DISCUSSIONS ON MORALS OPEN EYES OF PARENTS

Will Continue In Classrooms

An eye-opening and perhaps upsetting meeting was held for parents, students and faculty members of the Pinckney Community Schools Monday evening, Jan. 28. Wesley Reader School Superintendent spoke on the social and moral situation of all high school students.

While the attendance of high school students parents was not up to what it could (or should) have been there were 70 persons present and satisfactory "headway" was made.

Jack Guenther, acting chairman for the meeting, Wesley Reader, and Mrs. Germaine Stackable, each gave their candid summary of what they see happening each day, among the students attending high school. Before, after, and during school time, before, after, and during social affairs, such as the annual J-Hop, before, after and during sports events, such as basketball and football games. They very openly gave

the parents a general outlook of how the children are behaving while away from home.

Their remarks dealt with smoking, drinking and late hours kept by some of the students.

While this proved to the majority of parents at this meeting, not too surprising, it was, however, alarming, and plans were made immediately to perhaps curtail some of these "goings on", if at all possible.

To get things started each class, 9 through 12 is to meet under the supervision of their class sponsors and openly discuss the same social and moral aspects, their parents did.

Then it is hoped that by a "parents-vs-students" panel discussion, open to the public, some answers may be derived to help solve these problems.

There was no date set for further meetings of this parents' group, due to not knowing how quickly it would be convenient for each class to discuss and summarize their outlooks of the situation with the sponsors.

Officials said: "You could be giving this some serious thought, and anticipating such a meeting. When the date is set and publicly announced, have your mind made up and attend, without fail!"

"This is not 'just another group someone has dreamed up to have another night of the week tied up'—this is a matter concerning you and your children, and your children's future and should not be overlooked."

Blow Downs Rettinger At Democratic Caucus Delegate Seating Raises Tempers

HOWELL — "Fighting Hamburg Township" Clerk Edward Rettinger landed against a wall shortly after midnight Friday night when a solid blow from Jack H. Shinn of Howell caught him on the neck in the crowded lobby of the Pantlind Hotel.

Shinn's blow, according to witnesses, followed a grazing blow thrown at Shinn by Rettinger. Both were attending the Democratic State Convention.

Tempers had flared over several matters and Shinn became upset at being called a "Romneyite" by Rettinger, chairman of the Livingston County Democrats.

Robert Curby, another countian, said he heard a bystander remark that the Hamburg Township clerk "would have landed in the second basement if the elevator door had been open."

The non-seating of the 40-year-old Curby, an electrician, and some others present, added to the dispute. According to Curby, Shinn felt that Curby should be seated

and this contention was rejected by Rettinger. Curby said that he had been appointed at the County Convention but had advised Rettinger that he would not attend. He did go however and felt that he should be recognized as a delegate.

Both Curby and Rettinger appeared before the credentials committee Saturday morning to argue their case. Curby said that under the chairmanship of Martin Lavan, who was deposed last year, after 30 years as county chairman, all Democrats who went to the State Convention were permitted a seat in the delegation.

"I am very unhappy with Rettinger," he said. "We'll have to get a new chairman." Several other delegations invited Curby to join them after his seat was declined. Putnam Township Clerk Murray Kennedy said Rettinger shouted at him Friday night at the caucus, "You're no delegate, you're no delegate."

He said the convention was started Saturday afternoon before he and Mr. and Mrs. Henry Hopkins were given cards which permitted them to sit with the delegation. "I couldn't vote at the caucus Friday night," Kennedy claimed. Rettinger had no comment to make about the swinging incident.

He said he was very pleased at the outcome of the convention in which Zoltan Ferency was chosen chairman of the state Democratic party and at the choice of Mrs. Lillian McMillan, from Livingston County, as a member of the State Central Com-

mittee. "Ferency was not labor-manipulated choice," Rettinger said, "as the Detroit papers would have you believe. Gus Scholle and Al Barbour were both plugging for John (Joe) Collins. He said Livingston County was the second to pledge support for Ferency. "In our delegation not over two belong to the UAW-CIO." Rettinger is a member of the UAW-CIO.

In explaining the delay over seating some of the Democrats from this county, Rettinger pointed out, "You can't seat alternates until the convention meets and the regular delegates are not present. Kennedy and the Hopkinses were alternates." Rettinger said some heat was generated over the time of seating delegates when the county caucused Friday night. "The alternates didn't realize you have to wait to make sure the elected delegates are not present, he said.

Democrats Name County Woman To High Post

HOWELL — Mrs. Lillian McMillan of Livingston County has been selected as the fourth member of the State Central Committee from the Sixth District. She is Secretary of the Democratic County Committee and is the first person from Livingston County to become a member of the State Central Committee.

The move was designed to quiet recurring complaints of the Livingston delegation that the two larger counties in the district, Genesee and Ingham, regularly take all four district seats on the committee.

The 32-year-old committee member is the wife of John McMillan, Jr., of Hamburg Township who ran for County Clerk in the November general election.

She said she has become a "really active" Democrat in the past two years, and became secretary of the county committee toward the end of last year.

New Column

"He who can take advice, is sometimes superior to him who can give it". Von Knebel. However, it is believed to be so, that there be some people, including teenagers, among our readers, and in our communities, who would make use of a column, wherein, they could present problems and receive a new approach to the answer. If you agree, mail your problems, in letter form, signed or unsigned, to "Dear Rachel", Box 78, Pinckney, Michigan. "Dear Jane," as it appeared two weeks ago was a misprint. It should have read Dear Rachel. (See Letters on Page 4)

Will Public Help Stop Illegal Killing of Deer?

HOWELL — State Conservation officers are asking the help of residents in stopping illegal deer killing which has been taking place in Livingston County since Christmas. Officers Bruce Jones and Charles Guenther have found remains of at least 10 deer and estimate that twice this number have been unlawfully shot. They said, "We can't believe

that the killings were not seen by somebody if any shots were not heard." The two men ask anyone who believes deer are being killed to call them. Jones may be reached at Howell 1417; Guenther at Howell 750. Several weeks ago the officers came across a pile of deer hides, heads, and entrails, located north of Brigh-

ton between Grand River Ave and M-59. On Monday, they came across remains of a deer on Argentine Road, north of M-59. They believe it was killed on Sunday. The officers said that killings are occurring where deer are concentrated in herds of from 35 to 150 animals. "We need the public's help," they said. "Please help us remedy this situation."

JOHN BRENNAN, Brighton lawyer, has been appointed Livingston County Friend of the Court by Gov. George Romney. Duties of the \$4,400-a-year job are to aid in collection of matrimony payments. Brennan will continue his practice in Brighton.

Red Cross Blood Unit Collects 61 Pints

The Red Cross Blood Bank Mobile Unit left Pinckney last Wednesday with 61 pints more of the "miracle drug" than when it arrived. The chairman and the workers accompanying the unit were very pleased with the results.

It has been approximately five years since a visit as this took place in Pinckney and the reason being, there were not sufficient donors at that time to encourage a "come-back."

Pilgrim Hall was the scene of this gratifying event, and every citizen living in the area should know about what went on in order that they appreciate it to the fullest extent. Doctors Ray M. Duffy and E. G. Walker split the six-hour shift, each giving three hours of his time. Mrs. Denise La-Rosa and Mrs. Celeste Williams, both members of the nursing profession, attended these physicians. Mrs. Iola Hall, Mrs. Mae Koepen, and Mrs. Alice Gray gave their time and efforts helping in all departments, and the Misses Ruby Lee Thornton, Becky Morris, and Nancy Read

were on hand, helping out where they could, making the "donors" comfortable. Busy typing up the registration forms were Mrs. Mary Dunn and Miss Mary Lee Aschenbrenner.

Then, among these workers, were the women, quietly managing the "canteen." Mrs. Harriet Rahrig, chairman of the kitchen, Mrs. Lucille Camburn, Mrs. Blanche Wright, Mrs. Saddle Moran, and Mrs. Grant Ward, saw that every donor and worker had a most delectable lunch. Home-made rolls and cake, were donated by Pete Rahrig.

Chairmen Mrs. Dorothy Dinkel and Mrs. Marilyn Edgar, overseers of the whole project, were working here and there and wanting everyone to know they were so grateful for each worker and each donor's time and effort, help and cooperation — to make this blood bank the success it was. It could be that the community should return these two ladies the identical expression of gratitude!

40 Years A Resident In My Home Town

By Mrs. Eva Porter There are no words in the English language that can adequately describe the beauty of the country, the lakes and the foliage of the trees and shrubs surrounding my home town especially in the fall of the year.

In the midst of all this beauty, sits Pinckney on a level, with hills all around it as if it were in the hollow of God's hand.

Every year we see more and more people coming to admire the scenery and to enjoy their summer vacations here. Indeed, some like it so well they stay on and make their home the year around here, at the lakes of which there are sixty or more.

The improvement of the roads leading into and through Pinckney are bringing more tourists this way, from other states.

Factories springing up in adjacent towns are giving work to the local people thus increasing their buying power.

The merchants here, with pride, have affixed new store fronts to their business places and each homeowner shows interest in keeping lawns trimmed and flowers blooming, in the summer time to add to the attraction of their village.

Oh yes, Pinckney is very much on the map for it's remarkable growth in schools, library and every other town interest.

No more do we hear the call of the school bell, ringing out its message on the crisp air, each school morning. Buses gather all the children within a radius of many miles and bring them regularly at a certain time to the two large schools that Pinckney now boasts of.

In the quietness of this peaceful town, there is not the strife and strain, as in the cities. Citizens are relaxed and

at ease, cheerful and neighborly. Everything is good that happens here, everything is on the up for making of an ideal home town.

Library News

BY FLORENCE PREUSS New this week is Cross' 2 volume "Encyclopedia of the Great Composers and Their Music", an excellent reference book for music lovers.

On the practical side we have Moore, "How To Clean Everything" cleanable. Homemakers should find it very useful for spots, stains, metals, etc.

Sarah Patton Boyle's "The Desegregated Heart," a Virginian's stand in time of transition; the crusade to have Negroes admitted to the U. of Virginia told by a daughter of the Old South, and told from the inside of the movement.

For lighter reading we have two mysteries by outstanding authors, "Enemy in the House" by Eberhart, and "Death and Chicago" by MacDonald.

Boys will like Coffey's two books, "Count Down" and "Fighting Gear of World War II."

Older girls will like "Betty Loring, Illustrator" by Lyon, a modern story.

Mrs. Eva Porter gave the library books and Mrs. Fugate magazines.

Satans Whiskers Start To Grow

Males over 18 years of age in the area, are now in training for the "Satans Whiskers" Brother of the Brush contest to be held at Heil, on Sunday, Jun 30.

Prizes will go to the winners in the following categories: Best Goatee, Best Mutton Chop, Best Full Beard and Most Unusual Beard.

Anyone wishing to enter this contest should mail \$1.00 to the Heil Chamber of Commerce. They will receive a registration certificate and an official badge the day of the contest.

Benton Harbor has mailed a host of entrants and it must be admitted, the House of David lads have taken a big lead in the contest, but John Burg and several other local men are working overtime on their ticklish adornments and promise to make a race for it, come contest day.

Livingston County Players Choose Cast for Mystery

The cast for the spring production of the Livingston Players was announced this week. "Design for Murder," a suspense-filled chiller, is to be presented May 3 and 4 at the Hawkins School.

Ann McGregor, slated for the title role, will be backed by a cast including Tim Hurst, Bob Rehm, Ruth Miller, Pat King, Janet Gail, Wauneta Hathaway, Darlene Hughes, and Fred Campbell.

According to the director, Mrs. Edna Schram, rehearsals will begin the middle of March.

Work crews are being organized and anyone interested is urged to participate. Hopes are running high for another hit.

Barron Speaks To Kiwanians

Francis E. Barron, Probate Judge for Livingston County, reviewed the operations of his court at the January Kiwanis meeting held at Pilgrim Hall Tuesday evening.

Guests, in addition to the Kiwanian wives, included four members of the Greater Ypsilanti Club, Mr. and Mrs. Roy Hoelt, and Mr. and Mrs. William Hainsworth.

The next ladies night is scheduled for Tuesday evening Feb. 26.

Featured speaker will be Rev. Hainsworth with presentation entitled "Your Town."

This will be a repeat performance for him. Early last fall he made the same inspirational talk to a small group of Kiwanians, who requested that he appear again.

Zezulka Becomes Head Of Basketball League

Pee Wee Basketball League officers for 1953-54 season are: President — Frank Zezulka, Secretary — Onel Reinhard, Treasurer — Pat Scott, League Advisor — Wes Reader, and Players' Agent — Roy Hoelt.

The annual business meeting of the Pee Wee Basketball League was held Jan. 29, at 8 p.m. in the Home Economics room of Pinckney High School. Members present were: Wesley Reader, Donald Gibson, Roy Hoelt, Paul Russell, Mel Reinhard, Pat Scott, Frank Zezulka.

Mrs. Albert Sannes was present to record the minutes of the meeting.

The meeting was opened with introductory comments by Roy Hoelt as to the general purpose of the meeting. Frank Zezulka presented an agenda of business to be covered.

The Treasurer's report was given by Paul Russell. With outstanding bills yet to be paid and money collected and not yet banked it is estimated there will be an approximate balance of \$35.00 remaining.

Mr. Gibson reported that the League has accomplished its objectives during the past two years and he would now like to see consideration given to setting up a Peanut League for boys from 4th to 6th grades. Mr. Gibson has talked with various groups and has three possible sponsors and two possible Managers lined up. The Peanut League would be developed as a unit of the Pee Wee League, and as a completely separate unit.

Mr. Hoelt suggested that perhaps the biggest problem in setting up the Peanut League would be lack of availability of the gym.

There was a general discussion on the possible use of the Elementary school gym for the Peanut League.

Mr. Zezulka stressed that safety factors should be taken care of first before the Elementary gym is used for basketball. (Continued on Page 9)

Sheriff's Dept. Puts \$17,510 In Till

HOWELL — Livingston County's coffers were swelled last year by \$17,510 as a result of activities by the Sheriff's Department.

Sheriff Lawrence Gehring, in his annual report to the Michigan Sheriff's Association, listed miscellaneous receipts of \$12,028, and \$5,481 returned by the state.

This latter amount is the county's portion of \$23,569.50 collected by the Driver's License Bureau, which issued 6,241 operator's licenses and 1,560 chauffeur's licenses.

A breakdown of the larger amount shows that \$1,240 came from costs of arrests, \$5,424 — fine from arrests, \$164 — transportation of prisoners, \$351 — gas tax refunds, \$20 — mileage, \$216 — sheriff sales, \$219 — boat inspection, \$1,075 — serving papers, \$2,703 — dog licenses, and \$452 — refunds.

A total of 584 prisoners was put in the county jail and 12,413 meals were served.

Sheriff Gehring has held his elective office for 10 years. He was under-sheriff for six years and was deputy for two years.

His department investigated 408 accidents. Four of these were fatal accidents in which seven people were killed.

The most common offense for which 43 persons were arrested was the charge of being drunk and disorderly. Upon trial, 36 were convicted and three were convicted for a later charge.

Miss Mandy DeBar has won our second "Leadership" contest. Darlene Knapp wrote the winning composition.

We are very happy that Mandy won, since she has been with Girl Scouts for so long, along with doing many other things for the children of the community. The award will be given to Mandy, just as soon as she is able to come to our school.

KINDERGARTEN NEWS
Mrs. Parks

We made a new calendar for February and put Valentine's Day on it.

We have pictures of George Washington and Abraham Lincoln up by our calendar. We know their birthdays are in February.

We have finished our winter mural. It has hills, sleds, ice ponds, and children sliding and playing everywhere.

Kerry Kolons just returned from California, where he visited "Disney Land" and other interesting places.

We are learning from some of our story books, how Eskimo children live.

We learned to write number 2 in our number books. Some of us had to practice a bit. It was hard work.

We cut out snow flakes, and, also, hearts by folding paper.

THIRD GRADE
Mrs. Henry

Our boys and girls are enjoying their gym classes. Mrs. Janowski is teaching them many new games.

In social studies we are starting a unit on material that we wear. We will write stories on each material telling what the material comes from, how they make the material, and how they use it. Our first material was wool.

One lesson in Language was addressing envelopes. Several said they addressed envelopes for their mothers afterwards.

FIFTH GRADE
Mrs. Cool

We held a cupcake sale. Thursday, Jan. 31. We sold 400 cupcakes and made \$20.00. This money will be used for our class trip.

The blackboard in our room is covered with a mural, about 5 x 10 feet, drawn and colored by students.

This was the first experience using chalk, and the results are amazing.

7TH AND 8TH GRADE NEWS
Mrs. Carr

We are learning to write outlines and stories.

We appreciated Mrs. Tasch's room showing us a film on "Russia". It was very interesting.

We are making plans for a Valentine party.

EIGHTH GRADE NEWS
Mrs. Meyer

The honor roll for the second marking period includes, in order of credit, Jim Kourt, John Tasch, and Linda Clough, Jim Baughn and Frank Zezulka.

The students, who received citizenship commendations, were Sharon Bowles, Carol Gyde, Tanya Geib, Martha Hileman, Danny Holcomb, Karen Kaiser, Larry Kessler, Judy Miller, Tom Mitchell, Toby Shettler, Mary Stapleton, Linda Wegener, Carol Yoeman, Caroline Teachworth, Donna West, and Carolyn Sullivan.

We have an azalea plant in full bloom in our room.

Our grade is planning to have a Valentine party. Danny Holcomb is chairman of the refreshment committee.

All students are arranged in block formation, four desks to a block. We like this arrangement very much, — it is a challenge to our self control.

Mike Wiltshire was absent from school due to sickness.

Jim Douglas, with his sister, was in an accident last Sunday night. The car was completely demolished. One way of getting a new car, Jim!

The boys are making a post office out of packing boxes for our Valentine mail.

BECKY MORRIS

By BECKY MORRIS
I am now in my fourth year at Pinckney High School.

Among my hobbies are skating, swimming, reading, baby sitting, and participating in various sports.

I belonged to the Future Nurses' Club during my first two years of high school.

I was secretary of this club in my freshman year, and President as a Sophomore.

I joined the science club in my junior year and at present I am on the yearbook staff.

I was a member of the chorus for three years, played basketball two years, and I am now in my second year of cheerleading.

I am majoring in English and history; minoring in science and math.

My future plans are to go into nurses' training.

I hope to attend Mercy School of Nursing of Detroit.

Many, many wonderful memories will always be with me concerning Pinckney High.

I wish to express my thanks to the teachers, administration, and all who have helped to make these four years the happiest of my life.

Zooming College Costs Ahead

College costs, now ranging from \$800 to \$5,800 a year, will jump to a range of \$2,000 to \$14,800 a year by 1975, according to Changing Times, the Kiplinger Magazine.

"High as college costs are now, they're going to jump drastically in the years ahead," reports an article in the current issue of the magazine.

Our family moved to the Pinckney area in 1958 from Redford Township, Detroit where I was born.

As a senior this year I am kept busy most of the time.

In the first semester I took American History Trig and Solid Geometry, Physics, and College Prep. English.

In High School I have majors in History, English, science, and math.

I work evenings and weekends at Jerry's Drug Store.

I plan to attend Michigan State University next fall and take up a course in Police Administration.

ROY KINSEY

By ROY KINSEY
I have lived in the Pinckney area since 1952 but did not attend the schools until 1955.

I attended both the elementary and Catholic schools before enrolling in Pinckney High.

At present I am a member of the Senior Class of Pinckney High, and I am taking five subjects including: Government, General Math, Physics, College English, and World History.

Two subjects in particular which hold my full attention are: Physics and College English.

My main objective after graduation is to attend either Notre Dame, Michigan State, or Eastern Michigan College where I hope to obtain knowledge in the field of teaching, or conservation and biological research.

F. T. A. Charter Renewed

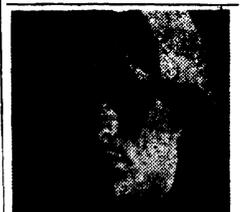

The local F. T. A. received their charter renewal gold seal from the National Educational Association last week with a letter of congratulations from Dr. W. F. Faust, National Director.

This month's F. T. A. meeting consisted of a panel led by Mrs. Dorothy Campbell, director of Cadet Teaching of the club. Morva Booker, Shirley Mitchell, John Walton,

and Bob Jones were on the panel. They discussed qualifications of cadet teachers.

Plans were made for attending the state conference of the F. T. A. Delegate Assembly to be held at St. Mary's Lake March 22, 23, 24.

Mrs. Irene Miller, sponsor, asked members to volunteer to run for state offices, instructing them to list their qualifications and to present them to the local club sponsor, Anita Clark.

Intensive Care Division Replaces Private Nurses

HOWELL — Progressive Patient Care (PPC) is a plan for organizing a hospital in a manner to give each patient the particular kind of care he needs. United States Public Health Service officials strongly advocate PPC.

McPherson Community Health Center will put into effect during the coming year a full program of PPC with six areas of care.

It is believed, under this program, the Health Center's nursing personnel will be able to care for their patients most effectively. Also the doctors on the staff will be able to order care more specifically for individual patients.

One of the best-known departments under PPC is the intensive care unit. The Health Center established such a unit over two and one-half years ago. It has operated to the great satisfaction of doctors and patients.

Intensive Care is just what its name implies — constant observation and care for the critically ill patient.

Before intensive care units were established, the way to care for a critically ill person was to have private duty nurses attend him around the clock in a private room. The fulfillment of this depended on the availability of nurses and the ability of the family to pay the bill.

CONTS RISE
Since World War II, the same two factors affected this kind of care. There has been an acute shortage of nurses available for private duty, and the cost of nursing and other health care services has gone up.

ICU seems to be the answer to the need for special nursing for the critically ill.

Furthermore, critically ill patients are grouped together in one place in ICU. Thus, it is more convenient to care for them. It is also safer because all emergency equipment needed can be stored close at hand and nurses accustomed to emergency care are but a few steps away.

When critically ill patients were scattered throughout the hospital in the days before ICU, it meant duplication of needed equipment or time lost in transferring it from one place to another when it was needed.

The ICU at the Health Center

was established with six beds in three semi-private rooms at the end of a corridor. This was on the first floor of the north wing where it could be closed off by a folding door. A nurses' station was set up in the enclosed hallway from which every bed could be seen and every sound heard.

There in this new unit, drugs, instruments, devices, and dressings needed for almost any hospital emergency were gathered and stocked. Oxygen was piped to every bedside.

AILMENTS VARY
Many kinds of critically ill patients are assigned to ICU. Sometimes they come direct from surgery because they must be watched intently and cared for expertly for a few days. Sometimes patients are brought in by ambulance or other emergency conveyance.

They may be victims of traffic accidents, farm, home or factory mishaps who need the special care of ICU. They may be suffering some kind of heart attack or stroke, or some kind of seizure or coma.

In fact, there is no way of exactly defining what patient should go to ICU. He is ordered there by his physician because the doctor knows he is critically ill and he should benefit from the care in ICU.

The record of ICU at the Health Center is remarkable. If a layman could review the list of the very ill people who are admitted to ICU and then learn the length of time they stay there, he would be astounded. He would be astounded to learn that critically ill people are usually well enough in three to five days to be transferred to a regular care section of the hospital.

The present intensive care unit of six beds will be replaced with a new one of 10 beds when the construction of the addition to the present building is completed.

WILL ADD NURSES
The basic staff of ICU at present is one registered nurse and one or more aides to each eight-hour shift. The basic staff in the new unit will be composed of two registered nurses and two or more aides on each shift. Additional help—doctors, nurses, aids, orderlies—can be instantly summoned in case of need.

Patients in the hospital does a patient receive as much bedside care as in ICU.

The rates charged for ICU "room and board" are very reasonable for the care received at the Health Center. This is especially evident when compared to prices charged in hospitals of other cities, or when compared to around-the-clock private nursing.

In other cities, it is not uncommon to find ICU "room and board" charges running \$40 to \$55 a day—at the Health Center the charge is \$25. Private duty around-the-clock nursing in Livingston County would cost about \$48 a day, if you could hire the nurses.

Over 1,000 critically ill patients have been cared for in ICU at the Health Center in the past two and one-half years. Many of these patients probably feel their recovery was due in great measure to the excellent nursing and medical care they received while in ICU.

TIME OUT TO TALK—Mrs. Ross Backus, Owosso, left and Mrs. Jess Allen, right, Howell, leading Republican women of the Shawansee Livingston Representative District, are shown visiting Rep. Thomas C. Sharpe in the House Chambers in Lansing. Rep. Sharpe of Howell is a newly elected representative.

Lansing Report

Lawmen Continue To Introduce Bills

Introduction of bills are still the main order of business in the Michigan Legislature.

A total of 117 bills have been introduced and many more are in the process of being drafted. A bill to authorize the establishment and maintenance of youth conservation rehabilitation camps has been introduced with bi-partisan support.

House Bill 42 would reduce the 2c tax on 12 oz. of beer to 1/2 cent.

Many bills have been offered which would amend the general property tax act as well as the liquor control act.

A bill to permit local taxing units to grant homestead exemptions to certain persons over the age of 65 has been introduced.

House Bill 17, if successful in passing both houses will fix a minimum wage for all employees at a rate of not less than \$1.25 per hour. It, of course, would require the signature of the Governor.

The public hearing held in the House Chambers Thursday afternoon was conducted by the

committee on city corporations. It was dealing with the Detroit city income tax. There were over 40 people that spoke for or against the tax. Mayor Cavanaugh presented the case for the City of Detroit. The vigilante tax committee was well represented by Mayors from Wayne, Oakland and Macomb counties.

Governor Romney has detailed many areas of business and labor legislation on which he asked for action at the regular legislative session.

He urges legislation to improve benefit levels in unemployment compensation to reflect increase in cost of living at the same time establish a sound and equitable financing program for the benefits.

The Governor also asks for workmen's compensation benefits levels to be increased to reflect changing economic conditions.

Standards of eligibility should be reviewed as the system can finance adequate benefits to those entitled without unduly burdening the employers who bear the costs.

State Develops 4-in-1 Vaccine

State Health Commissioner Dr. Albert E. Heustis today announced that the four-in-one vaccine which provides immunization against diphtheria, whooping cough, tetanus, and paralytic polio is now available in limited quantities to Michigan physicians and local health departments, making Michigan one of the first states in the nation to provide a quadruple antigen for the protection of children.

Work on the production of this vaccine has been going on at the health department laboratories since 1960, when the legislature first provided funds for the project. A number of production problems had to be overcome before the vaccine was perfected.

In effect, the new vaccine aids the protection of Salk polio vaccine to the three-way vaccine for diphtheria, whooping cough, and tetanus which has been produced by the state health department and distributed without charge to physicians and local health departments in Michigan since 1948.

The Laboratory Division plans to provide enough of the vaccine to immunize all of the nearly 200,000 children who are born in Michigan each year.

A \$99,000 legislative appropriation to provide polio protection is being used to pur-

chase commercially-produced Salk vaccine to combine with the other three vaccines which are produced in the health department laboratories.

Last year in Michigan there were four cases of diphtheria and two deaths, 1,758 cases of whooping cough and two deaths, seven cases of tetanus and three deaths, and 19 cases of polio and one death.

"The deaths and suffering from these diseases were needless, as there is an effective vaccine against each one," Dr. Heustis said.

"We hope that the availability of the four-in-one vaccine, which further simplifies an already simple procedure, will greatly increase the number of Michigan children immunized against these death-dealing diseases."

Requests for the new four-way vaccine are now being processed by the state health department.

Distribution is through local health departments where they exist and through specially designated distributors in the fourteen counties without full-time local health services.

County Residents Will Soon Know New Tax Equalization Consultant

HOWELL — Livingston County's new tax equalization consultant will soon become a familiar figure around the area.

He is Charles P. Corron, 39, who started the newly-created job the first of the year at a salary of \$7,500.

His duties will consist of advising the county's 16 supervisors and two city assessors on questions they may have in assessing property.

The big problem here is to assess property in the townships and cities so that values are equal throughout the county. Because of different assessing methods, property assessments are considered to be out of line in most of the townships in comparison to Brighton and Howell cities.

This fall the State Tax Commission established valuations for all the governmental units in the county. Their final conclusion was that values in the townships had not been set as high as the cities and they increased valuations in Isco Township from \$1,097,750 to \$2,524,660 — an increase of 2.3 times the original.

Howell Township was boosted from \$1,377,800 to \$5,448,274 — an amount 3.95 times the original. The other townships were in between Isco and Howell.

(SEE CHART)
Brighton city's assessment was equalized by multiplying 1.04 times \$7,256,536 for \$7,700,673 while Howell city was equalized by multiplying 1.33 times \$12,441,100 for an equalized

figure of \$16,531,972. These figures will remain in effect for 1963 and '64 according to the ruling of the state.

It will be Corron's job in the next two years to try to assist in equalizing values.

He brings to the job a background of 17 years of experience in the assessing field, during which he has worked with all classes of property in the suburban and urban field.

He received bachelor of science degree from Central Michigan University where he majored in mathematics and business administration. He continued his schooling taking courses at the University of Michigan and supervisory administrative training at Flint

Junior College. Corron studied commercial building estimating at the Detroit Trades Union Building. Prior to coming to Livingston County, he was the city assessor of Grand Forks, N. Dakota a position he had held for three years.

When he went to Grand Forks, he was the senior appraiser of real and personal property in Flint, Mich. The new consultant took a salary cut to return to Michigan because his "family was anxious to get back here."

He has a challenge here in Livingston, and the supervisors who selected him for the job feel that he is the man who can meet it.

Best Vocalist Scholarship To Be Awarded

BRIGHTON — Vocal auditions for high school students in Livingston County will be held here Wednesday afternoon, Feb. 13, under the sponsorship of the Howell Music Club.

This is the third year the auditions have been held. The winner will receive a scholarship which may be applied toward expenses at any approved summer music camp or summer music study program in Michigan.

Any high school student in Livingston County may apply. Applications should be filed today.

For application, forms and further information, contact either of the following: Mrs. Robert Coffey, Pres., Howell Music Club, 7885 State St., Brighton, Phone: 229-6489, or Mrs. Stanley Hoffman, Scholarship Chairman, 417 Maple St., Howell, Phone: Howell 1966.

The first winner was Barbara Hubbell from Howell, now a student at the University of Michigan School of Music. Last year's winner was Kathy Ottwell of Hartland; she is still in high school.

Both of these students attended the two-week, All State Chorus session at National Music Camp, Interlochen, Michigan.

Birth of A New Advice Column

Dear Rachel:

I am writing you to know what to do about a husband who thinks he is so ill. He will not and cannot hold down a position.

After many examinations the doctors agree he is in perfect

health, nothing but laziness. I have him, but it's so difficult to take on all the responsibilities for the family. He's such a fine person. What causes this mental bloc?

Sick and Tired

Dear Sick and Tired,
Obviously your husband needs help beyond the power of this column. I hate to start right out with the "pat" answer, "You need professional help," but your family does.

I say your family, because there are certainly reasons for your husband's lack of desire to work and undoubtedly lack of confidence in himself to do so.

Perhaps these reasons stem from problems deeper in the family or from deeper rooted problems in himself.

Please consider seeing your family minister or physician for their opinions on where you might seek professional help.

Sincerely,
Rachel

Dear Rachel:
I don't imagine you hear from too many complaining men but I need help with this.

I am just an average working man with normal desires. As a boy I was brought up on three square meals a day.

Now I don't expect my dear wife, nor does she, get my breakfast or lunch, but dinner I look forward to and not in a restaurant, twice a day is plenty.

My mate has very little to do all day so I cannot see why a good old-fashioned hot meal is such an unheard of demand.

Enough of these throw-together-smorgasbords, TV dinners and canned delights.

I love my wife but her cooking has a lot to be desired. Please don't tell me my troubles would end by having a cook. This I cannot afford.

Sad Sam

Dear Sad Sam,
Apparently your wife feels that she did you a favor by marrying you and gracing your home. I can't tell you what to say to someone who does not see their share of responsibility in a marriage.

However, I have one "stab in the dark" you might attempt. Most women are born with pride, if not a sense of fairness or responsibility. Have you brought this up with other

Brighton Blue Star Mothers
Nine members of the Brighton Blue Star Mothers met at the home of Mrs. Alice Fanson on Wednesday, Jan. 30.

The ladies spent the forenoon cutting material for the making of scuffles. Lunch at noon. Meeting at 1 p.m., after which the balance of the material was cut, scuffles passed out to be sewed and brought to the Feb. 27 meeting which will be held at the home of Mrs. Ruby Young.

couples? (I mean more than one couple and more than once, so you can hear other women's comments.)

My reaction, if I were guilty of your wife's particular fault would be to get "hot on the stick" (or stove) and not be outdone!

Most females are still female enough that they don't like other women to outdo them domestically.

If nothing like this works, the problem is probably more deeply rooted. Laziness could be due to a physical condition. Perhaps it's a lack of confidence.

If only she could be convinced that a little practice does a lot and the results can be fun and rewarding. (Take it from one who had to look up how to boil an egg after the honeymoon was over.)

The old wife's tale "the way to a man's heart is through his stomach" may not be entirely correct, but I'm sure the way to his heart isn't through the TV or coffee klatches, or whatever else she does all day. (If that may be the case).

Sincerely,
Rachel

Gregory News

By MARGARET LIVERMORE

Mrs. Myra Reid remains a surgical patient in room 335 at the W. A. Foote Hospital in Jackson.

Thursday, Jan. 31 the Gregory mothers and members of the Gregory PTO collected \$138.58 for the annual Folio March of Dimes Campaign. Unadilla, Plainfield and Gregory area participated.

Mrs. Patricia Livermore attended the lecture series at the Michigan State University last week on Wednesday.

Monday, Mrs. Carlie Weidman of North Lake was a luncheon guest at the home of Mrs. Patricia Livermore and children.

Aaron and Patricia Livermore spent Monday afternoon at the 500 acre Lake Winnemaha impoundment, North of Waterloo, fishing, where the conservation officers had cut a 150 by 8 foot opening along the shore line, for fishermen to catch many of the "Winterkill" fish seeking oxygen under the 18 inches of ice and snow.

It is reported to be the worst "Winterkill" in many years. Monday a 10 pound pike and several 4 and 5 pound pike were taken home by happy anglers.

Lining the shore near the opening, were masses of dog fish, silver shiners, bass, perch and sunfish, pulled from the waters.

Signs posted Monday soon lured many people onto the lake, with spears, creels, and some were seen catching fish with their bare hands in the icy waters.

Night times find the area bright with torches and other lighting equipment, men and women carrying thermos bottles of hot coffee, and their conservation officers had cut a 150 by 8 foot opening along the shore line, for fishermen to catch many of the "Winterkill" fish seeking oxygen under the 18 inches of ice and snow.

Fishermen there on Monday afternoon came from, Leslie, Ann Arbor, Dexter, Waterloo, Stockbridge and Gregory.

Mrs. Nettie Caskey and Ferris Caskey spent Sunday with the Kenneth Caskey family of Danville.

Friends may send cards of good cheer to Mrs. Myra Reid, in care of the W. A. Foote Hospital in Jackson.

Mrs. Nettie Shevovich son, Jim and daughter, Barb, and Mrs. Dennis Shevovich spent last weekend at Fort Knox, Kentucky, where Pvt. Dennis Shevovich is stationed, with the U. S. Army.

Mrs. Carlie Weidman was a luncheon guest Tuesday at the home of Patricia Livermore.

Lt. Edward P. Grumelot recently graduated from officers training at Fort Benning, Ga. He is awaiting travel orders for Hawaii, where he will be stationed for three years.

Other family members from left to right are Ann, Mrs. Jonckheere, David, Mr. Jonckheere and Sarah. Another sister, not home at the time of the picture, is Judy who is attending Michigan State University.

Housing Needs Change During Life of Family

Housing for changing families means housing that meets the needs of the family in each stage of its life cycle. Evelyn Mills Duvall told a Farm Week audience at Michigan State University last Thursday.

Dr. Duvall, Chicago family life consultant and author of "When You Marry," said the seven stages are: the newlyweds; the childbearing family; the families with pre-school children; families with school children; families with teenagers; families as "launching centers" when graduations, weddings and departures keep the household humming; and families in the middle and later years, when the children have left to establish their own homes.

Each stage, she noted, calls for housing that meets different needs. A childbearing family, for example, needs a "baby-proofed" house so that both the child and the family possessions will be protected. Furniture, floors, equipment and walls must be washable, sturdy and stain-proof.

"If houses were designed for family living," Mrs. Duvall stated, "there would be flexibility — a design that would grow as the family grew, adapting itself to new tasks and activities, functions and values step-by-step through the family life cycle."

State's Infected Dairy Herds Will Soon Be Eliminated

With only about 300 known infected herds remaining in the state, Michigan's eradication program to eradicate brucellosis, a highly contagious cattle disease, has a complete eradication goal of sometime in 1965.

The disease in mankind takes the form of undulant fever. In cattle it causes abortion and loss of calves and milk. It has cost herd owners millions of dollars, which are reflected in higher costs of dairy products for consumers.

Notable progress was made by the Michigan Department of Agriculture in cooperation with the U. S. Department of Agriculture in the eradication program. Eighteen counties have been certified as brucellosis-free. For a county to be so certified there must be not more than two cattle in 1,000 herds containing 233,000 and the blood tested for the disease. This includes routine testing of beef herds and known infected dairy and beef herds.

Calves vaccinated against the disease totaled 111,371, about half of all the replacement heifer calves in the state.

The target is 40 certified brucellosis-free counties, more than any state in the union with a certified free state sometime in 1965.

Besides the 18 brucellosis-free counties in the state there are four more counties awaiting similar certification from the Washington offices of the U. S. D. A., according to Agricultural Director G. S. McIntyre.

During 1962 three milk tests to detect the disease were run on each of the

Income Tax Form Bothering You? Phone for Aid

The Detroit District Office of the Internal Revenue Service today announced plans for assisting taxpayers in preparing their 1962 Federal Income Tax returns.

Most of your tax questions can be answered by phone, District Director Nixon of the Internal Revenue Service says. Telephone service has been expanded this year to assist taxpayers Monday through Friday, in completing their returns.

In addition, the various Internal Revenue offices will designate Monday as Special Assistance Day. Internal Revenue personnel will be available each Monday, through April 15th, so that taxpayers may have their questions answered.

The District Director urged taxpayers to:

- Read the instructions and start the return.
- If you have a question, call your local tax information number.
- If phone help or printed instructions aren't enough, visit your nearest Internal Revenue Service office on Monday, Special Assistance Day.

Looking for happiness? - The Bible says, "Blessed (happy, fortunate and to be envied) is everyone who fears, reveres and worships the Lord, who walks in His ways and lives according to His commandments." (Psalm 128:1) Indeed, Christianity is not just a mere philosophy of life; it is the way of life for those who would find true and lasting satisfaction. It is the way of peace, that inner peace of heart and soul.

Looking for soul-rest? The Church cannot give it, but the Church can direct you to it and help you to find and nurture it. Make Worship a weekly habit! Attend the place of worship regularly - wherever you may find greatest spiritual help; BUT DO ATTEND!

TEACHER

Have you ever stopped to consider the role teachers have played in your life-how they have figured in the shaping of your ideas, interests, and convictions? Next to parents, no one deals more intimately than teachers with a youngster's talents and deficiencies, failures and achievements during the crucial, formative, early years.

How well our children will do tomorrow, what kind of a living and life they will make for themselves, will depend largely upon how often and how much each citizen pitches in to help improve our schools and to make teaching more effective. Parents who insist on nothing less than the best education for their children and their neighbor's children must be willing to pay for high-quality professional leadership. Equally important, they must donate their efforts-willingly, eager, and often-to help publicize school progress and problems in every community in this nation.

The American teacher is a highly trained professional worker and a member of one of the most important professions. He understands children, is competent in his subject area, and he knows how to teach.

Eagles Subdue School for Deaf

By JIM EVERS
 HARTLAND — The Hartland Eagles are finding second round activity in the Motor Valley Conference a bit rougher than first rounds.
 In last week's outing, Morrice, a team which Hartland managed to defeat earlier in the season, handed Hartland its third defeat in league play. Hartland managed to defeat Michigan School for the

Deaf on the home court, Friday evening, 50-38.
 Morrice under the steady shooting of Tichner and Brown, scoring 18 and 19 points respectively, was too much for Hartland for this fracas.
 The Eagles, although getting good scoring efforts from Wharus and Smith with 19 and 13, were unable to "get going."
 The eventual outcome Morrice 67, Hartland 49.

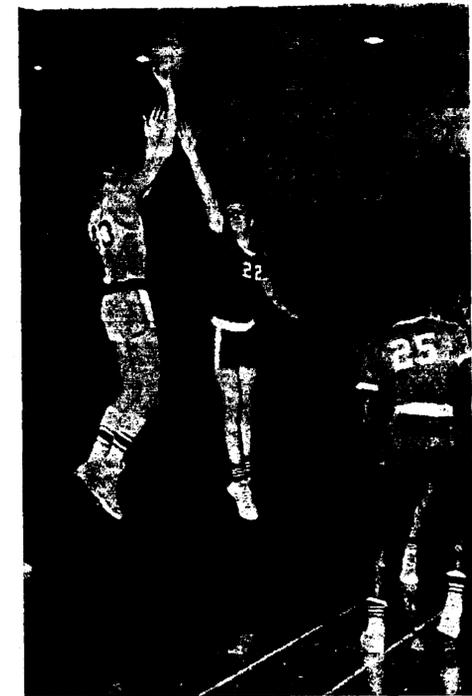

Michigan School for the Deaf, the cellar dweller in the MVC, gave Hartland some moments to ponder in the early phase of their contest.
 Displaying a much improved offensive threat M.S.D. pressed Hartland for scoring honors throughout the first half.
 The second half was all Hartland as the Eagles went on to a final lead of 50-38.
 Hartland's Junior Varsity won both contests—springing 42 points against Morrice and 33 against M.S.D.

Dutchmen Overcome Pirates

By JERRY VAN SLAMBROOK

PINCKNEY — Varsity coach, Jim Bradley aggravated an old knee injury a few weeks ago and consequently had to leave the Pirates last week for an operation. Wesley Reader stepped in to run the cagers in his absence.
 "Wes," as most people call him, has a knack for inspiring that old fighting spirit in his players and this is just what he stressed in the two nights he had to work with the team.
 The Pirates played their first game under him last Friday night. It was against the speed and accuracy of the Manchester Dutchmen on their floor.
 The score of the game was 65 to 33 in Manchester's favor, but the obvious lack of scoring ability on Pinckney's part does not tell the whole story.
 The Pirates fought and fought hard, never giving an inch to the Dutchmen. They had teamwork and at times left the Dutchmen in dismay.
 Even in the final quarter when defeat was unavoidable, the Pirates came on even stronger and played as if victory were only a few points away.

It is this spirit, this tenacity and infinite love of the game that has kept the Pirates going all season and will right up to the end.

 "It's a sad day" remarked coach Gibson as his one and five J. V.'s went out on the floor. Mr. Gibson said this because he's a realist and didn't try to deny the eminence of Manchester over his team.
 His statement was well clarified early in the game and as the playing and shooting ability of the Dutchmen. Left, his team well behind in every quarter.

DAN BARKER, No. 40, can't grab the ball, but anyway Brighton's Bulldogs defeated South Lyon, 51-30, Jan. 29.

South Lyon, And Milford Are Victims

By CHRIS KLAJES, JR.

BRIGHTON — Last week's action on the hardwood floors turned out very good for Brighton's Bulldogs, as they were able to capture two victories in a row.
 First they gained a satisfying victory over South Lyon on Tuesday, and then returned to League action by visiting Milford, and taking their second victory, 47 to 40.
 Whenever Brighton and Milford have played together this year the games have been both exciting and close. Last Friday's match was no exception for the lead changed hands almost at will.
 In the first quarter action began at a slow pace, for fouls were called repeatedly, but both teams refused to let this hold up the game for long. Brighton held a slim 13 to 12 lead at the end of the 1st quarter, and found that their well practiced plays were working once more.
 The second quarter showed the entire pattern of the game as both Milford and Brighton scored well, taking advantage of the others' mistakes, ending in a 22 to 22 deadlock.
 Throughout the first half, Milford's ace guard, Tim Barnes had been held to five points by the Bulldog defense but as the third opened he began to find the time and the range to score, pumping in eight points.
 It was well for Brighton that Barnes' teammates continued to miss, or the game's outcome would have been sadder. With Roger Lane hitting for five of the Bulldogs 10 points Brighton remained just two points behind the Redskins 34 to 32.
 Just as in their last meeting, B.H.S. saved its winning surge until the final quarter. Now the five from Brighton pulled all stops and poured in 15 points, with Roger Lane, Ed Case and Dennis Hartman scoring 15.
 The Bulldogs also showed a defense that limited the Redskins to six points. With the Bulldogs finally pulling it out, 47 to 40.
 This week's action brings hot Bloomfield Hills to B.H.S. for a game that will continue the Bulldogs resurgence, or will pull them further down the ladder in the tight Wayne-Oakland League.
 High score for the game was Tim Barnes of Milford with 17 points, high for the Bulldogs were Roger Lane and Dennis Hartman with 11, followed closely by Edmund Case with 9.
 Milford's junior varsity won the opener, 48 to 43.

Six Points for Motoring Skiers

HERE ARE SUGGESTIONS that will make a more comfortable, trouble-free trip for motoring skiers. 1. Always use a ski rack that locks. Buick developed the rack pictured above demonstrated by a model at New York's National Ski Fair because of the increasing number of ski thefts from parking lots. Also, skis that fall off in travel are either lost or damaged. 2. Put skis in rack with tips backward (as in photo) to minimize the effects of constant near 100 mile winds working on your skis. 3. Secure all straps and cables so they don't flap — they'll chip your car paint very fast. 4. Always carry some food and one or two blankets — everyone gets snowbound once in a while. 5. Don't overdrive for the long car trip. Try not to wear parka's and windbreakers in the car. And, 6. Be kind to your skiboots. Always clamp them on the boot tree before you allow the wet or moist leather to dry out and curl. Buick's ski rack is adaptable to other cars.

Bobcat Hunting Season Will Last Through Feb. 15

Hunters with a flair for fast, rugged sport are getting their fill of excitement in northern Michigan this winter, hustling on the heels of their baying hounds in hot pursuit of bobcats.
 Through February 15, several hundred of them will stay on the swampland trail of 'cats in the northern Lower Peninsula. In the Upper Peninsula, there is no closed season on bobcat hunting.
 For many sportsmen in the northern Lower Peninsula, the thrill of the hunt will be in the chase rather than in the kill. Bobcat numbers have fallen off recently in this part of the state, prompting the Conservation Commission to shorten the area's season by one month this year.

Highlanders Drop No. 11 To Durand

HOWELL — The Highlanders came close to a win last week in their first game at the new Howell Armory where Durand edged the Howell high school squad, 53 to 49.
 It was the eleventh loss for the Highlanders with only one victory.
 Jim Simmons was high scorer for Howell with 18 points. Howell's Junior Varsity found the range and took Durand, 56-42.

Rep Chamberlain Lists Candidates for U.S. Schools

HOWELL — Congressman Charles E. Chamberlain of Michigan's Sixth District recently announced his nominations of candidates to compete for the annual appointments to the nation's service academies.
The Sixth District is allotted one appointment to each of the four service schools, and Rep. Chamberlain nominated six candidates for the appointment to the Air Force Academy in Colorado Springs, Colorado; six for the Naval Academy, Annapolis, Md., four for the Military Academy at West Point, N. Y.; and three for the Merchant Marine Academy, Kings Point, N. Y.
He said the choices were based primarily on the Civil Service examinations and the boys' high school academic records.

- They are:
Air Force Academy: Sepp Eitner, Fenton; David W. Gould, 137 W. Tompkins, Howell; Richard C. Greenough, Lansing; Gary P. McCarty, Flint; John G. Park, 623 West Main, Brighton; David L. Pfeifle, 715 South Putnam, Williamston.
Naval Academy: Michael T. Cheney, Flint; Melvin T. Hutehinson, Clio; Richard A. Line, 5731 Cedar Lake Road, Howell; David L. Pfeifle, Williamston; Richard C. Sheffield, Flushing; Jerry E. Voorhies, Flint.
Military Academy: Landis K. Crockett, East Lansing; David A. Sinclair, Davison; Edwin P. Smith, Lansing; Anthony; Tripont, Lansing.
Merchant Marine Academy: Mark A. Atherholt, Flint; Gary A. Brege, Fenton; Barry C. Behnet, Lansing.

Loses To S. Lyon Jr. High Team

Junior High boys at South Lyon went home in high glee Saturday afternoon downing the 7th graders 18 to 15 in a game that was close all the way.
Caven was high man for Pinckney with 6 tallies and Bennett hit the hoop for 10 counters for South Lyon.
The 8th graders looked like novices, with Jeff Davis and Roy Doyle on the sidelines for disciplinary reasons. They tossed off a 3 point lead and came down to the wire in a 36 to 26 tie.
After two overtimes they came out on the short end of a 30 to 27 score. They led South Lyon 12 field goals to 11, 113 shots from the floor to 76 but could only make 3 foul shots out of 20 tries, while South Lyon sunk 8 foul shots out of 25 which gave them the victory.
Bevol was high man for the Lyon Township lads with 10 scores. Missing lay up after lay up.
Scoring for the locals was well divided, Sepulveda getting 6, Clayton, Douglas and Russum 5 each and Holcomb had 4.
The teams travel to Webberville, Tuesday with prospects none to bright for even a close contest. They do look forward to victories over both Whitmore Lake and South Lyon in their remaining game which will give them a .500 percentage if they can do it.
Don Gibson and Bruce Henry were the officials.

Jobs for Skilled Workers Will Exceed '65 Supply

By 1965, demand for highly trained workers will be so great that for every five professional and technical persons there will be seven jobs, according to Changing Times, the Kiplinger Magazine. But, the magazine adds, for the unskilled and for those whose training has gone out of use there will be only three jobs for every five such workers.
An article in the current issue of the magazine reports that persons under 18 or over 45 with no special skills will have a difficult time. "The best guarantee of a safe future is to upgrade yourself or, if you already possess a marketable skill, to be sure to keep it current," the magazine advises.
"At least 10,000,000 adults are studying in a variety of school and nonschool courses. Some are doing it for fun, some for general education. But a good many people at all ages

and all levels of ability are receiving specific job training or retraining, and are then helped to find work to fit their new skills."

Over 300,000 people attend evening classes at about 100 colleges where they get training in accounting, chemistry, economics, office management and hundreds of other subjects. In many communities, free evening courses in job skills are given in the public high schools.
Worthwhile courses are available by mail in subjects ranging from business correspondence through landscaping, mineralogy, data processing and control-systems theory to engineering and physics. Costs run from \$35 to several hundred a year.
More than 75 percent of all big American industrial corporations run worker training programs. Subjects range from algebra through zoology and from introductory courses in machine operation to courses in advanced mathematics and top level management.

Counties Help In Placement of Patients

During the first six months of the state's 1962-63 fiscal year, Michigan's Department of Mental Health has referred 1,062 state hospital patients to county bureaus of social aid under the county referral program, according to a report issued by Charles F. Wagg, department director.
County residences have been found for 846 of these patients; 88 have died or have been declared ineligible for a variety of reasons; 648 are awaiting placement.
Two patients have been placed in homes in Livingston County.
This project is being carried out jointly by the state department of Mental Health and Social Welfare. It was inaugurated following action by the legislature in June 1962 which required removal during the current fiscal year of "not less than 1,000 patients who manifest general deterioration of mental processes associated with senility."
As of January 1, 1963, statistics reveal there were 4,248 patients on convalescent status residing outside the hospitals. In addition to these there were 1,298 in family care residences and 2,847 on temporary leaves of absence.
"Our records indicate that a substantial number of those who go out of the hospitals on these regular placement programs eventually qualify for discharge," said Wagg.
"Our hospital staffs are constantly at work on these placement patients and are doing a commendable job in screening patients and in finding homes for those who are mentally and physically able to reside in community settings."

William Donohue Marries Jeanette Marie Corsetti

Father Leo J. Kalinski of the Saint Albert the Great Roman Catholic Church in Dearborn celebrated the Nuptial High Mass using the double ring ceremony Saturday, Jan. 12 at 10:00 a.m. uniting Jeanette Marie Corsetti, daughter, of Mr. and Mrs. Carl Corsetti of Dearborn to William Donohue son of Mr. and Mrs. J. L. Donohue of Donohue Road, Pinckney, Michigan.
Given in marriage by her father the bride wore a floor length gown of white satin, featuring a full skirt beauteous neckline and long tapering sleeves. Her elbow length illusion veil was held in place with a rhinestone crown. Complimenting her gown she carried a bouquet of white mums centered with white orchids.
The maid of honor, friend of the bride, wore a waltz length gown of mint green chiffon with matching shoulder length veil held in to place by a satin cabbage rose.
The flower girl, Adela Martindale, niece of the bride wore a dress of white with a rose trim, she wore a rose and white matching head band.
Assisting the bridegroom as best man was James Donohue, brother of the bridegroom, and James Blanchard of Manistique as usher.
For her daughters wedding, Mrs. Corsetti wore a blue silk jacketed sheath dress with black accessories.
Mrs. Donohue chose to wear a navy blue nylon jacketed sheath with powder blue accessories, both mothers were presented with pink rosebud corsages to complement their attire.
Following the marriage a reception was held at the home of Mr. and Mrs. Corsetti.
In the evening dinner for the wedding party and their families was served at Topikas Country House of Detroit.
For their honeymoon trip to Northern Michigan the new Mrs. Donohue wore a suit of gold and white with matching accessories. Accenting her costume was the orchid corsage from her wedding bouquet.
They will be home to friends after Feb. 15 at 3421 McKinley in Dearborn.
The bride is a graduate of Edsel Ford High School and Henry Ford Junior College and is employed as a typist at the Ex-Cell-O Corp.
Mr. Donohue is a Stockbridge High School graduate class of 1959 and Cleary College class of '62.
He is employed as an accountant with the Godfrey Moving and Storage Co. in Ann Arbor.
A reception in honor of the newlyweds was held Jan. 20 at the home of Mr. and Mrs. J. D. Donohue of Spears Road, Gregory.
Miss Judy Donohue was in charge of the guest register Miss Norine Grumelot in charge of the gift register and Misses Sue, Sally Joann and Joyce Friesinger in charge of serving the cakes ice cream punch and coffee.

Pinckney People You Know

Mrs. Catherine Heath returned Saturday night from a six week vacation in Florida. She attended ceremonies during that time, honoring her son, Cdr. LeRoy Heath's "change of command" promotion. Cdr. Heath has left this country now, for 7 months overseas duty on the USS Enterprise.
Mr. and Mrs. John Paul Ware were in Holly, Monday and called on Mrs. Ross Lamb (Alice Lee Ware) in Drayton Plains.
Don Baughn called his family, Win, Mary, and Barbara, last Monday night to inform them, after many rigid tests and extensive "fine screening", he has been cleared to enter the final 9 weeks of Radio Communications School. Don is stationed at Pensacola, Florida.
Murray Kennedy, Joe McCleer and Clyde McCleer attended the Democratic Convention in Grand Rapids, Friday and Saturday. Kennedy attended the Democratic delegate for Livingston County.
The cold, sub-zero weather finally "drove" Mr. and Mrs. Lee Lavey to get under way to spend the remaining winter months in Florida.
On different occasions, Mr. Lavey said "if it didn't warm up, he was going to leave for the warm south," and evidently he is a man of his word! They left last Monday morning.
Mr. Winston Baughn attended a DeMolay Board meeting in Lansing, and then with Mr. Olin Robinson, attended one in Bay City over the week-end.
Dr. Cecil Hendee family called at the Lynn Hendee home.
The Rosal Dress Shop had a sale this week—with terrific savings!
The show, "Ten Commandments" was showing at Whitmore and Howell theatres.
Annual Masonic guest night and Venison Banquet held at the Pinckney High School.
Mr. and Mrs. Irvin Kennedy's son, Ambrose, was in charge of the tree trimmers working near the Murdock's Pontiac home, when Mrs. Murdock was murdered, and Mr. Kennedy was among those to identify the culprit.
The Lester McAfees and daughter, Leslee, went to the ski jump at Holly. There was a pre-nuptial shower for Miss Elaine Johnson.

Paratrooper Ryan Bonner of the 101st Airborne, Fort Campbell, Ky., flew home Friday for a ten day leave.
He is the son of Mr. and Mrs. Thomas Bonner of Timothy Acres, Bush Lake Road.

The Village Squares had good attendance at their Saturday night dance. They enjoyed the company of Mr. Dick Adams, and a group of boys and girls, age 10 to 12 years, who performed beautifully for the "village" spectators, doing several square dance numbers.
Shari Leann Tracey, 6 lbs. 2 oz., made her debut Sunday evening, 11:29, at St. Joseph Hospital, Ann Arbor. She is the daughter of Mr. and Mrs. Robert Tracey, and the granddaughter of Mr. and Mrs. Henry Shirey.
A little misfortune has struck at the C. A. Baughn home. Little daughter, Kim, has been ill with the chicken-pox and flu, and last Friday, while doing her home work Mrs. Baughn suffered a broken ankle.

Of course it is in a cast, which she finds, at times, rather awkward to manipulate, but guesses before the whole thing is over with, she should be rather expert at it!!

SKIN DIVERS 'Enjoy' Swim In Icy Water
BRIGHTON — Twenty-five skin divers went for an icy swim Sunday at an old coal mining pit on the eastern city limits of Williamston.
Hosts for the event were the Brighton Barracudas and divers attended from clubs in Lansing, Detroit, Ann Arbor, and Flint.
About 250 spectators braved the cold weather, according to Stan Lawewicz, Jr., Barracudas safety and diving instructor.
He and Bill Taylor, another member, acted as safety men for the submerged swimmers who were attached to 75-foot lines.
This gave them enough leeway to approach some of the old gondola cars which were on the bottom of the pit about 35 to 40 feet below the surface. Divers in pairs stayed under about 15 minutes.
"Next year we hope to have a bigger event," Lawewicz said. He invited area residents to attend the club meetings held every other Thursday at 7:30 in the Brighton High School projection room. The club mailing address is Box 216, Brighton, Michigan.

Mackie Supports Minimum Speeds for Freeways
State Highway Commissioner John C. Mackie has announced that he will support legislation to establish a minimum speed limit on Michigan freeways.
Such a bill is expected to be introduced in this year's Legislature. Two bills calling for a 45-mile-an-hour minimum speed limit on freeways died in Committee last year.
Mackie said more freeway accidents — mostly rear end collisions — are caused by motorists driving too slow than those who exceed the maximum speed limit.

Howell Township Residents Say County Needs Airport

HOWELL — Need for an airport in Livingston County was expressed by 22 persons Friday night at a meeting in Howell Township.

In answer to the question "Do you think Livingston County needs an airport?" 22 of those attending said yes and 13 answered no, according to Gerald L. Harmon, member of the six-man Airport Commission.

Three other questions were written on a card, passed out to a crowd of almost 100 persons, gathered at the township hall.

In answer to "Do you own

land in Howell Township?" 35 replied yes, one said no.

In reply to the question asking "Is this program giving you sufficient information to make a reasonable answer to the problem?" there were 30 yesses, five who said no.

The fourth question dealt with the present airport near Howell: "Should the Howell Airport be improved?" There were 17 who replied yes, and 18 who answered no.

Harmon said the meeting lasted four hours and all questions were answered.

"Everything was open and above board. All our minutes and our books were open to everyone."

The airport is listed for \$140,000 worth of improvements in a 6 1/2-million dollar program being offered to the Michigan Legislature and Federal Aviation Agency by State Aeronautics Commission.

This project is among 25 included in the program, which if implemented, will involve expenditures totaling \$6,615,614 in federal, state and local funds.

The federal government would pay 50 per cent of the costs, with the state and local levels each being responsible for 25 per cent shares.

The funds proposed for Howell are for land purchasing and construction of a 3,000 foot, illuminated runway.

Traveling by air that it will pay an air line to have an every day schedule? Or will it be used for a handful of people as a hobby or sport? If so, let them pay for it, and don't lean on the people of Livingston County.

The area of Livingston County close to the super highway 25 has a very modern airport. For years and years we have heard, "We have no money," whenever we asked for plugging some holes on bad roads.

For years we have asked for repairing the wreck of a bridge over the Huron River, but we were told "we have no money."

You all know the bridge finally broke down with a bus full of school children. How lucky we were nobody got hurt! The bridge is still down and we don't know when we will get a new one.

The Livingston area is losing business but who cares? We can only hope that no fire breaks out at the Ore Lake area, it will be too late for any fire engine to get there on time.

We mentioned industry before. As one of the leading industries, the Wesson Multicut Company with District Offices in New Jersey, Cleveland, which can be reached in 40 minutes, nearly as close as to Howell. So why sink money into something we already have?

If we were a wealthy county, let's go ahead and gamble, but we are not.

Chicago, Indiana, Lexington, Detroit with over 45 sales engineers and over 100 dealers all over the United States, are sure a big user of air line services.

We have done very well in the past and will do so in the future, but we will not support an airport which has been put up against the will of the people, built with people's money who have not a decent road to travel on.

We would make it clear to all citizens of this county that the owner of the Wesson Multicut Co. does not want an airport which has to be paid by the people.

If we have to travel by air, we will find our way to a modern airport with all connections. If we could not maintain a small bridge and prevent it from rusting away, how can we expect from our present officials to maintain an airport?

You all have heard the slogan lately, "We need leadership!" well we agree we need new faces in Howell with leadership. It is time we lose the reputation that Livingston County has the poorest roads in Michigan. The answer to this always was, "we have no money."

ketball. These are unguarded ceiling lights and a low ceiling and unguarded windows.

It was proposed that this group go to the School board with a request to have the necessary safety features installed.

Mr. Scott suggested it would be advisable to get an estimate on the cost so they would have a specific request to present to the School Board.

Mr. Gibson made the motion that Mr. Hoelt get an estimate for installing the safety features; seconded by Frank Zezulka; motion carried.

There was some discussion of problems of scheduling games if they had two leagues, since there is only one gym available for regular games.

The playing season for these games would run from September thru December and Mr. Reader advised that the high school gym would be available 4 nights a week during that time.

Mr. Reader agreed to handle all game contracts and they would be made up at the same time the Freshman game schedules are made up in September.

Mr. Zezulka made a formal motion that the Peanut League be initiated in conjunction with the Pee Wee League; and that there be only 4 teams at each level — 8 teams in all. Seconded by Mel Reinhard — motion carried.

The problem of uniforms and uniform storage were discussed.

Each team manager is to take care of his own team in this respect. Each team will provide their own practice balls and take care of them.

Mr. Zezulka made a motion that John Zung to have a case built and Mr. Gibson will see that it is stocked with the necessary items.

The question of medical examinations for players was discussed. It was agreed that the most expedient way to take care of this would be to issue the standard high school athletic medical check-up form and have each parent take his boy to his own physician for this examination.

Mr. Reader will supply the forms and it will be the responsibility of each team manager to see that these are taken care of.

There was a question raised concerning the By-Laws and it was agreed that the By-Laws must be reviewed and worked over.

Problems arising regarding officiating at games were discussed.

A schedule for officiating will be worked out at the beginning of the season with coaches who don't have a game scheduled doing the greatest share of this work.

It may also be possible to recruit some of the senior boys in to find other interested persons in the community to help with this work.

A list of the 8th grade boys now playing in the Pee Wee League was compiled for the benefit of the Freshman Basketball coach next season. These boys are: Bill Botsford, Jim Baughn, Jeff Davis, Ron Doyle, Jim Douglas, Roger Harden, Danny Holcomb, Donald Hollister, Rudolph Josephson, Bob Kaiser, Bob McMackin, Jim Mitchell, Bob Mollison, Larry Nicholas, Loy Russom, Mike Sepulveda, Toke Shettle-noe, John Tash, Jim Tobert, Frank Zezulka, Dennis Vertin.

Cycle Races Set for Sunday

Ice Event Has Drawn Big Crowds

HOWELL — Motorcycle races, which in past years have attracted as high as 15,000 spectators, will be held this Sunday at a lake located five miles north of Brighton on US-25.

Officials of the Meta-Cayuse Motorcycle Club of Brighton announced that the Sixth Michigan State Championship Motorcycle Ice Races will start at 11 a.m. on the Bitten Brothers' property.

Proceeds of the event will be contributed to the Muscular Dystrophy Association of America.

The first race will be an "Old Timers Race" consisting of riders 50 years or older, riding solo on a motorcycle, who will complete for the 40 inch trophy. Following this will be the heat races and finals.

Last year's crop of riders, 268 in all, was drawn from all parts of the state, some from as far as Rose City.

This year it is expected an even bigger and better group will turn out with the Nations No. 1 rider, Bart Markel of Flint, Mich., competing along with the best of them for the State Championship Trophy.

Altogether there will be 75 trophies presented in five different classes. The most coveted is the one engraved 1st Place State Champion.

Race officials will be Hap Cole, President; Jos. Baltrus, Vice President; Madlyn Cole, Secretary - treasurer; Roger Hill, Road Captain; Carl Hansen, Co-Road Capt.; Leroy Atwell, Sergeant at Arms; Ike Morris, Referee; Leroy Atwell.

following clubs of the Detroit Area Association Motorcycle Clubs: Liberty M.C., Road Kings M.C., Huron Valley Nite Hawks M.C., Road Kings, Other officials are Starter, Cleve Liesen; Flag Men - Huron Valley Nite Hawks; Announcer - Freddie Steinhauer, Liberty M.C.; Food Concession - Huron Valley Nite Hawks Aux.; Sign Ups - Ilene Mitchell, Donna LaBond, Virgie Baltrus, Janet McKone, Dodie White, Meta Cayuse M.C.; publicity: Donna LaBond, Meta-Cayuse M/C and Paul Militello, Regional Director of South-eastern Mich. Group Opposes County Airport

Who needs an airport? This is a very simple question, with a very simple answer: not the people who are expected to pay for it.

It has been mentioned over

and over that an airport will help industry, but it takes a lot more to bring more industry into this country.

A good employer is first interested in good roads for his employees, secondly for good trucking services, which also require good roads.

Who will use this airport? Will there be enough people

The Motive

BY BILL GAIL

During a recent discussion with the Brighton Area Schools board about release of information to the public, the question was asked, "What's your motive?"

The answer is this: The goal of newspapers is to bring information to readers.

There are areas of information to which, historically, the public press has been accorded access.

These areas include recorded actions of various legal political units such as township, city, and county governments.

School board actions fall in the same category, as schools are operated by the citizens of the community and paid for by their taxes.

Consequently what school boards do, in most cases, is of definite concern to members of that district.

Whenever any political unit withholds information which is of public interest, and is not challenged, it is only a step to keeping back still more.

I am not unduly concerned about teacher's salaries but I am vitally concerned about the fact that the school board feels this information is not available to the citizens of this community.

To repeat what has been said here before: the salaries of all county and Brighton city employees are available to the press.

Why are school salaries any different?

Why Pick on Us?

Another area of discussion with the school board indicated that the Brighton Area board was being singled out as a target.

This is not true.

It so happens that the concern of this newspaper is access to information from all county school boards within our circulation area.

This includes the school districts of Brighton, Hartland, Pinckney, Howell, and South Lyon Township.

Because the principal circulation of the Argus is in the Brighton School district, we do place greater emphasis on this news, sending a reporter to the board meetings.

Eventually, we hope to cover at least some meetings of the other school boards.

Do You Need A SMALLER House?

Many folks prefer a place that's compact... easier to heat and clean... fewer stairs to climb... gentler on the purse strings.

Especially is this true after the children are grown and gone.

If this sounds like YOU, let us show you the cream of the "Small House" crop. (We can trade or sell your larger one too, if you wish). Visit or call.

Around Bishop Lake

By E. C. SCHROEDER
AC 7-3420

I really don't know what anyone else did this past week, but I flew to Huntsville, Alabama, Thursday afternoon and returned Sunday night.

It was a reunion of the "Eskola" clan!

The sisters, Helen (Eskola) Gurley, who was our gracious hostess, Alice (Eskola) Caldwell, Edsel Eskola of Los Angeles and Ann Arbor, and father, Mr. Henry Eskola of the Bishop Lake Road area spent the weekend together, enjoying

the spring weather in the Alabama mountains, touring the Cathedral Caverns — owned and operated by Helen and her husband, Jay — and talking and laughing a great deal.

Henry Eskola will be spending the next month or so in Dallas before returning to Michigan.

Mrs. Dennis Muellerelle is entertaining Mrs. Jerry Stitzer, of Hamburg, and Mrs. Jerry Waiters of Howell at a bridge party today (Wednesday).

Mr. and Mrs. John Schroeder

helped their son, Paul, of Dearborn celebrate his birthday, Sunday by having him, and his family, over for the day.

The electric power was cut off here for three hours, Friday night — played havoc with schedules for people with electric clocks! It also cooled off a lot of houses whose furnaces stopped running for that period of time. The reason for the power loss is not known.

The 34 degrees heat wave encouraged a camper to set up his tent in the park at Bishop Lake.

Our Impressions of Cinerama

By John Emery, James Little & Gordon Cartier

Some of the 5th and 6th graders from Hamburg school went to Detroit Saturday Jan. 26 to see Cinerama. The show was about "The Wonderful World of the Brother's Grimm." The parents who accompanied us were, Mrs. Edmond Gondek, Mrs. James Vasher, Mrs. Henry Hass, Mrs. Mort Scott, Mrs. Stanley Hoelz, Miss Evelyn Thomas, and Mrs. Glen Bennett. Mr. Glen Bennett drove the bus.

On the way we just sat and talked together and some of the girls sang songs.

We left the school at 8:30 and got there at 10 to 10. We got seated just in time for the show.

There was a fairy tale about a dancing princess and here is some of it.

There was this woodsman who was to wed the princess but she didn't want to. When the woodsman heard that the king said that the princesses shoes had holes in them every night when she would go out for a walk. So the woodsman followed the princess. One night he found out that the princess didn't take walks she rode in a royal coach that was at an entrance in the castle and the coach took her to a gypsy's camp. He didn't let her see him He put on a mask and danced

with her. When they were all done dancing she went back to the castle. He took off the mask and followed her back. When they were back at the castle the woodsman told the king how she wore holes in her shoes so the princess and the woodsman got married and lived happy ever after.

There was a fairy tale about a dragon too and here is some of it.

Once upon a time there was a knight and his squire. They had heard about a fire breathing dragon. And were going to slay the dragon. When they reached the cave of the dragon the knight was going to charge the dragon and he hit his head on the cave's roof. The knight sent his squire in to slay the dragon. The dragon had green skin. When the squire went to slay the dragon, he bent his sword. When he got the sword in the dragon, red smoke came out. Then he cut the head off and was dragging it back. He asked for a drink of water, the knight

said yes. The squire began to drink. When the squire was drinking the knight was thinking I'm jealous of my squire when he might get the prize. The knight killed the squire and buried him under an apple tree. A year went by and a shepherd boy came and found a bone and made a flute out of it. When he played the flute it told on the knight. He took it to the king and played it for him.

They called the knight and had court there. The bone moved and the boy threw it down and the squire came back to life. He became a knight and the old knight became a squire. Jacob wanted to write about law and history. Wilhelm wanted to write about fairy tales. The old man that owned the library told Wilhelm and Jacob to write about girls but they didn't. All the 5th and 6th graders enjoyed the show very much.

The above article was written by the 6th grade boys at Hamburg School.

'Gamble with Death'

Don't Sit in Parked Car with the Motor Running

"If you sit in a parked car with the motor running, you're taking a gamble with death," warns State Health Commissioner Dr. Albert E. Heustis.

Alarmed at the increasing number of young couples found dead or overcome by carbon monoxide in parked cars, Dr. Heustis urges parents to admonish their children not to sit in parked cars with the motor running. "There are a number of reasons why this is unwise," the commissioner said. "But the primary reason right now is the possibility of being killed or overcome by carbon monoxide fumes leaking into the car. With the exception of scientific equipment, there is no fool-proof method of detecting the presence of this silent killer, which is completely odorless and colorless.

In the confined area of an automobile, there is a rapid buildup of carbon monoxide which can overwhelm the occupants without the common symptoms of carbon monoxide exposure — headache, nausea, "smarting" eyes. As a result, the victims are usually overcome rather suddenly without warning. "The best way to prevent accidental carbon monoxide exposure in a car is simply never to sit in one with the motor running and the windows closed," Dr. Heustis said.

The health department doesn't have a complete record of all incidents, but based on newspaper clippings, at least a dozen young people are known to have died in this manner during the past two months. With two or three more months of cold weather ahead, Dr. Heustis is afraid that this number will be more than doubled before the winter is over.

Carbon monoxide deaths are not confined to young people in parked automobiles, however. At least 45 people have been killed by carbon monoxide so far this winter, and more than a hundred others overcome.

In addition to parked cars, sources of carbon monoxide have been faulty furnaces and chimneys, charcoal heaters, kerosene stoves, defective hot water heaters, malfunctioning gas refrigerators, and faulty ventilating systems.

Hamburg, Winans Lake Schools Collect Clothing

Students in the Hamburg and Winans Lake school are joining in Save The Children Federation's nationwide bundle days clothing collection for children and adults in the Southern Appalachians.

The used clothing your family no longer wears will clothe these children and also victims of disaster at home and abroad. Principal Gilbert Dunn says: "Gather from your closets and attics good, wearable used clothing and shoes for children, babies and adults and bring or send it to Hamburg or Winans Lake school next week. "Please make certain the clothing is clean and wearable. Bundle days are sponsored in the nation's schools by save the children federation, a non-sectarian organization dedicated to serving children at home and abroad.

"Clothing is now being collected for shipment. You can help swell the total.

Don't Leave The Phone Off the Hook

Where in the world can you go anymore to escape the telephone?

Nine places actually — only nine.

You could not be called in the Aden Protectorate, Bantam, Yonon, Maldiv Islands, Sikkim, and the Islands of Pitcairn, Nauru, Gilbert and Ellice, and Tokelau in the South Seas.

The 1962 edition of "The World's Telephones," released by the American Telephone & Telegraph Company, reports that the number of phones in the world rose to 150 million, a gain of 8.2 million. More than half of them are in the United States.

All figures in the report, an annual statistical study undertaken by AT&T, are as of the beginning of 1962, as it takes a year to compile the data. The world's net gain amounted to a new telephone every four seconds. Countries other than the United States accounted for 53 percent of the gain — the highest proportion in a great many years. The U. S. led the international field with 41.8 telephones per 100 persons. India, with 0.5 phones per 100 reported the smallest number per capita among the major countries. Brazil was second from the bottom with 1.4 telephones per 100. For the first time, automatic telephones reached a proportion of 50 percent of all telephones in the world.
