Pinckney People You Know

BY DOLLY BAUGHN

Cpl. Bob Cole was home from Fort Knox, Kentucky, to spend the Christmas holiday with his wife, the former Gloria Bond. Since their Dec. 9 marriage has been living here with her parents, the Loy Bonds.

On Friday, Mr. and Mrs. Loy Bond, their daughter Nancy, and Mr. Stanford Cole, (Cpl. Coles father) drove the couple to Kentucky, where they will be living near the army base.

Mr. and Mrs. Loy Bond and Nancy, thoroughly enjoyed the trip to Kentucky. They had a grand tour of the army base, spending the night at the army base guest house, and returning home late Saturday night.

Mr. and Mrs. John Tait, Karen Croser, and Mrs. Robert Ferguson visited a niece of the Tait, Mrs. Arthur Rush, a

patient at Brent Hospital after suffering a slight heart attack.

Mr. and Mrs. Glenn Kinsey of Portage Lake are announcing the birth of James David, 6 lbs. 4 oz. son arriving with the New Year, Dec. 31, at McPherson Community Health Center, Howell.

Mrs. Leona Marie Bonner, her son, Roger Asa, and Miss Florence Preuss attended the inaugural ceremonies held for Governor Romney in Lansing on New Year's Day.

Mr. and Mrs. L. G. Tansley entertained Lt. Col. and Mrs. E. C. Finney, Mr. and Mrs. E. F. Carpenter, all of Highland Lake area, at dinner, Saturday evening at the Canopy in Brighton.

This was in honor of Mrs. Tansley celebrating her birthday that day.

Mr. and Mrs. Kenneth Davis, and their son Jeff, returned home New Year's Day, after a 16 day trip to Florida.

While there they visited with Mr. and Mrs. Albert Shirley one day.

Mr. and Mrs. Shirley are summer residents of Pinckney in late years.

SFP 3rd class Ted Schroeder, spending time here with his mother, Mrs. Marie Schroeder, has returned to San Diego, California where he is stationed on the USS Princeton.

He has been at Johnston Island during the recent A-bomb testings.

He is anxiously awaiting his new rating of 2nd class, scheduled to come up in February.

Mr. and Mrs. George Meabon came home after spending a week at their north woods cabin.

Mr. Meabon brought home, alive, a nice big perch, a specimen of the northern lakes, to prove to a party he really

catches them and does not buy them enroute home.

Rev. and Mrs. William Hainsworth entertained their daughter and her husband, Mr. and Mrs. Ivan Lakos, for the past week.

Mr. and Mrs. Lakos are professors, teaching at Wheaton College Norton, Massachusetts.

On New Year's Day Mr. and Mrs. Lakos, as well as another daughter of the Hainsworths, Mr. and Mrs. Kenneth Lambert of Ann Arbor, were dinner guests of Rev. and Mrs. Hainsworth.

Mr. Phil Gentile was skiing at Boyne Mountain. (Of course this happened two years ago, but Mr. Gentile thought someone might not know.)

Altar Society Picks Officers

Leslie Man's Trial Is Set For February 1

STOCKBRIDGE — Fifty-two-year-old Elmer King of Leslie will be arraigned in Circuit Court Feb. 1, on a charge of negligent use of firearms, following the accidental killing of George Patton of Stockbridge Nov. 18.

The victim, 30, a Stockbridge farm machinery mechanic, was fatally wounded as he sat in a hole in the ground waiting for deer.

King told sheriff's deputies he saw "bushy, sandy red hair" through the brush and thought it was a fox.

He killed Patton, father of five children, with a single blast from a 12-gauge shotgun. The slug struck Patton in the head.

Leslie Justice Alva Rouse ordered King's \$1,000 bond continued Thursday while waiting to appear in Circuit Court next month.

George Romney and Joseph Ellis

County Clerk Presents Romney Coat of Arms

One of the first honors of office received by Gov. George Romney was the "Romney Coat of Arms." Presented in the executive office, immediately after Gov. Romney's Inaugural address, by Joseph H. Ellis, Livingston County Clerk in behalf of Mr. and Mrs. Patrick Healy of Brighton.

They, through their family in Ireland, had the necessary investigation made and secured the crest. The Latin Motto on the family crest, "Non Sibi Sed Patria" translated to English

means "For his country, not for himself".

Ellis said the occasion of the Crest of Arms created some joyous excitement in the Governor's office and the Governor was more than pleased with the gift and occasion.

Some sixty persons from Livingston County attended the Inauguration on Jan. 1.

County Republicans had rented a suite in the Jack Tar Hotel in Lansing for the festivities.

Senator to Speak Sunday in Howell

HOWELL — Philip Hart, Junior Senator from Michigan, will be the featured speaker at a meeting of the Livingston County Democratic Committee, Sunday at 2:00 p.m. at the Court House in Howell, according to Ed Rettinger, County Chairman.

The meeting is one of a series planned by State Treasurer Sanford Brown, who is chairman of the Statewide membership drive this year.

Senator Hart and his traveling companion for the series, Tom Cleary, Deputy State Treasurer, will visit a similar meeting in Washtenaw County, Sunday evening.

During the coming weekend, each county in Michigan will be visited by either Hart, Brown, State Democratic Chairman Joseph Collins, Con-

gressman Neil Staeble, Secretary of State James Hare, Attorney General Frank Kelley, Auditor General Billie Farnum, Lt. Gov. John Lesinski, Highway Commissioner John MacKie or Superintendent of Public Instruction Lynn Bartlett.

Rettinger said that all interested persons are invited to attend this meeting. High school students will especially be welcomed.

Following this meeting, former Congressman Dan Hayworth has asked for a meeting of the Sixth Congressional District Democratic Committee.

Rettinger also announced that the County Democratic Convention, which is held prior to the State Convention and the Primary Election, will be held Wed., Jan. 23, at 8:00 p.m. at the Court House in Howell.

Conducted tours of the building and displays of Military equipment set up and personnel available to answer any questions.

Howard Spicer, Incumbent Republican supervisor who has held his position for 14 years, is unopposed.

Clerk Forrest King, appointed to his office five years ago will be opposed on the Republican ticket by Mrs. Rita Chenoweth, a GOP committee member.

Incumbent Republican Treasurer Pauline Kravetz, in office for eight years, will face Violet Stock in the primary; and Trustee Ray Lanning will fight for his seat against William Raymond.

Democrats seeking the four top seats are: Robert Fitzgerald, a Brighton Tool and Die employe, supervisor; Edgar K. Smith and Raymond Mannlein, clerk; Norman Lee treasurer; and Mrs. Saralee Woodcox trustee.

Other primary nominees are: Democrats — Maunel Lopez, Board of review; Laurie Felder, justice of the peace; and Joseph Allard, Carl Schneider, Claude Bader and Bruce Groomes, constables.

Republicans — Wilford Heidt and Lowell Heidman, board of review; Edwin J. Brest Incumbent justice of the peace; and Donald Wren, Grville DeHate, John Shoney and Stuart Leach, constables.

Green Oak

Green Oak Township expects a good primary election battle with competition looming for both Democratic and Republican offices.

Howard Spicer, Incumbent Republican supervisor who has held his position for 14 years, is unopposed.

Clerk Forrest King, appointed to his office five years ago will be opposed on the Republican ticket by Mrs. Rita Chenoweth, a GOP committee member.

Incumbent Republican Treasurer Pauline Kravetz, in office for eight years, will face Violet Stock in the primary; and Trustee Ray Lanning will fight for his seat against William Raymond.

Democrats seeking the four top seats are: Robert Fitzgerald, a Brighton Tool and Die employe, supervisor; Edgar K. Smith and Raymond Mannlein, clerk; Norman Lee treasurer; and Mrs. Saralee Woodcox trustee.

Republicans — Wilford Heidt and Lowell Heidman, board of review; Edwin J. Brest Incumbent justice of the peace; and Donald Wren, Grville DeHate, John Shoney and Stuart Leach, constables.

Four Supervisors Seek Re-election

Primary elections will be held February 18 in Hamburg and Green Oak townships while none will be necessary in Genoa and Brighton townships.

January 21 is the final day for registration for the Spring Primary; January 28 is the last day that local petitions may be filed to place a proposition on the Biennial Spring Election ballot.

Candidates who have filed for office in the four southern Livingston County townships, surrounding Brighton, are as follows:

Hamburg

Full slates of candidates, with six contests for nominations, have been announced for the Feb. 18 primary election by the Hamburg township Republican and Democratic parties.

Three incumbent Democrats are unopposed for their party's nomination — Treasurer Ellen McAfee, Clerk Edward Rettinger and Trustee Manley Bennett — but Democratic Supervisor Francis Sheehan must compete with Clifford Broegman.

Also unopposed are Democratic candidates Raymond Baumgartner, for member of the board of review, and Joseph Romine, for justice of the peace.

Running for nomination for Constable on the Democratic ticket will be incumbents Earl Fisher, Harold Courter and candidate Henry Gallup.

Running for Democratic committeeman are Clarence Radloff, Sr., Leonard F. Lark and Lester McAfee.

The only contest for the party's nomination on the Republican ballot will be between Lois Borton and Virginia Lee Slagle, both candidates for nomination as township clerk.

Also on the Republican ballot will be candidates Delbert Leapley, for supervisor; Elizabeth Belcher, for treasurer; Richard Dunning, for trustee; L. B. Krabbe, for Board of Review; James Moran, for justice of the peace; Reynolds Densmore, Jr., and Robert Lindsey, for constable, and James Boyd and Henry Haas, for Republican committeeman.

Vosmik announced last week, on the eve of the filing deadline for nominating petitions, that he was switching his affiliation from the Democratic to the Republican Party.

His name will appear, however, on the Democratic ballot.

Green Oak

Green Oak Township expects a good primary election battle with competition looming for both Democratic and Republican offices.

Howard Spicer, Incumbent Republican supervisor who has held his position for 14 years, is unopposed.

Clerk Forrest King, appointed to his office five years ago will be opposed on the Republican ticket by Mrs. Rita Chenoweth, a GOP committee member.

Incumbent Republican Treasurer Pauline Kravetz, in office for eight years, will face Violet Stock in the primary; and Trustee Ray Lanning will fight for his seat against William Raymond.

Democrats seeking the four top seats are: Robert Fitzgerald, a Brighton Tool and Die employe, supervisor; Edgar K. Smith and Raymond Mannlein, clerk; Norman Lee treasurer; and Mrs. Saralee Woodcox trustee.

Other primary nominees are: Democrats — Maunel Lopez, Board of review; Laurie Felder, justice of the peace; and Joseph Allard, Carl Schneider, Claude Bader and Bruce Groomes, constables.

Republicans — Wilford Heidt and Lowell Heidman, board of review; Edwin J. Brest Incumbent justice of the peace; and Donald Wren, Grville DeHate, John Shoney and Stuart Leach, constables.

Genoa

No primary election will be held in Genoa Township where only one Democrat filed and there are no contests for any

of the Republican candidates.

Mrs. Mary Koch is the lone Democrat. She has been treasurer for 12 years, the last 10 being consecutive.

In the general election she will be opposed by Charles D. Milroy who has not held a township office.

Republican Supervisor John Seim seeks re-election along with Milroy. Mrs. Dorothy Verellen, clerk; Sherman L. Haller (incumbent), trustee; Stanley Peovik (incumbent), justice of the peace; Robert R. Housner (incumbent), constable; and Bernard E. Kuhns, board of review.

Clerk Dorothy Musch, finishing eight years in office, has declined to be a candidate because of "teaching in Brighton at West Elementary School and too many family duties." Mrs. Verellen, seeking her job, has not held a township office before.

Brighton

No Primary election will be needed this year for Brighton Township offices as no more than one candidate had filed for any position by the deadline Monday.

Republicans filed for all the offices while Democrats entered candidates for only five jobs.

Incumbent Supervisor Robert G. Beers (R) will have his post contested by Ervin B. Snyder (D) who served two terms ending in 1959.

Clerk Ruth Elkhoff is not seeking re-election for "personal reasons."

Other Republican candidates in this usually Republican Township are Wilfred R. Ernst, clerk; Mae B. Schmiedke, treasurer; Fred B. Corrigan, trustee; Elmer Boice, board of review; Clarence Taylor, justice of the peace; and Roland E. Bair, Rudolph Stetke, Devere Wilt, and Arthur W. Elkhoff, constables. Incumbents are Schmiedke, Boice, Taylor, Bair Stetke and Elkhoff.

Other Democratic candidates are James C. Clark, clerk; Mary E. Spears, treasurer; Carter T. Smith, trustee; and James T. Wenzel, board of review.

Michigan State Aide Suggests Using Lake St. Clair for Recreational Facility

By Elmer E. White
RECREATION LANDS are in great demand in Michigan and most natural resource enthusiasts agree that scarcity of land will be a critical situation soon, if it is not such already.

State parks and recreation areas bear a heavier load of campers, swimmers and picnicking groups every year. Where will additional land for Michigan people and out-of-state tourists come from in the future?

One idea man, completely outside the Conservation De-

partment, has a unique idea of where one batch of new recreational lands can be created.

Paul Lutzeler, aide to Secretary of State James M. Hare, suggests Lake St. Clair offers great potential for new recreation facilities.

The lake, particularly in the shallow areas near Har- sen's Island, is a natural for man-made islands linked together in the same way the Florida Keys are joined. Lutzeler says this unique project would be "one dramatic, yet relatively inexpensive solu-

tion, to the pressing problem of providing recreation lands."

Conservation officials are considering Lutzeler's proposal for a pilot study of the island idea. Charles E. Miller, head of the department's lands division, said the idea definitely "has some merit."

The location proposed for the island-making project is an area where Lake St. Clair ranges in depth between 2 and 12 feet. Lutzeler suggested that material periodically dredged from the shipping channel in the lake and industrial waste

from the Detroit metropolitan area could be used as raw materials for the islands.

Because of the population concentration in the South-east Michigan area, the chain of 20 islands proposed by Lutzeler would provide recreation opportunities for the hundreds of thousands who live within 50 miles of Lake St. Clair.

Lutzeler, who also worked with Hare in planning the now annual International Freedom Festival in cooperation with State University economist Roger L. Bowiby.

Michigan's unemployment

rate has been steadily dropping and the trend seems to be continuing, Bowiby said. Employment figure remains relatively high, should take Michigan out of the category many of Michigan's problems in the employment record during the past few years. Bowiby predicts these will not likely be important fac-

although the national unem- ployment will largely de- pend on the overall per- formance of the American economy, Bowiby pointed out, but the recent trend appears to be strong enough to warrant a prediction of its extension. Loss of defense jobs and

UNEMPLOYMENT DOWN WHAT'S AHEAD IN 1963?

For one thing, the job outlook is good, according to Michigan below the national average," he said.

A continuation of this trend, of "the problem state," the MSU spokesman predicts.

A continuation of the drop in unemployment will largely de- pend on the overall per- formance of the American economy, Bowiby pointed out, but the recent trend appears to be strong enough to warrant a prediction of its extension. Loss of defense jobs and

decentralization of the auto industry were blamed for

tors in the coming years. "It is very reasonable to guess that Michigan will share in the national growth of out- put, income and employment during 1963," he said.

MORE YOUNG CRIMINALS JUVENILE DELINQUENCY MAY increase in the immediate and near future, warns State Police Commissioner Joseph A. Childs.

This conclusion is drawn "For the first time since early 1958, Michigan's rate of unemployment has dropped

by Childs on the basis of cur-

rent rates of delinquency in comparison with projected numbers in the juvenile population of the state.

During 1961, Childs reports about two-thirds of the persons arrested by various police agencies for major offenses were under 21 years old.

Childs noted that of 51,634 arrests for what are considered major offenses, some 33,796 of the persons were 21 or younger. Of these 19,930 were in the 16-and-under age group.

An indication of the poten- tial for numerical worsening of the juvenile crime problem comes from the basic popula- tion figures. The number of 19 year old youths in Mich- igan in 1975 will be approx- imately double the 97,146 in that age group during 1961, Childs said.

A closer comparison can be noted in the fact that in 1961 there were 160,144 in the 14- year age group. This was an in- crease of 43,460 over the 1960 population in the same group, Childs said.

An Ohio Division of Wildlife game management supervisor recently checked a bald eagle found dead near a private lake in Warren County and specu- lated after autopsy and X-ray that the bird might have died as a result of eating fish which had been killed by pesticides, the National Wildlife Federa- tion reports. The immature eagle had a 78-inch wing- spread.

Proposed Constitution

Pamphlet Explains Voter's League Choice

EDITOR'S NOTE: This is No. 31 in a series about the proposed new Michigan con- stitution, prepared by the Constitution staff. Additional articles will appear in sub- sequent weeks.

In a clearly-written 24-page pamphlet entitled, "It's Your Choice," the League of Women Voters of Michigan takes a strong stand supporting the proposed new constitution which will be voted upon by Michigan citizens on April 1.

Water Studies Vital to Future

Water is one of our most vital resources. Too little can limit both agricultural and industrial production. Too much can produce disaster. Impure and polluted supplies can raise many issues for public health.

All these are concerns of a recently established Institute of Water Research at Michigan State University. Prof. Laurence L. Quill of MSU's Department of Chemistry directs the Institute, aimed at coordina- ting various investigations on water currently under way on the campus.

While water commonly is thought of in terms of home use, irrigation or recreation — it plays an important part in many industries — particularly in processing of food products.

Leaders point out that the development of new detergents, pesticides, fungicides and many other chemicals have also posed problems in proper water supplies for plant, animal and human life. More knowledge of both the behavior and toxicity of these materials must be found to continue to assure the public of a continued safe food and water supply.

A recent grant by the National Science Foundation will enable initial water studies in the departments of geology, fisheries and wildlife, sanitary engineering, microbiology and public health, physiology and pharmacology and forestry at MSU.

The Institute will work closely in studying water problems for agriculture, industry and the recreation areas of "Water Wonderland."

The League has worked for constitutional revision for many years. It is a nonpartisan organization dedicated to promoting political res-

ponsibility through informed and active citizen participation in government. The League never supports or opposes any political can-

Recently Dedicated WSU Building Houses Research on Life's Mysteries

Dr. Margaret Weiss, post-doctoral researcher in biology, in- spects a rat in a radiation laboratory; and, in the same build- ing, Dr. Richard B. Hahn, professor of chemistry, stores a new supply of radioactive bromine.

DETROIT — Life and its mysteries—intriguing subjects upon which man has focused centuries of research through biology and chemistry—are being further explored at Wayne State University in a building which was dedicated in Octo- ber.

Appropriately named the Life Sciences Research Center, the structure is jointly shared by these two life sciences, which are most related to the study of life.

Employment of radioactive materials is one of the modern uses for which the building was constructed, allowing such subjects as radiochemis- try to be taught. Radioactive research sec-

tions of the chemical labora- tory are constructed for use of radioactive substances and have special ventilation units to filter radioactive dust. In the biology laboratories, well-shielded workers subject living organisms such as spores to radioactive sub- stances like uranium so that the effects of radiation on life processes may be studied.

Costing \$1,900,000, the four- story Life Sciences Research Center is 66 by 160 feet in size, has 50,800 feet of floor space, 45 laboratories and storage facilities for hundreds of animals. The building is located on Wayne's campus along Warren near Second Boul- evard.

Egg Production Trend Shows Fewer Farms

The poultry industry, like other segments on the Amer- ican farm scene, has undergone changes in which fewer pro- ducers are producing more eggs per farm.

Small producers were once the backbone of the poultry in- dustry and these flocks pro- duced most of the eggs which reached the consumer.

Father Time has changed this pattern, according to Carl C. Hoyt, district mar- keting agent at Zeeland. The average size of the poultry flocks in Michigan more than doubled during the past ten years. But the number of poultry farms decreased more than 50 per cent dur- ing this same time span.

Only about one-fourth of Michigan farms produced eggs in 1959. About 30 per cent of the farms in the United States were producing eggs for sale.

Hoyt adds that Michigan producers can expect to see still fewer farms producing eggs, but with more hens per farm.

didate or party and its positions result solely from member study and agreement.

The pamphlet reports that its members have studied both the present and revised constitu- tions. "We believe the 1963 con- stitution is much better than that of 1908 because the pro- posed constitution meets League standards," says the pub- lication. "We believe the pro- posed constitution will benefit all Michigan people."

The booklet describes briefly the provisions in the 12 articles of the new document and then urges a "Yes" vote because the new constitu- tion provides:

—Greater weight to popula- tion in apportionment while re- taining traditional checks and balances.

—Reapportionment of both house and senate every 10 years.

—Strengthened authority for the governor.

—Strong and expanded civil rights.

—Streamlined executive branch: 130 agencies become 20 principal departments.

—Less rigid financial restric- tions; better budget provisions.

—Overall planning in educa- tion; state aid to be paid on time; professional executive freed from politics.

—Elimination of expensive lightning strike.

spring elections plus savings in other areas.

—Strong and expanded civil service.

—Legislative council and modern legislative procedures.

—Stronger local govern- ments: county home rule, metropolitan area cooperation.

—Unified and modernized courts.

—Clearer, more easily under- stood language.

Copies of the pamphlet are available for 10 cents each from the League of Women Voters of Michigan, 4612 Woodward Ave., Detroit 1, Michigan.

LIGHTNING ROD ROLE SHAKES UP FORESTER

Foresters are many things to many people. In late August, a member of the headquarters staff of the Gifford Pinchot National Forest in western Washington became, temporari- ly, a lightning rod, the Na- tional Wildlife Federation re- ports. Roland Emetaz, erecting a wind velocity recorder on the roof of a shed, saw a blue streak coming out of the sky which hit his aluminum "hard hat" and sent sparks flying off his finger tips. He was tem- porarily stunned. A meteorol- ogist told him he had acted like an electrode to conduct an elec- trical discharge preceding a lightning strike.

★ Hamburg Township News Notes ★

By ELLEN McAFEE

Mrs. Walter Denmore of Oxford, was a houseguest of the Reynold Denmore, Seniors, of Stone St., Hamburg, last Thursday and remained until New Year's Day, when her son, Walter, Jr., came and drove her home.

On Monday, her hostess, Mrs. Denmore, had a luncheon to honor her. Guests were old friends. They included Mrs. Margaret Smith, Mrs. Lois Borton, Mrs. Gladys Kirk and Mrs. Doris Cramer.

Mrs. Margaret Smith returned home from St. Joseph Hospital on Saturday after spending a few days there for treatments and tests.

David Nashes Become Parents

The Mark Nash family of Swarthout Road were very happy when they learned the news that son and brother, David, and his wife became the parents of a baby boy, weighing six pounds, four ounces, on Dec. 29.

David Mark was the name chosen for the newcomer.

The young Nash family resides in Niles.

Mrs. Mark Nash accompanied the Glen Meedens on their return home to Champaign, Illinois, on Wednesday, after spending the holidays here.

Mrs. Nash will ride as far as Niles to be with her son and his family for a few days.

Mrs. Meedens was the honored guest last Friday when friends gathered at the Kenneth Hunt home in Pinckney to shower her with little bottles, sweaters, nighties, etc. Mrs. Kenna Gaynor was the hostess.

The Carl Leheus of Blue Water Drive, Lakeland, returned home safely last Monday from Florida. They were away for approximately two and a half weeks.

They visited at the home of Mr. Leheus' mother, Mrs. Laura Bauer, who lives in Margate. They also, called on some of his old buddies from the Ford Motor Company, who are retired and live along the Gulf Coast.

Joyce Rettinger, daughter of the Edward Rettingers of Ore Lake, returned to Western Michigan University on Wednesday, after spending the holidays at home.

Joyce is a Senior at the University.

Joanne King Weds Don Mills

St. Stephens' Episcopal Church in Hamburg was the setting, Saturday, Jan. 5, at 7:30 o'clock in the evening for the marriage of Joanne King and Don Mills, son of Mr. and Mrs. Donald C. Mills of Rush Lake.

The bride, daughter of Mr. and Mrs. Joseph King of Rush Lake Road, wore a short length gown in white lace, fashioned with a full skirt and long sleeves edged with white satin. Her short veil fell from a crown of seed pearls. She carried a white orchid on a white ribbon. Her sister, Mrs. Laura Parr of Detroit was her only attendant.

Gary King of Pinckney, brother of the bride was the best man. Ushers were James Parr, brother-in-law of the bride, and Fred Blades of Pettysville.

The Rev. Roger Barney, assisted by Deaconess Olive Robinson of Parishfield performed the ceremony.

The reception was held in the Hamburg Township Hall.

The cake was cut and served by two aunts of the bride, Mrs. Leah Buell and Mrs. Helen Harmon, both of Howell.

Mrs. Betty Sorg and Mrs. Aletine Sorg of Howell, also of the bride, were in charge of the coffee. Sarah King served the punch and Sandy Miller, friend of the bride, took care of the guest book.

Joseph King left Monday for New Jersey, where he will be doing some jobs for the Vagabond Coach Company. This trip will also take him to New Brunswick, Connecticut.

PFC Keith Morgan, son of the Clark Morgans of Downing Drive, Lakeland, left Monday for Heilbronn, Germany, where he has been stationed for the last nine months. Keith was called home due to the death of his grandmother, Mrs. Cora Morgan, on Dec. 19. He was given permission to remain until after the holidays.

Mr. and Mrs. Marshal Morse of White Lake called on the Howard Ripelles of Rush Lake Road on Sunday.

Mrs. John Jennette of Hamburg Rd. was called to Boston, Mass., because of the critical illness of her father, Paul Koons, who was in a Boston Hospital.

She accompanied her brother and his wife, the Donald Koons of Wyandotte, who drove their car.

The Koon family had not been together for 13 years, so this was a family reunion also. The family includes one sister and two brothers all of Boston. It was also the best tonic for the father as he perked right up and is doing nicely now.

Mrs. Jennette reports that they ran into some very bad snow storms enroute to Boston. They had time to do some sightseeing. They went to Hyannis Port, saw the Plymouth Rock and other points of interest in that area.

Mrs. Jennette returned home this past week.

The Duane Waterburys and Duane Hicks of Dexter were Sunday dinner guests of the Lester McAfee. Leslie returned to Northwood Institute on Sunday.

Mrs. Dorothy Janowski of Algonquin Drive, Portage Lake, entertained the bridge Club last Wednesday night.

Mrs. Mary Burke was the hostess for the Pinocchio Club No. 1 on Wednesday.

U. S. Coast Guardsman James Boyd came home to be with his parents the James Boyds of Lakeland for the New Year's holiday. Jim is stationed in Wildwood Crest, New Jersey. He returned there on Wednesday.

Mr. and Mrs. James Boyd were on hand for the inauguration ceremonies in Lansing on New Year's Day.

The Lakeland Circle of Kings Daughters will have regular meeting today (Wednesday) at the home of Mrs. George Knaggs on Buhl Drive, Lakeland. It will be a pot luck luncheon starting at 12:30 p.m. Co-hostesses are Mrs. Loretta Gardner and Mrs. William White.

Around Bishop Lake

By E. C. SCHROEDER AC 7-3420

Robert K. Glatius, Manager of the Brighton Recreation Area, and his family left here Monday morning, January 7, to take up residence at the Straits Park in the Upper Peninsula. The children, Paul and Mary, fifth and sixth graders in Pinckney, will begin their new term in St. Ignace.

A farewell party was given the family at the home of Dennis and Mary Muellerlielle Friday night, Dec. 28. Twenty-five well wishers from the Forestry, Parks and Corrections Divisions, gathered there.

Mr. D. G. Highfill, formerly of Brighton and now living in Freehold, was also on hand.

The Dennis Muellerlielles entertained some 20 relatives over the weekend of the 29th — most of them were from the Homer, Michigan area. Mr. and Mrs. Robert Ingraham were here from Kentucky where Bobby is attending college. He has been a Park Ranger at the Brighton Recreation Area for the past two summers.

The John Haass returned

from their holiday vacation Friday night. They had been visiting Mrs. Haass' parents, Mr. and Mrs. Clint Gray, of Cecelia, Kentucky.

Young Kim Wiman suffered an eight-inch gash when a sled ran into his leg while they were sliding down the hill near Chilson Pond. The injury necessitated 21 stitches.

Mr. and Mrs. John Schroeder were dinner guests at the home of Mr. and Mrs. Gus Ahland of Monticello Rd., Pinckney, Sunday.

Bobby Haas is proud to report that he has successfully trapped 94 muskrat so far this season.

Christine Schroeder returned to her classes at the University of Michigan, Wednesday. Monty Matteson and Linda Nash resumed their studies at Cleary College. With high schools and the grade schools all in full swing again, local homes are enveloped in heavenly silence. No longer is the steady beat of "twist" music throbbing endlessly — nor is the lonely wail of the poor ballad singer hanging in the air!

At the beginning of this New
Year we have nothing new to
offer. We would only pledge
ourselves anew to our com-
mitment of making everyone
feel the "friendly warmth" of
their fellowship with us and
at the same time sensing a
genuine spiritual atmosphere
as we worship together. And
with that in mind, we would
welcome all who wish to join
in the fellowship and worship
of any or all of our services.

Hi, my friends.
It's a new year, only a few days old. So want to share part of a letter I received this week from my son in a far away place.

We were in parts in about 1933, or 1934, 1935 will fade into history. A mighty full year, it has been. Full of heart aches, unmet dreams, new hopes and new careers.

Very soon 1963 will be here, bright, new and shiny. It never has been used, and will be a year of controversy for some, a year of hope for others, and a mile stone for all of us.

I look forward to the new year with anticipation. I want to try to be a better citizen, a better human being, and hope to show a little more tolerance, understanding and patience with people.

In retrospect, I have no regrets for 1962. I hold no ill feeling toward anyone, and am mighty thankful to our merciful God that I have regained part of my health, have a job, and the love of a little boy whom I love and miss very much.

These few sentences express my own thoughts and ideas, and I did want to share them with you my friends.

Local Student Nigeria-Bound

Beverly Granger, daughter of Mr. and Mrs. Harold Granger, just completed a three-month training program at Columbia University, New York City. She spent the holidays with her parents, and on January 3, in company with about 50 young folks from Columbia and another 50 from U. C. L. A., left via plane to spend two years with the Peace Corps in Nigeria as a teacher. She expects to be teaching Industrial Arts to children equivalent to our 7-8-9 graders.

Monday, December 31, was Cindy Darling's 16th birthday, so she had a party for 13 youngsters. There were games with prizes, cake and ice cream, and presents.

Betty, Lucy, Lena and Dale Visel of near Brighton spent two days of their Christmas vacation with their grandparents, Mr. and Mrs. Robert Wild, on North Shore Drive.

Mrs. Gladys Wagner spent New Year's Eve and New Year's Day with the Robert Wilds, and they all spent New Year's Eve with Mr. and Mrs. Charles Goff and family, then on Wednesday, Mr. and Mrs. Elliot Loundsberry of Chelsea were dinner guests of the Wilds. Busy people!

Mrs. Marion Darling received word last week of the death of her uncle, Lawrence Just, of Kingsley, Iowa. He was a brother of her mother, was 90 years old and was buried December 29. On account of weather and road conditions Mrs. Blaisdell was unable to attend the funeral.

Charles Severance, who was recently married to Mrs. Helen Knickerbocker, of Chelsea has moved part of his furniture to her home there and rented his house.

Mrs. Warren Perrine fell in the flower shop before Christmas Day and was rather badly bruised on her face and knees.

Mrs. H. E. Satteria and family and Mrs. Charles Bieber and daughter spent Saturday in Flint.

Madeline Steward was a Sunday dinner guest of Mr. and Mrs. Joe Howard and sons.

Mr. and Mrs. Martin Sannes and daughter, Lynn, were in Adrian from Monday evening till Tuesday evening visiting Mr. and Mrs. Wesley Powers and family.

Mr. and Mrs. Roy Jackson of Lillian Court attended the Inaugural Ball at Lansing.

Mr. and Mrs. Marich Darling and daughters were Christmas Day guests of his brother and sister-in-law, Mr. and Mrs. Leon Darling, and family at Redford.

Mr. and Mrs. Percy McDermott entertained at an open house, Sunday, December 30, family and friends from Ann Arbor, Belleville and Ypsilanti and local.

Mr. and Mrs. Jack DeLanois, Jr., entertained their children, Mrs. Vester Peterson and four boys of Garden City, Mrs. Marie DeLanois of Dearborn, Mrs. Dolores Morgan and three children of Detroit, Mr. and Mrs. Jack DeLanois, Jr., and Mr. and Mrs. Jim DeLanois and children, on Sunday, December 30, at their home on Valentine Road.

Mr. and Mrs. Howard Allpaper and family of Redford

spent Christmas Day with her parents, Mr. and Mrs. Leo Gibbs, and son, Reagle; on Sunday Mr. and Mrs. Gibbs visited their daughter and son-in-law, Mr. and Mrs. Albert Knechtel, and family at Farmington, and on New Year's Day they had as their guests, their son and daughter-in-law, Mr. and Mrs. Charles Gibbs and family.

Mr. and Mrs. Gurney Kincaid and family of Ypsilanti were Christmas Day guests of his parents Mr. and Mrs. Noah Kincaid.

Kincaids Return To Bible College

Mr. and Mrs. William Kincaid who are attending Southern Bible College at Houston, Texas, came Dec. 22, to spend the holidays with their respective parents. New Year's Day, the Rev. and Mrs. James C. Kincaid had as their dinner guests, their son and wife and her parents, Mr. and Mrs. Harvey Graham of Ypsilanti. The young folks left January 3 by plane for Houston.

Mr. and Mrs. William Randolph and family of Maybee were New Year's guests of his parents, Mr. and Mrs. Joe Howard, Sr., and sons. They took their daughter, Jackie, home. Jackie had spent the week's vacation with her grandparents.

Mr. and Mrs. Clark Galehouse and daughter, Lois, spent the weekend with his mother, Mrs. Henry Trussell at Grand Rapids.

Harriett Satteria and B. D. Wilkinson of Milan took Harold Steve Satteria, Harriett's nephew, to his home near Saline, New Year's Day.

Mr. and Mrs. Norval Dunlap, son, Dick, and a friend, their daughter and son-in-law, Mr. and Mrs. Wallace Oswald, all of Belding; Mr. and Mrs. Syd Manning and family of Hamilton, Ohio; Mr. and Mrs. Bradley Shackett and daughter Betty Gale of Tacoma, Washington, Mr. and Mrs. Jim Manning and family of Ann Arbor, and Mr. and Mrs. Bob Manning and family, and James Boyer of Fowlerville were Sunday dinner guests of Mr. and Mrs. H. N. Manning and grandson, Michael Shackett.

Mr. and Mrs. Clarence Batjes and family of Kalamazoo and a friend; Mr. and Mrs. Walter E. Tucker, Jr., and family of Pinckney; Mr. and Mrs. Jack DeLanois, Mr. and Mrs. Al Kurth and family spent some time Sunday with their parents, Mr. and Mrs. Walter Tucker, Sr.

Congratulations to Mr. and Mrs. Ralph Collier to whom a son was born December 29 and to Mr. and Mrs. Jim DeLanois, a daughter, New Year's Day.

Mr. and Mrs. Russell Valentine and Daughter, Linda, spent New Year's Day in Pontiac with Mrs. Valentine's nephews, Stanley, Robert and Kenneth Hill, and their families.

Jan Wint Takes Nurse Training

Miss Jan Wint was home from Highland Park General Hospital where she is taking Nurse's training to spend the holidays.

She returned January 2. Mrs. Richard Schindler and two daughters of Ann Arbor were Christmas Day guests of Mr. and Mrs. Bernard Wint and family. Miss Barbara Davy spent Christmas night with Jan.

The Wints called his parents in California. Christmas Day had a good visit; and during the week they visited Mrs. Wint's sister, Mrs. B. E. Gary in Dexter and saw several nieces and nephews from Washington, D. C., Tulsa, Oklahoma and San Diego, California.

Music Club Plans Jaunt To Ann Arbor

HOWELL — Although the rest of the audience won't know it, the Howell Music Club will be holding its January meeting at the orchestral concert on Friday night in Hill Auditorium.

The occasion is a special program to be presented for the Michigan School Band and Orchestra Association by the very fine University Orchestra and Chorus, under the direction of Maynard Klein.

As they did one previous year, the members of the Music Club will caravan to Ann Arbor to attend the concert in a body.

GAME BIOLOGISTS

The National Wildlife Federation reports that two California biologists have found that fertilizers can be used effectively to increase growth and palatability of deer food plants. R. P. Gibbons and Rex D. Pieper have shown that ammonium phosphate applications cause selective thinning and browsing, improve watershed values, and offer the game manager an effective tool for habitat manipulation on brush ranges where soil fertility is a limiting factor.

TEACHER..of the week

ROBERT TIBBALS

WHITMORE LAKE — Robert T. Tibbals, high school principal, was born in Ann Arbor and attended public schools there, graduating from Ann Arbor High.

At Michigan State University he majored in physical education. He received his masters degree in school administration at Eastern Michigan University and has done additional work at the University of Michigan.

He served in the Army as an instructor at the Army Infantry School and at the National Small Arms School.

The principal started at Whitmore Lake in 1957 as a teacher and later was promoted to his present position.

SNOW FENCES

The days of the slatted snow fence along Minnesota highways may be numbered, according to word reaching the National Wildlife Federation. The first pilot "living snow fence" of coniferous trees was planted in Minnesota in 1939. Last year the State's highway department planted one million trees along the State's highways for beautification as well as snow control. The State furnishes trees without charge to public, nonprofit groups for conservation purposes.

Brighton City

Council Minutes

Minutes of the Brighton City Council Meeting of December 6, 1962.

The meeting was called to order at 7:45 p.m. The roll was called, there being present Mayor Wilkinson, Councilmen DeLuca, Madden, Engel, Cuthbert, Cooper, and Kimble.

The minutes of the Board of Appeals meeting of November 8, 1962 were read and approved.

The minutes of the Council meeting of November 8, 1962 were read and approved. Mayor Wilkinson stated the Planning Commission urges the Council to refer variations in zoning requests to the Commission. In the future, all requests should be referred to the Commission regardless of the time element involved. The Council ordered that the City Clerk be presented with all future requests in writing and he in turn will present the request to the planning Commission before the request is submitted to the Council.

Discussion of uniform traffic ordinance was tabled.

Mayor Wilkinson advised the Council that the city had received a deed to a 13' width of property owned by Michigan Bell Telephone Co. between the dial exchange building and the Library.

It was moved by Councilman DeLuca and seconded by Councilman Madden to extend our thanks and appreciation to Michigan Bell Telephone Co. for their generosity and cooperation. Unanimously approved.

The City Attorney reported the East Street problem was in the legal department of the Insurance Co. representing the Canonic Construction Co. He stated that if a deadline was requested to bring settlement it would involve considerable expense to the city.

The Council ordered that the George Armstrong house on Rickett Road have a meter installed regardless of any homes connected to the Armstrong house. If these conditions cause a hardship to Mr. Armstrong due to high water bills, it will be his responsibility to negotiate the matter with the other owners.

Mr. James Almashy appeared before the Council in behalf of the contractors installing water meters in the city.

The City Manager was instructed to investigate the number of meters inspected after installation and to pay for meters installed to the satisfaction of the city.

Report from the Planning Commission regarding mill pond improvements was deferred.

The City Manager advised the Council that Grand River Ave. had been turned over to the city by the state November 10, 1962. Councilman Cooper stated he would contact the County regarding snow-plowing while trucks are traveling thru Brighton.

The City Manager advised Council of previous attempts to obtain the ball diamond from

the school in order to alleviate the curve at Spencer and Main and the fact that the school Board was opposed to selling or trading this land.

The City Manager advised the Council of a request for a change in street lights from 2500 lumens to 6000 lumens opposite the Cooper residence on Hillcrest.

It was moved by Councilman Engel and supported by Councilman Madden authorizing the City Manager to use his own discretion regarding street lights where crime is involved.

Ayes: Councilmen Cooper, Madden, Engel, Cuthbert and Mayor Wilkinson.

Nays: Councilmen Kimble and DeLuca. Motion carried.

The City Manager reported the Iron Removal Plant would be in operation by December 20, 1962.

The City Manager quoted the law regarding penal fines received by cities from Justice Courts, etc. and stated they go thru the state and are then turned over to the Libraries.

He stated Brighton had received \$5,316.65. This money is not budgeted in this fiscal year. Considerable discussion was given to possible future enlargements to Library and an addition to the Library building.

The Brighton Library Board appeared before the Council and presented a proposed budget for the use of the \$5,316.65.

It was moved by Councilman Madden and seconded by Councilman Cuthbert to adopt the Library Board Plan as presented, with the exception that Mrs. Hills receive \$266.65 now and her future salary would be decided by the next Council. Unanimously approved.

Mr. Jack Wright appeared before the Council and stated the Canopy Hotel would install a grease trap by April 1, 1963.

The City Manager advised the Council of the Chamber of Commerce wanting the city to assume the responsibility of the Christmas decorations.

After considerable discussion. It was moved by Councilman Cuthbert and seconded by Councilman Madden that the city assume the responsibility of installing the decorations provided by the Chamber of Commerce.

Ayes: Councilmen Cooper, Cuthbert, Madden, Kimble, DeLuca and Engel.

Nays: Mayor Wilkinson. Motion carried.

The City Manager presented the Council with the November Police Report.

The Council was advised of merchants wanting the city to bag parking meters on Main Street for the week before Christmas as a good will gesture. The request was denied due to legal complications and lack of precedent in other cities.

Councilman Cooper reported on the airport site stating the Genoa site was adopted but land acquisition would be \$30,000.00 more, neighbors objected

New Income Tax REGULATIONS That May Affect You

Effective with the 1963 tax year new Treasury Department regulations require that all banks or savings and loan associations must file an informational return with the Internal Revenue Service for all persons who have received savings account interest or savings and loan dividends totaling \$10.00 or more during the year. This regulation also applies to corporations or credit unions which have said dividends of a like amount.

In addition, the new regulations require that every taxpayer must be identified in the tax return by his Taxpayer Account Number. For most persons this number will be their Social Security number. Those persons not presently covered by Social Security will be required to obtain a Taxpayer Account Number from the Treasury Department.

It is emphasized that these information reporting provisions must be complied with by the banking and financial industry. Your bank or savings and loan association is required by law to report savings account interest or dividends and is further required by law to obtain your Taxpayer Account (Social Security) Number from you.

Since we presently have no record of your Taxpayer Account (Social Security) Number, it is required by law that you supply such number to your bank or savings and loan association. To assist you, sample forms are printed below. Please clip one or more of these forms as you may need, complete them as indicated, and drop them off or mail them to your bank or savings and loan association.

Thank you for your help and cooperation.

WSU Janitor Becomes Teacher After Earning Degree, Retirement

Mr. Lewis, after 14 years of study to complete his teaching degree, imparts some of his knowledge to eager youngsters.

DETROIT—A former Wayne State University janitor is now engaged in a teaching career after receiving a certificate of retirement and a bachelor's degree in education both from Wayne in recent months.

He is Charles B. Lewis, 53, of Detroit, one of the thousands of employed persons who over the years have done part-time undergraduate work at Wayne and finally completed degrees.

It took Mr. Lewis 14 years to earn his. He was admitted as a part-time undergraduate student in 1947, five years after he accepted a job as a Wayne janitor.

"I would rather have received my degree at 23 than at

53," says Mr. Lewis, "but I think my experience in various jobs is all to the good. Certainly it has placed me in a position to stimulate young people to seek college educations."

Thousands of students attend Wayne part time, regardless of age and other responsibilities. Latest statistics available show that the average part-time undergraduate student is 28 years old, that 59 per cent are married, 79 per cent are employed and that 78 per cent receive no financial aid from their parents.

In the autumn of 1962 Wayne had 5,341 part-time undergraduates.

Advise Farmers On Long Loans

Michigan farmers borrowing money for capital investment, those for the most money tend to do so with the largest number of lenders.

A survey of the 1961 borrowing habits of commercial Michigan family farms showed they tended to obtain a number of small loans rather than one or two large ones, according to John Brake, agricultural economist at Michigan State University.

Brake, and Mike Wirth, another MSU economist analyzed credit information from 103 members of the Farm Credit Panel. These farmers were asked in January of 1961 to keep special credit records in addition to their regular mail-in-account project records.

Brake points out that many lender-borrower relationships need to be improved. "It is not good business for either when the farmer spreads his loans among three or more lenders," he says.

"Perhaps there is a need for more lenders to offer farmers a 'line of credit' so that farmers will not need to feel apologetic about getting additional loans from the same source. Farmers need a lender who will stick by them even when the going is rough."

Farmers participating in the averaged \$17,921 of debt at the start of 1961. By the end of the year, this had increased another \$3,567. More than 90 per cent of all farmers in the study had some debt during the year.

Three out of every four farmers borrowed money during the year. This was an increase of 15 per cent compared with a study completed in 1958. Most loans went for purchases of buildings, land, machinery and breeding stock. Less important loans were for refinancing and renewing loans.

About 40 per cent of the farmers increased their debt during the year.

Roughly two-thirds of the loans made during 1961 for capital investments were repayable in less than two years. About one-half were payable within one year.

Brake advises both farmers and lenders not to overemphasize short term debts — es-

AL ROSENZWEIG receiving check from "Red" Sheridan. When Al Rosenzweig was in the feed department of the Howell Co-Op he kept getting a greasy thumb. So a year ago the black gold's allurements became too strong and Al transferred to the petroleum division. Then things began to hum. Co-Op launched a state wide contest for new customers and the boy who performed oil to corn swept the state with top honors winning a substantial check which was presented to him at fitting ceremonies by Leslie "Red" Sheridan, district manager for Farmers Petroleum Co.

Conservationists Explain Deers' Plight In Winter

Snow is great for skiers but hard on deer.

It's hard on whitetails because it keeps them from getting around and when they can't, a lot of feeding grounds are cut off from them, the Michigan Conservation Department points out.

They can wade around in deep snow as long as it is light and fluffy. After it gets heavier or crusts, deer get bogged down. If the crust is strong enough, they can walk on it but if they keep breaking through — well, it's hardly worth the effort.

When the going gets too tough, deer are confined to the more sheltered "yarding" or wintering areas. Here, they beat down paths and get around easier but these "yards" cover less than one-fifth of the summer deer range.

So you find all the deer living and trying to feed on less than one-fifth of the land. This is only part of the pinch. Their natural winter food supplies amount to only a small part of what's available to eat during the summer.

Some winters, deer are hardly confined at all. In other years, the yarding period starts in December and runs into April.

State Conservationists say: "As temperatures drop, deer food consumption goes up. Severe cold, deep snow, and too many mouths for too little food result in deer being lost. Michigan's northern deer country can be divided according to winter food conditions. Only about one-sixth of the range has enough food to bring deer through the toughest winters."

Bulldogs Fall To Clarkston

By CHRIS KLAGES, JR.

BRIGHTON — Many Bulldog fans believed that with the coming of 1963, Brighton's basketball troubles would subside amid the celebration and merrymaking which accompanies such an event.

But, alas, all hopes were dashed at Clarkston last Friday, as the Brighton five reassembling Floyd Patterson, took it on the nose, and fell ungraciously into a prone position amid the cheers of the howling Wolves, with a 59-28 loss.

Brighton was in the game for all of eight minutes, staying close to Clarkston for the entire first quarter, being behind by one point, 11 to 10.

But then they promptly fell apart in the second quarter, as if the very thought of school opening the following Monday shook them to a man.

The Bulldogs seemed totally unable to cope with Clarkston, allowing 22 points while scoring only 4.

In this quarter the Wolves completely dominated both boards, frustrating both Brighton fan and player with the inability of the B.H.S. five to retrieve the ball after a shot.

Behind 32 to 14 opening the third quarter, Coach Kucher's five still had a chance, but were not able to meet the challenge, or the work that was cut out for them, scoring 6 and allowing 14.

Going into the final eight minutes of play the Bulldogs were behind 46 to 20, and had as much chance as David did with Goliath holding all the stones.

So as the game was played out with mostly reserves, Brightons spectators filed out, leaving for the chair by the fireside.

Brighton high scorer was Dennis Hartman with 8. Dan Craven with 15 was game high.

Final score Wolves, 59, Brighton, 28.

Whitmore Lake Wrestlers Win Tourney Medals

WHITMORE LAKE — During the Christmas holidays, The Trojans wrestling team took part in the Flat Rock Holiday Wrestling tournament.

All of the boys did a fine job and four of them came home with medals for their efforts. In the 95-pound class, Walter Szegda 4th place; 103 pound class, Mike Szegda, 3rd place.

At 138 pounds, Denny Schumann took 4th place and in the 180 pound class, Gary Romine took 4th place.

For these boys and the team this was only the third wrestling match.

Wrestling was just introduced this year and thus far: Gary Romine 180 4th; Walter Szegda 95 4th; Mike Szegda 103 3rd; Denny Schumann 138 4th.

The team beat Detroit Country Day and was defeated by the Walled Lake J. V.

Mr. Townsley, the wrestling coach said that the boys are working hard and are going to do their best to win.

Kensington Offers Skating, Fishing

BRIGHTON — Kensington Metropolitan Park southeast of Brighton, a 4,500-acre recreational site, is a natural winter sports area designed for tobogganing, skating, sledding, ice fishing, hiking and picture taking.

Catches of bluegills and crappies are taken by the hundreds of fishermen who enjoy ice fishing on Kent Lake.

Skating is provided on the ice rink on Kent Lake in front of the Boat Rental Building from 10 a.m. to 10 p.m. daily. This

building has a heated lounge with fireplace, restrooms, observation deck and food service through vending machines.

It is open from 10 a.m. to 10 p.m. on Saturday and Sunday and from 2 p.m. to 10 p.m. Monday through Friday.

The winter sports area with the hilly slopes is ideal for sledding and tobogganing.

There are no ski facilities at Kensington Park, however, this winter sports area does have a warming shelter. For ice conditions call 684-4245 (Milford Exchange).

Bowling Queens Participate In Roll-Off

BRIGHTON — On Saturday, December 29, the Brighton Bowling Queens, Junior League, held the Brighton area roll off of the AJEC National Christmas Roll-off.

Bantam and Junior age groups bowled. Bantam division is for girls 12 years old and under; Juniors are girls 13 to 15 years old.

Winners in the Bantam division were determined by totals of the two games bowled plus handicap. The winners in the Bantam division were: Penny Gardner, 322; Pam Wells, 319; Darlene Truhn, 318.

The Juniors totals were taken on three games plus handicap. The Junior winners were: Nancy Rawski, 525; Ruth Schneider, 510; Jan Black, 503.

Prizes will be given to the division winners.

After the tournament, a party was held at the home of the league secretary and coach, Mrs. Doris Rawski.

Skating, tobogganing, records, games and refreshments were enjoyed by all the girls who attended.

On Saturday, Jan. 5, the Bowling Queens held another party, this time a surprise birthday party for the secretary and coach, Mrs. Doris Rawski. A necklace and earrings set was presented by Carol Cherry, league president. The girls took up a collection for the present.

Both Varsity And Juniors Win Games

By JERRY VAN SLAMBROOK

All that can be said for both the cage teams at Pinckney High at this time, is that "there's been some changes made."

Coach Jim Bradley has taken several players from the J. V. team and started them working with his Varsity cagers; and likewise, coach Gibson has pulled a few Freshmen players up to his J. V. squad.

I'm not sure what the coaches have in mind with these changes, but it seems evident that it is one of these two reasons:

Either they are in hopes that these additions will help their teams out of the incessant losing streak they're in; or else they are looking forward to next year and are giving that much needed experience to these new players who will carry on at that time.

Nevertheless, these switches had no apparent effect upon the Pirates' dilemma. Once again they went down in defeat, this time at the hands of the Whitmore Lake Trojans last Friday night.

Although Pinckney was behind in every quarter, it cannot be truthfully said that Whitmore Completely out-played them. It was a close ball game both defensively and offensively. The half time score was 21 to 15 in their favor.

A third quarter burst by the Trojans, where they outscored the Pirates 16-6, was the deciding factor in this game, for this gave them a decisive lead and although Pinckney, in the fourth quarter, outscored them 15 to 10 it still gave the Trojans a 43 to 36 victory.

The J. V. team had a taste of on-coming victory in the first two quarters of their game as they dominated them with a half time score of 14 to 10.

But once again the third quarter was the downfall of Pinckney.

The Trojans came back strong and changed the lead to their favor 24 to 15.

The Pirates sadly realized that they had lost whatever they had in the opening quarters and took a 31 to 23 defeat.

The 7th and 8th grade student held their first practice at the High School gym, Tuesday for the all star post season basketball season.

They will meet Whitmore Lake next week in their first venture and the 8th grade prospect looks fairly good with Jim Douglas, Jim Clayton, Jeff Davis, Mike Sepulveda, Loy Russom, Ron Doyle, Don Hollister, Larry Nicholas and Roger Harden being the outstanding cagers.

A field of 17 were selected by the various coaches and this field will be cut to 12 by Coach Mel Reinhard in the next two weeks. The 7th graders do not appear as formidable but the Hamburg team has 5 men on this team and they may pull a surprise on their opponents.

The Pee Wee tournament will be held this next week, and this year, it is a wide open race among all five teams, as there is no standout and the teams seem to beat each other with ease, so the team that gets hot will probably come out on top.

Don Gibson has arranged an excellent schedule and the boys will enjoy their trips to the neighboring villages.

...back at the Airport

Livingston County Supervisors will hold their monthly meeting Tuesday.

Since their last meeting in December, they have had one month to reflect on business which has come before them.

One matter of prime concern is the question of an airport for Livingston County.

Do we want one or don't we?

This decision is one which should be made at this meeting.

The county's cost of the Howell airport is estimated at \$85,000. Some persons have asked whether this money would be better spent on an airport or roads for the county.

If there is a decisive affirmative vote, let's go forward and get an airport.

If the people in the county are not for it, let's accept it, and drop the matter for awhile.

All interested citizens should advise their supervisors how they feel about an airport for this county.

In this manner, their vote will be truly representative of citizen thinking.

School Board Records

Many school boards are not aware that all official actions must be taken at an open meeting.

The state law says: "All business which the board of any district is authorized to perform shall be done at a public meeting of the board and no act shall be valid unless voted at a meeting of the board by an affirmative vote of a majority thereof and a proper record made of the vote... Meetings of the board shall be public meetings and no person shall be excluded therefrom."

"The Board may hold executive sessions, but no final action shall be taken at any executive session."

The law also states: "All records of the board shall be public records and subject to inspection."

This law means that any action done by resolution of a school board should be a matter of public record.

Such actions would include hiring and firing of teachers and other personnel, school policy, awarding of purchase contracts, and payment of bills.

It is said that many teachers would object to having their salaries made public, but when a person is employed by a public agency he accepts his employment knowing these conditions exist.

Here in Livingston County, the official minutes of the Board of Supervisors list all salaries paid to county employees — both elected and appointed.

Salaries of Brighton City employees are made known and the townships publish in their minutes, the salaries of their officers.

Should school personnel salaries be treated differently?

The Seeds of Fascism

From The Industrial News Review

Some thoughtful people expressed a fear that a form of fascism may, in time, reach power in this country. If it ever does, it will be the evolutionary consummation of a trend which has been subtly and insidiously undermining free institution for many years.

The matter is not an easy one to discuss with any precision. For one thing, the meaning of words often tends to blur, and the problems and situations they are intended to describe often lose contrast. One totalitarian state—whether it be called Fascist, Communist, or anything else—is very much like another in its fundamentals.

That aside, the causes of Fascism, and the tools which are used to create it, are spotlighted by history. The technique is to bring about a marriage of the instruments of power in a nation—its government, its industries, and its labor in cases where the unions are strong and wield vast influence.

The ambitious leader uses these instruments with the utmost care—and the utmost cynicism—to achieve his purposes. He woos industry, by convincing it that by going along with him it will achieve an advantage over labor. And he woos labor with precisely the same siren song in reverse.

The stage is set for Fascism—or totalitarianism of any kind—when the resources of a nation become overly dependent on its government. And, certainly, we have moved far in that direction. The government is the principal customer of many huge companies.

Beyond that, government, by its laws and regulations, its bureaucracies, its thousand and one departments and agencies, and its own business operations, plays a dominant role in the life of the nation that would have seemed both impossible and intolerable even half a century ago.

Wars—hot and cold—past, present and possible—have been enormous forces in producing this trend. A fifty-odd billion dollar defense budget alone is a continuing threat to fundamental liberties. All we can do about this is to minimize that threat in every way possible, by working to prevent government domination of our lives in every area where the national security does not clearly demand it.

Beyond this the Fascist danger lies in areas which have no connection with our safety in a chaotic world. These areas we describe with a general term—the Welfare State. This, carried to its logical conclusion, is a state in which government is all things to all men, offering a dubious cradle-to-the-grave security. The cost in dollars—tax dollars—is exceeded only by the costs in loss of liberty, self-reliance, and individual pride and responsibility.

So the seeds of totalitarianism exist. Only an informed and determined public, dedicated like its forebears to the principles of freedom, can make sure that they will not sprout into choking weeds.

Farmers' Week Program At MSU

Science will take the spotlight for the 48th Annual Farmers' Week at Michigan State University, January 28 to February 1.

Included in the exhibits will be the Whirlpool Corporation's space kitchen, a conception of what might be a vital link in the space race.

Dairy Program Monday — All major breed associations in Michigan will hold annual meetings January 28, with the dairy banquet in the evening. Presentations will be made to the "Five Hundred Club," dairy farmers who have achieved herd averages of 500 lbs. of butter fat. The 1963 Michigan Dairy Production award will also be made. The Michigan Professional Dairy Farmers' Assn. will hold their sessions in the MSU Union.

Tuesday Programs — "Problems Bothering Farmers—And the Answers," and "Young Farm Families Face the Future," will be presented by MSU's agricultural economics department.

Michigan beef breed associations annual meetings, a sheep program and an afternoon session for pork producers is slated for January 29. The annual livestock banquet is set for 6:00 p.m. with Dr. Lawrence Witt of MSU's Department of Agricultural Economics as speaker.

The Department of Agricultural Engineering will sponsor a program on "A Safe Rural Water Supply." Dairy farmers will consider, "Milk Composition—Should We Change It?"

Farm crops and soil science departments will team up to stage "Sugar Beet Day." Presentation of awards to outstanding sugar beet producers in Michigan for 1962 will be made by Dean T. K. Cowden, of MSU's College of Agriculture. Michigan Christmas Tree Growers will hold their yearly meeting and banquet.

Fruit growers will have as their topic, "Past Control, a

must for Quality Fruit." The afternoon, topic will be "Growing Nuts and Non-Commercial Fruit."

"Expanding Horizons for Youth" will be a joint program to be sponsored by the colleges of agriculture and home economics for the thousands of students who attend Farmers' Week. This year's program will center on careers.

A special program, planned for youth leaders is entitled, "Passport to the World." Speaker will be Warren Schmidt, Coordinator of 4-H International Projects of the National 4-H Foundation, Washington, D.C.

Wednesday Sessions — Dairy farmers will consider prices and production in a session entitled "The Hottest Dairy Issues Today." Appearing will be legislators, farmers, cooperative leaders, dealers and representatives of the dairy industry. Producers will also take a look at "Breeding problems—a multi-million dollar loss," during their session.

In a general program, the Department of Agricultural Economics will feature "The Michigan Farmer, Government Programs and the European Market." Speakers include Walter W. Wightman, president of the Michigan Farm Bureau and staff members in farm policy at MSU. Following the presentations, three well-known Michigan newsmen will pose questions on "Agricultural Policy Problems to which Farmers Need Answers." On the panel will be Marshall Wells, farm director, WJR Detroit; Charles Johnson, farm editor, Grand Rapids Press and Jim Brown, co-publisher of the Ingham County News.

The Department of Agricultural Engineering will discuss tillage methods as their major topic. Varieties, tillage practices, soil problems and insect control will come up for consideration in a special meeting on cash crops, sponsored by

the farm crops and soil science departments. Another session on forage crops will discuss the topic, "Can Alfalfa Complete With Corn on Michigan Beef and Dairy Farms?"

The feeder calf will come in for special attention by the Michigan Cattle Feeders' Assn. The Wolverine Barrow Show will be judged in the Livestock Pavilion Bee Keepers will meet under the direction of the Department of Entomology. Michigan maple syrup producers will also hold their annual session.

Centennial Farm Luncheon — Thursday — Centennial farmers will hold their yearly meeting at noon and discuss Michigan newly-proposed constitution. Also on the day's agenda will be the meeting of the Michigan Farmers' MSU's Lecture-Concert Series will present the color film, "Designs for Survival," by William A. Anderson, director of photography, forest service, USDA.

"Let's Plan a Swine System Engineered for 500, 1000, 2000 Feeder Pigs" will be the topic in agricultural engineering sessions. Later, a similar discussion will feature planning for large dairy operations. The dairy program will focus on feeding problems. The day will include the annual meeting of the Michigan Lamb Feeders Assn. The auction sale for market animals in the feeder show will be held Wednesday afternoon.

Farm crops-soil science sessions, will include discussions of soil fertility and fertilizer recommendations and new varieties. Reports of latest research and recommendations for weed control will also be given. Another feature of the program will be "Potato Day" and a meeting of the Michigan Muck Farmers' Assn.

The poultry program will feature, "Turkey Day" with a panel discussing "How Can the Small Turkey Producer Survive?"

"Unsinning"

This explosive German phrase erupts almost unbidden from the lips of Franz Gabl, ski pro at Michigan's Caberfae winter sports center, whenever someone suggests that skiing is dangerous, particularly while learning.

"It makes no sense," Gabl interprets. "A skier with a good cartoon for the humor magazines, but the fact is that skiing is less dangerous than most active sports played in our schools."

Professionals teaching at Michigan's more than 80 winter sports centers echo Gabl's sentiments. The growing army of some 200,000 skiers that visit the state's resorts add the emphasis of numbers in debunking the reputed dangers of skiing.

As in any vigorous sport there is the possibility of bumps and bruises but the danger of fractures or other serious injuries is vastly over-emphasized, according to the National Ski Patrol. Overconfidence and recklessness are the major factors when injuries do occur.

Michigan's 1963 job outlook is good, says Dr. Roger L. Bowley, assistant professor of economics at Michigan State University.

Michigan is no longer a problem state in terms of unemployment, he says in the December issue of Michigan Economic Record, published by the MSU Bureau of Business and Economic Research.

He said that Michigan unemployment has been steadily dropping and may now be below the national average but that the national figure is still "discouragingly high."

Mr. and Mrs. Paul Bairas of Merrill Rd., saw a robin in their yard, Friday morning.

Of the 10,000 Ph. D. degrees now being earned annually, only about ten per cent go to women, says Merritt Chambers, University of Michigan visiting professor of higher education.

President Fred Burt will head a delegation of Vagabond executives and sales representatives who will attend a Louisville show to confer with dealers and the visiting public from Jan. 4 through 20.

Others include: George C. Miles, Vagabond treasurer; Harvey C. Childs, vice president; Robert G. Pelkey, national sales manager; Harvey E. Stewart, director of purchasing; and Walter Melcher, national service manager, all from New Hudson.

Richard C. Miles, general manager of the Vagabond plant at Alexander City, Ala., also will attend the show.

The State Highway Department reported recently that a study of 75 intersections has shown a "gratifying" drop in fatalities, accidents and injuries after installation of flashing caution signals.

Total accidents were reduced almost 25 per cent, fatalities dropped more than 60 per cent and injuries were reduced by nearly 50 per cent at intersections where the flashes were installed.

Milk and milk products, excluding butter, lead all major food groups as a source of calcium and riboflavin and are second only to meats as a source of protein.

"These facts were brought out," reports Andrew Jackson, Howell, president of the American Dairy Association of Michigan, "in the latest issue of the National Food Situation released last month (November) by the U. S. Department of Agriculture."

Michigan is one of the snowiest states around—a fact of some significance to a Michigan State University tourist and resort specialist.

He points to Weather Bureau statistics which show that 16 Michigan counties have more than 100 inches of snow annually—a record unequalled by any part of Wisconsin, Minnesota, Illinois, Indiana or Ohio.

Snowfall averages over 60 inches a year in over a third of the Lower Peninsula and nearly the entire Upper Peninsula. Only one-sixth of Wisconsin and a very small part of Minnesota get over 60 inches.

"Mother Nature has contributed more than snow to Michigan's winter sports industry," says Clare Gum, MSU tourist and resort specialist. "Location helps, too. About one-third of the nation's 180 million people live within 600 miles of the Wolverine state—and the state's winter sports."

Louise Ridley, daughter of Mr. and Mrs. Louis Ridley of 11025 West Grand River, Fowlerville was one of the Michigan 4-H members attending the recent meeting of the National Junior Vegetable Growers Association in Florida. Louise has been a 4-H club member for six years and belongs to the Merry Tillers 4-H Club lead by Mrs. Leo Garver of 9480 Judd Rd., Fowlerville. She is cutting one of the famous Howell Melons.

Electricity Used to Kill Pain

Electricity to prevent pain in animals during minor treatments has been successfully used according to an anesthetologist's report to the Michigan Medical Society.

However the farmer who seeks to use such anesthesia had best get help from a veterinarian.

Dr. Perry P. Volpitta, department chairman at the Medical College of Georgia, said that when a very small current was used, with electrodes in the mouth and at the back of the head, the animals remained conscious but were oblivious to pain such as that caused by putting a clamp on the tail.

The scientist applied the technique to dogs and rhesus monkeys.

"The animals felt no pain anywhere in their bodies regardless of pain stimuli. They remained conscious, however, as shown by blinking of their eyes," Prof. Volpitta said.

"They were unable to move. As soon as the current was

turned off, they became active again, even those that were kept under electronanalgesia eight to 10 hours. That there were no untoward effects was shown by tests made 12 hours and two weeks later."

CONSERVATION

The National Wildlife Federation notes that the enterprising Perry County (Ark.) Soil Conservation District has placed a conservation bookshelf in each of the 17 schools of the county, with books selected for the different age groups at each school. A good project for sportsmen's and service clubs to copy, says the Federation.

The world's longest and fastest man-made toboggan run is located at Grayling, Michigan, according to the state tourist council.

Speeds up to 100 miles per hour are possible on the 3,000 foot run.

Michigan's 1,000th Mile of Freeway Opened

ARMED WITH SNOW SHOVELS, State Highway Commissioner John C. Mackie, Lt. Gov. T. John Lesinski and three Lansing area officials cleared a mound of snow to open the final link of the 170-mile Detroit-Muskegon Freeway near Lansing recently. Popping in the snow are numerals signifying the completion of 1,000 mile of freeway in Michigan. Digging into the snow are (left to right) Maj. Gen. Ronald D. McDonald, head of the Michigan National Guard and president of the Greater Lansing Chamber of Commerce; Lansing Mayor Willard L. Bowman, East Lansing Mayor Gordon Thomas and Mackie and Lesinski.

Expert Explains Con-Con

Thomas G. Sharpe, newly elected state representative, and a delegate from Livingston County to the recent Con-Con Convention gives the following brief explanation of this controversial subject.

The new constitution will be approved or rejected by the voters on Monday, April 1, 1963. I would like to impress upon you, how important our State Constitution is to each of us. It determines, for example, the powers given to the Governor and how we are represented in the State Legislature. It determines what type of local government we have along with tax limitations, the type of government we will have to protect us and our grandchildren in the days to come.

As you know, the new constitution was written by 144 delegates, one elected from each senatorial district and one from each representative district. The delegates by at large worked hard and long during the 7½ months. Final action was taken August 1, 1962 and at this adjournment, the Convention no longer existed. Even though the proposed constitution is rejected, this Convention can take no further action as its work is finished. The Convention worked to keep the good in our present Constitution and to strengthen the three main branches of government; to maintain and strengthen local government, to consider the best thinking of those experienced in government, and also guided by the knowledge of how the citizens of Michigan think their government should be organized and what it should do for them. It is not practical to submit the new constitution to the voters in sections as the articles in the old and new do not correspond either in number or content.

Now I will attempt to give you some of the changes. I think you would be interested in the new document provides for the increasing of the term of the Governor to four years with a two term limit. The Governor and Lt. Governor will be elected as a team, thus similar to that of our President

and Vice-President. The Secretary of State and the Attorney General will also be elected for four years terms as well as the state senator, however, the state representative will still be elected for a term of two years. The auditor general, which is now an elective office, will be appointed by the Legislature and the Superintendent of Public Instruction will be selected by the State Board of Education consisting of eight elected members. I feel that this is better than the present elective system because today his qualifications are: first, can he become elected, and second, has he ability to do the job he is hired for.

The new document will require the Legislature to re-group the 126 major departments into not more than twenty departments with a single head over each department. This we hope will alleviate many costly duplications. Financial responsibility is guaranteed by requiring the Governor to submit recommendations covering not only expenditures but the means of raising additional revenue required to cover the proposed budget. We provide for executive enforcement of spending levels within limits of actual receipt.

We will replace the elective highway commissioner which is unique in Michigan among the 50 states with a four member bipartisan Highway Commission appointed by the Governor. They will hire the highway officer who will be the executive officer of the highway department, thus making the first qualification that he be a qualified engineer. At present, the first qualification is, "can he be elected?"

The Governor or either House may request an opinion from the Supreme Court of the constitutionality of enacted law before it becomes effective. Had this been true a couple of years ago, we would not have had an extra one cent sales tax added by the Legislature and collected for a period of time before the Supreme Court declared the law unconstitutional.

The Governor shall not make

appointments of full judicial vacancies but the Supreme Court shall fill vacancies by appointing retired judges to fulfill the unexpired term only. Then each man who desires the position will be able to run on his own record and be elected by the majority of the people. There will be a nine member Appellate Court established with jurisdiction immediately below the Supreme Court. The judges will be elected from districts and will sit in divisions of three at various locations in the state. We will reduce the Supreme Court from eight to seven members thus enabling a majority decision of all issues, and an incumbent Justice may become a candidate for reelection by filing an affidavit of candidacy. So we they will not have to depend on a party convention for renomination. This we believe will keep the judges more independent of politics.

The new constitution provides for direct review by the courts of the various decisions handed down by the numerous executive agencies of the State Government. Exempted from this provision are the decisions of the State Tax Commission, fixing value for tax purposes or determining an appeal from a decision of a county tax allocation board; increase the term of Probate Judge from four to six years; require the Supreme Court to give reasons when denying an appeal; ten votes in a twelve member jury will be sufficient for a conviction in a civil case, however, a unanimous jury is required for conviction in a criminal case.

The 15 mill tax limit on property is retained, however, voters of a county may approve fixed limits for county, township, and school districts as long as the total does not exceed 18 mills.

Sales tax continues at four per cent with 1/2 earmarked for schools and 1/8 to local government. Highway, gas and weight tax continues to be earmarked for highway purposes. The Legislature has been given authority to define highway purposes.

Local government is strengthened in many areas enabling them to function more effectively including a provision that permits official home rule, for those counties whereby a majority vote of the people show a desire to develop a form of government suitable to their changing needs; requires all local units of government to hold public hearings before adopting a budget; county officers will be elected for four year terms; charter counties, cities, and villages are granted the authority to levy taxes other than property tax for their support, however, the traditional form of local government that we know today is not subject to alteration without the approval of the voters of the local unit affected.

I realize this is only a brief resume of our new constitution however, I will be glad to supply you with a copy of the proposed constitution upon request. I also will make a special effort to meet with any group to explain and answer your question.

Crash Damages Two Local Cars

Extensive damage was done autos driven by M. E. Darrow, and Mike Winisky, both of Pinckney, as their autos collided at the intersections of Mill and Main Streets, Friday evening about 5:00. Darrow and Winisky were uninjured.

New Teacher Will Replace Mrs. Oliver

By GILBERT DUNN
Principal
Your on again off again school reporter is on again, at least for the duration of this issue.

On Saturday, December 1, some of the 6th, 7th, and 8th graders went swimming at the Ann Arbor High School pool. The hours from 7:00 to 9:00 were well spent in becoming completely exhausted by swimming, diving, and playing keep away. The fifty students who went thoroughly enjoyed themselves.

Mrs. Sandra Oliver who has been teaching third grade will be leaving us after the 25th of January and Miss Kathleen Kirschke of Pinckney, a student at Eastern

Thirteen Cows Die In Fire Near Howell

HOWELL — Thirteen cows and a 40-by-60-foot section of a barn at the Robert Walker farm, 3430 Clyde Road, about seven miles from here, were destroyed in a 4:20 a.m. fire last Friday.

Howell firemen said Walker awoke and discovered the blaze. His son, David, led 25 cows, one by one, from the burning structure to safety, but 13 others were lost.

The center section of a large barn was destroyed. It was a cement block building.

As of Jan. 8 firemen were unable to determine the cause, and an estimate of damage has not been determined.

The same barn caught fire in 1950, firemen said.

The farm water well ran dry, hampering firemen in their efforts to save the building. While the milking machinery was saved, a generator was destroyed and the remaining cows of the herd are being kept at a neighboring farm.

Hi Point to Sell 21 Prize Cattle

Under the skillful direction of Pete Dean, Hi-Point Farms' famous herdsman, 21 of the prize winning Herefords from E. F. Fishers' Livingston County herd will entrain January 5 for the long journey to Denver, Colo. to be sold at the National Western Stock Show. The sale is scheduled for Tuesday, January 15 after the judging which will be held Sunday, January 13.

Consignments to the famed Denver event feature some of the Nation's leading Hereford herds and will draw buyers from all sections of the country. Hereford breeders from 16 states have consigned 130 bulls and 25 females to the auction. The sale attraction has long been considered among Hereford circles as a barometer for the industry in the year ahead. Only top-quality cattle will be featured in this year's sale.

Sponsor of the annual event is the American Hereford Association.

Alleged Rape Case Delayed

BRIGHTON — Examination of George A. Duke, Sr., has been postponed indefinitely at the request of his attorney, according to Michigan State Police. Duke, 67, a retired Farmington contractor, was scheduled to appear tomorrow before Brighton Justice Kenneth Weber on a charge of statutory rape involving a 13-year-old girl.

Michigan University, will begin teaching on the 28th of January and finish out the year. We appreciate the good work that Mrs. Oliver has been doing.

Mrs. Mary Ann McNeil of New Zealand, and kindergarten teacher at Hamburg for the two years previous to this one has given birth to a baby boy. From all available reports everyone connected with the baby is doing fine.

On Tuesday evening, December 18, the children put on a Christmas program that everyone seemed to enjoy. The Christmas play put on by the 5th grade was especially enjoyed.

The program, however, would not have been a success without the help of all who took part and a big thank you to the teachers.

We'll be glad for the day when we have a gym then we can accommodate more people for programs. Better than 250 people came and it was difficult to find standing room.

Mrs. Downing is not shedding any tears over the fact that her ancient piano is no longer in her classroom.

Ray Cranna Serves on Ship

GREGORY — Raymond C. Cranna, 34, of Gregory, is serving aboard the dock landing ship USS Fort Snelling, operating from Little Creek, Va.

The Fort Snelling was a unit of the United States quarantine forces in the Caribbean recently. The forces were commanded by Vice Admiral Alfred G. Ward, USN.

The ship is a unit of the Atlantic Fleet Amphibious Force, a major element of American seapower.

Starts Series

U of M Professor To Address Historical Society Thursday

GREGORY — Thursday evening at 8 p.m. in the Stockbridge Town Hall there will be the first of a series of illustrated talks, to stimulate interest in the preserving of the "Really Homestead," located south of here in the Waterloo area.

These meetings will be open to the public and, beginning this week Thursday, a feature talk will be given by Harold Helm, associate professor of architecture at the University of Michigan in Ann Arbor.

He will discuss Victorian architecture and the styles preceding and following the period.

Photographs and other material will be on display.

A program on the days of 1815-1850 "Michigan Living" will be held in early February (the date will be announced at a later time). The subject for the February meeting will be introduced by Dr. Carl Burkland of Unadilla, a professor at the University of Michigan.

A tape-recorded reminiscence of older members of the community, as to the kind of life, their ways of cooking, eating, the clothes they wore, how they hunted and what was done for recreation, will also be a feature of this meeting.

Anyone with an interesting story he would like to record is asked to call Mrs. S. A. Beckwith at Stockbridge so that it can be recorded.

Supervisor's Meeting

HOWELL — The regular monthly meeting of the Livingston County Board of Supervisors will be held Tuesday morning at 10:30 in the County Court House.

The third meeting will be about antique furniture found in the Midwest during this period. Slides will be shown to help with identification of various styles that persons have bought or inherited.

The fourth program in the series, scheduled for the month of April, will feature an exhibit of private antique collections, including guides to explain the item and their use.

The "Really Homestead" which so many of our local people, and members of the Historical Society hope to restore and furnish as a museum is one hundred years old.

A run down farm home, but

holding a charm all its own, it has captured the hearts of all who wish to see it become a symbol of "Life within Mid-Michigan."

Owned by the late Jacob Realy, it once was a show place of the Waterloo area. For those who would like to drive by and see the work already accomplished during the past summer months, the homestead is located a 9988 Munnth-Waterloo Road two miles north of the Village of Waterloo.

Dates for coming meetings will be announced through this paper. The first meeting to remember is Thursday, Jan. 10, at eight p.m. in the Stockbridge Town Hall. Everyone welcome.

Carolyn McCleer Weds Army Man

Mr. and Mrs. Clyde McCleer of Gregory announce the marriage of their daughter, Carolyn, to Raymond S. Stoddard, son of Mr. and Mrs. Raymond Stoddard of Munnth.

A double ring ceremony was performed at 5:30 in the afternoon Dec. 28 in St. Mary's Rectory of Jackson.

For her wedding the bride wore a ivory tulle suit with gold accessories, her flowers were a nosegay of yellow and white roses.

Attending the bride and bridegroom were the brother-in-law and sister of the bride, Mr. and Mrs. Basore of Gregory.

Mrs. Basore wore a green knit suit with beige accessories.

Dinner for the immediate families was served at Gilbert's Steak House following the ceremony.

The couple left for several

days in Northern Michigan following the dinner.

The new Mrs. Stoddard is a 1960 Stockbridge High school graduate and is now employed at Jacobson's in Jackson. Her husband is with the United States Army and will be stationed at Fort Knox, Kentucky.

Fowlerville Man Serves in South

FOWLERVILLE — Lee H. Benjamin, electrician, mate third class USN, son of Mr. and Mrs. Ray E. Benjamin of 103 North St., Fowlerville, is serving at the Naval Amphibious Base, Little Creek, Va.

The base provides logistic support and training facilities for the Amphibious Training Command and seaborne elements of the Atlantic Fleet Amphibious Force.

TODAY AND TOMORROW BY RALF HARDESTER Feature Editor of TV GUIDE MAGAZINE

CONNIE STEVENS' LATEST WALK-OUT AT WARNERS' can, in part, be attributed to her desire to play Liza Doolittle in the film version of "My Fair Lady."

Connie Stevens ... no rain in Spain ... JACK BENNY WANTED TO HAVE the four stars of The Beverly Hillbillies as his guest stars, the format being that he would invite them to become his next-door neighbors (Lucille Ball is the real next-door neighbor). He says sponsor conflict between two food companies made the idea indigestible ... Long-time radio personality Zee Zee Manners ... Dorothy Provine finally gets a feature picture at Warner Brothers. She joins Ty Hardin and Susan Pleshette in "Wall of Noies" ... ABC will air a folk-singing special, "Hootenanny," after the first of the year.

DOROTHY LOUDON MAY BE THE LONG-LOST replacement for Carol Burnett on Garry Moore's show. Garry is sold on Miss Loudon, a night-club and Broadway theater singer-comedienne. Depends on audience reaction ... NBC is interested in Project X, new hour-long adventure series starring Michael Rennie, for 1963-64. It's about the men who fly supersonic aircraft, such as the X-15 ... MGM plans a series about a peacetime Marine officer, titled simply Lieutenant; and one called Jonathan Croft, hour-long adventure series about a young Hemingway-type writer ... Dick Van Dyke and Julie Andrews have signed for Walt Disney's "Mary Poppins."
