## Annual Eastern Star Meeting Held Here

The annual meeting of the Livingston County Association, of the Order of the Eastern Star, was held at Pinckney, September 20th. The meeting was called to order by Genevieve Henry, Worthy Matron of Pinckney Chapter, who introduced Carrie Francisco of Brighton, president of the Association. The address of welcome was given by Jo Ann Matteson of Pinckney with Lola Luce of Brighton responding.

After a message from the Worthy Grand Matron of Michigan, routine business matters were attended to and, the following officers were elected for the ensuing year: Esther Fawcett, Howell, President; Mabel Kuttler, Fowlerville, 1st vice president; Bonnie Henry, Pinckney, 2nd vice president; May B. Forrest, Brighton, 3rd vice president; Catherine Johnson, Howell Secretary-Treasurer, Helene Van Conant, Brighton, Chaplain; Edith Morlock, Fowlerville, Marshall; Virginia VanNorman, Organist.

## ACO Observes 5th Year In Pinckney

## Letter Writing Week Observed October 2 to 8

The 23rd annual Letter Writing Week will be observed in Pinckney during the week of October 2 to 8, it was announced today by Postmaster Lawrence Baughn.

Postmaster Baughn noted that there has been a revival of personal letter writing during the last few years. "A letter remains the most economical, longest lasting, and sincerest means of extending greetings, communicating social news, and exchanging ideas," the Postmaster said.

During Letter Writing Week, Postmaster Baughn suggested that individuals write at least two letters: one to a friend or relative from whom you have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to you. He also urged correspondence to people in other countries as a means of promoting greater understanding among the people of different nations.

The slogan of this year's event, as indicated on more than 200,000 banners, is "Letters are Links to Friendship." The display materials will appear on post office bulletin boards, and rural carrier vehicles, as well as in various schools and libraries.

## Kiwanis Club

Tuesday's dinner-meeting of the Pinckney Kiwanis Club was Ladies' Night at Pilgrim Hall. The Kiwanians and their guests heard Mrs. Frank Niewiadomski of Shangri-la tell of her summer vacation tour of Europe. She had spent six weeks with relatives in Poland and Germany and visited the Vatican, Italy, France and England.

A spokesman for the club reports that the club's Kids Fund was considerably swelled by proceeds from the peanut sale at the football game Friday night. More packs of peanuts were sold at this game, it seems, than at all games last season.

## Junior Varsity Splits 2 Games

The Junior Varsity football team coached by Richard McCloskey played two games last week, winning the first game on Tuesday from Saline, 14-0, and dropping the second to Dexter, 13-6, on Thursday. (The fact that 44 players are participating in junior varsity football makes this schedule possible.)

At Saline Art Segura intercepted a pass and ran 30 yards for the first touchdown seconds before the end of the first half. A pass from John Holben to Tim Clark resulted in the second TD and John Beiry's safety added the two points to the young Pirates score. The team's only score on Thursday was made by Ben Segura when he recovered a fumble and dashed 35 yards to cross the goal line.

Today at 7:30 the J. V. meets Chelsea, there.

### MARRIED HERE

Kenneth W. Annabel of Chelsea and Diane Jacobs of Gregory were united in marriage Sunday afternoon by Justice of the Peace, Otto Poulson, at his home.

## Injuries Hurt Pirates in 18-0 Loss to Manchester Friday

The Manchester Dutchmen blanked the Pinckney Pirates, 18 - 0, in the home team's first conference game here Friday.

Dogged by the loss of four veteran players from line and backfield, out with injuries, the team, nevertheless, fought gamely through to 0 - 0 half-time score. Hopes for a touchdown were high in the second quarter but Ed Guy was run out of bounds on the one yard line.

In the second half Manchester zipped into action with touchdown runs of 50, 31 and 9 yards.

The Pirates will travel to Ypsilanti tomorrow night to meet Roosevelt who lost a non-con-

The Aco, Incorporated, 461 Dexter Road, observed the fifth anniversary of its location in Pinckney last week Tuesday. The occasion was marked by a dinner for all the employees with Dale Fosdick, owner and president of the company, as host.

The local plant began operations here on September 20, with two employees the first day. They are Mrs. Dwight Wegener and Mrs. Alma Utley, who head the seniority list today. Third on the list is Mrs. Charles Clark who started work the second day. The plant presently employs 70 men and women on two shifts.

The Aco is one of two plants of the Pittsfield Products, with main offices at 5741 Jackson Road, Ann Arbor. The other plant is Pittsfield Products of Hamilton, Indiana.

Co-managers of the local plant are James Blommel and Thomas Sobalich. Plant facilities have been considerably expanded in the past five years. Wire cloth products of practically every description for use in filters are manufactured here.

Attending the celebration dinner at ACO last Tuesday, also, were Mr. Max Fosdick of Saline, formerly an active worker with the firm, and members of the Ann Arbor office staff.

ference game to Hudson, 20-0, last Friday.

It remains to be seen whether Terry Rowell, Bob Williams, Jim DeWolf and Jack Cotes will be able to play this week.

All Pinckney Community Schools will be closed on October 7, while the teachers attend Teachers' Institute at various meeting places in Mason, Lansing and Owosso.

Five members of the Cub Scouts, Pack 58, attended the Michigan - Oregon football game at Ann Arbor with Cubmaster Frank Zenulka.

## ● NEIGHBORING NOTES

Funeral services were held on Saturday for Art Treganowan and Art Walker. The Washtenaw County Civil Defense groups held defense exercises on Sunday with the Dex-

ter Fire Hall serving as temporary communications center. Chelsea's part in the exercise was "Care of Evacuees".

A budget of \$3,300 was set this year by the Stockbridge Community Chest board members.

Arthur Smith, 42, serving his third term as mayor of Stockbridge passed away last Monday at Foote Hospital in Jackson following a short illness. He was a native of Stockbridge and before being elected mayor served six years as a member of the village council. His widow, the former Mary Bumpus, and two sons survive.

Larry Eugene King of Howell and Charles Edward Ackerman of Milford are new enlistees in the U. S. Navy. The former has enlisted in the seaman field and will receive basic training at Great Lakes, Illinois. Ackerman, in the electronics field will also get his recruit training at the Naval Center, Great Lakes, Illinois.

## McPherson Health Center Study Is Continuing

The study by the University of Michigan Program in Hospital Administration is continuing in the hospitals surrounding Livingston County.

The records of University and St. Joseph Hospitals in Ann Arbor and Foote and Mercy Hospitals in Jackson are now being reviewed for the purpose of ascertaining the number of admissions occurring of Livingston County residents.

The urgency of securing this information is evidenced by the current occupancy of the McPherson Community Health Center. The past weeks have shown occupancy ranging up to 130 percent. It has been necessary to place patients in treatment rooms, waiting rooms and corridors.

Every effort has been made to expedite the care and treatment of patients in order that placing patients in the halls be avoided other than in emergencies.

## Library News

We wish to thank Mrs. Iva Gardner for books and Mrs. T. S. Otto for magazines.

Mrs. Harry Griffith, Chair-

man of the Nominating Committee, presented the nominations. Elected to office were Robert R. Wadlund, M.D., President; James H. Sullivan, Vice-President; Laurence Seim, Treasurer and Mrs. Joyce Diehle, Secretary. Mrs. Diehle was elected to succeed Mrs. Ivan Taber who served eight faithful years as secretary to the society. Mrs. Bryan Brieden was elected Chairman of the Public Education Committee; Gregory Anderson, Campaign Chairman; and, Mrs. Vincent Fidler, Volunteer Activities Committee Chairman.

Mrs. Fred Thompson of the Dressings Committee reported on the number of cancer patients served with dressings during the past year. The Dressings Committee has agreed to provide dressings for hospitalized cancer patients as well as for those at home. This will help reduce the cost for the hospitalized patients served.

# NOTES FROM THE— ELEMENTARY SCHOOL

## EIGHTH GRADE—

We started hot lunches Tuesday afternoon. It is working out fine. The Student Council started activities Tuesday afternoon. Mr. Bailer's and Mrs. Meyer's 8th grade boys played football with St. Mary's school, September 22.

## KINDERGARTEN—

Most of us like school a little better now than we did at first.

We have learned our names and can recognize them on the chalk board. We have also learned 5 songs and 2 singing games.

We are learning what letters our names begin with and the numbers 1 and 2.

We have safety posters on our wall and we read what it says on them.

We say the "pledge to the flag" every day. Jeanne Devine, Patty Josephson, Mike Pena, and Mike Tucker celebrated their birthdays in September.

## FIFTH GRADE—

We are bringing in newspaper clippings to read and get better acquainted with the world situation.

Book reports are under way, very colorful and interesting.

"Early America" illustrations are being drawn to show important steps in History.

Sam Singer had a September birthday — he received a card and a spanking.

We were introduced to dictionary work and like it (some of us do). We find it a key to good word usage.

A new media in art has been used by Diane Walliburton and Linda Zezulka in picture painting with salt and pepper.

Our notebooks were checked for organization and neatness.

We started our "Write a Letter Campaign."

We are very happy to have hot lunches.

## EIGHTH GRADE—

Stanley Kourt and Larry Baughn put the schools fence together and they are now painting it.

Our rooms artist have just finished a fall scene for the back of the room and are now starting on the front of the room.

We have a big bulletin board on trouble spots in the World. Kathy Shettleroe is chairman.

## FOURTH GRADE—

We have thirty-seven fourth graders in our room. We are evenly divided. We have nineteen boys and eighteen girls. We have new geographies and

English and spelling workbooks.

Every Monday and Friday we have flute lessons taught by Mr. Napier. They are lots of fun.

Room committees have been appointed to keep our room and school neat and clean.

Christine Line and Gary Marsh are our Student Council representatives. Darlene Knapp and Lee Davis are the alternates.

## SEVENTH GRADE—

This year we have twenty-nine children in our room. Our favorite subjects are gym, which we have once a week for an hour and art everyday. Last week we made geometrical designs and this week are making mosaics. In English we are learning the different parts of speech. In geography and science we have just finished a unit on "Our Earth".

In spelling we have been writing our words ten times on Monday's, the definitions on Tuesday's and sentences on Wednesday. We have the trial test on Thursday and the final test on Friday. Our art projects were so good that the teacher put them on the bulliten board. We hope she likes our mosaics as well.

## SECOND GRADE—

One group of us have completed one of our review readers and started another.

We are all trying to learn our "Pop up Words".

We elected a class president and vice president this week. Vickie Widmayer is president and Mary Schroeder is vice-president.

Thomas Ehman is our student council representative, Elizabeth King the alternate.

We have several kinds of

caterpillars, grass hoppers, crickets and other bugs on our science table. Today we got a snake.

## THIRD GRADE—

Our student council members for this year are Kathy Haas and James Frochlich.

We are happy to be having hot lunches again. We are eating in our own rooms this year.

One of our bulletin boards is called "Today's News". Each week the girls and boys bring in pictures of events that happened during the week and put them on the board.

## SIXTH GRADE—

A lot of our papier mache worlds are being painted. There won't be time to have everyone do them so we decided to have two people to each world. Only one of us has their world shelaced.

The 21st of September, each one in our room made up a story problem and on a master sheet and we had them mimeographed. We made 100 copies so we could take one home and keep one at school.

Here are a couple of examples of our home made problems. Can you do them?

If 1lb equals 16 ounces how many lbs. will there be in 427 ounces? Doug Winger?

What will make 480 in Roman numerals? Carolyn Sullivan.

Sam has \$13.20. The motor scooter he wants to buy costs

\$300.00. He gets \$4.50 a week. How many week's allowance does he have to save before he has enough money to buy the scooter? Linda Wegener.

## THIRD GRADE—

We were surprised Monday by finding some new book shelves at the back of the room.

Our newly elected student council members are Tim Stauffer-regular and Bonnie Speake, alternate.

Susan Bowles and Alan Quesenberry had birthdays September 19th.

Group 3 have completed their first unit in reading. Everyone did well on the vocabulary test.

Carol Long has moved to Chemung Lake and will attend school in Howell.

## MICHIGAN MIRROR

People who take money from Michigan citizens on false pretenses are under attack.

Attorney General Paul L. Adams and his staff have put into operation a program to warn consumers about the schemes and gimmicks that unscrupulous salesman use to bilk the public.

The theory behind the program is that if people know what to look out for, they won't be susceptible to fraud or near-fraud.

"It has become apparent that

the rapid expansion of consumer and nationwide phenomenon of frauds and unfair trade practices is a recognized statewide of concern to all of us," Adams said.

He has recruited representatives of reputable business and trade associations, lawyers, legislators, state and federal officials, educators, civic leaders and members of the press, radio and television outlets to work in the fight against fraud.

Worthwhile results of the program have already started to show up, Adams said.

"As a part of our consumer's protection program, we have been distributing bi-weekly articles to all newspapers, radio stations and TV stations, alerting the public to various schemes and gimmicks designed to bilk the consumer," he said.

"The fine cooperation of these news agencies has been paying off," Adams said.

"We are beginning to hear from consumers who read or heard of these warnings in time to save them from falling for some fraud. It is through such cooperation between public agencies and the press, radio and TV that we can continue this fight to protect the consumer's dollars," he said.

A chief target of the attorney general's campaign has been the door-to-door salesman.

Householders are constantly in danger from persons who arrive selling anything from overpriced merchandise to complete home repair service which is either not provided or shoddy.

The scope of the battle will eventually extend to shady operators in all fields.

The Michigan State Chamber of commerce has picked seven major challenges facing Michigan businessmen as problems to overcome in reaching the state's economic potential and rebuilding its national image.

Echoing politicians of both parties, the Chamber put creation of new job opportunities first on the list.

"Michigan has the manpower, the materials, the mental capacity, the management experience and the opportunity," said Harry R. Hall, executive vice president of the newly formed body.

"With the proper leadership, unstinted cooperation and some good old fashioned hard work, Michigan's economic expansion is limited only by the effort we are willing to exert," he said.

Other challenges listed by the state chamber:

Legislation to help bring employers to Michigan. An overhaul in the state's tax structure. Expanded personal political participation by businessmen. Better communications to help businessmen understand the economics of doing business. Revitalizing and restyling the image

of Michigan, and a united voice of businessmen to fight all the other challenges.

"Our job . . . is to promote, publicize and sell Michigan's magnificently good qualities to the rest of the nation, and in some cases to the people of Michigan," Hall said.

Michigan missilemen take a backseat to nobody when it comes to accuracy.

The Michigan National Guard said recently two Nike-Ajax missile batteries—both from the Detroit area—each scored two hits in two tries at a recent training exercise in Fort Bliss, Tex.

The four successful firings were at ranges of more than 15 miles.

"Both batteries gave outstanding performance while on the firing range," said Maj. Gen. Ronald D. McDonald, the Adjutant General of Michigan.

Batteries B and C of the First Missile Battalion (Nike-Ajax), 177th Artillery, were the dead-eye shooters.

"With a score of 90 as superior, Battery B was rated as 92.4 and Battery C was rated as 90.8. The battalion was given an Outstanding Proficiency Award by the Fort Bliss Missile authorities," said McDonald.

Jack Frost often gets credit for coloring leaves but the color change would take place whether there have been frosts or not. In summer, green chlorophyll masks the other pigments in the leaves but in the fall, plants slow down production of the chlorophyll and the other colors show through, explain Michigan State University horticulturists.

## Monday, October 10, 1960 - Last Day The Thirtieth day preceding said Election

As provided by Section 498, Act No. 116, Public Acts of 1954.

From 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

### ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence duplicate registration cards, and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths, and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

### UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote.

### TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. Any registered elector may, upon change of residence within the Township, City or Village, cause his registration to be transferred to his new address by sending to the Clerk a signed request stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in the proper precinct file. Such transfers shall not be made within the 30 days next preceding any election or primary election, unless such thirtieth day shall fall on a Saturday, Sunday or legal holiday, in which event registration transfers shall be accepted during the next full working day, provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided 30 days next preceding any election or primary election.

### TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from 1 election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request, the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such elector's registration in accordance with the application. When the name of any street or resident house number in any Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of the street or resident house number in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

WILLIAM V. BACKLUND, Township Clerk

WYNNE CHESTER SAYS:

## LONG LIVE The Kings of the Uplands!

Of all the upland game birds in America, I think the most beautiful is the lordly, multi-colored ring-necked pheasant.

Before 1882, there wasn't a pheasant in America. But our hunters had heard of this crafty and tasty oriental bird, and a few were imported from China and released in Oregon.

The pheasant liked America — besides tasting good, he had good taste, too! — and today they're one of the leading upland game birds in the northern and central states.

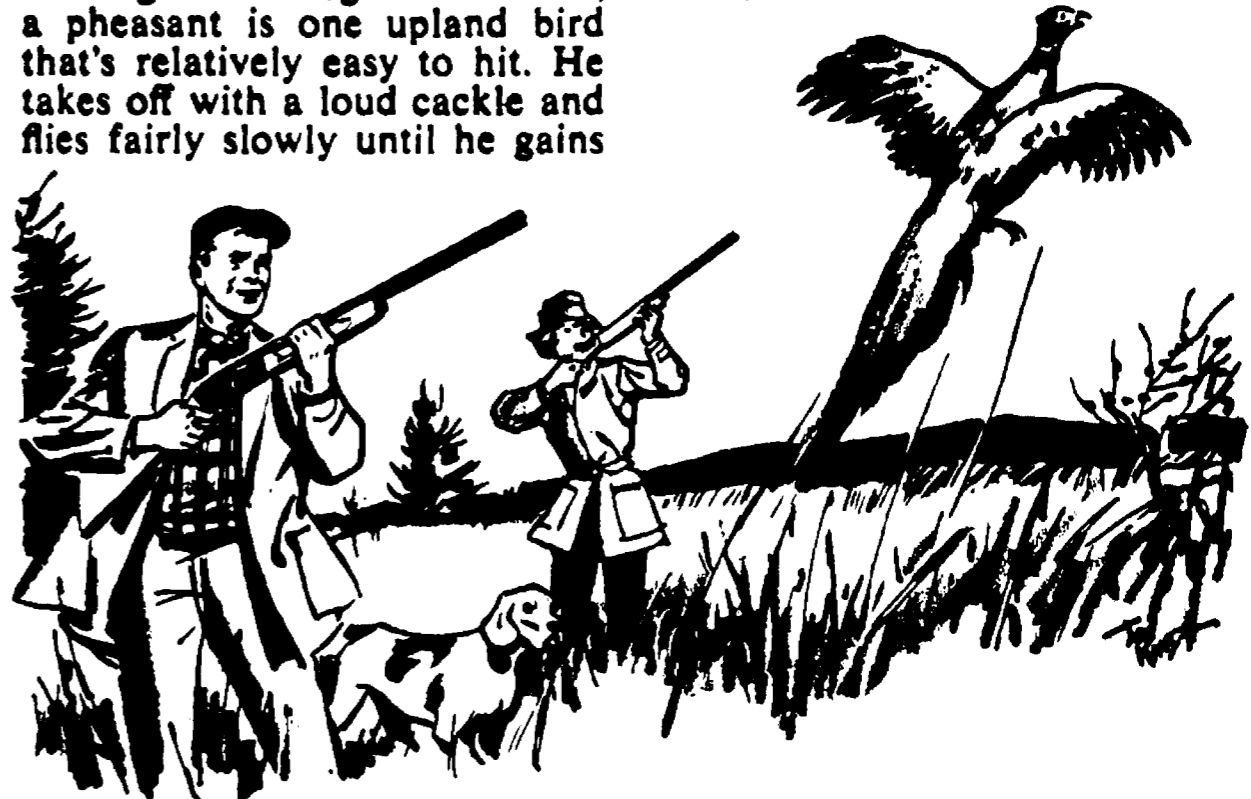

But plentiful as they are, pheasant aren't always so easy to find. They seem to know when hunting season begins. However, a pheasant is one upland bird that's relatively easy to hit. He takes off with a loud cackle and flies fairly slowly until he gains

enough altitude to give himself the gun — if we don't beat him to it!

Upland game, of course, means quail in the South. By comparison with the pheasant, the gallant Bobwhite seems jet-propelled. When a whole covey takes to the air at once it sounds something like an Air Force squadron.

Half the fun of hunting quail is watching the dogs at work. They're fascinating!

Other popular upland birds are ruffed grouse, dove, woodcock, snipe and wild turkey. Believe me, they're all great for testing your skill — and filling your skillet!

## Padding for Your Carpet

Carpet gives you soft footing in the living room. The degree of softness is often directly related to the padding under that carpet. Price and springiness vary with different padding materials, and you have a wide choice of both.

Jessie Marion, home furnishings specialist at Michigan State University, says the traditional hair and jute padding are still available and are still the most widely used. A hair-jute combination is often the most economical, priced just under all-hair pads. These provide excellent resiliency along with a firm foundation. Newer types of hair and jute paddings have foam rubber added to provide extra springiness.

Next in price, and with a softer cushion are foam and sponge rubber paddings. Urethane plastic padding are generally highest priced and are considered exceptionally resilient. Rubber and plastic paddings are moth and insect proof, mold and mildew proof and they are non-allergenic. The plastic paddings are also moisture resistant.

Miss Marion says no one carpet padding is "best" for all families. Each padding can give satisfactory service. Choice must be guided by budget, degree of softness and special character-

istics desired and by the type of flooring to be covered.

Horace Mann is the father of the American school system.

## Auto Show Goes To Detroit

Automobile Club of Michigan today began state-wide distribution of more than 50,000 colorful pamphlets entitled "All Roads Go to the Auto Show, Oct. 15-23.

"Detroit has dozens of major attractions, hundreds of fine restaurants, plenty of good accommodations, top notch entertainment plus the biggest and best National Auto Show ever held anywhere," said Harry N. Rogan, Auto Club travel director. "We rank as Michigan's best tourist bet for the fall."

"The National Show rightfully belongs in Detroit and Michigan, the world's auto manufacturing center," said Rogan, "and we're doing everything we can to make this its permanent home. We're trying to encourage all Michiganians to do their part and support the show by their attendance."

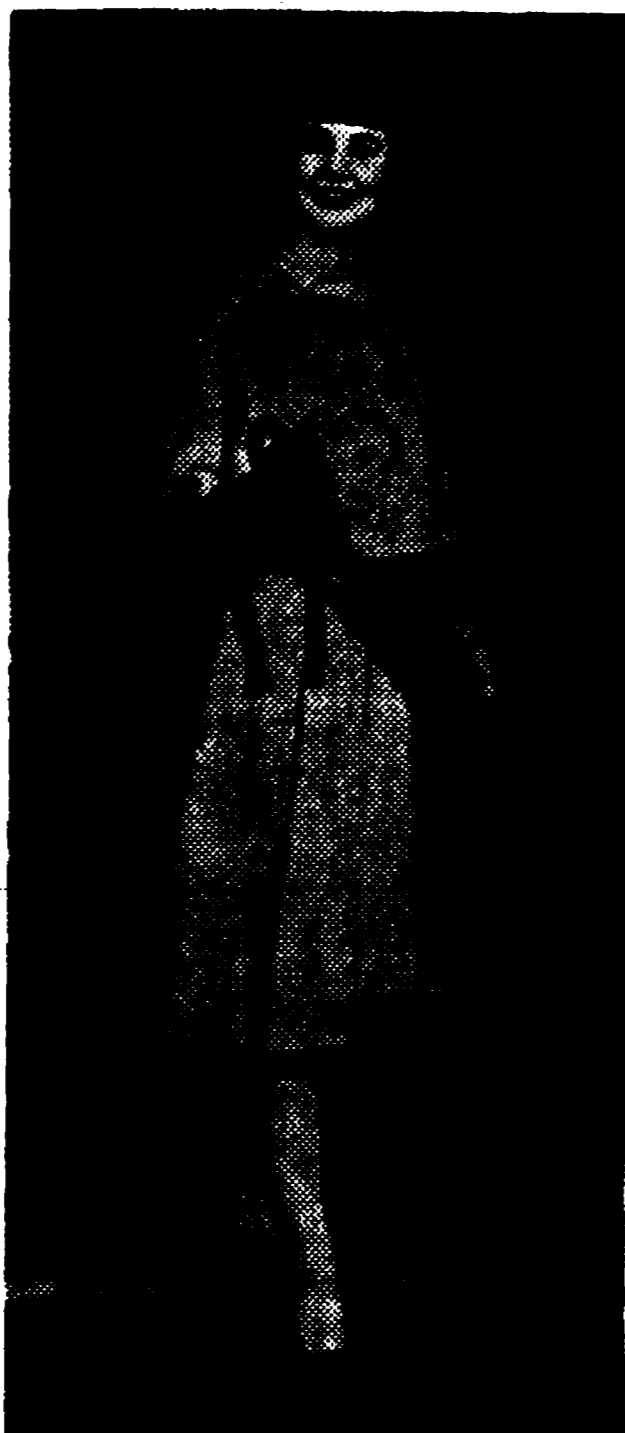

The annual non-profit extravaganza, sponsored by the national Automobile Manufacturers Association, will take place in Detroit's mammoth Cobo Hall. Over 200,000 square feet of floor space will make it the largest and most lavish display of cars and trucks under one roof and on view. There'll be four Broadway stage shows daily, featuring such stars as Julius LaRosa, the June Taylor Dancers, the Ray Charles Singers and Neal Hefi and his orchestra, plus daily fashion shows. President Eisenhower will visit the show on October 17.

Tickets to the show and descriptive pamphlets are available through all Auto Club offices, Rogan said. Ticket prices, 50 cents for adults and 25 cents for children, have been kept low purposely to encourage all to attend.

Black-haired, dark-eyed Barbara Bartos, 17, Corunna, was chosen Michigan's best dresser in the annual style revue at the close of the State 4-H Club Show at Michigan State University in East Lansing in early September. The daughter of Mr. and Mrs. Edward Bartos modeled a gold wool suit with a box jacket and pleated skirt which she had made in the clothing project. She will now represent Michigan in the National 4-H Dress Revue at the National Congress held in Chicago in November. The awards program, in which 38,000 Michigan girls participate, is sponsored by the National 4-H Service Committee, Chicago, and the Simplicity Pattern Company. It is designed to help older 4-H Club members acquire skills and knowledge necessary to plan, select, construct and assemble costumes for work, school and social occasions and to develop grace, poise, posture and habits of good grooming. A westbound off ramp and an eastbound on ramp will be constructed to allow access to the Island Lake recreation area. In addition, Pleasant Valley Rd. south from the freeway will be resurfaced in conjunction with construction of the ramps.

The Pleasant Valley Road grade separation is about 2.5 miles east of Brighton.
