Blue and Gold Banquet Held Monday With 100 Attending

The annual Blue and Gold Banquet of the Cub Scouts, Pack 58, was held at the elementary school Monday evening with at least one hundred attending.

"Genius Night" was the theme of the evening's program with the table decorations and displays all being made from "genius kits" provided earlier. An

The excitement of rehearsals of their play, "Courtesy and Mrs. Appleby" by Mrs. Tasch's 6th grade class is matched by the anticipation of the local audience waiting to see the production on Channel 10 next Wednesday evening at 6 o'clock.

The television station has invited the class to go to Lansing on March 7 at which time the play will be put on video tape for "Culver's Club House".

In the cast of characters are Karen Kaiser, Carolyn Sullivan, Linda Wegener, Toby Shettle-roe, John Tasch, Tom Mitchell, Cindy Hughes and Melba Daniels. All members of the class have been invited to go along to see the production of their original work.

On March the 8th, Wednesday evening at 6 p. m., the writers-players, their friends, parents and everyone in the channel 10 audience will be at home watching the play.

"OLIVET SUNDAY" POSTPONED

"Olivet Sunday" planned for February 26 at the Community Congregational Church was postponed because of the icy roads last week end. A new date on which the college will be honored here will soon be announced for early sometime in May.

Swainson's Proposed Tax Reforms Accomplish Purpose

Tax reforms proposed by Gov. John B. Swainson have already accomplished their purpose: To fulfill a campaign promise without starting a political fight.

Democrats contend the plan has "something for everybody."

The plan imposes a three per cent corporate and personal income tax, wipes out or reduces the most inequitable taxes on business and exempts food and drugs from the sales tax.

It gains no extra revenue for the state treasury, but offsets \$418 million in new taxes with \$418 million in tax relief.

Perhaps it should make everyone happy, but opponents find two flaws: The plan cannot become law and it fails to solve Michigan's problems.

Democrats say the tax relief will create prosperity and the existing taxes will consequently grow into a flood of new dollars. A main ingredient of the plan is optimism.

amazing amount of unusual "inventions" were made by fathers and sons; so clever were the results of both teams that it was practically impossible to decide who were the really gifted ones.

A potluck dinner prepared by the Den Mothers was served.

The Reverend J. W. Winger of the Community Congregational church gave the invocation. Past president Keith Koch and Frank Czerwinski, secretary of the Kiwanis Club which sponsors the Cubs, and their wives, were guests at the dinner.

A program of entertainment and inspiration for all completed the evening.

Two Cubs were awarded badges by Cubmaster Frank Zezulka; Michael Shelden, a Bob cat badge and Bruce Hall a Wolf Badge. The Cub welcome was extended to four new members, Stephen Burton, Davis Singer, Charles Singer and Robert Riggs. Pack 58 now has three dens of active Cubs.

Fire Dept. Is Called Twice Sunday Eve

The Pinckney Fire Department answered two alarms in rather quick succession Sunday night. The first call came from a Darwin road address where the trailer home of Mr. and Mrs. Richard Sockow was completely destroyed by fire of unknown origin. The couple was not at home when the fire was noticed by a neighbor, Mrs. Abner Watkins, who called the fire department. The Sockows are staying with her parents, Mr. and Mrs. Wayne Wagner, of Pinckney road, for the time being.

Shortly after midnight the second alarm came from the Brothers home at Hi-Land Lake where an over-heated oil space heater was smoking and causing damage to the home.

The conspicuous absence of the display of the American flag in this area on both Lincoln's and Washington's birthdays was noted by several readers.

Dear Mrs. Miller and the Fifth Grade Room:

I just want to thank you for the lovely letters and beautiful art work illustrating the songs that are your favorites. The quartet and I did enjoy them so very much. We do thank you for sending them to us.

We are so happy that you enjoy the program FESTIVAL OF SONG. It is groups like yours who make the program so worthwhile. I know, Mrs. Miller, that you have a wide awake and talented group of fifth graders. I just wish I could hear them sing. Perhaps before the year is finished, I can drive out to your school and thank the boys and girls personally for their lovely contribution in pictures and songs.

The Pirate's Plank...

Geraldine Vedder Singer was chosen for a write-up in the "old grads" column this week. Pamela Hoeft is the reporter.

Mrs. Singer is a 1939 graduate of Pinckney High School. She recalls that her favorite teacher was J. P. Doyle. The subjects she enjoyed most were spelling, typing, and math. Although her school work kept her busy, she found time to play basketball and softball.

At the present time Geraldine is a happy and wonderful mother and housewife. You cannot be a happy housewife without a husband, and Geraldine has one of the best husbands a woman could hope for. Geraldine became Mrs. Jim Singer on February sixth, in the year 1940.

The Singers have seven healthy children. They are Donald, 19; Barbara, 17; John, 15; Marilyn, 13; David, 9; Robert 6; and little Jimmie, six months.

We asked Geraldine if she would give the high school students some advice.

She said, "Schools today offer students very high standards in education and a varied choice of subjects to fit into any walk of life. Take full advantage of your opportunities and learn all you can, for school days are precious, and they are the foundation of your future in these challenging times."

When asked for her philosophy of life, Geraldine said, "The highest, the best, the most permanent pleasures are those which are not sought, but which

come from the faithful fulfillment of life's duties and obligations."

When Geraldine's oldest son, Don, finished high school, he represented the fourth generation of her family to be graduated from Pinckney High. Representing the four generations were, first, the man Pinckney grew to know and love so well, Percy Swarhout; second, his daughter Pauline; then Pauline's daughter Geraldine; and last, but not least, Don, Geraldine's son, a graduate of 1960.

Coach Gibson took his boys to see the Pistons meet the Boston Celtics at the Olympia, Feb. 26, in Detroit.

NOTES FROM THE— ELEMENTARY SCHOOL

FIRST GRADE

Mrs. Rooke

Bobby Amburgey had his tonsils out. He was in the hospital. We made some Get Well cards. We had a nice Valentine Party. Also John Porter

and Jeri Lou Ritzert had birthday parties. One group have new reading books. It is called "The Little White House."

We wrote a story about George Washington and drew pictures about it. He was our first president. We put some pictures and stories in the halls for others to see.

We are learning the numbers to 100. Some boys and girls know them.

KINDERGARTEN

Bryan Baughn celebrated his 6th birthday last week.

We had a parade on George Washington's birthday. We made paper hats which we colored red white and blue. We played rhythm band instruments and formed the letter "U" for United States".

Jeanne Devine brought some polywogs to school.

We can spell several words now.

Sue Ann Lelonek had a new baby brother.

A new safety poster has been added to our collection. It has the word "DANGER" on it and at the bottom says "Keep matches out of baby's reach."

We have new cut out pictures of the story "The 3 Bears" for our flannel board.

We are sorry to hear that Ernest Chanyi's grandmother passed away.

FIRST GRADE

Mrs. Thayer

We enjoyed the Kindergarten parade. They play very good.

We had a 'word contest' in our room. Doris Halliburton was the champion.

Hilda Gray read us a story called 'Green Eggs and Ham'. She read so all of us could hear.

FIFTH GRADE

Mrs. Miller

The winner in the 5th Grade spelling bee for both grades was Roddy Widmayer — we are very proud of him. The ten finalists were: Roddy Widmayer, Sam Singer, Diane Halliburton, Dean Gardner, Bob Wylie, Judy Hull, Linda Hutchins, Katherine Dorn, Linda Zezulka and Linda Steffan.

Dean Gardner, Judy Hull and Linda Steffan are from Mrs. Cool's room.

We had a nice spelling bee and invited the other 5th grade (19) to our room to hear our science reports while the sixth grade had their bee.

Our new individual state units are very interesting and we're anxious to report on them.

SIXTH GRADE

Mrs. Tasch

The spelling bee winner of the two sixth grades was Nancy Bond, from Mrs. Tasch's room. She and the last ten to stay up will be in the big school spelling bee.

We have all finished our Greece and Italian units and are now starting on a new unit on Australia.

We are going to have a play we wrote put on television with people from our room as characters. It will be shown March 8, 1961 on channel 10 at six p.m.

SECOND GRADE

Mrs. Johnson

Nancy Jones went "ice boating" on her sled Sunday.

We are starting new books this week. We are sure we will enjoy them.

We have several plants blooming.

For the past week we have been reading more library books.

There have been several pupils ill this past week.

EIGHT GRADE

Mrs. Meyers

Last Wednesday we had the eighth grade spelling bee which Joyce Coconower from our room won. Sam Wiman, Kathee

Shetteroe, Cherie Darrow, Shirley Hileman, and Barbara Douglas are the ones from our room who were in the ten highest. This qualified them for the school bee. Margaret Ackley was the eleventh and will be alternate in case of absence.

Thursday, the 23rd, Mrs. Meyer attended a math work shop at Wayne, Michigan. As a substitute we had Mr. Havens from Flint. We enjoyed his presence, but were happy to see Mrs. Meyer back on Friday.

EIGHTH GRADE

Mr. Beuhan

The eighth grade boys had another basketball game. We played St. Mary School. We won 26 - 16, it was a very good game.

We had nine students from our room who were in the spelling bee. A girl from Mrs. Meyer's room won.

FOURTH GRADE

Jim Nash is spending two weeks in Florida. We hope he has a good time.

We have learned our 5's, 6's and 7's in arithmetic. We can both multiply and divide by these numbers.

On Tuesday afternoon we enjoyed film strips. We saw a short one about George Washington. We saw two about Africa which we are studying. We saw one about Alaska in preparation for the assembly on Friday.

John Towsley celebrated his birthday on February 21st — Lee Davis on February 26th.

When Depositing Your Funds Be Sure You Know THE DIFFERENCE

Some Savings and Loan Associations look like banks, but:

Only a bank accepts deposits.

Savings and Loan Associations accept investment in shares.

Only as a bank depositor are you a creditor.

Savings and Loan Association members are shareholders.

Only from a bank can you receive 3% interest (the highest rate permitted by law) as a guaranteed return on your savings.

Savings and Loan Associations can only offer a dividend rate which may be paid if earned.

Only from a bank are you guaranteed availability of your money upon request without extended delay.

Applications for repurchase of Savings and Loan Association shares may be deferred for thirty days at the end of which a "take your turn" plan may be put into effect.

Only a bank invests a large percentage of depositors funds in cash and negotiable securities so that depositors demands can be met without extended delay.

Savings and Loan Associations loan out nearly all funds in long term mortgages and thus cannot guarantee to pay on demand.

Only banks are insured by the Federal Deposit Insurance Corporation which is obligated to make depositors funds available promptly.

The Federal Savings and Loan Insurance Corporation is not obligated to pay as long as an Association applies a stipulated percentage of its receipts to repurchase of shares in numerical order.

Only a bank can offer complete financial services under one roof.

Savings and Loan Associations can serve but a very few of your financial needs.

Compare the facts, the differences and the services available before you place your account.

PLANS FOR SUMMER TOPICAL FLUORIDE PROGRAM IN PINCKNEY

The Pinckney Community Schools Parents club in cooperation with the Livingston Board of Health and the Michigan Department of Health is beginning to make plans for the topical application of sodium fluoride to the teeth of the children of our community.

The program will be made available to pre-schoolers, 2nd, 5th, and 8th graders and to special cases referred by the family dentist. The charge for the cleaning and four applications will be \$3.00.

The topical application of sodium fluoride to newly erupted teeth will reduce new tooth decay by 40% in groups of children. In addition to these benefits the program offers a valuable education experience with no discomfort involved and dental health education is given the child by the clinic personnel.

The entire procedure consists of four visits to the topical fluoride clinic, which will probably be located in the Pinckney Elementary school. At the first visit the teeth are cleansed and the first application is given. An application of sodium fluoride consists of the teeth being isolated with cotton rolls; then the teeth are dried with compressed air and a 2% solution of sodium fluoride is applied to the teeth with cotton tip applicators. On the second, third, and fourth appointments the application of the sodium fluoride is repeated.

Mr. and Mrs. Otto Poulson were called to Hastings Sunday by the illness of the former's mother, Mrs. Rose Poulson, who was taken from her home in Middleville to a Hastings hospital. Before returning home the Poulsons visited at the Vern Allderding home at Coats Grove, near Middleville.

Mr. and Mrs. Michael Harnack, Jr., observed their eighth wedding anniversary on Tuesday with a celebration dinner in Detroit.

Thomas Auxier is home on leave from the U. S. Navy base in San Diego, California, where he recently completed his basic training. After visiting with his parents, the Frank Auxiers of Hamburg street, he will report for further training in San Francisco on March 4.

Democrats around the state are calling meetings to explain Swainson's ideas.

It will take nine legislative bills to enact the plan into law, requiring at least 18 votes in the Senate where Republicans hold a 22 to 12 majority and 56 in the House where Republicans hold a 56 to 54 edge.

Many, weary of financial crises in Lansing and the threat of new taxes, are happy with the thought that the problem is solved without costing them more, but time will tell if their hopes are soundly based.

sales tax to raise an estimated \$120 million a year more for the state treasury. This, too, will fall short of solving the problems.

The \$120 million will be piled on top of the \$50 million in "nuisance taxes" due to expire June 30. If they do expire, it will be the first time in the memory of man that temporary taxes have not become permanent. And if they do expire, it will leave the treasury only \$70 million ahead.

This is indeed a modest gain in the light of the needs of state agencies, particularly the universities and colleges. New buildings have been under a moratorium for three years.

The best bet around the capitol is that, if the nuisance taxes expire and if no new taxes are enacted, the next "crucial" crisis will arrive about the time Gov. Swainson's first term expires.

But the Governor's promise has now been fulfilled.

He has given Michigan a tax reform program and, if it is not written into law, will have a powerful argument when the 1962 campaign is launched.

Remember this historical note: Gov. G. Mennen Williams came to Lansing in 1949 advocating a corporation profits tax, an idea Republicans successfully resisted for 12 years.

Political strategists for years have contended that if the legislature had given Williams all he wanted when he arrived, his departure would have been much sooner.

Now it's Gov. Swainson's turn.

To Republicans it sounds illogical, especially since it is tied to the hated income tax.

But, to a politician, logic is only valuable if it pays off at the ballot box.

PINCKNEY DISPATCH
Wednesday, March 1, 1961

But determining just what is "reasonable use," particularly when subjected to barrages of argument from various quarters with opposing interests, is a problem that can only become tougher as the population, economy and pressure of business increase and become more complex.

The happy medium between conservationists and the tourist industry on one side and business and industry on the other is a shifting and elusive goal.

Michigan's Northern peninsula remains accessible and crossable despite the annual spring havoc of roads breaking up.

The Highway Department says "frost free" highways now link nearly every major city in the Upper Peninsula. The announcement is of chief interest to truckers, of course, because it means there are no spring load restrictions on the "frost free" system—except in rare cases of extreme weather.

Highway officials say millions of dollars are saved annually because trucks can travel fully loaded throughout the year.

A total of about 750 miles of nearly 2,000 miles of state highway in the Upper Peninsula now have the "frost free" designation, officials say.

Improved trucking facilities mean a better — and often cheaper — life for Northern Michigan residents, the Highway Department says.
