of his new rate. Another recent program change that may effect some farmers in this country permits a contract with a land owner where a tenant leaves a farm voluntarily and the owner finds it necessary to take over the operation. Originally, a farm which was operated by a tenant or sharecropper was designated to share in the payment.

The purpose of the Conservation Reserve program is to bring about the withdrawal of cropland from production, helping to adjust total crop acreage more nearly in line with needs. Land placed in the reserve may not be cropped or grazed and must be protected with a conservation practice.

A basic per-acre rate is determined for each farmer who requests it. The farmer may offer land and apply for a contract at any figure below that basic rate. In case funds are insufficient to permit acceptance of all applications, priority in accepting offers will be based on the rate at which the farmer offers his land.

Farmers who have not previously requested a rate determination but now believe that the program will be of interest to them should visit the county ASC office as soon as possible to obtain full information.

Notes of 25 Years Ago

Pinckney beat Hartland 40 to 6 here Friday. Jack Dilloway had 3 touchdowns, Arnold Berquist 2 and VanBlaricum 1. Leon Rancour of Howell refereed. Bennie VanBlaricum and Billy Meyers were in the Pinckney backfield.

St. Mary's Church will hold a keno party over Reason's store Thursday night.

Thirty-one attended the Kings Daughters meeting Thursday at the home of the Misses Hoff.

The Masons will hold a dance at their hall Friday night.

In our account of the Republican State Convention we said Judge Willis Lyons of Howell received 2 votes for state treasurer and Isbister of Port Huron 7. We were told this by delegates who attended. Herbert Gillette who was chairman says we were wrong. Isbister got 7 of the Livingston county votes and Howard Lawrence 2. Judge Lyons was nominated by Judge Joe Collins but he withdrew as his supporters were unable to line up any county delegations for him. Isbister was the organization candidate and is a cripple. He is register of deeds at Port Huron. In the election he lost to Ted Fry, a Democrat.

Maurice Human, died in Jackson last week. He was a former mayor there and well known all over the state as he caught for the United Commercial Travellers ball team for 20 years. Ye editor saw him play at Dexter 20 years ago.

Alfred Morgan former Pinckney farmer was married to Mrs. Emma Rice at LaGrange, Ind. Oct. 2.

The Pinckney Independent football team plays Michigan Center here Sunday.

There will be a Democrat meeting at the opera house Oct. 19, with Cong. Claude Cady, speaker.

Married by Justice William Porter of Milford Saturday, Conley Ahrens of Pinckney to Mrs. Etta Basing of Howell.

Glenn Tupper of St. Johns, former resident, was elected grand worthy patron of the Grand Chapter O E S at Grand Rapids last week.

Billy Meyer and Gordon Lamb got in the picture of the Mich. - Mich. State game published Sunday in the Detroit papers.

Blanch Martin, W. M. of Pinckney Chapter O. E. S. 145 and Mrs. Kitsie Dinkel attended the Grand Chapter O. E. S. at Grand Rapids last week.

William Samborski, has enrolled at the University of Michigan.

The Hofanesian family have moved from the Sigler farm to the Frank Hall farm.

Walter Girard is building a new house at Lakeland.

Born to Joy Martin and wife, Oct. 4 a daughter, Nancy Ann.

The following Boy Scouts attended the Mich. - Mich. State game Saturday, with H. C. Vedder and Ross Read: Cy Atlee.

MINIMUM WAGE FOR TEACHERS

Rep. George Sallade of Ann Arbor speaking before the Michigan Teachers Federation annual session at Ypsilanti last week, said the legislature will be forced to enact a minimum wage law for public school teachers. He said the state will spend nearly a billion dollars on education this year, a great part on construction. Bricks are not enough he added. Teachers salaries must be sufficient to educate and keep qualified personal in our schools.

A 15 year old Dearborn girl and 3 boy companions were arrested by state police at a Tyrone Lake cottage last week. They had stolen a car in Detroit and had been living at various cottages at the lake.

Gordon Lamb, Billy Meyer, Ted Niga, Billie Darrow, Edsel Meyer Bill Dillon and Jack Hannett.

Bill Jeffreys is glad the world series is over. All the teachers and high school students depended on him for scores of the game. He repeated the score 50 to 75 times a day.

The Junior Class has elected the following officers: Pres. Robert Richardson; Vice Pres. Mary Spears; Sec. Fritz Gardner; Treas. Margaret Curlett.

ORPHA BELLA MCCONNELL

Mrs. Orpha Belle McConnell, 75, of Gregory, died at McPherson Hospital, Howell, Oct. 6. She was the daughter of Horace and Nellie Wright and was born in Caledonia, Michigan November 8, 1883. Surviving are her husband, Charles McConnell, a daughter, Mrs. Lorna Tanger, 4 grand children and a brother, Fern Wright of Waco, Texas.

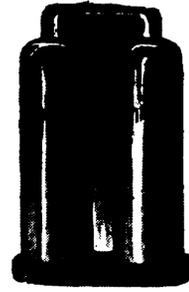

Funeral services were held Friday at the Caskey Funeral Home, Stockbridge with Rev. Turman Cockran officiating. Burial was in Pinckney Cemetery.

NEWS NOTES FROM THE ELEMENTARY SCHOOL

KINDERGARTEN

Mrs. Parks—

We all know our full names now. Lefa Gehringer celebrated her birthday Oct. 8th. We learned a new song "Mr. Jack-O-lantern. We are decorating our room for Halloween.

FIRST GRADE

Mrs. Rooke—

We are learning the small letters of the alphabet. We learned to print our name with small letters. Only the first letter is a capital.

We have found many pretty colored leaves, and are learning what kind of a tree they are from.

Janice's caterpillar is now a beautiful green chrysalis. We hope we will have a beautiful butterfly sometime soon.

FIRST GRADE

Mrs. Thayer—

We made paper mache pumpkins. We made pictures of ourselves. We have a terrarium. Mark Krause's father wants to sell his airplane.

We have some new plants in our room.

SIXTH GRADE

Mrs. Tasch's—

Our room the 6th grade are learning many interesting things on Africa. Linda Wylie was our spelling champion for our spelling bee. Mike Carver is giving our spelling test this week. We got our Egyptian units back. Most of the children had good marks on the units. Mrs. Tasch was sick Friday so we had a substitute, her name is Mrs. Hoard.

THIRD GRADE

Mrs. Darrow—

We are glad to have Carol Curts back in school after a 2 weeks absence.

Daylene Lelonek brought a peanut plant for us to see. It was grown in a local garden.

In science we are beginning to study how seeds travel several people have brought in specimens of seeds.

We have been trying to learn the correct usage of sit, sat, and set in language. Some of us are having trouble.

We had our first spell down Friday, Darlene Knapp was the winner. Janet Cosgray runner up.

SECOND GRADE

Mrs. Anderson—

We went out to watch them build the new building.

We get points for reading well. Some have several stars.

We are studying fall leaves. We made some. We are also studying vocal sounds.

Terry Haines is building a new garage.

SECOND GRADE

The second graders are busy making pumpkins for Halloween. We have also been making color charts and learning to spell our color and number words.

SIXTH AND SEVENTH GRADE

Mr. Rice—

We are decorating our room for a gay party we have planned for the very near future.

Thursday night the boys played another game of football with Mrs. Carr's room. The outstanding players from Mr. Rice's room were David Shirey and Gary Henry. The outstanding players from Mr. Carr's room were Steve Randolph and Terry Nixon.

FIFTH GRADE

In the colonial unit we have taken famous people to look up. We will make charts about them.

In arithmetic we find our combination and multiplication tables very important we are learning them by grouping our numbers.

Our Geography is telling us all about our new England States and we find colonial history very interesting.

One of the most popular exhibits to be found at the Nature Center at Kensington Metropolitan Park near Milford is a tray of wood samples which identifies the wood and bark of trees found at the park.

Persons can see this display before walking along any of the "nature trails".

The exhibit can be seen at the Nature Center Monday through Friday from 2 p.m. to 4 p.m. and from 10 a.m. to 4 p.m. on Saturday and Sunday.

COUNTY A S C COMMITTEE ELECTED

Clyde Yelland of Handy township was elected as chairman of the Livingston county A S C committee at the annual convention of township A S C delegates in Howell on Wednesday, September 30.

Frank Minor of Brighton township was re-elected vice chairman, and Jacob Bontekoe of Deerfield township was named third member of the county committee.

Named as first and second alternates of the county committee were Ted Dey of Handy township and M. W. Wiseley of Hamburg township.

All were elected for a one-year term of office starting Thursday, October 1.

All of the county committeemen are experienced farmers who are familiar with A S C activities. As committeemen, they will be responsible for the operation on the county level of government farm programs dealing with price

THOROBBREDS COMING BACK

There was a time back in the nineties when Pinckney was one of the thorbred or race horse population centers of the state. Pinckney also had a track here situated where the George Thompson and Vince LaRosa homes stand. The late James L. Roche was probably the leader in race horse breeding here. He owned many famous horses, Huron Boy, who won 11 firsts his first year, Morgan Dewey who won 7 and Green Wilson another big winner. Other race horse owners were John and James Harris, John Teeple, Ed Sprout, Albert Wilson, Herman Swarouth, H. H. Swarouth, S. S. Teeple, and others. When the track closed down race horses became a thing of the past here except for Mr. Roche who owned and drove race horses for over 50 years.

With the establishment of the lighted tracks the race horse center is returning to Pinckney and according to Bert Wylie some 36 race horses are now owned and raced in this area. Of the 36 horses 13 were raced this year and 7 have been winners.

Everett Hammel is the biggest race horse owner. He has 25, some of which are colts and brood mares. John Dunn has 5, George Kenny 3, Junior Barber 2, Clarence Bennett 1 and Bert Wylie 1.

Last week at the Jackson races John Barber won a first with Phillip Honor, Hammel won a first and second and Joe Dunn a first. The week before Hammel won a gold watch for going the fastest mile there. Thursday night Hammel was driving Jerry Flash when he was thrown from the sulkey, run over and suffered broken ribs and other injuries. He was taken to the hospital.

supports, acreage allotments, the soil bank and cost-sharing conservation. Their official duties will consist principally of policy-making and decision-making functions in the administration of the programs. Clyde Yelland was office manager of the A S C in 1954. Jacob Bontekoe and Frank Minor have served as members of the county committee since 1954.

U. S. SAVINGS BONDS

Residents of Livingston County invested \$312,009 in series E. and H. U. S. Savings Bonds during the first 8 months of 1959 according to William McPherson IV, Chairman of the County Savings Bond Committee. This is equal to 43 per cent of the years quota of \$732,000. These bonds pay 3 3/4 cents interest. Mr. McPherson urges investors to begin systematic purchases of these bonds through the pay roll savings plan which will enable the county to meet its quota.

DO YOU WANT AN OVERSEAS JOB?

Miss Marilyn Daley will be in Detroit from October 19 through October 31 to interview persons for clerical jobs in the United States Department of State, both overseas and at Washington, D.C. She will be in the Michigan State Employment Office at 7310 Woodward Ave.

There are overseas jobs available in 186 American embassies in 90 countries. Most of these positions are open to men and women. Applications for secretarial and stenographic positions must be proficient and able to type 45 words a minute, general clerk 40 words a minute. These four are open to men and women. Pouch positions open to men only. Salaries range from \$3130 to \$4180. Each one receives six weeks of home leave in a two year tour of duty. CELEBRATED VICTORY

Last Friday night Sheriff Elwin Smith and his deputies of Charlotte raided a student party held in a field near Delta Mills and attended by about 250 Lansing Sexton students to celebrate their 7 to 6 football victory over Ann Arbor high school. 50 students were arrested. The ground was covered with empty beer bottles and cans. Alerted by a tip from Lansing police, 20 cars were still there when the sheriff arrived. The students were all under legal age and were charged with possession of intoxicants.

WERE SHORT MEASURE

The Agriculture Department is cracking down on firms selling tablets, especially aspirin. One Detroit wholesale grocery was distributing aspirin from a Pennsylvania manufacturer with a 100 per bottle count. Some bottles were found as much as ten tablets short.

MICHIGAN APPLE CROP

Michigan is finishing the harvest of the third largest apple crop in the nation, amounting to 12 million bushels. Quality is high and color good.

BANKING THEOLOGIAN TO PREACH AT ST. PAUL'S

Author, lecturer and traveler. Dr. Thomas Coates of Concordia Senior College, Fort Wayne, Ind., will be guest preacher at St. Paul's Lutheran Church of Hamburg, October 18 at the 11 O'clock service.

Dr. Coates, 1956 visiting lecturer on systematic religion at Tokyo Lutheran Seminary, will speak on the problem of Christian missions in a modern world.

Among the writers best known books are "The Upper Room" and "Psalms for Today". While in the area, Dr. Coates will be the guest of Reverend Luther Krieffall of Whitmore Lake.

CURRENT POPULATION SURVEY

A survey will be taken in October to determine how many children are attending school, their level of schooling, the number of college students, their courses of study and how financed.

A census will be made of the number of autos, T. V. sets, washing machines, refrigerators, etc. and how financed as a study of consumer buying trends.

A housing survey will be started October 19 to study housing changes and financing, such as new construction, additions, conversions and losses.

Mr. and Mrs. Mark Nash, Rachel and Martha took Nancy back to Michigan State University, Sunday.

Tony Hoeft of Rush Lake has the contract for the cement and masonry work on the new Pinckney School additions.
