## Superhighway In State Now A Reality . . .

The dream of a superhighway across Michigan will become a reality next Monday.

A golden link — reminiscent of the golden spike with which the railroads to the Pacific coast were joined in the last century — will mark the joining of Michigan's border - to - border freeway on December 19.

On that date, the last link of Interstate 94 will be opened between Ann Arbor and Jackson. Then motorists will be able to go non-stop from downtown Detroit all the way to Stevensville on Lake Michigan, a distance of 203 miles.

It will be the longest toll-free freeway in the nation, John C. Mackie, Highway Commissioner said.

A band of gold paint — 15 feet wide — will be used to mark the site of the dedication of the "golden link" highway, Mackie said in explaining his use of that description.

The gold band also will mark the location of Michigan's 500th mile of freeway. The amount of freeway in the state has gone from 101 miles on July 1, 1957 to more than 530 that will be in use by the end of the year.

### POST OFFICE HOURS

The local post office will remain open all day (until 5:30 p.m.) on Saturday, December 17 and 24 to accommodate patrons during the final week ends of the Christmas mailing rush, according to Postmaster Lawrence Baughn.

The Rainbow girls will visit the TB San at Howell on the evening of December 21 to sing Christmas Carols for the patients there. Upon their return to the Masonic temple here they will be served a Christmas dinner by the Mothers of Rainbow Girls Club.

Employees of the Aco Company will be honored at the annual Christmas dinner served in the company dining room on Friday, December 23.

## Livingston Lodge No. 76 To Install 1961 Officers Saturday

Installation services for the officers for 1961 of Livingston Lodge, No. 76, F. and A. M., will be held at the Masonic Hall Saturday night at 8 o'clock.

L. J. Henry will be installed as Worshipful Master; Earl Murray, as senior warden; Otis Matteson, junior warden; Clifford Miller, treasurer; Merwin Campbell, secretary; George Engquist, senior deacon; Daniel Van Stambrook, junior deacon; Ona Campbell, chaplain, marshal. Dick Snowgold and Henry Hauck, tiler.

## MICHIGAN SETS ANOTHER HIGHWAY RECORD

MICHIGAN WILL HAVE the longest continuous stretch of toll-free Interstate highway in the U.S. after Dec. 19 when the final link of Interstate 94 will be open to traffic. The freeway extends from Detroit to St. Joseph, a distance of 203 miles, and also is the nation's first border-to-border Interstate freeway. State Highway Commissioner John C.

Mackie and other top national, state and local officials will participate in a ribbon-cutting ceremony to mark completion of the last section to be opened, an 18-mile stretch between Jackson and Ann Arbor. The new section also includes Michigan's 500th mile of freeway—five times as much as the state had only three years ago.

Appearing on the program also will be Rachel Nash in a trombone solo, the high school vocal trio and the elementary school vocal quartette.

Three churches have scheduled Christmas programs for Sunday evening, December 18, and all have extended invitations to the public to attend.

## NEW CHEMICAL DIP ADDS LIFE TO NYLON

Longer-wearing nylon hosiery would be welcomed by most women, and a new finishing process may give this "bonus." When nylon hosiery is dipped into a chemical solution for three minutes, the treatment increases nylon's resistance to abrasion, prevents discoloration and makes the fabric dry faster. This commercial treatment is permanent.

Bernetta Kahabka, clothing specialist at Michigan State University, says the chemical for this process was developed about 20 years ago for non-toxic cosmetics. Its use on fabrics began only recently as a non-toxic treatment to help people with allergies to some fibers. The improved wearing qualities for nylons are simply "side" benefits.

## EDITORIAL COMMENT

Every Michigan citizen can be proud of the great and historic ribbon-cutting which will take place on Interstate 94 Highway on December 19.

On that day, a ribbon will be cut between Ann Arbor and Jackson opening the last stretch of a highway which extends from downtown Detroit all the way to Stevensville on Lake Michigan, a distance of 203 miles.

It's the longest continuous non-toll freeway in the United States.

It's a golden band uniting the width of Michigan into one easy corridor of commerce.

In about three and a half hours, it will be possible to drive from border to border in Michigan.

The dedication ceremonies, we understand, will be brief with assorted dignitaries looking on while Highway Commissioner John C. Mackie cuts the ribbon.

But millions of Michigan citizens will be there in spirit, taking pride in another highway "first" for Michigan.

Commissioner Mackie says: "Good highways help business, make jobs, build Michigan." We agree. Interstate 94 is good news for Michigan.

## "Dear Santa..."

All over America, boys and girls are eagerly awaiting the coming of Christmas... looking forward to the toys for which they've asked in their letter to Santa. It's a big job for Santa—keeping all these boys and girls happy—but he has a big helper in the trucking industry. The hundreds of thousands of trucks and trailers that all year long bring Americans everything they eat, wear, or use are kept extra busy at Christmas-time. From factory to showcase to Santa's pack, the toys and other gifts that bring so many happy smiles on Christmas morning depend on trucks to get where they're going... Merry Christmas, everyone!

We enjoyed painting our leaf plaques last week. We learned a little about how to mix colors.

We drew names for our Christmas party and hope we can keep the name we drew a secret. It is a pretty hard thing to do.

We learned how to fold a square from a rectangle and how to find the center by drawing diagonals.

We are painting two Christmas murals. One is an outdoor scene and the other is a Holy scene.

The movie telling about the song 'Silent Night! Holy Night!' was very interesting.

We are working on our 4's in arithmetic. We like our arithme-stick aids.
