SCHOOL VOTE SET DEC. 17th

Bank Sends 10 4-H'ers To Chicago

By DUANE GIERBACH
County Extension Agent
4-H Club Work

HOWELL — Ten top Livingston County 4-H Club members spent four days touring Chicago recently on an award trip sponsored by The McPherson Bank of Howell and Pinckney.

Trips to the "Windy City" were awarded club members on the basis of their overall 4-H achievement.

Items considered included: the member's growth in 4-H Club work, judging and demonstration work; quality of exhibits; completion of a notebook and accuracy of records and leadership as demonstrated by officers held and committee work.

Members receiving the trip were:

Wanda Bessert, daughter of Mr. and Mrs. Robert Bessert of 760 Cedar Road, Fowlerville.

Barbara Dendel, daughter of Mrs. Vera MacKenzie, 3028 S. Fowlerville Rd., Fowlerville.

Patricia Peckens, daughter of Mr. and Mrs. Ralph Peckens of 2854 Chase Lake Rd., Howell.

Betty Larsen, daughter of William Larsen, 7748 Fleming Road, Fowlerville.

Carolyn Rockey, daughter of Mr. and Mrs. Donald Rockey, 674 Detroit St., Howell.

Donald Maxwell, son of Mr. and Mrs. Ronald Maxwell, 4583 Gannon Road, Fowlerville.

Julia Jonckheere, daughter of Mr. and Mrs. Charles Jonckheere, 282 Cedar Road, Fowlerville.

Dianne Robinson, daughter of Mr. and Mrs. Glenon Holington, 8354 Fleming Road, Fowlerville.

Pat Geer, daughter of Mr. and Mrs. Wayne Geer, 1850 Kane Rd., Stockbridge.

Accompanying the delegates were Mr. and Mrs. August Jonckheere and Mr. Leo Garver of Fowlerville.

Points of interest visited in Chicago included the Museum of Science and Industry, Chinatown, Adlers Planetarium, Shedd Aquarium and The Chicago Natural History Museum. They also attended the International Livestock Exposition and Horseshow.

Another trip highlight was attending worship services with the delegates to National 4-H Club Congress in the Grand Ballroom of the Conrad Hilton Hotel on Sunday morning.

Health Center Will Pick Five Trustees In Jan.

HOWELL — Five board members will be elected at the annual meeting of the McPherson Community Health Center corporate members which will be held in the hospital auditorium at 8:00 p.m., January 8.

Some amendments to the constitution will also be submitted. In order to be a member of the corporation and to vote at the annual meeting, an individual must have contributed \$1.00 or more 30 days prior to the annual meeting. Thus, any individual who has contributed to the hospital prior to December 10 will be eligible to vote at the meeting.

A Nominating Committee will be appointed sometime in December for the purpose of submitting credentials of the nominees for board trusteeship.

Extension Boss

Jack L. Parker, Algonquin County 4-H club agent since 1954, will become Livingston County extension director Dec. 1. He will replace Charles R. Kaufman who is being transferred to community resources work.

Electors to Decide Equal Tax Issue

PINCKNEY — Equalization of school taxes will be voted upon Monday, Dec. 17, at a special election in the Pinckney Community Schools District.

The vote was sought by the Hamburg Chamber of Commerce which spearheaded a

drive to have the subject placed on a ballot for a decision by school electors.

Members of the chamber committee who are guiding the project are two brothers, James and Bill Bennett, Hugh Radloff, chamber president and member of the school board, and Clifford Broegman.

They are finding their problem in selling a yes-vote to the community is one involving the wording of the resolution which is to be voted upon.

The following is the proposal as it will appear on the ballot:

1. Shall the limitation on the total amount of taxes which may be assessed against all property in Pinckney Community Schools, Livingston and Washtenaw Counties, Mich. for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by forty-five hundredths of one percent (0.45%) (4 1/2 mills) of the assessed valuation, as equalized, of all property in the School District for a period of twelve (12) years, from 1963 to 1974, both inclusive, for the purpose of spreading a debt retirement tax levy uniformly over the territory of the combined district to provide funds to pay the principal and interest on bonds of the school district dated February 1, 1955, School District No. 1, Hamburg Township, Livingston County, Michigan, having been annexed to this district on December 2, 1958?

2. Shall Pinckney Community Schools, Livingston and Washtenaw Counties, Michigan, as combined with School District No. 1, Hamburg Township, Livingston County, Michigan, assume the tax-limited bond issue of Pinckney Community Schools dated February 1, 1955 and the unlimited tax bond issue of former School District No. 1, Hamburg Township dated March 1, 1957?

Bill Bennett and Radloff said the chamber is 100 per cent behind the proposed plan.

"It's a matter of fairness," they say. "The spreading of the tax over the entire district would increase taxes to persons outside the former Hamburg No. 1 district by an amount between \$5 and \$6 cents per \$1,000 of assessed valuation.

"It would cut the residents of the old Hamburg Township No. 1 District by about \$10.35 per \$1,000."

At present Hamburg No. 1 district residents are paying a voted six mills — five for their 1957 bond issue (before consolidation) plus one for the Pinckney school district issue of 1959.

Other residents of the consolidated district are paying three mills — 2 for a 1955 bond issue (prior to consolidation) plus the one mill for the levy on the entire district.

"There are 82 children using the Hamburg Elementary School from the other portions of the district," the spokesman said, "and we feel we are justified in asking that the taxation be spread equally over the entire district."

Pinckney Library News

By FLORENCE PRUESS
Librarian

PINCKNEY — New books for adults include: last year's Pulitzer Prize winner, "The Edge of Sadness" by O'Connor; "A Long and Happy Life" by Reynolds Price, a new author; Steinbeck's "Travels With Charlie" and a mystery, "How to Succeed in Business Without Really Trying" by Miller.

For children, Barrie's "Peter Pan and Wendy" in a beautifully illustrated edition; DeJong, "Wheel on the School"; "Charlotte's Web" by White, and a football story, "Quarterback's Aim" by Lord.

For our social service shelf we have "The Illustrated Book of the Far East" by Reusswig and "The Illustrated Book of South America" by Appel.

The program is sponsored by the Adult Club of the church and will be part of the regular December meeting of that organization.

Pot luck dinner will be served at 6:30 p.m. and members are reminded to bring their own table service and one dish to pass.

Hopkin's program depicts activities at the Kensington Park, which is located only a few miles east of Brighton. He is in charge of the Nature House at the park.

There is no admission charge.

Pinckney People You Know

By DOLLY SAUGHN

The first week of deer season, Mrs. Irene Jack visited at her sister's home, the Jack Roberts of Sidney, Michigan, keeping Mrs. Roberts company while Mr. Roberts deer hunted.

For Thanksgiving holiday, Mrs. Jack was in Detroit and Ferndale, visiting at the homes of her two daughters, Mr. and Mrs. Edwin Rowe (Madge) and Mr. and Mrs. Ronald Hoskins (Roberta).

On November 16, Mr. and Mrs. Herman Widmayer attended the funeral of Mrs. Eva Stofor, age 72, at the North Lake Methodist Church, on North Territorial road. Mrs. Stofor was a cousin to Mr. Widmayer.

On Thanksgiving day, Mr. and Mrs. Widmayer were guests at their son's home in Howell, the Willard Widmayers. Mr. and Mrs. Emmet Widmayer of Pinckney were guests there also, and four of their children, Roddy, Vickie, Eaddy and Jimmy stayed over to spend a

day with their cousins, Billy and Danny Widmayer.

Mrs. Hendee was in Coldwater, Michigan at her daughter's home the Jim Nash's, for Thanksgiving day. She left last Tuesday and was back on Friday.

Mrs. Cella Bally, Dexter road, entertained her sister's family, Mr. and Mrs. Carl Newell and their son from Charlotte, on Thanksgiving day. On Sunday Mrs. Bally's daughter, Mrs. Denver Burton, of Allen Park came to stay with her for a few days visit.

Mr. and Mrs. Henry Shirey left last Wednesday evening to spend the four day Thanksgiving vacation at Hillman. Mr. Shirey planned to do some deer hunting—as did his son Bill and accompanying guests, Lavern Hunt and Steve Randall.

Mr. and Mrs. Robert Stacy (Marilyn Shirey), were at Mr. Stacy's parent's home at Hillman, next door to where the Shirey's were.

It was a pleasant surprise when Mrs. John Colone walked into the Dispatch office on Friday. She managed to be on the "out-going" list last Wednesday from St. Joseph Hospital and was home with her husband and four sons Thanksgiving Day. Now providing the "takes it easy", she will not be confined to bed until time of surgery.

Mr. and Mrs. Mike Reams (Cathy) spent Thanksgiving Day at the home of Mrs. Ream's parents, The Jack Ream's and sister, Jackie.

The first four days of deer hunting season, Mr. and Mrs. Dave Taylor, Mr. and Mrs. Don Endress, Mr. and Mrs. Paul Endress, Joan Endress, and Mr. and Mrs. Ed Wright of Howell were near Atlanta, Michigan hunting. But all in vain—no

Happy Birthday to Jerry Steffen, Nov. 25! He is stationed at Hunter's Air Force base in Georgia and therefore, of course was unable to attend Thanksgiving dinner at Grandma Steffen's this year, with his parents, Mr. and Mrs. Dewey Steffen and family.

Mr. and Mrs. Cliff Miller had their daughter's family, Mrs. and Mrs. James Knight, her sister, Mrs. Roberta Amburgey and two children, Joey and Chiquita, and her father, Mr. Robert McArthur, honored guest visiting this past week from Metropolis, Illinois.

Dick Line and Cordie Hoyt were home for the four day Thanksgiving recess from Michigan State at the homes of their parents, Mr. and Mrs. Tom Line, Cedar Lake Road, and Mrs. Glenda Hoyt, Silver Lake.

James Cantrell of Ann Arbor and formerly a Pinckney High School student, spent Thanksgiving vacation at the Thomas Bonner home on Rush Lake road, as guest of Roger Asa Bonner.

For the week-end coming up, Roger was looking forward to entertaining his cousins, twelve in all, when they congregate at Bonner's "Timothy Acres" and select their Christmas trees, this being an annual event for all concerned.

Mr. and Mrs. Louis Wagner, Jr. and family of Dearborn; Mr. and Mrs. Richard Socko (Alice Wagner) and baby, Brent; Mr. and Mrs. Bruce Coleman of Howell were dinner guests Thanksgiving Day at the home of Mr. and Mrs. Wayne Wagner, Chubb's Corners. Wayne, and son Kenneth arrived home that day "deer-less" after a weeks hunting near Atlanta, Michigan.

L. Wylie Joins Engineer Corps

PINCKNEY — Army 2d Lt. Richard W. Wylie, 23, son of Mr. and Mrs. Kenneth A. Wylie, 628 Putnam St., Pinckney, Mich., recently completed the 11-week officer orientation course at The Engineer School, Fort Belvoir, Va.

Lieutenant Wylie received instruction in the duties and responsibilities of a newly-commissioned officer in the Corps of Engineers.

The lieutenant is a 1957 graduate of Pinckney High School, attended Michigan State University in East Lansing and is a 1962 graduate of the U. S. Military Academy at West Point, N. Y.

Production of corn for grain in the U.S. was 3,824 million bushels in 1961. The third largest crop on record, it also employed the lowest acreage with 58.7 million acres harvested for grain. The record yield of 61.8 bu. per acre was recorded.

CARNIVAL IS BIG SUCCESS

Mr. McCloskey reports that this year's Carnival was a huge success. He estimates that over \$500.00 was taken in, an amount more than in any previous year. About half of that is profit.

Pinckney High's Student Council sponsored the Carnival, and they sat up and manned all but three of the booths. The Future Homemakers of America, the Future Teachers of America, and the Library Club each had a booth of their own.

GOVERNMENT CLASS MAKES TRIP

Friday, Nov. 9, at nine o'clock the government class, mostly seniors and led by Mr. Gibson, went to Lansing.

They toured the Capital Buildings, seeing the House of Representatives and the Senate. They sat in and observed the Michigan Supreme Court. They also visited the governor's office and the state museum.

In the afternoon the class toured the Oldsmobile plant with a guide who explained to them, as they saw the machine, how an automobile is made. They returned back to school at 3:25 to end a day of educational pleasure.

How To Select Best Turkey

There will be plenty of turkeys for the Christmas holidays! The 1962 turkey crop is the second largest on record, 92 million birds. Still, Christmas turkeys may cost slightly more this year than last because this year's turkeys are about 15 percent smaller than a year ago.

Modern processing, grading, packing and freezing make it possible to buy quality turkeys of any size. More turkeys come to market from July through February when the regular winter and spring broods are slaughtered. The smaller turkeys such as the Beltsville White are marketed more widely from mid-March through the remainder of the year.

For the best eating, choose meaty birds with broad breasts and short thick legs and thighs. Look for clean waxy skin, no bruises or discolorations, few pin feathers, and a well-distributed layer of fat under the skin.

THIRD GRADE

We were hoping after Thanksgiving was over all our boys and girls would be over their colds but we have six absent to begin a new week.

Our last lesson in Spelling was a review over five lessons. The eleven who got 100 were: Michael Clark, Heidi Gray, Doris Halleburton, Kathleen Kourt, Stephen Latimer, Michael Meriwether, Greg Pena, John Parter, Gerald Smith, Pamela Waite, and Janet Wylie. Four only missed one word: Robert Brenna, Maryann Hess, Michael King, and Susan Roth.

SIXTH GRADE NEWS

Mrs. Tash's room is writing to Stewart Dixon, New England.

We are going to make Christmas presents starting Nov. 28. We had our Thanksgiving program and found it very interesting.

7TH AND 8TH GRADE NEWS

Our room elected new class officers.

They are: Clara Watters, President, Judy Hull, vice president and Donald Hollister, Secretary.

The 7th and 8th graders have both been working on English worksheets. We underline the subject, verb and then diagram them.

KINDERGARTEN NEWS

We welcome 2 new girls, Diane McNiven, and Doreen Goforth to our morning class.

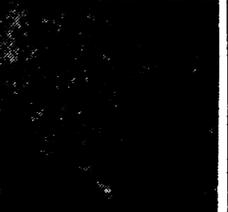

Our people who celebrated their birthdays in November are: Corly Goodnoe, Chris Harnack, Linda Michael, Terry Wright, Billy Knight, and John Pine.

We made a mural of the Thanksgiving story. Everybody helped make log houses, pilgrims, tepees, Indians, wild turkey, etc., and cut out letters for "Thank The Lord for Everything" above it.

We learned to draw turkeys and each of us made one to decorate our room for Thanksgiving.

We learned a "Thank You" song and we sing it every day.

Musical Star for Christmas Seals

Anna Maria Alberghetti, stage and screen star now appearing in the Broadway hit musical, "Carnival," urges everyone to support the 1962 Christmas Seal Campaign. Christmas Seals fight TB and other respiratory diseases.

Faculty Holds Election

It has been announced that Pinckney's High School Teachers Club has organized and held its first meeting of the 1962-63 school year.

The main business of this first meeting was devoted to the election of new officers in which Donald Gibson was elected president; Mrs. Helen Walton, secretary; Richard McCloskey, treasurer.

Other business taken up at this meeting involved a brief review of last year's accomplish-

Principal

Our school pictures have been taken and returned to us. Some of us were glad to get them back because we looked better than we thought we did but others didn't like what the camera produced.

The last week in November is the absolute deadline for getting the pictures back to the office or buying them.

Some exterior improving has been done to the Winsans Lake School during the past two weeks. Blacktopping has been put under some of the water downspouts to disperse the water in a better fashion and thereby keep the soil from washing out by the steps.

In addition to this some flit dirt was brought in and about 90 yards of sod. So as you can see the school is really looking much better.

Mr. Raphael Emmanuel of Turkey came to Hamburg School last week and gave a talk on "The Middle East: The Old and The New". The children seemed to really enjoy it and gained a better insight into the way of life in that part of the world.

Mr. Emmanuel talked first to the 3rd, 4th and 5th graders and then later to the 6th, 7th and 8th graders. The students had an opportunity to ask questions at the end of his talk.

Fewer Cattle In Feed Lots

Russ McDonald, District Marketing Agent, reports some interesting facts on the cattle situation.

Presently there are considerably fewer cattle in feedlots of the 28 state survey ready for slaughter. There are considerably more calves in feedlots now than a year ago, however. This shows that slaughter prices should maintain themselves longer into the fall and winter than earlier indicated.

Because marketing will increase during the second quarter of 1963, prices could soften somewhat.

Mental Hospital Suggests Type of Gifts for Patients

Walter H. Obenaus, M. D., medical superintendent of the 2048-bed Pontiac State Hospital, announced this week that because of the community interest in the needs of the mentally ill - particularly at Christmas time - a suggested gift list is being made available to the public.

Dr. Obenaus advised that already for several weeks requests for the kind of presents mental patients should or could use have been rapidly coming in to the hospital's community relations department from the ten counties serviced by Pontiac State Hospital.

These counties are: Oakland, Macomb, Genesee, Huron, Lapeer, Livingston, Sanilac, St. Clair, Shiawassee and Tuscola.

The hospital superintendent stated that the following list of desirable items was compiled through a mutual effort of hospital patients, volunteers and staff: Christmas cards for patients to mail out of hospital or to exchange with other patients; personnel and hospital volunteers.

Stamps for mailing purposes are extremely necessary as state provides each patient with only two stamps per week.

Gift wrapping, ribbon, cloth and thread, cookies, cakes, writing material, candy and nuts, jewelry (no pins).

Clothing would include: dresses, blouses, skirts, knickerbockers, etc., and must be washable cotton material with no zippers involved, sweaters and bathrobes (no wool), scarves, stoles, shawls, slippers and washable scarfs. Cosmetics, such as lipstick, rouge, powder, hair rollers, emery boards, bobble pins, face creams, perfume, shampoo, talcum powder, cologne (these items should be in plastic containers - or at least avoid glass containers).

With no beauty shop in operation, there are unlimited requests for home permanent kits. The men can use: sport shirts, jackets, sweaters, cigarettes, chewing tobacco, pipes, cigarette cases, shaving cream (tube or plastic), cigars, ties, belts and socks.

Male and female patients: cleaning, tin, u.s., tin-folds, gloves and mittens, books, playing cards, comb and brush sets, deodorants, mechanical pencils and ball point pens, soap, toothpaste, view-master and slides, electric razors for both male and female use. Games could include: Cribbage, picture puzzles, paint by number set, checkers, chess, scrabble, Chinese checkers and etc.

The children (8 to 18 years of age and of both sexes) are requesting: toys, table games, clothing, candy and cookies. Most of the youngsters are in the teenage range.

Please remember that all Christmas gifts must be new (hand-me-downs just do not seem right during Christmas).

Dr. Obenaus said: "We would appreciate delivery of gifts by Dec. 19. Unwrapped gifts accompanied by gift wrapping paper and ribbon will expedite our selection of a suitable gift for the individual patient. Our Psychiatric Attendant Nurses Association is dedicated and desirous of wrapping and personalizing the donations for patients in addition to their own Patient Fund activities.

"Should you feel that you would prefer doing your own wrapping, then please state contents of packages, sizes and whether for male, female or either. Include donor's name and address so that the hospital may thank you on behalf of our patients.

"Please do not send perishable goods, glass containers, or any pointed or sharp metal objects, such as in manicure sets."

Donations may be sent to: Ted Panaretos, Director, Community Relations Department, Pontiac State Hospital, Pontiac, Michigan. For further information, Panaretos may be reached at FEderal 5-8146, extension 244 or 422.

Brighton, Hartland, Pinckney Bus Drivers Attend School

Sergeant Frank K. Devlin, Safety and Traffic Officer, Michigan State Police, East Lansing, was the principle speaker at a meeting of Livingston County school bus drivers held at Brighton, Thursday evening, November 15.

The sergeant spoke on the state laws regulating the operation of school buses, as well as recent school bus accidents and their prevention. His talk was followed by a discussion on problems related to safe school bus operation and many pertinent questions were answered by the state police officer.

Schools represented were Brighton, Hartland, and Pinckney. The total attendance was thirty-two, with three new registrations. School bus drivers are issued a certificate when they have completed the twelve-hour course.

The Michigan School Bus Driver Education Program is sponsored by Eastern Michigan University, located at Ypsilanti; Mr. C. VanderLinden, consultant. The Department of Public Instruction supervises the program. Future classes will be held in Brighton on January 17 and March 7.

C P O P Seeks Corn Quota

Although CROP (Christian Rural Overseas Program) failed by a slight margin to get 1700 bushels of corn in Livingston County by Nov. 15, the county organization is pushing its efforts to get this grain in the Fowlerville Co-Op elevator early this month for distribution overseas.

Many Michigan communities are doing more than their share in reaching quotas and Livingston County dairymen are now donating allotments from their milk to serve this worthy cause which is in the hands of the combined Christian churches.

In most cases forms will accompany the dairymen's milk pay check. They should be filled out and returned to the source of the pay check for deduction. Any dairyman (anyone else for that matter) not receiving an authorization form may send his check to Michigan CROP marked "For Milk."

Last year each \$10 provided 130 quarts of skim milk and 20 quarts of whole milk when reconstituted to its original form.

What better way is there to "Give Thanks" than by sharing of our God-given abundance with children in need?

Several counties are making king-sized plans for corn collection during December: Ingham County, chaired by L. Dale Dunekel, Vice President of Michigan Farm Bureau; Kalamazoo County, L. Ward Bailey, chairman; Clinton County, Rev. Norman Croser, Washtenaw County, Theron Schrierle; Branch County, Glyn Dee Havens and Rolland Norton, Co-Chairmen; Livingston County, Dr. Stanley L. Hoffman; Ionia County, Karyl Hartzler.

All of these will be utilizing Farm Bureau Discussion Groups extensively, though not exclusively. A number of other counties expected to ship corn are being developed.

Michigan CROP workers in Gratiot and Montcalm Counties took part in a dedication ceremony recently in Vestaburg for a carload of beans. The 70,000 pounds of beans are being distributed in Haiti to help alleviate chronic under-

nourishment; in France for Algerian refugees; and in Italy where many unemployable refugees still remain.

Since 1947 CROP has been a community charmer of the churches for a person-to-person program of continuing aid and disaster relief.

CROP's primary purpose is to provide assistance - high protein foods, emergency supplies, agricultural tools, seeds - not otherwise available to the overseas programs of the churches.

In addition to exports, of contributed and purchased food and supplies worth more than \$13 million since 1947, CROP turns over designated gifts to other relief agencies. Designated contributions amounted to \$1,245,000 since 1947.

CROP contributions also pro-

vide for the handling and distribution of government donated foods of the Food for Peace program through the Share Our Surplus appeal of Church World Service. Since the U. S. commodity distribution program began in 1954, CROP has helped to send more than a half billion pounds of such foods, worth \$47 million, through the SOS program of the churches.

Contributors to CROP have given more than \$21 million worth of corn, wheat, rice, beans, cotton, other commodities and cash since 1947.

Although CROP is the community food appeal of Church World Service and state councils of churches, the county CROP organization invites participation and representation by all interested individuals and community groups.

Greedy Pigs Are Costly

Pigs that "eat like pigs" are the least efficient pork producers, according to recent research at Michigan State University.

"In our study, the pigs which ate the most tended to be less efficient than those with smaller appetites," reports William T. Magee, MSU animal husbandry researcher. His findings are based on the analysis of 80 boars which were individually fed as part of a regional swine breeding project. Also analyzed were two complete litters (18 pigs) in a nutrition study. Covering five seasons. Each time the results were the same, coming as a surprise to Magee and other animal husbandry researchers. Until these tests, it had been believed that faster gaining hogs tend to be the most efficient, requiring less feed to make a pound of gain.

Magee's research showed that this was just not true! The hogs that "made pigs of themselves" required two one-hundredths of a pound more feed to put on a pound of gain.

"Thus, it appears that breeders are not likely to improve feed efficiency by selecting the pigs with the big appetites," says Magee. "This does not mean that farmers will not improve feeding efficiency by selecting hogs on the basis of rate of gain."

Two one-hundredths of a pound difference does not sound like a lot of feed, but it may be sizeable in a large hog operation. Magee uses this example: "Supposing we have one boar

which eats an average of 4 pounds per day from the time he weighs 50 pounds to the time he weighs 200 pounds. Then, we have another boar which eats 8 pounds of feed per day while gaining this 150 pounds.

With more than 350,000 hogs going to market each year in Michigan, 5 pounds more feed per hog makes quite a difference - 875 tons.

"The boar with the large appetite will gain one-half pound more each day, on the average and will, therefore, be on feed about 25 days less than the other boar. Yet, it will take about 5 pounds more feed to put 150 pounds of gain on this big eater than it would for the boar which eats less and is on feed longer," asserts Magee.

Goodwill Trucks To Make Pickup

The next visit of Goodwill Industries pickup trucks to Brighton is scheduled for Wednesday, Dec. 5.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative Mrs. Don Larry whose telephone number is AC 9-4461.

Chief Albert John Luthull, co-winner of the Nobel Peace prize for 1960, was born in S. Africa in 1900. A foe of apartheid, he has been confined to his village.

Oldsters Flock to Roller Skate

Out at Island Lake, just east of Brighton, Leonard Farmer who owns the Lakeview Roller Rink, is getting the older folks out of their wheeled chairs and onto roller skate wheels.

From noon to 3 in the afternoon, each Wednesday, a crowd of women, many with their husbands, gather at the roller rink to skate and chat over free refreshments and receive free instructions in skating, some even going so far as to learn figure skating.

Farmer has arranged beauty treatment lectures by famous beauticians and several style shows for the coming Wednesday afternoons in the fall and winter months.

But he hasn't overlooked the youngsters.

The Fowlerville 4-H club has been booked for a series of parties, the first one having been Nov. 7 and the second one Dec. 5 from 8 to 10 at night.

While most of the women are mothers of school-age children, some are grandmothers—and all are proud of the trim figures gained, they say, from skating.

Keeping time with recorded "roller rink music," the kind with a pronounced and steady beat, skaters glide around the rink singly or in pairs. An occasional thud turns head to the sprawled victim of a fall, whose only injury is bruised pride.

**Land Is Likely
Lime - Hungry**

If you haven't found recently, it may be that your alfalfa land is lime hungry. We still find many fields that have never been limed. Why not apply lime and renovate those old hay-riders, weed-infested pastures?

Full and early winter is the best time to apply agricultural lime. Apply it on in the fall, or in a winter period in the spring, with each cutting. The facilities for producing agricultural lime are now being developed in the fall, and early winter than in the spring. You can get the lime out of the ground when the land is frozen, and lime fields can be plowed in the spring. To get the lime out of your ground, put in a fall-plowed field and let it into the soil.

Do you have some old fields of alfalfa that are yellow and thinning out? Does the alfalfa run in strips across the field like waves, stripes a red wide with pretty good alfalfa and thin yellow alfalfa in between? This yellow, is due in many cases to soil acidity. These fields need lime, this fall or next spring.

Lime helps keep the phosphorus in a more available form and it makes the soil phosphorus available to the growing crop.

When there is plenty of limestone in the soil, the calcium in the lime hooks onto the phosphorus and the growing crops can use this form of phosphorus. So why not do something about your lime-hungry alfalfa land right now while conditions are most favorable?

**Fowlerville Fair
Deadline is Dec. 1**

In preparation for the fat stock show at the 1963 Fowlerville Fair, 4-H Club members must have their entry on feed by December 1 and each member is warned that their steer calf must be weighed at once and have the weight slips in the 4-H office at Howell by the December 1 deadline.

Each member is permitted to show and sell a maximum of two steers at the fair.

Feeding a beef steer makes an excellent 4-H project. 4-H members take pride in feeding and fitting a beef calf and watching it grow from a little fellow into a beautiful fat prime steer. Members also receive valuable training in business through credit arrangements and record keeping. They also enjoy the pride of ownership and competition at fairs and shows.

Additional emphasis will be placed on daily rate of gain this year, and a trophy will be offered to the member who has

Body Beautiful Comes To Life At Hi-Point

"Body by Fisher" made famous for its beauty by McClellan Barclay, the artist who lost his life in the Pacific in the Second World War, and created as the backbone of the great General Motors Corporation by the Famed Fisher brothers, it still being perpetuated by one of those brothers E. F. Fisher in the shape of prize Hereford cattle on his farms in Livingston County.

E. F. Fisher started his Hereford herd on his 3,000 acre farm near Romeo, 25 years ago. That farm was later sold for an automobile proving ground and Mr. Fisher then purchased the farm of George Fink, near Brighton naming it Hi-Point, a name that has made Hereford history. A room filled with trophies and ribbons attests the greatness of his Hereford herd of 500 head once ruled over by the \$85,000 bull, T. R. Zato Heir, 262. Zato Heir has since died. His farm embraces 1600 acres.

Herdsmen Pete Dean, Allen Rush, Farm Bureau director, E. F. Fisher and Champion Bull.

Mr. Fisher also owns a farm near Howell on which he raises Herefords. But Hi-Point is his home — his only home and the spot he loves.

His Hereford herd at Hi-Point is cared for by his long experienced herdsman, Pete Dean, who also lives at Hi-Point. Jean has been his herdsman more than 16 years.

The Hereford is a product of the British Isles and because of its delicious texture of meat has stamped the nickname of Beefsteak, on the Briton.

Centuries before Columbus discovered America, farmers who lived in the west of England at the border of Wales — the area known as Herefordshire — developed a breed of cattle which carries its own trade mark, the white face of the bright red Hereford, so popular that 70 percent of purebred beef on the hoof sold in this country carries it.

The Herefords of early days in England differed considerably from the Herefords of today. They were much larger animals, many weighing 3,000 pounds.

In their early days they were developed as work animals to pull the plow and wagon and only incidentally for meat. A quiet disposition went along with the white face and thrifty eating habits.

The earliest authentic records of the breed, for the first time designated as the "Hereford Red" go back to 1742 in Herefordshire, when a 9 year old boy named Benjamin Tomkins received, through his father's will, a dark red cow with a mottled face named "Silver". Benjamin's breeding program started later with two cows, "Pigeon" and "Mottle", plus a bull, a descendant of old "Silver".

Benjamin Tomkins' records reveal he raised a bull, "Wellington 290" that weighed 2,912 pounds. A cow named "Silk" weighed 2,000 pounds, and a bull named "Cotmore" is reported to have weighed 3,900 pounds at maturity.

Gradually the style changed to less weight with more quality, smoothness, and early maturity through the influence of "Lord Wilton", and "The Grove 3rd".

The introduction of Hereford cattle to America first occurred, so far as record shows, in 1817, when Henry Clay imported a young bull, a cow, and a heifer to his home in Lexington, Ky. About 1825, Admiral Coffin of the British navy sent the bull "Sir Isaac" and a cow as a gift to the Massachusetts Society for promoting agriculture. In 1840, W.

H. Sotham, a native of Herefordshire, who had emigrated to America, imported to Albany, New York, in partnership with Erastus Conriss, Jr., 21 cows and heifers and a 2 year old bull.

In 1875, T. L. Miller of Beecher, Ill., became deeply interested in Herefords. He was a man of wealth and ability and he wanted to introduce Herefords into the range country of the west. Miller exhibited at fairs, and in 1877 his cattle attracted the attention of C. M. Culbertson, of Newman, Ill., who imported both "Anxiety" and "The Grove 3rd" to start a herd which soon became prominent. In Indiana, Fowler and Van Natta founded a herd in 1878 and became noted breeders and importers. Gudgeon and Simpson of Independence, Mo., made their start in 1877, importing "Anxiety 4th" and "North Pole" in 1881, to become the leading breeders of their day. In 1878, the Swan Land and Cattle Co., of Cheyenne, Wyoming, started on a substantial scale. In 1883, the Wyoming Hereford Association, also of Cheyenne, imported 225 head as the foundation of the herd later known as the Wyoming Hereford Ranch.

Meanwhile, Herefords were being exported from England not only to the United States — where today they dominate the beef cattle industry — but to more than 20 other countries of the world where grass grows and beef production is possible. Virtually wherever man has gone, the Hereford followed and made good.

The color of the Hereford is one of its most distinguishing features. In 1845, when Eytton published the first English Herdbook, he grouped Herefords into four classifications: mottle-faced, light gray, dark gray, and red with white face. Twenty-five years later, however, all of the colors but the last were practically extinct. In the development of the Hereford breed, the trend has been toward a uniform color.

The modern Hereford of today is red in color, varying from a light yellowish red to a dark cherry red in different individual animals, with a white head, crest, breast, belly,

switch, and usually some white on the legs below the knees and hocks. The white on top of the neck should extend back to about the top of the withers. The amount of white on the mane will vary in length and width, with too much white or no white in this area being objectionable. Too much white running up the sides is also objectionable in breeding animals.

The grazing ability of the Hereford breed has always been one of its distinct advantages over other breeds. If pastures are lush and an abundance of grass and water is to be had, Hereford make rapid gains, converting these products of nature into beef for human food. If pastures are sparse and water holes are long distances apart, the Hereford breed is bestowed with a rustling ability unequalled by any other breed.

The owners of Llandinabo Court, in Herefordshire, have been raising white face cattle since the days when yemen drew the longbow. They still ship breeding stock all over the world.

Rudolph, 14-year-old patriarch of the Llandinabo herd, has sons in Virginia, Argentina, Uruguay, Canada, Israel, and the USSR.

F. M. Symonds, owner of Llandinabo Court, earns his living managing the 300-acre farm.

Herefordshire — once was the Kingdom of Archenfield where the longbow was developed and the planting of yew trees to grow the raw material was compulsory. A yew in the Llandinabo church yard has a girth of 38 feet and was planted about 700 A.D.

Hereford cattle remained a local breed in this part of England until about 200 years ago. Then growing prosperity in London and other cities increased the demand for meat. The white face became popular because they could walk the 150 miles to London and still present a good appearance.

They first were shipped to America in 1817 and gradually replaced the Spanish Longhorn, which was too slow growing and lanky to satisfy the market. Between 1880 and 1890, more than 3,000 Herefords were exported to the United States from this small part of England.

Since then more than 10 million purebred Herefords have

been registered in the United States.

Herefords are known for their gentle manners. A small child can lead a 2,000-pound bull.

Despite the lush pastures on which the breed originated, Herefords are known the world over for their "rustling" ability. They'll walk a mile for a few blades of grass and remain in good flesh. Any climate, hot or cold, wet or dry, suits them.

The cows are gentle so far as humans are concerned, but they refuse to tolerate a

strange dog in their pasture, especially when their calves are small.

"They have a social organization. If a group of calves are lying in the shade under a tree, one cow will remain to watch over them while the rest of the herd wanders to places where they think the grass is greener.

Donald Leroy Payne

Payne, one of the FBI's "Ten Most Wanted fugitives" and a violent racist and pedophile with a history of four offenses since 1957, is charged with raping a Houston, Texas, girl on July 10, 1962. Paying as manager of a dance troupe and using an alias, he allegedly raped the 18-year-old professional dancer after entering her residence on the pretext of offering her a job and attempting to strangle her 7 1/2 months later. Payne also is charged with a violent sex attack on a 12-year-old Houston boy.

A Federal warrant, issued at Houston on September 2, 1962, charges Payne with unlawful interstate flight to avoid prosecution for rape. His prior convictions include jail break and rape and sex perversion on women and children.

A white American, born on July 19, 1918, at Hockley, Oklahoma, he is 5'10" tall, weighs approximately 140 pounds, has a slender build, reddish complexion, and brown, wavy hair. He has worked as a newspaper salesman, fry cook, farm hand, laundry worker, machinist, salesman, and tailor.

Payne, once described by a judge as a dangerous man who "would not hesitate to kill," has a large scar on his right lower leg, a scar on his forehead and a hernia scar. He has a birthmark on his right elbow and a tattoo of two hearts, a wreath and the word "Christine" on his right forearm.

Consider extremely dangerous, please immediately notify the nearest FBI office of any information concerning his whereabouts. 44-2222-2

Study Lease Of Machinery

The Michigan farmer today has ten times as much invested in machinery as 20 years ago.

Most farmers now require more equipment to operate larger acreages than 20 years ago — and has reduced the need for hired labor. Machinery investment per U. S. farm worker has gone from an average of \$30 in 1940 to more than \$2,000 in 1960.

Many people feel that renting buildings and machinery may be a partial solution to the problem of ever-increasing investments, says Myron P. Kelsey, Michigan State University agricultural economist.

One plan, called the "pure lease," could be useful on large farms with several hired men and also on the 20-30 cow dairy farm. A fixed sum is paid each month for seasonal use of equipment. Funds are not tied up in equipment and the limited resources of the farmer can be applied to other high-priority uses. It is much easier to operate within an annual budget as replacement of worn-out equipment is not necessary.

Total costs — usually amounting to 30 per cent of the equipment's new price — are tax deductible. As all equipment is replaced each year, repair costs are a minimum.

Many farmers could profitably lease machinery and equipment for a short period of time.

"Leased equipment could be used to eliminate investment in machinery having only limited use," he says. Other leased equipment — such as an ammonia applicator, extra tractor, plow or wagon — could supplement a farmer's own machinery during peak work periods.

Another plan is called the "lease with option to purchase" at a fixed or predetermined price at the end of the lease. A portion of the lease payments are applied toward the eventual purchase price with this plan. This plan — used by some farm equipment suppliers — usually carries a two to five rental arrangement with monthly payment of a pure interest rate of 13.25 per cent. Because of the stated interest rate, this is a finance plan and not a lease agreement, points out Kelsey.

The "lease with option to purchase" plan provides for extremely low down payments, but is a high-interest method of financing machinery, he adds.

Farmers need to understand three things before using this plan: (1) that they are responsible for any personal property taxes; (2) that this is usually considered as a conditional sale for income tax purposes, and (3) that they must realize that this turns out to be a fixed commitment very similar to a debt payment.

Youngsters To Resume Cage Games

PINCKNEY — Second round play in the Junior High Basketball league will get under way Saturday, Dec. 1, at 10:30 a.m. in the High School gym.

The league is exceptionally well balanced this year and games to date have been extremely close and hard fought.

The second round of games will be completed on Dec. 15 and the league tournament will be conducted on Jan. 2, 5 and 6 following which an All-Star team will be selected.

One will be for the seventh and one for the eighth grade with Jim Merna and Mel Reinhard as coaches to play a series of games with neighboring villages, culminating in competition in the annual Manchester tournament.

Jeff Davis, Mike Sepulveda, Jim Douglas, Jim Clayton and Ron Doyle have all shown excellent from to date and are leading the list of All-Star candidates.

However a number of boys including Don Hollister, Frank Zuzuka, Loy Russom, Larry Nicholas, Rocky Bennett, Roger Harden and Wes Scott have all shown marked improvement in play and will make a good bid for the All-Star team.

All games are free to the public and closer parent participation is urged. The cheerleaders of the various teams put on an excellent floor show and the youngsters give their all to win each game.

Chamberlain Attends Michigan Tech At Houghton

PINCKNEY — Peter G. Chamberlain of Pinckney is one of 2,785 students enrolled at Michigan Tech, Houghton, Mich., for the 1962-63 school year, reports T. C. Sermon, registrar.

Chamberlain, a graduate of Pinckney High School, is the son of Mr. and Mrs. F. C. Chamberlain of Route 1, Pinckney. He is a junior majoring in geological engineering.

Tech's enrollment this year is the highest in the history of the College, said Sermon. The 2,785 figure represents only those on the Houghton campus and does not include the 608 students at the Sault Ste. Marie branch of students enrolled in night courses offered through Tech's Institute of Extension Services.

Pinckney People You Know, Continued

Mrs. Jane Tasch, Mrs. Doris Sannes and Mrs. Florence Pruess attended a meeting at the Ann Arbor Public Library. This was a follow-up of "The Governor's First Conference on Librarians" meeting of September 19, held in Lansing. This is an important step in the development of better library service for all Michigan citizens and was a very informative evening.

Mrs. Glenda Hoyt was a busy hostess on Thanksgiving and says she thoroughly enjoyed every minute of the day. She entertained her two sons and their families, the Carroll Bucks and the Vincent Bucks, of Ypsilanti, her daughter's family, the John Jurinics of Belleville, and a student from U. of M., a Chinese boy, Henry Ku, and of course her son, Gordon home from Michigan State and Brenda, home from her studies at Jackson College.

Mrs. Beulah Miller had two Thanksgiving dinners this year: one was at her son Norm's home on Thanksgiving day and the other was on Sunday at her son, Clare's home. Mrs. Minnie Van Slambrook was a guest at the Norm Miller home on Thanksgiving day, also.

Mr. and Mrs. Herbert J. Bryan of West M-36, entertained on Thanksgiving day, their son Leslie and family, Miss Leslie of Romeo and Mr. Holmes Bryan of Detroit.

The George Roth family spent the Thanksgiving holiday with the C. J. Roth family of Chicago. While there they attended the National Livestock show at the International Amphitheater.

Mr. and Mrs. F. H. Hughes of Royal Oak were host and hostess at White Lodge Country Club on Thanksgiving day, entertaining the John Hughes family, the Curt Bushe family of Royal Oak, the Don Rink family of Howell, the H. Matthews family of Royal Oak, the Jerry Speake family of Pinckney, their daughter, Judy Hughes home from Ferris Institute, and Miss Jane Huff of Detroit. Mr. and Mrs. Hughes recently bought a summer home at White Lodge. They are the parents of Mrs. Jerry Speake.

The Wayne Shuttlerose's of Hi-Land Lake were in Detroit last Thursday to Mrs. Shettlerose's brother home, Mr. and Mrs. Jack Vance, to enjoy their Thanksgiving dinner.

The Doyle Templeton family (Marion Shirley) of Keego Harbor spent the week end at the Bob Ambergue residence and helped Bob get a good start on the new addition of his home.

Mr. and Mrs. Ralph Williams were at Hillman, the four day Thanksgiving holiday to deer hunt.

Mr. and Mrs. Rudolph Koeppen returned November 25 from Nebraska. They left Pinckney Nov. 17 and had a most delightful trip. One of the highlights of the trip was a family reunion, first one with all the family. (A brother and two sisters) since 1918 and it was held at the old homestead of Mrs. Koeppen's parents.

The Koeppens came to Michigan in 1837, therefore were able to notice many changes back home, such as the smaller farms absorbed into big acreage farms, and used extensively for corn and beef raising, irrigation and soil conservation programs have made farming most successful. Nevertheless, Mr. and Mrs. Koeppen say they are mighty happy living in Michigan.

Cliff and Midge Miller, Ted and Alice Gray joined the fun at Cobo Hall in Detroit, Friday evening, Saturday afternoon and evening, at the state wide square dance jamboree.

On Thanksgiving day Mr. and Mrs. "Bud" Witter had Mrs. Witter's parents, Mr. and Mrs. Robert Hemstreet and her sister and family, Mr. and Mrs. Bryant, for dinner guests.

Week end guests at the Witter home were Mr. and Mrs. Edwin Schlachter, Mrs. Hilda Schlachter of Norwalk, Ohio, and Mrs. Oscar Schlachter of Toledo, Ohio, all relatives of Mrs. Witter.

Mr. and Mrs. Herb Palmer spent a very pleasant day last Thursday entertaining their daughter and husband, Mr. and Mrs. William Austin of Ann Arbor, at a very leisurely dinner.

Sorry to see Mr. "Duke" Van Blaricum getting around on crutches, all due to a sprained ankle.

Mrs. Albert Kaufman, Sr., of Cherry Hill Road, Dearborn. The bride, daughter of Mrs. Velva Knapp of 208 Pearl St., Pinckney, wore a plain white taffeta gown with a rhinestone crown headpiece.

A reception was held at the Pilgrim Hall in Pinckney. Their honeymoon of two weeks will be spent in the sunshine state of Florida.

Their attendance at the Michigan State Fair at the University of Ypsilanti; Best Man, Richard Beyer of Wayne. Bridesmaids: Mrs. Donald Hann of Milan and Mrs. Richard Beyer of Wayne.

Duane Knapp (brother of the bride) and George Beyer of Ypsilanti, acted as ushers. The couple will reside at 14653 Ronnie Lane, Livonia, after January when the new home is completed.

The bride is a graduate of Mercy School of Nursing of Detroit, Ann Arbor Unit.

Mr. and Mrs. Hughes recently bought a summer home at White Lodge. They are the parents of Mrs. Jerry Speake.

The Wayne Shuttlerose's of Hi-Land Lake were in Detroit last Thursday to Mrs. Shettlerose's brother home, Mr. and Mrs. Jack Vance, to enjoy their Thanksgiving dinner.

The Doyle Templeton family (Marion Shirley) of Keego Harbor spent the week end at the Bob Ambergue residence and helped Bob get a good start on the new addition of his home.

Mr. and Mrs. Ralph Williams were at Hillman, the four day Thanksgiving holiday to deer hunt.

Mr. and Mrs. Rudolph Koeppen returned November 25 from Nebraska. They left Pinckney Nov. 17 and had a most delightful trip. One of the highlights of the trip was a family reunion, first one with all the family. (A brother and two sisters) since 1918 and it was held at the old homestead of Mrs. Koeppen's parents.

The Koeppens came to Michigan in 1837, therefore were able to notice many changes back home, such as the smaller farms absorbed into big acreage farms, and used extensively for corn and beef raising, irrigation and soil conservation programs have made farming most successful. Nevertheless, Mr. and Mrs. Koeppen say they are mighty happy living in Michigan.

Cliff and Midge Miller, Ted and Alice Gray joined the fun at Cobo Hall in Detroit, Friday evening, Saturday afternoon and evening, at the state wide square dance jamboree.

On Thanksgiving day Mr. and Mrs. "Bud" Witter had Mrs. Witter's parents, Mr. and Mrs. Robert Hemstreet and her sister and family, Mr. and Mrs. Bryant, for dinner guests.

Week end guests at the Witter home were Mr. and Mrs. Edwin Schlachter, Mrs. Hilda Schlachter of Norwalk, Ohio, and Mrs. Oscar Schlachter of Toledo, Ohio, all relatives of Mrs. Witter.

Mr. and Mrs. Herb Palmer spent a very pleasant day last Thursday entertaining their daughter and husband, Mr. and Mrs. William Austin of Ann Arbor, at a very leisurely dinner.

Sorry to see Mr. "Duke" Van Blaricum getting around on crutches, all due to a sprained ankle.

Mr. and Mrs. Albert Kaufman, Sr., of Cherry Hill Road, Dearborn. The bride, daughter of Mrs. Velva Knapp of 208 Pearl St., Pinckney, wore a plain white taffeta gown with a rhinestone crown headpiece.

A reception was held at the Pilgrim Hall in Pinckney. Their honeymoon of two weeks will be spent in the sunshine state of Florida.

Their attendance at the Michigan State Fair at the University of Ypsilanti; Best Man, Richard Beyer of Wayne. Bridesmaids: Mrs. Donald Hann of Milan and Mrs. Richard Beyer of Wayne.

Duane Knapp (brother of the bride) and George Beyer of Ypsilanti, acted as ushers. The couple will reside at 14653 Ronnie Lane, Livonia, after January when the new home is completed.

The bride is a graduate of Mercy School of Nursing of Detroit, Ann Arbor Unit.

Presents for Mental Patients

Dr. Walter H. Obenauf, medical superintendent of Pontiac State Hospital says:

"The effective treatment of the mentally ill depends in large measure on attitudes—those of the community, the hospital staff, and, as a reflection of these, of the patient himself.

"If all accept active treatment and early release as the primary function of the hospital, a more favorable climate for proper staffing and treatment can be established."

Your interest in Pontiac State Hospital is appreciated most sincerely.

Elsewhere in this paper is a story about Christmas presents that are acceptable to patients.

Here is an opportunity for those of us who desire to help some of our fellow men, less fortunate than ourselves.

Unanswered Tax Questions

Several questions were left dangling in the recent tax allocation hearing and decision by the Michigan State Tax Commission:

● Are capital expenditures permitted to be made from the general fund of townships?

● Can townships engage in the banking business?

● Did the state by-pass legal procedure by allowing the Howell School District to appeal its allocation when the board had not appeared at the final hearing of the Livingston County Allocation Board?

According to information brought out at the hearing, Hamburg Township had included an item in its budget for a township hall—a capital expenditure.

The question was asked as to whether operating millage could be used for this purpose. However, the township's actual operating budget exceeded the allowable one mill, so the state did not answer this question in giving the full mill.

In the case of Brighton Township, its budget included in its general fund, an amount of \$5,000 invested in savings certificates.

The tax commission did not have to answer this question either (about banking) because it did not change this township's allocation as set by the allocation board.

It definitely appears that the state should not have touched the Howell School appeal.

School officials were properly notified of the final county allocation hearing and failed to appear to protest their preliminary allotment of 9.1 mills.

At this hearing, the only school board represented was the Brighton Area Schools.

The Coffee Break

The greatest social event in the modern world is the "coffee break," now observed twice a day in most offices.

The employer's idea originally was that office output would be increased if the white collar peasants were given a 10-minute period to gulp down a hot cup of coffee.

Since then the hired hands have joyously enlarged on that theory until today the coffee break has become practically a way of life.

It is something of a feast, a ritual, a fiesta and a festival—all on company time. All it lacks now to make it a real hoedown is a band and square dancing.

The caterer's refreshment cart in thousands of offices wheels in regularly at 10 a.m. and 4 p.m. and all work stops as the employes gaily line up for their goodies. The ten minute gulp is out of style. Any employe with the ingenuity to deserve promotion can easily stretch his coffee break to half an hour.

35-HOUR WEEK
This means—as many a boss knows—that because of coffee breaks an employe paid for a 40-hour week now puts in only 35 hours, less time off in the rest rooms for indigestion.

The refreshment carts no longer merely stock hot coffee.

They are now strolling restaurants, and the coffee break is on the way to becoming a seven course banquet.

Here are some "coffee break characters" you may have noted in your office:

The Brazen Intruder—He steps quickly in at the head of the line, murmuring, "terrible hurry. Know you won't mind just this once. Lot of work I just have to get back to."

The Crying Tightwad—"That cruller you gave me yesterday was so stale I had to throw it away," he moans. "How about a free one today?"

The Compulsive Muncher—He loads up with everything he can carry, eats an hour—then falls asleep until lunch. He does the same thing at the afternoon coffee break, sleeps until quitting time.

The Walking Hangover—After buying a container of hot black coffee, he sneaks out to the men's room and fortifies it with gin. His gripe: "They serve everything else—why don't they serve martinis?"

The Rumormonger—"Y'know why the coffee's so weak and the food so lousy?" he whispers, hand to mouth. "I hear the management gets a 30 per cent kick-back on all sales."

The Junior Executive—He doesn't really want anything. He just stands in line to show he's democratic hoping that he'll get ahead faster if he shows he's still just one of the boys.

ALWAYS A CUTUP
The Bumbling Cutup—"Got amatch?" this gagster asks anyone who comes back from the line with both hands full. While telling a joke to someone behind him, he bumps into the cart and spills coffee, cream and pastries all over the floor.

The Office Moonlighter—He doesn't buy anything. He walks along the line asking his captive audience if they wouldn't like to invest in one of his sidelines—cheap insurance, diamond rings at half price, or at least don't you want a half back ticket in my lodge's lottery, and win a new automobile?

The Boss—He sneezes out and stares morosely at all the coffee break artists, eating, laughing, gossiping. "Don't anybody around here ever do any work?" he mutters.

Then he stamps out to the nearest restaurant for a late breakfast, asking himself: "Who in the devil goes around the coffee break? It's ruining industry."

One Hundred + Eyes +

BY BILL GAIL

Carl Raddatz, chairman of the Livingston County Board of Supervisor's finance committee, says the county "is in good financial shape."

One of many returning to the county with deer was Charles Lemore of 2845 Park Lane Dr., School Lake, Brighton. He picked up a spikehorn near the Straits in the Upper Peninsula. His wife is a waitress at Haller's Restaurant. School board member Tom Leith also got his deer.

Deputy Sheriff Danny Atwell suffered a severe eye injury and did about \$1,000 worth of damage to his car when he ran into a horse several weeks ago.

While watching one horse in the middle of Grand River at 1:30 a.m., he swerved into an inside lane, falling to see another stragler. The accident happened near Euler Rd.

Frank DiPiazza, manager of Mt. Brighton says he hopes to be open in several weeks.

Meanwhile, the Michigan Tourist Council asks:

"What is there about skiing that makes it so attractive?"

Their answer:

"There are at least two good reasons why this question hasn't been thoroughly explored. First, the sociologists who would be expected to delve into such an inquiry have been concerning themselves with weightier matters; and second, skiers are too busy enjoying themselves to examine the reasons why."

"However, at Michigan's 83 winter sports centers—most in the nation—the consensus is that the appeal of skiing can be wrapped up in one word—"glamour."

"The social aspects of skiing exert a powerful attraction for newcomers. Skiers, like fliers or sports car drivers, tend to form a loose fraternity which has as its only membership requirement an interest in the sport. By and large, they are an outgoing group that quickly assimilates the new skier and makes him feel as though he "belongs."

"The gaiety that prevails at a ski resort after a day on the slopes is an infectious thing. Descriptions of a particularly thrilling run or a funny experience are eagerly shared with the group around the fireplace."

Seaway Urged as Farmer Aid

Because of Michigan's annual 95 million dollar farm exports the St. Lawrence Seaway had been anticipated as a new doorway to foreign trade but so far the Michigan farmer has profited little from this great transportation avenue.

Now port officials have received word that the U. S. Department of Agriculture is studying the possibility of more intensive use of the St. Lawrence Seaway for shipping farm products.

There was no indication when the study would be completed but it was hoped that it would be done by next spring's shipping season.

Some time ago port officials wrote to the state's two U. S. senators saying if a stepup in port use by military producers could be made, the same thing could be done with agriculture. Michigan produces a good deal of navy beans, sugar, breakfast food and potato chips, and seconded by Mrs. Hyrie the meeting be adjourned at 10:30 P.M.

Salvation Army Plans Xmas For Convalescents and Needy

HOWELL — The Salvation Army of Livingston County recently announced plans to reach as many people as possible with Christmas cheer. This will take the form of food-stuffs, toys, gifts, clothing, Christian kindness, love and cheer, according to Fred Ruston, the county's Salvation Army head.

Workers plan to visit every convalescent home in the county to bring gifts and cheer to the aged and feeble. "Needy families will be provided with all the ingredients to make Christmas dinner a thing to be remembered," Ruston said.

"Clothing will be distributed to poor time. Toys will be given, as much as possible, to children whose parents are not able to provide for these needs."

He added that all men in jail, over the Christmas holidays, will receive a remembrance and many elderly and aged people will be remembered during this holiday season.

Ruston reminds the general public that The Salvation Army can only help the needy of the

county, as those who are able to do so help. The Salvation Army.

"We will help as many people as we can with the funds provided by the generosity of Livingston County residents," Ruston said. There are many other ways to help.

Used toys and clothing are needed. Names of families and individuals deserving of help should be submitted to The Salvation Army in time enough before Christmas to ensure proper attention and consideration. Names of shut-ins and lonely individuals are solicited.

Ruston concludes: "Volunteer help to repair and renovate toys and clothing would be greatly appreciated. Anyone who can help in any way should call The Salvation Army Livingston County headquarters at Howell 3076."

School Board Briefs

Some of the matters considered Monday night by the Brighton Area School Board follow:

Bids will be taken in the late spring for the school oil business. Until then, American Oil will continue to supply the petroleum products, estimated to cost \$13,000 yearly. Corrigan Sunoco Service has asked to be considered as a bidder.

Supt. H. Gordon Hawkins advised board members that there is no tuition fee for foreign exchange students — a state ruling.

G. D. Van Camp Sales of Brighton was awarded the contract to supply a new bus chassis at a cost of \$3,282.06. The next lowest bid was that of Reiner Truck Sales, Lansing, for \$3,277.00. Burroughs Pontiac of Howell bid \$3,299; Willson Ford of Brighton, \$3,960.47.

Van Camp is still holding a bus which the board is refusing to accept because it does not have demountable rims as specified in the contract. Board members were advised that Van Camp is trying to have the situation corrected.

A bluebird body (60 passengers) will be mounted on the chassis. The successful bid for this was \$3,573.

Board members voted to levy the additional .51 mills for operation plus the 3 mills voted for debt retirement.

Figures distributed by the county board of education show that the Brighton Area Schools District has a total equalized valuation of \$29,267,709.

The 9.1 mills levied on the City of Brighton and the portions of the surrounding townships within the school district will give the district operating revenue in the amount of \$286,336.15.

Equalized valuations and the amount of the levy are as follows:

City of Brighton — \$7,700, 673, Genos — \$70,076.

TOWNSHIPS

Brighton — \$7,386,279, levy — \$67,215.

Genos — \$3,446,651, levy — \$31,364.52.

Green Oak — \$8,609,558, levy — \$78,346.

Hamburg — \$2,124,548, levy — \$19,333.

Savings ranging from \$5 to \$7 per acre have been obtained without yield reductions in corn fields where "minimum tillage" practices were used by Michigan State University researchers.

Attendance at The University of Michigan Exhibit Museum now runs about 100,000 persons per year.

HOPED-FOR CHRISTMAS PRESENT — Brighton's 70,000-dollar iron removal plant moves near completion. City officials are hoping for iron-free water by Christmas or the first of the year.

Board Restricts Information Flow

BY BILL GAIL

BRIGHTON — Secrecy shrouds the selection of two tentative sites for a proposed one-and-one-half-million dollar school building for the Brighton Area Schools district.

Board members put the wraps around the site report of their consultant, Dr. Charles Lehman, at their meeting Monday night.

When Dr. Lehman indicated his 1500 dollar study of this school district had provided two possible locations for the new school, board members decided it would be unwise for the information to be made public at this time.

"Such information could increase the cost of the property by several thousand dol-

lars," declared Board President Charles Powers. Present at the closed-door session were seven board members, Dr. Lehman, Supt. H. Gordon Hawkins and two board members, Clay Wilt and Bernard Witting, who both left after the conclusion of the report.

Dr. Lehman told the board he would try to have the final report toward the end of December.

He outlined steps that should be taken to provide a sound basis for planning of the building and suggested that it might prove feasible to consider grouping students in buildings according to a pattern of grades: Kindergarten through four, five through eight, and nine through twelve.

This area appears to be what is called a "slog-growing" district," the consultant said producing charts to show the steady growth of the school population.

Enrollment in grades 7 through 12 showed the following growth from the fall of 1957 to the present: 1957—620 students, '58—652, '59—691, '60—760, '61—759, '62—819.

Projecting the school growth, the prediction is made of the following growth: fall of 1963—830, '64—872, '65—885, '66—904, and '67—951.

Pupils in grades kindergarten through six numbered 988 in the fall of 1957 and this year totaled 1221. Projection of this growth leads Dr. Lehman to believe that in the fall of 1967 the school population will be 1431, in the lower grades.

If these figures hold true Brighton Area Schools could expect a total addition in five years of 332 students. Current enrollment in all grades is 2,040 students; anticipated in 1967, 2,372 students.

EYE RELAY

Last week, Troopers Delaney and Palmer participated in the relay of a human eye being transported from Muskegon to Ann Arbor.

They met a car at the Livingston County Line at 5:45 p.m. and completed their mission in Ann Arbor at 6:45, according to Sgt. Robert Vesey of the Brighton Post.

DEER KILLED

Sgt. Vesey reported that four deer had been killed by cars in the county since deer season opened.

BLANKETS STOLEN

Seven blankets, four foam rubber pillows, a set of drapes, and miscellaneous screens and storm windows were reported missing from a residence at 9245 Lee Rd., by a family which had recently moved to Highland Park but had not taken all their belongings.

Mrs. Linda Pritchett discovered the theft when she returned Sunday.

State troopers believe entry was obtained by some one who had a key.

LOSES GUN

Hugh Glenn of 7961 Bendix, Brighton, reported the loss of a .22-caliber rifle, taken from his car some time early Sunday morning. A companion, Jack Garland, 870 Sunrise Park, lost a hunting coat and wool shirt.

Pinckney People You Know, Continued

Mrs. Sue Auxier, Chubb's corners, Certainly welcomed the company of her daughter, Mrs. Rodney Willnow, (Mary Ann) and two month old son David, for the week of Thanksgiving. Mrs. Willnow, journeyed here from Texas with some other ladies to spend this week at home. Her husband, Rodney, is stationed at Ft. Hood, Texas, to where she returned Sunday by jet.

Mrs. Carrie Van Blaircum was at Mr. and Mrs. Kevin Ledwidge's home on Thanksgiving Day. Mr. and Mrs. Henry Gilbert were guest there also.

The senior, Louis Waghers, Chubb's Corners, are now very much settled at their winter home in Florida, and should enjoy hearing from their friends

The address is Indian River Cottages, Box 216, Wabasso, Florida.

Mrs. Eva Porter and her daughter Neva, spent Thanksgiving Day at her son's home, the Charles Porters on Cedar Lake Road.

We had a card from the Ed Parkers, now in Jupiter, Florida for the winter. They had a safe trip down, are both feeling fine and enjoying 85 degree weather (which, I think, should make anyone feel fine this time of year.) They were looking forward to having Thanksgiving dinner with the other 55 people living in the trailer park.

We also received word from the Ona Campbells. They ar-

rived safely in Florida last week, after going through what they referred to as "The Berlin Wall" in Indiana, a demonstration of what the "wall" is like in Berlin, Germany, by some of the Indiana Hoosiers.

Miss Nellie Gardner and Miss Fannie Monks were Thanksgiving day guests at the "Ridge" Shirey home at Hi-Land Lake, making it 8 years in succession they have gone there.

Mrs. Shirey's sister, and family, the Carson Workman's, spent the four day Thanksgiving vacation here from Sebewing, Mich. They helped Collette Shirey celebrate her two year birthday, Saturday, November 24.

Mr. and Mrs. Courtland Geib spent a very pleasant Thanksgiving day at their Patterson Lake home, entertaining Mr. and Mrs. John Peterson of Ypsilanti. Mr. Geib was allowed to leave his bed, where he has been the past week with an injured back, and dine with his guests.

Mr. and Mrs. Don Wiltse had Mrs. Wiltse's mother, Mrs. Donna Fuhrman, her brother "Sonny" Fuhrman of Lansing, and her sister's family, the Lambert Henry's for Thanksgiving dinner guests.

Mr. and Mrs. Willard Wiltse were at Curran, Mich. all last week deer hunting.

Mrs. Blanche Clark went to her son's home, Mr. and Mrs. Robert Clark of Gregory for Thanksgiving day. There were 14 present, all being Mrs. Clark's children and their families.

Mr. and Mrs. Emmett King and family were in Fowlerville Thanksgiving day, at Mrs. King's sister's home, the Howard Hackers.

Mrs. Akta Shirey and Mrs. Lucille Shirey entertained 19 ladies, last Tuesday evening, November 20, at the former's home. It was a "stork" shower in honor of Mrs. Aaron Shirey

of Ann Arbor. Everyone attending had an enjoyable evening.

Mr. and Mrs. Harold Henry and children, Becky and Denny, and Mr. and Mrs. Lawrence Baughn and three children, Larry, Sue and Brian enjoyed a very delectable Thanksgiving dinner at the Henry home on Mower road this year.

All the children and their families belonging to Mr. and Mrs. Ray Burns, gathered at the home of Mr. and Mrs. Kenneth Fryc, (Bernie Burns) of Livonia, for their traditional Thanksgiving dinner. There were 33 present and that included their mother, Mrs. Marguerite Burns, who was able to join them from the hospital for the day.

COUPLE WED 55 YEARS
Mr. and Mrs. W. H. Euler spent a rather quiet day at home, November 20, in celebration of their 55 years of wedded life, but were recipients of many cards, gifts, a telegram and some citrus fruit from Florida. In the late afternoon, their daughter, Mrs. Nell Wylie, surprised them with ice cream and cake. We would like to extend our congratulations to them on this occasion.

Lt. Richard Wylie and Lt. C. W. Tinnemeyer spent Thanksgiving day in Florida at the home of Dick's aunt, Mrs. Ben Huxford. The two Lieutenants are transferring from Ft. Belvoir, Virginia, to Ft. Benning, Georgia for the next several months. Lt. Wylie is the son of Mr. and Mrs. Wylie of Pinckney

Michigan Educators Look for Increasing Growth in Community Colleges

By WILLIAM B. WHELAN
Michigan State Association
of Community Colleges
COMMUNITY COLLEGES,
of which there are now 17 in
the state, will see increasing
growth and popularity in the
next few years, according to a
survey of Michigan educators.

John A. Harnack, president of
Michigan State University,
voiced some agreement on the
need for community colleges
as a service to Michigan's
growing student population.
"The problem of educating
our youth is not a problem
of the colleges and universi-
ties," Harnack said. "It is a
public problem, because it is
the public's children who
must be educated."
Harnack, a graduate of Grand
Rapids Junior College, said
there likely will be a day in
the not too distant future when
Michigan's colleges and universi-
ties will need more help in
handling the needs of the an-
nual high school graduating
classes.

"When this day comes, the
burden will be on the services
available at the community
level," he said.

These institutions must be
viewed as an important part of
the total framework of higher
education in Michigan," Harnack
said. "The demand for educa-
tion beyond high school is
or near a student's home com-
munity is increasing almost
daily even now. This demand
will continue to increase."

One facet of this latter
problem which partially pre-
sented the Governor's ap-
pointment of an anti-liter
committee may be the impact
of the results of the campaign.
The use and cry to legislate
against throw-away paper
is growing louder and louder.
The cry was first set by
basically one man, State Rep.
Oscar Bouw's m. a. Muskegon
Republican. He complained to
the Liquor Control Commission
seeking a ban on the no-deposit
bottles and then proposed leg-
islation when the commission's
rule was halted by the Govern-
or.

Experts in the federal and
state agencies strongly ad-
vise that each family keep an
emergency food stockpile on
hand at all times. This means
a full two-week supply of regu-
lar food and a special two-
week supply of "survival
foods."

Water is one of the basics
for survival. For adults, allow-
ance should be made for at
least 7 gallons per adult for
drinking purposes over a two-
week period and another 7 gal-
lons for bathing, brushing teeth
and dishwashing.
"Survival foods" are described
by the Office of Civil and
Defense Mobilization as those
which will last for months with-
out refrigeration and can be
eaten with little or no cooking.
The more popular stockpile
foods include canned or non-fat
dry milk; canned meat, poultry,
fish, beans and peas; can-
ned or dried fruits and vege-
tables.

Tightly wrapped cereals and
baked goods are on the list.
Also are staples such as
canned soups, peanut butter,
raisins and vegetables, all
which do not need refrigeration.
Miscellaneous items such as
coffee, instant cocoa, bouillon
products, salt, pepper, vinegar
and soda should also be includ-
ed on the checklist of "survival
foods."

**WHAT ARE YOU
LOOKING FOR?**
In seeking a house, many folks look
around "to see what's available". If
this one isn't right, maybe that one
will be.
This procedure is too time consum-
ing. You could "look" for years be-
fore finding what you want. Here's
a better idea:
Write down a list of your needs.
Bring it into us. When we can match
it to a listing. We'll call you! Fair
enough?
