Girls Basketball Team Ends Season in Blaze of Glory

The Pinckney high school girls basketball team ended their season Monday afternoon in a blaze of glory when they defeated the Manchester Girls in a tight game 24 to 21. The Manchester girls were taller and were better on rebounds but missed a lot of shots. The game was tied at 6 all at the quarter, Pinckney led 14 to 10 at the half and 19 to 17 at the end of the third quarter. With two minutes to go, Pinckney had a two point lead and did a fine job of freezing the ball. They got a free throw during that time. The Pinckney girls played hard and fought for the ball every minute.

This gives the girls a season record of five victories out of six games. They beat Stockbridge twice, South Lyon, University and Manchester each once. Their sole loss was a return game at South Lyon.

Although Carol Miller did not play the first quarter she led the scorers with 12 points. Louise Basydlo had seven, Mary Kelly four and Celia Hughes two.

The girls were honored by a dinner Monday night given by Mrs. Marjorie Miller. They were to have played seven games but they did not start until Feb. 1 as their shower room was not ready.

They will live in the Gentile apartment on Patterson Lake Road.

Advance Report Forms Distributed By Post Office Employees This Week

Advance Report Forms for the 1960 Census of Population and Housing will be distributed by Post Office employees this week to all households in this area, District Supervisor F. L. McClure announced today.

The Advance Report Form is a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form before the start of the house-to-house canvass gives the family a chance to assemble information about each member in advance of the census taker's visit. The district supervisor urges all residents to fill out the form and have it ready for the census takers when they start their rounds on April 1.

The Advance Report Form contains seven questions about every person in the household and six questions about the household's dwelling. The household information asked for is name, address, sex, color or race, month and year of birth, whether married or single, and relationship to head of the household. The information required about the dwelling is the number of rooms, cooking facilities, plumbing, and whether rented or owned.

Hold Benefit Basketball Game Tonight at PHS

The Music Department of the Pinckney Community Schools will present a benefit exhibition basketball game on Thursday, March 24 at 7:30 PM in the high school gym. The feature and only game will present the male faculty of the schools vs the varsity high school team. Although the varsity's record is not indicative of the abilities, the faculty has been unbeaten in three starts.

The game will be followed by a dance to which all members of the community, young or old, are invited. Lon McCollum, the disk jockey, will spin a variety of musical selections from the good 'old' danceable days, such as "Stardust" and "Blue Moon." Just plain "danceable" music will be featured.

The proceeds of this all star game and dance will go toward the purchase of the new band uniforms. One price to both events.

Admission will be 50c for adults and 35c for students.

At every fourth household, the census taker will leave a Census Household Questionnaire which contains additional questions covering population and housing characteristics which are being asked of a 25 percent sample of the Nation's population. Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office. A pre-addressed, postage free envelope is being provided for this purpose.

The "sample" population questions include inquiries on country of birth, mother tongues of foreign born, schooling, employment, income and related items. The additional housing questions relate to rent or value of dwelling, heating equipment, water supply, and other facilities and equipment.

The district supervisor pointed out that information about individuals and their homes furnished to the Census Bureau is kept confidential under Federal law. Only statistical totals and averages are published. No individual person can be identified in published reports and census information cannot be used for regulation, investigation, or taxation.

KILL AUTO PLATE BILL

The house of the legislature failed to kill the bill providing for reflectorized auto license plates so it went into effect last Saturday. It increases the cost of license plates 35 cents. The plates were to be issued next year but the state has had trouble getting them manufactured and they may not be on sale until 1962.

LOYALTY AFFIDAVIDS

Asst. Dean John Bingley of the University of Michigan says schools that dropped the National Defense Education and loan program on account of its loyalty oath are doing their students a disservice. The oath makes the student swear that he is not a member of an organization that believes or teaches the overthrow of the U. S. government by force. He doubts the value of the oath but says dropping it is not justified because of the money loans available through the program. The University of Michigan loaned \$300,000 through this program to students between July 31 and Oct. 31 this year. Students may borrow up to \$1,000 for 5 years, at 3 percent interest.

Corsages will look fresh longer if kept in an airtight bag and stored in the refrigerator when not worn, say Michigan State University floriculturists. Since they cannot be watered, it is best to spray them lightly with water before storing.

WHITMORE LAKE FIRE

A fire which broke out Friday in the Reynolds Chemical plant at Whitmore Lake did \$25,000 worth of damage. About 80 men will be idle by the fire until repairs are made.

BOLESZAW S. SAMBORSKI

Boleslaw S. Samborski died Friday at the home of his daughter, Mrs. Edwin Lewis of Ann Arbor. He was employed by the Kelsey-Hayes Co. of Detroit until he retired in 1950. For a number of years he lived here owning the George Foster farm on the Howell Road. Besides his daughter, Mrs. Lewis there are two sons, William of New York City and Cassimer of Ann Arbor and another daughter, Dr. Anna Samborski Edmonds of Northville.

The funeral was Tuesday at the Muehlig Funeral Home, Ann Arbor, Rev. Main officiating. Burial was in Forest Hill Cemetery, Ann Arbor.

AGRICULTURE NOTES

Unless accompanied by an inspection certificate no tomato, pepper, broccoli, onion, cabbage or sweet potato plants may enter Michigan.

A public hearing regulating sale of blueberry plants will be held at Cass bldg, Lansing March 30.

On March 25 a hearing on repealing the law required permits for TB cattle tests on which indemnity is paid will be held at the Dept. of Agriculture.

WHEAT LOANS

Clyde Yelland of the County Agriculture Committee says farmers who borrowed money on stored wheat are reminded the loans mature March 31. Those with purchase agreements must notify the committee of intention to deliver the wheat on that date and they will be told where to deliver it. Purchase agreements provide price support without interest charges.

Those who elect to come under the wool marketing act must provide the county committee with complete records of the sale of wool and unshorn lambs. In 1958 there were 6339 sheep growers in Michigan who received \$900,720 and 4,046 lamb growers who received \$138,490 price supports on unshorn lambs. Deductions were 1 cent a lb. on wool and 5 cents on unshorn lambs.

MICHIGAN ESCHETS ACCOUNTS

The Brighton Argus is publishing the list of escheats accounts in the county. This is the bank accounts which have been inactive for seven years. In the main they are small accounts. Some of them are only \$2 or \$3. The people who had them thought they drew them all out but left a little in the bank. If not claimed the state gets the money. We notice some Pinckney peoples names are in the list.

The amount collected from all over the state amounts to thousands of dollars.

LOCALS

Mr. and Mrs. Francis Shehan, Mr. and Mrs. Joe Basydlo, Roy Hoeft and the John McMillans attended the Democrat meeting at Hamburg fire hall Sunday night.

Mesdames Janet Shehan and John Lundeen attended a baby shower Friday for Mrs. Nancy Hoard given by Mrs. Carl Lemming of Gregory. Thirty were there.

Three hundred attended the smorgasboard dinner given Saturday night by the Livingston Co. Conservation Club. Among them were the Francis Shehans and Lester McAfees.

Mrs. Janet Shehan entertained 14 little friends Saturday at her home honoring the birthday of her daughters, Susar and Patty.

The Cy AtLee family of Gladwin called on the Bob Tasch family Sunday.

The John McGuire family of Orchard Lake called on the Ross Reads Sunday and Reg. Schafer and wife Thursday.

The Pinckney High School girls basketball team gave a smorgasboard dinner Tuesday night at the home of Mrs. Marjorie Miller.

ST. PATRICKS DINNER

The St. Patricks dinner held at St. Mary's Hall here Sunday drew the usual big attendance. Serving was from noon to 5:00 p.m. About 800 people were served. The menu featured roast ham which was served in excellent manner.

**"One-stop banking
is so convenient!"**

More and more families are saving time by taking care of all their financial matters at one place — our bank. For example, the lady of the house stops at one window to deposit her husband's salary check in their joint checking account and to cash a check for the week's household expenses. At another window, she makes a deposit in her savings account; and, a few steps away, she pays the monthly instalment on a personal loan. Then she goes to a safe deposit box and stores away the U. S. Savings Bond her husband received under the payroll deduction plan. 5 financial transactions have been taken care of under one roof; all with a minimum of time and effort.

There are dozens of ways our bank can help you with your money matters, any one of which is your passport to all the others. We most cordially invite you to do all your banking business with us.

How To Cut Down Your Electric Bill

Looking for ways to cut costs? Then try some of these suggestions for saving electricity:

- Keep your wife from setting the furnace thermostat too high. Train her to keep on the move and keep warm nature's way.
- Be sure wiring is heavy enough to carry the power you need. Electricity wastes itself trying to crowd through small wires.
- Cook everything rare. A little step each day and you can soon eat it raw.
- Be sure that wiring does not come into contact with water pipes, eave spouting, trees, or roofs of buildings.
- Marry girls off young. Let some other dope heat their irons.
- Stop all faucet leaks. You pay to pump and heat water. Why waste it?
- Ditch your TV (not a bad idea!).
- If a fuse blows, find the cause and correct it.
- Don't pay your electric bill and be disconnected. This will save everything.
- Pay your electric bill before the 10th of the month and save the collection charge.

- Give motors and equipment a periodic inspection. The squeaky wheel uses more kilowatts.
- Go to bed earlier.
- Place your water heater as near the sink, lavatory, and bath tub as possible.
- Use small pipes and insulate well on long runs.
- Don't bathe your kids too often. If they smell, send them outside to play.
- Go to church frequently. While there, your TV, radio, and other equipment will not be in use.
- Locate your refrigerator and freezer where they will not be in a direct blast of your heating system.
- Visit your friends and relatives as often as possible. Accept their invitations to stay for meals—even for baths if invitations can be wrangled. Their water is just as good as yours.

NATIVE BIRDS

The wild geese and ducks, robins, swallows, black birds, blue jays and crows are native birds that is they have always been here but quite a few are not. We remember back maybe 40 years ago when Henry Ford brought over a ship load of birds from England and released them here. Among them were magpies, ravens, thrushes, and other birds. They were released in New York and some of them were eventually seen here but we doubt if they thrived because it has been some years since we heard anything about them.

Our experience with two imported birds has not been so happy. They are the English sparrow and the starling. Both were brought here around 1890 and liberated in Central Park, New York City. They multiplied so fast that they became pests. Most states put a bounty on sparrows of 2 cents each, which apparently never fazed them at all. In some places so many starlings swarmed in trees it was necessary to have drives to chase them out. The starlings are smaller than black-birds and have yellow legs and bills. Starlings have been taught to talk and imitate the songs of others birds. Bird lovers say both birds destroy millions of bugs and worms and in this way do more good than damage. The bounty was removed from sparrows long ago.

Notes from Here & There

Mrs. Eloyse Campbell was in Allegan, Charlotte, Lansing and Ionia this week with the O. E. S. Grand family exemplifying degrees.

Mr. and Mrs. Max Reynolds visited his mother, Mrs. Morley Reynolds Sunday at Deacons Hospital, Detroit where she is a patient.

The Carl Lentz family of Lansing were Sunday guests of the Ona Campbells, honoring Ona's birthday.

Mrs. Mildred Trost and the Larry Trost family of Dearborn and Mrs. Vivian Ledwidge with Mrs. Jennie-Lynn Egeler and 2 children were Sunday guests of the Andrew Campbells.

The legislature last week approved funds for construction of 34 new state building programs, totaling \$15 million dollars. This is \$3,000,000 over the budget. Included are \$175,000 for a women's prison at Chilson, \$500,000 for a reception center at the Boys Vocational school in Green Oak, \$1,415,700 for a 22 bed infirmary and 200 bed custodian building at the Plymouth Training School, Ferris Institute, Ionia Prison, Marquette, Lapeer Home, Ypsilanti Normal, Western State, and Mt. Pleasant also get new buildings and Sturgis \$100,000 for a new armory.

There was another disturbance at the new Boys Vocational School in Green Oak last week when the seven boys who escaped previously, beat up an instructor and did \$500 worth of damage. They were quickly captured and placed in solitary. The ring leader who has escaped three times from the school while at Lansing will be tried in circuit court.

Some 20 members of the Pinckney High School track team take part in the Huron Relays track meet Friday at Ypsilanti.

C. J. Clinton and wife called on the Gerald Clinton family in Detroit Sunday.

Lawrence Camburn and wife were Sunday dinner guests of Don McCullough and wife in Ann Arbor.

The Michigan Nut Growers Ass'n. will meet at Michigan State University campus March 26. There will be exhibits and talks on nut growing.

The Michigan Horse Show will be on Michigan State Campus April 1-2. There is a block and bridle horse show and horse and mule pulling contests.

The average dairy cow is sold to the meat dealer when she is 5½ to 6 years old. She usually does not freshen until 2½ giving her only three or four years of life. 7100 cows were sold last year because they were sterile, diseased or had other ailments. This is found from an investigation of 1800 Michigan herds. Sterility took one third of the number, disease 27 per cent, mastitis 16 per cent, TB eight per cent, injury, death and milking difficulty one third.

Mr. and Mrs. Gerry Eichman were in Grand Rapids last Thursday.

Mrs. Wanda Miller, sister of Dale Miller is home from McPherson Hospital.

The Erston Clarks of Unadilla called on the Robert Pikes last Thursday.

Rev. J. W. Winger and son, Donald and William, attended the state high school basketball finals Saturday night at East Lansing.

Mrs. Spencer Titus and children of Fowler visited Pinckney friends Sunday.

Clayton Bekkering is seriously ill at his home on M-36 West.

Margaret Higgs is working in the Boy Scout office in Ann Arbor.

Edward Nuotter of Holt spent Sunday with the Lloyd Hendee family.

The Allen Dinkels were Sunday guests of the Henry Klikotts of Brighton.

George Engquist and wife called on the Albert Dinkels Sunday.

Rev. C. H. Louchs, pastor of the Ann Arbor Cong'l Church was the speaker at the Pinckney Kiwanis Club Tuesday night.

McPHERSON COMMUNITY HEALTH CENTER

McPherson Health Center inaugurated a special care unit on March 16. Patients in this unit will be isolated and will not be allowed to have any visitors or receive flowers, candy or other gifts. Immediate members of the family will be permitted short periods of bedside observation. Mrs. Laura Sisler, a graduate of Manchester Memorial Hospital, Conn., will be in charge.

Michigan fruit farmers are bringing home more money now than 20 years ago but increased costs have kept labor income from increasing much, report Michigan State University farm economists.

By PAUL W. CURLETT

The press is inclined to make political capital of the fact that the 19 Navy bandmen who were flown to Rio de Janeiro to serenade President Eisenhower on his recent trip there had no insurance on their lives for the trip. When they left, their destination was unknown and they were only insured for an air trip to Trinidad. So their families will get no insurance. Apparently their trip to Rio de Janeiro was an after thought. There is nothing to show that the President even knew they were to be sent there. This seems to be the result of Navy-White House secrecy. The band knew they were flying to Trinidad but thought they were going by ship the rest of the way.

The report is that Communist China will explode an atomic bomb on March 28. The information comes from India but it is denied by Soviet Russia and the Western powers. This is disquieting coming just before the meeting of the summit conference in France, one of whose principal matters of consideration is the banning of atomic bomb experiments. We will probably never live down the one we dropped on Hiroshima in the war with Japan. It won the war for us but hundreds of innocent women and children were killed and many more crippled for life. There is no defense against an atomic bomb. The terrible carnage following the explosion of one cannot be justified. That is why the many efforts are being expanded by so many nations to ban them.

We heard much of slum clearance and rehabilitation of skid row areas. Detroit is now engaged in clearing a slum area in its downtown district. She is building drives and parks along the river, a civic center and parking lots. Once this area was full of busy stores, big warehouses and theatres and handsome homes of the rich. That is all past. The stores of which many are idle are now pawn shops, second hand stores and cheap taverns. The former homes of the rich are cheap rooming houses. The population, stores and warehouses have all moved to the suburbs. The auto is also to blame for this. In the days of street car travel the downtown stores did a good business. Now the auto furnishes the transportation and the downtown stores have no parking lots. The same holds true in other cities. Lansing has started a rehabilitation project. Their troubles started in 1954 when a 60 store shopping center was built between Lansing and East Lansing with parking space for 4,000 cars. It did \$40,000,000 worth of business last year. Then Sears, Roebuck which did \$8,000,000 worth of business downtown moved out there and did \$18,000,000 worth of business. Montgomery Ward quit Lansing. Twenty-five business in all quit Washington Ave., the main thoroughfare. The city is spending \$459,000 to make off street parking and has raised a number of these buildings. The National Bank is putting up a building there, the city a 10-story city hall also \$5,000,000 water and light building, a J. C. Penny Store and a \$5,000,000 civic center. They also plan a six lane master plan downtown with canopies, parks, shrubs and flowers. The merchants give free parking tickets. A \$2.00 purchase gets a one hour parking ticket and a \$9 purchase a four hour parking ticket.

The three Woolworth stores in Detroit are being picketed by negroes. Not that they refuse to serve negroes but the Woolworth stores in the south do in their lunchcounters. They serve them in all other depts. and some stores serve negroes in their cafeterias but will not let them sit down. This is a discrimination. If they were served sitting down that would put them on an equal with white people. Many state laws give the merchant the right to refuse to serve a customer for any reason. These laws have never been tested in the supreme court. The arrests of negro sitdowners so far in the south has been for trespass or disorderly conduct

and not on the law giving merchants the right to refuse to serve customers.

Bishop Tomilson of the Church of God, Queens Village, N.Y. says he will run for president and form a new party to be known as the Church of God Party. Since the beginning of this nation many political parties have been formed but most of them have fallen by the wayside for lack of support. There are a few smaller parties on the ballot now, Socialist, Prohibition, Socialist-Labor but they only cast a small vote and never carry any states. Other nations, such as France, Great Britain, etc., have many small splinter parties and their governments are often coalition governments. That is one reason why they seldom endure. In this nation only two parties since the civil war have ever elected a president, the present Democrat and Republican parties. There have been some strong third parties. One of them was the Populists (called the Pops). They were strong in the middle west, carried states and elected senators and congressmen. One of their leaders was a Congressman known as Sockless Jerry Simpson because it was claimed he never wore socks. Some of the defunct parties were the Greenbackers, Loco-Focos, Free Soilers, Free Silver Party, Bull Moosers or Progressives, Farmer-Labor, etc. All of them are now memories.

Ten days of around the clock filibuster could not persuade the senate to vote for cloture and end the spectacle. A commentator says a majority of the senators would vote for a bill giving the federal government the right to uphold voting rights for qualified negroes when denied them by their state but do not like other sections of the bill. One of these sections gives the federal government the right to supervise employment on federal contracts. Another to provide funds for school desegregation. Another would make it a federal crime to use violence against school desegregation. Many think the penalties are too severe. The fact seems to be they have not yet made up their minds on civil rights and will not vote cloture until they do.

State or federal authorities are not looking kindly on the appearance of numerous small foreign or American made cars on our streets because it means less gas tax, less weight tax, less tire excise tax and less registration tax. If 30% of the people continue to buy these cars it could mean a loss of \$50,000,000 a year in auto and gas taxes and seriously curtail road building. There is a bright side to it though. It means that more people will own cars and many who purchase the small cars own two cars. One oil company official claims the small cars will increase the demand for gasoline.

Edna Smith phoned for advice on cleaning the oven. Poor Edna was in tears because she forgot to set the automatic timer on her built-in oven and a fruit pie bubbled over and made a terrible mess. I advised Edna not to despair, that a little effort would have the oven looking spanking new again. Here's my advice for oven-cleaning: Sponge off lining with warm soapy water just as soon as the oven cools. If spots prove difficult to get off, leave 1/4th cup of ammonia in the oven overnight. Then wipe off spots the next morning with a damp cloth.

NEWS NOTES FROM THE ELEMENTARY SCHOOL

FIRST GRADE

Mrs. Thayer—
We would like to say a great big thank you to Joyce and Diane for the good job they have done in taking care of our room at noon hour and recess time. They really took good care of us.
We made pipes, shamrocks and hats for St. Patrick's day.
Charles Lemm celebrated his 7th birthday. He also has a new baby brother.
We are making Nursery Rhyme scrap-books and our new reader is called On Cherry Street.

FIFTH GRADE

We did water color paintings and have a variety of scenes and a good blending of colors.
We are working on decimals and fractions. Tables and measures. Our multiplication tables are learned to the twelves except a few of us who just won't take the time.
Seven people owe for books. We are trying to clear up our records. Mike Wiltshire and Karen Kaiser have been absent a week. We hope they get well soon.
We are reading many stories in our reading books.
On a spelling test today those that received perfect score were

Robert Black, Nancy Bond, Keny Fisher, Linda Fritsch, Shirley Hollister, Tory Jones, Patsy Pendergrass, John Tasch, Doug Winger, and Frank Zezulka.

SEVENTH GRADE

Yesterday everyone wrote stories for the contest. There are several very good ones.
Yesterday we drew pictures about St. Patrick's Day.
Everyone looked Irish on St. Patrick's Day.

EIGHTH GRADE

Mr. Beach—
TEAM I Tim Clark 79, Jim Wecker 43, Jim Bock 37, Rick Shirey 8, Carmon Boncier 12.
TEAM II Gary Gow 37, Lavern Hunt 73, Duane Knapp 43, Danny Doyle 36, Gary Hill 24.
The 8th Grade championship game will be played Tuesday, March 22, 1960, at the High School at 4:00 and we would be very glad if all the parents could come, and anyone who is interested. The coach of these two teams is Mr. Beach, and a good one, without him most of the high scores wouldn't have been made.

THIRD GRADE

Today we are finishing our unit on clothing materials with a film on "The History of Fabrics." We thank Hamburg Schools for loaning us the film.
We have decorated our rooms with kites which we painted.
In arithmetic, we have just finished a chapter in our book and we will take a Unit Test before going on into the next chapter.
We are adding and subtracting three-place numbers.

KINDERGARTEN NEWS

David Kimbler and Pamela Sue Waite both celebrated their birthdays on March 14. We had two parties that day.
We have finished our clocks of paper plates with hands that turn around.
Douglas Hewlett has 3 stitches in his head. He fell and cut it.

FIRST GRADE

Mrs. Rooke—
We made shamrocks and white pipes to wear on St. Patrick's Day. Spring will soon be here. We are watching for signs of spring. Many of us have seen a robin. Linda brought us some pussy willows. We have some snails for our gold fish bowl. Janet Rentz cotton plant has a cotton bloom on it. We have watched it grow.

SECOND GRADE

Carol Ann Sawyer brought us all suckers because she wasn't here for Valentine's Day but got valentines anyway.
Leon Blades had a big snow

house. He was in it and it caved in.
Jeannette Line made a house out of snow.
We are writing a page for the school year book.
Terri Bili saw the moon when it was covered up.
Ann Cullen saw "The Dog of Flanders."

SIXTH GRADE

Mrs. Tasch
The past week we've been mighty busy. First we made a mural on "The Highwayman." "The Highwayman" is a poem by Alfred Noyes. Then we had a cupcake sale. We made \$12.30. We would like to thank the mothers who helped with the cupcakes.
Rochelle Randall is being kept very busy since she won the Pinckney Spelling Bee. Mrs. Tasch has been drilling her very frequently. Mrs. Tasch thinks she has a good chance to win the next spelling bee that's coming up soon.

We have one good consolation, we've had our mid-semester Reading test, and we all came out on the bright side.

FOURTH & FIFTH

Mrs. Heaton
Three more people have finished their arithmetic workbooks. They are Brenda Simpson of the fourth grade and Dale Booth and Bongie Curtis of the fifth grade. Four people have to finish their books yet.
Our spelling has not been any-

thing to be proud of but today we had ten hundreds in the fourth and nine hundreds in the fifth. We hope to do better.
Our bulletin boards are getting near completion. Tanya Geib and Gail Cullen have some pretty birds on their space. We hope that we'll soon be seeing these fair feathered friends.
We have the bulletin board by the office to decorate this month. We've used the Girl Scout Week theme, St. Patrick's Day and Feed the Birds with Jack and the Bean Stalk. Next week we'll use March 21st—Spring begins.
We are all looking forward to spring vacation.

County Clerk

This picture is probably taken over 60 years ago in front of the Teeple Hardware Store which stood where the drug store now is. It burned down in 1921. The boy in the center is Clarence Van Orden, better known as Jim Blount. He lived with an uncle by marriage, Perry Blount, a shoemaker. The boy was a cripple and had club feet. He walked with difficulty but nevertheless managed to get around. He did odd jobs here and there and worked in the livery barn

operated then by James Wilcox. He used to clean out the town hall, when the Pinckney band practised there. I remember him coming into the store on practise night. Mr. Darrow was township clerk and getting the keys to it in order to light the lamps. The hall was lighted then by a number of small kerosene lamps on brackets on the walls.

He died about World War I time. The last few years of his life he was confined to a wheel chair.

This boy was a dwarf not over four feet tall but very strong. He had bow legs, but was well developed in the shoulders and hips and heavy and could give a good account of himself in a scrap. I remember once seeing Andy Murphy grab hold of him in fun and he threw Andy. He lived with his mother, Mrs. Estella Graham in the house now owned by Mrs. Sadie Cooper and also in the one now owned by Mrs. Margaret Clark. Everyone called him Jones. He got a job on the New York Central train out Jackson as news butcher. That is, he sold papers, magazines, candy and nuts on the train. His brother-in-law, Dr. Fred Mylne, moved to Cement City and the boy got a job in the cement factory there. He was sweeping. The dust caused spontaneous combustion and in the explosion that followed he was killed. The funeral was here and he was buried in the Sprout Cemetery.

TWO AMENDMENTS EFFECTIVE MARCH 18

Two amendments to current legislation affecting meat industries go into effect March 18. One limits the amount of harmless bacteria to 1/2 of one percent in preparation of sausage, bologna, salami, pork roll and other products.

The other limits the slaughter of calves, pigs, goats and lambs unless they are of a sufficient age to be wholesome. The age is determined by the condition of the tissue.

Barbara Elaine McDonald of Trenton High School has been named the Betty Crocker Home-maker of Michigan. She received the highest ratings of 14281 Michigan High School girls who took the examination. The prize is a \$1500 scholarship, and an all expense paid tour of New York City and Washington D. C.

John Paul Jones' USS Ranger was the first American ship to receive a formal salute to its flag when it visited Quiberon Bay, France, in 1800.

PINCKNEY GIRLS WIN

The Pinckney Girls basketball team won 4 out of 5 games when they defeated the Stockbridge Girls here Thursday 42 to 21. Pinckney was ahead all the way. At the quarter 11 to 2, the half 23 to 4, the 3rd quarter 31 to 14. Carol Miller had 22 points, Louise Basydlo 10, Celia Hughes 6, Mary Kelly 4.

Pinckney next and final game is next Thursday at 4 p.m. with Manchester here.

HIGHER LICENSE COSTS

Starting March 19 the state will collect 50 cents more for auto licenses and 35 cents more for reflectorized plates. Passenger, commercial, pickups, farm commercial, half year commercial, stockers and motorcycles must pay this. Trailers are exempt. The state only appropriated \$475,000 to pay for reflectorized plates. They will cost \$2,882,000.

Receipts for sale of all licenses in the state increased \$3,608,057. 82 and title transfers were over a million, highest ever.

Although walking is said to be a lost art one fifth of all traffic fatalities are suffered by pedestrians and one tenth of all injuries, 44% of them are suffered while crossing the street.

Lenten Lima Bean Casserole Has Delicious Flavor

The subtle blending of interesting flavors in this Lenten casserole will make it a standard family favorite long after Lent is over. Featuring Lima beans in a delicious tomato sauce made with a package of handy Tomato Vegetable Soup Mix, this meatless mainstay has this distinct advantage; the beans do not have to be soaked overnight.

The Tomato Vegetable Soup Mix adds all the nutritional advantages of tomatoes, potatoes, carrots, onions, peppers, cabbage, celery, egg noodles together with the delicate seasoning of fine spices to this unusual bean casserole.

Serve the casserole piping hot from the oven with corn sticks made from a mix and baked at the same time. An attractive salad tossed in a prepared Italian-style dressing will round out this tasty meal-in-one dish.

LIMA BEANS BAKED IN TOMATO SAUCE

- 1 pound dried baby Lima beans
- 6 cups cold water
- 1 tablespoon butter
- 1/2 cup onion, chopped
- 1 clove garlic, minced
- 1 package Tomato Vegetable Soup Mix
- 2 cups boiling water
- 1 8-oz. can tomato sauce
- 2 teaspoons Worcestershire sauce
- 1/2 teaspoon prepared mustard
- 1 teaspoon salt
- 1/4 teaspoon pepper

Add beans to cold water. Cover, bring to boil and simmer for 2 minutes. Turn off heat and let stand 1 hour. Heat, then simmer until tender. Drain. Place beans in 2 quart casserole. In saucepan, melt butter and saute onion and garlic 5 minutes. Stir in remaining ingredients, cover and simmer 10 minutes. Pour sauce over beans. Bake in moderate oven, 350° F. for 1 hour. Makes 6 to 8 servings.

MICHIGAN MIRROR . . .

Workings of the legislature are strange to the visitor but there is much more organization than is apparent. On March 9, 450 bills of 797 introduced died. Many never had a chance and did not get out of committee.

Most controversial bill was the civil rights bill. This was fought by the Michigan Real Estate Dealers who did not like the housing provisions.

Many of Michigan's big housing developments are restricted to white people although the legality of these restrictions has never been tested in court.

One reason for the death of so many bills is lack of time. This is a short session and time is lacking to study so many bills. A legislator often agrees to introduce a bill to please a constituent which he knows has no chance of passing. Then some bills are controversial such as the one preventing the any deer season that died in committee.

So many bills are killed by negative action. Chairman Gibbs killed the rights bill by disappearing and preventing a quorum. This is not new as Michigan for years has killed civil rights bills.

A move is on the way to change the mortgage law. William Sill, Lansing mortgage broker claims Michigan laws are so stringent that four major insurance companies will not finance Michigan homes. The big criticism is it takes 16 to 18 months to foreclose. Present law forces buyers to accept land contracts with a higher interest rate.

The Robert Amburgey family were Sunday guests of the Doyle Templetons at Keego Harbor.

U-M PLAYBILL

The U-M School of Music and the Department of Speech are looking back this week on five sell-out performances of their production of Richard Wagner's opera, *DAS RHEINGOLD*. Meanwhile, the speech department is in the process of preparing the April 6-9 Playbill production, William Congreve's restoration comedy, *THE WAY OF THE WORLD*.

Professor William P. Halstead of the department is directing the 17 students in the cast of the Congreve work. Scenic design will be by Ralph W. Duckwall, Jr., with costuming by Elizabeth Birbari.

THE WAY OF THE WORLD will be the second restoration comedy produced by the speech department in less than a year. Last summer, the Playbill featured Richard Brinsley Sheridan's *THE RIVALS*. The Congreve play, like its summer predecessor, will feature use of a set an ancient theatrical grooves, to facilitate scenic change, which occurs during the action of the play.

As reported last summer, the grooves were discovered by Donald Shanower, a U-M graduate student, in the Eagle Opera House in Marshall, Michigan. They are the only set known to be found in situ.

Tickets for the Congreve play are currently on sale by mail order, with a heavy season ticket sale earlier this year having limited ticket availability considerably. Tickets, which are on sale at \$1.50, \$1.10, and 75c, may be ordered from PLAYBILL, Lydia Mendelssohn Theatre, Ann Arbor. Patrons are asked to express their first, second, and third performance preferences, and enclose a check payable to Play Production with a self-addressed, stamped envelope.

The Mendelssohn box office

will not open until Monday, April 4, to sell tickets

Knight Trial Delayed by Snow; 100 Jurymen on Panel

The trial of Alvin Knight for the murder of State Trooper Albert Souden near Argentine last September was scheduled to start in circuit court Tuesday before Judge Mike Garland at Howell, but high winds piled the snow in drifts 5 ft. deep in some places and the jury could not get to Howell.

The case is attracting state wide attention one reason being that the hearing stretched over two weeks at Brighton and was the longest ever held in this county. Each side had over 40 witnesses and the cross examination was both long and severe.

The case started as a routine one, Trooper Souden was sent to examine Alvin Knight at his mothers home at Argentine concerning the breaking in of a Highland tool shop. He was never seen alive again. His abandoned police car was found in the woods near there.

Knight was suspected and was arrested in his mothers cabin near Oscoda. Knight is an ex-convict and has a long record. For days he refused to talk but at length led the police to the place where the troopers body was found. He had been shot through the head with his own gun which was found in the cabin at Oscoda. Knight is said to have made a confession. This he has repudiated and he claims he was beaten by the police.

Prosecutor Wilfred Erwin and Asst. Charles Gatesman are handling the prosecution and Martin J. Lavan is defense attorney.

The long drawn out hearing before Justice Eric Singer at Brighton was enlivened by numerous arguments between Erwin and Lavan. The case attracted great interest. Reporters were there from all the daily papers and a TV mike was set up there.

The trial is expected to last three weeks. A panel of 100 jury men have been called from all over the county. The picking of the jury was expected to start Wednesday if the roads are cleared.

The Detroit News Monday wrote up the court house which was built in 1888. It has seats for 193 people which are expected to be filled at every session. The walls have pictures of long forgotten judges and the ceiling has flaked off due to roof leaking.

No smoking will be allowed during the trial. The judge sits on an elevated platform in front of him are massive wooden tables at which the prosecutor and defense attorney set.

The evidence is mostly circumstantial but prosecutor Erwin thinks there is enough to convict. Martin Lavan, defense attorney has asked for a change in venue saying Knight cannot get a fair trial in this county.

There will probably be more than 12 picked for the jury to avoid mistrial if one should get sick or die.

The Herb Palmer Jr. family of Flint and the William Austins of Ann Arbor were Sunday guests of the Herbert Palmer family.

John Dinkel and 14 members of Pinckney 4-H clubs went to Monroe Saturday and saw the atomic bomb plan. Marshall Meabon, L. Schuman, Mrs. Rose and Paul Russell drove.

Sunday guests of Miss Drucilla Murphy and brothers were the John Sullivans and A. H. Murphy families of Jackson and Phil Murphy of Detroit.

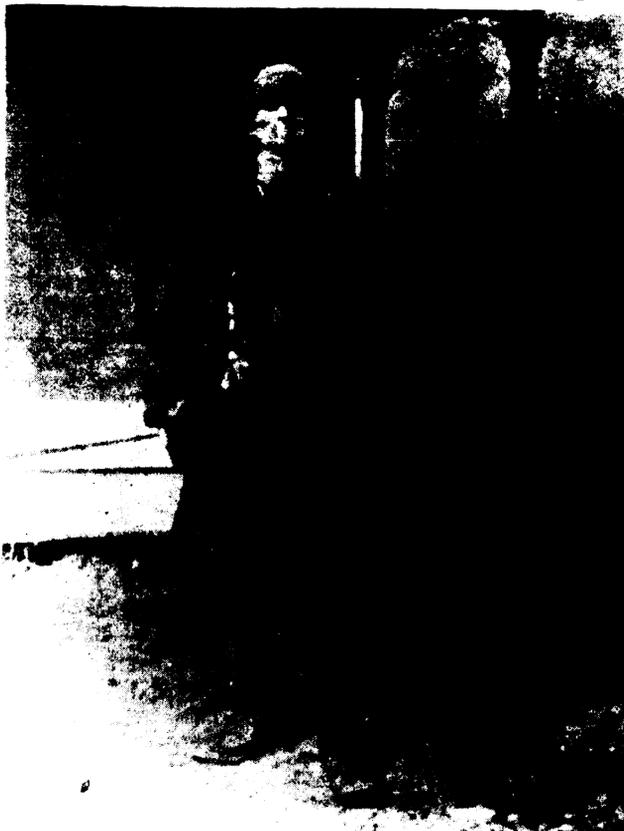

Mrs. L. Van Blaricum, Mrs. John Burg and Mary and Mrs. Tom Howe and Kathy were in Ann Arbor Monday.

Mrs. Kathryn Smithers of Melvindale spent the weekend at Dr. Shendons.

The Tom Neff family of Ann Arbor called on the Robert Ackleys Sunday.

Ona Campbell and Bruce and Garry Henry attended the boat show in Detroit Saturday.

LORD BYRON KELSEY

Pinckney had a number of peculiar characters in this area in the old days. One of these was Byron Kelsey, better known as Lord Byron. Where he hailed from I never knew. Maurice Darrow's father, William Darrow told me when he and his brother, Capt. were small boys they went to the Sammy Cook farm with their parents. The Cook farm later became known as the Glennbrook farm. Byron was there working. This was probably around 1870. Byron was a pretty well educated man. It was said he attended the University of Michigan. In the civil war he enlisted in Co. A. 2nd Battalion, 14th Michigan Infantry and served through the war. Fought in a number of battles and had a very good record. His mind became unbalanced after this. A romantic story was woven around this. It was said some girl jilted him. I am inclined to doubt this. I once heard a hot argument between Robert Culhane and Henry Cobb on this point. Each named a different woman as the jilter. Byron could make up a poem on most any subject. He never had a book of poems published as far as I know. Once he was rated a good worker and worked steadily on a number of farms. Later he became a tramp wandering from farm to farm and doing only small jobs for which he always wanted pay in advance. He once came to the Younglove farm about noon and agreed to set four clothes line posts for his dinner. He set one and then said "Mrs. Younglove I can't do this, a man has got a patent on them and I dare not infringe on it." Mrs. John Martin told me he used to come to her home. She always gave him

Cpl. Edward Egeler left for Korea last week. His wife and two children, Mrs. Jenny Lynn Egeler, will stay with her mother, Mrs. Vivian Ledwidge.

Emergency meals are right behind your freezer door. Mary Coleman, foods and nutrition instructor at Michigan State University, says prepared dishes, meat and fish can be frozen with unexpected guests in mind.

Foods such as spaghetti sauce or chili require a rather long cooking period. Next time you prepare them, double or triple the recipe, then pack the extra into the freezer.

Miss Coleman cautions about freezing foods with salt and spices. Plan to use them within three weeks, since flavors tend to change when stored over a longer period.

Dinner "extras," such as baked rolls and ready-to-bake fruit pies, can be "on hand" in the freezer, too.

Hamburg is a favorite food, and ground beef is a handy freezer item.

a cake of soap and made him go to the creek to wash before she fed him. Mrs. Lynn Hendee said her father used to let him sleep in the woodshed when he came to their farm.

He applied and got a civil war pension. Probably about \$40 a month. He had begun to drink and the pension did not last long. Then he hit on a scheme to make it stretch a month. He split it and gave half to W. E. Murphy and half to Mike Roche, merchants. They doled it out to him in small amounts and he managed to stretch it with what he got from odd jobs.

Occasionally he visited other pastures. His trips to Dexter usually ended in tragedy. Twice he was sandbagged and robbed of his pension money, just this side of the railroad tunnel. He walked into Pinckney one Sunday morning from there with his face covered with blood. He also wrote a poem about this. A saloon lounger was accused of the crime but never arrested.

Finally about World War I he had a stroke while sleeping in the barn on the Sanford Reason farm, now the Lazlo farm on Spears Road. He was sent to the Soldiers Home at Dayton, Ohio, but only lived a short time.

Basketball Finals

Lansing Sexton who eliminated Ann Arbor won the Class A title at Lansing Saturday night by beating Pontiac Central 60 to 56. Pontiac had beaten Detroit Austin. Holy Redeemer, Detroit took the class B by beating Grand Rapids, Goodwin 78 to 60. Bangor won the Class C by defeating Grand Rapids Lee 57 to 45. Bath beat Baraga for the Class D 61 to 59.

Now is the season of All Star teams. of the all state class A team, 3 of the 5 players are negroes. One from Muskegon, from Taylor Center, Detroit Eastern, Alpena and Lansing Sexton. Once the Polish boys were picked on the all star teams. Hamtramack, about 100% Polish was always in the final playoffs but the colored boys seem to be edging them out.

There were a number of players from this section given honorable mention. Don Appleton, Brighton; Cliff Blossom, Dexter; Jim Beamer, University; Ralph England, Manchester; Jim Furman, Saline; and Homer Nixon, Chelsea.

Freshman Progress Predicted at U-M

Even before a freshman enrolls at the University of Michigan, admissions officials have estimated his probability of success in college.

Such predictions can be made from a number of admission criteria, says Bryon L. Groesbeck, U-M assistant director of admission.

Best single predictor of academic success, he indicates, is the student's rank in the high school class. However, college aptitude test scores are useful because they help describe the student's academic potential and also his preparation for U-M studies.

A combination of rank-in-class and aptitude tests gives admissions officials a preview of the student's scholastic future, Groesbeck says.

"If a freshman ranked in the top 10 per cent of his high school class, it is very probable that he will earn a creditable record at the U-M," the admissions official points out.

Ninety-six per cent of the September 1958 freshmen who were in the upper one-tenth of their high school class succeeded at the U-M and were eligible to continue into their sophomore year.

INCREASE TELEPHONE COSTS

The Michigan Bell Telephone announced today that residence phones will go up from 5 cents to 10 cents a month and business phones 10 cents. Long distance and short calls will also increase.

Fluoride Request

Final requests and fees are now being accepted for the summer topical fluoride program to be held in Pinckney. This is sponsored by the Parents club in cooperation with the Livingston Health Department and the Michigan Department of Health.

The entire procedure consists of four visits to the topical fluoride clinic which will be held in the Pinckney school. At the first visit the teeth are cleansed and the first application is given. An application of sodium fluoride consists of the teeth being isolated with cotton rolls; then the teeth are dried with compressed air and a 2 per cent solution of sodium fluoride is applied to the teeth with cotton tip applicators. On the second, third, and fourth appointments the application of the sodium fluoride is repeated.

Any child who is a pre-schooler, second, fifth, or eighth grader or is 7, 10, or 13 years of age, is eligible to enroll in the program.

Special cases referred by the family dentist will also be accepted. The fee for the cleansing and four applications is \$1.00.

If you have not received the necessary forms to enroll your child in this program you may contact Grace Crain, at UP 8-0912, who is topical fluoride chairman in Pinckney.

The fee and consent cards must be returned by March 25 in order for your application to be accepted.

CONSTRUCTION OF WORLD'S OLDEST HIGHWAY... THE APPIAN WAY... WAS PAID FOR WITH SPOILS FROM THE ROMAN DEFEAT OF PYRRHUS, KING OF EPIRUS.

THE APPIAN WAY NAMED FOR ITS CREATOR APPIUS CLAUDIUS CAECUS, FAMOUS ROMAN AUTHOR AND CENSOR... SET THE PATTERN FOR THE HIGHWAY NETWORK THAT WAS TO BIND TOGETHER THE GREAT ROMAN EMPIRE.

APPIUS DIED ABOUT 280 B.C. THE APPIAN WAY WAS CONTINUED BY THE CAESARS WITH SPOILS FROM SUBSEQUENT CONQUESTS.

MODERN U.S. HIGHWAYS ARE PAID FOR BY MOTORISTS... LARGELY THROUGH TAXES ON GASOLINE... THE 10¢ A GALLON TAX (U.S. AVERAGE) WILL BRING IN AN ESTIMATED \$5,400,000,000 THIS YEAR TO FEDERAL, STATE AND LOCAL TREASURIES.

THE AVERAGE U.S. MOTORIST PAYS A TAX OF \$1 ON EVERY 10 GALLONS OF GASOLINE HE BUYS -- A 50% TAX INCREASE IN THE LAST DECADE.

FIRST GASOLINE TAX WAS LEVIED IN 1919 IN OREGON... IT HAS SINCE SPREAD TO ALL 50 STATES. GASOLINE LEVIES TODAY PRODUCE MORE REVENUE THAN THE TAX ON ANY OTHER SINGLE PRODUCT.
