Hell Shocked At Death of Mayor

"Satan's Holiday, Inc., was a gigantic success," according to Mel Reinhard, president of Hell Chamber of Commerce, Hell, Michigan.

According to Reinhard, there were an estimated 13,000 persons on Saturday, and 10,000 persons Sunday, that either visited in Hell or passed through just to see the sights.

Saturday night some 600 square dancers, way over the anticipated figure, danced in Hell to the calls of several out-of-town callers.

Pictures promised to be submitted to the Pinckney Dispatch will appear in next weeks paper concerning the goatee contest, the talent contest etc.

Due to the early deadline of the paper this week, and the sudden death of "Mayor" Erdley VanSickle, results were not made available.

Mayor VanSickle died of a heart attack at 3:00 p.m. Sunday on the festival grounds, collapsing in 95-degree heat.

Local Children Leave by Bus For Bible Camp

A group of happy children left Pinckney Saturday afternoon to spend a week at the Christian Youth Training Camp, operated by the Rural Bible Mission, at Gull Lake, seventeen miles from Kalamazoo.

Reverend Charles Michael, representative for the Rural Bible Mission in Livingston and Washtenaw counties, will drive the group to camp in the Mission's bus stopping at Dexter and Chelsea to pick up more campers.

Those from the Pinckney area in the group were Maria Haines, Nancy Burgess, Barbara Ann Wilson, Hilda Gray, Gerald Van Blaircum, Vickie Lovitt, Janet Rentz, Nancy Williams, Tommy Schaner, David and Kenneth Culver, and Becky, Patty, and Debbie Michael.

Due to the paper being printed early this week for the holiday the pictures of this event will appear next week.

Local Writer Wins Grant

Mrs. Adelle V. Mitchell, resident of the E. S. George Reserve, Pinckney, was among those awarded an Indiana University Foundation tuition scholarship for writing short stories. This announcement was made at the Indiana University's annual writer's conference, July 8-13.

Mrs. Mitchell, her husband and three children have lived in the home located on the Unisity of Michigan game reserve since last fall. The children attended Pinckney Elementary.

Residents' Son To Wed Aug. 3

Georgia May Lodge of Whittier, California, will be married to Harry J. Buccilli, of Pinckney, Saturday, August 3, at Whittier.

Parents of the couple are Mr. and Mrs. Robert Lodge of Whittier, California, and Mr. and Mrs. Ernest Bottke, Silver Hill Road, Pinckney.

Cpl. Buccilli has been with the Marine Corps three years and at present is stationed at Camp Pendelton, San Diego, California.

Mr. and Mrs. Bottke plan to attend the wedding, and will leave Pinckney July 29th and drive to California.

John Walton To Again Lead School Board

PINCKNEY — John Walton was re-elected president of the Pinckney Community Schools Board of Education at the organizational meeting held Monday night.

Hugh Radloff succeeds Lee Goucher as secretary while Jack Swanson was named again as treasurer.

Other members of the seven-man board are George Roth, Thomas Line and Lyle Kinsey.

HISTORY REPEATS itself! Once again the Gulf Station in Pinckney is known as "Clark's Gulf". Jerry Clark took over the station from Jim Doyle the first week in June. From the fall of 1641 to the fall of 1948 the station was operated by Charles Clark, the father of the present operator, Jerry. Jerry is married to the former Barbara Clark. They have five sons and live at Silver Lake.

The Way We Hear It

. . . Kenneth Davis, owner and operator of the Davis Crop Dusting Service is donating his airplane, time, and material, to spray the Pinckney Elementary school grounds for the Fourth of July fireworks display. When people do not have to battle those pesty misquitos that night, they should keep in mind the effort's on Mr. Davis' part.

* * *

. . . There are several, well, a few, well, o.k., there are two people who work on Main street who are promoting the wearing of cooler garments during the month of July and August.

These people feel that if they are as comfortable as the customer they will be able to serve them in a better mood and better frame of mind; and after taking into consideration that Pinckney is a tourist town anyone shopping would not blame the clerks if they dressed in attire similar to themselves, appropriate for a tourist town, and in this way perhaps make the people feel more welcome to come and shop dressed as they should in a tourist town! (Any comments may be dropped off at this office).

(Oh yes, only jamaica shorts or bermudas, come under the classification of "cooler garments.")

* * *

. . . Bells will be ringing on July 4th, Independence Day, in Pinckney, as they will be in the "Ring for Freedom" program across the nation. At 1 p.m. (2 p.m. Philadelphia time) the Congregational Church bell, the school bell, now in John Burg's possession, and several other dinner and smaller bells, will ring simultaneously for a four minute period, joining in the others across the nation.

. . . All bell owners are invited to join in the nation-wide program.

* * *

. . . Cars parked along the road way at Silver Lake Park are causing officials great consternation again this year.

When the park is capacitated with patrons, others, wishing to use the park facilities, park on the road, lock their cars, and trot on down to the beach for the day, only to return and find they must find a way to the garage to which their car was towed to, and "bail it out." "There aren't too many second time offenders, but the first timers are really keeping things hopping,'" according to the Washtenaw Sherrif's Department.

* * *

. . . In days of long ago Samson killed 1,000 slaves with the jaw bones of an ass; today 1,000 sales are killed by the same weapon.

McPhail Clan Holds Reunion At Hi-Land L.

In 1836 Wm. McPhail came to settle in this, then wilderness with his family consisting of his wife, Ann Cornelia (Harrington) McPhail and three children, Jason, Ann, and Carnelia.

The years brought their changes. Those pioneers have gone, as well as all of their children: but in their places, children's children to the fifth generation have risen.

Mrs. Charles F. Chamberlain, and daughter Joyce, discendents of Ann, arranged a revival of the Scottish Clan of McPhails by celebrating the one-hundred twenty nineth anniversary of the pioneer settlement, by a reunion of the discendents of this "Chief of the McPhail Clan" still dwelling in Michigan.

Accordingly, invitations were issued and fifteen stranger descendents met for the first time to reminisce and exchange family lore to the delight of every one present.

The culminations of this event was the unusual privilege bestoued by Mr. Wayne Easler, of satisfying the "inner man" in scenic Hell with appropriate dessert later at the home of Mr. and Mrs. Curtiss the Chamberlain situated on the shore of Little Hi-land Lake.

PUTNAM VOTERS APPROVE HALL

Present Town Hall

Only 8 Tallies Provide Margin

PINCKNEY — By a margin of only eight votes Putnam Township electors decided Monday they would like to have a new town hall—a proposal they turned down in the spring election.

Taxpayers agreed by a vote of 200 to 192 that they are willing to borrow the money by bonding to raise $53,000 for [illegible]

By a vote of 196 to 188 they said they were willing to have their millage limit raised one mill for 20 years to permit retiring of the bonds.

The successful vote was a triumph for the Citizens Committee headed by Leonard Lee and Mrs. Viola Read.

Prior to the election, committees had been set up to promote the project.

The $106,000 building cannot be built, however, until a matching federal grant is received.

Promoters of the new town hall had indicated in petitioning for Monday's special election they were assured the township would get the funds.

The new building would replace the present combined library and town hall located on the Pinckney Village Square and would house the Pinckney village offices, library, and fire department, as well as the township offices.

It would also be located near the present town hall.

Former Printer Notes Anniversary In California

Mr. and Mrs. Glenn Tupper, residents of Orosi, California, since 1949 observed their golden anniversary Sunday, June 28. Due to very poor health, the only persons present to help them celebrate were their Stuart Tupper, and their daughter, and Mr. Tupper's sister Florence, who flew to California special for the occasion. Her home is in Flint, Michigan

Glenn Tupper graduated from Pinckney High, Class of 1910. At one time he was known as a "printer's devil" for the Pinckney Dispatch, F.L. Andrews, editor.

Glenn left Pinckney to go to work on the Clinton Republican, at St. Johns, Michigan. It was there he met and married Jennie Shaver.

In 1949 the Tupeprs moved to California and Glenn purchased the weekly newspaper in Orosi.

Police Report Driver Injured

GREGORY — Wayne T. Riggs, 52, of 14901 Stockbridge road, Gregory, was hurt seriously Friday morning at 12:40 a. m. when his car ran off M-106 near Holmes road in Unadilla township and hit a large oak tree.

He was taken to St. Joseph Mercy Hospital in Ann Arbor with six broken ribs, broken right arm, and lacerations on both legs, according to State Police at the Brighton Post.

Comparison of Area Salary Schedules

PINCKNEY

All but two teachers are hired for the Pinckney School system for the next school year,, according to Superintendent Wesley Reader, in a recent statement to the Livingston County Allocation Board.

Reader said he had engaged 44 teachers of 46 required.

Pinckney's pay scale ranges from $4,400 for teachers with no experience, having bachelors degrees, to a maximum of $6,000.

Those teachers with masters degrees and no experience teaching start at $4,700 and can attain a maximum of $6,300.

FOWLERVILLE

Payments for teachers in the Fowlerville District start at $4,300 for teachers with no experience and a bachelors degree and reach a maximum of $5,800.

Teachers holding masters degrees and no experience start at $4,500 and reach a maximum of $6,100.

HOWELL

Howell teachers holding bachelors degrees and having no experience start at $4,600 and reach a maximum salary of $6,200.

Masters degrees entitle their holders to a begining salary of $4,900 where there is no experience increasing to a maximum of $6,500.

Howell has three teachers with masters degrees and 20 years of teaching who are known as "career" teachers, receiving $7,000 a year.

Supt. W. Donald Bath told the allocation board he is losing about 19 teachers this year.

WHITMORE LAKE

Teachers at Whitmore Lake having no experience and a bachelors degree, start at $4,500 . If they have 10 hours credit toward a masters degree, they receive $100 more and $200 more if they have 20 hours.

For a masters degree, teachers start at $4,800 or$4,900 if they have 10 hours toward a doctorate, $5,000 if they have 20 hours. Holders of E.D.S. degrees start at $5,100 and doctors of philsophy would start at $5,400.

The same differentials are maintained throughout the salary schedule.

After the first year, teachers receive a $200 increment, followed by $300 the second year, and then the schedule returns to $200 annual increments.

The maximum salary at the end of nine years for a bachelors degree is $6,400 and for a masters, $6,700.

The rest of the salary schedule reads as follows:

NON-DEGREE TEACHERS

Basic B. A. schedule minus $200 minus $10 per semester hour short of degree. No non-degree teacher shall advance beyond step 6. Neither shall any teacher receive a decrease in salary due to the adoption of this non-degree salary formula.

No teacher shall receive more than a $500 raise per year.

Salary shall be paid twice each month.

Experience Steps

A. Teachers shall advance one experience step for each year of service in the system.

B. New teachers may receive one full step credit for every year of experience outside of the system up to five years.

C. An additional step may be added for every two years of military service up to two years.

D. One step is to be added to the salary schedule each year with regular increments until step 12 is reached. Teachers shall continue to receive $500 per year until their salaries aer equivalent to step indicated or until maximum is reached.

Considerations for Furthering Education

A. The payment to bachelor degree teachers of $100 for 10 hours every year up to a maximum of 20 hours, for the follofwing:
1. Graduate hours toward a masters degree
2. Hours taken in major or minor fields
3. Hours approved by the the administration

B. The payment to master degree teachers of $100 for 10 hours graduate work up to 20 hours.

The semester hours shall be secured at an accredited college of a university.

Travel and work experience shall be accepted when accredited by college or university, or accepted by the Board of Education by specific agreement in advance.

Trancript of credit shall be presented to the administration as early as possible after it is earned.

Financial recognition or advance hours before September shall begin with the first month of the succeeding school years. (Sept.)

Leave Time

A. Sick Leave — During any one year, 10 days of sick leave will be allowed without loss of salary to any teacher. This leave shall be cumulative to a maximum of 50 days in any one school year. However, any absence may require presentation of a physician's statement to the Superintendent. The Board of Education reserves the right upon petition to permit additional leave in cases of merit. Sick leave when used in combination with Workmen's Compensation shall not exceed a regular salary.

B. Personal Business — One day each semester may be used from sick leave for personal business. Such leave of absence must be submitted to the principal for approval.

+ Comparison of Area

BY BILL GAIL

BRIGHTON — Publication of salaries of school teachers has been the subject of a fair amount of conversation in this area since the Argus announced its intention of listing individual amounts.

Some people feel we are invading privacy, others that we are harming the professional nature of teaching.

We do not feel this way, however. Citizens of the community — you and I — are employers of the faculty. How can we run our affairs properly unless we know what it costs to hire good teachers and to keep good teachers?

Brighton area school district has a salary schedule providing that teachers with bachelors degrees will start at $4,300, those with masters degrees start at $4,500. Increments of $200 are given yearly.

The present maximum for teachers with bachelors degrees is $5,700. This is for eight years or more of experience. Maximum salaries for teachers with masters degrees is $5,900 for a like time and experience.

Additional sums are granted for extra jobs. These amounts are not provided in the salary schedule.

Ohio Hunters Bag

Unusual Ducks

Every year a few rarities show up during the duck season that interest both hunters and bird students, the National Wildlife Federation points out. The duck season just completed brought a new state record to Ohio. Three fulvous tree ducks were shot early in the season, and it was reported that three more were taken in Michigan. The normal range of this bird is in Mexico, Texas and California. Also in Ohio, two white - winged scoters, one surf scoter, and an old squaw drake were taken this year.

There was a time when a Congressman was supposed to know what he talked about.

Howell Ph. 380

We keep right on studying ways of bettering our product and our service. Years of experience—still we want to do even better.

MRS GEORGE HOLT of 664 Patterson Lake Road is shown here holding a vine from a Stephanotis floribunda, or commonly known as a madagascar-jasmine. It is not often that a plant of this kind thrives well as a house plant, as this one has. Mrs. Holt has owned this plant for nearly five years and not until this year has it bloomed. It has 23 clusters of waxy fragrant flowers. The fragrance is expelled only at night.

Superintendent Reports On Special Ed. Program

by WALTER G. HAMPTON
County School Superintendent

BRIGHTON—Four separate special education programs were in progress througout the county during the first year of operation under the special education millage vote on June 11, 1962.

TYPE "A"

The Fowlerville Community School District has been operating a Type "A" program for the socially competent mentally handicapped children in their school district for the past two years with Mrs. Marilyn Willson as their instructor.

A total of 19 children received this service this past school year.

SPEECH CORRECTION

The Brighton Area Schools have had a speech correctionist for a number of years. However, this is the first year they'll be eligible to receive County funds to aid in the support of their program.

One hundred and twenty children were enrolled in the Brighton speech therapy classes this year.

Any school district having a case load of at least 100 speech problem children can operate their own speech program and receive state and county funds to be help finance same.

DIAGNOSTIC

Diagnostic services were provided out of the county office to all public school districts in Livingston County.

This psychological service provides a means by which children may be selected for eligibility in the educational program for the mentally handicapped.

This person serves only that portion of the school membership who are referred as possible mentally handicapped pupils.

He also serves in a consultant capacity to the school staff in assisting teachers and other school personnel to understand the problems and behavior characteristics of mentally handicapped children so they can identify and understand children of this kind and work more effectively with them.

To date, a total of 232 children have received diagnostic evaluation. Of this number, 117 were found to be eligible for classrooms for the mentally handicapped.

CONSULTANT

School districts in which rooms have not yet been established for teaching the mentally handicapped have been aided in a small way through the services of a consultant to the mentally handicapped working out of the county office.

These services were made available to some 35 children this past year.

The Type "C" Consultant teaches children within the same intelligence limits (educable mentally handicapped) who can function in a regular classroom with consultive help to the teacher and parents.

Every effort is made to provide a tailored program to cope with the pupils ability to participate at school and in the home.

CLASSROOMS

The Fowlerville board of education has made plans to include a classroom for the handicapped in their new elementary school building which is to be constructed in the near future.

An agreement has been signed with the County board of education whereby the cost of building and equipping the education facility will be paid out of county special education funds.

Other school districts have shown an interest in the possibility of getting programs under way and a series of meetings are being planned both jointly and with individual boards of education to discuss the needs of their district and possible ways of implementing programs to meet these needs.

RIBBON CUTTING—Three completely new models comprising a "Designer's Gallery of Mobile Homes" have just been completed at the Vagabond manufacturing plant in Brighton. Fred C. Burt, president of Vagabond Corporation, snips the traditional ribbon to open one of the beautifully coordinated new designer homes for the first dealer display. From left: Harvey C. Childs, Vagabond vice president; T. F. Gronback, secretary; George F. Miles, treasurer; and Burt. The new 58-foot models, the longest Vagabonds ever built, are now going into production at the Michigan and Alabama plants, and soon will be produced at the Arizona plant.

Players Group Plans Meeting

BRIGHTON — The next scheduled meeting of the Livingston Players will be held Thursday, July 11, at 8:00 p.m., in the old Wesson Multicut Building.

The entrance is on Main Street just behind The Argus.

As always, everyone is welcome, according to Vice-President John Stephens.

Michigan Youth Club To Explore 'Freedom'

By Duane Girbach County Extension Agent, 4-H Club Work

Many Americans have given scant thought to the meanings of such common terms as "democracy" and "freedom."

This tendency to take our way of live for granted could put us at a disadvantage in the cold war.

About 1,200 4-H Club members in Michigan will come face to face with this problem in discussions during their 45th annual 4-H Club Week at Michigan State University, July 8-12.

The delegates will represent some 70,000 4-Her's in every county of the state.

The 4-H program is one of many educational activities carried on through MSU's Cooperative Extension Service.

Charles Vetter, a lecturer with the United States Information Agency, will give a featured talk on "World Competition of Ideas."

Vetter will first discuss the Communist movement. Then, playing the role of a Communist, he will attack American race relations as well as free-world dedication and idology.

He will parry questions from the floor about Hungary and other embrassing matters with typical Red evasiveness.

Vetter uses the technique to dramatically illustrate the clever tactics of world Communists.

Entertainer To Give Show At Pinckney

PINCKNEY—Rancher Glen, the Christmas Seal cowboy who has entertained more than one million Michigan youngsters, will appear at the Happy Day Camp near Pinckney on Tuesday, July 9.

A former radio and TV entertainer, Rancher brings a "good health" message urging youngsters to develop habits that help build strong bodies, thus reduce the possibility of serious damage should they be afflicted with tuberculosis or other contagious diseases.

Rancher is making appearances at similar camps throughout the state this summer. When school is in session, he entertains daily before grade school groups throughout the state.

Governor George Romney will call attention to our own state's blessings in a talk entitled "Michigan, My Michigan". In similar vein, the Rev. Robert Richards of Whitmore Lake will look at his "American Hertiage."

Freedom Festival Offers Four Bands

Detroit — The blare of trumpets and ruffle of drums that provide the stirring fanfare for the 1963 Detroit-Windsor International Freedom Festival will come from four of the most outstanding military musical units in the United States and Canada.

Approximately 250 of this continent's top flight musicians make up the membership of the four famous instrumental groups which will provide the vivid burst of sound usually associated with the annual Freedom observance.

Heading the list of snappily-uniformed ensembles, the greatest ever gathered here at one time, will be the NORAD (North American Air Defense Command) Band, from Colorado Springs, Colo., made up of 95 carefully selected musicians of the United States Army, Navy, Air Force and the Royal Canadian Air Force.

Also entertaining during the Festival, to be staged June 30 through July 7, will be the Central Band of the Royal Canadian Air Force, a 55 - piece group based at RCAF Station Rockcliffe on the outskirts of Ottawa, Canada's capitol.

The 505th Air Force Band from Chanute Air Force Base, Rantoul, Ill., comprised of some 60 instrumentalists, will be making its second consecutive appearance at a Freedom Festival.

From across the Detroit River will come the colorful Essex Kent Scottish, with 30 members of a Drum and Bugle Corps and 20 fife players in the Pipe Band.

Delight at participation in the Freedom Festival observance by such renowned musical organizations was expressed by Mayor Cavanagh.

"Detroit is fortunate to be visited by so many musicians of such high caliber at one time," he said. "I sincerely hope our citizens will turn out in large numbesr to enjoy their concerts and to edmonstrate this city's great interest in such endeavors."

County Report Shows 46 Crashes

HOWELL — Livingston County Accident Report for the Period June 17 to 24 showed: 18 property damage accidents, 9 personal injury, and 23 persons injured.

There were 2 fatal accidents, 46 cars involved, and 1 bicycle accident.

This report is issued by the Michigan State Police.

Three-Car Mishap Injures 6 Teenagers

BRIGHTON — A 25-year-old driver yesterday ran into a parked car, glanced into the side of a passing car, and then ran head on into a third car winding up in McPherson Community Health Center with severe forehead lacerations and a possible fractured skull.

This ricochet collision took place on Academy drive at Island Lake at 3:00 p.m.

William E. Bowhall, 25, of Academy dr., was driving the car that did all the damage, according to State Police of the Brighton Post.

Six teenagers — five girls and one boy — from Detroit were injured in the car with which Bowhall collided head on. Driver of the car was Dolores Lown, 17, of Detroit. All of the passengers in her car were also taken to McPherson.

AT BONNIE VIEW

Miss Leeta Elliott remains a patient at The Bonnie View Convalescent Home. Her mailing address is Howell, Room number 24.

Good reports have been received in regard to her health. Miss Elliott is a lifetime member of the local American Legion Auxiliary.

Nightcrawlers, worms, and minnows are good natural baits for fishing brown trout. They may be used alone or with small spinners. The usual wet and dry flies, bass bugs, and small hardware lures are good artificials.

Howell Seeks Blood Donors For July 10

HOWELL—The Blood Bank will be in Howell on Wednesday, July 10, from 12:00 noon to 6:00 p.m. at the new Howell Armory located on Isbell Street. A physician will be in attendance during the entire course of the program.

An appeal is made for donors for this blood program to help carry the emergency blood transfusion needs for residents of Livingston County over the summer months.

If an individual wishes to preregister in order to arrange to save time when the bloodmobile visits, he may telephone Mrs. Betty Cook at Howell 693.

Reuland Electric to Open Plant in California

HOWELL — Reuland Electric Company, manufacturer of industrial electric motors, has announced that construction of the company's new factory and headquarters facilities, located in Industry, California, is nearing completion.

(In addition to the California plant, Reuland Electric also has factory facilities at 4500 E. Grand River, halfway between Brighton and Howell.)

The firm now located in Alhambra, Califronia will move to the new 10-acre site in July, 1963.

The new buildings will include air conditioned offices, modern production plant, truck and railroad docks, and a complete aluminum foundry. The plant will cover 70,000 square feet.

Tilt-up cement construction is used for the main factory building. 20-foot wide overhangs on either side of the structure house four separate truck docks and loading platforms for the railroad spur right-of-way located on the site.

In addition to the main plant building, a separate foundry building has been constructed on the site to produce the aluminum frames for the Reuland motors

The Donald F. Shaw Company of Los Angeles is the general contractor for the new $500,000 Reuland plant.

CHURCH NEWS

One of Michigan's largest yearly meetings gets underway Thursday night, July 4, at Grand Ledge with the opening of the 95th annual camp meeting of the Seven-day Adventist Church.

The ten-day session, which continues through Saturday night, July 13, will draw church members from throughout Michigan as well as surrounding states. Weekend attendance is expected to reach the 15,000 mark as in previous years. All accommodations on the grounds and in the area have been sold out since early in June.

About 200 pastors, teachers and other church workers have been busy this week readying the 70-acre camp site for the annual convention. In addition to the permanent cabins and dormitory space, over 600 tents will be pitched as temporary living quarters for some of the 4500 people who will live on the grounds durnig the session. A large influx of private tents and trailers is expected in addition.

Tree Nursery Produces Five-Million Stems Every Year

BRIGHTON — The Southern Michigan State Forest Tree Nursery is located about three miles southwest of Brighton at Chilson and Bishop Lake roads. It is a familiar sight to residents and visitors who drive in that vicinity.

The Nursery was established in the summer of 1957.

Money for construction was supplied by the Federal Government through the Soil Bank Program. It is operated under the Foresty Division, Michigan Dept. of Conservation. Construction of the nursery area began in July of 1957.

The present location was picked for several reasons; (1) the area was already in State ownership; (2) it offered a centrally located position for supplying nursery stock to Southern Lower Michigan; (3) a corrections camp in the near vicinity offered a source of inexpensive labor.

To date the nursery has approximately 60 acres in irrigated seedbeds, with an annual production of around 5 million stems.

Most of the production is in native conifers which are sold to the public, supplied to schools and other public agencies and planted on State owned lands throughout the State. About one million stems of hardwood trees and shrubs are distributed free of charge to cooperators in the Game Division's farm game restoration program throughout Southern lower Michigan.

The nursery employs, besides its Superintendent, three full-time men with the rest of the labor force coming from the Conservation - Corrections Brighton Youth Camp.

During the winter months the nursery constructs around 2000 routed wooden signs for use on Conservation Department projects, timber cuttings, roads, etc.

The nursery is always open to the public and all interested parties or groups are welcome, according to Supt. James Buerge.

THESE DOGWOOD trees are not sold but are furnished to Southern Michigan landowners, free of charge, under the provisions of a law to provide for farm game habitat restoration.

JAMES BUERGE, nursery superintendent for seven years, stands by the pump which draws 400 gallons per minute from a 120-foot well to supply water for the seedlings.

FUTURE TREES will grow from these rows of Jack Pines which are two years old and sell for $7 per thousand.

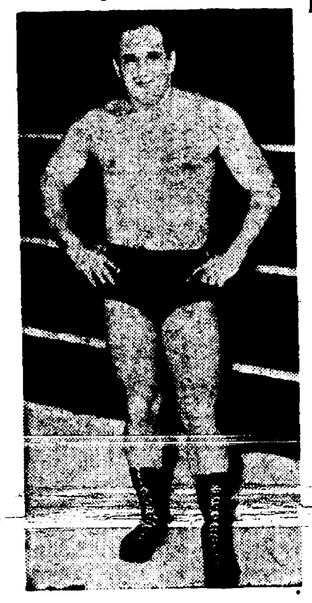
Wrestling Match Will End With Massive Battle Royal

BRIGHTON — The best in professional wrestling returns to Brighton on Thursday night, July 4, at the high school athletic field, according to Bill Orndorf, chairman.

Sponsored by the Brighton Fire Department, the card will go on, rain or shine, with the matches scheduled to move into the gymnasium in case of inclement weather.

Five big matches, including an eight-man Battle Royal, will headline the program.

Leaping Larry Chene, "The People's Choice," will face Ricki "The Crusher" Cortez in the main event.



Larry Chene

One of the most popular athletes in Michigan's sporting history, Larry remains the favorite of hundreds of thousands of mat buffs from coast to coast. His sensational mat style — which wins him matches — and his warm, humble personality — which wins him friends — are an unbeatable combination. Though a headliner around the country, he prefers to campaign in Michigan, his native state.

The nickname, "Leaping Larry," is no empty tag. He is the leading practitioner of wrestling's perilous, exacting aerial maneuvers, which he uses to rain down punishment "from the skies" on bigger, heavier opponents. The Flying Head Scissors, Flying Dropkick, and Leapfrog Drop are his favorite tactics.

Cortez, a brawling, arrogant badman from the slums of Mexico City, has been at odds with Chene for more than three years. A rugged ex-Marine and Purple Heart winner in the Korean Conflict, The Crusher is a dangerous, explosive antagonist.

Wee Davey Duncan, the Great Scot, will duel Tiny Tim Hampton in a top heavyweight supporting bout.

One of the preliminary features will send Joe Maty against Pancho Rosario. Maty, Hamtramck strongboy, is beginning to come into his own as a bright new face on the mat horizon.

Tom Londos will meet Francisco Rios in the opener.

In the big Battle Royal, these eight outstanding heavyweights will all be in the ring at the same time. The only rule is "every man for himself," and the last man standing will be declared the winner.

IF YOU WANT LAND AROUND YOUR HOME . . .

There's now law says you have to live cheek-by-howl with your neighbors . . . almost on top of them. There's really nothing to prevent you from enjoying all the privacy you want. You like land — breathing space — plenty of light and air around you home? You shall have it!

Ask us to show you houses with "outdoor elbow room." You'll be trilled by that invigorating sense of freedom that extra land surrounding your home can give you. May we show you some examples?

Swimming

On June 24, 110 youngsters enrolled in the Recreation Program of Red Cross swimming at the Robert Todd residence on Briggs Lake.

Seventy children joined the Beginner classes. There are 21 enrolled in the Advanced Beginners and six in the Intermediates. Thirteen are trying to gain certification as Red Cross Swimmers. These classes will terminate July 6.

Children in these classes may also join the next classes to start July and try to improve their ability to swim and pass Red Cross tests.

The next Red Cross Beginners, Intermediates and Swimmers classes will be held July 22 at 1:30 at a site to be announced at a later date. Anyone who would like to provide a service to the community who has an adequate beach for swimming, please contact Bob Scranton, phone AC 9-6716.

Handicraft

Classes are being held on alternate days at the Hawkins and West Elementary Schools, from 9:00 to 11:30. Children are welcome to join at any time. There is a charge of 25 cents per day for materials.

Bulldogs Score Eight Markers In One Inning

BRIGHTON — The Bulldogs continued undefeated by defeating the AA Elks, but had to settle for a tie game with Saline as darkness stopped play after 6 innings.

Saline gave the Brighton team 8 runs in the first inning on two hits and the Bulldogs [illegible] 8-8. Don Rockwell and "Buzz" Davison singled for the locals.

Police Charge Two in Theft At Laundry

[illegible] have been arrested in connection with the theft of $100 from the Brighton Speedwash on June 10.

Robert Chapman, 19 of Brighton, waived examination Thursday, June 27, in Howell Municipal Court where he was charged with the theft.

He was taken to the Livingston County Jail when he failed to produce the bond set at $1,000.

Probate Court will handle the case of a 15-year-old youth who was also said to be involved.

Chief Walter LaMoria said the two removed a furnance door by taking out the hinges, allegedly took the money from a box, and then replaced the door.

• • •

LaMoria said assault and robbery charges placed against Frank Kolk of Brighton have been dismissed by Prosecuting Attorney Charles Gateman.

Koch had been questioned in connection with the beating and robbery of Harry H. Kowalsky which took place June 4.

The 69-year-old victim told police $100 had been taken from him.

A Michigan State University chemist introduced the sugar beet to Michigan.

The Detroit Mechanics Society in 1818 was one of the nation's first unions.

If you want to get rich, learn how not to spend.

The idea that our ancestors were all good, unselfish and intelligent, patriotic and prophetic, illustrates the extent of modern ignorance.

State To Note Fourth of July In Many Ways

The Fourth of July, 1963 version will be observed in Michigan in almost as many ways as there are cities and villages.

The traditional fireworks displays still seem to be the most popular form of celebrating this nations' independence, even through safety regulations have transformed this from a participation event to spectators' entertainment.

Celebrations, large and small, are scheduled throughout the state in metropolitan areas as well as the smaller cities and villages, according to the Michigan Tourist Council's Calendar of Events.

Detroit in the midst of its annual International Freedom Festival will signal Independence Day with bell-ringing which is also expected to be observed in other communities.

The responsibility of ringing every conceivable bell in Metropolitan Detroit at 12 noon has been taken by 1,000 members of the Detroit area Camp Fire Girls. The youths will meet at the Civic Center to listen to the results of their program, "Make Freedom Ring."

The day will be topped off with a horse show, band exhibitions, and huge fireworks display at night.

Activities such as camping, fishing, swimming, picnicking and other family outings on or near Michigan's many lakes and streams will be the fare for many who just want to relax on this 1963 Independence Day.
