

Complete Text Of Berthold Woodhams' Forecast For 1964 In This Issue

Berthold Woodhams, chairman of the board of Citizens Mutual Insurance Co., gave his annual speech to the Howell Rotary Club recently and forecasted his predictions and forecasts for the new year.

WHAT ABOUT 1964?
There is an old Japanese proverb that says: "He who can see ahead three days will be rich for 1,000 years."

Well, I am not rich for 300 days, let alone 3,000 years. So despite these learned annual predictions made to you, my fellow Rotarians, with such apparent authority, I would suggest the inadvisability of your relying upon them 100 per cent — oh, say, 92 1/2 per cent, but not 100 per cent.

At the beginning of each year all of us, I would suppose, either with pencil and paper or at least mentally, endeavor to set down a course for ourselves and for our business, if we are in business, for the coming year; to establish certain goals and objectives that we hope can reasonably be reached during the year. Now the fact that in almost all years such plans have to be altered by changing circumstances and conditions is not in itself too important, if by following some different

course than the one we originally laid out but the same goals and objectives can, in a measure at least, be accomplished.

All of the prognostications that we read in almost every magazine and newspaper this year are unanimous in their optimism. New Year's predictions usually are optimistic, but for 1964 much more than usually so.

All conditions, according to the predictors, are "A-OK;" all systems are "go."

This subject of "What About 1964?" is, however, much too much for a 30 minute discourse, so I will only touch lightly and hurriedly on some of what I consider to be the salient factors that we may encounter this year. First, of course, of paramount importance to most of us will be cut in Federal income taxes, and here I join with all the other predictors in feeling that this is almost a certainty.

1964, will, I think, be a good year for business — if taxes are cut. It is, of course, rather against the laws of economics to voluntarily reduce income without at the same time making a commensurate cut in expenditures and the idea of a cut in Federal income taxes, while it might be against the

better judgment of many of us, nevertheless we feel it a catalyst already in the pot and that Congress has no other choice than to go along.

Basically the economy of the country seems to be sound. There are no major internal maladjustments on the horizon. Income and demand are both high, but the outlook ahead depends to a great degree on the stimulus derived from this pending tax legislation. Without such a stimulus the economy could decline.

A reduction of both individual and corporate income taxes is now more necessary than before because of the international balance of the payments problem. This problem has forced the Federal Reserve authorities to keep short term interest rates high to match those in the foreign countries. Otherwise, of course, more dollars would be interested overseas where they could earn more interest.

Business cannot count on interest rates being lowered to stimulate the economy should the economy begin to lag. The stimulation must come from an income tax cut. Lower individual income taxes would increase disposable capital spending which is a most im-

portant force in the creation of new jobs so badly needed.

The year 1963 has laid the background for some sound growth as to the future. The gross national product, which, as you, of course, know, is the total of all goods and services produced in the United States — stood at \$379 billion on June 30 of the year compared with \$352.4 billion during the same period in 1962. The federal budget deficit in fiscal 1963 was 2.6 billion dollars smaller than originally anticipated reflecting partly an increase in revenue caused by improvements in business activity and partially due to the fact that expenditures did not reach the original estimates. Although employment was higher, unemployment continued in 1963 and will continue in 1964 to be a serious problem, particularly among the younger workers entering the labor market for the first time — and especially the untrained, the unskilled — the school dropouts. The economy of the country is in a transition period marked by the end of the great post-war boom and with no new factors to accelerate the rate of economic growth to help solve the employment problem.

THE PRESENT GOLD SITUATION. Those of you who have patiently or perhaps impatiently borne with me during these many years that I have been giving New Year's predictions know that I have pointed repeatedly with alarm to the gold situation and its effect on the economy of the United States. This gold situation was not alleviated in 1963. Our loss in gold during the year was 465 millions of dollars leaving us with a balance of \$15,513,000,000 and bringing the gold reserve behind our American dollar to a new low of 29.5 per cent. The ratio a year ago was 32.2 per cent, so we are now reduced to the almost irreducible ration, which is 25 per cent — unless Congress in its wisdom should suspend the now 25 per cent gold requirement behind our currency. The cause for concern, of course, is the possibility that foreign bankers who hold so much of our American credit will become alarmed by the deteriorating conditions and start a run by converting their credits thus putting the soundness of the American dollar in real jeopardy.

THE POPULATION BOOM. A very major factor in our

thinking for 1964, as it has been, indeed, since the end of World War II, and I guess mentioned in all of my annual predictions since the Year I, is the increase in the United States in its population. It is said that at about 8:30 on the morning of Lincoln's birthday next February 12, the population of these United States is slated to cross the 191 million mark, which is an addition of one million persons just since September 27, 1963.

Every seven and one-half seconds the mammoth population clock of the Census Bureau in Washington strikes a new birth and despite the impact of deaths and immigration there is a net gain of one new person every eleven seconds in our country around the census clock. Just since 1960 the population has climbed over 11 million, a total equal to the total population of Texas, of Illinois, or of Ohio. With our major crop of war babies just now approaching marriageable age and about to have more babies, what is happening now will be dwarfed by what will happen as the 1960's roll on.

We are a nation, too, rapidly growing younger. In the 1960-1965 period the rise in the

under-25 group will be 30 per cent as opposed to the overall population group of 8%. By 1970 more than half of all the people in the United States will be under 25 years of age. These millions of young Americans will, as, indeed, they are now, strain our educational facilities; millions will be pouring into our labor markets, many without training or skills to fill available jobs.

This booming population affects every phase of our economy. One of the important problems facing us in the casualty industry is how we can insure, without losing our proverbial shirts, these youthful drivers, particularly the youthful males under 25. Even the females under 25 are becoming a problem. This youthful male risk involved in automobile accidents is all out of ratio to his percentage of the total number of automobile drivers.

The booming population is changing housing trends. Ours is a constantly shifting nation. Every year one person in five moves to a new home. Housing trends are changing to smaller homes and apartments geared to the young married and to the over 65. The surge

Pinckney Dispatch

VOLUME 81 — NO. 4

PINCKNEY, MICHIGAN, WEDNESDAY, FEBRUARY 5, 1964

SINGLE COPY 10c

School Bond Report Nears Completion

"By next week the required amount of book work will be completed and be well on its way to the proper state officials in Lansing."

This statement was made by the Superintendent of Pinckney Schools, Wes Reader, in reference to the action that is being taken toward getting the new proposed Pinckney Community high school built now that the \$1,300,000 school bond has been approved by the district voters as of January 13, 1964.

"It has taken a great deal of research work to complete the volumes of reports and records so desired by the State Department of Public Instruction and the Michigan Municipal Finance Company," adds Mr. Reader. This information must be turned over for state inspection and investigation before the bonds can be sold and "of course the bonds must be sold before one nickel can be spent." Mr. Reader feels that by the middle of May the bonds should be sold and by September bids should be open. It will, he believes, take the state this long to process the report.

Reader is anticipating a meeting with architects, Vander Meiden & Koteles, this week to get the drawing of the high school plans underway. This is something that is permissible before bonds are sold, and will save time by doing it now.

Reader is doing this book work because of him being the most logical person, having so much of the information required right at his fingertips.

Youths Borrow Churchgoers' Parked Autos

Two cars were "borrowed" from the People's Church parking lot last Friday evening while their owners were inside the church attending the concert given by the Detroit Bible College Choral, and were replaced before the concert had ended.

The 1964 Chevrolet belonging to Mr. and Mrs. Lewis Shirey, one of the cars taken, was damaged. The front fender had been dented and the signal lights damaged. A transistor radio was found in the Shirey car that as yet has not been identified.

The other car, a 1959 Chevrolet belonging to Mrs. Iva Gardner, was not damaged. Owners of the automobiles had left their keys in the ignition.

Some of the information included in these reports are such things as a record of every industry located in the school district; the seven supervisors were contacted and a report given on the real and personal property tax for each of those living in the 7 townships involved in the school district; an accurate census taken to determine the number of "living souls" included in the district, (which, comes close to the 6,000 mark); the actual square miles were figured, (which was 63 sq. miles); the financial condition of the district was figured; and these are only a few items of research that have been done by Mr. Reader.

Pirates Outgunned By Manchester 80-44

Last Friday, Jan. 31, the Pinckney Pirates dropped another basketball game, when they lost to Manchester 80 to 44.

The Manchester five were just too tall for the Pirates as they pulled in 55 rebounds to Pinckney's 29. Duane Knapp led the Pirates in this division with 6.

The Pirates made 18 of their 71 attempted field goals for 25 1/2 per cent. Manchester made 33 of 79 for 40 1/2 per cent.

Steve Randolph was once again high scorer for the Pirates. This time he made five field goals and one foul shot for 11 points. D. Mann led the way for Manchester, as he totaled 16 points. Ron Punches was also in double figures for the Flying Dutchmen with 12 points.

The Pirates made 8 of 14 at the foul line for 57 1/2 per cent, while the Flying Dutchmen made 14 of 23 for 61 per cent.

Mr. Reader and the Pirates coach, Jim Brady, is declaring this week "Pep Week" at Pinckney High School and he hopes it will pep the team up enough to beat Ypsi-Roosevelt this Friday.

Interesting figures, part of the report on the growth of the school district, showed that in 1940 there were 1,000 persons living in Putnam Township and 900 living in Hamburg Township; 1950 shows 1,500 in Putnam, 1,700 in Hamburg; 1960 shows 3,200 in Putnam, 3,100 in Hamburg; and it is expected that in 1980 records should show Putnam with 3,400 and Hamburg 6,500.

This is first in what is hoped to be a series of reports on the necessary action that must be taken toward the building of the proposed high school from the time it was approved January 13, 1964, until completion.

Livingston Lodge No. 76 F & AM will have their 27th annual Venison Banquet and Guest Night Saturday evening, February 8 at the Pinckney High School gym. Dinner will be served at 7:00 P.M.

Guest speaker will be Dr. M. J. Skowronski, medical superintendent of Howell State Hospital.

Dr. Skowronski spent nearly six years in Dachau, the ill-famed concentration camp, during World War II until freed by American troops under General Patton. After his release he assisted in the care of fellow persecution victims. Dr. Skowronski will show films taken in Germany depicting these experiences.

The Way We Hear It

By Dolly Baugha

... better not leave your keys in the ignition unless you do not care if someone borrows your car. There has been a lot of mischievous goings on the past few months. 'Twas not too long ago someone "borrowed" Mrs. Clarice Reason's car. Of course, the person was found out when he happened to drive into a field with it, became stuck, and then walked to a farmer's house and "borrowed" a tractor to pull the "borrowed" car out of the mud. Within the last couple weeks a car was "borrowed" from Van's Motor Sales used car lot. It was apprehended. Now last Sunday two cars were borrowed from the People's Church parking area. It was not the same person each time that did the borrowing.

... February 20 should prove to be a very large day in Pinckney, I understand. The Village council has proclaimed it an official day of celebration to honor a certain person, and his wife, for various reasons. The details have not been released for press, but next week we shall have them! Watch the Dispatch. Be alert!

... lightning struck George's Barber Shop during that freak electrical storm Friday night, January 24. Damages amounted to \$40.00 or better to have the fuse box replaced and some new wiring.

... that Del Rio basketball team came through beautifully last Monday night and beat the Dexter team. Now Del is in 1st position in their league! Players Phil Gentile, Stix Ritter, Jim Bradley, Doug Gerkin, Cass Czelsak, Dennis Stevens, and Dick Johnson make up the team. Other teams in the league are from Chelsea, Milan, two from Ann Arbor, and the Del Rio team and Dexter. It's nice they won — of course, they do have a handicap — their age!

... John Birdsong will be at Lavey's Hardware Wednesday February 12, to sell you your license plate tabs for 1964. The hours are from 1:30 p.m. till 5:30 p.m. This is for your convenience. Don't let it go by!

... things are looking better in the wonderful world of basketball at P.H.S. The Pinckney freshmen beat Dexter freshmen in a "see-saw" searing battle last Friday night. The final score was 57-56. This is the first time for beating any Dexter team in at least 3 years or more. Spose this freshmen team will be the champion team of P.H.S. come 1968?

"Our Miss Brooks" Well Under Way

February 13 is not far off now and rehearsals are going full tilt for those people who will take part in the play "Our Miss Brooks" that will be given this night, (Feb. 13) at 7:30 p.m. in the Pinckney high gym.

Mr. Don Gibson is director-producer of this evening's entertainment, and it is students from his speech classes that will be performing in the play.

Tickets are 35 cents if purchased beforehand. Seats may be reserved for 60 cents per person, and if tickets are bought at the door they will be 60 cents, per person.

The cast of characters includes Martha Nash as Miss Brooks; Cherrille Darrow as Miss Finch; Bill Backlund as Hugo Longacre; Stanley Kozl as Mr. Wadsworth; Rhoda Baxter as Miss Audobon; Barbara Kennedy as Elsie; Rose Marie Vedder as Elaine; Pat Wiltshire as

Jane; Bev Umstead as Sylvia; Rochelle Randall as Doris; Pam Seefeld as Marge; Marlon Tait as Ted; Melody Morris as Faith; Larry Bowles as Stanley; John Haas as Martin; Niane Bolen as Mrs. Allen. Remember now and don't miss the show

LARRY BAERWALD and Larry Forinash are two of the men in charge of repairing the scenery that will be used February 13 for the play "Our Miss Brooks".

"OUR MISS BROOKS", or, as she is better known, Martha Nash, gives "Ted," Jim Jeanette his cue!

WITH THIS LINE-UP, and if they learn their parts well, this should prove to be "the play of the year" by far. Left to right are Rose Marie Vedder, Rochelle Randall, Martha Nash, and Bev Umstead (back to camera).

MEMORIZING WHILE waiting their "cue" to go on stage, this group is determined to make this play a success just to please speech class instructor, Don Gibson, if for no other reason!

Pinckney Frosh Edge Dexter

Last Thursday evening, Jan. 30, may have been reason enough for Pinckney High School to have a new outlook on basketball for the next few years. That evening the Pinckney High School Freshmen team beat Dexter's Freshmen team 37 to 56. It was the first time a Pinckney team has won this year and the first time a Pinckney team has beaten a Dexter team in quite a while, (three years or more).

Of course, with such a close score, it was the most exciting game played by any of the three Pinckney teams, this year. It was a close game all the way, first one team would jump ahead then the other. Then, to make it more exciting, four Pinckney Freshmen fouled

out with the most crucial part of the game remaining. This left only a couple of starters and the rest of their second stringers to finish out the game. They didn't let coach Don Gibson down, however, as they pulled it out by that one point. The whole team did their best and they all had a big part in winning the game.

Auto Accident Injures Woman From Pinckney

Mrs. Mary Cross, of 10560 Monticello Road, Cordley Lake was injured last Monday afternoon, January 29 while driving on Service Drive at Whitmore Lake. She swerved and went over an embankment to avoid hitting another car head on.

Mrs. Cross was taken to McPherson Health Center for treatment. She sustained three cracked ribs and a neck injury in the accident.

... Pinckney Prattle ...

By ALICE GRAY

Florida bound this week are the Olin Robinsons of Rush Lake. The Vaughn Williams family of Silver Lake are now in Florida.

Remember, there are only a few more days to register with City Clerk Robert Ackley for the village election to be held in March. Let's all get out and vote this year. One recent village election had only 46 voters coming to the polls!

LISA MARIE GUY ARRIVES

Mr. and Mrs. Edward Guy, Jr. of Portage Lake are announcing the birth of a daughter, Marie, weighing 8 pounds 1 ounce, on January 31 at McPherson Health Center. The new Miss Guy has a brother at home, Mark Edward, who will celebrate his first birthday February 10. This makes the second grandchild for the Will Singers. Mrs. Guy is the former Karen Stager. The singers in the Detroit

Bible College Chorale who performed at the People's Church arrived by Greyhound bus last Friday morning and spent the day in Pinckney. This was the last stop of a two week long tour for the group. They had lunch at Jerry's Drug Store and Bev's Restaurant here and then some enjoyed the bowling at La Rosa's. The ladies of the People's Church entertained them at dinner in the church basement before the concert.

Mr. and Mrs. John Burg entertained at a birthday party last Sunday honoring their son Carl on his 21st birthday. Carl and Tommy Davis were in Boyne Mountain Friday and Saturday to take in the skiing.

Edward Egeler, son of the Bob Egeler, is now out of the army after serving almost seven years.

Following in the family tradition, Edward is now in the Deputy Sheriff business—being connected with the Livingston County Sheriff's Department. He is living in Howell with his wife (former Jenny Lynn Parmelee) and their four children.

PINCKNEY PATIENTS AT ST. JOE

It's like old home week at St. Joseph's Mercy Hospital in Ann Arbor this week. Mrs. Abel Haines entered Friday for tests and observation. Paul Singer was admitted on Wednesday and had surgery on Thursday. Other Pinckneyites who are patients there now are Dick Higge, John Higge, Mrs. Mary Amburgey, Mrs. Earl Thurston, and Mrs. Estelle Bottke.

Mr. and Mrs. Leo Bettes of Walled Lake and Mr. and Mrs. LaVern Smith of Lansing spent Sunday with Mrs. Edith Carr.

Sunday guests at the home of Mr. and Mrs. Maurice Darrow were Mrs. Darrow's sister, former Pinckney resident, Mrs. Hazel Thompson of Chicago. Mrs. T's two daughters, Mrs. Betty Cleavinger of Ann Arbor, and Mrs. William Fogg and her husband, were also visitors. Little Kaye Drake of Ann Arbor accompanied them. The group also called on the George Youngermans while in this area.

The next round in the Mason's euchre tournament will be held at the Pinckney lodge, Tuesday, February 18, with Brighton being their opponent.

AHLSTROMS ENTERTAIN
Saturday night Mr. and Mrs. Clarence Ahlstrom entertained at their home at Hilland Lake honoring Kathie Kirschke on her graduation from Eastern Michigan January 26, and Mr. and Mrs. Herb Bowles on their 17th wedding anniversary. Other guests were Mr. and Mrs. Bob Harding and Mr. and Mrs. Lloyd Wolf.

Sunday, February 2, was Sausage (Ground Hog) Day. Haven't heard yet if he saw his shadow or not, winter seems to continue on in full sway.

Attending the Tyrian Chapter OES 40th Birthday celebration in Detroit last Wednesday, January 29 were Mae Dailer, Frances Robinson, Lucile Camurn, and Alice Gray. There was a banquet followed by the chapter meeting featuring inimitary work done by the past matrons.

Mrs. Tressie Coyle is staying with Mrs. R. K. Elliott for a while.

Mrs. Isobel Johnson, second grade teacher at the Pinckney Elementary School, attended a MEA President's Conference at St. Mary's Lake last weekend. Mrs. Johnson, president of the MEA in Livingston County, left Friday and returned Sunday.

ANNUAL SKATING PARTY FOR HILAPOA

The Highland Lake Property Owners Association held their annual skating party Saturday afternoon, January 18, on the lake with headquarters at the home of the Al Schneiders, 11863 Welman Drive where the big fireplace was available to all who needed thawing out occasionally. Another large fire outside by the lake could be used for warming up purposes also.

Music was available for those proficient enough to dance on skates.

President of HILAPOA, Emerson Pattison, provided

a sled run that would carry "slidders" down the hill and out over the ice on the lake. Refreshments were served. The committee for this affair were Mrs. John Walton, Mrs. Al Schneider, and Mrs. Gross.

Melvin Janocki of Algonquin Drive, Portage Lake has been a patient at the University Hospital in Ann Arbor for 10 days but is now home and is recuperating very nicely.

Mr. and Mrs. Charles Henry and daughter of Chicago spent last weekend at the home of Charles's parents, the L. J. Henrys.

Marilyn Scherrens, former Rush Lake resident, spent the weekend with Patty Hoelt, daughter of the Roy Hoelt at Rush Lake.

ROGER SZALWINSKI MARRIED IN CALIFORNIA

Shelley Ansell of San Francisco, California and Roger Szalwinski, son of Mrs. Pat O'Leary of West M-36 were married Saturday, January 25, in Highland Inn Chapel at Carmel-by-the-Sea, California.

Roger, a former resident of Lakeland, is now in the TV business and is attending evening classes at Herald Engineering School taking electrical and drafting courses.

His wife is a TV ad coordinator for the local outlet of CBS. They will make their home at Alameda, Calif.

Robert Black, son of the George Blacks, had as his weekend guests another PHS student, Ron Slickemeyer.

Alvin Bechler and Mrs. Dorothy Bova, both Rush Lake residents, had dinner at the home of Mr. and Mrs. Don Oleski last Sunday.

FREDERICK KARSTEN, JR. ARRIVES

There's a brand new arrival at the home of Mr. and Mrs. Frederick Karsten on West M-36. A baby son, Frederick Emil, Jr., arrived January 16 at McPherson Health Center. The baby weighed 7 pounds 12 ounces at birth. Mrs. Karsten is the former Grace Poulsen, daughter of Mr. and Mrs. Otto Poulsen.

This makes the 6th grandson for the Floyd Marstens. Mr. and Mrs. William Horner, of Patterson Lake, attended a party Sunday afternoon at the VFW Hall in Ann Arbor given by the musician's Union.

Daughters, Susie and Debby, visited at the home of their aunt, Mrs. Croeman, in Ann Arbor Sunday afternoon.

Boy Scout Troop No. 58 in observing the 54 birthday of The Boy Scouts of America will wear their uniforms to school everyday next week. As their current project each patrol is constructing a camping scene accommodating the number of boys in their group. Scoutmaster Don Oleski has planned a skating party for the boys to be held on February 25.

Former PHS students, now in the service, had a weekend get-together way out in California. Gary Szalwinski, now with the Marines in San Diego spent the weekend with his brother, Bud, who is with the army in San Pedro.

SHORT SUBJECTS:

New residents in town are the Paul Howard family from Dexter who have bought a house on Hamburg Street. Mrs. John (Celia) Bailey will be vacationing in Florida for a while then will live in Royal Oak. We hear the new name for cigarettes is "cancer sticks". Birthdays received too late for listing are: Cynthia Black for February 6 and Mrs. Agnes Tepatti, February 4. The state of Michigan had a birthday last week, too—it is now 127 years old.

He who sings scares away his woes. —Cervantes

FLAVOR DELIGHT

Fresh Florida oranges and grapefruit make light, refreshing appetizers for hearty winter meals. Tasty toppings include (upper left) bacon cut, (upper right) marinated shrimp, (lower left) lime sherbet, and (lower right) orange mint sauce.

World Day of Prayer

February 14th as the children exchange Valentines in token of sincere friendship, the women of Brighton will unite with hundreds of thousands throughout the world in prayerful kinship in observance of the 78th World Day of Prayer.

All persons interested in joining this world wide prayer fellowship are invited to assemble with the members of the Presbyterian, St. Paul's Episcopal, St. George Lutheran, Wesleyan Methodist, and First Methodist Churches at the First Methodist Church at 1:00 p.m.

The theme for the 1964 service is "Let Us Pray" and the service was prepared by Dr. Madeleine Barot, executive secretary of the Department on

the Cooperation of Men and Women in Church, Family and Society of the World Council of Churches, Geneva, Switzerland.

The gifts collected as an essential part of the observance will go toward sustaining 12 Christian colleges for women in Asia and Africa, and will also make possible the translation, printing, and distribution of Christian literature to women and children in many parts of the world.

The blessings, spiritual and physical, brought through the unity of prayerful hearts, have been evident since the first small group of Christian women met 78 years ago, offering their prayers and gifts for missions. The faith and love of God expressed then has reached out to the present time when groups in 150 areas on six continents will be gathering throughout twenty-four hours bound together in prayer.

The nation's first regularly scheduled passenger air service was inaugurated in Michigan. In 1926 the Stout Air Service began daily flights between Detroit and Grand Rapids.

Hawkins P.T.A. Is To Discuss Health Program

On Tuesday February 11 at 8:00 p.m., the Elementary P.T.A. will meet at the Hawkins School.

The program will be on health in our schools and how our local schools are handling the health problem. There will be a brief discussion on hearing tests and our Topical Fluoride Program for prevention of tooth decay. Also a film will be shown from the American Dental Association entitled: "Today Alice is Three."

Greenhouses, supplied with three to ten times the normal level of carbon dioxide, have increased the yield of lettuce, cucumbers and tomatoes 20 to 80 per cent for Michigan State University scientists.

Letters to the Editor

Dear Sir:

On behalf of the Howell Junior Chamber of Commerce, I would like to express my appreciation for your cooperation in making "JAYCEE WEEK" the success that it was.

Thank you,
Darrell D. Darling
Chairman
JAYCEE WEEK

January 31, 1964

Dear Sir:

On Wednesday, January 29, I attended the Career Night sponsored by the Brighton Rotarians.

This was their annual project carried out most efficiently, and I feel both parents and students alike should be proud that we have such an organization in our town.

The event, headed by Dr. Harry Davis, offered a fine selection of occupations for high school students to be looking into for the future. Careers from Hair Styling to Social Work were represented by the best in these fields and it took hours of work to obtain these people.

It's a shame that the students of the other County Schools, who were all invited, and more local people did not take advantage of such an opportunity to its fullest capacity.

Old and young alike could have profited from this experience, and I hope the Rotary continues to offer this

opportunity to the community in coming years.

Sincerely,
Michael Koteles

To the Editor:

So we have a City Manager. Why?

Because some years ago there were 12 more votes cast for than there were against the city manager form of government and we have not had a chance to express our opinion at the polls since.

Many thousands of dollars have since been spent by the City of Brighton, and I have yet to see one (1) thing that the City of Brighton has, because of the City Manager, that we could not have had without a City Manager.

Our Federal Government has a President.

Our State Government has a Governor.

The City of Detroit has a Mayor.

These various officials are elected to their office and function accordingly. If we do not like the way they do their job, we have a chance to vote for someone else at the next election.

Do we have a chance to vote for the City Manager?

We do not!

If we do not like the way the City Manager does his job, do we have a chance to vote for someone else?

We do not!

The President, Governor and the Mayor are elected officials, and that is Democracy at work.

Furthermore many small cities operate better and with less expense without a City Manager.

It is long past the time when we should have had a chance to express our opinion, at the polls, on the form of government we would like. So let's have some petitions out where we can sign them to bring this question to the polls. Take a good look at anyone who objects, to see what they have to gain or lose, and look again—you might have missed something.

So we have a City Manager. LET'S HAVE THE PETITIONS.

Reds Give U.S. Some New Plants

Fruit and grape growers in Livingston County may soon have some new varieties to tickle the public's palate.

The first American "plant explorers" allowed in Russia since 1929 have brought back varieties of fruits that propagate in bitter cold and in arid areas. Also they brought back some new species of grapes and other valuable plants.

Bud shoots from wild apple, pear, and cherry trees as well as cultivated varieties of many fruits having exceptional cold hardiness are among the finds made by Drs. John L. Creech and Donald H. Scott, horticulturists of USDA's Agricultural Research Service during

their 45-day trip, which stretched from Leningrad to Central Asia.

The tree fruit collections should prove valuable to U.S. breeders in research to originate improved varieties of fruits and to develop harder root stocks.

Dr. Scott, who heads ARS small fruit and grape investigations, reported finding a green seedless grape variety, recently developed by the Soviets, that produces table fruit far bigger and with crisp flesh than any now grown in the United States.

Child Adjustment School Offered In Ann Arbor

Billy is an intelligent but overly aggressive 10-year-old, yet his work is on a par with an average second grader.

Susan, age 10, does fairly well academically, but is constantly nervous and fearful of other children.

These two youngsters, whose behavior is so different from typical fifth graders, are among 50 inpatients attending an unusual school in the Children's Psychiatric Hospital at the University of Michigan Medical Center.

Here Billy and Susan get daily classroom instruction. Billy receives additional remedial help, and both are encouraged to participate in extracurricular activities.

School children at CPH are grouped in classes of five or six, sometimes less. Daily schedules of schoolwork, remedial therapy, psychotherapy, occupational therapy and rec-

reational therapy continue 12 months a year.

Like most schools, CBH has a "principal." He is James W. Marshall, recently promoted to the position after serving as assistant principal since August 1962.

Marshall has known the U-M Medical Center all his life. Beginning with his grandparents in 1922, twenty of his relatives are, or have been, employed at the center. Together they've totaled 164 years of service here. His father-in-law, the late K.P. Vassoff, was postmaster at the hospital for 43 years.

A teacher by profession, Marshall says he's "always worked with children or adults who have had problems with emotional and social adjustment." He taught special classes in a Plymouth (Mich.) high school for four years and has served as a rehabilitation counselor in a correction camp. But because he wanted "a more clinical atmosphere," he came back to the U-M Medical Center in 1962, where he'd previously worked part-time.

According to Marshall, classroom grouping is an initial hurdle at CPH School. A new patient is placed in a particular class on the basis of age, achievement level, remedial needs, and the nature and extent of his emotional problems. He is taught by a teacher specially trained in the education of emotionally disturbed children and receives intensive individual instruction.

Extra-curricular activities, such as Model Club and Nature Club are also available.

Marshall says the basic goal of CPH School is to help the child work up to his potential, socially as well as academically, so that, hopefully, in about a year's time he will be able to make the adjustment back to a public school classroom.

Marshall lives in Ann Arbor and has four youngsters of his own.

"MAGIC" FILM

Though few homemakers know it, stainless steel fixtures and utensils actually have an invisible film over their shiny surfaces—and it's this film that makes them so rugged! According to Jones and Laughlin Steel Corporation, this unseen coating resists all forms of corrosion, or rusting; if it is scratched, the film repairs itself as soon as oxygen touches it.

ADDED DISNEYLAND AFTER DARK

Your KEY To The FUTURE is with the McPHERSON STATE BANK

TIME TO SAVE!!

A complete program to make it easy and convenient to save no matter what your needs, objectives or available funds may be.

REGULAR SAVINGS

Earn 3% compounded semi-annually and can be drawn upon whenever needed. Deposits may be made in person, by mail, in our 24 hour depository after hours, at our drive-in window or at your request by regular transfer from your checking account automatically. Ideal for day to day saving.

TIME CERTIFICATES OF DEPOSIT

Earn 3 1/2% if on deposit over six months and less than one year, 4% if for a year or over. These certificates mature in three years but may be withdrawn on three months written notice at any time prior. They may be purchased in amounts of \$100.00 up. Excellent return with assured return of principal for money which can be left for a longer time.

CHRISTMAS CLUB

Provide a means of regular saving for specific purposes. A check for the amount saved is mailed at the end of each club and a coupon book is provided as a reminder to make the deposits.

Whichever program fits you best we know you will enjoy the feeling of satisfaction and security your savings will give you, and the helpful friendly service you will get at either our Howell or Pinckney office.

Stop in and open an account today. You'll be glad you did.

+ Woodhams Predictions

(Cont. from Page 1)

of population is toward the country and the suburbs. Statistics indicate that among mature white men, four moved to the suburbs for every one that returned to the city. This movement adds to the pressures for more and more highways. Merchants and businesses of all kinds have to gear their future planning to cater to this growing crop of the under-25 age group and the shifting housing trends.

INSTALLMENT DEBT. Another vital factor in 1964 is the growth of our constantly increasing debt load. Thirteen point six per cent of every dollar that is taken home after taxes is already committed just to pay outstanding installment debts. This is an all-time high ratio and compares with 3.4 per cent at the end of World War II and only 11 per cent 10 years ago.

For years economists have been telling us that 13 per cent is the magic maximum, that when that percentage was reached the people had to start concentrating on paying off their bills and cutting down on their spending. Installment debts alone in July 1963 totaled almost \$1 billion of dollars, up some five billion in a year. The rise of install-

ment debts in the past 12 months is much greater than the rate of rise in after-tax personal income.

Now, mind you, this is just installment debts and is in addition to mortgages and all other types of debts. If we are at the danger point on installment loans and if our people are caught in the debt squeeze and if they do start curtailing their spending, it could conceivably slap a brake on future purchases of automobiles, TV sets, household appliances, and all other articles for which installment debts are incurred.

The question is — are we crashing the debt barrier? Most experts confess that they are worried this might happen if certain developments do not occur: if consumer incomes do not continue to rise; if consumers do not maintain confidence in the continuation of their jobs and income prospects; if reasonable restraints are not maintained by lending institutions over lending terms. These are big ifs, but — across the board — income tax cuts, which I previously mentioned, could resolve the first two if the tax cuts occur.

UNITED STATES SPENDING. President Johnson has placed on the top of his list of "musts" a tight budget for 1964. In his first address as President, Mr. Johnson has pledged to administer government spending with the utmost thrift and frugality. He has ordered the heads of all government departments and agencies to hold budget requests to the barest minimum consistent with efficient operations. He has told the budget director to re-examine every spending figure so that the budget he submits to the Congress is an example of prudence and economy. This is tough money talk but is the price that Congress is demanding for the passage of the tax cut bill.

But this tight budget, what is it going to be? It will in reality be the biggest budget in the almost-200 years that the United States has been a nation smashing all records for spending in global war as well as in peace. It will call for spending in the 12 months of the fiscal year of about 100 billions of dollars. It will represent an increase of about two billion dollars over this year's spending.

There will be a budget balance in the red for the fourth year in a row and it will mark the 28th budget deficit in the 34 years since the time of Herbert Hoover. But as President Eisenhower said in his 1960 budget message:

"We must not forget that a rapidly growing population

creates virtually automatic increases in many Federal responsibilities." There are almost 10 million more Americans today than there were the day that John F. Kennedy took office, so just as President Roosevelt outspend President Hoover and President Eisenhower outspend President Truman and President Kennedy outspend President Eisenhower, so will President Johnson outspend them all.

FURTHER INFLATION. I would think that some inflation would be generated with the income tax cut. There will be perhaps a persistent inflation running one and one-half to two per cent a year so that in 25 years prices of goods and commodities could go up as much as 25 per cent. These boom years that economists are predicting for the rest of the 1960's, if they come to pass, would touch every phase of our lives and our businesses, our investments, home buying, pensions, company expansions, and inventories. If their predictions are right, 1964, will, I am afraid, see the start, too, of another wage-price spiral. Consumer demands will be insatiable, the appetite for automobiles, new homes, new appliances will continue, construction will climb fast with new roads, new sewers, new water systems, new office buildings, and new schools.

COMMON STOCK MARKET GO HIGHER? Looking at it from the standpoint of an investor rather than as a speculator, I would like to view it this way: Common stocks have customarily returned more years they have yielded less than bonds. In the last five years they have yielded less than bonds. This same contraction relationship prevailed in 1928 and again in 1929. The present bull market has carried prices up to 18 and 20 times or more earnings. Yields have fallen below three per cent on a good many of the blue chip common stocks. In contrast bond yields are up to about four point three per cent.

Only recently a first rate bond, Consolidated Edison, was offered to yield four point five per cent. Its common stock returns three point eight per cent. The big question is whether common stocks, now that the yields are low and price earnings ratio high, will rise in the next five or 10 years as they have during the past five to 10 years. Some optimistic brokers are talking about \$800 for the Dow Jones Averages in 1964, some are even predicting that they will reach \$1,000 within the next five years.

In the course of the year I have occasion to examine, casually at least, the annual financial statements of many

Michigan Quiz

Can you answer these questions about the Water Wonderland State?

1-MICHIGAN IS FIRST IN THE NATION IN NUMBER OF FULLY DEVELOPED WINTER SPORTS AREAS. DO YOU KNOW HOW MANY WE HAVE?

2-THE WINTER OVER \$20 MILLION WILL BE SPENT ON SKIING IN MICHIGAN. HOW MANY SKIERS USE MICHIGAN SKI FACILITIES?

3-AN ALL-WEATHER HUNTING PARADISE, MICHIGAN WAS THE FIRST STATE TO PROVIDE FOR A PAID GAME WARDEN. WHEN WAS THAT?

4-YOU CAN GET A FREE SKI MAP WHICH DESCRIBES ALL OF MICHIGAN'S WINTER SPORTS CENTERS. DO YOU KNOW HOW?

of the "blue chip companies," so-called, and I find that a rather surprising number, outside of the three big automobile manufacturers and some of the newly-rich glamorous companies, show a modest increase only in earnings — if indeed, any at all, during the past fiscal year. All corporates are being forced to exercise every possible economy in their costs and as labor costs in many industries predominate all other types of expenses, these companies are forced to resort to more and more automation machinery or to removing their operations to lower-wage foreign countries in order to keep in a competitive situation.

It seems to me that it is entirely possible that institutional buyers — the insurance and trust companies, investment trusts and pension funds — which first dipped their toes and then the larger part of their portfolios in the '50's and the '60's may switch to the senior securities during 1964 in order to get a higher cash return. If that should happen, stocks for an indeterminate period may not prove as satisfactory either in yield or in market behavior as the less glamorous bonds, preferred stocks, money in the savings accounts, or in savings and loan institutions.

AND SO NOW TO MY 1964 PREDICTIONS. Now that I have rather rapidly sketched some of what I would deem to be the more important factors that will influence our lives and well-being in 1964, here are my guesses for this coming year. **POLITICAL.** 1964 will be another presidential election year as well as a year of gubernatorial selection here in Michigan. Politics is bound, therefore, to cover a great deal of our listening and looking time on radio and TV.

When I venture into the realm of voters' selection for important offices, I am way over my head, but I would look for the presidential nominees to be Johnson for the Democrats and Richard Nixon for the Republicans. Johnson, unless something should happen between now and November, should win the election with a somewhat larger majority than did Past President Kennedy.

In the contest for the Chief Executive of the State of Michigan, I would think it would be Romney for the Republicans and Staebler for the Democrats, and despite my nominal political leanings, I am forced to the conclusion that Mr. Romney is facing a real fight if he reclaims his position as governor, especially if Mr. Johnson carries the state for the Presidency.

POSSIBILITY OF WAR. I would not think we need to worry about a World War in 1964, at least not a nuclear war. There will be brush fires all over the world and as a self-assumed leader of the free world, the United States will be called upon to extinguish or to help extinguish them wherever they occur.

The Cold War with Russia will continue to thaw as long as Mr. Khrushchev stays in power in Russia. De Gaulle in France will gradually fade. Castro seems to be in economic trouble in Cuba but there apparently are no prospects of an internal revolt. East and West Germany, as I predicted a year ago, will gradually reunite but not, I think, in 1964.

FEDERAL INCOME TAX BILL. Will pass and will add about five point six billion dollars to disposable income.

CIVIL RIGHTS. A diluted, watered-down Civil Rights law greatly modified from the present bill in Congress will, I think, be finally passed.

ECONOMIC CONDITIONS. The gross national product usually considered by economists as a sort of bellwether indicator of economic conditions is slated by most of the economist fraternity to go up about five per cent. As it is now about 585 billion this would bring it up to about 620 billion.

The automobile manufacturers seem confident of another seven million plus year aiming at seven point six million cars and one and one-third million trucks against seven point six million cars in 1963 and one and one-half million trucks, a slight decrease but still a heck of a lot of motor vehicles. No wonder if all of this happens that highways will be crowded.

traffic fatalities will be up, and insurance rates higher. I had to bring that in!

Last year in these predictions I did not think that the automobile companies would have two high production years back-to-back. I missed on that prediction but again I stick my neck out and predict that I believe that the leaders of the industry are too, too optimistic.

FARM INCOME. Farm income is the weak spot in our economy. The government farm parity ratio for measuring the economic well-being of agriculture fell in 1963 to its lowest point since 1939. If the ratio was 100, farmers theoretically would be receiving a fair price — the average for the year was only 78 per cent.

LABOR. One of the big hurdles for 1964 to be jumped will be the UAW negotiations with the automobile manufacturers. Labor's present three year contract expires on August 31, 1964, and I would look for the usual labor-management fireworks, possible some strikes, certainly the threat of strikes. Labor will naturally ask for a shorter work week, for higher wages, increased fringe benefits, but I think they are disenchanted with the profit-sharing idea — preferring cash to the opportunity of participating in company profits.

INTERNATIONAL BALANCES. Our gold reserve will continue its erosion in 1964. While our exports will continue to rise, so will our imports and the international balance of the United States with the rest of the world will be about the same January 1, 1965 as it is right now, January 1, 1964 — four and one-half billion.

MY CONCERNS. One of having lived a long time, surviving the giant of all depressions in the 1930's, and having watched over a period of 40 years or so the economic trends as they have swung through their inevitable cycles of ebb and flow is that you do not view with the extreme optimism of some of the predictors when looking at 1964.

These predictors do not see a cloud in the sky, they seem to vie with each other in trying to describe the Year 1964 with new superlatives — golden, dynamic, sizzling, reminiscent of the predictions that they made back in 1960. But I am concerned about a number of factors. I am concerned about the strenuous, almost vicious competition existing in almost all of the industries excepting those monopolistic such as the public utilities. Competition has done very much to increase efficiency, produce better products, give better service to the public, but competition can reach a point, too, where it is destructive and corrosive and it seems to me that it has now reached the point in certain types of business or industries where it is not serving the public.

This Christmas I received, not from a member of the family, a transistor radio clock. The package was clearly labeled in large letters: "Made in Japan." I am concerned about the amount of imports "Made in Japan"; I am concerned about companies like Burroughs transferring a part of their operations to Scotland and France; I am concerned about General Motors making the Opel car in France to be sold in quantities, they hope, in the United States;

I am concerned about Studebaker closing out their car building in this country and continuing to make cars in Canada; I am forced to look to foreign countries in producing their products because of labor costs but thereby creating unemployment in the United States and lessened opportunities for our young people.

I am concerned, too, that agriculture, surely one of the basic industries of our economy, is not experiencing a commensurate share of a country's prosperity and nos-

tragically that farming as a way of life is passing largely out of the picture. I regret to see the precipitous increase in bankruptcies, especially of smaller business enterprises, the squeeze against the smaller business merchants by the giant chain stores and the super markets.

I view with alarm the erosion of our gold reserves and that we are putting ourselves in the keeping of the foreign bankers who could produce in this country an economic debacle if they were to convert the credits which they hold into gold. I am disturbed by the fact that despite a long period of prosperity we still have a growing number of persons wanting work but unable to find it. I do not like to see the debt load constantly getting larger and heavier for the Federal Government, our municipalities, and individuals. Then I am concerned, too, that our prosperity rests so precariously upon the United States spending 50-odd billions of dollars for defense. If any considerable percentage of this 50 billion allocated for defense budget were to be reduced and defense contracts to any extent were to be canceled, the number of persons then out of employment would be stupendous.

It bothers me, too, that the yield on the investment type common stocks is less than on bonds and preferreds. While I realize that the market is attempting to evaluate the growth of the corporates and is gambling that appreciation and possible increased dividends will overcome the difference, it still does not seem to me that the present prices for some of the common stocks can be justified.

Generally, I think 1964 will be a good year so I would recommend in looking to 1964 that we use a certain amount of caution and not view the year quite as optimistically as some of the predictors seem to feel should be done.

I attended Ferris Institute, now Ferris State College, a few short years back. Mr. Ferris was then Governor of the State of Michigan, but every Monday morning he would appear before the assembled student body expounding to them his advice and his philosophies. I can still see him — tall, gaunt, with a great mane of white hair, one lock falling over his forehead and left eye — giving some of his famous Monday morning lectures to the students.

Here is a Christmas greeting which he wrote in 1910 and which I thought was particularly appropriate for this time of the year:

"At least once a year you should ascertain your soul's present worth. During the year that has passed we hope that you have grown richer in sympathy, richer in kindness, richer in love. You have had your trials and your disappointments; you have had your joys and your sorrows. 'Are you living in the past or in the present? Are you quite sure that you are the one chief sufferer among 10,000? Extend your vision beyond your immediate neighborhood. The world is large; charity and more charity is not what the struggling millions want. They want social justice. With the coming of social justice cometh the Kingdom of Heaven.

"Give your smile as your flowers to those whom you meet on life's pathway today. Let your life convince the blind, the lame, and the halt that there is a Merry Christmas for all the world's children every day in the New Year. The Prince of Peace cometh to all who love." May I personally wish you, my fellow Rotarians, a New Year full of peace, health and contentment. May I thank you for the privilege of again discussing with you conditions as they appear at the beginning of a New Year.

Art Institute Opens New Exhibition

An exhibition of the works of Julius Bissier, contemporary German artist, will open at the Detroit Institute of Arts on February 11 and continue through March 22.

The exhibition, organized by the Institute of Contemporary Art at Boston, will consist of 129 works spanning the period from 1937 to 1963. They are divided into four groups: Bissier's Orient-inspired tusche (black ink paintings on neutral paper) at which he has worked since about 1930; color monographs from 1948-50 which marked his return to the use of color; watercolor "miniatures"; and his exquisitely colored oil tempera and gold leaf "miniatures," the style he has been developing since 1955.

Bissier was born in Freiburg, Germany in 1893, and has been a full-time artist since 1918. In 1960, he received the Prize of the Museum of Sao Paulo at the XXX Venice Biennale, and won another prize at the 8th Sao Paulo Biennale in 1961. His most recent award is the 1963 Belgian Critics Prize.

Working in seclusion, Bissier produces one or more paintings daily. The date and often the place of execution are added as integral structural elements, forming the title of each painting.

None of the paintings to be shown is for sale. This exhibition is under the sponsorship of Dr. Phillip Schmidt-Schlegel, Consul of the Federal Republic of Germany to New England.

An opening reception will be sponsored by the Womens Committee of the Founders Society, with Mrs. John Owen II as chairman and Mrs. J. Merriam Barnes as co-chairman.

Livingston Players Hold Meeting

The monthly meeting of the Livingston Players will be held at 8:00 p.m. at the West Elementary School in Brighton. After a brief business meeting, a one-act play will be featured as part of the entertainment program. After the program, members of the Players will criticize the acting and staging of the play.

Tim Hurst, program chairman for the group, has some exciting plans for this year's entertainment at the monthly meetings. He invites anyone who would like to see how community theatres operate to come and see for themselves. Cast Chosen by Director Dwight Stevenson, new director for the Players' next production, has chosen all the cast for "I Remember Mama." Announcement of the cast will be made next week.

Consumers Power Co. Expanding

More than \$5,000,000 will be invested by Consumers Power Company during 1964 in its Lansing division on projects to expand and improve electric and natural gas service. Division Manager William R. Carlyon announced.

Highlight of the year's program is important expansion of the company's gas service in the division, which will result in the construction of gas distribution systems to serve Pinckney, Rush Lake, Zukey Lake, Buck Lake, Hamburg, Westphalia, Fowlerville, Pewamo, Lyons and Muir.

Mr. Carlyon said the company expects to add more than 3,400 new gas customers to its lines in the Lansing division during the year, including 2,400 customers in areas already receiving gas service.

Electric department projects listed by Mr. Carlyon include strengthening of bulk power supply facilities in a number of areas, and distribution facilities in others. Bulk power reaches the area from the company's power plants around the state via high-voltage transmission lines. Distribution facilities include substations which carry the power at lower voltages to customers.

Specific projects include the construction of a new high-voltage substation to serve the Hastings area. It will be a major link in the company's state-wide system of 138,000-volt electric transmission lines, which connect to the power plants. About 14 miles of new 138,000-volt line will be built to connect the structure to the company's transmission system and about two miles of 69,000-volt line will be built to feed power from the new source to the existing Hastings distribution system substation.

Pinckney's Past

Gleanings from the Back Issues of the Pinckney Dispatch

FIVE YEARS AGO

February 11, 1959

About 200 attended the 22nd Annual Guest Night at the PHS Saturday night. Dinner was prepared and served by the Masons and featured venison.

Another icy spell Tuesday followed by a freezing rain closed the schools and made many roads impassable.

Mrs. Viola Dixon of Whitmore Lake called on the Abner Watkins family last week.

Mervin Lodwidge, who went to Arizona with Don Wiley, and John Fourned wrote his brother, Kevin, that they have not started work yet due to a strike on the pipeline.

The ice is said to be about 19 inches thick on the lakes and streams in this area.

The PHS girls lost to the Manchester girls' basketball team Friday 21 to 32. Sheila Hughes was high with 12. Carol Miller had 6.

Born to Kenneth Zill and wife (Rosalie Nash) Feb. 4 at Syracuse, N. Y., a daughter named Mary Elizabeth.

Rev. Welton Chamberlain preached at the Cong'l Church Sunday. He graduated at Oberlin College with a DD degree and on Feb. 15 will become the assistant pastor of Park Cong'l Church in Toledo.

The Brandon Whites moved to Ann Arbor Thursday. His mother, Mrs. Mable White, is packing her furniture for shipment to Seattle, Wash.

Mrs. Virginia Amburgey brought her baby home from McPherson hospital Sunday.

Mrs. Flora Darrow, 93, mother of Maurice E. Darrow, died Monday. Funeral was Wednesday. Burial in Pinckney Cemetery.

35 YEARS AGO

February 8, 1899

Through the enterprise and courtesy of C. F. Hewlett, local Watkins dealer, three reels of free movies were to be shown in Hamburg, Pinckney, and Gregory this week. Community singing will also be featured.

Mrs. Clara Swarhout is a

PATIENT AT THE UNIVERSITY

Hospital at Ann Arbor.

Miss June Lamb has accepted a position in the office of the Am. Society of Tool Engineers in Detroit, and commenced work last week.

Mrs. B. C. Daller and Mrs. Fred Read attended a meeting of the Livingston County King's Daughters past and present presidents, at the home of Mrs. Merrill Gallup on Monday.

Marion Shirey is working in the Sorenson factory in Dexter. S. H. Carr started filling his ice house last week. The ice is about 8 to 10 inches thick.

Born to Mr. and Mrs. Roy Campbell on Thursday, February 2, a 9 pound son, James Gerald.

Lee Lavey and P. W. Curlett attended the Democrat county convention at Howell last Saturday night.

Miss Ruth Nash has returned home from a two months visit in Chicago.

Col. Edwin S. George of Bloomfield Hills was a Saturday guest of Mr. and Mrs. Leo Frye.

Mr. and Mrs. A. C. Watkins and daughter, Gwendolyn, visited Mr. and Mrs. Will Dixon at Dexter Sunday.

The Jolly Dozen 500 Club were guests of Sheriff and Mrs. Irvin Kennedy in Howell Saturday night.

Scoutmaster Berg, Supt. Hulce, Jack Hannett, Jack Cadwell and Kenneth Lamont attended a school of honor at Howell Monday night. Jack Hannett was awarded a badge for pathfinding.

48 YEARS AGO

February 16, 1916

Last Saturday evening Mr. and Mrs. Fred Swarhout entertained a sleigh party of about 80 from the Chubb neighborhood. Music and games were the order of the evening.

Those who attended "The Birth of a Nation" at Ann Arbor Monday night were Dr. H. F. Sigler, Norma Curlett, Blanche Martin, Mr. and Mrs. Ross Read, Laura Huff, Ella Black, Hattie Decker, Florence Cook and Genevieve Allie.

The Este Fideles class of the M. E. church held a class party at the home of Clara Campbell last Friday evening. About 40 young people were conveyed to the scene in bob sleighs which was enjoyed by all. A program, consisting of solos, duets, readings, and recitations, followed by refreshments filled the evening.

Mrs. R. T. Webb, who has been sick for some time and is slowly recovering, received 125 cards on her birthday last Friday.

The thermometer registered the coldest yet last Monday morning when it dropped to 20 below.

80 YEARS AGO

February 7, 1884

Mr. S. M. Fletcher, a merchant, who has been in business for the past 12 or 15 years at Petytsville, died Friday and was buried from the North Hamburg Church, Sunday.

"The Oyster Shucker's Friend" is the name of a new patent medicine.

At the Pinckney Council meeting a bill was presented by Will Moran for work done on the streets, amount \$30.

Bill presented by H. O. Barnard for boarding tramps, amount \$1.75. Bills were ordered paid.

The country is badly overstocked with dogs, editor Winchell writes, - but there is one consolation in this, he states. If it were not for the dogs, the farmer who has two sheep frozen to death couldn't draw ten dollars from the dog tax fund.

A 17 jewel Gruen man's wrist watch will be offered as a special prize.

Coffee and soft drinks will be available throughout the evening and a lunch will follow the auction. All of these refreshments will be served free of charge.

The admission is \$1.00 per person. Everyone is welcome. The men of the Holy Name are working extra hard this year to make this an enjoyable evening for all who attend.

Proceeds will go toward the new proposed St. Mary Church to be built in Pinckney.

Lunch Menu

PINCKNEY COMMUNITY SCHOOLS

CAFETERIA MENU

Week of February 10, 1964

MONDAY, FEB. 10

Sloppy-Jo, vegetable, fruit, and milk.

TUESDAY, FEB. 11

Pizza Caserole, cabbage salad, French bread, fruit, and milk.

WEDNESDAY, FEB. 12

Tomato Soup, egg salad, sandwiches, vegetable, fruit, and milk.

THURSDAY, FEB. 13

Sauerkraut with weiners, sandwiches, vegetable, fruit, and milk.

FRIDAY, FEB. 14

Tuna and noodles casserole, sandwiches, vegetable, fruit, and milk.

Auction Plans In Final Form

The school hall of St. Mary Church, Pinckney on the evening of Saturday, February 8, will be the scene of a card party and chinese auction, sponsored by the Holy Name Society of that Church.

The party will begin at 8 p.m. with card playing. The highest score at each table will be awarded a table prize.

After this many fine gifts will be offered to those present in an exciting and hilarious auction. The presiding auctioneers will be Joe "quick-sale" Basydio and Roy "You'll Never Do Better" Hoefft. These two glib tongued gentlemen will offer many electrical appliances such as toaster, knife sharpener, coffee maker, corn popper, iron, hair dryer, fry pan, pole lamps, dinner linen sets, jewelry, and many others.

Three door prizes will be given. They will be a pole lamp, an electric can opener, and a cultured pearl neck pendant.

A 17 jewel Gruen man's wrist watch will be offered as a special prize.

Coffee and soft drinks will be available throughout the evening and a lunch will follow the auction. All of these refreshments will be served free of charge.

The admission is \$1.00 per person. Everyone is welcome. The men of the Holy Name are working extra hard this year to make this an enjoyable evening for all who attend.

Proceeds will go toward the new proposed St. Mary Church to be built in Pinckney.

SCHOOL NEWS

KINDERGARTEN

Mrs. Mildred Parks

We have a new calendar for February. We colored sunshine on "Ground Hog Day."

We like our new reading books and have done 14 pages in them.

We made a bird feeder out of a milk carton and Sheri Gilbert brought a big bell made of seeds. We have them hanging in a tree outside our window.

We are learning to print our names with manuscript letters now.

We are learning to fold paper and cut out things like snow flakes, hearts, etc.

We can read all the words on our safety posters now.

Number 8 is our new number. We can make it three different ways.

We are learning some French words. We talk a little in French every day.

We have some new story books and we like them very much.

THIRD GRADE

Mrs. Bonnie Henry

Our reading groups are very busy. The third group has just finished an Indian unit. They divided into groups and each group made a diorama scene of Forest Indians, Desert Indians, Indians of the plains, and Northwest Indians. Now we are reading about the Chinese Dragon and each one will make a dragon using paper mache.

The fourth reading group has read about lighthouses and are preparing to make some lighthouses out of rolled out boxes.

FIFTH GRADE

Mrs. Cool

Cathy Salyer has moved to Gregory.

We are studying the West. Some boys and girls have worked on bulletin boards; some have made a clay model of a Spanish mission.

Our group has finished reading in their Keytext and Story-texts.

Brenda Henson has moved to Dexter.

Mauren McKnight and Bobby Chapman are new members of the Student Council.

SIXTH GRADE

Mrs. Teach

Last Friday our classroom went to Susan Harmon's house. We had planned to go skating, but as the weather was bad, we just played inside. After we roasted our hotdogs and marshmallows we did our play Cleopatra for the parents who went. We also used our puppets and said our poems. We danced and played pool and we all had a good time.

SEVENTH GRADE

Mrs. Erhard

In English we are studying interjectives. An interjection is a word put in between other words in a sentence to show strong feeling or exclamation. In reading we are reading a poem written by John Greenleaf Whittier, "Snowbound". It

In arithmetic we are ready

to begin working with three-place numbers. Most of us now can regroup and carry with two-place numbers.

In Math we are doing fine, as the 1st group proves by continuing with the third kind of per-cent. The second group is doing the second type of per-cent problem.

The bulletin board on farming is finally done and the report was given last Monday (filmstrips and all). The map on forestry in the U.S. is also done. We are anxiously awaiting the completion of charts and reports on Hunting, Trapping, Fishing, Ranching and Mining.

David Michael, reporter

EIGHTH GRADE

Mrs. Meyer

We had class officer election and the results were as follows: President, Sam Singer; Vice President, Pat McKenna; Secretary, Linda Whitley; and Treasurer, Ed Colone.

Our past officers did a fine job and they were: President, Susan Baughn; Vice President, Sam Singer; Secretary, Penny Reynolds; and Treasurer, Rod Widmayer.

Pat McKenna and Paul Wilkinson did a mural on astronomy and a map on our solar system.

Linda Hutchings and June Brown wrote a play which is a comedy.

Our citizenship roll consists of June Brown, Chuck Chambers, Ed Colone and Doug Miller and our Honor roll students are Sam Singers, Bob Wylie, Susan Baughn, Linda Zeeulka, Marjorie Quesenberry, Penny Reynolds, Becky Read, Rod Widmayer, Linda Whitley, and Linda Hutchings.

SEVENTH GRADE

Mrs. Erhard

Calendar of Events

SPENCER ELEMENTARY SCHOOL

FEB. 11 9:15 A.M.

The American Legion Aux. of Whitmore Lake will present the Green Oak Schools, who have never had room flags, 5 flags at this assembly.

FEB. 17

P. T. O. Meeting 8 P.M. High School Gym.

FEB. 19

This date is set aside for the Grade Champion Spelling Bee of the school.

For many years the Detroit News has been sponsoring this annual event.

Paul Wilkinson has a project of growing plants from slips that is doing very well.

EIGHTH GRADE

Mrs. Williams

January 25, 1964 our room held our Ice Skating Party at John Weatherly's. We had a very nice time. LaDawn Shirey, Linda Steffen, Karen Crosser, John Alger, Dennis Aachenbrenner, Diane Halliburton, John Weatherly, Judy Hull and Sandy Salyer attended a party. The party was from 1:30 to 6:30 P.M. They went ice skating, roasted hot dogs over the fireplace and had hot coco and many other things. Most of the time they played ping-pong.

Linda Hutchings and June Brown wrote a play which is a comedy.

Our citizenship roll consists of June Brown, Chuck Chambers, Ed Colone and Doug Miller and our Honor roll students are Sam Singers, Bob Wylie, Susan Baughn, Linda Zeeulka, Marjorie Quesenberry, Penny Reynolds, Becky Read, Rod Widmayer, Linda Whitley, and Linda Hutchings.

The height of human wisdom is to bring our tempers down to our circumstances, and to make a calm within, under the weight of the greatest storm without.

-Daniel DeFoe

Pinckney People You Know

BY DOLLY BAUGHN

Mrs. Mabel Bell is back in the Howell Health Center as of last Friday. She was taken in Swarhout's ambulance. It is not certain how long she will have to stay at the hospital.

Pat and Joe Harden, sons of Mr. and Mrs. Lloyd Harden, were in Dexter last weekend, and did some fishing with their uncle. They had very good luck! Like a pike measuring 22 inches in length.

Mrs. Mabel Sudym was recently admitted to the Bonnie View convalescent home in Howell. She is a sister to Mrs. M. J. Reason.

Mr. and Mrs. Daniel Rostecki and daughter, Beverly dined Friday evening at the newly opened Dick's B-Line on the Pinckney-Howell Road. Thelma and Dick Harvey, residents of Portage Lake, bought the "B-Line" from the Henry Gilberts December 20, 1963, and after extensive remodeling and redecorating, they held grand opening and now things are rolling full tilt. They serve chicken, fish and shrimp dinners on Friday, Saturday, and Sunday evenings.

Jerry Reason, son of Mr. and Mrs. Gerald Reason, spent Tuesday living at the annual Detroit Boat Show. It was reported that a giant tank of water was at Jerry's disposal and attired in his skin diving outfit he demonstrated for the public all the "ins and outs" of skin diving.

Mr. and Mrs. Max Reynolds and Mr. and Mrs. Dave Robinson were in Detroit Saturday evening for a dinner-theater date in celebration of the Reynolds wedding anniversary. They saw "Foxy" which is currently playing at the Fisher Theater, starring Bert Lahr.

Speaking of "wild-gamedinners" there was a good one that took place Sat. evening at the Bob Darrow's home on Toma Rd. Bob was "chief-

NOTICE

The Board of Education of Brighton Area School No. 5 is now accepting applications for membership on the School District's Board of Canvassers for school elections.

Forms for "Member Of Board of Canvassers Application and Affidavit" may be obtained from the school office at 850 Spencer Road in Brighton or from the Board Secretary. Applications will be received until 5:00 P.M. on February 17, 1964.

From applications received the School Board will appoint two candidates from each of the two political parties casting the greatest number of votes for Secretary of State at the last preceding November election in Livingston County. (Four Appointees)

Of the applicants appointed one of each of the political parties represented on the Canvassing Board shall be appointed for a term ending December 31, 1967, and one for a term ending December 31, 1965.

Donald F. Warner
School Board Secretary
Brighton, Michigan

Civil Service Has Openings

The Board of U. S. Civil Service Examiners for the Army Tank-Automotive Center, Warren, Michigan announced today that applications will be accepted from persons interested in employment at the Army Tank-Automotive Center, 28251 Van Dyke, Warren, Michigan and various Federal agencies in Michigan, Illinois, and Wisconsin for the following positions: Security Specialist, GS-9 -- \$7030; Security Specialist, GS-11 -- \$8410.

Information and application forms may be obtained from the Board of U. S. Civil Service Examiners, Army Tank-Automotive Center, Warren, Michigan, or any post office in which the examination announcement is posted.

Mid-Range Students Face Tough Road Toward College

Next to the high school dropouts, the young people most to be pitied today are the middle group of high school graduates — those who take a college preparatory major and graduate with a C average or worse, says Norman C. Harris, University of Michigan associate professor of technical education.

"They have no saleable skill, most four-year colleges will not admit them, and they are not prepared to begin an occupational education program in a two-year college," says Harris. "And there are several hundred thousand of these youngsters each year — not just a few."

"Thousands of these graduates of last June have never yet held a paying job, and those who have enrolled in two-year colleges for semi-professional and technical training have found it necessary to spend a semester or, in many cases, a full year taking courses they should have had in high school, before they can begin the courses required for a semi-professional or technical major in the junior college."

Harris says there is a critical need now for high schools to plan cooperatively with nearby community colleges or technical institutes, a pre-technical program at the high school level.

"To satisfy high school graduation requirements and provide the proper background for entry into junior college or technical-institute technician education programs, there should be a program of mathematics through intermediate algebra, and physics or chemistry, with laboratory emphasis," he declares. "There should also be English and social sciences, and considerable work in drafting and basic mechanical arts."

Four flags have flown over Michigan — French, English, Spanish and American.

In 1831, President Jackson appointed Steven T. Mason to the office of Secretary and Acting Governor of the Michigan Territory. Only 19, he was probably the youngest American ever to receive such an honor, and one of the state office buildings in Lansing is named for him.

Search Begins For Homemakers To Vie For Mrs. America Title

The annual search for our State's Number One Homemaker was announced today, with the winner having a golden opportunity to compete for the glamorous title of Mrs. America of 1964.

Entry blanks may be obtained from Mrs. America Headquarters, Suite 2307, Pan Am Building, 200 Park Ave., New York City. The deadline for securing entry blanks is February 17, 1964.

Married women 21 years old and over anywhere in the United States are eligible to enter the 25-year-old contest. State champion and Mrs. America will be chosen for their ability as homemakers and for their poise, personality, good grooming and participation in community activities.

Mrs. America of 1964 will be selected from among champion homemakers representing each of the 50 States and the District of Columbia during the Mrs. America Pageant next April 2 to 12 in St. Petersburg, Florida.

The pageant will be held in conjunction with the St. Petersburg Festival of States, sponsored by the Suncoasters, an organization of leading businessmen.

Miss Ruth Brooker, managing director of Mrs. America, Inc., said Mrs. America of 1964 will win a dazzling array of prizes, including:

- A week's all-expense trip for herself and husband to Curacao, in the Caribbean, for a gala government-sponsored "Mrs. America Week" in that Netherlands Antilles island.
- A free trip for herself, her husband and family to the New York World's Fair.
- Five-hundred dollars in cash and an opportunity to earn thousands of dollars in personal appearance fees.
- A complete fashion wardrobe from nationally-known Time studies conducted by Michigan State University researchers show that three milking machines are less efficient than two if the milking is done by one man. Cows respond better if they are milked immediately after washing.
- Cordless electrical appliances such as vacuum cleaners and mixers may soon be added to the list of television sets, radios, shavers, drills and tooth-brushes we already have.

Hess' Department Store in Allentown, Pennsylvania. An automatic washer of her choice plus a year's supply of "All."

Miss Brooker said that each state titleholder also will receive valuable prizes, including:

- An all-expense trip to St.

Petersburg for herself and her husband when she competes in the National Finals.

A 16-mm color print of the film to be made of the Mrs. America Pageant from Lever Brothers plus a gift package of soaps and detergents.

A tiara presented by Kramer — the "Diamond Look."

YOU AND ATOMIC ENERGY

Mrs. Enrico Fermi and Walker L. Ciser at Enrico Fermi Atomic Power Plant, October 13, 1960. The plant is named in honor of the late, famous Italian-American physicist.

Machines greatly increase the productivity of the men who work in industry. They help make possible higher wages, shorter hours and our country's superior living standards. The energy the machines use, electric power, is one of the lesser costs of production. Nevertheless, it is a part of the total cost of the finished product.

Michigan doesn't contain much native coal, oil or gas—not nearly enough to provide all the energy necessary to run our great industries and provide for the needs of the state's more than 8-million citizens. So fuel must be imported and its transportation costs money. About half of Edison's cost of coal is in the transportation of it, literally by the train load and boat load.

In contrast, uranium, processed to run an atomic energy power plant, is measured by the pound. So its transportation cost is an insignificant factor. Going a step further, the Enrico Fermi Atomic Power Plant, near Monroe, has a special kind of nuclear reactor, a breeder reactor. I believe that this type of reactor, which produces more fissionable material than it consumes, is one of the most important projects of its kind in the world.

As Dr. Fermi said in 1945, "The country which first develops a breeder reactor will have a great competitive advantage in atomic energy."

It is good that Michigan is the site for this kind of research and development work, and that the power it produces will be distributed over our lines. It's one of the ways by which we seek to overcome higher generating costs and produce electric energy at as low a cost as possible.

An important part of our service to you is preparing for the future in this way, by pioneering and participating in the research and development that are so meaningful to you, to our state, our nation and to the world at large.

Sincerely,
Walker L. Ciser
Walker L. Ciser, President

Let thy speech be better than silence, or be silent.
—Dionysius the Elder

If someone asks what it is that makes a good talker, I'd answer very simply that a good listener makes a good talker.
—James Stephens

Whitmore Lake Whips Erie

Last Friday the Whitmore Lake Trojans overpowered Mason Erie and came out on top of a 72-64 score. The Trojans journeyed to Erie on a dismal and rainy night but found the surroundings of Mason's gym to their liking as they upended the Mason team.

It was a nip and tuck battle most of the game with the Trojans showing a little more spunk and will to win. The biggest events of the night in the eyes of Whitmore Lake was senior forward Ted Ringle who broke the school scoring record as he dumped in thirty points for the Tro-

jans. The previous high scoring record was also held by Ringle as he scored twenty eight points over the Christmas holidays in the Lake Fenton tournaments.

As Ted Ringle popped in thirty points, teammate Bill Defilippo hooped 22 and Jim Wint added 10. Ringle grabbed off 18 rebounds to lead the Trojans in that department also.

Whitmore Lake had previously lost their last three games before finding the range against Mason. Earlier in the season the Trojans beat Mason

by the score of 65-45 but found the Mason boys to be a little more improved and a little more dangerous on their home court. However Whitmore went to win and win they did as they captured another victory and brought a smile to Coach Bob Ellis's face.

The Trojans now stand 6-7 for the season with the toughest part of their schedule behind them. This Tuesday they have a game with Ypsi St. Johns. On February 11 they face Ypsi Roosevelt at the Whitmore Lake Gym. Game time is 7:30.

THIS PIKE, weighing 11 1/2 pounds and measuring 35 1/2 inches in length, was taken last Wednesday by Art of Arts Sports Shop on Woodland Lake. This is the third pike Art has speared this season. He has taken two others with tip-ups.

BULLDOGS LOSE AGAIN, PUPS TAKE SPOTLIGHT

The Brighton Bulldogs showed a complete overhaul Friday night at Bloomfield Hills as big Bruce Evenson played as offensive guard along with a battling Benear. Cliff Ritter sparked at his forward position with his new teammate Skip Heller. After breaking into the line-up last week, Hank Gallup started at the pivot point.

Coach Kucher's new strategy proved to no avail as his mighty "puppy dogs" romped into another defeat 65-48. The Bloomfield Hills club showed an outstanding offense counter-acted by a hustling defense and height enough to out-rebound the cellar-dwellers 29 to 24.

In his first appearance of the year, Skip Heller played the whole game in excellent form getting 7 rebounds and 8 points, second only to Ritter's 17 and equal to Evenson's 8 points.

Heller took command of the ball and shot 13 times for 23 percent on floor and 30 percent of his charity buckets. With a variety of shots and desire on defense Heller proved to be a little rusty on easy two-point plays but helped the squad considerably.

What hurt the BHS team was losing the ball 23 times, while the Barons threw it away only 10 times. Bloomfield Hills made 41% of their shots on the floor thus giving the Barons 10 extra points, as Brighton hit for 38%.

Making a tremendous 7 out of 11 for 64%, Ritter scored 17 points for the Bulldogs as he turned in a sensational performance. After Heller and Evenson with 8 points came Benear with 7 and Gallup had 3 points.

Subs Hierlihy and Zimmerman made 2 each and Don Herbst added a foul shot.

With five games to go, the Bulldogs are looking for their 1st victory with new hustle and desire being sent around the team. The locals are 0 and 11 in this season's play. Next week they take on the Clarkston Wolves here in Brighton, at 6:30.

Wetland Acquisition Budget Cut Millions

Acquisition of wetland areas badly needed to restore and perpetuate the nation's waterfowl resource is a major area of conservation concern in the proposed Federal Budget for fiscal 1965, according to the National Wildlife Federation.

The new budget, currently under consideration by Congress, allows only \$8-million in advance funds for the wetlands acquisition program, a drop of \$2-million granted for the current fiscal year.

Authorized by Congress in 1961, the Bureau of Sport Fisheries and Wildlife was to have embarked upon a seven-year emergency wetlands acquisition program financed by an advance of \$105-million. Originally, the program was scheduled to hit high gear by 1965, with \$25-million to \$26-million set aside in that and each of the three succeeding years. If only the \$8-million is allowed in 1965, however, the total expended for the first four years of the loan program will amount to only a total of \$25-million. In fiscal 1964, the Bureau requested \$12-million but only \$10-million was granted.

Primary difficulty in the wetlands acquisition program has been the inability of the Bureau to purchase nesting areas in the "duck factory"—the prairie pothole region of North Dakota, South Dakota and Minnesota. Governors in the Dakotas have refused permission for Federal land acquisition in their states and this impasse may not be resolved until some method is developed for sharing wildlife refuge revenues with the local counties concerned.

The \$18-million appropriated from the "advance" since 1961 to date is to be repaid at a rate of 75 percent of the annual duck stamp revenues. For fiscal 1965 these revenues are estimated to yield \$4-million. In the four years since the emergency land acquisition program went into effect, purchase of nesting and wintering areas for waterfowl actually have gone ahead of schedule. Some conservationists now wonder how acquisition of nesting sites in the major waterfowl production areas can be financed if large portions of future duck stamp revenues are allocated for repayment of the advances being used on these nesting and wintering areas.

Bills aimed at setting up an equitable revenue-sharing between federal and local government units, thereby speeding up acquisition of the nesting areas needed in the prairie states, have been introduced in Congress. Neither the Senate Committee on Commerce nor the House Committee on Merchant Marine and Fisheries has scheduled hearings on these bills but should they eventually pass, conservationists anticipate supplemental funds for wetlands acquisition may be sought.

Other conservation programs highlights of the proposed 1965 Federal budget include:

- \$90-million for the water pollution control construction grants program of the Department of Health, Education, and Welfare (same as last year).
- The Bureau of Outdoor Recreation has been authorized to include an estimate of \$40-million for fiscal 1965 for assistance to States in planning, acquisition of lands, etc., contingent upon the enactment of the Land and Water Conservation Fund Bill, H.R.3846.

Drivers Set '63 Record For Killing Whitetails

A record 4,765 deer were killed on Michigan highways last year.

The Conservation Department also reports that drivers using Livingston county highways had one of the worst records in the entire state. The known toll of 139 deer was only exceeded by the reported loss of 170 whitetails in Calhoun county.

With the farm-belt deer population "explosion" a major factor, the department says that nearly one-half of the highway-kills occurred below the Bay City-Muskegon line. The wildlife agency emphasizes that the total loss unquestionably was much higher because

these figures include just the verified losses. The known 1963 kill in the northern lower peninsula region climbed from the previous year's 1,537 to 1,842 deer. In the upper peninsula, there was a slight drop from 966 to 922 deer casualties.

Other southern counties leading the state-wide list of deer losses are: Barry, 120; Kent, 118; Washtenaw, 112; and Jackson, 110.

Whitmore Wrestlers Lose 27-24

Whitmore Lake's wrestlers became a victim of a 27-24 loss last Thursday as The Irish of St. Thomas upended the Trojans in a close contest.

Whitmore Lake, trying for another 500 season, was stymied by the loss to St. Thomas and were set back on their heels by a team which had two forfeits but still managed to squeak a three point margin victory over Whitmore. Sophomore Walter Szedga, still unbeaten in dual meet competition for two years, came up with a pin and sophomore Gary Nollar suffered his first defeat of the season.

The wrestlers have two meets this week, on Thursday against Clinton in an away contest, and Friday they take on South Lyon on Whitmore Lake's home mats beginning at 7:30.

**It's The
"Little Bit More"
That Counts!**

Certainly, Real Estate is a service business. But we like to think we give more than just ordinary service. Appraising, financing, advertising, negotiating closing -- all that goes without saying. So we strive to do MORE. Come in and let us show you how our "little bit more" in effort, courtesy and know-how can GIVE YOU so much more!

**Lou Parmenter, Realtor
and Appraiser**

Hamburg Twp.

Board Minutes

January 27, 1964
Meeting of the Hamburg Township Board called to order at 8:00 P.M. by Supervisor Francis Shehan for the transaction of such business as might properly come before it.

Pinckney Dispatch 14.49
Motion by Bennett, supported by Rettinger that bills be paid.

Motion carried.
A complaint of an illegal trailer on Whitwood Rd. was called to the attention of the Board. Supervisor Shehan stated that the complaint would be checked.

Communications from Mr. and Mrs. Orville Nash, Pinckney Library, the Mich. Dept. of Health, Boy's Training School, and the Mich. Liquor Control Commission read and laid over to new and unfurnished business.

Motion by Rettinger, supported by McAfee that Hamburg Township donate \$150.00 to Pinckney Library.

Motion carried.
The following bills were read: C. Davis postmaster \$ 25.00
F. Shehan Jan. services 400.00

E. McAfee reported that Mr. Brunton and Mr. Smith, our Twp. Sextons have resigned. Mr. C. Radloff applied for the position and proposed that complete plats of Twp. Cemeteries be drawn up and recorded. Mr. M. Bennett suggested that Mr. Radloff submit a detailed program at the February meeting.

Communications from Liquor Control Commission regarding license renewals as required in Section 17 of Liquor Control Act. Letter ordered filed.

Motion by Bennett, supported by McAfee that Clerk stand instructed to issue an annual trailer permit to Mr. and Mrs. Orval Nash as permitted in Section 9 of the Hamburg Township Mobil Home and Trailer Coach Ordinance with the understanding that this permit is not and will not be transferable.

Motion carried.
The new Township Board of Canvassers Law was discussed. Mr. J. Featherly, Sr., Mr. Henry DeBraf, Mr. E. Fisher, and Mr. J. Pietas were proposed.

Motion by Bennett, supported by McAfee, that meeting be adjourned.

Motion carried.
Time 11:15 P.M.
Next Meeting February 24, 1964 at 8:00 P.M.

Respectfully submitted Edward A. Rettinger Hamburg Township Clerk

Mr. and Mrs. George H. Harding of Dexter are announcing the engagement of their daughter, Sandra Kay Truhn, to Venning Roy Curtis, son of Mr. and Mrs. Roy V. Curtis of Pinckney. Miss Truhn is attending Dexter High School. Her fiance attended Pinckney High, and is now employed at American Home Foods. No date has been set for the wedding.

Mr. and Mrs. George H. Harding of Dexter are announcing the engagement of their daughter, Sandra Kay Truhn, to Venning Roy Curtis, son of Mr. and Mrs. Roy V. Curtis of Pinckney. Miss Truhn is attending Dexter High School. Her fiance attended Pinckney High, and is now employed at American Home Foods. No date has been set for the wedding.

Future Teachers Study School Dropout Problem

School dropouts was unanimously chosen for the Michigan F.T.A. as the chief study for the 1963-64 year.

Our local chapter has listed all dropouts in our school and will continue to do so as the year progresses with an "all out" effort to help to eliminate the problem. Students can do a great deal to help their fellow classmates as well as their teachers and administrators with the problem.

"Although declining by about five per cent in Michigan, the dropout problem will face all teachers for many years to come, and the more potential teachers learn to grapple with it, the better," says Mrs. Miller, local F.T.A. sponsor.

Obituary

MRS. HASSENCAHL
PINCKNEY — Mrs. Etta C. Hassencahl, 88, of Lansing died Monday, Jan. 27, 1964, at Sparrow Hospital in Lansing.

She was born May 14, 1877, in Unadilla Township, Livingston County, the daughter of Charles and Henrietta Bullis. She was married to John Hassencahl June 6, 1895, in Unadilla township, where she lived until the last five years of her life.

Surviving are one son, Arthur of LaSalle, Mich.; eight grandchildren and 20 great-grandchildren.

Funeral services were held Thursday at the Swarthout Funeral Home in Pinckney with the Rev. Melvin Stauffer officiating. Burial took place in Pinckney Cemetery.

Calendar

FEBRUARY 7
Pinckney Chapter O.E.S. 145, regular meeting, Master Masons night. All Masons belonging to O.E.S. have special invitation to attend.

FEBRUARY 8
Chinese auction and card party, St. Mary Church school hall, 8 p.m. \$1.00 admission per person and includes the card party, door prizes, auction, and refreshments. Sponsored by Holy Name Society.

27th annual Venison Banquet and Guest Night, 7 p.m. Pinckney high gym sponsored by the members of the Masonic Lodge, No. 76, Pinckney.

FEBRUARY 13
"Our Miss Brooks" presented by P.H.S. speech class, under the direction of Don Gibson, 7:30 p.m. P.H.S. gym. 35 cents general admission, or 65 cents for reserved seats, and 60 cents at the door.

FEBRUARY 14
O.E.S. Sweetheart party, Fresh air Camp, Patterson Lake, dinner at 6:30 p.m. All Masons, their families and Rainbow Girls are the Chapter's guests this evening. Bring own table service and dish to pass.

FEBRUARY 19
50-Plus Club, 11 a.m. Luncheon. Entertainment scheduled is a very spirited debate on whether Michigan should have "State-Operated Lottery."

Gregory Area News

Mr. and Mrs. Andrew Henry attended a farewell for La Marr Wood at the Hardy Methodist Church. Mr. Wood was a director in the Livingston County Soil Conservation District.

Mrs. Ricards, former Gregory resident, passed away suddenly, at her home in California.

Mrs. Florence Dutton will celebrate her 88th birthday February 7. Friends and relatives will be remembering her on this special day with a card shower.

Mrs. Robert Ramseyer and family are in Bay City where Mrs. Ramseyer is caring for her father-in-law, a patient at the Bay City Hospital.

Mr. and Mrs. George Marshall and Mrs. Pearle Marshall were Sunday dinner guests of Mrs. Maxine Sweet and Marsha. David Sweet was home from Fort Knox for the weekend.

Mr. and Mrs. Clarence Marshall and Mr. and Mrs. Howard Marshall were dinner guests at the Crossroads Inn Sunday, to celebrate Clarence's birthday.

The Gregory King's Daughter luncheon was well attended Wednesday.

Miss Beatrice Lamborn is a patient at Howell Health Center.

Mrs. Harlow Munsell is a surgical patient at St. Joseph Mercy Hospital in Ann Arbor.

Mr. Phillip Kunzelman is in St. Joseph Mercy Hospital for observation.

Miss Eunice Hart of Wayne was a weekend guest of Mrs. Nettie Caakey. During the Sunday evening Services at the Gregory Church Miss Hart showed slides of her recent visit to the Holy Land.

Brighton, and on June 17 it will be in Hartland. Anyone from the county who wishes to give and was unable to do so last Wednesday is urged to keep these dates in mind. Louise Cook, Rebecca Hewlett and Paul Uher received pins for having given a total of two gallons of blood.

There is no joy and no peace which can compare with the joy and peace of him who is understood and forgiven. —Dr. Charles Malik

CONSOLIDATION OF TWO SOIL CONSERVATION DISTRICTS OF LAND IN THE AREA REPRESENTED BY SOUTHEAST DISTRICT AND LIVINGSTON DISTRICT TO BE INCLUDED IN A PROPOSED CONSOLIDATED DISTRICT.

Dearborn Man Injured on M-36
Monday evening, at 7:00 P.M., William Lahym, 38, of Dearborn lost control of his car while driving east on M-36 and ended up in the front lawn of the William Graves home.

According to state police at the scene of the accident, Lahym was going too fast to negotiate the curve at the Whitewood Road and East M-36 intersection. He lost control of his car, skidded across the road hitting two trees. The car doors popped open and the driver was thrown from the car suffering a head injury. Lahym was taken to St. Joseph Mercy Hospital in Ann Arbor in the Swarthout ambulance.

Lahym was issued a summons for violating the basic speed law.

THE HEATS ON!
Plymouth Dealers are trading hot right now!
Old Man Winter is not going to slow down Plymouth Dealers this year. They're doing something about it—trading like it was midsummer. They've got a hot, successful car and they're hot to keep it that way. And when you combine their midwinter deals with the fact that your present car is worth much more now than it will be later on, you end up with sizzling savings.
Now's a good time to buy from a Plymouth Dealer!

Twenty-Nine Ministers Ordained
Mr. Miller, presiding minister of the Gregory, Michigan Congregation of Jehovah's Witnesses, announced that 29 new ministers were baptized Saturday, Feb. 1, at the Hastings conference of Jehovah's Witnesses. They heard Mr. J. W. Filson, district supervisor, explain that being dipped underneath the water symbolized dying to one's past. Being raised up out of the water means starting a new life, that of a Christian minister.
An overflow crowd of 1,075 heard Mr. Filson speak Sunday afternoon on the subject "The Bible Triumphs in a Scientific World." Mr. Filson showed how true science is in harmony with the Bible rather than being opposed to it.
Miller said, "The whole congregation feels better qualified now to aid those who sincerely want help in understanding God's Word."
208 Persons Give Blood in Howell
Two hundred and eight persons donated blood last week when the Mobile Blood Bank was at the Howell Armory. To date 707 pints of blood have been collected to fill the county quota of 1,000 pints for the year ending July 1, 1964. The Mobile Blood Bank has three more dates in the county. On April 1, it will be in Fowlerville, on May 27, it will be in

Ten Nursing Scholarships Are Available

Michigan Blue Cross will sponsor 10 nursing scholarships of \$300 each in a competition open to all Michigan high school seniors and graduates.

It marks the 14th year for the program which has helped train 130 nurses to reduce the Michigan nurse shortage. William S. McNary, president of Blue Cross, said the nursing shortage can affect the quantity and quality of hospital care and is a matter of grave concern to Blue Cross members and the community as a whole. Cost of the scholarships will be less than 1/10th of a cent per Blue Cross member, and the entire 14-year program has added up to only a fraction over a penny per member.

He said the contest, as in the past, will be conducted and the 10 winners determined by the Michigan League for Nursing. The League is the official recruitment and education agency for the nursing profession.

Application blanks together with rules and instructions are available through high school principals, Future Nurses Clubs, Michigan schools of nursing, all Blue Cross-Blue Shield offices or by writing the Michigan League for Nursing. The address is 1000 North Washington, Lansing 6.

The competition opens February 1 and to qualify, entrants must return their applications to the Michigan League for Nursing no later than March 1.

Special Show At Cranbrook

A provocative new exhibit calculated to stimulate added interest in art among both children and adults, opens Feb. 18 in the Young People's Art Center Gallery of Cranbrook Academy of Art Galleries.

Prime purpose of the exhibit is to demonstrate photographically to children the means used to achieve an example of work done in each of the eight departments of Cranbrook Academy of Art — metalworking, ceramics, weaving, architecture, design, sculpture, graphics and painting.

Some 400 photographs detail a dramatic step-by-step presentation of the creative processes culminating in the completed art objects.

It is hoped that this easily understandable presentation, called "A Picture Study of Work in Progress," will engender in children a better understanding of art objects as they see the means and conditions under which the objects have been created.

While the show has been set up principally for children, adults will find it a comprehensive tour through the Art Academy's studios — studios that are not open to the public.

Guided tours through the exhibit for school groups free of charge may be made by advance appointment. A drawing lesson in the studio is available for \$5 per group of 25. Tours and lessons may be scheduled Tuesday through Fridays by calling MI 4-1600, Ext. 96.

The exhibit will remain up through May.

Lansing Players Will Produce Popular Musical

One of the most popular musical shows in American stage history, Merle Dixon's "The Music Man," is being brought to the stage of West Auditorium in Lansing for the four-night run, beginning February 12th. This is the tune-filled tale of a brassy, saucy, lovable rogue who comes to a little Iowa town in the 1912 era to fleece its citizens with an original gold-brick scheme. This also marks the 17th production of the Lansing Civic Players, and its 14th presentation of a hit Broadway musical, which makes it one of the most active non-profit theatre groups in Michigan.

One of the many numbers that invariably stopped the show during the 40-month run, is the song called "Ya Got Trouble," with which our swindling hero fast-talks his victims into falling in with his scheme. Then follows such tuneful and popular numbers as "Goodnight, My Someone," "Seventy-Six Trombones," "Marian, the Librarian," and that wonderful "Lida Rose," sung by the barbershop quartet.

"Music Man" is as American as apple pie and a Fourth of July celebration, and the Lansing Players will present it with all the color and excitement of the Broadway production. A cast of 75 and a excellent pit orchestra.
