## St. Mary's First Communion Class Numbers Twenty-eight

Twenty-eight boys and girls of St. Mary's made their First Holy Communion at 8 o'clock Mass Sunday morning while the children's choir under the direction of Sister William Clare sang. The day was filled with joyous family parties and gatherings of friends at the homes of the youngsters.

The following children were in the First Communion Class: Stephen Burton, Michael Charbonneau, Patrick Clark, Joan Gardner, Evelyn Glasgow, Patrick Harden, Daniel Herbst, Jan Keiser, Valerie Keiser, Elaine LaRosa, Sharon Ludwig, Brian McMillan, Mark Merna, Michael Mroz.

Robert Myher, Edward Oesterle, Theresa Oesterle, Carl Oleski, Joan Outwater, Penelope Pietras, Helen Porter, Colleen Rosinski, Thomas Shehan, Nancy Singer, Paul Singer, Michele Steffen, David Walton, and David Young.

Mr. and Mrs. Valbert Kaiser entertained at dinner honoring their daughter, Valerie, following the Communion service.

Guests included the Ray Hurtubise family of Saginaw, the Richard Youngs of Flint and Mrs. Maude Young of Gregory. Valerie's maternal grandmother, The Francis Shehan family entertained relatives at dinner honoring son, Tommy, and the Jack

Young family held open house at their home in the afternoon for the pleasure of son David.

The Vern Kaisers entertained at Sunday dinner following Jan's first communion. The Walter Kaisers, Charles Kaiser and his date, and Mr. and Mrs. Richard Borgas and family of Garden City.

Mr. and Mrs. Fred Singer had as breakfast guests following daughter Nancy's communion, the Ray Hurtubise family of Saginaw, Mr. and Mrs. Paul Young of Whitehall and Mrs. Margaret Baker and Mrs. Peggy Conklin, both of Grand Rapids.

Mr. and Mrs. Don Oleski held open house for a large number of guests at their home at Rush Lake honoring son, Carl, upon his first communion.

**NO SCHOOL ON FRIDAY, APRIL 28th**  
Pinckney Community schools, like all other schools in Region 8 of Michigan Education Association, will be closed Friday, April 28, so that all teachers may attend a spring State Teachers Institute at the Michigan State University auditorium, East Lansing.

More than 3,600 teachers and administrators from Ingham, Eaton, Livingston, Clinton and Shiawassee counties are expected to attend.

## Miss Pinckney Contest Rules

The contest for the selection of a county girl for Miss Livingston during Michigan Week celebrations in May is now underway. Contestants for Miss Pinckney are urged to enter and prepare for the county competition now.

To be eligible a girl must be a resident of the county; single; a high school graduate as of September, 1961; and between the ages of 18 and 28, as of September 1, 1961. Applications and more information are available from Mrs. Stackable, assistant Supt. of Pinckney High school, or Mrs. Max Russell, Michigan Week chairman for the local beauty contest. Talent as well as charm and beauty will be judged in the selections. Who will be Miss Pinckney?

## 'Go Slow' in Hell, (Mich.)

Motorists won't be driving "like the devil" through Hell, (Mich.), in the near future. A 35-mile per hour speed zone has been approved for "main street" of the Hi-Land Lake area between Silver Hill road and Kelly road. Excessive speed has endangered lives and property in this particular area with accidents occurring rather frequently. Local residents, led by Mel Reinhard, director of the Recreation center there, appealed to Commissioner Childs for a speed limit. Road signs will soon be installed and the speed limit will be strictly enforced.

## Pirates Win Conference Opener, 12-3

The P.H.S. Pirates baseball team opened its Washtenaw Conference baseball competition with a resounding victory over Manchester there Friday afternoon, 12-3.

Manchester seemed to experience a fielding problem and their nine errors combined with the Pirate's five hits gave the local players 12 runs in the first three innings with 27 men going to bat.

Manchester did heavy hitting however with three doubles and a single by three players. Pinckney's five singles came from five men.

Line scores:  
Pinckney 336 000 0 12 5 1  
Manchester 102 000 x 3 5 9

The Pirates won two of their three non league games at the beginning of the season. Yesterday they played a conference game with Roosevelt High of Ypsilanti; the score not being available at press time. Tomorrow Dexter will be here for a league game.

Mrs. Helen Vernon, school librarian, attended the librarians' meeting at the University of Michigan on Friday, April 21.

## Annual J-Hop to be Held Saturday, May 6, in Gym

The J-Hop has been set for Saturday, May 6th. The juniors, under Mrs. Wilhelmina Swarthout's direction, are working hard to transform the gym into a Hawaiian scene with Koma Hai (welcome) accenting the decor. Music from 8:30-11:30 will be furnished by Jim Kanley's six-piece orchestra, we hope to have photographers there to take pictures, and for the fourth successive year Mr. Lawrence Camburn has offered the facilities of the University of Michigan Club House for a parent-sponsored

smorgasbord to follow the J-Hop.

We are not sure just how many years it takes to establish a tradition, but do feel certain that the three successful smorgasbords of 1958-59-60 pretty well pave the way for the luau (feast) of 1961.

The largest group of parents that we have ever had turn out for the organizational meeting, and many, who were unable to attend, called in to offer help and support. It was suggested that the Hawaiian theme be carried out in the menu, but here our husky young officers asserted themselves and paid tribute to their mother's cooking by voting for turkey and ham as the "piece de resistance". Mrs. John Young and Mrs. Emma Howd graciously accepted co-chairmanship. Any one wishing information or to donate may contact Mrs. Young at HA 6-9455 or Mrs. Howd at AC 9-4924. (This is Warren Miller's number, but Mrs. Miller will take any message for Mrs. Howd.)

The entire evening, or shall we say early morning will be under parent chaperonage. A definite schedule of chaperones was set up. Tickets will be handled by Mr. Lee Goucher and Mr. John Young. Mr. Walter DeWolf and Mr. Fred DeWolf will be in charge of parking cars.

Food for the smorgasbord may be brought to the high school kitchen any time during the evening. Mrs. Carrie Griffith will be in charge.

The following rules were agreed upon:

1. Only Pinckney High School students and their dates may attend.
2. Price: \$1.50 per couple and each couple will bring an assigned food item.
3. Hours: 12:00 midnight — 4:00 a. m.
4. No couple will be admitted after 12:45.
5. A couple leaving will not be allowed to return.

## Hold Bowling Banquet

The Monday night ladies' bowling league held its annual end-of-season banquet at Anchor Inn Saturday night with members of the six teams and their sponsors in attendance.

The program which followed the dinner was highlighted by skits presented by three of the teams. The girls of the Gentile's Home Center team were declared winners with their song-skit.

Bowling standings for the season: Pfeiffer, 79½; Jerry's, 74; General Store, 66; Gentiles, 53; Davis, 47; ACO, 38.

High individual: Sue Demarest, 232; Rose Smith, individual high three, 569. High team single, Pfeiffer's, 893. High team three, General store, 2377.

Opal LaBelle; girl who raised her average the most points in the year, 26.

## ACO PLANS TO AWARD BOND

ACO Products of Pinckney has announced that a \$50. Savings Bond will be awarded to the senior of Pinckney High School graduating class of 1961 who has the highest scholastic average in the Industrial Arts Department classes.

Jack Young (left), a junior is the president-elect of Pinckney chapter, Future Teachers of America for the 1961-62 school year. During the past weeks he served as campaign-manager for Bruce Henry (right) P. H. S. candidate for the Editor's post of the State F. T. A. Newsletter. Bruce won the election over Tom Glasgow of Midland and Dianne Ounfrak of Wyandotte at the Delegate Assembly of Michigan F.T.A., at St. Mary's Lake, Battle Creek, last week. He attended the meetings on April 21-22-23 together with Jack Young, Paul Howell and the local club sponsor, Mrs. Irene Miller.

Other officers elected to serve the P.H.S. club next year are Terry Howell, vice-president; James DeWolf, secretary; Dan Barker, treasurer; and Pamela Huelt, librarian. Bruce Henry, in addition to his state office, will serve his chapter as historian.

## - LOCAL ITEMS -

Mrs. Steve Lazlo with her mother, Mrs. Irvin Miller of Buck Lake and Mrs. Eddie Hartman of Howell, visited her father Irvin Miller on Sunday at St. Joseph Hospital where he confined with a broken hip.  
Mr. and Mrs. Clifford Miller have as a house guest the latter's uncle, Buck Gayer of South Greenfield, Missouri.  
Seven residents of the village attended the meeting called at the high school gym last Thursday night for the purpose of discussing the zoning ordinance for the village. A zoning consultant, Mr. R. E. Eastman from Ann Arbor and an attorney, Mr. Heikkinen of Howell were there to answer questions.

Mr. and Mrs. Leon Guzinski of Pettysville road have announced the birth of a son on April 15 at McPherson Health Center.

Mrs. Ernest White and Mrs. Kathleen Chappelle, Mrs. Ruth Ebersole of Howell were Tuesday visitors at the Ben White home.

Mr. and Mrs. Cecil Hays and son of Detroit were Sunday visitors at the Jack Wilson home.

Mrs. Paul Makin of Farley road has learned that her brother, John A. Johnson of Watertown, Wisconsin, is the inventor of a device for a new type of milking machine inflation which is due for manufacture in the near future.

Mr. and Mrs. Otto Poulson and Grace were in Hastings on Sunday to visit the former's mother, Mrs. Rose Poulson, who is a patient at the Sigler Nursing Home there.

A patent is pending for the device which will be a boon to dairy farmers by giving better service and obtaining better results in the milking process because "inflation milking is fast and very clean."

Don Gardner of Cedar Lake road is a patient at Veteran's hospital, Ann Arbor, where he was taken Saturday night.

The Makins often visit Mr. Johnson who in addition to being an inventor, now, holds honors for growing DeKalb corn and records for the excellent butterfat production of his dairy herd.

Mr. and Mrs. Don Tower of Portage Lake are back home again after spending the winter in Jupiter, Florida.

Mr. and Mrs. Edward L. Parker have moved into their new home on Winston Drive at Portage Lake.

### P.H.S. TRACK TEAM IN TECUMSEH RELAYS

Gus Jaroslawski of Mumford Park underwent spinal surgery at Veteran's Hospital, Ann Arbor, last Friday.

The P.H.S. track team will be participating in the Tecumseh Relays at Tecumseh Saturday. John F. Burg, coach, and his boys will be on hand when the day-long meets begin at 9 a. m. Local cinder men will compete in all events.

Mrs. Lonnie Van Slambrook and Mrs. Ralph Hall attended a meeting of the Town and Country committee of the Jackson Association at Jackson Monday evening.

# MICHIGAN MIRROR

Election post mortems reach fever pitch a few days after each time Michigan voters go to the polls.

Losers want to explain why they lost. Winners are even more anxious to tell why they won. The 1961 Biennial Spring Election was no exception and may provide more fruitful ground for both winners and losers than most.

At least one reason for this is the fact that the Constitutional Convention issue was on the ballot.

In a lot of ways, the spring election "followed the rules" by the book. None of the incumbents seeking re-election was ousted. Democratic party candidates pulled their heaviest vote in the densely populated areas, especially around Wayne county. Republicans showed more strength outstate.

But consider this: While it was still enough to outweigh the vote in the rest of the state, the vote in Wayne county and surrounding areas was down, overall, from the record number of ballots cast two years ago. Detroit, especially, saw the number of people going to the polls fall off.

Democrats, who won seven of the nine partisan offices contested, relied heavily on the metropolitan vote, of course.

But significantly, the margin by which Republicans won outstate was down in many areas. This was not true all over, naturally. It cannot be attributed to any one factor in most cases, either.

One fact stood out in the spring election as never before, however.

Democratic organizations all over the state are getting strong-

er. They are more active, they turn out a bigger vote and they are better able to count on a certain number of voters coming out in a given area.

In most past elections, a huge turnout in the metropolitan areas with Detroit leading the way was the obvious factor when the Democrats came out on top.

This time, Democrats were able to show strongly without the great mass of party-line voters in Detroit.

The lesson seems obvious: Party organizations, which more often than not can mean success or failure in an election, are just as effective — an necessary — out in the boondocks as they are in the asphalt jungle.

Books could be borrowed from any library in the state using just one library card under a program ready for testing.

Gov. John B. Swainson directed Harvey Sherwood, Kalamazoo, chairman of the State Board for Libraries, to try out the plan in selected areas before implementing a program to issue only state-wide cards.

The Governor said about 14 per cent of Michigan's population has no access to library services because of residence outside the city, township or village boundaries within which libraries are operated.

Evidence of success in one area of public concern and a warning of impending crisis in another may be found in the swap of tuberculosis patients for mental patients now in progress at Howell.

The state TB sanatorium is being converted to a mental hospital.

Health Commissioner Dr. Albert Heustis has said the institution can be changed over without any danger that any of the state's other TB hospitals, at Gaylord, Kalamazoo and Hancock, will become overcrowded.

He said improved treatment programs and shorter hospitalization periods will prevent any cutback in service to TB victims.

Making a mental hospital out of the Howell sanatorium points up the troubles in taking care of increasing numbers of mentally ill, emotionally disturbed and mentally retarded persons.

The plan for Howell is to use it for non-dangerous patients such as senile persons and similar cases.

These patients will be brought from other institutions, such as Kalamazoo, Ionia, Traverse City and Newberry. In fact, plans call for a sort of general shuffling to put patients in an institution where they can get sufficient care and still be properly supervised.

The idea is to make room in the Ionia State Hospital for the Criminally Insane for a number of dangerous psychotics now housed at Southern Michigan Prison.

It has required close cooperation among the three state departments involved, the Health, Mental Health and Corrections departments, to make the shift work smoothly.

## Scholle Named To Commission

There was some mixed reactions to the naming of August Scholle to the State Conservation Commission by Governor Swainson this week, and Thursday there was considerable doubt that his appointment would be confirmed. Without Senate approval, he cannot take office.

He replaced Lawrence J. Gotschall, of Baldwin, who has sought reappointment. Many around the Capitol feel that the appointment was made in payment of a political debt, among Conservation Department personnel it was feared that if his appointment should be confirmed that it would mean some violent shake-ups in the department. Scholle has opposed many of the department policies.

Because of his violent statements against all Republicans, it seemed unlikely that enough of them would join the 12 Democrats in the Senate to give approval. There is some speculation that the Governor made the appointment with tongue-in-cheek.

custom-made  
BIG HOME  
electric heat  
75'

Why has the number of electrically heated homes in the United States tripled in the past three years? Why will even more families choose them in the future? Because built-in electric heat gives each room its own heating system—with individual control. Because it lets you keep every room at the exact temperature you want. Because electric heat saves space, and is as clean and safe as electric light. But most of all because electric heat is so comfortable. Whether the heating units are in ceilings, walls, baseboards or floors, you enjoy even heat from head to feet. Premium features like these make electric heat worth the extra cost. And that cost can be leveled out over the year on Edison's Budget Billing Plan.

This most modern of all heating systems is available in All-Electric Homes—the homes that will still be modern when your children grow up. Every All-Electric Home offers . . . ■ Total electric kitchen with built-in electric oven and range. ■ Flameless electric water heater—the silent, troublefree heater that supplies lots of hot water over a long life. ■ At least two other big work-saving appliances such as—food waste disposer, dishwasher, refrigerator, freezer, washer, dryer. ■ Light for Living, with path-of-light switching and fixtures picked for eye comfort, good looks and safety. ■ Certified Wiring with plenty of circuits and outlets for operation of today's work-savers, plus extra capacity for tomorrow's. Includes circuit for electric clothes dryer.

An All-Electric Home is a better investment, too. It will bring a higher resale price than a similar home without a built-in electrical future.

**LIBRARY NEWS**

It's Spring — and with it comes gardening, house repairs, home decorating. Our library has practical information on all of these and we think you can easily find the book you wish. Following the advice of Library Schools we classify our books according to reader interest, the books arranged on shelves according to subject matter as do many progressive libraries and the Detroit Public library. This eliminates frequent consulting of a card catalogue. You will find all of our books about gardening on one shelf, not vegetable gardening classified under "Practical Arts" and landscape gardening with Fine Arts.

We wish to thank Mrs. James Gardner for books.

**NOTES FROM THE—  
ELEMENTARY SCHOOL**

**FIFTH GRADE**

**Mrs. Miller**  
Our biographies of the Presidents are all complete and will be read to the class on Monday.

All the state units are complete now — everyone has contributed well.

Beginning in May we will start celebrating summer birthdays with a card and a "good luck" spanking.

We are planning a trip to Greenfield Village on Thursday, May 4—hope it's a nice day. We have pictures and booklets showing the map of the Village.

We are drawing Homes of the Future and there are some very unusual ones; also cars of a dream world.

Wess Scott is in the hospital so we sent letters and cards to him to cheer him up. Hurry back, Wess, we miss you.

Our Music Program over the radio will only be on once more — we have really enjoyed it.

**FOURTH GRADE**

We have made a new spring mural in our room. We made a smaller one for the hall display case.

We looked up the names of the shells that we have from Florida.

In arithmetic we have learned to find averages.

We wrote poems about pussy-willows. We decorated them with pussywillows made from cotton.

Billy Down and Frank Behm have new glasses.

We can dance "The Virginia Reel", an American folk dance and "Cshebogar" a Hungarian dance. We are going to dance them at the spring music festival.

**SIXTH GRADE**

**Mrs. Tasch**  
This week is "Book Reading Week" and we are putting added strain on the reading. We plan to give oral reading on the book or books we have been reading.

All this week we have been waiting for the bad weather to

break so we can challenge the other grades to baseball. Finally it has broken and we hope to have our first game shortly.

In May, we plan to go to see the Cinerama entitled, "Wonders of the World."

**FIRST GRADE**

**Mrs. Thayer**  
Gordon Szalwinski's father was in an accident. He was not hurt.

Debra Van Blaircum is a new girl in our room.

Mike Young's daddy likes to do practice target shooting.

A pheasant flew on top of Doris Halliburton's car.

Sherry Harnack has a new puppy. Debbie Bohunsky has 2 kittens.

Larry Curtis has some puppies. Donna Caouette is sick. We hope she gets well soon.

**FIRST GRADE**

**Mrs. Rooke**  
We are working on a farm unit. It is time for the farmers to get their ground ready to plant. Spring is the time for new babies.

A wild rabbit had a nest of little babies right in our yard at school. When we saw the baby rabbits they could hop around. Mother Rabbit used her fur to line the nest.

George Pesola's cat had four baby kittens. Susan Roth's rabbit had eight babies and George Pesola has two baby rabbits.

Joan Gydes' cows have three baby calves.

**THIRD GRADE**

**Mrs. Henry**  
We have just begun multiplication. The boys and girls find it fun to do.

In Social Studies we have almost finished our unit on airplanes. We hope to have a pilot come in and talk to us, then in May we will visit Willow Run.

We are all sorry to see Mrs. Rowell leave! And we'll all miss her.

The Elementary School

**THIRD GRADE**

**Mrs. Johnson**  
Mrs. Haft, Linda Gehringer, are on their way back from Florida.

Brenda Holcomb has a new dog.

Randy Down has some tropical fish.

Edmund Bailer's mother and

brother are in Florida for a two week vacation.

Debbie Aschenbrenner is going up north to see her grandmother.

We have started our unit on flour. Some of us have some very good material already.

**ELEMENTARY SCHOOL STUDENT COUNCIL NEWS**

Our meeting was called to order April 18 at 12:21 by our president, JoAnne Shugg. The secretary read the minutes and they were approved. The treasurer's report stood approved.

We talked on old business, which was our student council newspaper which will include news from each classroom, dancing, band, chorus, also of humorous things that happened in each class, there is also a write-up on our beloved principal, Mrs. Kellenberger, also some store humors, safety patrol and service squad news. Our Council news, news about our 7th grade paper; our school dance, programs, sports, there is a poem from each class room, and also our eighth graders will.

Our paper will be sold only in our elem. school at the price of 10c a copy.

There wasn't any new business so our meeting was adjourned at 12:35 by Jo Anne Shugg.

News reporter—Carol Gyde

**FIFTH AND SIXTH GRADES**

**Mrs. Cool**  
We asked a group of average students to decide who might have a morning recess.

School work must be done at a certain time, seven sportsmanship rules must be observed.

Helpers for this week are Carlene McCarthy, fifth grade and Ronald Doyle, sixth grade.

We have formed a new girl service club for the fifth grade girls.

**PARENTS CLUB**

The Parents Club meeting for April, postponed last week, will be held at 7:30 at the elementary school Thursday evening, April 27.

Election of officers for 1961-62 will be held.

A coffee-hour and program are scheduled for the remainder of the evening.

**PINCKNEY DISPATCH**

**SHOP ADS TO SAVE ON FOOD**

Shopping newspaper ads for food bargains is one method to reduce family food costs recommended by a dietitian at The University of Michigan Medical Center.

Miss Delores Highgate of the U-M Nutrition Clinic says "Income, family size and food preferences help determine how much a family should spend for food. Nevertheless, there are several money-saving principles which everyone can heed."

Before you go to the store, says Miss Highgate, plan your menus and make up a marking list, taking into consideration the "specials" offered in the newspaper.

Then shop in person, she recommends, so you can further compare the prices and quality of food. Compare the brands, labels and weight of foods to the price.

To make a sizeable dent in food costs, the U-M specialist suggests you switch to such less expensive foods as milk and cheese, dried beans and peas, whole grains and enriched products. Also look for fish, liver and other variety meats, but avoid those with gristle, fat and bone.

How you prepare food in the kitchen can also help or cripple a food budget, Miss Highgate says. "Be sure to use accurate measurements and follow reliable recipes. There are basic guides in getting the most out of your food dollar."

"In addition, you can use the water left over from cooking vegetables, to have the vitamins which might otherwise be lost—and use that water in sauces and gravies.

"Wise food management," she says, "is a complex task whether you are running a restaurant or just planning a family dinner. The goal is to produce meals that taste and look good, are properly nutritious for individual needs, and which fit the family budget."

### "DOLLAR DOWN, DOLLAR A WEEK"

By Paul L. Adams  
State Attorney General  
You can have all the things you seek

For a dollar down and a dollar a week."

So goes the popular song.

But many consumers sing a blue note, when they find themselves enmeshed in the toils of a series of purchases, all on the installment plan, and all enlarged far beyond the original purchase price by some charge made for credit.

My studies of consumer problems suggest that one of the most serious areas is that of the undisclosed or misrepresented charge made for credit, as part of a sales transaction involving consumer goods.

Do you know how much credit costs you? Do you know the difference between legal interest and "true annual interest?"

Do you know that in some circumstances a seller may legally make credit charges totaling more than thirty per cent of the price of the article purchased?

Do you know that usury, though against the law, is not a crime in Michigan?

Do you know that legal limitations on interest do not control charges made for deferred payments, such as "revolving accounts," charges for delinquent payments, service charges and the like?

If you'd rather be safe than broke, don't commit yourself to buy anything until the seller has set down in writing the total price being charged for the goods, together with the charge being made for credit, in whatever form, not only for each installment but also for the total purchase.

You will be hearing more from me on this subject in later news letters.

### BOY SCOUT NEWS

The Boy Scouts of Troop 58 had a camp - out at Crooked Lake over the week end with their leader Don Ray, and Dads Lars Melby and George Botsford.

### PEGS TO MEET

The PEGS, home extension club will hold a luncheon meeting at 12:30 tomorrow afternoon at the home of Mrs. Earl Kimbler, Darwin road. The lesson for the afternoon, entitled "Women in Their Middle Years" will be taught by Mrs. Art Rentz and Mrs. Ralph Hall.

THINK YOU HAVE  
**Termites?**

Stop their costly damage before it spreads

Termites damage usually starts in the understructure of your home and spreads to other parts. In homes built on concrete slab, termites enter through joints and cracks to attack carpeting and woodwork. The cost of making repairs often amounts to hundreds, and sometimes thousands, of dollars.

The Hamburg Township Citizens' League will hold their regular meeting next Wednesday, May 3, at 8:30 p. m. at the Hamburg Fire Hall. There will be special entertainment and refreshments. All members are urged to attend.

## HEAR NEWS REPORT

The members of the fifth hour civics class heard President Kennedy's special news report on Thursday, April 20.

## Bill Would Up Beer Tax

A bill introduced by Rep. Carroll C. Newton (R-Allegan) would increase the tax on beer brewed in the state to 2½¢ on a 12-ounce bottle and beer brewed out-of-state to 3¢.

Newton said that this increase would bring the beer levy closer into line with liquor taxes which averages 11¢ per ounce.

## Health Department Issues Spring Health Tips

The coming of spring signals a number of health reminders from your Michigan Department of Health.

If you haven't already done so, now is the time to have the family pet immunized against rabies. Both domestic and wild animals begin to increase their activity at this time of year and the chances for the spread of rabies also increase greatly.

Have you had a tetanus booster in the last five years? If not, you'd better get one. It's your only protection against lockjaw. Tetanus spores, which cause lockjaw, live in the soil and may enter the body even through minor scratches gotten while working in the garden or doing other outside chores. Do not take chances — play it safe by getting tetanus booster protection.

April showers bring May flowers but also bring troubles for many suburbanites who have septic tanks which often overflow during periods of excessive moisture. Keep an eye on the septic tanks and wells and if they become flooded and overflow do not drink the water. After the well water recedes, clean the well and chlorinate it after you have pumped it long enough to flow clear water. If you are unable to obtain safe water from another source and it is necessary for you to use your well, be sure to boil the water for at least 15 minutes before using. In the meantime, have your well water tested.

Spring heralds the great rush of humanity for outdoors and increased physical activity of many kinds. Just a word of caution: remember those muscles are a bit soft and flabby from winter's inactivity, so take it easy. Increase physical activity gradually and save yourself lost time from work and on the spring chores, by avoiding back strain and excessive muscle soreness from sudden physical exertion. For those over 40 — remember your heart deserves consideration. Take it easy.

Spring is the season for blisters, too. They can be a dangerous source of infection if not properly taken care of, so treat them with the respect they deserve. A good way to avoid blisters is to put tape on pressure areas when the rake, shovel

or hoe rub. Wearing gloves will also help.

The spring rainy season usually brings a fresh batch of colds to school children. Dressing the children properly will help prevent colds but if your child catches one, keep him home from school. One bad cold in the classroom will bring 20 or more in a few days and before long the epidemic will spread throughout the school.

If you have a pre-schooler who will be entering school for the first time next fall, now is the time to start getting him ready. Most schools hold pre-school conferences in May to register the next fall newcomers and local health departments start setting up their immunization clinics. Take advantage of the immunization clinics so that your child will be protected against polio, diphtheria, whooping cough, lockjaw and smallpox when he reports for kindergarten next fall. Michigan's immunization law requires these protective shots for children entering school for the first time, so now is the best time to see that your child is protected and ready for school. Only children whose parents or guardians do not wish to have them immunized because of religious or other convictions are exempt under the law. If you have some pre-schoolers who haven't been started on their protective shots, bring them along. Immunization against all five of the diseases should start at three months of age.

Spring also ushers in the season of increased travel on the highways. For your safety and that of others, don't try to stretch too long a trip into too short a period of time. Fatigued drivers are a major cause of highway accidents.

## BASS SEASON TO OPEN JUNE 1

Bass fishing season will open June First, hereafter, if a bill which passed the House Thursday, becomes law.

Conservation Department technicians do not believe that the earlier opening will adversely affect the bass productivity.

## Watercraft To Be Rated

A bill that would require manufacturers of boats to put a label on them specifying the weight they can safely carry, and the maximum horsepower outboard motor they are designed to handle, passed the House Thursday.

Overloading and over-powering of boats has been responsible for many water accidents. Homemade boats would require inspection by local authorities to be rated.
