Pinckney, Michigan — Thursday, September 1, 1960

Single Copy 10c

The skippers of the winning fleet who nosed out the Island Bay Yacht Club of Illinois by 2 points to bring home this "Best Fleet" trophy to Portage Lake. Left to right, Bob Shaefer, Gary Davis and Dr. John Bartlett.

Gary Davis, 15, received an award of one year's subscription to "Yachting Magazine" for being the youngest skipper in the regatta.

Portage Yachtmen Capture Trophy

Members of the Huron-Portage Yacht Club of Portage Lake captured the fleet trophy in the annual Rebel National Meet on Island Lake, Springfield, Illinois, over the weekend and now rate among the nation's best in "sailmanship".

Skippers, Gary Davis, coming in eighth, Dr. John Bartlett, ninth and Bob Shaefer, eleventh, came up with a winning total of 269 points to rank as the fleet of three boats finishing best.

In addition to the fleet trophy which the club will hold unless it is claimed by a new winner next year, the local sailors won other awards; Gary Davis, of Fox Point, claimed the youngest skipper award and Bruce Jones earned the most improved skipper trophy.

Tony Lott and Fred Schwartz of the local club also took their boats to Springfield for the competition.

Labor Day weekend closes the season for HPYC with a Regatta of two races on Sunday at 10 a.m. and 2 p.m. and the final race on Monday at 10.

Season trophies will be awarded for all classes including special junior races and awards for the TAG-A-LONG 9 foot dingies at the conclusion of the Labor Day Regatta. The public is invited to come out and watch.

Kiwanis Sale

Hundreds of items, new and old merchandise, have already been donated and many more are needed for the annual Kiwanis Auction Sale to be held on the village square starting at 1 p.m. Saturday afternoon.

A phone call to club president, Keith Koch, Bill Winger, Willard Wiltse or John Tessmer will bring a truck to pick up donations.

Proceeds from the sale will in part replenish the club's treasury which has generously provided for many needs in the past. Community needs, gifts, and recreation such as the Little League Baseball program were club projects in the past year.

County Holiness Meeting To Be Held Sept. 6th

The Livingston County Holiness Association will hold their September meeting on Tuesday evening September 6th, at 7:45 in the Mennonite Church of Pinckney.

The guest speaker for this service will be Rev. Edison Cummings, pastor of the Free Methodist Church of Memphis, Michigan.

You are cordially invited to attend this service.

School Bus Stop Law a Reason For Extra Care

Reopening of schools for the fall term will bring nearly 1,900,000 Michigan children into the week-day traffic flow and increased vigilance by motorists to avoid involving them in accidents is urged by the State Police. About a tenth will be going to school for the first time.

More than 11,000 children under 15 have been killed and injured in each of the last five years in traffic accidents in Michigan, State Police figures show.

Last year 95 were killed and 3,464 injured.

Because nearly half a million children will be riding rural school buses, motorists are reminded that the two-way stop law requires extra caution to avert mishaps involving the buses and the children getting on or off them, as well as other vehicles affected by the slowing and stopping of buses.

Last year five persons, three of them children, were killed and 239 persons injured in 562 rural school bus and related accidents.

Drivers overtaking or meeting rural school buses must stop when the bus stops to take on or discharge passengers. Vehicle traffic may resume motion when the bus proceeds, or on signal from its driver, or when the flashing red stop lights on the bus are turned off. In addition, even though the red flasher lights are not operating but the bus stops, other vehicles must stop also.

State Police point out that the bus stop law increases the chances for accidents, particularly rear-end collisions, between vehicles slowing and stopping in the traffic stream in compliance with the law.

Wetherbee-Toy Wedding Vows Read Saturday at Bethel Baptist

Miss Jennine Wetherbee, daughter of Mr. and Mrs. William Wetherbee, of Pettysville Road, and Robert Toy of Hamburg were married on Saturday, August 27, at the Bethel Baptist Church, Swarthout Road.

The Reverend Robert Taylor officiated at the double-ring ceremony at 4 o'clock.

The bridegroom is the son of the late Mr. and Mrs. Frank Toy of Detroit.

The bride wore a pale blue sheath suit with white accessories. Her small hat was fashioned of white feathers and she wore a corsage of white carnations centered with pink rose buds.

The couple was attended by Mr. and Mrs. William Rindell of Hamburg.

One hundred guests attended the reception at the Livingston County Conservation Club at 8 o'clock in the evening.

The new Mrs. Toy is a graduate of Howell High School and is an accountant at Jacobsons in Ann Arbor. Her husband attended high school in Detroit and is employed as a mechanic at Ann Arbor Auto Parts. The couple will make their home at Zukey Lake after September 1st.

Notes on High School Opening

Football practise at Pinckney High School is in full swing with more than fifty candidates turning out for the first session Monday afternoon. Coach Wesley Reader has sixteen lettermen among the group. The Pirates first game of the season will be played at Williamston on September 16. The first home game on the schedule will be on September 23 when the Pirates host Manchester.

There was an error in the listing of the elementary school teachers received from the school office last week. Helen Cool will teach combination room of fifth and sixth grade. Helen Van Blaircum whose name was omitted will teach the fourth grade.

With the hiring of Miss Naomi Kramer of Ann Arbor, the staff of the elementary schools is complete. Miss Kramer will teach third grade at Hamburg.

WILLIAM MERCER

William Mercer, 87, a life long resident of this area, died at the Capitol City Convalescent Home in Lansing on Monday. He was ill for a short time.

Born in Hamburg township, March 7, 1873, he was the son of William and Mary Ann Van Horn Mercer.

In 1894 he married Ella Reason in Pinckney. He worked for some time in Detroit and later took up farming in Pinckney. The couple lived on their farm on West M-36 until her death in 1953.

Mr Mercer is survived by a son, Dr. Walter Mercer, of East Lansing, a daughter, Mrs. Helen McGregor, of Brighton, four grandchildren and one great-grandchild. One brother, Dr. Frank Mercer of Pontiac, also survives.

Funeral services were held Wednesday at the Swarthout Funeral Home, with the Reverend J. W. Winger officiating. Burial was in Pinckney cemetery.

The friends and neighbors of Mr. and Mrs. George Brunton of Rush Lake have made known their plans to donate the labor to rebuild the home of the elderly couple which was destroyed by fire last Tuesday.

ENGAGEMENT

Announcement is being made of the engagement of Karen Ann Bollen, daughter of Mr. and Mrs. Herman Bollen of Pinckney, to Robert T. Murphy of Ann Arbor son of Mr. and Mrs. Cecil Murphy of Pinckney.

Miss Bollen, a graduate of Pinckney High School is employed at the University Hospital.

Her fiance, a graduate of Yale High School, Yale, Michigan, is a member of the Ann Arbor Fire Department.

A spring wedding is planned.

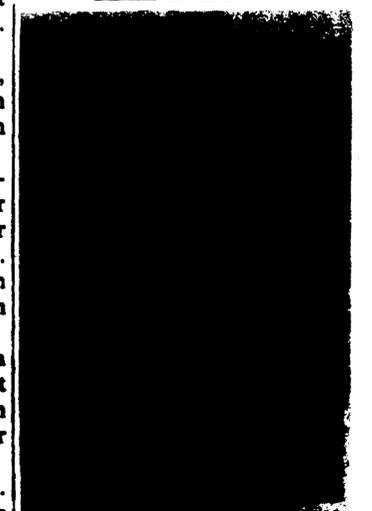

The library will be closed Labor Day, Monday, September 5th.

Portage Assn. Elects Officers

At their annual meeting on Saturday members of the Big and Little Portage Lake Association elected Tom Ehman, president. Laurence Baughn, Ray Knight, Alton Blaess and George Van Norman were made new members of the board of directors. At their first meeting, in about two weeks, the board will name a vice president, secretary and treasurer.

The principle item of business was the discussion of changes to be made in the near future in the association's by-laws.

About forty of the Portage property owners attended the meeting Saturday.

Edward Hollingsworth, who recently earned his Bachelor of Science degree at Marion College, Marion, Indiana, has accepted a position as teacher in the Marion City Schools. Edward a 1956 graduate of Pinckney High School, is the son of Mr. and Mrs. C. C. Hollingsworth of Pinckney Road. In addition to his teaching duties, this fall, Edward plans to attend evening classes in graduate work at Ball University, Muncie, Indiana.

MICHIGAN MIRROR

STATISTICS ON THE work of Michigan sheriffs are staggering.

And yes, they still do ride horses. Sixteen of Michigan's 83 county sheriff departments have volunteer posses using a total of some 382 horses.

Dickinson County has a 60-horse posse while Huron County has an eight-horse posse which is the oldest in the state.

Forty of the sheriffs have 15 or more years in police work.

The 83 SHERIFFS on the job

in 1960 had 605 years experience as sheriff. The 40 with the most experience had a combined total of 964 years in law enforcement work of one kind or another.

Sheriffs had 288 county-owned cars in operation last year, and 202 privately owned cars.

Using them were more than 3,000 full and part time deputies, undersheriffs, jailors, matrons, cooks and auxiliary officers. Most of the vehicles were radio equipped.

There were 41 boats in 41 counties being used by sheriffs and 218 regular and volunteer skin divers working for them.

In addition to policing water and investigating accidents, sheriffs licensed more than 33,000 boats last year.

Sheriffs made 182,143 primary and 35,437 supplementary investigations last year, putting in more than a half-million hours on this type of job.

Routine identification chores, prisoner transporting, driver licensing and traffic work made up a large part of sheriffs' work. Some of them supervised dog warden duties, and many acted as licensing centers for canines. More than a million dollars in licensing fees of various sorts, inspection fees and fines and court costs passed through sheriffs' hands last year.

They made 9,575 felony arrests and 247,728 misdemeanor arrests.

MICHIGAN HAS been fighting to prevent water from being taken from Lake Michigan, and while the battle isn't over, a partial victory has been won. Hearings on the problem are continuing.

Special Master Albert B. Maris, a Philadelphia federal judge appointed by the Supreme Court of the United States to hear the Great Lakes Water Diversion case involving Michigan and several other states against Chicago and some suburbs, made the preliminary ruling.

He said three Chicago suburbs could not siphon off Lake Michigan water pending outcome of the immensely complicated case.

STATE ATTORNEY General Paul L. Adams has been directing Michigan's role in the lawsuit with Nicholas V. Olds, in charge of conservation problems for Adams, handling most of the appearances and legwork.

Chicago presently is allowed to divert 1,800 cubic feet of water per second from the big lake.

Michigan and other states on the Great Lakes want to force the Windy City to return the treated effluent from the water, after it has been used for domestic and industrial water supply, to the lake.

ADAMS CONTENTS any lowering of the level of the Great Lakes will impede navigation and generally hurt Michigan.

The case has been in progress since 1958 with no indication when the final decision will be rendered. Maris planned to hold meetings in each of the six states besides Michigan which are in the suit.

THE INS AND OUTS—of offs and ons—of freeway driving are being studied by the Highway Department.

Ten ramps for getting onto and off of Michigan's 408 miles of freeways are being watched as part of a comprehensive program in conjunction with the U. S. Bureau of Public Roads.

The charting of movements on interchange ramps will give a rundown on traffic volumes, speeds and driver behavior at ramps, the Department said.

Mr. and Mrs. John Tessmer and sons are vacationing in the East. Following a visit to Niagara Falls they went on to Hampton, New Hampshire, to visit Mr. and Mrs. Lee Willingham. The Willinghams lived here at Silver Lake about two years ago when he was a pilot out of Willow Run. Capt. Willingham now flies out of Boston.

Mr. and Mrs. Liss Bryant of Tiptady Road are the parents of a son born on August 16 at McPherson Health Center. He has been named Robert Duane.

Edwin Wakefield who was a surgery patient at McPherson Health Center for several weeks has been discharged and is convalescing at his home.

Mr. and Mrs. Joseph Hachey attended the K. C. barbecue in Chelsea Sunday.

WYNNE CHESTER SAYS:

Scat Out to The SKEET FIELD!

"Scat" is a slang word meaning, "go!" "Skeet" is a Scandinavian word meaning, "shoot." Put them together, and they could mean, "go shoot!" And that's just what I'm going to be doing on these beautiful spring days, and summer days to come, every chance I get.

Skeet, for my money, is one of the most fascinating shooting games ever invented. It was originated in Massachusetts around 1910, to give hunters some out-of-season wing-shooting practice. It's still an ideal way to keep in practice between hunting seasons, and a sociable, exciting, fun-raising sport to boot.

Skeet is a challenging game

that offers competitive fun for the whole family. Dad, Mother, Junior and Sis can all participate, since in all types of shooting, it isn't the brawn that counts... it's the brains. All you need is a good eye, good equipment, a few lessons, and a little quick thinking. And believe me, you don't have to be any expert to join the gang at the local trap or skeet club. You should have seen what a duffer I was when I tried my first shot at a clay target! But I learned fast, and so will you, while enjoying the easy companionship and informal fun at the club.

And who knows? You may become the club champ... I did it one year. Women are becoming top shooters all over the country. So... "skoal!" (another Scandinavian word) to the distaff side!

From where I sit... by Joe Marsh

Whitey's a Man With Both Feet on the Ground

Whitey Fisher and his missus got back from their first European vacation the other day. But before they left, Mrs. Fisher tells us, Whitey had some pretty strong feeling about their transportation—a new jet plane.

"Should go by boat," Whitey complained as they boarded the jet. When they were seated Whitey murmured, "I'll get air-sick on this thing for sure."

And a few minutes later, he added, "Course I'm all right now, but wait until we take off." Just then the pilot announced, "Folks, we're now

cruising at an altitude of 26,000 feet!"

From where I sit, sometimes we all jump to conclusions without knowing the facts. For instance, some people are like that about my favorite beverage—beer. They insist that coffee or tea goes best at dinnertime, when actually it's a matter of choice. We ought to be tolerant—and know before we take off on our opinions.

Kensington Park Open for Labor Day

The 4,500-acre Kensington Metropolitan Park near Milford will offer complete facilities through the Labor Day weekend. This was announced today by David O. Laidlaw, park superintendent.

Swimming, fishing, boating, scenic drives, picnicking, hikes along the nature trails or viewing exhibits at the Nature Center, plus a tour of Kent Lake on the "Island Queen" are the many activities offered at the park.

A replica of the old Mississippi Riverboat, the 60-passenger "Island Queen" takes 45-minute trips daily through Labor Day (MONDAY, SEPTEMBER 5) from noon until 6 p.m. Fares are 25-cents for children and 50 cents for adults.

Lifeguards are on duty at both Martindale and Maple beaches where facilities include food service, rest rooms, bath house and first aid stations.

Picnic groups planning to use any of the fourteen large picnic areas far group outings should notify the park office or information building of their location. Shelters and playground equipment are also located throughout the park.

Conservation Notes

In keeping with its oil and gas leasing policy, the Conservation Commission recently turned down requests for lease offerings on 3,550 acres of high public use lands in Waterloo, Pinckney, Brighton, and Island Lake recreation areas, Onaway and Hayes state parks, and Fish Point wildlife area.

Approximately 160,000 acres of state-owned lands will be offered for oil and gas leasing September 14 at a public auction to be held in Lansing by the Conservation Department.

Next month's sale speaks for a growing revival of drilling interest kindled by production at the Albion-Scipio field which is spearheading a sharp upswing in the state's oil output. Gas production is also making a dramatic climb.

The sale, second largest offering on state records, comes close on the heels of another major auction in June when nearly 84,000 acres of state lands were leased for oil and gas.

Last year at this time, approximately 140,000 acres were under oil and gas leases. More than 240,000 are currently being leased.

As was the case in June, lands presently sought by drilling interests are scattered throughout the lower peninsula. Members of the oil and gas industry have requested that leases to lands in 30 counties be offered.

Pheasant hunters should hit their 23-year kill average of slightly more than 1,000,000 birds in Michigan this October, Conservation Department game men estimate.

Results of this summer's mail carrier survey show that pheasant production rose 14 percent above last year in the southern lower peninsula, the birds' major range. Hunters took 914,000 ringnecks in the state during the 1959 season.

Mail carrier counts, reliable guides in previewing Michigan's pheasant kill, reveal that brood production was up 25 percent from last year in the Thumb area, 20 percent in central Michigan; and 9 percent in southeastern Michigan.

Some 573 rural carriers co-operated in this year's July 25 - August 6 survey. Their counts took in 370,000 miles along mail delivery routes.

Local Items

Mrs. C. E. Hewlett and daughter, Laurie, attended a nuptial shower in Livonia Friday evening honoring Pat Proctor who will become the bride of Tom Harris on September 17. Pat's aunt, Mrs. Phenie Lobban was the hostess. On Sunday afternoon, Mrs. Hewlett attended another shower for the bride-elect given by Miss Lois Stark of Pleasant Lake.

The Ketchum family reunion was held last Sunday on the village square. Twenty-eight were able to attend; they were from Brighton, Jackson, Lincoln Park, California and Pinckney.

Mr. and Mrs. Clifford Smith and Mr. and Mrs. Arthur Haig, all of Detroit, were Friday guests at the Orville Nash home.

Mr. and Mrs. Jack Hinz, Mr. and Mrs. Zane Coughlin and daughter, Cindy, Mrs. Claude Kirschke and daughter, Kathy, Mrs. C. E. Hewlett and children, Doug and Laurie, attended the wedding reception of Mr. and Mrs. Robert Toy at the Livingston County Conservation Club Saturday evening.

Recent guests at the home of Mr. and Mrs. Roger Goulet were the former's parents, Mr. and Mrs. Thomas Goulet of Barrington, Rhode Island. On Wednesday, both the senior and younger Goulets attended services at St. Mary's Catholic Church in Cleveland, Ohio, were their son and brother, Rev. Conrad Goulet was ordained a priest of the Order of the Blessed Sacrament Fathers.

PINCKNEY DISPATCH
Thursday, September 1, 1960

Hunting prospects for this fall's grouse seasons should be known within the next week or two. Department game men are currently in the midst of compiling reports from mail carriers who made ruffed grouse brood counts during the first three weeks of August.

Mr. and Mrs. Ona Campbell attended a steak barbecue Sunday at the Carl Lentz home in Lansing given in honor of the birthday of Mrs. Lentz's uncle, Paul Strawhecker of Grand Rapids. Alan Lentz returned here to spend a week with his grandparents.

Mrs. Dora Swarhout and the Ona Campbells called on Mrs. Musa Ayers in Plymouth Thursday. The latter is confined to her bed with a broken hip.

BOY SCOUTS

At a regular meeting on Wednesday night the Boy Scouts of Troop 58, announced they will be accepting three new members in September. Boys interested in becoming Scouts may call Don Ray, AC 9-3761. Frankie Zzulka invited the troop to meet at his home on Monday afternoon of this week, according to reporter, Mike Wiltshire.

Mrs. Orville Nash and Mr. and Mrs. Lloyd Nash and children spent Monday at the Dave Mole home in Ann Arbor.

More than 1,000 Michigan businessmen are expected to attend the first annual meeting of the Michigan State Chamber of Commerce to be held September 20 at Lansing's Civic Center.

Michigan's gubernatorial candidates, Democrat John B. Swainson and Republican Paul D. Bagwell, will face each other on the speaker's platform during the morning session. Each has accepted an invitation to appear and discuss their respective proposals for the economic development and growth of Michigan.

News from the . . . HAMBURG AREA

By Ellen McAfee

On Thursday of last week, the Vestrymen of St. Stephan's Episcopal Church met at the home of Mr. and Mrs. Douglas Smith of Pettyville Road.

The Wiseman family reunion was held at the V. F. W. Hall in South Lyons last Sunday. Seventy members of the family were present from Illinois, Indiana, Missouri and Michigan. Marie and Dianne Wiseman of Battle Creek, neices of Mr. and Mrs. Vance Wiseman, and granddaughters of Mr. and Mrs. James DeWolf, remained to spend the week with relatives in Hamburg.

Mr. and Mrs. Gary Wiseman of South Lyons, formerly of Hamburg are the proud parents of a baby boy, Vance Gary, born on August 17th at St. Joseph's Hospital in Ann Arbor.

Mr. and Mrs. Robert Kennedy of Hamburg and Mr. and Mrs. John McNamara of Whitmore Lake, attended the play "Two For The Seesaw" at the Northland Playhouse on Saturday night.

The Executive Board of the Hamburg P. T. A. met Wednesday evening at the home of the president, Mrs. James Vasher of Hamburg Road, to discuss plans for the coming year.

Congratulations to Mr. and Mrs. Walter De Wolf who celebrated their wedding anniversary on August 22nd. On Saturday evening, a group of their friends enjoyed a hayride in the moonlight followed by a corn roast at the De Wolf farm.

Mrs. Grace Howard of Chilson Road, spent last week visiting Mrs. Glen Borton at her cottage on Drummond Island.

On Thursday of last week, Charles Baker of Lakeland and Bud Porter of Whitmore Lake skin-divers, recovered a 5½ H. P. motor from Zukey Lake, belonging to James Shirey. They also recovered a 7½ H. P. motor two weeks ago, belonging to a man from Detroit.

The Orland Winslows entertained the Norman Winslow family of Drayton Plains on Sunday.

Pamela Winslow, daughter of Mr. and Mrs. Orland Winslow was injured when bottles of pop exploded while she was picnicking Saturday. She was taken to Dr. Smith at Whitmore Lake and the cut required four stitches.

Weekend visitors of the James Boyds' were Mr. and Mrs. Donald Peters of Garden City, Mr. and Mrs. Richard Cooney of Detroit. Mr. and Mrs. William

White of Detroit, were callers on Sunday.

Robert Wooten, son of Mr. and Mrs. David Wooten of Buck Lake, will finish his course of cabinet making with the Naval Seabees on September 2nd. He is stationed at Oxnard, California. He and his wife, the former Mary Boyd, daughter of Mr. and Mrs. James Boyd of Lakeland, will return to Michigan on September 7th.

Word was received by the James Boyds' that their son Jim will leave Turkey on October 19 for the states. He has been in Turkey since last November.

Mr. and Mrs. David Wooten of Buck Lake returned home recently from Canada, where they vacationed for two weeks. They were accompanied by their granddaughter.

The Holy Name Society of St. Mary's Catholic Church, met at the home of the John McMillan's at Rush Lake last Thursday for a corn and weiner roast.

Mr. and Mrs. George Mihelech, parents of Mrs. Joseph Gargiola and Mrs. Joseph Spehar of Rush Lake, returned home on August 25th, from a European trip. During their three months stay they toured England, Paris, Ireland, Italy, and Yugoslavia. They also visited the Vatican.

The case of the nation's disappearing school districts is not the title of a new mystery thriller, but one of the hottest topics in education today, according to the National Education Association.

Every year there are about 5,000 fewer school districts in the United States. From 1948 to 1958 the nation's 101,945 school districts were reduced by more than half.

Library News

New books at the library are: King - "May This House Be Safe From Tigers", Chidsey - "Reluctant Cavalier" - Tabor "Spring Harvest" and Shute. "Trustee From the Tool Room". One of the most delightful and absorbing stories we have added recently.

Many Schools Act to Install Language Lab

Instruction Has Spread Into Elementary Classrooms

Instruction in foreign languages has spread with almost unbelievable rapidity into elementary schools as well as through secondary schools, during the past year.

And accompanying the spread, or possibly stimulating it, is the introduction of a new kind of "teacher" — the electronic teacher — in terms of sound recording and play back devices.

In New York City, for example, where there are many demands for those fluent in foreign tongues, the school system expects to have as many as 20 "electronic language laboratories" in use by 1961.

In some parts of the country teaching foreign languages to those in the early grades has been started, and already, has precipitated some controversy about whether it is wise to start the youngsters on such a course before it is known that they may be able to make use of it later.

Makes Them Fluent

In any event, as the world grows "smaller," and more Americans go abroad every year, as career opportunities involving close contact with people from other nations broaden, the new "electronic language teachers" speed students toward fluency in many an otherwise difficult tongue.

Actually, the "electronic teacher" requires a teacher to supervise its work, but in the process, it vastly extends the real teacher's ability to handle many more pupils, much more effectively.

The sound recording instruments make it possible for students to practice conversation far more than they would otherwise, for the conversations may be recorded, compared with enunciation of an expert, and played back for correction. They help students understand more quickly as well as speak more fluently.

Once school opens, the members of the School Safety Patrols, recruited from among the pupils themselves, will be on hand at street intersections to guard their schoolmates against traffic.

It must be remembered that School Safety Patrolmen have no authority over the flow of traffic. Their job ends at the curb.

Yet they deserve the utmost in cooperation from the passing motorist. The rule is "slow down — proceed cautiously" when approaching a school.

Adult crossing guards, recruited from among grown-ups who can give the necessary time — frequently with pay — are helping in the increasingly effective campaigns to keep the youngsters safe from traffic hazards.

For extra value from cereals cook or serve with milk.

The school lunch program, now so widespread, is planned to provide about one-third of the child's daily nutritional needs. In addition to the half pint of milk served with lunch, extra milk is made available throughout the day by the special milk program.

WYNNE CHESTER SAYS:

No Arms—No Amour

Of course, that's an exaggeration. A woman doesn't have to hunt, or shoot, either, to get or to hold a man. But showing interest in the things HE likes certainly can't do any harm.

If you learn to shoot the rewards will be great for both you and your husband — and your sons, too. You'll share the beauty of a hike through the woods when all the trees are aflame with the colors of fall. And you'll thrill when the hunter—maybe it'll be you

—hits the first zooming bird on the fly.

But before that great day comes you must learn to shoot. Perhaps your husband or son will teach you. If not, you can get professional help from your local trap or skeet range. Remember, shooting is one sport that puts men and women on equal terms. A steady hand and a good eye are better than 200 pounds of muscle.

Arms — and the man and the woman are equal.

Solar May Get Private Office

High schools of tomorrow may offer students "private offices" of their own, according to one suggestion incorporated in a study by architects and educators under the auspices of the American Association of School Administrators.

These would be small cubicles enclosed on three sides and fitted with desk, chair, bookcase, filing cabinet, bulletin board and maybe also a television screen.

The time may come, it is pointed out, when educational programs for pupils will be worked out on an individual basis.

Word received from Washington, D. C. Tuesday morning states that since nation-wide publicity has been given to the possibility of a postal substation being established in Hell, Congressman Charles E. Chamberlain (R) has received a number of protests from residence in the Hi-Land Lake area. He has submitted these letters to the Post Office Department so that the views of all persons interested will be known by the department.

The decision as to whether a substation will be established is completely under the jurisdiction of the Post Office Department.

MRS. ROBERT GRADWELL
Mrs. Laura Lavey Gradwell, 74, passed away at St. Joseph Mercy Hospital, Ann Arbor, Tuesday night. She had been ill for several weeks. Mrs. Gradwell lived at 410 E. Main Street.

Mrs. Gradwell, a native of Pinckney, was the daughter of Michael and Jennie Roche Lavey. She lived in Chicago for many years, returning to Pinckney following the death of her husband.

Funeral arrangements have not been completed. Friends may call at the Swarthout Funeral home.

Mrs. Clare Miller attended an executive board meeting of the MEA at the home of Mrs. E. Snellenberger in Brighton, Tuesday evening. Mrs. Miller is secretary - treasurer of the board this year.

U. S. NAVY RECRUITING

Because of the need for experienced men to man our ever growing and expanding fleet, the chief of Naval Personnel has announced a special program for re-enlistment to former regular Navy and Naval Reserve Personnel.

Openings in fifty seven ratings are available in aviation, deck, construction, precision instrument, engineering, electronics, ordnance, and administrative, to those who are qualified.

Former regular navy and naval reserve personnel with honorable discharges who held one of the fifty seven open ratings may re-enlist in the regular navy in the rating held at time of discharge

Car Pool Drivers Urged to Observe Safety Principles

Mothers who participate in school car pools are reminded of common sense rules to insure safety of their charges, by Leonard M. van Noppen, Universal CIT vice president who supervises a 30,000,000 a year fleet. Here are some of them.

"Don't stand for any horse-play. Stop the car first, then the fight.

"Dress for the job by omitting dangling bracelets, loose scarves and high heels, and allow plenty of time to pick up the kids.

"Don't crowd more children into the car than it will hold comfortably. Make sure doors are locked.

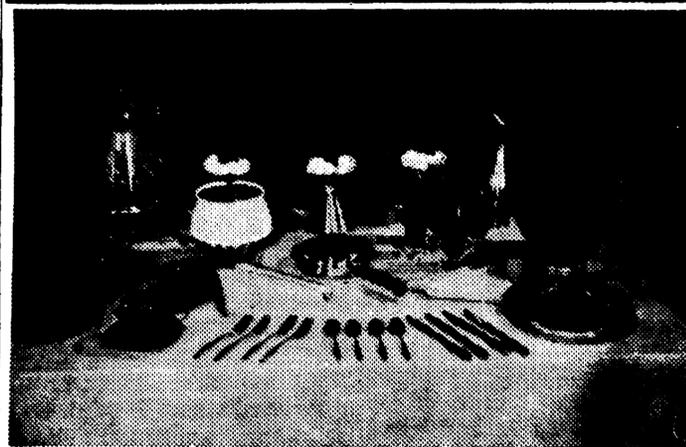

"Never let the children out of the car except on the curb side.

"Car pool drivers should make sure their liability insurance covers them for all passengers."

Gracious Living

HOLI-DAY: A period of recreation or rest - Webster Dictionary

Too often, holidays are anything but restful for the hostess. If last year's festivities left you exhausted, don't despair. A few simple ideas can make your parties for the coming year easier, with less work and more fun for you.

1) Use as few dishes as possible. Oven-to-table or stove-to-table casseroles save preparation and cleaning time. Stainless steel casseroles are an excellent choice: their gleaming modern appearance graces any table, and of course stainless steel is easy to clean and the most sanitary cooking utensils you can buy.

2) Whenever possible, serve a buffet. Let the guests serve themselves. They will enjoy it, and you can have time to enjoy your guests. Arrange the food attractively in trays and cas-

seroles, since eye-appeal makes food "taste better."

3) Don't polish your tableware! This time-consuming chore is no longer necessary if you use tarnish-free stainless steel tableware and serving pieces. Their elegant simplicity is in excellent taste, and no matter how often or how seldom they are used, your stainless steel will always stay "party-bright."

4) Bring Automation to your kitchen. Electric percolators, frying pans and a host of other small electric appliances can make cooking easier, will keep second helpings warm. You will notice that the finest small electric appliances in stores are made of stainless steel; this is because stainless steel never imparts a foreign taste to foods or coffee to spoil their delicate, natural flavors.

Silver Lake residents were saddened last week by the news of the tragic death of Janet Crane, 18, of Ann Arbor, who was killed in a fall in the Teton Mountains, Jackson, Wyoming. Dr. and Mrs. H. R. Crane and family are well-known summer residents at Silver Lake where they own a cottage.

Mr. and Mrs. James Doyle (Nancy Willis) are the parents of a son, James Michael, born on August 25, at St. Joseph Mercy Hospital, Ann Arbor. Father and son will meet for the first time when Jim returns on September 2 from two weeks of Marine Reserve duty at Parris Island, South Carolina.

Adults Blamed for Children's Farm Accidents

Farm boys and girls had an epidemic of serious accidents last month. A Michigan State University agricultural safety engineer sees this as a warning to parents.

"Young children often don't appreciate the danger of riding on a tractor drawbar or playing with a power takeoff," Richard Pfister points out. "Parents often blame youngsters for recklessness. But it's the adults who should provide a good example, instruction and close supervision."

The July 15 issue of Michigan weekly newspapers reported at least eight serious child accidents on farms. Pfister says there were undoubtedly many lesser mishaps for every one that made the papers. Here are some of the worst tragedies:

A 15-year-old Barry county boy died when he made a high hitch and his tractor flipped over on top of him. He was trying to pull out a neighbor's tractor that had gotten stuck in a corn field.

An 11-year-old Huron county girl lost her right arm at the shoulder after catching it in a power takeoff.

An 11-year-old Huron county boy suffered a badly bruised and torn left arm while helping his grandfather put a belt on a piece of hay harvesting equipment.

14-year-old Montcalm county boy lost both arms as he fell in front of a mowing machine. He had been riding on the drawbar.

A 12-year-old Montcalm county boy tried to make a U-turn with a tractor. The machine turned over on him, causing a broken leg and other injuries.

A young Genesee County lad barely escaped serious injury when he slipped from a tractor. One of the big rear wheels passed over his body.

Pfister doubts that you can blame many of these children. Lack of instruction and supervision by adults contributed heavily to their accidents.

The safety engineer also warns against letting young children drive tractors on the road by themselves.

"Mile for mile, cars aren't as dangerous to drive as tractors on the road," he points out, "and children can't drive cars legally until their late teens."

How Do Your Schools Rate With Others

Here Are Some Firsts Shown by Survey

How do the public schools in your state compare with those of other states? How does your state rank with the national average on educational matters?

Based on latest available figures compiled and studied by the research division of the National Education Association issued recently in the form of a tabulated report, here are some revealing highlights:

CALIFORNIA: First in classroom teachers' salaries, and pupil enrollments.

ALASKA: Highest average salary of instructional staff.

NEW YORK: Highest current expenditure per pupil, and highest estimated school-age population.

HAWAII: Highest average daily attendance.

SOUTH DAKOTA: Most favorable ratio of teacher to pupils.

ILLINOIS: Highest average length of school term.

DELAWARE: Highest per capita state expenditure for public education.

COLORADO AND CALIFORNIA: First in adult population with four or more years of college.

● NEIGHBORING NOTES

Stockbridge will have a special school election on September 12 for the purpose of approving a \$600,000 bond issue. The money would be used to add 10 or 12 rooms to the high school and to make additions to the Gregory School and the Smith School and to buy some needed land.

Robert J. Bock, 52, manager of the Detroit Edison office at Dexter, died last week in an Ann Arbor hospital following a short illness.

Ground-breaking ceremonies were held Sunday afternoon in Chelsea for a \$600,000 school for mentally retarded boys, to be known as the St. Louis School for Exceptional Boys. Sponsored by the Catholic Archdiocese of Detroit the school will be located on the Van Valkenberg farm on Old US 12.

The Lyon Township Board of Education has adopted the master teacher plan for meeting the reading problem in the elemen-

tary grades, a part of the over-all plan to improve the efficiency of South Lyon area schools.

The Howell Melon Festival this week end will mark the climax of perfecting of the Howell melon, an agricultural achievement of national importance. Three Livingston County families, the Howard Dankers, the Gerald Knights and the Willard Wiltzes, are the pioneers in this venture. A bumper crop of melons seems to be on hand and a taste of the delicious Howell Honey Sweet melon tells more of this luscious product than a thousand words.

About forty handicapped children enjoyed camping at the University Fresh Air Camp last week under the sponsorship of the Washtenaw Crippled Children's Association.

Mrs. William Densham, of Mower Road, has announced the marriage of her daughter, Grace M. Price to Sylvester Harris of Pinckney. Justice of the Peace Eric Singer officiated at the ceremony in his Brighton office on Tuesday, August 23. The couple will live at 510 Patterson Lake Road.

Back to school means busy days for mothers and children alike. It takes good planning to have things run smoothly in a home with active young children. Harnessing some of their extra energy, planning your work carefully, give the family more time to spend together.

Besides, in getting the children to help with housework, they learn how to do things, to cooperate with one another, and to take pride in their home.

There are many things children of school age can do which help lighten Mother's work load. Suggesting interesting activities that offer some challenges, make them eager to help. It's a good idea to work along with children, if not at the same activity, then another one.

Chores of Children

Here are some chores most children can do and do well:

- Bed making especially if fitted sheets are used. Even younger children can do a neat job.

- Cleaning windows (from the inside!) seems to be high on children's preferred list of jobs.

Items of Interest

The beautiful all-glass house featured in the September issue of Better Homes and Gardens and shown on its cover is familiar to two area women. It is the Dearborn home of Miss Marion E. Carson who is a cousin of Mrs. Merwin Campbell of Pinckney and Mrs. James Hall of Howell. Miss Carson is a frequent Pinckney visitor and her cousins have enjoyed visits to the Dearborn home.

Many of the charming details of the home were designed by Miss Carson who is a supervisor of arts in Dearborn schools. Furnishing are Swedish modern and many of the objects of art, including vases, were made by the owner.

Three Pinckney 4-H Club members are taking part in the 1960 State 4-H Show now in progress on the Michigan State University campus, East Lansing.

Entries have been made by Sharon Line of the 4-H Saddle Horse Club; Norine Grumelot in electrical projects and John Singer in vegetables gardening.

John is a second year member of the Pinckney Pioneer summer group.

Mr. and Mrs. James Whitley and children were among the guests at a picnic Sunday at the Richard Keeton home in Ann Arbor.

Jean McGuire of Orchard Lake spent last week here with her cousins, Linda and Laurie Whitley.

Congressman Charles E. Chamberlain (R. Michigan) has announced the names of the people who will serve on his campaign committee for his reelection to Congress in November. Charles R. McLean, a prominent Lansing attorney has been named general campaign manager. In Livingston County, Louis Bekkering and Mrs. Robert T. McPherson will serve as chairman and vice chairman, respectively. Named from Pinckney are: Fred Read, W. H. Euler, Mrs. Mae Daller, Mrs. Thomas Bonner, Clare Swarthout, Herman Vedder, Welton Chamberlain, Robert Egeler, Gene Edgar, Charles Hewlett, Mrs. Max Russell, Gustave Hanneman.

Mr. and Mrs. Bruce Sable (Eva Harnack) and family of Washington were Sunday guests at the Mike Harnack home. The Sables recently bought a cottage at Lewiston and with the Harnacks plan to spend some vacation days there.

W. H. Meyer remains a patient at St. Joseph Mercy Hospital where he was taken more than a week ago with an infected toe.

Mrs. William Lamb and children who spent the summer at the home of her parents, the W. H. Meyers, while Mrs. Meyer was in Europe left for their home in Pittsburg, Pa., Monday night. James Meyer drove their car and will return by bus.
