Silver Lake Association Elects New Officers; Amends Rules

At its annual meeting on June 26 the Silver Lake Property Owners Association elected officers for 1962, amended a lake rule and heard plans for a possible research program to be conducted on the lake this fall.

New Phone Directory Due Soon

Michigan Bell Telephone Co. will begin delivery of its 1961 Pinckney telephone directory Saturday, July 8, announced Russell H. Engelhardt, manager here for the company.

"Some 1,300 copies if this annual edition will be distributed here and in the surrounding area," Engelhardt said.

"In the new directories," Engelhardt said, "local telephone users will find some numbers which show the new look in telephone listings — called All-Number Calling."

"These listings, as explained on the back covers, have dropped their prefix letters, and such telephones will be known only by seven numbers, and not by two letters and five numerals. Only the seven numbers should be dialed," he added.

When the new directory is delivered, the old one should be discarded, Engelhardt said.

He also suggested that emergency numbers be entered in the special spaces provided for them in the front of the book.

LAKELAND CIRCLE TO MEET

The Lakeland Circle of the King's Daughters will meet on Wednesday, July 12, at the home of Mrs. Warren Miller, Buck Lake, for a potluck luncheon at noon. Members are asked to bring own table service, also.

L. A. Seamans, 8487 Thurston Road, was elected president; Al Tischbein, vice president; Mrs. Milton Campbell, secretary-treasurer, and Otto Schultz, Clark Earl and Earl Schuman were named to the board of trustees.

The Association's Lake Rule which permits power boats and skiers to use the lake from 10 a.m. to 6 p.m. daily was amended to extend the closing time to 7:30 p.m. on Wednesdays and Fridays only.

The group is awaiting official confirmation from the Jackson Classifier Conservation office of a complete research program that will include the netting of fish to determine the rate of growth, comparative numbers of different species, food supply, water temperature and oxygen content. Such tests could lead to planting of more desirable fish and the elimination of carp and garpike, according to the Conservation Chairman, Clark Earl.

Other Committee chairmen named at the meeting are Mr. and Mrs. Earl Schuman, entertainment & program; Glenn Grosbeck, community relations, roads and public works; Al Tischbein, Membership and Lake Rules.

Committees were appointed for membership solicitation on the east, south and north shores of the lake. (The Silver Lake State Park of the Pinckney Recreation Area occupies the west shore.)

A second pre-nuptial shower honoring bride-elect Loretta Wilson was given by fellow members of the St. Theresa's Guild at the home of Mrs. Polly Hachey last Wednesday evening. Nineteen guests presented lovely personal gifts and enjoyed an evening of games and refreshments.

Mr. and Mrs. Forest Hughes of Royal Oak were guests on the Fourth at the Jerry Speake home.

During the three days of the Tenth Annual National Square Dance convention held at Cobo Hall, June 29, 30 and July 1, at least 30 members of the Pinckney Village Squares were in attendance.

Local couples who were among the more than 17,000 registered dancers at the convention were Mr. and Mrs. Robert Amburgey, Mr. and Mrs. Clifford Miller, Mr. and Mrs. Win Baughn, Mr. and Mrs. Otis Matteson and Mr. and Mrs. Bud Witter. The list continues with the Earl Schumanns, the Ted Grays, the Marshall Meabons, the Marion Shires, the Harvey Gars and the Cliff Haines.

Forty-four states and four different countries were represented at the events. Two-hour shows were presented several times daily and in the evening as well as special dance exhibitions open to the public.

Babe Ruthers Drop 2 Games

The Pinckney Babe Ruth team dropped both games last week; to Willow Run, 16-1 on Monday and to Britton on Wednesday, 5-2.

In the first game Dennis Williams was the starting pitcher to be replaced later by Carmen Bonscaire and McMichael. Gary Henry was behind the plate all the way. The team had 9 errors in this one-sided ball game.

The Pinckney team led, 2-1, from the first inning to the 9th in the game at Britton but was caught sleeping in the final moments to lose, 5-2. Jim Barker was the pitcher and Gary Hull, catcher. Hull and Bonscaire each had two hits in this game. The boys go to Saline today for a game at 6:00.

Confesses to Bank Robbery

James E. Jones, 27, of Dexter who was arrested on suspicion a few hours after the robbery of the Pinckney branch of the McPherson Bank in April has confessed the robbery. He plead guilty to the crime when arraigned recently before Federal Judge Thomas P. Thornton in Detroit. Jones, who had taken \$3,786 at gunpoint from bank manager Al Fredenburg and assistant Mrs. Robert Essenberg, was picked up near Dexter wearing a skin-diving outfit. The money was soon after found buried in a cornfield near the Huron River where Jones had hidden it.

The date on which he is to appear for sentencing has not been announced. A pre-hearing investigation is now in progress. Jones who denied any knowledge of the robbery when first arrested.

At Least \$250 Spent Yearly On Each School Child in State

Michigan guarantees that at least \$205 a year goes into the education of each child in public elementary and secondary schools.

"The state contributes more to poor communities than to well-to-do areas," explain William Heneberry and Robert Bevins, agricultural economists at Michigan State University. "The \$205 figure is a minimum. Some communities can pay more."

The economists note that school taxes on real and personal property exceeded \$400 million in 1960. That represents a 750 per cent increase since 1940. School districts levy only this kind of tax.

About 28 cents of each Michigan state government dollar also goes back to local primary and secondary schools. More than half of the four-cent sales tax revenue goes into this total.

"Altogether, local governments foot about 57 per cent of the state's primary and secondary education bill," Heneberry and Bevins say. "State funds total 39 per cent; federal money only one-half per cent. Other sources add up to 3½ per cent."

While poorer districts are helped most, they must do their share, according to the economists. A district cannot qualify for state funds unless it levies at least six mills on the state equalized value of its property for school purposes.

"The state equalized value confuses many taxpayers," Heneberry notes. "The state contributes partly on the basis of local property values, so it

requires that property be valued uniformly among districts. The State Tax Commission determines the state equalized value, which runs about one-half of the market price."

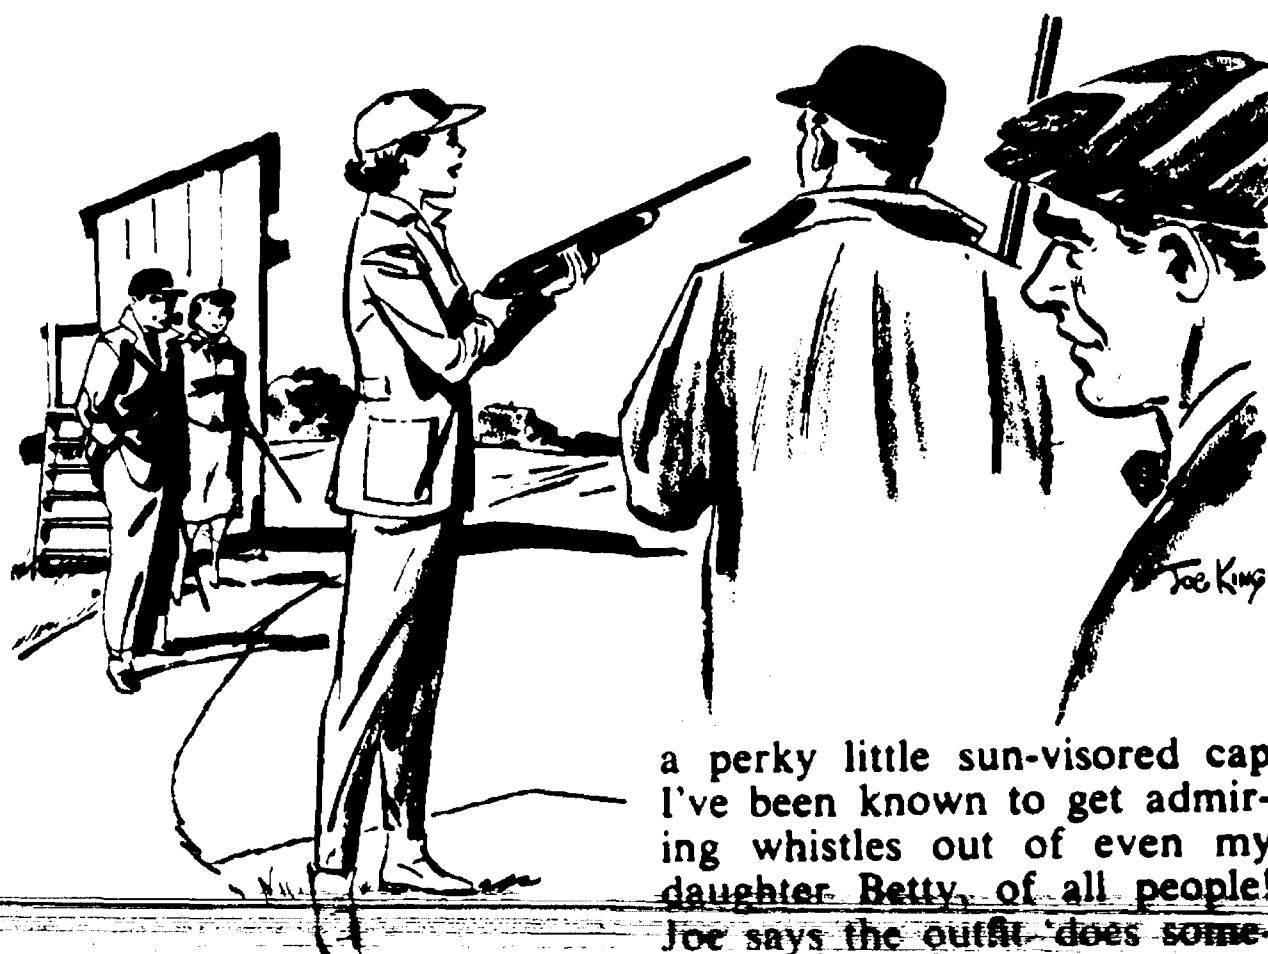

The local share of school

costs is determined by multiplying the state equalized valuation—not the locally assessed valuation—by a certain factor, currently three and one-fourth mills. This is deducted from the \$205 a pupil, and the state pays the rest.

Mr. and Mrs. Ralph Hall attended the 25th anniversary of Mrs. Hall's graduating class at Plymouth High school last Saturday.

Outdoor sports are a lot more fun when you're comfortably dressed, and the clothes you choose for gun walks in the woods and for shooting sports need to be highly practical as well. Most of the shops that handle ski clothing will be having spring clearance sales along about now and good-looking, colorful pants and jackets can be had at real bargain prices. How Valuable Is Local Newspaper Advertising To Local Business People?

Here's What the American Bankers Magazine Has To Say:

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half, or even a quarter page advertisement in each issue of the paper, but your name and address should be mentioned, if you do not use more than several inches of space."

"A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it's the best possible town advertiser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

Mr. Walton will assist Dr. Frederick House, director of the program which offers complete rehabilitation from the time of injury until the patient is "back on the job" full time. It is the only program of its type in Michigan complete with physical therapy, special training if needed, as well as medical care. The plan is aided by the Federal government.

Mr. Walton, who is the new president of the Pinckney Community Schools Board of Education, and his wife, Helen, have been Pinckney residents for more than eight years. They have four sons and one daughter; the oldest, John, will be a freshman at P.H.S. in September.

Oil Well Drilling at 350 Ft. Depth; Going 'Smooth'

The oil well drillers were down to a depth of 350 feet on the Dwight Wegener farm as of Monday morning. Reports are that everything is going smoothly and on schedule. Occasional slowing up occurs when the dumping of the shale is particularly heavy.

The driller has "bedded" the 10 inch pipe closing off water through which the pipes have been put and is now proceeding with 8 inch pipe.

Drilling now is going on at the rate of 4 feet every 40 minutes on the current 12 hour

shift. Plans are to start a second shift soon and continue drilling around the clock.

The driller on the site is Leon Yost of Dundee employed by the prime contractors Good & Good of Bay City for the Parilla Oil Co. of Dearborn.

As of Monday new contracts were being closed for three more wells to be started within 30 days.

It is very possible that five rigs will be in operation at the same time on various sites near the village in the near future, according to Gerald Reason, lessor.

MICHIGAN IS MARKETS

Markets are of vital importance to industry. Ready with the answer to this need are Michigan's large markets and the nearby markets throughout the midwest. These combined potentials are important advantages no industry can afford to overlook.

The facts speak plainly. In Michigan are centralized industrial markets and almost eight million consumers. Personal incomes exceed the national average. These factors assure industry's future growth in Michigan.

As for Michigan's regional market, one-fourth of the nation's population and 30 percent of the country's industry are within overnight delivery range of Michigan plants. And now the St. Lawrence Seaway has brought world markets closer to Michigan.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

Al Fredenburg and son, Art. Willard Wilse and Archie Fournier left Friday on a fishing expedition to Sioux Lookout, Ont., in Canada; a trip of about 1100 miles. They expect to return home on July 9.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many cards, flowers, prayers and every kindness shown to June Lamb Popp by her many Pinckney friends during her illness and to us during our bereavement.

MICHIGAN MIRROR

Daniel Boone had nothing on Michigan nimrods when it comes to bringing home the bear meat.

Boone, a Tennessee frontiersman of no mean skill with the muzzleloader, may rank as the most famous bear hunter of all time, but hunters in the Water Wonderland have improved their take over the years.

Bow and arrow and firearm bear hunters killed 1,238 of the ferocious furry animals during 1960, the Conservation Department reports.

It was in the Upper Peninsula where bear hunters found their greatest success, and an improvement during the firearm season, which is concurrent with the deer hunting season, was the reason.

Some 800 bears were taken from above the Straits of Mackinac compared with only 270 in 1959, the department said.

Another 297 bruins were counted crossing the Mackinac Bridge on their way to the food locker or the taxidermist shop during the early fall bear season last year.

While hunters who use dogs to go after bear are often criticized by other sportsmen, the department said figures over the years have shown only a small percentage of bears are taken with the aid of dogs.

The department said 543 hunters reported using dogs last year, only 7.4 per cent of them were successful, bagging 40 bears.

Skill with weapons, rivalling old Daniel Boone, was the chief reason for the increase in bear kill last year, but the weatherman has to be given an assist. Conservation experts said warm weather during the concurrent deer and bear season, while hampering the whitetail hunters, kept bears from denning up early and helped produce the high tally.

Final figures comprising the box score for the 1961 Legislature showed about a quarter of the bills introduced finally passed.

In fact, there were 1,077 measures introduced, 681 in the House and 396 in the Senate, and 258 of them made it past the pitfalls of the lawmaking process.

Without considering the quality of the legislation, its sheer quantity is formidable.

Perhaps as many as 100 of the bills created major controversy before their passage. These ranged from the routine appropriations bills, which always bring strife, to highly specialized measures that would affect only a small portion of Michigan's population.

A lesson in the results of the 1961 session might be that

whatever the amount of sound and fury, the lawmaking process goes on.

While attention focuses on the battles over dollars and the anguish of special interest legislation, a great deal of attention each session must be devoted to the relatively minor housekeeping measures and routine operational bills.

Boaters Beware! This is the warning sounded by safety experts who site the growing number of powerboat registrations in Michigan as a potential danger to life and limb, if used unthinkingly.

Nearly 370,000 boats have been registered in Michigan under the federal numbering system, state officials report.

And the number of watercraft authorized for use on the Michigan waterways is growing at the rate of about 500 a day. The flow of registrations is expected to taper off by mid-summer, however.

Water safety, like safety on the highways, is the business of the man behind the wheel or rudder, as the case may be.

State Police files on water accidents show an alarming number of drownings and injuries are directly traceable to improper handling of the watercraft. Even the fisherman who stands up in the rowboat is still a major threat to himself and those with him.

Add to the ever-present dangers around the water, the threat from water skiers, skin divers and other new aquatic activities, and the conditions are becoming ever more dangerous.

Food Faddists were on the receiving end of a warning by state Health Commissioner Dr. Albert E. Huestis recently.

Miracle foods or food supplements are not magic cure-alls for what ails you, Huestis said. Instead, indiscriminate use of pills, capsules or concoctions can actually aggravate an existing condition or produce a brand-new ailment, he said.

A trip to the doctor may be far better than switching to a new brand of tonic, the health chief said.

A major part of the problem is that a general run-down feeling can often be traced to emotional strain, fatigue or simply not relaxing enough. People in this condition are prime targets for the colorful, but not always completely honest advertising by health food or health pill promoters, Huestis said.

NEIGHBORING NOTES

The short-lived Short Way Lines bus service to Stockbridge, Dexter, Pinckney and Ann Arbor will be discontinued, according to announcement made this week by the Short Way Lines company. The service had been in effect only three months. The bad conditions of the roads was one of the reasons given.

Though final reports have not yet been made, it is certain that Chelsea's Showboat was a huge success — funwise. One of the highlights of the program, described as a "showstopper" was the Bistro Ballet company in their rendition of the "Swine Lake Ballet". Chelsea has announced August 30, 31 and September 1 and 2, as the dates of the Chelsea Community Fair.

Miss Lucy Webb, daughter of Mr. and Mrs. Harmon Webb of North Lake, was graduated on June 10 from EMU and is now doing graduate work as counselor at the University of Michigan Fresh Air Camp at Patterson Lake, Pinckney. She has accepted a position as teacher in the Garden City school system and will begin her duties in September.

John Harry Wagnor of rural Webberville who was injured in an auto accident near Gregory last Thursday died shortly after the accident. He had lost control of his car and struck a tree.

Thomas W. Sargeant, 29, the Brighton robber who fled the Livingston County jail last December when his wife, Brenda drew a gun on the deputy in charge, has been sentenced to a 45-year term in Tennessee for a murder committed while he and his wife were hiding since their

While many of the claims of the advertising are patently ridiculous, they often are the straw which a sick person will clutch at. Get a diagnosis, and then get the proper treatment, Huestis said.

escape from Michigan. Their "career" began with the robbery of Van Camp's Chevrolet service in Brighton and ended in a wild police chase following a robbery in which the Sargeants took a couple as hostages in a furniture store. Mrs. Sargeant and a third member of the Memphis robbery, Eddie Metcalf, were given 20-year sentences last week.

Gustav Frank Kasper of 1451 Maxfield road, Brighton, and Roy Paul Vasher of Howell enlisted in the U.S. Navy in June in the high school graduation program. Both men are taking electronic field training program. Both men are taking their basic training at Navy Training Center, Great Lakes, Illinois.

GEO. W. ROSE.

THE FOLLOWING LETTER IN RELATION TO THE DEATH OF MR. PHILIP CURTISS, A MEMBER OF CO. G, 5TH MICH. INFANTRY WAS WRITTEN TO THE WIDOW OF THE DECEASED BY LIEUT. LYON OF THE SAME COMPANY.

MRS. CURTISS: IT BECOMES MY PAINFUL DUTY AS COMMANDING THE COMPANY OF WHICH YOUR HUSBAND AND SON WERE MEMBERS TO WRITE YOU A FEW LINES IN REFERENCE TO THEIR SHORT STAY AND LAMENTED DEPARTURE FROM US. DOUBTLESS YOUR HUSBAND WROTE YOU, ERE WE LEFT CAMP, THE PARTICULARS OF WILLIE'S SICKNESS AND DEATH AND YOU HAVE ALSO AS AN EVIDENCE OF THE HIGH RESPECT AND REGARD WE HAD FOR HIM AS AN ASSOCIATE AND FELLOW SOLDIER, THE RESOLUTIONS PASSED UNANIMOUSLY BY THE MEMBERS OF HIS COMPANY AND SENT TO HOWELL PAPERS FOR PUBLICATION.

IN ADDITION, I WILL HERE SAY THAT AS A FURTHER TOKEN, IN DEEDS AS WELL AS WORDS OF OUR HIGH ESTEEM FOR THE DEPARTED AND FOR HIS FATHER REMAINING WITH US, WE RAISED \$50 IN OUR LITTLE COMPANY AND SENT IT TO WASHINGTON FOR THE PURPOSE OF EMBALMING THE BODY AND SENDING IT TO YOU.

AS TO YOUR HUSBAND, OF WHOM DEATH ERE THIS YOU HAVE BEEN INFORMED, HE FELL MORTALLY WOUNDED UPON THE AFTERNOON OF MAY 5TH, THAT MEMORABLE DATE OF THE FIRST DAY'S FIGHT IN THE WILDERNESS — THAT AFTERNOON WHICH CAUSED SO MANY BLEEDING HEARTS IN OLD LIVINGSTON OF THOSE BEREFT OF HUSBANDS, FATHERS AND SONS.

HE FELL IN HIS PLACE NOBLY DOING HIS DUTY AT A TIME WHEN TRUE COURAGE AND PATRIOTISM WAS BEING TRIED TO ITS UTMOST TENSION. HIS WOUND WAS OF SUCH A NATURE THAT HE COULD NOT TALK MUCH, CONSEQUENTLY HE SPOKE BUT A FEW WORDS WHICH WERE UTTERED WITH GREAT DIFFICULTY. WITH HIS OWN HANDS HE UNBUCKLED HIS KIAPSACK AND IT DROPPED FROM HIS SHOULDER. ONE OF MY SERGEANTS HELPED HIM BACK A FEW RODS TO THE REAR WHERE HE BECAME FAINT AND LAID DOWN. THE SERGEANT LEFT HIM FOR A SHORT TIME TO PROCUER SOME WATER, BUT UPON HIS RETURN FOUND THAT LIFE HAD DEPARTED. BY HIS SIDE WAS FOUND YOUR PICTURE AND THAT OF YOUR LITTLE GIRL, UPON WHOM LOVING FEATURES HE HAD EVIDENTLY BEEN GAZING FOR THE LAST TIME ON EARTH. I HAVE ALREADY FORWARDED THEM TO YOU.

AFTER THE TERRIBLE BATTLE CLOSED FOR THE NIGHT, I COMMENCED TO SEARCH FOR THE BODY OF YOUR HUSBAND, BUT IT BECAME SO DARK AND IN THE FACE OF THE ENEMY, LIGHTS BEING IMPRUDENT, WE DEFERRED THE SEARCH TILL MORNING, WHEN WE EXPECTED TO BE RELIEVED. BUT AFTER REMAINING ALL NIGHT UPON THE FIELD WHERE WE HAD FOUGHT WITH THE DEAD AND WOUNDED NOT YET REMOVED, THE BREAK OF DAY FOUND US IN THE FIRST LINE THAT CHARGED THROUGH THE WOODS ON THE SECOND DAY'S FIGHT. I WAS AFTERWARDS INFORMED HOWEVER THAT YOUR HUSBAND WAS PROPERLY BURIED.

I DO MOST SINCERELY SYMPATHIZE WITH YOU AND THE AFFILIATED FRIENDS IN THIS YOUR BITTER HOUR OF MOURNING. I TRUST THAT THE GREAT CONSOLE — HE ALONE WHO IS ABLE TO BIND THE BROKEN HEART AND COMFORT THE BEREAVED WILL REMEMBER THE WIDOW AND THE FATHERLESS IN THEIR DAY OF TRIAL AND TENDER THEM THAT SWEET CONSOLENCE WHICH IS ONLY FOUND IN THE BOOM OF HIM WHO SUFFERED ON CALVARY.

RESPECTFULLY YOURS —
S. T. LYON
