JV Pirates Win Easy 41-6 Decision Over South Lyon

The Pinckney Pirates Junior Varsity breezed to an easy 41 to 6 victory over South Lyon.

The Pirates scored in every period to completely dominate play of the game —

Szalwinski scored the first of his two T.D.'s and the rout was on.

In all, seven players figured in the scoring. G. Szalwinski scored twice and added two extra points. Don McMichael, J. Biery, J. Colone and T. Somers each scored once, while Biery, Huntley and DeWolf added the extra points.

1961 Car Tabs On Sale Nov. 1

Michigan's black on aluminum vehicle license tabs will go on sale in 260 branch offices in 83 counties on Tuesday, November 1.

The 1961 tabs will be the last of the three-year cycle which started with our green and gold plate year in 1959. This system saved the State of Michigan approximately \$300,000. Present plans call for issuing new plates in 1962.

Jerome F. O'Rourke, Democratic candidate for Congress from Michigan's sixth district, was a Pinckney visitor Monday. Mr. O'Rourke was recently appointed by Senator Kennedy to his Natural Resources Advisory Committee.

Bobbie Sue Marlow, 18, of Pinckney was injured in an auto accident Saturday morning while on her way to work in Ann Arbor. She was a passenger in a car driven by Emmett Courdway, also of Pinckney. Their car was hit from behind by another car when they slowed to avoid hitting a turning car. Miss Marlow was treated for cuts and a fractured finger. The driver was not hurt.

The high point of the game was the fine blocking by the offensive line. The line continually ripped open large holes for the backs to ramble through. Twelve backs and ends ground out 410 yards in rushing and 45 yards in passing.

FRED J. TEEPLE

Fred J. Teeple, a former Pinckney resident, died Sunday of a heart attack at his home in Howell. He was 77 years of age. Mr. Teeple was born in Hamburg township, October 6, 1883, the son of Stephen and Alice LaRue Teeple.

He lived in this area as a young man and in 1921 moved to Howell. He was twice elected sheriff of Livingston County, he served in 1921-22 and again in 1925-26. He also served as county probation officer from 1928 to 1958. He was in the real estate business at the time of his death.

He is survived by his widow, Mae; a son, Lloyd Teeple of Brighton and a daughter, Mrs. Leona Schott. There are 3 grandchildren.

Funeral services were held yesterday afternoon at the MacDonald Funeral Home in Howell. Burial was in Pinckney cemetery where the Livingston Lodge, No. 76, conducted Masonic graveside services.

PEGS Invite New Members

One of the most active organizations in this area is the "Pegs of Pinckney," the local Home Economics Extension group, who meet at 12:30 on the first Thursday of each month.

For their November meeting which will be at Mrs. Kenneth Hoyt's, the lesson will be on "Mental Health". Mrs. Ralph Hall took this lesson in Howell when Miss Rachel Middlewood of Michigan Department of Health was teaching the lesson to the project leaders.

Members of the local group will be helping when the Mobile Chest X-ray unit will be in Pinckney on November 22.

The group extends an invitation to every lady in the community who is interested in joining them. Some of their future lessons are: "Glamorizing Vegetables," "Care of Modern Fabrics", "Organizing Your Kitchen," "Women and the Middle Years," "Plan Job Retirement" and "Upholstery."

Club officers are Mrs. Ralph Hall, president; Mrs. Francis Shehan, vice president; and Mrs. Ted Gray, secretary-treasurer.

54 Class Plans Winter Reunion

Plans are being made for a reunion of the class of 1954 of Pinckney High School and December 23, 1960, has been set as the date. A committee headed by Marilyn Morse and George Johnson is seeking the whereabouts of all the graduates of that year. Members should call either of these former classmates to register for the reunion. All the graduates of '54 are invited and urged to make plans to attend the holiday gathering. The place will be announced at a later date. Mrs. Morse can be reached by calling, HA 6-9461 and Mr. Johnson at UP 8-9729.

EARL B. SAVERY

Earl B. Savery, 59, of 8630 Chilson Road, Brighton, died suddenly Friday night while attending the Ann Arbor High School football game. Mr. Savery was a drafting engineer at King-Seele Corp. for the past 27 years.

His widow, the former Margaret Howard survives. Also, one brother and two sisters.

Among many other organizations, Mr. Savery belonged to the American Iris Society. He and his wife were the owners of the beautiful iris gardens which attracted so many visitors each year.

The half-time shows presented by the Pinckney High school band at each football game continue to draw very favorable comment. Friday's "Droodle Show" proved especially enjoyable and there have been requests for a repeat performance of the bubble gum number. The twenty-piece band under the direction of Mr. Napier will appear in the Christmas concert in December and in other programs following the football season.

Postmaster General Arthur E. Summerfield operates a high speed facer-canceler, one of the many electronic devices now being developed to help process part of 64 billion pieces of mail that flow through more than 35,000 United States Post Offices annually.

Local Post Office Receipts Increase 70% In 7 years

A new all-time high in the nation's mail volume was reached during fiscal year 1960 ending June 30, which continued the steady upward trend of the past seven years at a rate which even exceeds the population growth, according to advance information from the Annual Report of the Post Office Department which has been made available to Postmaster Lawrence Baughn.

Although subject to last minute revisions, the year's total has been estimated as 63.6 billion pieces of mail which includes about one billion pieces of parcel post. It was stated that this would mean an increase of nearly 25 percent over the corresponding figures from 1953 when the annual volume was 50.9 billion pieces.

During this same period, it was reported out that the revenue of the Department also has shown an impressive gain with an increase from \$2,091,714,000 in fiscal year 1953 to \$3,276,800,000 for fiscal year 1960.

Here in Pinckney, receipts of the post office climbed from \$9,200. in 1953 to \$15,500 last year.

The percentage of increase is 68 percent which in a measure reflects the growth of the Pinckney area.

Mail Schedule

A change in the mail dispatch schedule in the Pinckney Post Office was announced Saturday. Effective October 15, the 7:30 a.m. run to Howell was canceled.

The 10:20 a.m. run to Jackson was advanced to 8:30. Thus, mail leaves the local office twice daily: 8:30 a.m. and 5 p.m., both dispatches going to Jackson Metro distribution center.

First class mail deposited here before 5 p.m. one day will be delivered anywhere in the metro area on the first mail delivery on the following day.

Included among items cited by the Postmaster as recent accomplishments by the Department were the following:

Established the first large-scale program of automatic mail handling by machinery on a nation-wide basis. The operation of this system in Detroit speeds mail service in this area considerably.

Developed the "airlift" program which speeds up the delivery of approximately one letter out of every 17 on a "space available" basis. This is in effect between Chicago and Detroit, and all large cities. Continued with the development of faster machines for letter sorting, parcel post sorting, and for mail culling, facing and cancelling.

The local office was remodeled and modernized in recent years to include a new electric canceling machine.

The human element still plays a vitally important part in daily operations, but the statistics in the Department's annual report offer positive proof that we are making progress on a nationwide basis. An example, while the mail volume showed an increase of 16 billion pieces handled annually, the employment increase during this same period amounted to only 11 percent.

"There is not much we can do about how much mail we have to handle from day to day or how many people are making use of the Postal Service", the Pinckney Postmaster stated, "but the whole Department keeps busy in dividing ways and means for doing the job not only more efficiently but more economically."

Mrs. Margaret H. Price, Democratic Committee woman from Ann Arbor was the guest speaker at the Democratic rally at Hamburg last Saturday night. About eighty Hamburg area residents were in attendance.

Black and white pictures can never begin to show the beauty of the autumn scenes meeting the eye at every turn these days. The Recreation areas around Pinckney are exceptionally beautiful just now and every week end finds more and more motorists, from near and far, enjoying a color tour in scenes similar to the one above.

● NEIGHBORING NOTES

At Brighton's Homecoming events last Friday, Miss Shari Baetke was crowned Queen. As an added feature of the ceremonies the high school's first homecoming queen was honored. She is now Mrs. Douglas Pearsall, the former Katherine Lehman who was crowned in 1947.

The farm owned and operated by Frank Cassidy, Conway township, Fowlerville, has been designated a Centennial farm by the Michigan Historical Commission.

The Chelsea Bulldogs routed Ypsilanti-Roosevelt, 40-0 in the former's homecoming game last Friday.

The Chelsea Kiwanis Club held an "Octogenarian Night" last week and honored 14 of

Chester's elder citizens at dinner. The oldest guest was 92 years old.

Miss Marjorie Wheeler was chosen Dexter's Homecoming Queen. A huge parade of floats in the afternoon started the festivities last Friday. The Dreadnaughts defeated Manchester in the football game that followed.

Sixteen year old David Sidlinger of Dexter was the area's first hunting victim. His hand was blown off when his gun was accidentally discharged as he duck hunted with a friend on the Dexter Mill Pond. The youth is reported doing well at St. Joseph Mercy Hospital, Ann Arbor.

Although most hunters like to put off rabbit hunting until colder weather they will be interested to hear that prospects are pretty good for bagging the bunnies this season. Recent surveys show that they will be especially plentiful on State land and in hardwood areas as the season on rabbits, pheasant and squirrels opens at 10 a.m. today.

In a 20 minute multiplication table test Penny Reynolds and Sam Singer completed them to the 12's.

Those who ran a close second were: Susan Baughn, Eddie Colone, Linda Zuzulka, Diane Holliburton, Michael Root, Katherine Dorn, Bob Wylie and Robert Potter finishing to the 11's.

We would like to welcome Richard Wales from St. Mary's. We hope he will like it here.

Birthday cards and spankings were given to Charlotte Cocomower and Richard Wales.

We enjoy music very much and after it was over we had a surprise Fire Drill.

Fire Prevention Posters were made for a half exhibit.

We have finished our first Reading Unit—"Round about America".

FOURTH GRADE—

We have all of our library books on our new bookcase. It

is a fine large one and we like it very much.

Because there were so many pretty leaves we studied about the oak and the maple. We wrote some charts about trees and made pencil leaf prints.

Our science this week was about mammals. We learned that there are seven special facts about a mammal. The largest one is the blue whale. The smallest is the pygmy shrew.

In arithmetic we have started our work in multiplication by 2's and 3's.

We enjoyed our music lesson over the air from WUOM today.

On Wednesday we took our Weekly Reader Test in Reading. Most of us thought it was very hard.

THIRD GRADE—

We have a new boy in our room, Edward Witek from Howell. His sister is in Mrs. Darrows room.

The boys and girls are bringing seeds. These we are arranging on a bulletin board called "Traveling Seeds."

We are busy reading library books in our spare time. We write up little book reports on each one.

SECOND GRADE—

Our room is looking very gay with our bright "Indian display".

We have a large tree made with real leaves. It is very pretty.

We all had a part in making it.

We are spelling words now. Every day we go to the board to spell what we hear. We can spell many words now.

We are having drills in Arithmetic and word lists.

Our home work chart is getting more and more stars. We had two perfects today.

* * * * *

FOURTH GRADE—

We have started to make geography scrapbooks.

Shirley Josephson, Jim Nash, Tony Castro, and Sandra Bell had birthdays this week.

John Towsley brought his microscope to school so that we could examine some feathers that we had collected.

* * * * *

FIRST GRADE—

We are busy decorating for Halloween.

We want to thank Keith Stapleton for a nice birthday party. We had ice cream and cake.

Sherry Harnack has a baby sister named Sandy.

Waterfowl Exhibit at Nature Center

To help persons recognize the different kinds of waterfowl, particularly the ducks and geese that stop at Kensington Park while migrating through Michigan, a new exhibit is on display at the Nature Center at Kensington Metropolitan Park near Milford.

The exhibit, which was prepared by park naturalist Rainer Brocke, includes both surface-feeding and diving ducks.

In addition to providing life-like mounted specimens of these two classes of ducks, there is a display which shows only the wings of several species as they would appear in flight. This part of the exhibit should be especially helpful to hunters since two protected species—the Redhead and Canvasback are included.

Another seasonal exhibit at the Nature Center gives an explanation of fall coloring of the leaves.

One of the most popular displays is a glass-enclosed Bee colony with illustrations explaining the life history of the bee.

Youngsters of all ages enjoy testing their skill in a matching game where animal names must match the correct illustrations on an electric board. When the correct identification is provided, a light goes "on".

The Nature Center is open for public viewing on Saturday and Sunday from 10 a.m. to 4 p.m. and Monday through Friday from 2 p.m. to 4 p.m. Exhibits can be viewed by school groups daily Monday through Friday. Appointments can be arranged by contacting the Huron-Clinton Metropolitan Authority, 1750 Guardian Building, Detroit 26.

Mr. and Mrs. Mike Harnack Jr., are the parents of a daughter, Sandra Ann, born October 9, at McPherson Health Center.

A daughter was born on October 10 at McPherson Health Center to Mr. and Mrs. Paul Rives.

LYNDON B. JOHNSON

Offer a Brand New Deal for a New Generation

Americans are on the edge of a new frontier.

A new day of hope and harmony is dawning—for all Americans—regardless of race, religion or region.

America has experienced a Republican Administration and a Democratic Congress. By a sense of overriding responsibility to the Nation, Democrats have made divided government work. But divided government will end in January.

The Democratic Party has nominated the most perfect ticket since Roosevelt and Garner.

KENNEDY is a man of power and personality.

JOHNSON is a master of the art of diplomacy.

For the young of heart they offer, not salesmanship, but VIGOROUS LEADERSHIP.

We can have faith in the future only if we have faith in ourselves. We are moving into perilous times ahead. Divided government must end. We must perfect our unity in

order to form a more perfect union. Distractive divisions between Executive and Legislative branches of our Government must be ended. We must end the division between our regions, the suspicions between our religions, the fears between our races, and the strifes between our classes.

A Government out of touch with the world is a government out of touch with its own people.

A Government continually caught by surprise abroad is a Government asleep at the switch—a Government napping through its responsibilities.

To those who threaten the peace and freedom of mankind, America must speak with a decisive voice—the voice of a nation fully united.

SUPPORT THE DEMOCRATIC PARTY—the party of the North, South, East and West.

BACK THE NEW DEMOCRATIC REGIME in a New Generation that will exceed the New Deal and the Fair Deal in Its Social and Economic Aspects.

CHRISTMAS PARCEL FOR ABROAD

The period of Nov. 1 to Nov. 20 has been designated by the Post Office Dept. for the mailing of Christmas parcels by surface means to foreign countries as well as to our Armed Forces overseas. Postmaster Lawrence Baughn stated today, "It's time to start thinking of the holiday season if you have friends or relatives in a foreign land."

Special attention must be given to the packing and wrapping of parcels intended for overseas mailing. The Postmaster suggested that when patrons select there packing and wrapping material they should keep in mind the length of the journey and the handling that is necessary before there parcels can reach there destination. Included in each package should be a list of contents and name and address of the addressee.

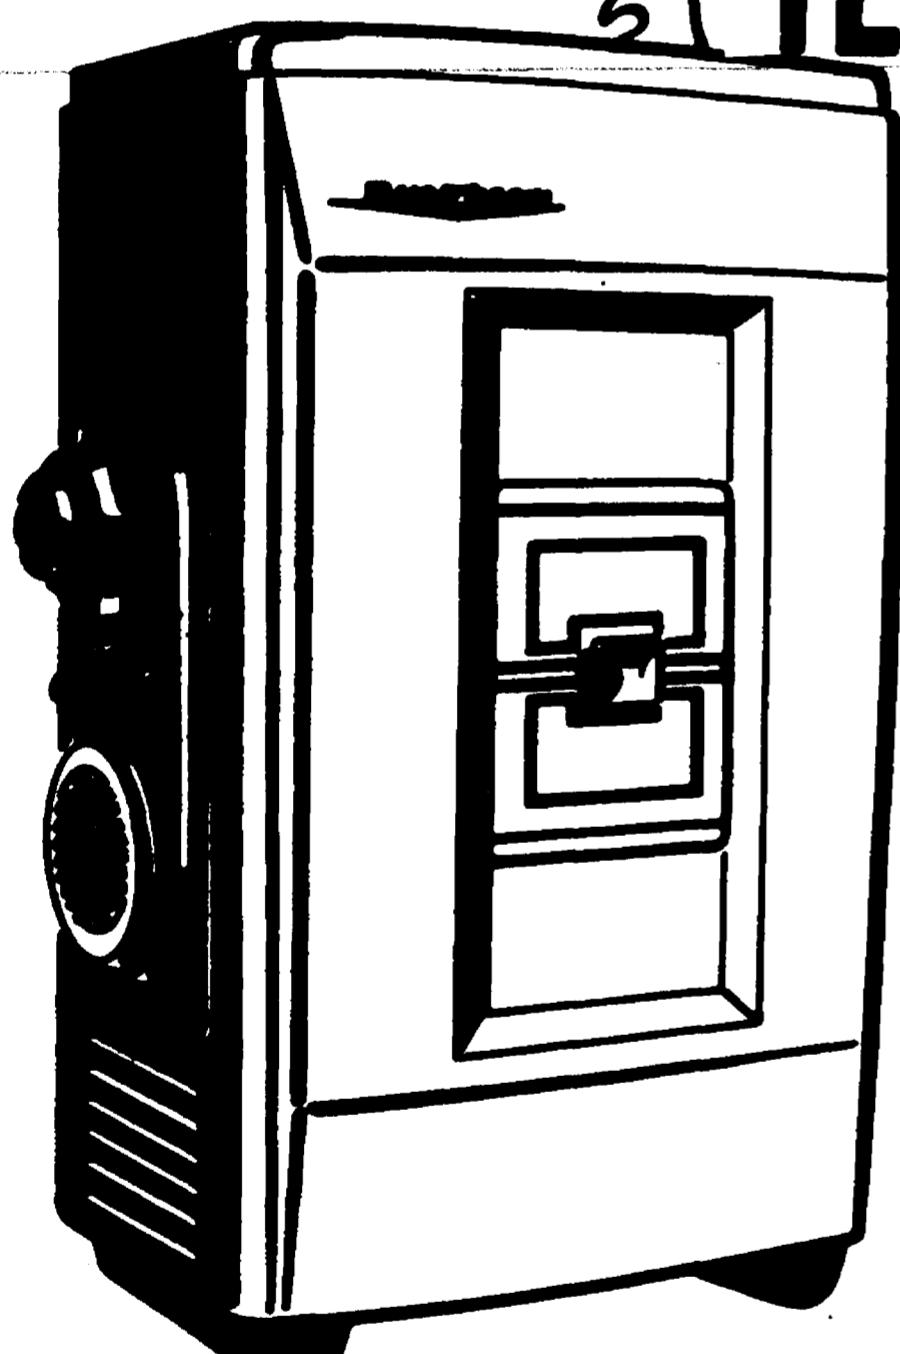

Special restrictions and regulations apply to foreign mail as well as to parcels addressed to some military post offices. Postmaster Baughn said that, "Patrons who are not familiar with the regulations are invited to inquire at the Post Office so as to be sure that there mailings will meet the requirements."

PIRATES LOSE . . .

The Chelsea Bulldogs bit the P. H. S. Pirates on Friday night for a 32-0 victory. Despite the fact that four of the Pirates starters are still out with injuries the stubborn pirates held the Bulldogs scoreless in the first quarter. In the second period the tough conference leaders led 20-0. In the third period a 35 yard pass gave them a third TD, and in the fourth quarter a dash from the fifth.

The entire last half of the game was played in a downpour of rain.

Co-captain Karl Burg received an ankle injury and had to leave the game.

Tomorrow the Pirates will go to Dexter for a game with the Dreadnaughts who now hold second place in the Wahtenaw Conference standings.

The World History classes had as their guests last Tuesday afternoon, Mr. and Mrs. Frank Niewiadomski of Bass Lake. The latter, who has recently returned from a trip abroad told the students of her visit to her native Poland, and about East and West Germany, France and Ireland.

Mrs. Niewiadomski told the history classes about government, television, education, currency and the living conditions as she saw them on her trip.

She recounted her troubles of getting from one country to another, with reporting to the police every 24 hours while behind the iron curtain. She told that in some places people seem to be about one hundred years behind times; without electricity, using handmade tools and wearing poor clothing.

The speaker closed her talk to the students with, "God bless America, it's a wonderful place to live."

In a recent assignment the civics class taught by Mrs. Morris wrote compositions entitled "My Community". Represented were Pinckney, Hamburg, Lakeland, Portage Lake, Hamburg and Hell. The students looked about them and wrote favorably of community spirit, improvements, law and order and schools. They paid tribute to the men and women they feel are leading citizens in their community. Students from Hamburg mentioned Walt Suter, Hank Seegert and Chuck Davis.

Special mention was made of Mrs. Jean Spencer, former principal of Hamburg School, the late P. W. Curlett, Dispatch editor; Supt. Reader, Mrs. Stackable, C. C. Hollingsworth, Miss Florence Preuss and Stanley Dinkel.

"Pinckney is a clean, wholesome little town." (Larry Hull) "Everyone can be proud of our good schools and teachers; it is the student's own fault if he doesn't learn anything." (LaVerne Hunt).

Other activities of the civics class include panel discussions and the maintaining of a bulletin board which has three sections, devoted to "World Leaders", "U. N. News" and Campaign issues". Copies were made of the Alsop Poll and several students volunteered to interview teachers.

Young Americans: Carol Miller, senior, was in Ann Arbor bright and early Friday morning to see and hear Presidential Candidate John F. Kennedy, as he spoke to a huge crowd at the railroad station.

Young Politicians: Last spring the American History class held a mock political convention in the gym under the direction of teacher, Don Gibson. The convention was complete with delegates, nomination speeches, banners and even a live donkey. The Democrats nominated Kennedy with 51 votes; Williams, 36; the Republicans named Richard Nixon by 90 votes and Rockefeller 6.

Detroit Auto Show...

ELIZABETH A. COLONE, Editor

Detroit will have to start coining some new superlatives; those popularized in Hollywood in the past are a bit worn and inadequate to describe scenes in the motor city these days. For instance:

At the terrific 43rd annual National Automobile Show in stupendous Cobo Hall mammoth crowds are viewing exhibits of the fabulous 1961 models... see? There just aren't new words to describe the combination... all this, and a buying public, too.

It wasn't always so with the auto manufacturers or with their shows. Back in 1900 when the first national auto show was held the exhibitors had a problem more serious than that of coping with the crowds and demands. They had to sell the public on the idea that the horseless carriage was here to stay.

At that first auto show in New York the sponsors had to promote the new idea of travel by giving demonstration rides on wooden planks laid on the floors in Madison Square Garden. They held an auto show every year until 1940 when World War II intervened, for awhile. The current show is Detroit's first since 1956.

There are many who believe that the National Shows rightfully belong to Detroit, the motor city, and with Cobo Hall offering the greatest display space in the world so close to the industry, a precedent has probably been set this week.

For want of better words, at the moment, we may borrow from the teenagers; a real cool show, man, in Detroit this week; and those 1961 models are sharp, man, sharp!

Newspaper Week...

This is National Newspaper Week. The idea for the annual observance was suggested 21 years ago at a convention by John B. Long, today the General Manager of the California Newspapers Association.

It is the purpose of National Newspaper Week each year to focus attention upon these truths...

That political freedom will not long endure without freedom of expression.

That the "right to know" is not a special privilege for newspapers — it is the inherent right of free people in democracy and newspapers historically have been champions of that right.

That preservation of freedom of the press is everyone's job.

That the Press and the People are partners in Freedom.

Millions of people buy daily newspapers and many more subscribe to their

home town weeklies. The reasons readers prefer certain newspapers are many and varied but their reason for reading a newspaper is one; they want to know what is going on... even in this day of concise hourly reporting by radio and TV, millions simply prefer reading to listening.

Quotations about newspapers that come to mind this week help express many views:

A newspaper is the history for one day of the world in which we live, and with which we are consequently more concerned than with those which have passed away and exist only in remembrance. (Horne)

The careful reader of a few good newspapers can learn more in a year than most scholars do in their great libraries. (Sanborn)

Newspapers should be news carriers, not newsmakers. (Simmons)

This folio of four pages, what is it but a map of a busy life — its fluctuations and its vast concerns? (Cowper)

**Goblins: That Soap
is Dangerous to You**

The mixture of witches, goblins, wet leaves, autumn drizzles, and early darkness which come with Halloween time adds up to more accidents in Michigan.

James M. Hare, in issuing a Michigan State Safety Commission warning, asked youngsters to refrain from one hazardous seasonal sport: soaping or waxing car and truck windows.

"With early dusk and frequently wet pavement in October the driver's problem increases," Hare said. "Soaping or otherwise marking up car windows makes visibility even more difficult to the peril of pedestrians, young and old."

Hare also pointed out that the anger and resentment felt by the Halloweened motorist, whose car has been the object of pranksters' wax and soap, increases the danger of accidents.

"Kids should have fun during this traditional trick or treat holiday," Hare said, "but they

must learn to understand the possible fatal consequences of the thoughtless actions of the few who fail to respect the property, and life or limb, of others."

GREGORY News Notes

Freddie Corser of Osseo has returned home after spending several days last week with his grandmother, Mrs. James Caskey and Ferris. On Sunday Mrs. Caskey and Ferris along with Mina Kleinsmith of Parkers Corners were dinner guests at the home of Mr. and Mrs. Fredrick Corser, later motoring thru "Lost Nation" near Osseo.

The Baptist Women's Missionary Society met last Wednesday at the home of Mrs. Belle Leach. Clarence Marshall had the end of a finger taken off while sheep dipping last Friday.

The Baptist Young Peoples Union held a fall retreat at Augres near Look Out Point last weekend. Rev. and Mrs. Ramseyer and Mr. and Mrs. Edgar Marshall accompanied the group. Mr. and Mrs. Clyde Robeson went up Sunday to join the group for the day, and brought several of the children home. Those attending were Margaret Livermore, Susan Stoffer, Kathy Corwin, Judy Chillon, Marie Robeson, Jill Marshall, Bob Hanson, David Stoffer, Jack Marshall and Jeff Howlett.

Mrs. F. A. Howlett, Mrs. T. H. Howlett, Mrs. H. E. Marshall of Gregory and Mrs. G. A. Reid of Stockbridge called on Mrs. L. E. Howlett of Howell Friday afternoon to help celebrate her 90th birthday.

Tuesday afternoon several ladies from Gregory enjoyed a luncheon at the Stockbridge Inn.

A public hearing on proposed revision of the state hospital and institution fire safety regulations in accordance with the Michigan fire prevention act is scheduled for 1:30 p.m. Wednesday, November 2, in Room 34, Union building, Michigan State University.

MICHIGAN MIRROR

Special weeks are a dime a dozen so it comes as no surprise that Michigan newspapers East Tawas by K. Berkeley and don't toot very hard during National Newspaper Week, which son started this year October 15. Smith started a weekly in East And newspaper people would be Tawas in 1940 and bought the surprised to see much new evidence this week (or any other) will combine the two. of appreciation for the important part a newspaper plays in a community or for the increasingly difficult economic problems faced by those who work with newspapers.

Michigan Press Association lists 352 members, virtually all the newspapers of the state. It includes all 56 dailies and 297 weeklies. There are perhaps 20 additional weeklies in Michigan which are not members.

Combined circulation of MPA members as computed last October when official figures must be filed with the post office was 3,202,125. Of this total, 2,384,862 are published by dailies;

'817,263, by the state's weeklies.

A new daily will be born in the state October 31. It will be the Huron Shore News-Press by K. Berkeley and J. Berkeley Smith, a father and son combination. The elder started a weekly in East Tawas in 1940 and bought the Oscoda Press in 1946. The daily will combine the two.

Newest weekly on MPA records is the Portage Herald near Kalamazoo. Len Colby, publisher, is a former radio-tv man who started the newspaper about two years ago. It is now a going concern with a circulation just above 6,500.

A newspaper's value to a community is seldom realized until it becomes unavailable. Anyone who has been through a newspaper strike or in a community where the newspaper ceases publication can understand this. The "you never miss the water 'till the well runs dry" aspect of newspapers is a source for concern to publishers.

Since a newspaper acts as a nucleus for a community, merchants believe it important to have one in their area, though they do not always support it as they should by using its advertising columns. Readers are both producers and consumers of newspapers. Without them to make the news, there would be no need to produce a newspaper. And people tend to "look at the hole instead of the doughnut" when considering their home town newspaper by comparing it with a publication from a much bigger city.

At Niles—kick-off point for the two-week long "Caravan Conference"—a young blind woman (Mrs. Glen Taurion of Niles) asked Paul Knowles, field representative for Leader Dogs for the Blind, how she could obtain a Leader Dog. She is pictured above after Knowles not only gave her the necessary information but also a brisk walk around the block with only "Jane," his Leader Dog to guide them.
