## Teachers Will Hold MEA Meet Here

The Livingston Education Association, a district of the Michigan Education Association, will hold a dinner meeting in St. Mary's School, Pinckney, January 30, at 6:30 p.m.

Some 200 teachers and administrators are expected to attend.

Major speaker will be Dr. R. Stanley Gex, dean of the College of Education, Eastern Michigan University.

Presiding at the business session will be Harold Elenbaas, Fowlerville, district president.

Other officers include: Ethleen Snellenberger, Brighton, vice president; Anna Earl, Howell, past-president; and Rene Miller, Pinckney, secretary-treasurer.

## Area Teens Set \$600 Goal for March of Dimes Campaign

Near zero weather Saturday night did not stop area teens from attending the local March of Dimes dance to raise funds so that others may walk. Having set a goal of \$600 for their campaign this year they braved the cold and raised \$140 toward their mark. An after-game dance a week ago Friday at Jerry's Soda Bar launched the fund drive with cards filled \$34 in dimes. Another such dance is scheduled for February 3. The Teens led by their chairman, Leslie McAfee will participate in the Livingston County Polio Dance to be held at the Fowlerville High School gym on Saturday night, 8:30 to midnight. This event will feature music from recordings by D. J. Johnny

Thiel, of WHMI, Howell, and by the Marquits Band and Jack Decky. Tickets are \$1.00 per couple and may be purchased from Miss McAfee.

The March of Dimes thermometer in the drug store will record the Teens' progress toward the \$600 goal. The drive will continue thru the first week of February.

The Mothers' March of Dimes is scheduled for next Tuesday evening at 7 p.m. Mrs. Stanley Dinkel, chairman, heads a group of volunteers who will canvass the village in their annual porchlight drive.

The Putnam Mothers' March will begin in the kitchen. They will have a bake sale Saturday morning at Jerry's. Mrs. Lloyd Hendee and Mrs. Cliff Chambers are in charge. Donations are needed for the bake sale.

## Square Dance Club Seeks More Dancers

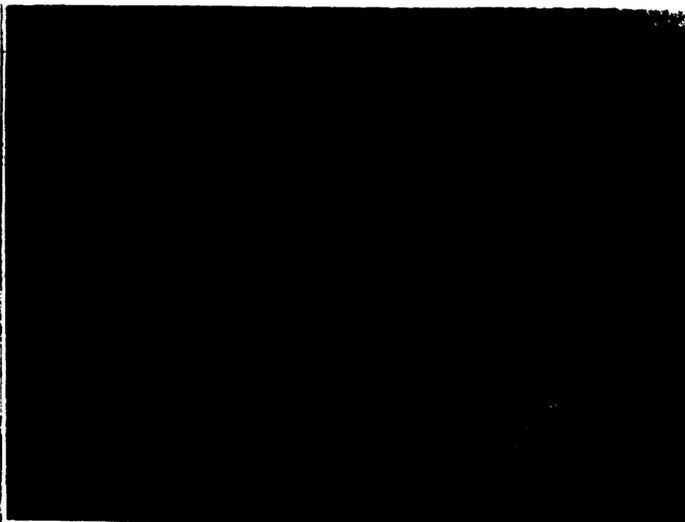

The fun and the enthusiasm of square dancing shared by the "Village Squares" seems to grow with every do-si-do. Currently, the local club, a group of more than 20 couples, is taking a series of intermediate lessons. They are, also, inviting new members to join their circle. Anyone who has had the beginners' lessons may start immediately. For those who have not had lessons in square dancing a class will be scheduled as soon as there are enough applicants.

The club meets every Saturday night in the elementary school gym for lessons and practise. Colorful costumes now add sparkle to the event.

Last Sunday afternoon ten couples of the "Village Squares" attended a dance at Irv's Barn near Ann Arbor where a nationally-known caller, Al Brundage from Connecticut, is now featured.

Those interested in joining the club may call Marshall Meabon or Mrs. Robert Amburgey for information.

PLEASE SAY YES TO THE **NEW** MARCH OF DIMES

Here are scenes from the high school stage this week as members of Don Gibson's speech classes rehearse their parts for the two plays they will be presenting on Thursday evening and again on Saturday night. Above: Mary Pena and Don Barker who play the leads in "Flower of the Ranch." Below: on settee, Charlene Wilton and Rachel Nash who star in "Sorry, Wrong Number"; Charlene in Thursday's performance and Rachel in the final show. Surrounding them are the casts of both plays.

## School Cast Offers 2 Plays

Local play-goers will not want to miss the offering of the PHS speech department this week. On Thursday evening and again on Saturday the speech classes will present "Sorry, Wrong Number" and "Flower of the Ranch". The two plays on one bill make an attractive program. In addition to those in the leading roles pictured here, members of the cast of "Flower of the Ranch" are: Barbara Baughn, Linda Nash, Bill Dean, Gary Lee, Barb Waterbury, Steve Chamberlain, Claudia Douglas, Roberts Logan, and Roy Carpenter. Supporting the lead in "Wrong Number" will be Tom Read, Steve Aschenbrenner, Larry Chapman, Dee Miller and

Bob Cain. The public is invited to both performances. Tickets are 35c for students, general admission is 50c; reserved seats are 60c. Curtain time is 7:30.

## TAYLOR - SPRAGUE VOWS READ IN HOWELL

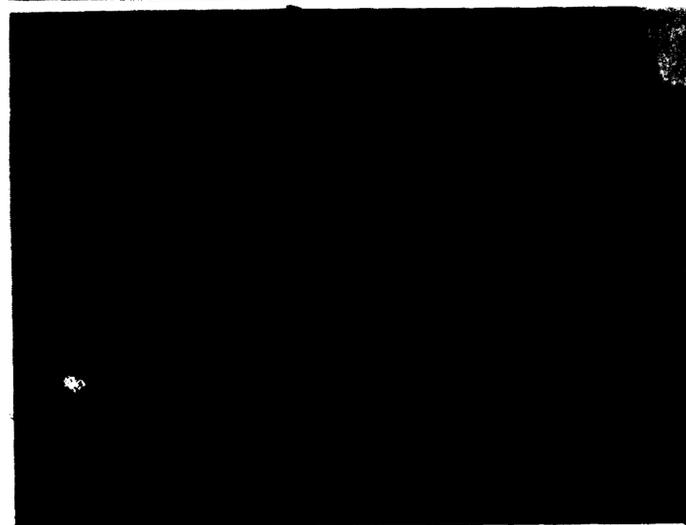

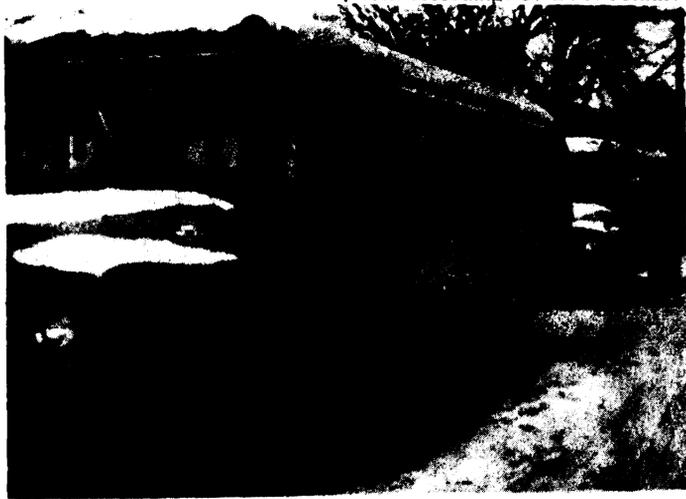

Miss Barbara Sprague and David Taylor exchanged their marriage vows at the Bethel Baptist church in Howell Friday evening at 7 o'clock.

Miss Sprague is the daughter of Mr. and Mrs. Earl Sprague of E. M-36 and the bridegroom's parents are the Robert Taylors of Brighton.

Miss Barbara Brown of Gregory was the maid of honor and Ed Weber of Brighton served as best man.

A reception attended by one hundred guests was held at the elementary school here.

The couple will live in Pinckney.

Vandals armed with spray cans of enamel are responsible for this un-American activity committed sometime Friday night on the two Pinckney school buses left parked on the east side of the schoolgrounds. A large emblem similar to those on the vehicles was also painted on the office window of the Shirey Building on Pearl street. State Police of the Brighton Post are investigating. A number of local youths have been questioned but the possibility that the vandals were from out-of-town still remains.

## Notes

### TEEN OF THE WEEK

Grace Poulson is a third year member of the "Future Homemakers of America," and is serving the club as vice-president. She has taken the responsibilities of working with the various committees. She was on the committee for the carnival bake sale, she was chairman of the Christmas Caroling Committee. At the last regular meeting she gave a report on the duties of the various officers, and the club traditions.

Grace has been very active in committee work and club projects in other years also. She has contributed very much to the welfare of the club.

### SEMESTER EXAMS:

**Freshmen comments:**  
 "I honestly believe that you learn from tests and exams," Mike Rowden.  
 "Semester exams furnish one good way to show how much a person has learned in a half-year of school," Fred Lindsay.  
 "When semester exams come along, you should be willing to give up your time and pleasure to study," Sharon Courdway.  
 "This may seem odd for a student to say, but I like semester exams," Pat Borovsky.  
 "Exams are not as killing as I had thought they were, but I can't say that I'll be unhappy when they are over," Howard Singer.  
 "My semester exams will be hard for me this year, as they will be for many Freshmen. The reason: most of us have not learned the fundamentals of studying," Cheryl Van Norman.  
 "All you can do for semester exams is brush up, or refresh your mind with what you may have learned," Duane Knapp.

### ADVICE TO A FRESHMAN FROM A SENIOR...

Attention, Freshmen:  
 You have now experienced something that most students hate—exams. How did you do? Not so well? I wonder why? Fooling around in your classes and drifting along with poor marks won't help when your exams roll around. Don't get me wrong; of course high school years are the best years of your life, but there is a time and place for everything.

Take a look at the students around you, particularly the seniors. The reason I say seniors is because it seems to be only the seniors who are now beginning to realize the importance of good marks; they're cramming like crazy! They know that good marks aren't for parent's approval alone, but for a passport to college as well.

Although good grades are important, they aren't the whole thing, either. Your attendance record shows whether you are a responsible person or not.

Try a little harder; cut down on the goofing, and treat yourself to a good, full education.

### WORDS OF WISDOM FROM 'POOR RICHARD'S ALMANAC'

The worst wheel of the cart makes the most noise.  
 He that would live in peace and at ease must not speak all he knows, nor judge all he sees.  
 Be slow in choosing a friend, slower in changing.  
 Half-wits talk much but say little.  
 When the well's dry, we know the worth of water.  
 Mary's mouth costs her nothing, for she never opens it but at another's expense.  
 Tell me my faults, and mend your own.

### M.E.A. MEETING

The teachers of Livingston County will gather at St. Marys School in Pinckney for the winter meeting of the local chapter of the Michigan Education Association on January 30. Dinner will be served at 6:30 p.m.

Dr. R. Stanley Gex, Dean of the College of Education, Eastern Michigan University, will be the guest speaker.

Entertainment will be provided by the music department of Pinckney School, under the direction of Mr. Napier.

### TEACHER HONORED

On Thursday, January 19, the girls of the Home Economics classes and the members of the Future Homemakers Club surprised Mrs. Howe with a farewell party. Mrs. Howe received some lovely gifts. Cookies, punch and coffee were served.

On Friday, the members of the high school faculty met in the home ec. room for lunch in honor of Mrs. Howe. A beautifully decorated cake was the center of attraction.

Miss Carolyn Fillmore of Pleasant Ridge will replace Mrs. Howe. Miss Fillmore is a graduate of Michigan State University.

The students in the ninth grade English classes have been writing descriptive sketches. Sharon Gallup's, entitled "A Place of Peace" was chosen for publication in the "Dispatch" this week. There will be another one next week.

### A PLACE OF PEACE

The golden rays of the rising sun pierce the clear windows of our sunroom to light up a small place that is untouched by the noisy outside world. When I step into this room, a feeling of peace comes over me. I stand still, and let the tranquil atmosphere embrace me. The sunbeams point out the light-brown wood paneling, and dance upon the clean blue and gray tile floor. The many plants, both large and small, seem to welcome me to their abode.

Breaking the stillness is the sound of the small pump piping clear, fresh air into the large, tropical fish tank. The only other sound is that of the wind, whispering through the forsythia bushes outside the south windows. I watch the many brightly-colored, shimmering fish in the large tank.

I walk around the room and caress the many small plants with their beautiful flowers. Then I fondly inspect the large, potted plants on the sturdy shelves.

### "CHARITY BEGINS AT HOME"

By PAUL L. ADAMS, State Attorney General

The open-hearted and open-handed American people are being preyed upon by a few unscrupulous solicitors. These racketeers not only relieve us of money, but they divert millions of dollars each year from going into legitimate charity sources.

It is estimated that Americans give nearly \$6 billion a year to charities. Most of it is well spent; some of it is mismanaged and wasted; and an estimated \$150,000,000 a year is siphoned off by the cheats and frauds.

All of us are subject to charity solicitations — by 'phone, by mail, door-to-door, and by other personal contacts. Should we be uncharitable to these charities? Should we turn them all down? Of course not!

Most of these charities need our help, but we can help them and help ourselves at the same time if we are careful about our donations. This can be done by following these simple rules:

1. Know your charity. If it is not a well-known organization with which you are familiar, check its authenticity. You might check with the chamber of commerce, better business bureau, your local law enforcement agency, or if these groups can't help you, you might want to check with the Consumer's Protection Division of my office.
2. Know your solicitor. Request complete identification to be sure that the solicitor is a representative of the charity organization with which he or she claims to be working. If you suspect that the solicitor is an imposter, contact one of the agencies listed above.

Know your contribution. Obtain a signed receipt for your contribution. This receipt should contain the full name and address of the charity and should be clearly signed by the solicitor.

By following these rules you can protect yourself and help the many charities that are really in need of assistance.

### AIR SPACE EDUCATION OFFERED AT EMU

Air/Space Education for the Classroom Teacher is the title of a new course to be offered to teachers by Eastern Michigan University, the second semester.

The course is the culmination of studies by the University and the Michigan State Curriculum Committee on Air/Space Education. Surveys revealed that school children in general had accepted Air/Space travel and unconsciously some of its effects, but many of their teachers were lacking in knowledge about it or ignored its educational implications.

Mr. and Mrs. Arthur Reno and family of Warren and the Robert Fuelling family of Warren were Sunday visitors at the Walter Fuelling home.

### PINCKNEY DISPATCH

Wednesday, January 25, 1961

I stand at the south window and watch the little birds feeding on the lower lawn, under the dwarf-apple and pear trees.

The calmness of this room fills me with a sweet peace, but it lasts only as long as I am in his room. When I leave it this room. When I leave it, the quiet and the peace stay behind, and I find myself in a world of fear, hate, fighting, and noise.

## State Police Notes...

Proposals to tighten the narcotic law and to safeguard public officials against nuisance criminal actions were among several matters endorsed or sponsored by the legislative committee of Michigan law enforcement agencies meeting at state police headquarters in East Lansing.

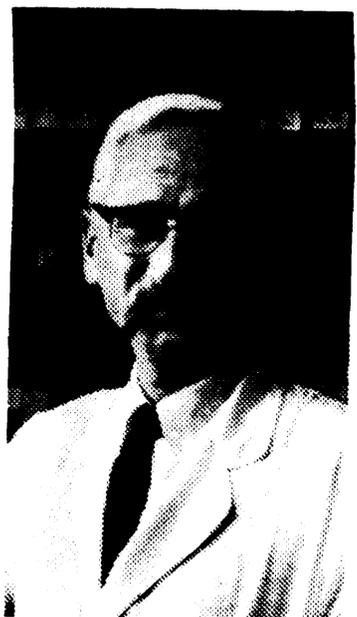

The committee represents the Michigan associations of chiefs of police, sheriffs, circuit, recorders and municipal judges, justices of the peace and prosecutors and the state police and attorney general's departments.

Amendment of the narcotic law is being sought by the Detroit police department and is intended to close a loophole by which sellers of narcotics escape a mandatory sentence of 20 years to life by pleading to a lesser charge of possession. It would remove the probation provision for possession and require mandatory imprisonment for a minimum term of five years in second offense cases involving 20 or more grains of the narcotic.

Mrs. Max Russell attended the annual meeting of Region II of the Michigan Municipal League at Monroe last Wednesday. A village council member, Mrs. Russell, was the local delegate to the gathering.

Region II is made up of Ingham, Livingston, Jackson, Washtenaw, Hillsdale, Lenawee and Monroe Counties. Mayor Cecil O. Creal of Ann Arbor was elected chairman for the coming year.

Mrs. Earl Gallup, a graduate of the Ann Arbor Practical Nurse Education Center, has received word that she passed her state board examination with 188 points over the required national standard score of 429 points. Mrs. Gallup is employed on the surgical floor of the St. Joseph Mercy hospital.

### SERVING YOUR FAMILY TO PREVENT CRIPPLING DISEASES

Statement of Dr. Albert B. Sabin, who developed the Sabin oral polio vaccine through research supported by the March of Dimes:

"I wish to express my appreciation to The National Foundation for its faith in my work, expressed through grants of March of Dimes funds totaling \$1,500,000.

"For 22 years The National Foundation's broad medical research program has opened new doors in the whole field of virology. It was these breakthroughs that made antipolio vaccines possible.

"I wish also to express my thanks to the American people, whose contributions to the March of Dimes made it possible for The National Foundation to support my work."

**FARMER'S WEEK TO HAVE TALKS ON LAND USE**

Communities that grow in a hit-and-miss pattern aren't easy to reorganize.

That warning will be a main theme of the Friday afternoon Farmers' Week program, February 3, on the Michigan State University campus.

Two panel discussions will deal with community planning procedures, progress and problems in nine counties. Professional planners and active local citizens will take part.

MSU soil scientist Louis A. Wolfanger, program chairman, says interest in land use planning is growing. At least 350 of the state's 1,258 townships have zoning ordinances — many of them quite new. Several counties have become involved, too.

Wolfanger expects the Farmers' Week program will highlight these points:

Communities are changing and spreading rapidly. Without planning, one can never be sure a noisy factory won't move in next door. Such shifts can take the joy out of life and the starch

out of land values.

Hit-and-miss growth in a community isn't easy to reverse. Zoning applies only to new and future uses.

The best blueprints and ordinances may gather dust without public support. Support requires understanding of the need for planning.

Panelists will come from Hillsdale, Isabella, Macomb, Washtenaw, Livingston, Genesee, Eaton, Jackson and Shiawassee Counties.

Visitors can pick-up the newly-revised MSU Extension Folder F-272, "Rural Zoning in a Nutshell." The meeting will close the week-long event in East Lansing.

**WINKELHAUS GARAGE IN NEW LOCATION**

The Winklehaus garage at Hamburg has moved to a new location where it will occupy a new building at 11179 S. Hamburg road, just a fourth of a mile south of the former location.

Standing vacant now, for the first time in 50 years, is the old building owned by the Winklehaus family since 1903. It was once the Hamburg Hotel complete with a bar room.

Ted Winklehaus' father operated a garage there formerly and in the process of moving Ted found many Model T parts, as well as model A parts which will gladden the hearts of old car enthusiasts now seeking such items.

One of the most unusual features of the old building, which will remain vacant for the time being, is the colorful ceramic tile floor.

# NOTES FROM THE— ELEMENTARY SCHOOL

## EIGHTH GRADE

Mrs. Meyers—

At our election of officers on Thursday we elected — President, Dennis Hollister; vice-pres-

ident Stanley Kourt; secretary, Shirley Hileman, and treasurer, Joyce Cocoanower. They all are capable of doing their jobs well.

We have sent in many articles of writing to the Detroit News.

We are having good luck at selling our seeds.

## SIXTH GRADE —

Mrs. Tsch

We have been putting our paragraphs on our back bulletin board. These paragraphs are on "College", "Pets," and other good paragraphs.

All of us have finished our African Unit and are working on the Italy and Greece unit.

So far we have had five spelling bee winners, they are Patsy Pendergrass, Linda Wegener, Kenny Fischer, Nancy Bond and Melba Daniels. These names

are in the order that they won the bees.

## FIFTH - SIXTH GRADE

Mrs. Cool

New officers for our room are: President, Dopa Beck; vice-president, Ronald Doyle; secretary, Allen Porter; and treasurer, Dawn Shirey.

New student council members are Judy Hull, Judith Dean, Ruth Bennett, and Linda Steffen. New Safety Patrol Members are Bonnie Wylie, Ronald Hollister and Deborah Mower.

Our room has a new globe which rests on adjustable stand. We are making good use of it.

The following students earned a semester A in music by singing alone, from memory in perfect tone a song from our radio class: Dean Garner, Deborah Mowers, Judy Hull, Gail Cullen, Donna Beck, Tim Tolbert, Pauline VanBlaircum, Ruth Bennett, Tanya Geib, Pam Koch, Dianne Haines.

The Sixth Grade have had some very good projects in science recently. Many parents and neighbors helped them get them ready. Especially enjoyable were the telegraph keys made by Loy Russon, David Chambers and Dale Booth. Bill Rentz de-

monstrated a very elaborate crane using an electric magnet. Bonnie Wylie and Bonnie Curts served us biscuits they made without baking powder.

## FIFTH GRADE

Mrs. Miller

We had a 16 lesson spelling bee and the winner was Roddy Widmayer, runner-up was Bob Wylie. The boys really showed up the girls.

We took reading tests and had everyone but 4 of us passed. 10 in 6th grade level, 20 in the 5th, 6 in the upper 6th and 2 in 4th and 2 in upper 3rd.

Our arithmetic books have been checked and corrected to 85 — we're going to make corrections and go on to 90.

We're all through taking tests, we had many of them but they were fun.

Our next letter in phonics is F. We shall look for the f sound in our Weekly Reader.

We wrote stories imagining we were present at the Inauguration. They proved to be very interesting and certainly creative.

We wish to thank Miss Betty Ross and Mrs. Wright for taking over our class Monday and Tuesday when Mrs. Miller was ill.

Becky Henry had a birthday and received two spankings and a card.

## SECOND GRADE

Cathy Johnson had to go back to the hospital for a check-

up.

Linda Reason's dog got in a dog fight and got an eye hurt.

Tara Tolbert's mother is making her a new dress.

Kathy Laszlo's dog has the cast off its leg.

## SECOND GRADE

Linda Sawyer's daddy is very ill and in the Ford Hospital.

Linda Gehringer's dog was killed last week. Nancy Jones dog was hurt.

Debbie Aschenbrenner's dad goes hunting every week.

Jeanne Miller is back in school after two weeks illness. She has new glasses.

We are enjoying our writing. Some of us are doing very, very good work.

We studied units and tens with real money this week.

## FIRST GRADE

Mrs. Thayer

Mike Hendee was seven years old yesterday. We want to thank Mrs. Hendee for a nice birthday party. We had cookies and ice cream.

We are having fun learning about magnets.

We hope Lefa Gehringer is feeling better.

## KINDERGARTEN

We have started in our reading readiness books "Fun with Tom and Betty".

We learned to draw stick men in action. They walk, run, stand on their heads and fall down on the ice.

We are bringing money to fill our March of Dimes card. It is about half filled.

We are starting a winter mural with lots of children sliding down hill and skating on the ice.

Ernest Chanyi, Diana Sawyer, Tom Mollison and Marilyn Ostrum celebrate their birthdays in January.

We are working on a marching band.

## ELEMENTARY STUDENT COUNCIL NEWS

Our store is coming along fine.

The Student Council regulars who have attended every meeting are: Thomas Ehman, Debbie Mickel and Kathy Haas, Shirley Harmon, Gary Burg, Susan Baugh, Nancy Bond, Carol Gyde, Christine Clark, Mike Caver, Bruce Melby, JoAnne Shugg, pres. and Eddie Mc-Granahan.

We are getting benches for the playground for football and baseball games.

Tuesday, Jan 24, we had a program in the gym — only for Elementary teachers and the school children.

Newsreporter—Carol Gyde.

## FOURTH GRADE

We made travel folders of the six European countries that we have studied.

We took our Weekly Reader tests and arithmetic tests. Most of us have improved.

Terry Reason and Darlene Knapp celebrated their birthdays this week.

We have collected two dollars for the March of Dimes.

Thirteen from our room have instruments for the band. Lee Davis has a cornet. Darlene Knapp, Janet Cozgray, Sharon Gray, Sharon Potter, Christine Line, David Wludyga, Billy Down, Daylene Lemonek, Sandra Bell and Edna Pesola, have clarinets. Dora Meabon has a flute and John Towley has a trombone.

## IT BLENDS

Wool is the most flexible and pliable fiber you can find. Home economists at Michigan State University note that wool can be shaped by shrinking and stretching with steam. It can be fitted smoothly over curves and eased along seam edges.

# Boscher - Feige Rites Read Saturday at St. Mary's Church

St. Mary's church was the setting for the marriage of Cecilia Boscher and Louis Feige Jr., at 11 o'clock Saturday morning, January 21. The Reverend Father Bernard Black of Ann Arbor officiated at the double ring ceremony. The children's choir of St. Mary's directed by Sister William Clair, O.P., sang the mass with Miss Nellie Gardner as organist.

The bride is the daughter of Mr. and Mrs. Herman Boscher of Howell and the bridegroom's parents are the Louis Feige, Sr., of Detroit.

For her wedding the bride wore a gown of embroidered white satin of floor length. It was fashioned with a sweetheart neckline, long sleeves and fitted bodice. The tuxedo pleated back of the gown ended in a short train. Her finger-tip veil was held by a ballerina crown of seed pearls and crystals. She wore a crystal necklace, a gift of her aunt, Mrs. John Naher of Mt. Clemens. Her flowers were

a crescent bouquet of white carnations, mums and rosebuds. At the close of the mass the bride placed a bouquet of carnations on the altar of the Blessed Virgin.

Miss Anna Marie Wuest of Grand Blanc, cousin of the bride was the maid of honor. She wore a floor length gown of antique gold peau de soie. Her head dress was of matching material with a shoulder length scalloped veil.

Anthony Boscher of Brighton, brother of the bride, served as best man.

A reception and buffet for 200 guests was held at St. Mary's hall immediately following the ceremony.

The new Mrs. Feige is a graduate of Howell High school and is employed at the Lincoln plant at Wixom. Her husband is employed by the Chrysler Corporation. The newlyweds will make their home on Sussex Ave. in Detroit.

## MICHIGAN MIRROR

Money already spent is providing headaches for Michigan's budget drafters and lawmakers.

And the state's fiscal picture could be classed as a kingsized hangover from the year-long Cash Crisis of 1959. Even with an estimated \$120 million in additional revenue coming in from penny hikes in the sales and use taxes, income and expenditures are expected to be uncomfortably near the same size during the 1961-61 fiscal year which starts next July 1.

Money problems for the State of Michigan are not unlike those faced by the average homeowner.

Wage earners must divide their paychecks in such a way that they can meet current bills, pay off the mortgage or other outstanding debts and plan ahead for future expenses.

So it is with Michigan, except that state officials must deal with millions and billions of dollars instead of hundreds or perhaps thousands.

When anybody's budget gets out of whack, he has to take steps to correct the situation.

The legacy of 1959 was a \$64 million deficit at the end of the 1959-60 fiscal year. Due to the increases in the sales and use taxes, Michigan is expected to have at least some money to apply on the deficit at the end of the 1960-61 fiscal year next June.

Latest estimates, however, indicate there will still be some \$60 million in outstanding bills.

Besides increasing expenditures for state services and hiking the pay of most state workers, Michigan is expected to try and start whittling away at the accumulated deficit.

An unanticipated stumbling block could arise in the early months of 1961 to throw the whole revenue picture of out focus.

Unemployment problems apparently are on us. Michigan's durable goods economy (automobiles and the like) is always especially hard hit by the phenomena labeled "recession" or "economic slowdown" or any of a dozen other names.

People who don't work don't pay taxes.

On top of that, thousands of them turn to the state for money to keep going through unemployment compensation programs. Local welfare agencies also depend on the state for part of their operating funds.

Readers of Company publications want the economic facts of life.

So says Harry R. Hall, executive vice president of the Michigan Chamber of Commerce. Hall says baby pictures, stories about picnics or other office happenings and coffee-break gossip are all right in employee publications.

But the "bread and butter" issues of wages, cost of living and so forth need not be ignored in a magazine or paper put out by a business concern.

In fact, Hall told editors of such publications, entertainment is not necessarily the chief purpose for them.

Too many workers, from the executive level on down, just aren't aware of just how the wages or salaries paid them fit into the overall picture of the economy of the company, the city or other municipality where they are located, the state and the nation.

There is, of course, a direct link between what each individual makes and the financial operations of the federal govern-

## NEIGHBORING NOTES

A Fowlerville couple, Mr. and Mrs. Arwin Killinger, enroute to visit their son in Fort Dodge, Iowa, were aboard the Illinois Central train that was saved from possible derailment and a tragedy by a bakery driver who stopped the train at 2 a.m. last Friday near Dyersville in time to prevent the accident. The bakery truck driver saw a truck loaded with crane equipment strike and damage an underpass and remembering that a train would soon be due to pass over it, rushed to warn the engineer. He drove about a mile along the tracks to meet and stop the train.

The Fowlerville chapter of Kings Daughters and Sons, meeting at the home of Mrs. McClure Hunchey, last week marked the 75th anniversary of that organization.

The 1961 Betty Crocker Homemaker of Tomorrow for Dexter High school is Sue Besenick. She was also recently the winner of the school's cherry pie baking contest. Receiving the highest score on a written examination in her school makes her a candidate for the annual state

### BOY SCOUT NEWS

At our regular meeting last Wednesday, we planned a hike. The date for the hike is January 28, 1961. The time for the hike is, be at the Elementary School at 9:00 o'clock, and be back at 5:00 or 6:00 o'clock in the evening. On the hike we are going to have every Scout pass at least one test, suggestions: firebuilding, cooking, etc.

### LIBRARY NEWS

The boys and girls who took part in the contest to name Misty's colt will be interested to know that the judges have chosen the name "Phantom Wings" for him, honoring both sides of his family: "Wings" for his father and "Phantom" for his material grandmother. "Chinca" the name submitted by the Pinckney Community Library was a runner up.

New books this week, for adults, include **Peaceable Lane** by Wheeler and **Decision at Delhi** by MacInnes.

ment. It's long and serpentine, but it's there.

What Hall says is that Citizenship is more than just voting or reading the newspaper.

And company publications ought to try and tell their readers just how they fit into the scheme of economic lift. Also, he says such things as company policy ought to be explored in detail.

A Highway Fiscal study has been proposed by the Michigan Good Roads Federation.

Idea of the fiscal study is to take a close look at the money spent on roads: Where it comes from and where and how it is paid out.

The Federation said the study would be similar to, but in more detail than, the fiscal study conducted chiefly on road revenues.

When all the facts on financing are in, it will be easier to determine what the needs and deficiencies are, and how best to meet them, the Federation said.

A study on the needs and deficiencies is underway, the group said, but the fiscal information would give a complete picture.

One heartening note for the road builders: Secretary of State James M. Hare said sales of license tabs for 1961 are running more briskly than ever in the early weeks of the year.

Homemaker of Tomorrow contest to be held in March. Sue is the daughter of Mr. and Mrs. William Besenick of Dexter, and the granddaughter of Ralph Otwell of Pettysville road.

A new post office building has been authorized for New Hudson, according to word from Congressman William Broomfield.

The possibility that a major shopping center may be built at Whitmore Lake was announced last week by an Ann Arbor realtor.

Veril Baldwin, Stockbridge vegetable grower and founder of the Stockbridge Vegetable Growers association will be given a citation for distinguished service to agriculture at the annual Farmers' Week at MSU January 31. He raised 600 acres of head lettuce on his 2000 acre farm at Stockbridge last year.

The McKune Memorial Library at Chelsea last week received a \$1000 gift from two donors who wish to remain anonymous. It was designated as a nucleus for an endowment fund.

Andy Parker, owner of the Parker Electric on Maltby road, was installed as the 1961 president of the Brighton Kiwanis club last week.

**FASHION SHOW AT MSU**  
 Flowers and fashions get together during Farmers' Week at Michigan State University next month to blend into a "Promenade in Color." Flowers, arranged by the MSU floriculture forum, will provide background for the dress revue in the University Auditorium on Thursday, Feb. 2.  
 Farmers' Week visitors traditionally pack the auditorium on Thursday afternoon, and the 1961 program should meet all expectations.  
 There is a shift in emphasis which should interest home-makers. The models will not be college coeds recruited from the MSU campus. They will be women from various sections of the state, modeling costumes of their own creation.  
 "Promenade in Color" will be narrated by Miss Mary Morgan, fashion and beauty editor of CKLW radio. The program will show what can be achieved when a woman, a fashionable pattern and beautiful fabric get together at the sewing machine. Extension women from Livingston county will be modelling their dresses or suits in this fashion show.  
**Spring Fashion**  
 Thoughts of spring can be cheerful thoughts when cold winter winds blow. As 1961 opens, the ladies may like to think about spring fashions.  
 Bernetts Kahabka, clothing specialist at Michigan State University, summarizes the "news" as averblouses, bias-cut garments, capes, culottes, sleevelessness, woven stretch goods, double-knit fabrics, the "costume" look and important hats.

**The Cape Look**  
 Capes are strong for spring, and their influence appears in full coat designs with deep arm-hole cuts, dolman and short loose sleeves. The "cape look" also marks collarless, easy-line suits.

By **RUSS ENGELHARDT, Manager**

**"NUMBER, PLEASE?"** . . . According to our best information, this famous phrase originated in Chicago, way back in 1895. Before this, telephone operators responded with such phrases as: "What do you want?", "Hello", "Number?", and "What number?". The whole Bell System adopted the words in 1904—so you can see that our present operators are following a long tradition of courteous service.

**SOMETHING NEW ON THE DIAL** of most telephones being installed these days is an Area Code. The Area Code is part of your telephone "address," indicating your section of the country. Printed on the dial, it's easy to give your Area Code to persons in other parts of the country who call you. If they use the Area Code when calling you, their calls will go through faster, whether dialed direct or put through by an operator. Your Area Code is used only for calls from distant places—never on local calls, or calls to phones with the same Area Code.

**A NEW VOICE** aid has been developed by Bell Telephone Laboratories for those who have lost the use of their vocal cords. Weighing only seven ounces, this artificial larynx is battery-operated. It comes in two types: one unit simulates a man's voice, one a woman's. It is being made available on a nonprofit basis. For more information, just call your Michigan Bell business office.
