## County Now Under Quarantine

### Plan Activities Here for 4th

In spite of there not being a fireworks display in Pinckney—there will be much activity in town throughout the day.

Most business places such as grocery and hardware stores will remain open in the forenoon, and all gas stations will be open all day.

Beginning at 10 a.m. the Pinckney Kiwanis Club will hold their annual Kiwanis auction on the Village Square. The Club made an appeal to the public some time ago for items for auctioning, and will still accept items early Saturday morning. Don Gibson famous for his auctioneer's chant, will preside at the auction.

At 12 noon if all goes well, the Mason's of Livingston

Lodge, 76, will have the first round of chickens barbecued for serving the public. The chickens will be cooked over open pits which the men will build using cement blocks. The chicken may be eaten on the square, or take-out service is possible.

The Mason's will serve dinners until 8 p.m., allowing only half hour to lapse before a free-of-doors motion picture will begin on the Village Square. It is a new Billy Graham release, entitled "Lucia". Seating facilities will be available, or feel free to bring your favorite chair.

An auction, dinner, and a movie all on the hometown Square.

### The Way We Hear It

... many of those who attended last year's Fourth of July fireworks show at the Pinckney Elementary school grounds are wondering what happened to the money that was collected as the spectators left the school grounds following the shooting of the spectacular display. Well, that money is resting in a special "fund" and earmarked for "Fireworks" and will be used for just that—WHEN, and IF, the Pinckney firemen secure enough more to go with it to cover the cost of fireworks equipment to make it all worthwhile. Last year as the more than 800 autos left the field and the firemen held out their hats for donations, a sum of LESS than \$300 was collected. This is a very small start toward a show worthwhile shooting, as well as worthwhile going to see. If only a dollar per car could have been accounted for last year—this year's funds would have been sufficient for a "really big show." Those who have been involved with fireworks shows other years claim it costs in the neighborhood of \$900 to \$1,000 to even think of a show worth having. Before another year, the firemen and many others hope some way is devised to raise money for this community event held right here in Pinckney. Myself, I would just as soon throw in a couple of bucks—HOW ABOUT YOU???

... Wednesday, July 1st, Charles Hewlett and Jerry Speake were responsible for the shooting of the Hudson Fireworks Show in Detroit. The two men shot them from a barge while afloat on the Detroit River. This is a very big task for two country boys! Pinckney can be very proud of them.

... the Masons are hoping for a little cooler weather to barbecue the chickens for their annual Chicken-Bar-B-Q that will take place Saturday, July 4, on the Pinckney Village Square. The affair is sponsored by the Masonic Building Association of Pinckney. Public invited of course, donation \$1.50 per person.

... the square dance at Hell, Michigan was a huge success. Beautiful night—good music, big crowd, lots of fun. Next one is July 11.

... a marshmallow contest held at Jerry's Monday night proved Jerry to be the winner. The idea was to see who could get the most marshmallows in their mouth at one time. But isn't 18 marshmallows in your mouth at one time a lot of em? Runner-up, Bev, was only one behind. And we hear, Marilyn could only manage four!! Well, that's the way it goes.

... employees at Jerry's are waiting for the thermometer to reach the 100 degree mark. Jerry says he will close then and take them all to the lake. They have only four degrees to go before grabbing their suits and towels, and be on the way.

... and see it, the side streets in Pinckney are really a pleasure to those driving on them—so smooth and wide now with the new black topping job done last week. How nice it will be around the high school when it rains—with the black top going all the way to the sidewalk. And Mill Street along the side of Van's Motor sales—My, is that ever wonderful. Those who work there must feel they have died and gone to Heaven!! No kidding, it seems real, real good to have that one repaired after being so bad for so long.

... Pinckney was swarming with cowboys and horses last weekend because of the Rodeo Saturday and Sunday afternoons. Were you there? Was it as exciting Saturday as it was Sunday? Those cowboys

... really have a lot of, you know what—to ride those bucking broncos and Brahma bulls like that! It was a real good show—something different for Pinckney. 100 persons, or more, were there Sunday, and graced the side of the hill where spectators were to sit. You could tell who was there Saturday and Sunday by the nice red tint they displayed on Monday! Heard someone say it was 110 degrees on that side hill—but it must have been closer to 210! Bet those who participated in the Rodeo activities could tell they had been there on Sunday by how it felt when they sat down on Monday! That riding would be a little hard to take. Some of the local cowboys took part in the Rodeo, too. Keith Koch, Gene McAnish, and Buzz Bowman were three of them, and of course, Tom Davis, one of the owners of Hell Creek Ranch was a big star, too. They were all real good riders.

... Sam Gentile has started once again to renovate the building he owns next to the Pinckney Body Shop on South Howell Street. Will be nice when it is completed.

... an accident occurred Monday about noon. A Pinckney neighborhood boy carelessly rode his bike into the back fender of Lucius Doyle, Sr.'s car while Mr. Doyle was driving down Main Street. No one was injured—but could have been. Deputy Robert Egeler says parents should warn their bike riding children to take care—while riding in Pinckney.

... last week we gave the men's baseball team of the People's Church a pat on the back, and then you know what happened?? The First Baptist Church of Howell beat them Monday night of this week. No one told the score, but they should realize these things have to happen once in a while, even to the best of 'em, and should continue to keep up the good work they have been doing.

... Jeff Hendee, Jim Baughn, and John Wlodzyga were three sad boys for a while last Monday. It seems while hauling hay for Jeff's father, the three piled bales of hay on to the wagon out in the field—seven rows high, and when they started for the barn—the wagon gave way, and the load ended up in a pile, back on the ground. You think you have troubles? Maybe this will help to hear someone else's. (To add to it, the thermometer was nearing the 100 degree mark.)

... Alice Gray, assistant editor, and myself, claim the old saying "No news is good news," is not so in our business. "No news is bad" for us, and we welcome yours with open arms. Call 878-3141 and share your news!

... residents of Hi-Land Lake are being asked to register so as to be able to vote in the special Election on July 18, 1964, determining whether or not Hi-Land Lake Property Owners will become incorporated. An official notice of Publication is published elsewhere in this issue of the Dispatch. This will prove rather interesting to see the outcome of this election.

... Ellsworth (Babe) Kirtland introduced State Senator Stanley Thayer of Ann Arbor to many Pinckney people Monday while the two men were in town.

... a fair sized crowd attended the Strawberry Social held on the Village Square Sunday afternoon. It was sponsored by St. Mary Altar and Rosary Society.

... the Village Square provides a wonderful place for social events sponsored by local organizations. Pinckney residents perhaps don't realize the true value of such a spot being available—Just think if that park wasn't there.

LAST YEAR'S KIWANIS AUCTION proved a success—the hope this year to do as well. The auction is scheduled for 10 a.m., July 4, on the Village Square. Any person having items suitable for auctioning feel free to call 878-3480, or 878-9701 for "pick up and delivery" if it is not possible for you to do this yourself.

### Free Movies Saturday

The new Billy Graham feature length sound-color motion picture, "Lucia" will be shown July 4, at 8:30 p.m. on the Village Square. Folding chairs will be available, or feel welcome to bring blankets, or what have you, and sit on the ground, which ever, for your comfort. There will be no charge.

The show "Lucia" is a story, coming to the motion picture screen with all the pathos and poignancy that transcends its Latin setting, to embrace the spiritual needs that are common to every culture and clime around the world.

"LUCIA" was made in its entirety in Buenos Aires, directed by World Wide Pictures' President, Dick Ross. The fire and excitement of gaucho folk music, South America's unmatched scenic grandeur and the excitement that belongs to one of the world's largest cities, are all enriched by full color and authentic sound.

But the real impact of "LUCIA" is to be found in its intimate, utterly honest treatment of an individual's emptiness and frustration apart from the filling of the "God-shaped vacuum" with which all mankind is born. With this newest of the Billy Graham Films, "LUCIA" enters into the area of domestic discord and the romantic triangle—and what the Bible has to say in resolving the emotional problems that are the hallmark of 20th Century living.

As long as you live you will never forget "LUCIA."

Joan Eichman will be among those representing Livingston County at the Young People's Citizenship Seminar to be held at Camp Kett, July 13-17, sponsored by the Farm Bureau of Michigan. Joan is the daughter of Mr. and Mrs. Gary Eichman of Pinckney.

The Livingston County Board chose two contestants, Diane Peckens, of Howell, and Charles Leard of Fowlerville, and due to a cancellation made at the camp, runner-up Joan Eichman will now attend. The County Board will finance two persons to attend this Seminar, and the Livingston County Farm Bureau women will provide the \$50 scholarships for additional young people to attend. The women netted \$146.92 at a bake sale recently staged in Howell and will use this money for the scholarships.

### Cereal Leaf Beetle Found Near Here

Livingston county, plus 12 other central Michigan counties and parts of two others were placed under quarantine for the cereal leaf beetle last week by the Michigan department of agriculture. The beetle was found in Handy, Howell, Coburn, Oceola, Genoa and Green Oak townships.

The surrounding counties of Genesee, Shiawassee, Ingham, Jackson are also quarantined. To our east only Lyon township in Oakland county and Lyndon township in Washtenaw county to our south are quarantined.

This quarantine requires an inspection certificate for the movement of anything out of the county that might carry the cereal leaf beetle. Movement within the quarantined area is not restricted.

Articles under regulation include all small grain, corn, sweet corn, hay, straw, fodder, sod, hay balers and combines, plus other farm products or conveyances that may present a hazard.

Grain moved out of quarantined areas will be treated at elevators with malathion. Hay and straw must be fumigated with methylobromide. The Michigan Department of Agriculture has portable equipment for fumigation which will be directly to the farms that want to move hay and straw out of the quarantined area. Sweet corn will require inspection of the field in which it is grown. Inspection or fumigation can be requested through the Cooperative Extension Service at Howell.

The cereal leaf beetle invaded southwestern Michigan about 4 years ago and has gradually worked its way into most Southern Michigan counties.

The adult cereal leaf beetle is three-sixteenths inch long with the head and hard wing covers a metallic-blue-black and the legs and front part of the thorax (just behind the head) red orange. Adult feeding damage consists of long strips of leaf tissue completely removed from between the veins.

An information meeting will be held on July 7 at 8:30 p.m. in the Courthouse Annex for elevator operators, hay and straw dealers, custom combine and baler operators, farmers and others concerned with the regulatory requirements. A representative of the Michigan Department of Agriculture will be present.

### Henry Murphy Has Retired After 31 Yrs.

Saturday, June 20, 1964, marked the end of a career for Rural Mail Carrier, Henry E. Murphy, that included over 31 years of service in the Pinckney community in the positions of Clerk, Postmaster, and rural carrier. He has no definite plans for the future, except enjoy being free of "having to beat that old deadline."

Mr. Murphy started his career on May 22, 1933 as a Clerk in the Pinckney Post Office. He was promoted to Acting Postmaster on October 22, 1936, and received his official commission as Postmaster on March 13, 1937. After holding this position for nearly 10 years, Postmaster Murphy decided to transfer to the rural carriers division and on September 1, 1947 he assumed the duties of a rural carrier.

Mr. Murphy holds the National Safety Council's safe drivers award for 16 years of professional accident free driving. An outstanding record when consideration is given to the thousands of miles traveled during adverse weather conditions to uphold the Post Office motto and make his appointed rounds. His dedicated service to the many rural patrons of the Pinckney area has won for him many friends who surely wish him many long and happy years of retirement.

The Post Office will name a replacement for Mr. Murphy in the very near future.

### Tests Show Tubercle Bacilli In 778 Adults

Skin-testing programs to identify persons with TB infection in Livingston County in recent weeks turned up 778 adults harboring tubercle bacilli.

But there are probably another 5,000 residents of the county who likewise are infected but do not know about it.

This was the report and projection made today by the Michigan Tuberculosis and Respiratory Disease Association statisticians based on the results of the recent survey here.

Of some 22,000 residents (according to the 1960 census) who are more than 21 years of age, 3,442 turned out for (See Tubercle, Page 3).

# Dodgers Lose First Game

Last Monday evening the Dodgers were defeated for the first time this season in the Kiwanis summer baseball league. The Giants were the cause of their downfall as they scored seven runs in the last two innings to make the final score 7-3. For the first two innings it looked as if the Dodgers were going to continue with their winning ways but a five run explosion upset them.

The win put the Giants in first place, percentage wise, by themselves for one day.

In the Dodgers' second game of the week they put themselves in a tie for first by defeating the Braves 7-5. The Braves, who have not had a taste of victory yet this season, put up a good fight but

just couldn't quite upset the first place team. Garry Nelson was the winning pitcher to make his record 3-0. Randy Brown of the Giants also has a 3-0 record.

## Pinckney Prattle

Well it's good to be back in Pinckney again. The Gray family members aren't quite as "bushy tailed" as when they left town two weeks ago — these extended camping trips aren't the most restful type of vacation available. We saw beautiful scenery though following the St. Lawrence River from its beginning in Ontario, Canada, through Quebec and to the ocean. The Gaspé Peninsula with its mountains and rocky coast is breathtaking. We stayed several days on the coast of Maine and then through New Hampshire, Vermont, and New York stopping for the night in an Apache trailer.

It was a surprise to find so many of the Pinckney streets resurfaced upon our return. The Lake and Howell Construction Co. certainly did a good job. I especially appreciate the paving coming all the way to the sidewalks in several of the places (like at the High School) where puddles and gullies made walking an adventure on rainy days.

The Roundup Western Square Dance at Hill Saturday, June 27, was up to the usual high standards of callers Gordy Lindland and Bob Kemp. A bus load of dancers came all the way from Fort Wayne, Indiana to "dance in Hill".

The Floris Clarks of Main Street enjoyed the company of old friends, Mr. and Mrs. B. P. Moran who came from Jamestown, New York to spend several days with them. The Clarks and the Morans were neighbors during the time they both lived in Detroit.

**LOCAL MEN IN DETROIT FIREWORKS**  
Charles Hewitt and Jerry Speake, Pinckney business men, will again participate in the Freedom Festival Fireworks in Detroit sponsored by the J. L. Hudson Company July 1st. They will be stationed out in the Detroit River on one of four barges from which fireworks displays, rockets and such are shot.

Mr. and Mrs. Jack Reason and daughter Jackie are vacationing this week in northern Michigan. They are staying at the Miller - Baughn cabin at Lovells.

Sunday guests at the home of Mr. and Mrs. George Crane, Crane Orchards on West M-36, last Sunday were Mr. and Mrs. Carl Moe of Kalamazoo.  
Debby Heath, 11 year old granddaughter of Mrs. Catherine Heath, is visiting with her grandmother and the Noel Cooks this week. Debby, a former Pinckney girl, now lives in Ypsilanti.

## YEAR AGO 38 People Died July 4th

State Police highway patrol coverage, with National Guard assistance, will be intensified for the 78-hour July 4 weekend in special efforts to hold down traffic accidents which killed 38 persons in that holiday last year in Michigan. Commissioner Joseph A. Childs reports.

The toll in 1963, which tied 1950 for the high mark for this holiday in the 18 years since World War II, resulted from 30 fatal accidents. Two of these were multiple deaths, each killing five persons and accounting for more than a fourth of the holiday loss. Both tolls of 38 occurred in 102-hour periods.

"Continued increases in mileage traveled means the potential for bad fatality experience is present any weekend, but especially during a holiday period," said Childs. "With

## + Bulletin +

From a very reliable source, The Argus ascertained late Tuesday afternoon that Martin J. Lavan, Brighton's well-known attorney, will be a candidate for the office of Livingston County prosecuting attorney on the Democratic ticket.

Committee For Child Welfare Services

A cross-section of Livingston County's professional people and lay persons have formed a committee for child welfare services for Livingston County.

The organizational meeting was held Tuesday, June 16 in the lounge of the Citizen's Mutual Building, Howell. The group discussed the need to the services, which would include family counseling, and boarding home placement and care for children with the medical social worker from McPherson Community Health Center.

Clinton Justice, Director of Michigan Children's Aid Society will be present at the committee's second meeting, which will be held on Thursday, June 25 in the Citizen's Lounge.

Have you ever looked idly at something and not realized until later that you saw it? A headline in a newspaper, for example. When a friend mentions the subject of the newspaper story, you respond, "Oh, yes, I saw that." Psychologists call this delayed perception.

Reckless Driver Leads Deputies On Merry Chase

When Sheriff's deputies Ted Podivil and Norris Malcolm tried to apprehend Harold E. Ely of Whitmore Lake last Saturday for reckless driving, the 18-year-old driver led them a merry chase through the streets.

The Driver's Seat

One of the common guises of police traffic officers is that drivers consistently disregard traffic signs. But disregarding signs is only one facet of a many-faceted problem. Besides those who disregard signs, there are those who look at them but don't see them; those who look but don't think; and those who look but only react partially.

So it is with a driver whose mind is temporarily absent. He may look directly at a large red and white reflective stop sign, glowing in his headlights, yet drive past it without even taking his foot off the accelerator. Later, on a stretcher in an ambulance after the accident, he remembers the stop sign vividly.

Then there are those who look at signs, all right, and notice them, but just don't think — don't comprehend their meaning, and don't respond. Gilbert Correl, chief of the Colorado State Patrol, says:

These are the people who, still wide-eyed with astonishment, report to traffic officers after their accidents: "I never even saw him coming." But in the interest of a just assessment of the problem of drivers who violate traffic signs, let us realize one thing. Even drivers who look for signs and react to them with intelligence, when they see them, sometimes don't see them. The reason? The signs are hidden behind utility poles or shrubbery, or are too high, or obscured by various other weather-beaten.

For the first time in 19 years Oakland County residents have a new representative on the board of commissioners of the Huron-Clinton Metropolitan Authority, a five-county regional park agency serving the counties of Oakland, Livingston, Macomb, Washtenaw and Wayne.

He is James Clarkson, president of First Federal Savings and Loan Association of Oakland, who succeeds R. Clark Cummings, of Pontiac, founder of the same firm and presently chairman of its board of directors.

First Federal Savings and Loan Association has two offices in Pontiac as well as branch offices in Clarkston, Drayton Plains, Lake Orion, Milford, Rochester and Walled Lake. Clarkson is active in business and civic endeavors throughout Oakland County.

## Pleasant Valley Sidelights

By VIRGINIE HOUSNER AC 9-7835

Mr. and Mrs. Joe Ellis and her parents, Mr. and Mrs. Elmer Boice, both of Van Amberg Road, attended the annual Boice reunion held in Wayne, Sunday.

We are happy to welcome home San Holderness of N. Second street, who was released from St. Joseph Mercy Hospital in Ann Arbor a week ago Tuesday. His niece Mrs. Franklin Anderson drove him home that morning and reports that he is recuperating very nicely.

R. J. VanConant, former resident of Brighton and owner of Western Auto Store here, has been a patient in a Pontiac hospital where he underwent surgery. Helene and her mother, Mrs. Isles, were recent callers of friends here. Miss Catherine Hartman returned from McPherson Community Health Center in Howell a week ago Tuesday afternoon following a few days stay there for tests and observation.

Mr. and Mrs. Raymond Falk and children, Christina and Dennis, left early Thursday morning for a week's camping at Interlochen State Park. Cathy Housner accompanied her aunt and uncle to the northern camp site with her parents, Mr. and Mrs. Wesley Housner and brothers Randy and Ernie and sister, Julie, joining them on Saturday. Both families are expected back the latter part of this week.

Mr. and Mrs. Eddie Faussett, Jr., and family of Ypsilanti were Thursday evening callers of his parents, Mr. and Mrs. Ed Faussett of Becker Drive. This was Mr. Faussett Senior's birthday. Their ten-year-old son, David, was hit by a car while riding his bike one day last week and was treated at St. Joseph Mercy Hospital in Ann Arbor for minor injuries.

Mr. and Mrs. Joe Matthews of West Main Street and their three children, Audrey, Jim and Jenni Jo left the latter part of the week for a camping out vacation at Wagner Lake near Rose City.

Mr. and Mrs. Harold Dixon left Sunday for Buffalo, New York, to visit her mother for a few days. Dotti is clerking in Roberts Clothing Store for the summer.

Bill Ellis, a '64 Brighton High School graduate, is now working at Brighton Products. Miss Bonnie Anderson, accompanied her grandmother, Mrs. Franklin Anderson, Sr., of Howell on a flight to California a week ago last Thursday, where they are visiting friends of Mrs. Anderson's for a few weeks. Bonnie writes home that she is having a swell time, and hopes grandma decides to stay longer.

Mr. and Mrs. Lyel Bitten entertained several guests on Father's Day honoring her father, Earl Ryckman on his 82nd birthday. Mr. and Mrs. Ryckman, former Howell residents, are here for the summer from St. Cloud, Florida. Those attending were Mr. Ryckman's brothers, Floyd of Detroit, Dale of Lansing, Mr. and Mrs. Ted Ryckman of Howell; her brother, Norman Richard of Ithica and sister, Mrs. Laura Stephens of St. Cloud, Florida, and a sister-in-law, Mrs. Ruth Richards of Lansing; other guests included their niece and husband, Mr. and Mrs. Robert Beasley of Livonia, granddaughters and families, Mr. and Mrs. Ulrich of Howell, Mr. and Mrs. Kenneth Smith of Warren, Mrs. Marilyn Warren and daughter, Wendy of Northville, Mr. and Mrs. Gene Baugher and boys here and their grandson, Mr. and Mrs. Jerry Bitten and daughter, also of here.

Mr. Ryckman received many lovely gifts from his relatives and he and Mrs. Ryckman would like for their many friends in Howell and Brighton areas to visit them sometime this summer while vacationing in Michigan.

A happy reunion was had at the Scott Dunham residence Sunday afternoon when their son, Scott, Jr., arrived home after spending the past year in Alaska with the United States Navy.

Mrs. Bob McDuff, nee Shirley Dunham, returned home the latter part of last week after hospitalization at St. Joseph Mercy in Ann Arbor. Saturday, June 20, Arch Petersen of 10770 Blaine Road, received a call from Lt. Col. Warren A. Beth of New Port Beach, California stating he would arrive in Brighton early Sunday morning to visit Mr. Petersen. As a younger man, Warren and his brother, Col. E. J. Beth of Cape Kennedy, spend many weekends and vacations with Mr. Petersen while studying at University. The Lt. Col. has retired and left Monday evening for a few days visit with relatives in Muskegon and then on to visit brother, E. J. who is in charge of the Air Force Base at Cape Kennedy.

Mr. and Mrs. Harold Krause and family attended the 37th annual Krause reunion held at the Norman Nickerson home near Fenton Sunday.

Those in attendance were Mesdames Ruth Kourt Dundas, Ruth Wilkinson Dunham, Bessie Mae Roblin Andersen, Myrtle Knight Hall, Vergiline Finley Housner and hostess, Gladys Hartman Matthews. Mr. and Mrs. Wiley Rutherford, (nee Grace Simpson) of Okemos were in attendance. The group had attended the funeral of a former classmate, Miss Garnet Rollison. Eight girls enjoyed an evening of swimming, cook out and records as they gathered at the home of Mr. and Mrs. Joe Howle to help their daughter, Joey celebrate her 15th birthday. Ice cream, cake, pop, potato chips were also included on the menu with the girls all having a fine time.

A week ago Monday callers at the home of Mr. and Mrs. Ed Banfield were his sister, Mrs. Rose Washburn of Mason and niece, Mrs. Floyd Mitchell of Danesville. The Collins have moved to Lansing Trailer Court where they will make their home in their new mobile home there. Mr. Collins who for many years was with the Howell Electric Motors, has accepted a position in Lansing and driving to and from work was inconvenient for the family.

Tim Warner, son of Mr. and Mrs. LeRoy Warner was home from St. Joseph Mercy Hospital last week but was returned again the latter part of the week. Cards will help cheer him from his school mates and many friends.

Deepest sympathies extended to Mrs. Herbert Warner whose sister, Mrs. Mary Fisher of Williamston passed away at a convalescent home in Lansing following a three week's stay there. Mrs. Fisher had been ill for over a year.

Another of our neighborhood gals has reached that important milestone in her life as she proudly holds the honors of becoming a teenager. Mary Jane Voorhis was thirteen years of age, Sunday, June 28th. Many more happy days for you Mary Jane.

What sweet delight a quiet life affords.

—William Drummond

"Looks good, doesn't it? Thanks to the loan from your bank!"

Actually, no "thank you" is necessary. A bank loan is not a favor; so, in borrowing from us, you need not consider that you are accepting one. To us, lending money is simply a matter of business. If you are a credit-worthy person, and if you will find credit helpful in undertaking a worthwhile project, meeting unforeseen expenses, or taking advantage of a special opportunity, a bank loan is sound business all around. Your ability and willingness to repay the amount of your loan in budget-fitting installments from income, as agreed, is your key to future credit when you need it.

Borrowing at our bank is a simple and clear-cut procedure; the cost is moderate; terms are arranged with your particular situation in mind. When you need a loan for any sound purpose, come see us!

**EIGHTY YEARS AGO**  
June 26, 1884

Pinckney may not much of a wool market, but over 12,000 pounds were taken here Saturday last and 7000 pounds on Monday. Farmers bring their wool to Pinckney, Editor Winchell tells us, because they know by experience in selling wheat that they will get the highest price and be dealt with honorably.

George Reason had purchased from C. N. Plimpton the lot next west of the "Bee Hive" on Main Street, and moved his agricultural warehouse there and was enlarging it by the addition of 25 feet to the front end, making the building 100 feet long, the upper story to be used for a roller skating rink and public hall.

There was an ordinance prohibiting stock from running at large in the village, but it was violated every day, and Winchell writes, the commons in the neighborhood of the churches and depot might be mistaken for a cow pasture very frequently. One man even is rumored to let his horse loose nights to graze in his neighbor's gardens while the owners sleep. The marshal stated that this practice must cease.

**Whitmore Lake Asks For Speed Control Here**

Last Tuesday the Whitmore Lake Chamber of Commerce met to discuss plans for the Fourth of July Celebration.

A committee was formed at the meeting whose duty it will be to establish a recreation program for the young people of Whitmore.

A second committee was named for the purpose for a safer posting of speed limits. Elmer Klump, Chamber of Commerce member, reports that this committee will present the signed petitions to Sheriff Peterson of Washtenaw County and Sheriff Gehring of Livingston County in a move to establish more consistent speed limits throughout Whitmore.

Circulating the petitions will be Oren Nelson, George Osner and Sterling Seyfried.

## Increase Fringe Benefits

A positive move toward providing fringe benefits for county employees similar to those already enjoyed by the County Road Commission was made June 16 at the Livingston County Supervisors meeting.

Supervisor John Seim of Genoa Township presented a resolution to the board on behalf of the salary committee pointing out the inequities existing between different groups of county employees in the area of fringe benefits. The board, in passing this resolution, put into effect immediately a hospitalization program for county workers.

The board authorized the salary committee to further investigate a retirement and term insurance program similar to the one now maintained by the Road Commission.

Road Commission employees are adequately protected by hospitalization, life insurance and retirement benefits. This will be the first time for county employees to have similar protection if the full program outlined by the supervisors is adopted.

Mrs. Dot Shirey and Mrs. June Darrow were in Northland last Friday to see the Northland Playhouse stage show.

Nearly 40 persons were at the Merwin Campbell home Sunday and enjoyed a "song feast." Mrs. Campbell played the organ, and Miss Karen Mayer played the piano. It was decided this was a nice way to spend the evening, and some hope to be able to do it again soon.

The Joe Pine family enjoyed a trip through northern Michigan last week. Mr. Pine was on a week's vacation. Son, Jim, stayed home and attended to his many duties at Hell Creek Ranch and Jerry's Gull Station. Some people get all the breaks!

Mr. and Mrs. Don Swarthout had a wonderful trip recently on their tour through Canada. They were gone nearly three weeks. A well-deserved vacation for both concerned.

Mr. and Mrs. Henry Gilbertson, Cindy and Scott were in Kentucky last week and spent a few days with Mr. and Mrs. Bob Seefeld who were already down there on their vacation. The Seefelds and another family, stayed in a Kentucky State Park and enjoyed living in their house trailers. They claim this is the only way to take a vacation! For one reason, and a good one. Mrs. S. points out the advantage of being able to come back home and cleaning the trailer at a later date—rather than the last day of vacation at where ever they camp. Seems reason enough, isn't it?

**Diploma Shouldn't End Our Education, U-M Prof. Declares**

The high school and college diploma, which now imply the completion of studies, should give way to a "Certificate of Transfer" to further instruction, declares Prof. Howard Y. McClusky, of the University of Michigan.

"We need to scrap the impossible notion that in 12, 14 or 16 years one can acquire enough knowledge to last a lifetime," says McClusky, a consultant in adult education.

"The ultimate test of formal schooling for youth should be the extent to which it contributes to a lifetime of learning," he states. "The growing technology of our society allows us no alternative."

The school dropout represents a tragic loss in a continuously "learning society," according to the U-M educator. "He might withdraw temporarily to work, with a built-in plan to return for later study, or he might drop out of one program in order to 'drop in' to another.

"But in a learning society the act of dropping out could never be accepted as determining the final status of the pupil as a learner. The student would be presented with multiple opportunities for instruction until he finds something that enlists his talents and keeps alive his interest in learning.

Success in life depends upon persistent effort, upon the improvement of moment more than upon any other one thing.

## Jehovah's Witnesses Convention

Warner Miller, presiding minister of the Brighton Congregation of Jehovah's Witnesses, said, "Our entire congregation was certainly happy to have attended our three-day conference at Mason, June 26-28. It is refreshing to be able to enjoy harmonious fellowship with people of all races and social background. As a result of our three-day refresher course, we feel better qualified to assist those people who want Bible knowledge in Brighton."

Mr. Miller pointed out that the Friday evening school in public Bible speaking was beneficial to all. He also stated that the talk on baptism given by Mr. J. W. Filson, district supervisor, clearly showed the responsibility to be a minister following the example of Jesus Christ. Twelve new ministers were ordained.

The high point of the meeting was reached Sunday afternoon when Mr. Filson clearly promised that Biblical prophecy shows we are living in urgent times. He explained that only by studying and living according to Bible laws could a Christian resist the wicked influence of the world. A crowd of 1,054 people applauded him enthusiastically.

### Dodgers Looking For First Win in YL Play

The White Sox continue to lead the league but had a close call in that their game with the Tigers ended in a 6-6 tie which will be played off August 1.

The Tigers outscored the Dodgers 15-9. Mike Lueker, Tiger pitcher, allowed only two hits and struck out 10 for the first 6 innings. Pat Flaherty singled twice for the Dodgers while Karl Lietzau, Richard Ritter, and Walt Davison were getting two hits each for the Tigers.

everyone at bat with 3 hits, 2 triples and a homerun which travelled over the fence. This was the second ball hit over the fence to date. Tony Russell homered inside the park and singled for the winners Jim Kellams, Dave Wenzel, and Angie Parlove contributed two hits each to the Yanks' attack.

The present setup has nine holes but Herndon seemingly has limitless possibilities of development. Northward are more hills and short stretches of flat land which Herndon owns and which could be converted into additional holes. He plans to start work on a second nine holes and hopes eventually to go to 27.

The current nine-hole course is 3,065 yards long and starts and ends at the club house. Holes are the 425-yard, par 4 first, the 500-yard, par-5 second, the 325-yard, par-4 fourth, 175-yard, par-3 fifth, the 325-yard, par-4 sixth, the 290-yard, par-4 seventh and the 350-yard, par-4 eighth. Two of the greens and one of the fairways border a wooded valley where Lake Herndon is located.

Several of the holes, one in particular lying on the side of a hill, will present real challenge to golfers.

The semi-public Rush Lake Hills Course just opened in part of a growing recreation community. Two sail boats and two water ski clubs have been formed with Rush Lake as the center of activities.

Herndon says: "The location of this course will help do away with the so-called 'golf widow' because there are so many things the wife and children can do while the men are playing golf." Picnic areas and swimming beaches are located along the lake. Riding facilities also are available for summer fun seekers and in the winter the area is a growing center for tobogganing, skiing and ice skating. The bowling on the Green Courts is open.

N.W.M.L. Mr. C. R. Guter-muth spoke briefly on the land and water conservation fund bill in Washington.

The registering voting delegates endorsed 61 proposals during the business meetings including a cut-off date for use of "hard" detergents that do not dissolve in sewage systems; ask a system of controls on dredging, filling and other change of water resources; oppose the sale of Peche Island in Detroit River for a resort development; endorse the continued management of the deer herd by conservation rather than legislative and oppose to water pollution by wastes and trash.

Registration headquarters for the delegates and visitors were at the Harris Motor Inn. Wives and children were entertained throughout the 3 day session with guided tours. Friday night all were entertained at a buffet dinner and dance at the Kalamazoo Rod and Gun Club near Parchment. Saturday's schedule included the handling of left over game proposals and election of officers. It was voted to hold the 1965 convention at the Caberfae Lodge in Cadillac. To climax the 64 MUCC convention, a banquet was held at the Western Michigan University Student Center.

### Rush Lake Golf Course Now Has 9 Holes Ready

Detroit's Robert Herndon is building another golf course. The first nine holes are completed at Rush Lake.

Herndon, who developed five other courses including Dearborn Hills, Detroit's first semi-public course, has chosen the gently rolling hills around spring-fed Rush Lake for his golf layout. In just a few months a remarkable change has taken place. The greens caught well and the fairways are taking shape. The course is now open.

The present setup has nine holes but Herndon seemingly has limitless possibilities of development. Northward are more hills and short stretches of flat land which Herndon owns and which could be converted into additional holes. He plans to start work on a second nine holes and hopes eventually to go to 27.

### Franklin Andersen and Roland Bair Attend Conservation Convention

Franklin Andersen and Roland Bair, both of Spencer Road, returned home early Sunday morning after attending the 27th annual Convention of the Michigan United Conservation Clubs at Kalamazoo June 18th through 20th. These two delegates represented the Livingston Conservation and Sports Association of District 7.

The three day sessions were held at Western Michigan University Student Center with Kalamazoo Area Sportsmen's Clubs as hosts.

Governor George Romney addressed the delegates on Friday when he praised the MUCC as one of the finest conservation organizations in the nation and called it "very effective" because it has a clean-cut purpose, good local participation and a competent staff. He recommended that as controls on industrial water use be made. "Water, like forests, must be managed — and on a multiple use basis."

"There is no need for a serious clash of interests between those who would put out

lakes and streams to work and those who would use them for recreation." He remarked that he expected his new task force to state proper uses and he would do all he could to put the recommendations into effect. He also stated how important he felt water resources were because coming from the west, where water was so precious that people fought over it, he feels we are very fortunate to have so much water, but does feel that we are very careless with our water as we are our trees.

Circuit Judge Louis McGregor of Flint, president of National Wildlife Federation and a MUCC past president, also spoke Friday afternoon. He stressed that in view of human population increasing at 300 per hour, one of the greatest challenges is the use of space. He feels that as trustees of what the Creator has given us, we owe it to those still to be born to see that they have space to enjoy as well as to live in.

## Mental Retardation in Children Due To Lack of Loving

The cooing and prattle most mothers seem to instinctively lavish on their children isn't just so much "baby talk".

Psychiatrists and pediatricians now recognize such maternal "gushiness" as highly important to the emotional development of children.

The absence of such development, in turn, is a factor in mental retardation. Indeed, most authorities agree that 75 to 80 per cent of the mental retardation in this country stems from a lack of emotional development.

Of course talk isn't the only thing that stirs interest, curiosity and intellect — factors

which go to make up emotional development in an infant. But it is one of the most readily available means of communication between parent and child — even if they don't understand each other's words — and early communication is the basis for emotional development.

All babies, except those with congenital disorders, start out babbling and cooing. But if the child gets no encouragement — if no one cuddles and talks to him — he loses interest after awhile and fails to learn words when he should.

Words, and the ability to link them into thoughts, are highly important tools of learning. If

these tools aren't learned, the child has difficulty developing. He becomes, in effect, walled off from the normal world about him.

It is, of course, possible to over-coddle a child. Because a rich stimulation of a child is good doesn't mean that more stimulation is better. He can be pushed too hard, made to develop too fast, and this can create its own set of difficulties.

The important thing is to make certain that your child does have a rich stimulation; that he gets the attention and the palaver he needs to encourage his curiosity, interest and imagination.
