

## Proposed County Medi-Care Facility Considered For Patient-Care Program

In Livingston County at the present time the patient-care program of the Welfare Department is neither as complete nor as adequate as has been desired. The deplorable condition of the present County Infirmary, in addition to the fact that numerous patients must be hospitalized over a wide-spread area, are two principal factors in this situation.

The Board of Welfare and the Welfare Committee of the Board of Supervisors have been studying the problem seriously for some time. Although final plans have not been formalized for a medi-care facility the revised patient-care program will be in accordance with the Standards of Operation for County Medi-Care Facilities, as prescribed by the Michigan Social Welfare Commission and the Michigan State Health Department.

The medi-care unit will offer planned and continuing medical treatment and nursing care to patient suffering prolonged defect, infirmity, and senility; help will also be given to those who are recovering from an injury or illness. It is not intended that care for patients requiring general or specialized hospital care, such as special surgical or medical treatment, treatment of tuberculosis, contagious diseases, psychoses, etc., will be provided in the medi-care facility. Livingston County will continue to provide such care in private general hospitals, as has been the procedure in the past.

With consideration for the previously mentioned facts, the Board of Welfare and the Welfare Committee have investigated and observed other medi-care facilities relative to their adequacy, efficiency, and possible application in Livingston County. The fields covered have included situations which produced the following conclusions.

1. Food must be prepared properly under the guidance of a dietitian to assure patients of wholesome and nourishing foods suited to individual dietary needs.

2. A homelike atmosphere must be provided in patients' rooms, dining rooms, and throughout the unit.

3. A medical director, a qualified physician, will develop a medical program which will assure proper daily care to patients. This program will be executed by registered nursing personnel and other auxiliary personnel on a twenty-four hour basis.

4. Specialized services will be utilized in accordance with the particular needs of the patients. Some of these needs will be: Psychiatric, Social service, Chaplain—all creeds, Dental, Physiotherapy, Occupational therapy, Geriatric, Orthopedic, Radiologic.

5. Admission and discharge policies will be established by a joint decision of the medical director and the Board of Social Welfare.

6. A training program will be initiated in order that personnel will receive in-service training to assure better understanding and care for the medi-care patients.

7. Staff personnel will be encouraged to avail themselves of continued outside training in their fields whenever possible.

8. Business administration will be centered in the present Welfare Central Office. Written policies will be established to cover the following: Daily patient costs, Departmental costs, Income accounting, Expense accounting, Net costs to Livingston County.

9. Policies regarding personnel, schedules, etc., will be made to assure proper twenty-four hour operation.

10. Policies relative to visiting physicians, social visitors, etc., will be directed with control of the facility and program in mind. In order to assure the best program for the operation of the medi-care facility, the members of the Livingston County Board of Social Welfare and of the Livingston Co. Board of Supervisors will work with the medical staff of the McPherson Health Center, with the State Department of Social Welfare, and with other countries which are experienced in the operation of medi-care facilities.

## Class Reunion Hold Sunday

The graduating class of 1952 of P. H. S. held its first reunion on Sunday at Dexter-Huron park with eleven of the seventeen grads, their spouses and children, in attendance.

The potluck dinner was followed by hours of visiting to cover the news of the past eight years. Before parting the group voted to meet in 1962 to observe the tenth anniversary of their graduation.

At the picnic were Mr. and Mrs. L. Johnson (Loraine Tomasik) of Wayne; Fred Rebman, Jr., of Lansing; Phil Murphy of Detroit; Mr. and Mrs. Don Wiltse (Carol Fuhrman) and sons of Pinckney; Mr. and Mrs. Jackie Clark (Jane Nash) and family of Dexter; Mr. and Mrs. Robert L. Clark (Dorothy Endres) and family, Mr. and Mrs. Don Clark (Leola Porter) and family, all of Gregory; Mr. and Mrs. Dale Westfall (Joan Fisher) of Ann Arbor and Mr. and Mrs. Charles Hewlett and children of Pinckney.

## Three New Teachers Hired for Coming School Year

Three new teachers have been hired to complete the Pinckney High School teaching staff for the approaching school year according to Supt. Wesley Reader.

Miss Ann Harris of Mt. Pleasant will teach 11th grade English and elementary algebra. She succeeds Gilbert Dunn who has been named principal of the Hamburg School. Mrs. Marlene Howe of Lansing will be the home economics teacher and Mrs. LaVonne Valdovinos of Seattle, Washington, will head the music department as director of band and chorus.

Three positions in the elementary schools of the district are still vacant; two teachers are needed in the Pinckney elementary school and one in the Hamburg school.

## Completes Banking Course at U-M

John T. Jeffreys, Assistant cashier of the McPherson State Bank, graduated on Friday, July 15th from the school of Banking at the University of Michigan in Ann Arbor. He has completed his second and final year at the school which requires two weeks each year for two years. During the year extension work on the various courses is also required.

The school is sponsored by the Michigan Bankers Association in conjunction with the School of Business Administration of the University of Michigan and is attended by bankers from throughout the state. Thirty three will graduate this year.

Mr. Jeffreys joined the staff of the McPherson State Bank in 1954 and was appointed Assistant Cashier in 1959. He is currently in charge of the bank's loan section.

John and his wife, Coreta, and their two small sons, Thomas and James, live at 6150 Pinckney Road.

## Pharmacist Service Now Available Here

There is now a pharmacist on duty every day at Jerry's Soda Bar and Drug store according to the announcement made by the firm. He is Charles Lempke of Detroit. Mr. Lempke, a pharmacist since 1925, has worked the last 32 years in the Detroit area, with 5 years in a Ferndale drug store and 8 years in Farmington.

A native of Algonac, Mr. Lempke, studied for his degrees at the University of Michigan and at Valparaiso University, Indiana.

Mr. Lempke will live at the Norman Reason home on Pearl St.

"Cold Sunday" the horse owned by the Everett Hammells will be running in the \$5,000 Invitational Pace at Northville Downs tomorrow evening.

## Two Thousand Attend St. Mary Homecoming

A crowd of more than two thousand turned out to attend the homecoming at St. Mary's Catholic Church Sunday afternoon. That number of people were served the roast beef dinner and many more took part in the festivities on the school grounds. Games, booths, pony rides and refreshments attracted young and old alike. Meeting and greeting of old friends highlighted the event for practically everyone there.

## Engagement Announced . . .

The engagement of Linda Arline Bechler to Lewis E. Crabtree has been announced by her parents, Mr. and Mrs. Arnold Bechler of E. M-36, Pinckney. Lewis is the son of the late Mrs. Hattie Willard of Brighton. The bride-elect is a graduate of Pinckney High School and is employed by the Michigan Bell Telephone Company in Ann Arbor. Her fiancé is graduated from Brighton High School and works in the Brighton Post Office. No wedding date has been set.

## Be Sure To Vote

Many visitors traveled long distances for the occasion. Bernard McCluskey of Los Angeles and Winston Smoyer, of Alhambra, California, probably share honors for traveling the farthest in the States.

According to registration records James Kiernan of Terdale, Ireland, and Father Paul E. Beubien of Quebec, Canada, hold the record for being the longest distance from home. Among the out-of-state guests were Mrs. Steve Tip-lady, St. Petersburg, Florida; Mrs. C. C. Otto, Bellview, Nebraska; Mrs. E. E. Murray, Columbia, Georgia; Mr. and Mrs. Otto Moor-man, Cincinnati, Ohio; Mr. and Mrs. E. Hart of Lancaster, Ohio; the Tyrells of Roselle, Ill.; Mrs. Arline Kropp, Manitowoc, Wisconsin; and Mary C. Bullock of Lakeworth, Florida. Several hundred attended from Detroit, Grosse Point, Royal Oak, Ypsilanti and Ann Arbor.

## Ice Cream Social Was Big Success

The annual ice cream festival of the Congregational Sunday School was a great success. All the delicious picnic foods served on the village square in addition to the homemade ice cream were sold out by the end of the supper hour. With practically all the 500 who attended coming back for "seconds" the ice cream disappeared rapidly. Proceeds from this event benefit the Sunday school's equipment fund.

Lee Jackson and Miss Dana Douglas, Portage Lake, members of the Huron-Portage Yacht club took third place in the Michigan State Snipe class championship meet at Gull Lake last Sunday. There were 36 boats in the competition. Lee's trophy is a silver bowl and Miss Douglas was awarded a silver platter.

## Davis - Wylie Wedding Vows Read Saturday Evening

Miss Della Davis and Thomas Wylie spoke their marriage vows Saturday evening at 8 o'clock in the Community Congregational Church. The Reverend J. W. Winger officiated at the candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Kenneth Davis and the parents of the bridegroom are Mr. and Mrs. Hollis Wylie.

The bride wore a gown of nylon organza fashioned with a v neckline, full skirt and cathedral length train. The skirt was overlaid with tiers of lace to match the bodice and sleeves of the gown. Her veil was of finger-tip length.

Mrs. Robert Higgs, sister of the bride, was her matron of honor. Her gown was of green silk taffeta. Robert Higgs served as the best man.

A reception for 200 guests at the Livingston County Conservation club followed the ceremony.

The couple are living at the Wylie apartment on Main Street. The bride is a graduate of Pinckney High School and is employed by Mayer - Schairer Co. of Ann Arbor. The bridegroom, also a graduate of P. H. S., has completed service with the Army in Germany and is with the D. Young Home Builders.

A highway detour bulletin shows the detour on M-36, Livingston County, still in effect. The detour starts at the intersection of M-36 and US-23, south to Eight-Mile Road and west and north on county roads to the village of Hamburg. This detour equals 1.6 miles.

## ● NEIGHBORING NOTES ●

A star athlete and honor student, graduated from South Lyon High School last June, has been awarded a Rector Scholarship to DePauw University. He is Milan Obrenovich who won three letters in each, football, baseball and track and four letters in basketball while in high school. He plans to enroll in the pre-medical course at the Greencastle, Indiana, University.

Dr. Donald McGregor of Brighton is a member of the study group currently taking part in the Public Health Tour of the U. S. Dept. of Public Health in Europe. The five week tour will take the group to Amsterdam, Holland; London, England; Copenhagen, Denmark; Oslo, Norway; Geneva, Switzerland; and Leningrad and Moscow, Russia, where they will visit health departments.

HOWELL, MICHIGAN

A Whitmore Lake area farmer was killed last week when he tripped over a high voltage wire that had fallen into his wheat field. Irving E. Field, 66, of 10574 U. S. 23, saw a fire in the field about 100 yards from his home and ran with two pails of water to extinguish the blaze when he fell over the broken high volt line. He died instantly. The Hamburg Fire department put out the fire in the grain. The cause of the power line break is under investigation.

Miss Ann Jonckheere, 18, of Howell, was named Michigan Shorthorn Lassie Queen at the recent annual picnic of the Michigan Shorthorn Breeders association. She will be crowned by last year's queen at the Michigan State Fair on Show Day and will preside over many state shorthorn shows and sales and will represent Michigan in the International Livestock Exposition for the title of International Lassie Queen.

The second annual Michigan Appaloosa Horse show was held in Fowlerville last Sunday and attracted a very good crowd. Color costumes, races and a halter show were featured. These horses of rare color dating back to the 14th century are rapidly making a comeback. Over 8000 horses are registered in the Appaloosa Horse club now.

The Reverend Robert R. Ramsayer was ordained at Gregory Baptist church on Sunday with his father, the Reverend Daniel R. Ramsayer of Bay City, giving the Ordination service.

## Local Items

The children of Mrs. Emma Eisele Vollmer of Pinckney gathered at the home of Mr. and Mrs. Charles Eisele one week ago Sunday for a potluck reunion dinner.

Out of town guests included the Louis Eisele family of Albuquerque; New Mexico; the Herman Eiseles of Morristown, New Jersey; the William Kennedys of Detroit; the W. F. Eisele family of Fowlerville, the Steve Gerych family and the Leonard Eiseles of Webberville and others from Byron, Farmington and Detroit.

Mr. and Mrs. Rudolph Raetz celebrated their 45th wedding anniversary last Tuesday with a family party at their home on Colonial Drive.

Mr. and Mrs. James Gregory of Cape Cod, Mass. were visitors last week at the R. Raetz home. Mrs. Gregory is their niece.

Mr. and Mrs. Arthur Rogers of White Lodge are rejoicing over the arrival of their first granddaughter, Constance Jean, in Detroit. The Rogers have three grandsons.

White Lodge Country Club with a membership of 160, this summer is filled to capacity with reservations booked for all rooms and functions until the 1st of September.

Dr. Robert Bird, of Wayne, was host to about thirty members of the Wayne Chapter, SPEBQBSA, at their annual summer party at the Bird cottage at Portage Lake last Wednesday evening. The Barberettes, a girls quartette of Toledo, were the guest singers on this occasion.

The Pinckney Fire department was called to fight a grass fire started by a train near the tracks in Pettysville shortly after noon Friday. While putting out this blaze they received a call that another fire was started near the bridge on the road to Lakeland.

The Michigan State Highway Department has asked candidates of both political parties to refrain from posting their advertising signs within the right of way of State highways.

## Ice Cream Fleet To Nation's Defense

Quickly converted to emergency units, ice cream trucks go through trial Civil Defense run at Trenton, N. J. One of the country's few girl drivers in business, May Lou Sellers, hands over radiation fallout detection equipment to Civil Defense Coordinator William H. Falcoy for loading into plane.

The first contingent of a countrywide army of ice cream truck operators and their vehicles has been sworn in for civil defense and disaster control.

The nationwide call to mobilize 1,400 drivers as civil defense volunteers along with their complete ice cream stores on wheels was sounded by Mister Softee, Inc., Runnemede, N. J., an originator and largest company in the mobile soft ice cream business which in the past few years has grown to a many million dollar industry.

Six men and a girl who pilot the rolling ice cream stands on both sides of the Delaware River in the area made famous by George Washington's crossing went through a test run at Trenton Airport. Turning their trucks into emergency units on a simulated mission of mercy, they carried blood plasma and instruments for detecting radiation fallout from Civil Defense headquarters at the airport to

waiting planes.

The one-ton vehicles, capable of storing and transporting large quantities of perishable foods and 40 gallons of hot or cold water, were demonstrated in the trial for quick conversion to emergency first aid stations. They also carry 10,000 watt generators that can be used to supply emergency power for hospitals, sound systems and floodlights.

Thomas S. Dignan, director of New Jersey Civil Defense, hailed the Mister Softee Volunteers as a most valuable contribution to the civil defense setup, urging other companies with mobile units to join the program.

## 4-H Cooks Turn Out Goodies for Oven and Freezer

Despite the popularity of prepared mixes for baked foods and the increased use of commercially frozen foods in American homes today, there are about a half million young cooks learning how to bake homemade bread and freeze home grown products.

They are 4-H Club members enrolled in baked and frozen food programs arranged by the Cooperative Extension Service and the National 4-H Service Committee. New highs were reached last year with 416,000 engaged in baked foods projects. More than half participated in a special bread demonstration program. Some 120,000 carried a frozen foods project.

Many club members raise vegetables, fruits, poultry and meat for freezing, and add to the assortment the bread, cakes, pies and rolls baked in the foods project. As a result the family eats better and cheaper, according to the youthful food experts. They also maintain that an appetizing assortment of foods in the home freezer enables them to whip up a complete meal on short notice.

The work is supervised by local 4-H Club leaders and county Extension agents. At the end of the

club year awards are presented to members for superior achievement. Among them are \$400 college scholarships, trips to the National 4-H Club Congress in Chicago, U.S. savings bonds and gold-filled medals of honor.

Donor of the bread demonstration awards in Standard Brands of New York. The frozen foods program is under the sponsorship of Whirlpool Corporation of St. Joseph, Michigan.

Officials of both concerns will be hosts to the 4-H delegates attending the Chicago congress.

### Toddlers Will Taste It

Children are explorers and like to taste things they find. They may sample aspirin, laxative, sedatives, rubbing alcohol, liniment, furniture polish, paint and insecticides. Home economists at Michigan State University suggests parents take special precautions to store harmful materials out of baby's reach.

### Fresh Fish Only

Look a fish in the eye to tell if it's fresh. Home economists at Michigan State University say the eyes of a fresh fish are bright and clear, not cloudy and sunken.

## Hare Lists Polling Questions . . .

Must there be an American flag displayed in each polling place?

Can a voting machine be placed against the wall?

What kind of ballots can be "thrown out?"

These are a few of the questions which 100 Michigan Department of State inspectors will face in 83 counties as they serve on a special primary election task force to "preserve the purity of elections and guard against abuses of the elective franchise."

According to Secretary of State James M. Hare, this "watchdog service" was inaugurated several years ago when many voter complaints were received from persons who objected to questionable

practices which occurred in their home-town elections.

"As new clerks and polling place personnel become more experienced the situation improved," Hare said. "Last year we had relatively little trouble and, where we did, it was almost always due to a minor understanding or misinterpretation of the procedures and not a willful violation of the law."

All of the election inspectors will carry compilations of election laws as well as a check list of 50 items to look for as they patrol the polling places. Among them are:

Did the voting machine counters register zero at opening of the polls?

Is campaigning banned less than 100 feet from the entrance of the polling place?

Are the voting booth and curtain arranged so as to conceal the voter?

Are any of the election inspectors electioneering?

Was everyone in line at 8 p. m., closing time permitted to vote?

What about the question of the American flag? Michigan law dictates that "a flag of the United States, made of class "A" bunting and of dimensions not less than 3 feet in length . . . be displayed in each polling place during the progress of elections."

James M. Hare today urged a "wide-awake program to make Michigan the nation's leading tourist state."

Hare said that by following a low-cost but active program Michigan could raise itself to the top, from its current ranking as the nation's fourth state.

New York, Florida and California are now ahead, he told a Hare for Governor meeting here.

## Health Dept. News . . .

Indications are that Mr. Stork is either on tranquilizers or still on the "slow-down" he started in Michigan in 1958.

According to provisional figures released today by the Michigan Department of Health, the stork delivered 1,405 fewer bundles to Michigan doorsteps during the first three months of this year than he did last year during the same period on his Michigan route.

There were 42,463 babies born in the first quarter compared to 43,868 in 1959.

If the stork continues his lighter loads for the rest of the year, 1960 will be the third straight year he has been taking it easier since 1957 when he went all out by delivering a record high number of 208,488 precious bundles.

In 1958 he slowed down to 202,690 and this was the first year since 1948 that births hadn't increased in Michigan. The following year, 1959, he really put on the brakes and delivered only 197,809, according to state health department records.

## BALMY SUMMER DINING

By Isabel Du Bois

Take one balmy summer evening. Add a cloudless sky, just a slight whisper of a breeze and a brilliant setting sun. Also a good measure of family and friends, all ravenously hungry.

Combine with some gay chatter, a bit of whimsy, even a dash of romance, on occasion. Stir well with a brazier of glowing coals and garnish with a generous whiff of pungent hickory smoke mingled with that of meat roasting in a luxuriously fragrant barbecue sauce.

From Los Angeles to Portland, Miami to St. Paul this spells picnic. And a more beguiling way of spending a balmy summer evening just can't be found.

So let's plan a picnic, Mom. Here's how; you say when.

**Father Is the Fireman**  
Though only a few men will have anything to do with the kitchen range, practically all accept the fact that cooking over an outdoor grill is a job, that by tradition, belongs to them. And it's a wise woman who latches onto this custom and gives her spouse free reign.

Your job is to get the food ready, Mom, before turning the apron over to Dad. Then simply sit back and let him do the cooking, without comment, naturally.

You might do well to assemble his tools as well as the food. For instance his favorite piece of equipment for dousing flames, be it a long spouted sprinkling can

or a child's water pistol. Also tongs or a long handled fork, perhaps two, depending on what he's cooking. Above all don't forget his padded mitts or big pot holders to protect his fingers. Another must. A long handled swab (cloth on stick) or a new paint brush for dabbing the food with butter or sauce. Remember, too, Dad loves to flaunt his outdoor cooking talent and turn the job into a real ceremony. Encourage this.

### Two Skewer Combinations

And now let's see what's on the grill. For any occasion dictating an elegantly simple menu, we recommend one of Dad's best friends, the kabob, in particular, two skewer combinations. Both have chunks of pineapple and pimiento olives interspersed between Swiss cheese and meat chunks. One uses the cubes of Swiss wrapped with bacon, the other with strips of sliced, baked or broiled ham.

You'll find that the smokiness of the bacon and ham will combine well with the Swiss cheese. Besides, whereas other cheeses will melt away over the open fire, Swiss won't.

For best results brush both the olives and pineapple chunks with melted butter before roasting. Then grill about 5 to 10 minutes or until the kabobs are tender and lusciously browned. For service push them off the skewers onto hot toasted buns that are lavishly spread with butter.

### Easy to Prepare Salad

The rest of the meal couldn't be easier. There's a big bowl of tossed salad, made up of crisp fresh vegetables, then topped with a mound of cottage cheese and a few tomato wedges when you're ready. Also a bowl heaped with crunchy potato chips.

For a finale, an assortment of ice cream is spooned into paper cups. Each person chooses his own personal favorite.

Lacking time for the slow baking that's necessary to savory baked beans open a can of commercially packed pork and beans. Stir in a tablespoon of sweet pickle relish for each 16 ounce can. Or add a quarter teaspoon prepared mustard and a quarter cup of cubed process cheese. Heat over the grill for a fine substitute to the home baked variety.

Golden toasted French bread is another menu star. This is a real quicky to fix. Simply slice a loaf of French bread in half lengthwise, then place on a sheet of foil

## Jerome Valenti Cited by College

Jerome W. Valenti, son of Mr. and Mrs. James Valenti, M36, Pinckney is among students cited for scholastic attainment at Tri-State College, Angola, Indiana, according to an announcement by Paul A. Nurnberger, Dean of Students. Mr. Valenti holds a scholastic record of all A's and B's for the Spring quarter at Tri-State College. He is a student in the Department of Civil Engineering.

Bald eagles are so named because of the effect of the white feathers on their heads.

Nowadays men don't talk about women as much as they used to. Most of today's conversation is devoted to overtime and time and a half.

and toast on the back of the grill. It will take 5 to 10 minutes depending on the coals. A big bowl of tossed greens, laced with a nippy dressing makes a colorful sidekick dish.

The grand finale, for which the rest of this menu was but a build-up is a chocolate orange torte, whisked from the refrigerator at dessert time. Though it sounds fancy it's not at all difficult to make. The base of this superb creation is a large 10 inch angel food cake purchased at your favorite bakery or grocery.

Life is very much like Christmas — you're more likely to get what you expect than what you want.

## Tips on Touring

By Carol Lane  
Women's Travel Authority  
For Outdoor Living

To help you and your family enjoy the great outdoors this summer, the makers of gadgets have come up with some dandy new ones.

Here are some you might want to consider:  
For inflating air mattresses, life rafts, etc., there's a pump unit that

runs on your car's engine. Remove a spark plug, screw on the unit, idle your engine, and—presto!—air is pumped in while you sit back and rest. Be sure the plugs on your engine are easy to reach and the pump you get fits the plug opening.

To save trunk space when you're carrying an outboard motor, there's an accessory that enables you to clamp the outboard to the lid of the trunk. It's secured by vacuum cups, screw clamps and web safety straps. When you want to open the trunk, the motor can be swung away to rest on the ground.

For campers, there's a combination tool that can be used as a hatchet, hammer, chisel, nail puller, bottle cap remover, saw, screwdriver and spade. It comes with a drawing carrying case.

A stove that burns canned propane does double duty as a broiler when turned on its side. It cooks with a flameless, red-hot grid. It broils meat as fat drips off. Tilted back, it can be used with cooking utensils.

Another cooking device is an electric toaster and broiler with a griddle in the middle. It works off the car battery through the cigarette lighter socket. Toaster pops up, griddle and broiler temperatures can be regulated.

## VICIOUS DOG NOT BORN THAT WAY

It is extremely rare for a dog to snap or bite without any provocation, states the Gaines Dog Research Center, New York. Puppies come into the world without rancor. At the period when they are ready to transfer their affection from their dam to human beings, they are full of trust. If the puppy is abused, teased or punished too roughly or at the wrong time, he loses confidence and his wariness puts him on the defensive.

The biting dog is likely to be confused rather than vicious. He may be a member of a breed which for centuries has been bred to be brave and somewhat aggressive, and in growing up has been mishandled. This same dog brought up with discipline based on love and understanding can make a fine pet and protector.

There may be an occasional dog which inherits abnormal traits of shyness, making it impossible for him to discriminate or be reliable. Bounded by fear, such a dog has no mental stability, is therefore unpredictable, and cannot be considered as a normal or average dog. Unfortunately, isolated incidents of savage canine behavior often cause the public to castigate an entire breed or dogs in general. But, states the Center, this is as wrong as condemning the entire human race for horrible crimes perpetrated by some of its sick-minded members.

## STATE OF MICHIGAN, COUNTY OF LIVINGSTON

# ELECTION NOTICE

TO THE QUALIFIED ELECTORS OF THE COUNTY OF LIVINGSTON, STATE OF MICHIGAN:

NOTICE IS HEREBY GIVEN that at a General Primary Election to be held in the regular voting place in each election precinct in each City and Township in the County of Livingston, State of Michigan, on Tuesday, the 2nd day of August, 1960, between the hours of 7:00 o'clock a. m. and 8:00 o'clock p. m., Eastern Standard Time, the following propositions will be submitted to the electors of said County:

### I. Bonding Proposition

Shall the County of Livingston, State of Michigan, borrow the sum of not to exceed Five Hundred Thousand (\$500,000.00) Dollars and issue and sell its bonds therefor, for the purpose of paying the cost of constructing and equipping a medical care facility and acquiring a site therefor in said County?

### II. Tax-Rate Limitation Increase Proposition

Shall the limitation on the total amount of taxes which may be levied against all property in Livingston County, Michigan, for all purposes except payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and one-half mills on each dollar of the assessed valuation, as equalized, of all property in the County for a period of eight (8) years, from 1960 to 1967, both inclusive, the proceeds of the levy thereof to be used for the sole purpose of paying the principal and interest on bonds of said County in the aggregate principal sum of not to exceed Five Hundred Thousand (\$500,000.00) Dollars, to be issued if authorized by the qualified electors of said County, for the purpose of paying the cost of constructing and equipping a medical care facility and acquiring a site therefor in said County?

Only properly registered electors who have property assessed for taxes within Livingston County, or the lawful husband or wife of such owners, are entitled to vote on the Bonding Proposition.

All properly registered electors may vote on the Tax-Rate Limitation Increase Proposition for Medical Care Facility Bonds. These Propositions are being submitted in accordance with the following resolution adopted by the Board of Supervisors of said County on the 20th day of April, 1960.

### State of Michigan County of Livingston

WHEREAS, in the judgement of the Board of Supervisors of Livingston County, Michigan, it is deemed necessary for the general welfare and health of said County and its citizens to provide for the constructing and equipping of a medical care facility in the County and for the acquiring of a site therefor, and for the County to borrow the sum of money necessary to defray the cost and expense thereof, and issue its bonds therefor, pursuant to the provisions of the statutes of the State of Michigan in such case made and provided;

AND WHEREAS, the cost of said proposed County medical care facility and site has been estimated by the Board of Supervisors to be Five Hundred Thousand (\$500,000.00) Dollars, which estimate of cost is hereby declared to be the estimated cost of said medical care facility;

AND WHEREAS, it will be necessary to borrow the sum of \$500,000.00 and issue bonds of the County therefor, for the purpose of paying the cost of constructing and equipping said County medical care facility and acquiring a site therefor;

AND WHEREAS, the Board of Supervisors does hereby determine and declare that the estimated period of usefulness of said County medical care facility is not less than fifty (50) years;

AND WHEREAS, in order to meet the requirements of Section 21, Article X of the Constitution of Michigan and the statutes of the State of Michigan in such case made and provided, it is necessary also to submit to the qualified electors of said County the proposition of increasing the constitutional tax-rate limitation for a period of not to exceed eight (8) years, by an amount sufficient to provide funds for the payment of said bonds;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. At the General Primary Election to be held in the County of Livingston on Tuesday, August 2, 1960, the following propositions be submitted to the qualified electors of Livingston County, Michigan:

### I. Bonding Proposition

Shall the County of Livingston, State of Michigan, borrow the sum of not to exceed Five Hundred Thousand (\$500,000.00) Dollars and issue and sell its bonds therefor, for the purpose of paying the cost of constructing and equipping a medical care facility and acquiring a site therefor in said County?

### II. Tax-Rate Limitation Increase Proposition

Shall the limitation on the total amount of taxes which may be levied against all property in Livingston County, Michigan, for all purposes except payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by one and one-half mills on each dollar of the assessed valuation, as equalized, of all property in the County for a period of eight (8) years, from 1960 to 1967, both inclusive, the proceeds of the levy thereof to be used for the sole purpose of paying the principal and interest on bonds of said County in the aggregate principal sum of not to exceed Five Hundred Thousand (\$500,000.00) Dollars, to be issued if authorized by the qualified electors of said County, for the purpose of paying the cost of constructing and equipping a medical care facility and acquiring a site therefor in said County?

2. The said propositions shall be stated on separate ballots to be prepared and distributed by the County Clerk in the manner required by law, or said propositions may be stated as separate propositions on voting machines, which ballots or voting machine propositions shall be in substantially the following form:

Minutes of the meeting of June 2nd, 1960 were read and approved. Minutes of the special meeting of June 13th, 1960 were read and approved.

Committee of eleven members of Strawberry Lake Area met with the Board to discuss the bus route used for transportation of children. The parents are worried as to the safety of their children along this route and asked the Board to meet with the County Road Engineer to have certain areas corrected or else find an alternate route. The Cordley Lake road along Bass Lake was the topic. Mr. Goucher was appointed to represent the Board at the meeting with the County Road Commission.

Mr. Dan Adams, County School Commissioner (who passed away since this meeting) and Lawrence Baughn, member of the County School Board of Education also met with the Board to discuss the following topics—

1. Correcting certain school boundaries with nearby High School areas.

2. The possibility of hiring a visiting teacher, qualified as a social worker, to work with the mal-adjusted and retarded youngsters in the county. The cost to be borne by the District on a per capita basis.

Committee of Young-chairman, Swanson, and Basydlo were appointed to meet with the County Board of Education to discuss the problem of correcting boundaries.

Motion by Basydlo, 2nd by Mrs. Towsley to hire Gregg and Valker, school auditors, to audit the school financial status. Carried.

Committee of Young and Swanson were selected to purchase a riding mower for school grounds and the athletic areas.

The State Equalized assessed valuation for the Pinckney Community schools was raised by the State Board of Assessors to \$17,521,571.00.

Mr. Goucher gave his report on the roof condition of the Gym and Music Room. He was given permission to have same corrected—also to receive bids for black-top sidewalk at the Pinckney Elementary School.

The following topics were discussed—

1. Salary of hourly rated personal.

2. Kitchen project of the Winan's Lake School.

3. Bus facilities for 1960-1961. The Board decided to begin its meetings at 7:30 p.m.

## Kensington Park Course Students Register Now

There is time to register for the Nature Interpretation Course to be held August 1 through August 19 at the Nature Center of Kensington Metropolitan Park near Milford. This was announced today by Bill Hopkins, chief naturalist for the Huron-Clinton Metropolitan Authority.

Registration will take place starting at 9 a.m. on Monday, August 1 and the fully accredited 3-week course will conclude on Friday, August 19.

The course number is 232, Nature Interpretation and course time is 5 hours per day 5 days per week for the three-week session.

This third annual post-annual session workshop is sponsored jointly by the Department of Na-

tural Sciences and the division of field services of Eastern Michigan University of Ypsilanti (Michigan), and the Huron-Clinton Metropolitan Authority, five-county park and parkway agency serving Livingston, Macomb, Oakland, Wayne and Washtenaw counties.

Participants may receive either graduate or undergraduate credit. Emphasis will be placed upon learning about plants and animals in the area and learning how to conduct field trips for the purpose of nature interpretation.

Mr. and Mrs. Everett Hammell are parents of a daughter, born on July 17 at McPherson Health Center. She has been named Jodi Lynn.

## Learn Electric Safety During Safety Week

Electricity carries its built-in hazards, but it also has contributed to farm safety more than given credit.

For instance, electric lighting around the farm has certainly made chores and general farm living safer through better visibility, says Richard Pfister, agricultural engineering safety specialist at Michigan State University.

Then, there's now less hand work as a result of using electric power to help with the milking job, for moving feed and grain, cleaning barns and watering livestock, and for making needed repairs in the farm shop, to name just a few things. Less fatigue means fewer farm accidents, Pfister points out.

Electricity has also contributed much to safety from fire around the farm. Heating by electricity has taken the open flame from highly flammable locations and it has eliminated many spontaneous combustion fires in mows through artificial hay drying systems. It has also provided a more responsive fire fighting system in the way of a pressure water supply that has helped to control many fires before it could do much damage.

It's a challenge during National Farm Safety Week, July 24-30, to learn more about the safety in electricity, Pfister says. Each farmer needs to take on the obligation to learn all he can about safe uses of electric power and then put his knowledge into practice.

A letter to village president Stanley Dinkel from the 125th Anniversary Celebration committee at Stockbridge extends an invitation to Pinckney residents to attend the "Triumph of the Triangle" pageant to be given in Stockbridge each evening, from August 1 through the 6th.

## Notes of 25 Years Ago

Mrs. Elizabeth Rogers died at her home in Jackson last week. She was the former Elizabeth O'Neil of Dexter and taught school in the Pettysville school for about 35 years. One son survives.

Fred Block is building a large log cabin in Portage Lake shores. His cottage burned down several years ago.

The village council has given the Detroit Edison Company permission to build a line across the ball park. Work on a line west of Pinckney to Marble's Corners and north to Pingree has been started.

Donald Johnson, 7, son of Mr. and Mrs. Harold Johnson, who have a summer home at Portage Lake, lost an eye as a result of a freak accident last week. He was struck in the eye by a sharp clam shell while playing at the lake. Surgery was done in an Ann Arbor hospital.

The first issue of the A.C.A. Monitor was sent out this week. It is a monthly paper devoted to the interests of the American Co-Op Association of which Lucius Wilson is president.

W. C. Hendee and his son, Lynn, were both elected to offices for another year in the Black Top Delaine and Merino sheep breeders association at a meeting last week.

Mrs. Robert Jack underwent surgery in the Pinckney San last Thursday.

Miss Ruth Devereaux spent last week at Portage Lake as a guest of Miss Rosemary Read.

Anna Samborski, daughter of the B. Samborskis, a former student at Pinckney high school has been awarded a four year scholarship to the University of Detroit. She attended Hamtramck high school last year.

Tom Colleton and Hugh MacDonald of Fowlerville were Sunday guests at the Charles Clark home.

Albert Mrofka of Santa Monica, California, is home for a visit with his parents, Mr. and Mrs. Steve Mrofka, following a 3 months vacation spent in Europe where he and two friends toured 11 different countries.

# MEDICAL STAFF DENIES NEED For Aug. 2 BONDING & MILLAGE FOR MEDICARE

## DOCTORS PROPOSE ALTERNATE PLAN WHICH CALLS FOR NO ADDITIONAL LOCAL TAXES

The Livingston County Board of Supervisors' Medicare Plan was disapproved unanimously by the Medical Staff of your Community Health Center at a meeting held on July 14, 1960. The doctors believe that a Medicare Program can be developed without raising local taxes. They are urging all voters to **TURN DOWN THIS HALF MILLION DOLLAR PROPOSAL AT THE POLLS ON TUESDAY, AUGUST 2, 1960.**

The Medical Staff is well aware of the need for caring for convalescent and chronically ill people and is concerned with developing the best possible plan. The doctors have been studying the various proposals of the County Board of Supervisors.

The Medical Staff has been comparing these proposals with other means of providing equal or better care more efficiently and at much less expense to the taxpayers. The Supervisors' Plan will require two taxes . . . one to build the Medicare facility and one to maintain and operate it. **NO BONDING OR MILLAGE PROPOSAL IS**

**NEEDED FOR THE PLAN THE DOCTORS FAVOR.** The doctors feel that the public has not been fully informed of the proposals of the Board of Supervisors or of the tax-free alternatives.

The Doctors' Suggested Plan is already beyond the preliminary stages. They have personally provided \$1,000.00 to finance a study of the actual health needs of Livingston County. This is being performed by the University of Michigan Program in Hospital Administration under the direction of Mr. Walter McMerney. The Board of Supervisors has ordered their Medicare proposal placed on the ballot before an expert study of the county health needs could be completed.

The doctors favor a plan to add a sufficient number of beds and services to the existing Health Center to take care of the chronically ill. The exact needs will be determined by the expert study which they are financing. **NO COUNTY TAX DOLLARS WILL BE NEEDED**

### DISADVANTAGES OF SUPERVISORS' PLAN ON BALLOT ARE:

1. There has been no expert study of County needs for the care of the aged. If we need provide only room and board for the aged, this plan is too expensive. If we wish properly to provide for the health needs of the aged, this plan is not adequate.
2. No working relationship has been established between the Board of Supervisors and the present Health Center or the physicians of the County regarding the health needs of these people.
3. Offers by three different groups to finance the proposed Medicare Unit **WITHOUT ADDITIONAL BURDENS TO TAXPAYERS HAVE BEEN IGNORED.**
4. There will be expensive duplication of services and facilities that already exist at the Health Center.
5. No site has been designated. The possible additional tax burden of extending water and sewerage facilities has not been budgeted.
6. Additional nursing personnel will be difficult and expensive to hire.
7. Blue Cross hospital insurance will not help pay for patient care.
8. The proposed size of the unit is not based on fact.
9. The Supervisors' Plan provides only for those unable to afford care. No provision has been made for those able to pay their own way.
10. No program for returning these patients to useful lives in society is included in the budget.

### ADVANTAGES OF DOCTORS' SUGGESTED PLAN ARE:

1. An addition to the Health Center to provide long-term care and rehabilitation is part of the existing master plan for progressive patient care.
2. In contrast to the tax-supported proposal on the ballot, enlargement of the Health Center will qualify for **MAJOR FEDERAL AID.**
3. If the Medicare Unit is operated in conjunction with the Health Center, as proposed by the doctors, Blue Cross and other insurance will help pay the cost of patient care.
4. **NO TAXES WOULD BE NEEDED TO PURCHASE A SITE.**
5. Operating costs will be reduced by:
  - (a) Increased availability and more efficient use of personnel.
  - (b) A joint program of both physical and occupational therapy.
  - (c) Larger volume purchasing.
  - (d) No need for the salary of a medical director.
6. Construction and equipment costs would be lowered by use of existing heating, kitchen, laundry, dining, maintenance, engineering, housekeeping, x-ray and laboratory facilities.
7. Professional services would be more readily available.
8. Provision is made for those able to pay for this care.
9. Around the clock switchboard service is already available.
10. The patients will be able to have the doctor of their choice.
11. The present high standard of patient care will be maintained.
12. Through an intensive rehabilitation program more people will be returned to society as self-supporting members.
13. The County Board of Supervisors will be relieved of the burden of providing medical care for these individuals.
14. No extension of water, sewerage, gas and electric services will be needed.

The physicians of Livingston County feel that, when the above considerations are weighed by an alert public, the advantages of expanding the present Health Center will be obvious. The doctors do not support a program which requires signing a blank check for something that has not been studied thoroughly.

**TAXPAYERS ARE URGED TO VOTE NO AUGUST 2 ON THE BONDING PROPOSAL FOR THE MEDICARE FACILITY.**

## Spincasting Tips From World's Champion

International casting champion Johnny Dieckman shows how easy it is to get the big ones. He casts his lures right on target with an easy four step approach. Beginners and experts can enjoy relaxing fresh and salt water sport with spincasting tackle. It is the easiest to master. By following a few simple rules with his Abumatic reel a newcomer can cast like a champion.

Practice short casts. Accuracy is more important than distance. But, long casts are easy with spincasting reels, because backlash is impossible.

Get ready to cast by reeling in the lure within six inches of the rod tip. Line up the target with your eye and rod. Now thumb-down the trigger on the reel. Keeping in mind the up and down stroke of the cast should follow a vertical line, smartly bring your hand to eye level and without stopping bring the arm down with a crisp chopping motion. Release the trigger and the lure is out and away. Stop the lure on target by pressing the trigger.

Casting is fun and easy. Let the rod do the work. The rod tip is spring loaded during the back cast. The rod will cast the lure as the tip straightens out.

Lost fish and snapped lines are a thing of the past. Garcia Abumatic reels combine star drag and syncho-drag. Reduce line tension by reversing the reel handle half a turn and restore the original drag setting with a half turn forward. The drag lets the line slip instead of break when the big one darts and dashes to get away.

## MICHIGAN MIRROR

"Good care does as much for the spirit as it does for health," said Michigan Health Commissioner Dr. Albert E. Heustis recently as he called for study programs on possible improvements in care for the aged.

"If you think about your own old age, you know you don't want to end up in a cramped room, with indifferent care, tasteless meals and few visitors," he said.

Fortunately, most of the older folks in Michigan nursing homes or homes for the aged get good care.

Four years ago, the Legislature authorized the Health Department to license homes which met high standards prescribed by the department. The "do's and don'ts" are long and detailed, but the burden of the rules is that patients are to have "personalized attention and meticulous care."

"As more people live longer, nursing homes become increasingly important," Heustis said.

"Young people might remember that when they look into the face of an older person, they look into a mirror of sorts," he said. "Most of us will live to a ripe old age and our final years may be spent in a nursing home."

Heustis made a plea for increased family and community support to make lives of the oldsters more interesting.

"Most nursing homes and homes for the aged are doing their best to improve, and have made a great deal of progress," Heustis said. "But they need much more family and community support to make old houses into new homes for older people."

More than 16,000 patients are in 56 licensed homes in Michigan, the department said.

Some of them are senile. Others are paralyzed and bedfast. Some are blind. Still others hobble about on crutches or use canes to help them make their painful way.

But others are full of life and vigor despite their advanced age.

All, no matter what their physical condition, need someone to show an interest in them. Not only do they need interest from family

and community, but they need financial help in many cases.

"Bargain basement rates won't support high quality nursing services," Heustis said.

"Patients come to these homes with varied backgrounds, health problems, tastes, habits and expectations, but all need good care in a home-like atmosphere," he said.

What many of them need most is somebody-anybody-to care.

FATIGUE MAY BE second to carelessness as a cause of accidents.

Michigan had a relatively low fatality count—14 dead in a three-day period over the long Independence Day weekend—but a pattern to the deaths might indicate tiredness is a villain in many of the cases.

Secretary of State James M. Hare analyzed the figures this way:

On the first evening of the weekend (Friday), when drivers were fresh and on the way to a holiday destination, only one person was killed. On July 2 (Saturday), two died on highways.

The next day, the third day of the holiday weekend, four persons were killed in auto accidents.

But on July 4, (Monday) the final day of the weekend, when the stream of exhausted weekenders was heading home, seven persons died in seven fatal accidents on Michigan roads.

PART OF THE PAY for a Michigan motel owner must be in the satisfaction of his job.

A Michigan State University survey showed the average earnings for a motel to range between \$3,000 for a 10-unit operation to about \$5,800 for a 20-unit motel.

Robert McIntosh, tourist and resort specialist who conducted the survey, said most of the state's 2,700 motel operators don't stay in business solely for the money.

The dollar which the motel owner gets for his facilities goes largely for expenses, McIntosh said.

About 40 cents of the average dollar goes for operating expenses—laundry, fuel and water, maintenance and supplies. Another 30 cents of the dollar is eaten up by fixed costs—depreciation, insurance, taxes and the like.

The motel owner gets about 30 cents of the dollar for his profit, then. But most of them like their job enough to stick with it.

Dental Hygienist or Dental Student who has been assigned to our area is Robert C. Mayo, from Ann Arbor. Robert Mayo is a senior dental student at the U. of M.

Mrs. Grace Craig, chairman has announced that 124 children have enrolled in the program. The series of four applications of 2% sodium fluoride solution to newly erupted teeth will reduce new tooth decay by 40% in groups of children. The inspection which is made by the dental hygienist is not the same as the complete oral examination in the dental office. She sends home a card with a message to the parent to help remind him of the necessity of regular dental care.

Parents can help their children to good dental health by limiting the availability of sweets in the home and substituting non-sweetened foods. For example, nuts and popcorn are suggested instead of candy. Sugarless gum is available from most drug stores. Look for new ideas in using meat, cheese, and fresh fruit for parties!

# WHY . . .

should the citizens of Livingston County vote YES  for Propositions 1 and 2 for the Medi-Care Facility?

## 1. TO SAVE THE TAXPAYER'S DOLLAR

At the present time approximately \$70,000 is being spent annually for the boarding and care of the aged and chronically ill. Through the county-owned facility this care would cost approximately \$46,000 — a savings of approximately \$24,000.

## 2. TO FULFILL A STATE REQUIREMENT

The state of Michigan requires that each county be responsible for caring for its aged and chronically ill. Our present County Infirmary has been condemned by both the Fire Marshall and State Health Department.

## 3. TO IMPROVE THE PRESENT INADEQUATE SYSTEM

The present system of boarding out patients in private homes and hospitals has been both costly and unsatisfactory. The county, not a private institution, is legally responsible for the welfare of the aged and chronically ill.

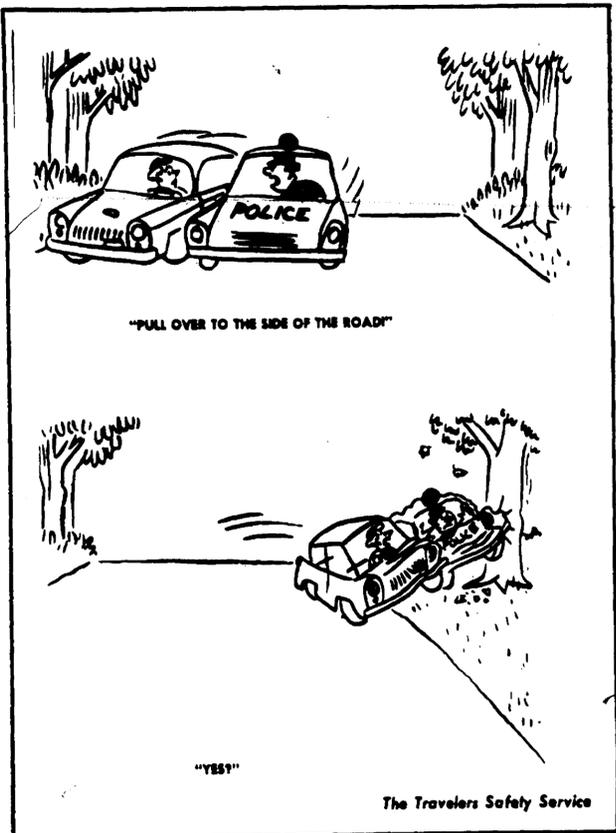

## 4. TO GIVE OUR AGED AND CHRONICALLY ILL CITIZENS THE OPPORTUNITY FOR PEACE AND SECURITY DURING THEIR TWILIGHT YEARS.

**Ventilate to Guard Against Mildew**

Keep the air moving to discourage mildew in your home. Dorothy Erler, clothing specialist at Michigan State University, suggests you give some attention to closets and closed drawers in hot, humid weather. Such places often get damp and musty.

Clothes should not be packed into a closed closet. Hang them loosely so air can circulate.

Leather items, such as suitcases and shoes, are fine mildew mater-

ial. They are best stored off the floor, preferably on a perforated shelf at the top of the closet.

Miss Erler warns against stuffing a coat, wet with rain, or a shirt, wet with perspiration, into a closed closet. Let it dry first.

**Bright Colors for Camping**

Bright clothes for children have a safety value when the family goes camping. Home economists at Michigan State University say it is easier to see children from a distance if they are dressed in gay, strong colors.

**VA Lists New Benefits for Vets**

Veterans with severe service-connected disabilities who have more than three children are now eligible for additional compensation.

C. W. Nixon, Acting Manager of the Veterans Administration Regional Office in Detroit, said today that a new law has been signed by the president and is now in effect. The prior law did not authorize payment for more than three children.

The additional compensation will range from \$12 monthly for each child after the first three, where the veteran is totally disabled. It will range downward to

\$6 where the veteran's disability is evaluated at 50 per cent. Between the two extremes proportionate amounts will be paid.

Veterans with less than 50 per cent disability receive no additional compensation for a wife, parent or children, Mr. Nixon said.

The term children includes all sons and daughters, real or legally adopted, under age 18 and unmarried.

## Notes of 48 Years Ago

Wirt Barton has purchased an Overland touring car and Charles Brown a Whiting roadster from Flint and McIntyre this week.

The State San. for TB patients near Howell now has 82 patients. The capacity of the institution is 86.

Stockbridge now has a new depot to replace the one destroyed by fire.

In the issue of 48 years ago this week; Please do not lose sight of the fact that a woman suffrage campaign will also be waged in Michigan this fall. With all these things on hand during the coming campaign, life ought to be worth living in the peninsula state.

Local telephone users are expressing great dissatisfaction with the new system recently installed by the Michigan Bell Telephone company for handling long distance calls out of this county. One operator at Howell takes all these calls. One person reported waiting four hours to complete a call to Mason.

The Thomas Read family reunion was held at the Richard Read home in Green Oak last Sunday.

Mrs. J. W. Blanchard of Dexter is a guest this week at the P. H. Swarthout home.

A number of local people plan to take the teachers examinations at Howell next week.

Mrs. Ben White, Sadie and Jo Harris and Katherine Brogan were guests of Miss Mary Brogan at Howell last week.

August 13 has been announced as the date of the St. Mary's picnic to be held in Jackson's Grove. Four prominent speakers from the area have been secured for the occasion. Following the picnic a \$20 suit of clothes donated by McQuillan and Harrison will be given away and a pillow made by Miss Fannie Monks will go to the one holding the lucky number.

### Make a Note

Don't let a disorganized picnic happen to you. Home economists at Michigan State University suggest you make a check list of picnic supplies and attach it to the inside lid of the picnic basket. A quick check before you leave tells if anything is missing.

## How To Care For Glassware

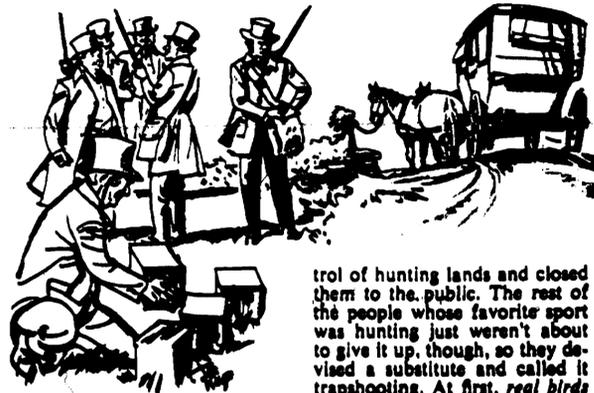

Well - designed glassware—whether it's a casserole or candelabra, salad plate or sugar bowl—is both pretty and practical. It's extremely durable and can take plenty of hard wear and survive.

Modern American-made cookingware needs no special pampering, but like all fine things, it responds to kind treatment. A little, simple care will keep it clear and shining as well as insure its long useful life. Here are tips on cleaning:

- Fill glass cooking utensils with food or liquid before heating them. Never heat an empty utensil.
- Grease baking dishes well before putting in food. This will make dishwashing easier.
- Never allow top-of-stove glassware to boil dry. Food cooks quickly in glassware, so it's best to use low to moderate heat.
- Handle hot cookingware with a dry cloth and never set hot dishes on a wet surface.
- Follow individual manufacturers instructions carefully when using glass cookingware, and to keep the pieces beautiful.

WYNNE CHESTER SAYS:

## The FUN Was ALWAYS There!

Remember me telling you about my new neighbor, Ellen Jacobs, who put a bit of a dent in my ego by knowing more about the history of trapshooting than I did? After spending a little time at the library, Ellen can certainly keep the conversational ball rolling . . . or the pigeon flying . . . when it comes to trapshooting.

As for me, I've been spending some time at the library myself, and learning things I never knew. For instance, it seems that trapshooting originated way back in the early 19th century, when the English aristocracy took con-

trol of hunting lands and closed them to the public. The rest of the people whose favorite sport was hunting just weren't about to give it up, though, so they devised a substitute and called it trapshooting. At first, *real birds* were released from real traps. Later, various kinds of flying targets were tried, leading at last to today's revolving traps and clay "pigeons."

Many early trapshooting terms are still in use today. For instance, the shooter originally called "Pull" to order the operator to release a live bird from the trap by pulling a string. When the modern shooter cries "Pull", the operator presses a button which starts the clay pigeon on its flight.

No matter what people used as targets, though, the fun was always there . . . and it still is. Try it yourself and see!

## ★ COMING EVENTS

The Rainbow Girls will hold their monthly bake sale at Jerry's Saturday, July 30, from 10 a.m. to 1 p.m.

The Sunday School of the Galilean Baptist Church will have a picnic Saturday at Dexter-Huron Park. Meet at the church at 2:30; bring a dish to pass and table service for your group.

Saturday, August 6, is the date of the annual bazaar of the O.E.S. Pinckney Chapter, No. 145. It will start at 9 a.m. and continue until 2 p.m. There will be a cafeteria luncheon, with free coffee (with plate lunch), booths, fish pond, aprons and baked goods.

The summer topical flouride clinic will be held at the Pinckney Elementary School on Friday, August 19.

St. Jude's Guild at St. Mary's will serve a light breakfast to the public following each Mass this Sunday.

The Babe Ruth League all-star game will be played at Tecumseh on Sunday, July 31. On Monday, August 2, the Pinckney Nationals will play the Willow Run Nationals here at 6 p.m.

Temperance groups and tavern owners, usually at odds with one another, have joined in praise of Michigan's new "tamper-proof" driver's license.

The crisp easy-to-read black-on grey driver's license replaces the white-on-black photographic license which was relatively easy to alter or falsify.

Letters received by Secretary of State James M. Hare from both bar owners and church groups applauded the license as a device for helping to keep people under 21 years of age out of bars and taverns.

## 'Radio Classroom' Being Prepared

Vacationing youngsters may not want to be reminded of it, but The University of Michigan Broadcasting Service (WUOM) already is preparing "Radio Classroom" programs for fall.

Some 60,000 elementary school pupils in Michigan will meet their new classroom teacher for "Festival of Song" in October. Miss Frances Gillett, assistant professor in The University of Michigan School of Music, is the fourth teacher of "Festival of Song" in its 11-year history.

**THE BOARD OF TRUSTEES** of the McPherson Community Health Center, meeting last Tuesday evening, voted to support the Livingston County Board of Supervisors in their appeal to the citizens for a \$500,000.00 bond issue to build a new Medical Care Home to provide care for the aged, infirm and chronically ill in the county.

## State Recreation Parks in This Area Busy Over Weekend

The lakes in this area attracted the largest crowds ever this weekend. It was reported that at Hi-Land Lake, nationally known as Hell, there were 95 swimmers at one time above the dam. There were cars from Wisconsin, Indiana, Ohio, California and Nova Scotia, as well as Michigan.

Officials at the Pinckney Recreation Area report a capacity crowd at Silver Lake Park and beach over the weekend. The parking lot was filled by noon on Saturday and remained that way until about 4 p.m. On Sunday the lot was filled by 10:15 a.m. and no one left before 4:15 p.m. The Silver Lake beach is tremendously popular with area and out of town visitors. One unique feature of the park is the cool green lawn reaching practically to the waters edge. Sunbathers and picnickers may spread their blankets on the grass instead of sand as in most parks.

At the Bruin Lake area, where there are now 60 camp sites, all but 2 were occupied during the weekend. Camp sites are available here the year round with rest rooms, water and electricity provided. Rental fees are one dollar a day plus .25 for electricity. A park ranger is on duty there. Nature trails are now being developed in this area. The one completed nature trail in the Silver Lake area leads from Silver to Pickerel Lake and back to Silver Lake, a hike of several hours with picnic sites for a stop-over at Pickerel Lake.

## County Softball League Highlights

Pinckney lost to Fowlerville last Wednesday night, 10 to 2.

Pinckney scored 2 runs in the first inning and remained scoreless through the rest of the game. They had 12 hits and 3 bases on balls but they could not bring them in.

Barrett struck out 10 men and issued 6 walks.

A home run was hit in the 5th inning by B. Judd for Fowlerville.

## Little League

The little league baseball teams are busy with the play-offs this week and excitement runs a little higher with each game. Results of past games not reported are:

### National League

July 18: Dodgers 12, (p. Allen Patterson, Dennis Williams; c. Ricky Everett). Pirates 2, (p. Maurice Sherrrens, Stanley Hoard; c. Bob Seefield).

July 19: Cardinals 12, (p. Larry Hull, c. Richard Blades) Braves 6, (p. Mike Sepulveda, c. Robby Morse).

In this game Stanley Kourt of the Braves almost had his first home run; he hit it all right but missed touching third base.

### American League

July 20: Tigers 13, (p. Doug Winger, c. Malcolm Douglas) Orioles 5, (p. Tom Mitchell, John Tasch; c. Wes Scott).

July 21, Yankees 16, (p. Dick Young, c. Joe Kennedy). White Sox 7, (p. Dave Bennett, Dave Clinton, Jim Logan; c. Lynn Waterbury, Don McConnell.)

Home runs: Lynn Waterbury, Jim Logan (his third of the season) for the White Sox.

Home runs for the Yankees; Dick Young, a grand slam homer; Jim Hanson and Rocky Bennett.

Conservation Department game men are recommending moderate cutbacks in this fall's "any deer" kill and hunting permits.
