## Huhman-Tasch Vows Spoken Here Saturday

The home of Mr. and Mrs. Robert E. Tasch, 747 E. Main street, was the scene of a lovely summer wedding when their daughter, Kristen, and Lonnie F. Huhman repeated their marriage vows at 4:30 o'clock on Saturday afternoon, July 29.

The Reverend William Hainesworth of the Community Congregational church read the double-ring ceremony in the presence of the family and close friends.

The bridegroom is the son of Mrs. Margaret Huhman of Louisville, Kentucky.

For her wedding the bride chose a sheath dress of white lace over taffeta featuring a scalloped neckline and hemline and a short jacket with three-quarter length sleeves. A small pearl crown held her finger-tip veil of silk illusion. Her accessories were white and she carried an orchid on a white Bible.

Mrs. Norman Bock was the matron of honor. Her costume

was a pink sheath dress with a brief jacket. She carried white carnations.

Jack Bilkovsky assisted the bridegroom as best man. Tom Huhman, brother of the bridegroom, seated the guests.

Baskets of summer flowers decorated the rooms for the occasion. Many more friends joined the wedding guests for the reception which was held in the Tasch home in the evening.

Following a motor trip of one week in northern Michigan the newlyweds will make their home at 721 E. Main street.

The bride is a graduate of Pinckney High school and is employed at the Ann Arbor Bank, Ann Arbor.

Her husband is also a graduate of P.H.S. and of the Lamar Barber College, Highland Park. He also attended Olivet College, Olivet. He is a barber with Ed's Barber Shop, Dearborn.

## 15 From Local Church At Retreat

Fifteen members of the Peoples church, young people and their counselors, attended a week end retreat at the World Christian Life camp, near Brighton. Reverend Thomas Murphy and Mrs. Murphy also attended.

Studies, hikes, swimming and group singing were among the activities that made the event a complete success.

A program on Friday evening featured a talk by the Reverend Charles "Uncle Chuck" Michael and the showing of color slides by Jackie Clark of Dexter. Mr. Clark's films were taken in France, Germany and Holland where he and Mrs. Clark (Janie Nash) traveled extensively while in Europe with the Armed Forces.

## Awarded Bridge Contract in County

In Livingston county, contractor Taber Co. of Grand Rapids started work on a \$75,695 bridge to carry eastbound Interstate 96 over the west branch of the Red Cedar river near Fowlerville.

The bridge is part of a \$3.3 million contract held by the Cooke Contracting Co. of Detroit for 7.8 miles of I-96 east from the Livingston - Ingham county line.

Completion date on the bridge and freeway is Nov., 1962.

## ANNUAL RACES AT HELL HELD LAST WEEK

The annual running races for Hi-Land Lake area were held at Playland, Tuesday and spirited contests and close finishes predominated.

Ralph Henry won out over John Froehlich in the Men's Senior division. Kenny Garr took the measure of Alan Steffen in the Men's Junior Division and Matt McCann coasted to an easy win over Jim Froehlich in the Bantam Class.

For the Girls — Linda Steffen out ran Sharon Bowles in the Junior Section and Susie Bowles won out over Linda Preston in the 8 to 10 year old group.

## SAILERS HOLD SECOND CRUISE SATURDAY

The Livingston County Trailer Sailors had their second cruise Saturday, July 22nd. Nine boats cruised from Algonac to Wallaceburg, Ontario. No one got soaked, although there was a slight shower. All returned safely. The group planned to have films to show at the meetings of Thursday, July 27th, at Wilson Marine.

## EARNS DEGREE

School Supt. Wesley Reader is a patient at McPherson Health Center.

This huge fish pond proved to be a big attraction for youngsters at the St. Mary's Homecoming Sunday afternoon. Below: Booths featuring lovely gift items and handicraft, games and stunts filled the school grounds with something to interest everyone. The roast beef dinner was served to nearly 2000 with dinner receipts totaling \$1900 in an unofficial report received Monday. One observer remarked that "not quite as many old-timers were present this year."

From Dearborn comes the announcement of the arrival of Debra Lynn, daughter of Mr. and Mrs. Dennis Napier. Baby was born on July 17 weighing

## Oil Well Depth Now at 2060 Ft.; Gas Evident

Two thousand and sixty feet was the depth of the oil well on the Dwight Wegener farm Monday forenoon with drilling going smoothly on in the Detroit River or Monroe formation.

## Paradise Offers Hell Its Greetings

The residents of Hell, just 3 miles south of here, received warm greetings from the citizens of Paradise, Calif., one day last week.

The communication offered congratulations on the creation of the new postal substation in Hell and the Chamber of Commerce message concluded with, "if any member here assembled should go to Hell, he (shall) convey in person his warmest greetings and felicitations."

Gas, struck for the first time last week, is still evident in varying amounts. Water will be bailed out and sealed out by this midweek and several hundred more feet of pipe will go down.

There has been no sign of oil as yet and the lack of signs at this stage may be considered a good omen, according to a spokesman.

The drillers are prepared to go to a depth of 4500 feet if necessary.

Gerald Reason, lessor, informs that three more wells will be started shortly, and that a total of eight wells is planned for Putnam township.

David Darrow, who spent his recent leave from Great Lakes Naval Training Center here with his parents and friends, left Sunday for Washington, D.C., where he will be stationed on a new duty.

BROTHER AND SISTER shared 4-H honors at the Fowlerville Fair last week as Bill Wylie's Shropshire Ram was declared Grand Champion and Bonnie Wylie's Shropshire ewe was also awarded the Grand Champion ribbon. Bonnie went just a step further and earned a Reserve Champion award with a ram she exhibited.

The two rams will go to the 4-H state show, East Lansing, late in August.

The 4-Hers are the children of Mr. and Mrs. Bert Wylie, dad being the leader of the Hilly Hustler's sheep club. Cousins of the top winner, Joan and Mary Wylie took a blue ribbon with a Shropshire ewe lamb and 3rd place with a Coroado yearling ewe, respectively. There are 8 members in this group.

### COMING EVENTS

Vacation Bible school at the Community Congregational church will be held during the week of August 21, according to Supt. Mrs. Harold Henry.

The school will be under the direction of Rev. and Mrs. William Hainsworth who will be assisted by volunteer teachers.

Children of kindergarten through sixth grade may register at any time before the session by telephoning Mrs. Henry at UP 9-3497 or filling out cards in their regular Sunday School classes.

### ART, CULTURE HELP ATTRACT NEW INDUSTRY

Community art groups can do much to attract desirable industries to their towns.

So says Michael P. (Mike) Church, lecturer in art and special projects adviser for The University of Michigan Extension Service. Church keeps up with the activities of some 1,400 citizen-painters in Michigan.

"Working through civic councils to act in an advisory capacity to city and town planners, art groups should offer their services to help improve the environment," says Church. "They also ought to join forces with other groups who represent cultural activities in the community."

#### SUGAR-FREE FOOD STILL HAS CALORIES

"It ain't necessarily so!"

That's the way the song goes, and that's what dietitians at The University of Michigan Medical Center say about the so-called "sugar-less" foods.

Miss Grace Stumpf claims that the only real difference in the substances used in the "sugar-free" products is that they are slower in furnishing calories than regular sugars.

These substances, called sorbitol or mannitol, are used by the body in much the same way as regular sugars. Since they still furnish calories, they are not "free" foods for people who

must count calories or control the amount of sugar which they eat.

## NEIGHBORING NOTES

Richard L. Helzerman, son of Mr. and Mrs. Ted Helzerman of Fowlerville, was chosen for a role in the Michigan State University's Summer Circle Theatre production of Thornton Wilder's play "Skin of Our Teeth".

Voting was reported very light in the Dexter area, as in most areas, for the con-con delegate election. Roscoe Bonsteel Jr., won the Republican nomination from the 33rd Senatorial District. He will run against Allan Grossman, Democrat, of Saline in the September election.

Michigan State Trooper Richard Gordonier, a former Dexter

resident, has been transferred from the Newberry Post in Northern Michigan to the Police post at Brighton. His wife is the former Nancy Pond of Portage Lake. The couple are the parents of two small daughters, Mary Ellen and Debbie. Officer Gordonier has been a member of the State Police for ten years.

Paul Mann, executive vice-president and cashier of the Chelsea State Bank, is now treasurer of the Michigan Bankers Association. He was named to the state office at the annual meeting of the group at Mackinac Island recently.

James Murphy of Plymouth (brother of Louis and Cecil Murphy of Pinckney) was one of the members of the class of 1931 of old St. Mary's high school who attended the reunion of the class at the Knights of Columbus Hall in Chelsea last Sunday.

The South Lyon board of education last week called "time out" in the job of picking a site for the South Lyon High School building. They are hoping to negotiate more favorable offers from land owners of two specific parcels of land.

The Jones Boys, four young Livingston County men, who sing and accompany themselves with guitars, have made their first recording with a Troy, Mich., recording company. The record "A Sinner's Humble Plea" and "Don't Leave Me Here To Stand Alone" was composed and written by one of the members, Billy Jones of Brighton. It is a country style religious selection. Other members of the group are Bobby Markum and Chuck Garrison of Howell and Melvin Smith of Fowlerville. The boys appeared on the Minnie Pearl program at the Fair.

**PROTECT FROZEN FOODS**

Cold air is dry and causes food to dry out in the freezer—unless the food is protected with moisture-proof, vapor-proof wrappings. Anita Dean, foods and nutrition specialist at Michigan State University, says it's false economy to skimp on packaging materials, especially when food is to be stored for several months. Ordinary waxed paper, household-weight aluminum foil and used food cartons are not designed for freezer use.

which started July 1, to take care of mental health needs.

Tragically, all of the mental patients in the state don't get the kind of care they should. The Mental Health Department is handicapped by what it terms an unrealistic budget.

Legislators determined that \$76 million was the proper amount and suggested administrative belt tightening so that the department could live within its appropriation. Mental Health wasn't the only field which claimed it was short-changed by the appropriating committees of the Legislature.

Politicians are divided on the appropriations question with some saying nobody got enough, others saying the need is for economy in government instead of more money and a third group saying that it would have been wise to increase the operating money in at least some areas of government.

Politicians are not so divided when it comes to pressure to keep taxes down. They must chart their courses according to their feeling for the people in their home areas.

But practically all those who believe some increases would have been in order say Mental Health, and possibly higher education, should have been considered for more money.

The problem of the mentally ill is probably the more acute of the two.

In addition to the 35,000 institutionalized mental patients in Michigan, another 4,000 are convalescents either at home or somewhere else where they can be handled on an out-patient basis, another 2,300 or so are awaiting treatment and about 200 inmates at Southern Michigan Prison, Jackson, have been called dangerous psychotics.

Keep in mind that these figures represent only the mental cases under the auspices of the state, not private hospitals and sanatoriums.

Because of overcrowding, inadequate staff and lack of money, the patients already being treated are unable to get the competent, professional care they need and the backlog of patients waiting for admission continues to grow.

Of all the areas of state government activity, the care of mental patients should be among those getting top priority, simply because people with mental problems need help so badly.

Plague! The word which strikes terror in many countries of the world means little to most Michigan residents.

But "plague" of a sort, Cholera, swept the primitive frontier town of Detroit in 1834 and estimates are that one-eighth of all the people living in what was later to become the Motor City of the United States died of that plague that summer.

Even the territorial governor, George B. Porter, was felled by the sickness and died.

It all seems remote in these days of alert public health officials, sanitary living and wonder drugs. The cause of the plague in 1834 was as common then as inside plumbing it now: open air drains wherein ran all manner of pollution.

The open drains of Detroit in that era would be enough to make the present day Water Resources Commission throw a fit.

But the deadly germ that killed the people of Detroit well over a century and a quarter ago was at least partly responsible for today's modern sewage systems. After the plague hit a second time, the open drains in Detroit were ordered closed over. Piped sewage systems were here to stay.

If the legendary Paul Bunyan were alive today, he'd have some organized competition

from the State Highway Department.

While the road builders aren't serious lumbermen, they do make use of the trees that have to be cut when clearing the right of way. Not for the old "corduroy" roads and not for bridge pilings as might have been done in times past.

Today's highway builders simply saw the logs up into convenient lengths and sell them to anybody who will buy.

There is not a great deal of

lumbering done in the course of road building, but enough so that a single project earlier this year netted the Department nearly \$4,000.

That one sale consisted of some 86,000 board feet of logs cut into 12, 14 and 16 foot lengths.

Presentday Paul Bunyans will want to know that the trees cut to produce the logs were Sugar Maple, Basswood, Hemlock, Yellow Birch, Black Ash and Elm.

### Hylocereus Undatus

A breath-taking moment of beauty in the plant world was witnessed in the back-yard gardens of Mr. and Mrs. Floris Clarke, 311 West Main street, about 10 p. m. last Monday when six magnificent blooms of the night-blooming Cereus, a spiny, diverse plant of the genus of cacti, opened almost simultaneously. The large white, delicate and very fragrant blossoms are at their best about midnight. Their life is brief; dawn on Tuesday found them limp and dying.

The plant, a gift from Florida, to the Clarkes five years ago, has bloomed annually for the past four years, but never in such profusion.

## Moonlight Sail Race Held Mostly In Total Darkness

Neither breeze nor moon was very cooperative Saturday night when the boats of the Huron-Portage Yacht club prepared for their annual Moonlight Sailing Race on Big Portage Lake at 9 o'clock. The moon did make a brief appearance before the races ended at a later than expected (lack of breezes) 11:30.

Results of the night's sailing show Jim Barstow, of Detroit the winner of the Lightning class with Bob Stevens of Ann Arbor and Dr. Robert Bird of Wayne coming in second and third, respectively.

Douglas Starkweather of Plymouth took the Flying Scot honors with Paul Ehman of Ypsilanti and Leon Merriman of Plymouth close behind.

In the Rebel race Tom Ehman of Ypsilanti was first; Gary Davis of Portage Lake, second and Tony Lott of Detroit, third.

Bob Douglas of Detroit sailed his Snipe to victory followed by Bud Goudot of Detroit and John Swisher of Ann Arbor.

In the heat and humidity of Sunday afternoon an occasional breeze did aid and abet the sailors and again Jim Barstow, Bob Stevens and Dr. Bird repeated their successes of the night before, finishing in the Lightning class in the same order.

Douglas Starkweather, too, repeated his Flying Scot victory performance but Irvin Wolf of

Detroit came in second and Paul Ehman of Ypsilanti, third.

In the Snipe division Willard "Red" Richard was the winner with Dr. T. Call of Ann Arbor second and John Swisher also of Ann Arbor, third.

Dr. John Bartlett won the Rebel's race; Tony Lott was next and Dr. T. Henderson third.

The Huron - Portage this week announced plans for its third annual Invitational Regatta to be held here August 26-27.

Three major races are scheduled for the week end as well as tests of sailing skills and other events. Trophies will be awarded at the close of the Regatta late Sunday, August 27.

More than fifty visiting yachts were registered in last year's meet and more are expected to enter this year.

Dr. Robert Bird of Wayne is the Regatta Committee fleet chairman.

Pinckney residents who were patients at McPherson Health Center during the past week included Norma Lemm, Barbara Coffey, and Elaine Morz. Yasuko Bell was discharged on July 18, as was, Leta Bond.

A son was born to Mr. and Mrs. Freeman Lemm of Mower road at McPherson Health Center on July 21.

More young citizens of the community are herewith introduced via the camera to Dispatch readers: Richard Orland Winslow, age 3½, is the son of Mr. and Mrs. Orland Winslow of 5625 Fernland Dr., Lakeland; (proud grandparents are the Darel Bakers of Lakeland); center, five year old John and two-and-a-half year old Jimmy are the bright-eyed sons of the James Gardners, also of Lakeland; right, Sharolyn, who loves to swim, is the daughter of George and Rose Aschenbrenner of Cedar Lake road.

Bottom row, left, Mary Elizabeth Burg, age 2, is the daughter of the John Burgs of Patterson Lake road, truly the queen of the Burg household as Mary has six big brothers to obey her commands. Next are Marcia Knight, age 1½, and her brother, Billy, age 3, children of Mr. and Mrs. James Knight of Unadilla street. Mother is the former Agatha Henry.

## FRESHMEN VISIT WMU CAMPUS THIS SUMMER

Kalamazoo — More than 2,200 freshmen who expect to enter Western Michigan University for the first time next fall are spending two days this summer in visiting the campus.

Dean Paul L. Griffith and his staff of counselors have arranged an intensive program of counseling, advance registration including the payment of a part of their fall fees, and a bit of social life. They will thus clear up many of their early fall duties and know the campus a little better when they arrive.

When they return to the campus in September it will be to start classes almost immediately without the usual days of orientation and registration.

Among those attending is Nancy Wegner of Pinckney.
