Local Educator Teaches Group At State Prison

Mrs. Jennie Kellenberger, Pinckney Elementary School principal, had one of the most rewarding experiences of her entire career last Tuesday and Wednesday, August 27 and 28.

Members of the Michigan State Elementary Education Committee, of which Mrs. Kellenberger is a member, staged a workshop for the inmates of the Jackson State Prison.

Mrs. Kellenberger's role was to teach a demonstration in reading and the writing of experience charts and to act as reading consultant the remainder of the time.

The enthusiasm and the eagerness to learn in order to aid their less fortunate fellow prisoners is to be commended and could well be imitated by public school instructors.

At the close of the session each of the ladies involved was presented with a beautiful bouquet of roses from the prison rose garden.

This program is sponsored by

the Pinckney Kiwanis Club. They have secured Steve Jones of the University of Michigan to train members of the chorus and to conduct the performance.

Men's Glee Club and took part in a recent and successful European tour. He is a capable director, and his enthusiasm is catching.

Singers from all churches in the Pinckney, Gregory, and Hamburg areas and singers without any church affiliation help with their voices in this community effort.

An age limitation has been set beginning with the age of 15.

The only cost to participants will be about \$1.50 for music. All other costs will be underwritten by the Pinckney Kiwanis Club.

This in no way is a fund raising project on the part of the Pinckney Kiwanians, who are merely putting forth their time and efforts promoting what they feel is a vast worthwhile community project. "This could very well be the biggest event in the county," says Kiwanian president George Roth.

Skiers Entertain At Rush Lake Show

The Rush Lake Water Ski Club put on a display of water skiing feats for a large audience at Rush Lake at 1 P.M., Sunday, August 25.

A public address system which could be heard all over the lake announced the various events and participants.

All water skiers taking part in the water show either live at Rush Lake or have summer cottages there.

Four youngsters Johnny Green, Sharon Agney, Robin Clayton, and Diane Viles all between the ages of 7 and 11 started the show by carrying flags

which spelled out Rush Lake while skiing.

The youngest skier in the event was little Robin Viles, who was only 5 years old.

The teenage members of the club performed a large variety of displays. Greg Reske did the difficult trick of skiing without skis — barefoot. The pyramid consisted of Jim Clayton and Jim Wigglesworth on the bottom and Gail Spehar on their shoulders.

Barbara Hoeft, Gail Spehar and Carol Greene performed a ballet while on skis.

Marilyn Scherrens and Mark Scherrens criss-crossed in front of each other and Jim Clayton, Morry Scherrens, and Jim Wigglesworth played volleyball.

Rick Wigglesworth demonstrated his proficiency by skiing backward with no hand holds while the rope was held between his legs.

Barbara Hoeft and Morry Scherrens held one ski over their head while skiing on the one remaining ski.

Mrs. Viles, Mr. Coleman, and Sue McMillan drove the boats that towed the performers.

The Way We Hear It

... Mr. and Mrs. Chester Hubbard of Detroit are managing "Jerry's" for an indefinite time while the owners of such, the Jerry Speakes, enjoy a little leisure time. It has been a four year stretch since the Speakes have had time off, and figure this is a good way to do it. They, at least Mr. Speake, are not sure just what they will be doing during this "time off period." Maybe golf?

... Mr. Charles Hewlett was in Inlay City, Michigan where he set off fire works display at the fair held in that city over Labor Day.

... The bowling leagues are off to a "striking" start. All persons interested in league bowling should see Vince LaRosa at the LaRosa Bowling Lanes.

... not too long ago, a local father and son team competed against one another for first place honors in the harness races at the Midland fair. Corky Hammell brought his trotter, Cold Sunday, across the line, just named "Billy." In doing so Corky also broke a track record of 2:43 time. He made it in 2:06 time. This record time had not been broken since 1959.

Man Arrested After Shooting Through Glass

BRIGHTON — A nineteen-year old Brighton man was arrested early Tuesday morning for firing a .22 calibre bullet through glass window at Pat's Restaurant, one-quarter mile east of Brighton on Grand River ave.

State Troopers took Michael B. Skeirik, 19, of 9814 E. Grand River ave., to the Livingston County Jail where he is lodged on a charge of "discharge of firearm without malice."

His bail has been set at \$1,500 and he will be arraigned in Circuit Court.

The incident took place shortly after 1:00 A.M. Troopers said the bullet barely went through the glass and fell to the floor near the cash register.

Skeirik remained in the area and officers apprehended him upon their arrival. They said the reason for his action appeared to be based upon an earlier quarrel with someone eating in the restaurant.

No one was injured.

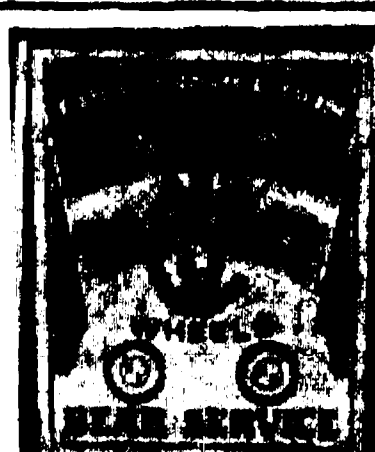

State police are still looking for two men who ran away from Camp Brighton on Aug. 26.

It appears that they stole a car belonging to the daughter of Mrs. Viola Murray of 327 S. First St. in Brighton. She was visiting her mother.

Police feel they may have also been responsible for the theft of a coin machine containing \$125 from the Speed Wash at the Kroger Plaza.

Mrs. Veronica Klecker, 45, formerly of 1026 Michigan ave., Brighton, is on the critical list from injuries received Thursday night in an auto accident on M-59 in Oakland County. She is Pontiac General Hospital with six broken ribs, a punctured lung, and possible broken neck.

On Freeways Speed Limit To Be Boosted

The nighttime speed limit on more than 1,000 miles of Michigan freeway will be increased 10 miles an hour September 6.

The top speed on Michigan freeways is now 70 miles an hour in the daytime and 60 MPH at night.

The 1963 State Legislature approved a change that will make both the day and night speed 70 miles an hour after September 6.

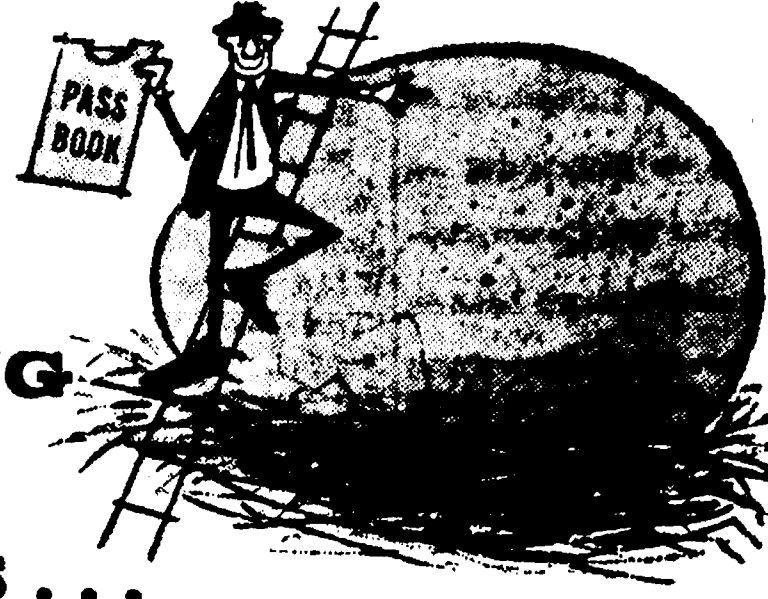

At the same time, the Legislature passed a bill establishing a 45-MPH minimum speed for all freeways. This law will go into effect at the same time.

The present 70-60 MPH speed limits for freeways went into effect in September of 1961.

Until then, speed limits on all Michigan highways were 65 miles an hour in the daytime and 55 miles an hour at night.

The 45-55 speed limit remains on all non-freeways.

Labor Day Weekend already?? School Tuesday?? How could it be?

"On our Road", the grade school children are excited about getting back into their schedule of buses and classes and kids to play with. The High School crowd is non-committal but—since Dwight Matteson graduated and the Haases moved away, the bus will not have to come only half-way to Bishop Lake this year.

*Christine Schroeder registered for her classes already on the second and will be all settled in the Nurses Home by the time you read this.

*Mrs. John Schroeder attended a brunch at the home of Mrs. L. Krefall Wednesday.

*The park and campgrounds are all set for the one last big weekend. From now on it will be peaceful and quiet with only the campers who have no school schedules to meet. September and October are ideal months for those who like to fish, walk around the woods, and enjoy the colors of autumn.

*Those of you who have had exciting things happen to them over this weekend, call me—I'll be happy to share them with our readers.

EIGHTEEN-YEAR-OLD CINDY CAROL is the third person to play Gidget. "I practically am a Gidget," she says. "I surf and spend a lot of time at the beach, and the story of the first movie was almost my own." Filming "Gidget Goes to Rome" has been a worthwhile experience for Cindy. Visiting The Eternal City's historic sites and mingling with its people have caused Cindy to reflect on her own life. "At home, I used to think that twenty years old was very old. But in Rome, I walk down a street that is hundreds and hundreds of years old. Churches, fountains, buildings are all so old that I begin to feel insignificant. I didn't feel so important anymore. I never saw poverty before. I realize how lucky I am."

SEVENTEEN's picture of the month is the story of young PT boat skipper, John F. Kennedy, whose cool courage saved the crew of his command during an engagement in the South Pacific in World War II. With Clint Robertson in the starring role, "PT-109" catches at the imagination, both as a heroic exploit in itself and as an intriguing clue to the character of a man since become President... Summertime is party time! The July issue of SEVENTEEN contains a variety of ideas for cool, summery teen parties. Included with each idea are recommended fashions to be worn to that particular party. A July 4th jamboree starts off a round of social events which will include a Polynesian paradise party, a tailgate picnic, a matinee lunch, a boating barbecue and a sleeping beauty night.

EUGENE ORMANDY, distinguished conductor of the Philadelphia Orchestra, urges teens "to know your country in order to know yourself." Maestro Ormandy believes that the student of American music is not only educated to America's heritage, but is also in the position "to carry the exciting story of America to the people of other lands." He advises teens that "the future of serious music in the United States rests with you, both as performers and as listeners. Everything that is accomplished today means nothing to the past, something that is fleeting present, and means everything to the future. And you are the future!"
