### Masons Attend Ball Game

A group of Masonic members of Livingston Lodge No. 76 and their wives and members of the order of Eastern Star Chapter No. 145 attended the Yankee-Tiger ball game in Tiger Stadium Friday evening. It was a double header and the last batter was put out after 12:00 o'clock mid-night.

The following attended: Mr. and Mrs. George Engquist, Mr. and Mrs. Merwin Campbell, Mr. and Mrs. Otis Mattison, Mr. and Mrs. Keith Yost, Herb Dyer, Mrs. Mae Daller, John Packard, Duke Walte, Olin Robinson, Ona Campbell, and John Millam of Pinckney.

Also in the party were Mr. and Mrs. Harold Porter and Mr. and Mrs. Byron Wilson of Ann Arbor, Mr. and Mrs. Tom Barrows of Dexter and Mr. and Mrs. James Boyd of Lakeland.

Attending from Hamburg were Mr. and Mrs. Earl Murray, Mr. and Mrs. Loy Slagle, Mr. and Mrs. Cliff Baker, Mr. and Mrs. Jim Moran, and Mr. and Mrs. Ronald LaMirand.

These loyal Tiger fans helped swell the crowd to 51,000, the largest for this season at any of the ball stadiums.

### Property Owners Annual Meeting

The Hell Property Owners Assn. will hold their annual meeting, Thursday, July 30th, at 8:30 p.m. at the Chamber of Commerce Bldg., at Hell, Michigan.

All members are urged to attend this important meeting as legislative matters will be discussed and election of officers and trustees will be held.

Hell, Michigan was featured on the Big Question of the day Program, July 23rd on the CKLW Radio show from Windsor, Ontario, Canada.

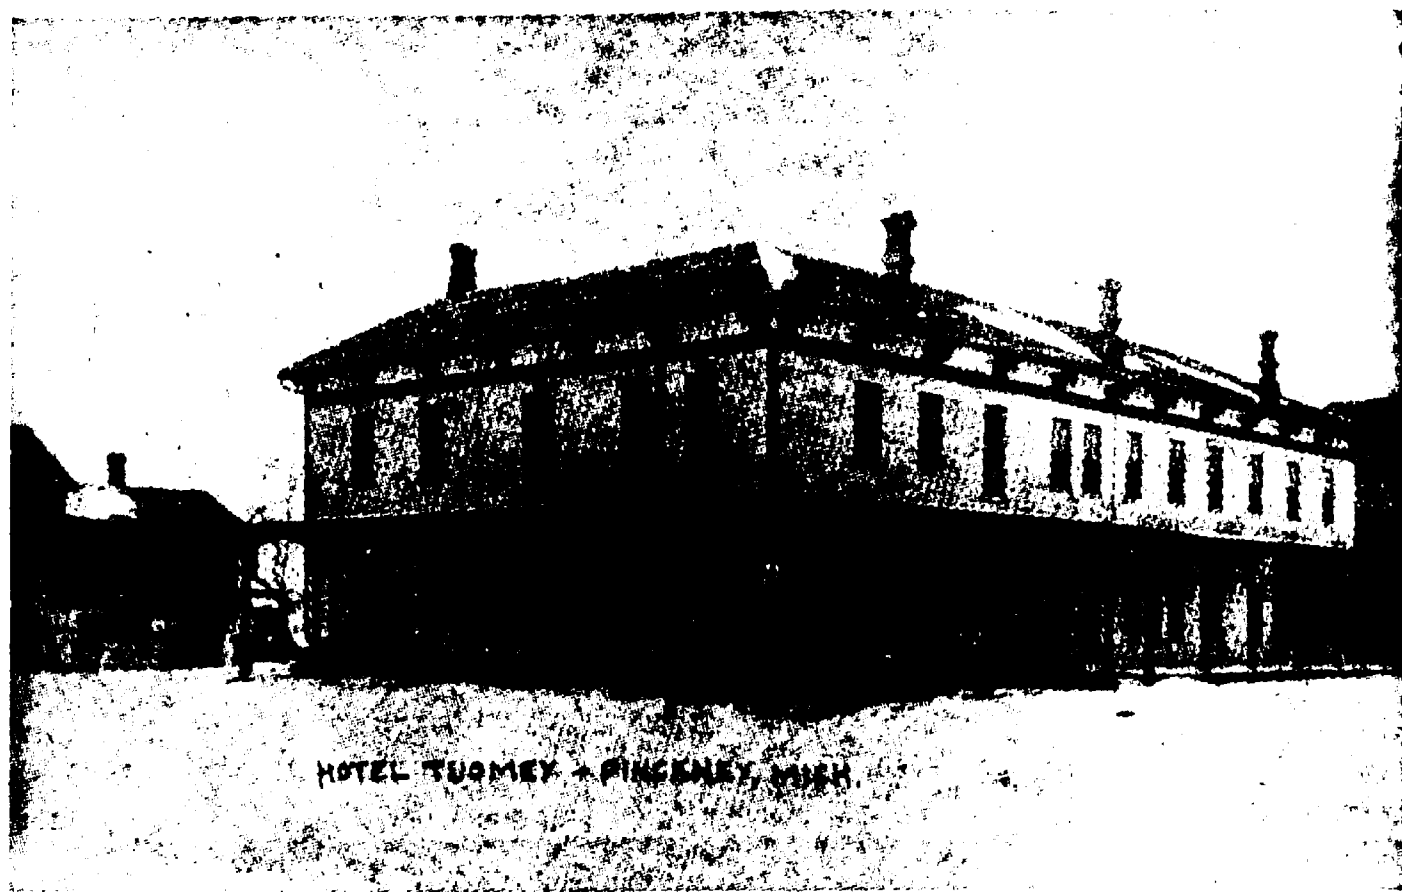

Mel Reinhard of the local Chamber of Commerce explained to an interested inquirer on just how Hell received its name.

### Historic Hotel Fire of 1920 Leads To Modern Fire Department for Pinckney

The Hotel Tuomey, one of Pinckney's oldest landmarks until it was destroyed by fire Saturday evening, October 16, 1920, has a most interesting history behind it.

It was built in 1848 by F. G. Rose, the Pinckney capitalist of early days, when the town was a stage station between Dexter and Howell. The hotel was located on the corner of Main and Mill Street where Clark's Gulf Station is now in operation.

No railroads were here or at Howell; the Michigan Central was the only railroad in this part of the state. The wheat and grain market was at Dexter and Dover and to accommodate the large number of farmers who brought wheat on wagons with horses or oxen from long distances Deacon Rose built the hotel to replace the smaller one situated near the mill race.

TUOMEY HOTEL AROUND 1900

In 1858 the building was sold to J. W. Hinchey who enlarged it. Mr. Hinchey had been a show man and a fine ventriloquist. The ballroom was used for theatrical purposes before the opera house was built.

In 1875 E. A. Allen, known to his friends as the "Buffalo Tiger" bought the hotel and conducted it for fourteen years, selling to Frances W. Reason, who later sold to J. H. Tuomey.

Tuomey conducted the bar and rented the hotel at different times to several different landlords, among whom were Fred Smith, Sanford Smith, N. H. Caverly, Mrs. Hattie Colby, and Mrs. Nettie Lynch.

It was sold to a Mr. Quinby of Detroit, who conducted business there for a short time; his death occurred about a year after the purchase.

Mr. and Mrs. Bennett then took charge; Mrs. Bennett conducting the hotel proper, her husband, an old man nearly eighty, selling soft drinks, cigars, and such. Mrs. Bennett furnished good meals and lodging until about 1917, when it was charged that the near beer sold in the premises contained alcohol. Mr. Bennett, a poor man, was advised by his lawyer to plead guilty to the charge as the easiest way out of the difficulty.

After this trouble, Mrs. Bennett decided to leave Pinckney and went to Lansing. After her departure the hotel was vacant, a mark for the boys with good "pegging" arms, and as Pinckney had no deputy sheriff to control them, the hotel became a dilapidated looking affair with the windows nearly all broken and a general disgrace to the community.

Shortly after 9:00 P.M. Saturday, October 16, the hotel barn was discovered to be afire. Efforts to subdue the fire were in vain; the building soon burned to the ground. The old ice house caught fire, the flames spread from there to the meat market, the old skating rink and hotel building. The heat was so intense that the stores across Main Street were in danger, paint blistered and plate glass windows in the store fronts were cracked. In those days Pinckney had no adequate Fire Department, so S.O.S. messages were sent and Bright, Ann Arbor and Howell fire engines soon clanged their way through the Pinckney streets to assist. The fierce burning of

the old wooden buildings made a bright beacon of light for miles around and great crowds thronged the town.

The next week the brick store on the corner of Main and Mill Street (now the Masonic Hall) caught fire and damage of \$25,000 was sustained. Again neighboring fire engines battled the blaze.

In November, 1920 the village of Pinckney at a special election voted nearly 10 to 1, 139 yes votes to 14 against, to provide an adequate fire department for the village. The council purchased a fully equipped fire apparatus and appointed W. H. Meyer as Fire Chief with two shifts of five men each under his leadership for the handling of any future fires.

#### FIVE YEARS AGO

July 23, 1959

Alice Marion Schenden, daughter of Dr. and Mrs. Augustine J. Schenden, was married to Richard Brown, son of the Richard Browns of Detroit, at St. Mary's on Saturday.

Town youngsters were enjoying the swimming in the pool Phil Gentile had made at the corner of Mowers and Patterson Lake Roads.

Jan Rowe, Gracie Poulson, Cheryl Van Norman, and Nancy Head were spending this week at the Congregation camp, Pilgrim Haven, at South Haven.

Miss Lucy Jeffreys, 71, was in McPherson Hospital after suffering a broken hip and other injuries. She received when she was hit by a bicycle ridden by Rickie Oury, 8, son of Mr. and Mrs. George Oury of Mill St.

A 27-year old U of M student drowned in Silver Lake Tuesday. Rufus Sears, who was an army lieutenant studying at the college, was the victim.

Susan Clark was working in Chicago and attending modeling school.

Fatella Kay Palmer, daughter of the Harry Palmers, and William E. Austin, son of Mrs. William E. Austin, were married in Ann Arbor in a candlelight ceremony July 18th. The couple honeymooned at Mackinac Island.

Keith Ledwidge left Monday for Battle Creek to attend the tryouts for amateur baseball players conducted by the St. Louis Cardinals.

Charles Schmidt, son of the Gus Schmidts of Howell, had been hired to teach science and math in the Pinckney school.

Friday, someone entered the Grand Trunk depot here while H. A. Tipton, agent, was busy at the freight yard and helped himself to \$12 belonging to Tipton. Money in the same drawer, belonging to the express company, was not touched.

Howard Haines, who had been ill for two months, lapsed into a coma Friday and was taken to the U of M Hospital. It was believed he had formed an abscess on the brain.

P. H. Swarthout was shingling the new addition to his funeral home with shingles made of a mixture of asbestos.

Mr. and Mrs. Robert Ackley (Mildred Jack) of Howell were announcing the arrival of a six and one-half pound daughter, Roberta Jean, born at the McPherson Hospital, July 22.

Roy Reason caught a five pound pike in the mill pond.

Mark Nash was cutting his grain with a combine this year . . . the first one in use in this section.

A large group of Pinckney people travelled to Merrill Sunday to hear Rev. C. H. Zize, former pastor at the Cong'l Church preach in his new church.

### Free Lunch Will Be Served At 6:30 P.M.

A free buffet luncheon, compliments of the International Oil Burner Co. of St. Louis, Missouri, will head the program planned for Thursday at the specially called meeting of the Pinckney Community School Board of Education. The luncheon will begin at 6:30 p.m. with a meeting, a heating seminar following at 7:30 p.m.

There is no charge for the luncheon, and the Board members request the presence of all interested citizens of the Pinckney school district.

Pinckney area home owners, and all other persons with an interest in, or questions about, home heating, will have an opportunity to pose their problems to one of the heating industry's most noted authorities.

Sidney J. Heiman, discoverer of the perimeter warm air heating concept, will hold a seminar here. Heiman is president of International Oil Burner Company, St. Louis, makers of oil, gas and electric heating equipment and air conditioning systems. For the past two years he has toured the country explaining to the heating user what new developments can mean to him.

Heiman is being brought to this city by G. A. Miller Associates of Detroit. The open-house seminar will be held in the Home Economics Room of the Pinckney High School at 7:30 p.m.

The home owner with a question, or a problem, can go to the seminar prepared to receive a direct answer from the heating pioneer. Heiman's fortune is exemplified by the fact that he devoted nearly 10 years to the task of convincing architects, builders and engineers that his perimeter heating concept would answer the problem of drafty floors, temperature fluctuations, and stratified air.

Until the late 1940's and early 1950's, architects and builders were continuing to design heating systems with the heat registers near the ceiling and the exhaust ducts at floor level.

Heiman was convinced from earlier research, that a house would heat up more rapidly, and hold a comfortable temperature longer, if the registers were at the base of the outside walls and the exhausts at the ceiling.

His battle to convince others of the validity of this concept took him back and forth across the United States for several years before he succeeded in interesting such objective institutions as the University of Illinois in his theory. The results of their tests bore out Heiman's theory, and nearly all of today's homes are heated according to his concept.

### Mrs. Hazel Parker Dies Friday

March 3, 1923 Hazel Slayton was married to Edward Parker, and since that time the couple have made their home in the Pinckney vicinity. July 24, 1964 Mrs. Hazel died at the age of 62, following a long illness. She was a patient at the University Hospital, Ann Arbor.

Surviving are her husband, Edward, a daughter, Mrs. Dorothy Sprout of Ypsilanti; a brother, Glen Slayton of Howell; and two grandchildren.

Mr. and Mrs. Parker made their home most recently at 18641 Winston Drive, Portage Lake. From 1925 until 1952 they owned and operated Parker Motor Sales, 145 East Main, Pinckney. Mrs. Parker was a member of Pinckney Chapter No. 145, O.E.S., which she was Past Master, and also, at one time served as President of Livingston County Association of O.E.S.

Mrs. Parker was born September 3, 1901, in Ypsilanti, the daughter of Fred and Josie Collier Slayton.

The Rev. Gerald Bender officiated at the services held Monday from the Swarthout Funeral Home. Burial took place in the Lakeview Cemetery, Howell.

### The Way We Hear It

... Herb Schenden needs a few more keys to his Dairy Dip — for his "incompetent" (?) help.

... a Barracuda nearly tangled with a Thunderbird Monday night at the break of the first hill on Patterson Lake Rd. It surprised several persons just how wild these two can be — and the owners probably won't allow them to get that far out of control after such a scare. We won't mention the owner's names now — they can have one more chance!

... the "speedway," from Pinckney to Howell is shaping up very nicely! So smooth and the curves more straight. But when traveling — note the black skid marks on about every slight curve and much of the straight away. One car recently — must have been going at rather a high rate of speed, dropped off the pavement on the shoulder causing the driver to lose control, roll up an embankment and roll the car completely over. (This car may be seen at Lee's Standard) Motorists will have to be more cautious and use the road — not for a speedway now, but for a long awaited enjoyable route to Howell.

... Mr. Harold Riggs, John Colone and Jack Lee enjoyed being serenaded Sunday, when a barber-shop quartette stopped by to pick up a car at Lee's Standard, the place the three gents were working at this time. The quartette call themselves "The Wayne Drops" and hail from Wayne, Michigan. Rather a logical name for them. Mr. Riggs is acquainted with

them being a former barber shop quartette man himself.

... football practice officially begins August 31, 1964. This year it happens to be the same day as school starts. It is a State ruling that a coach cannot go onto the field to practice before one week prior to Labor Day. With school beginning early this year, or with Labor Day coming early, which ever you wish to say, football also begins early!

... the Village Beauty Shoppe did manage air-conditioning last week, and everyone and everything is calm, cool, and collected (?) now.

... Pinckney Kiwanis Club enjoyed a cook-out at the Leonard Lee home Tuesday night — It was Ladies Night, and this was the way chosen to entertain them.

... anyone having talent, and interested should take advantage of the meeting held at the new Knights of Columbus Hall, East Grand River in Howell, on Sunday, August 2, from 2 till 3 p.m. Those in charge wish to arrange for an amateur show for the annual K of C picnic coming up soon.

... the Pinckney firemen were summoned to the Josephson residence on Cedar Lake to put out a grass fire Monday about 2 p.m. It was small and quick to extinguish.

... Mr. Richard McCluskey has 40 students registered for Driver's Training. They started July 24.

### Many Irregularities Found In Petitions

County Clerk Joseph H. Ellis has ruled that the names of 68 candidates for delegates to the Livingston County Democrat convention may not be printed on ballots as the results of irregularities in filing the nominating petitions. The ruling by the county clerk resulted when complaints were filed last week.

The complaints challenged the legality of nominating petitions for 102 candidates to the county convention, all Democrats. Of the 102 challenged candidates, 68 were found to have irregularities and will not appear on the ballots.

Reasons found for the irregularities included unqualified circulators, insufficient valid signatures, unregistered voters and securing of signatures in advance before Act 236 of 1964 became law.

County Clerk Ellis pointed out to The Argus yesterday that even though these 68 names will not be printed on the ballots, they can still be written in on election day.

In commenting on the irregularities in nominating petitions Ellis commented, "It points up one thing. We should be more cognizant of the rules and regulations of our election laws. They are to protect our franchise to vote and be heard."

He continued, "In making my determination of these matters I have consulted with the Election Director of the Secretary of State's office and with the Prosecuting Attorney, Charles Gatesman."

"The election laws of the State of Michigan place these responsibilities upon the County Clerk and we are bound to carry out our constitutional oath of office in these matters," Ellis concluded.

The complaints were filed last Tuesday by Martin J. Lavan, representing the insurgent Democrat group, and Gerald Sixbey of the incumbent group. It was incorrectly reported last week that this group's complaints were filed by Pauline Rettinger.

Four candidates petitions were invalid because the circulators were residents of

Green Oak township whereas the candidates were residents of Brighton City. The four, Donald A. Reed, Kenneth J. Graham, Daniel Madigan and Bernard J. Ewald, were ruled invalid because their petitions had been circulated by Gerald Sixbey and Herbert Munzel, both of Green Oak.

Three petitions did not have sufficient number of names, and 61 petitions were circulated prior to May 27, the day Act 236 became law.

The 68 candidates ruled off the ballot were all on complaints filed by Martin Lavan.

The complaints filed by Gerald Sixbey were over-ruled by County Clerk Ellis, and all 110 petitions for candidates of the insurgent group will appear on the ballots Sept. 1.

The candidates ruled invalid and whose names will not be printed include, other than the four mentioned above: Stanley Goody, Clyde C. Corbin, Carl Schneider, Mrs. Joan Krocak, George Boyd, Gerald Sixbey, D. E. Newcombe, Edward Cartier, George Anderson, Edward Rettinger, Mrs. Pauline Rettinger, Melbourne Miller, Joseph Wildes, Louis Kozma, Peter Smith and Mrs. Grace Sampica, all with Brighton mailing addresses.

Those with Howell addresses: Francis Daniels, Mrs. Roberta Herbert, Mrs. Marion Sixbey, Earl Bodary, Adelbert Sixbey, William Dillon, Mrs. Gladys Clark, Leo Burke, Mrs. Sarah Burke, Floyd Wilson, Clarence Earle, Gary Cotter, Clarence Cotter, Robert Spare, Mrs. Thelma Cotter and Mrs. Ruth Czajka.

Those from Pinckney: Clement Charboneau, Mrs. June Hendee, Mrs. Helen Reynolds, Joseph Tomask, Lloyd Hendee, Leonard Lark, Mrs. Ellen McAfee, Francis Shehan, and Mrs. Jean Desch.

### Camp Meeting

The annual Camp Meeting of the Eastern Michigan District Church of the Nazarene began on July 24th and will continue through Sunday, August 2nd, with three main services daily, 10:30 a.m., 2:30 and 7:30 p.m. The workers are Rev. Harold Daniels, Rev. Bert M. Daniels, Joyce Hughes, Children's Worker with Paul McNutt as singer, 6477 N. Burkhardt Rd., Howell, Mich. Everyone is welcome.

Fowlerville candidates: Leo Fitzgerald, James Sober, Mrs. Nina Hauser, Leslie Ingersoll, Raymond Maleitke, Mrs. Eleanor Ingersoll, Herman Rife and Harry Elliott.

Green Oak township: Herbert Munzel, Mrs. Ruth Menzel, Ronald Weber, Morris Datsche and Clifford Page.

Fenton mailing address: Oscar Hall, Walter Murray, Mrs. Bernice Pushman, Mrs. Donna Murray and Vernon Pushman.

Linden mailing address: Mrs. Joan McMacken, Mrs. Thelma Dietrich, Mrs. Dorothy Andren and Robert Sink.

One from Lakeland: Daniel Prested, Sr., and one from Milford: Russell D. Fleming.

Progress is evident at the site of the new St. Mary Catholic in Pinckney. Steel girders have been put in place, and the bricking of the Church sides is well underway. This picture was taken July 24, 1964.

Chuck Hewlett and Jerry Spake were in Fraizer July 18, and 19, Saturday and Sunday night shooting the fireworks for the 18th Annual Lions' Carnival. Chuck and Jerry will be at the Fowlerville Fair this Thursday evening shooting the fireworks display that follows the 4-H Show.

Mrs. Leslie McKinley was a patient at McPherson Health Center for four days last week. The McKinleys' daughter, Mrs. Virginia Lareau and neice Connie of Huntington, California are vacationing at the McKinleys' Rush Lake home this week.

So many tourists are streaming through our neighboring community of Hell that Mrs. Beulah Dewey had to close her Ranch House Grill for an hour and a half last Sunday so she could take care of

the customers already inside. Hells fame is far-reaching in the last week two separate families from Scotland have toured Hell.

Mr. and Mrs. Herman Vedder and Mrs. Dora Swarthout are camping at Bishop Lake this week.

### HOLT'S GRANDSON HAS ACCIDENT

Mr. and Mrs. George Reeves and daughter visited at the home of his grandparents, the George Holts of Patterson Lake Road, last Sunday. That evening George, who was alone, flipped his convertible over twice while travelling through Hamburg. He was taken to an Ann Arbor hospital for treatment but released after several hours ... however the car didn't fair as well.

Mrs. Esther Hall and Mrs. Velma Knapp visited in Saugatuck Friday and Saturday, picking up Darlene Knapp, Sharon Gray, and Mary Plummer at Phipps Haven Camp at South Haven on their return trip.

Mr. and Mrs. Ray Sullivan and daughters, Caroline and Mary have returned from a two week vacation trip to Branson, Missouri where they visited with Ray's parents.

The Mark Nashes took their four grandchildren, the little Bekkerings, to the Gearhart Family reunion at Potters Park in Lansing last Saturday. Jane and Jack Clark also attended.

"We had a wonderful trip," Mrs. Claude Swarthout told us after she and Claude returned from a two week vacation tour which took them all over Michigan and parts of Wisconsin. They returned Saturday.

Mrs. Jennie Kellenberger is spending several weeks at the Patterson Lake Road home of her son Ken Kellenberger.

Sunday guests at the George Holt home were their granddaughter and family, Mr. and Mrs. Overhart and two children.

Little Mary Beth Michael, daughter of Rev. and Mrs. Charles Michael, is celebrating her birthday Thursday, July 30.

### SMOKEY MOUNTAIN TRIP

Mr. and Mrs. Joseph King and son, Michael of Rush Lake have returned from a week's vacation traveling through the Smokey Mountain area in Kentucky, Tennessee and North Carolina. High points of the trip were tours through the Tuckalee Caverns and Mammoth Cave.

The William Horners and daughters, Debbie and Susie of Patterson Lake enjoyed a 10 day visit in Fayetteville, North Carolina with relatives. Their son, Bob and his friend, Mike

Talbot of Ann Arbor drove down to Fayetteville also going on to Georgia to visit friends.

Have you been down the Howell-Pinckney Road lately? Surprisingly enough it is completely paved ... all the way from Pinckney to Howell ... it seems like they have been working on that road for the last five years.

The ladies of St. Mary's Church guilds have ordered all the food for their big roast beef smorgasbord dinner coming up August 16 and committees are hard at work on the various booths which will display their wares on the St. Mary's School Grounds. This is always one of the big events in Pinckney every year.

The James Merna family entertained guests last Thursday through Saturday from Merna, Illinois ... a town named after James Merna's grandfather. Guests were Mr. and Mrs. Allen King and their six children.

The Kinas and the Kings spent Saturday at Point Pelee in Ontario, Canada, returning in time to greet Mrs. Merna's mother, Mrs. Rodney McQuary who flew in from Malibu, California to spend a 10 day vacation with her daughter and family.

The Eastern Star members are hoping to see one and all at their annual bazaar and bake sale to be held Saturday, August 1st in the Masonic Hall up over Jerry's. If you want one of those out-of-this-world "tote bags" made by Sadie Moran you had better get there early ... the demand is certainly larger than the supply ... and they have lots more hand made items, too.

## ... News

New books this week include a super suspense story "The Hunting" by Clifford, a photographer on the island of Santa Marta witnesses an airplane crash which is hushed by the government. Timely plot, centering round a would-be Castro.

We have also added some books for which we have had many requests:

Cather, "Shadows on the Rock"

Hemingway, "Farewell to Arms."

Hersey, "Child Buyer."

Carroll, "Christmas Without Johnny."

Bromfield, "Pleasant Valley."

Ross, "Education of Hyman Kaplan."

The library deeply appreciates the books and magazines which our friends have donated but until we have shelf-space we can accept no more. If you have books or magazines which you feel would make a needed contribution to the library, please store them for the time being. Our summer reading program is still going strong. There are 181 children in the program now.

BY ANN MOORE, 229-9855

Congratulations to Mr. and Mrs. Walter Moore on the birth of their son, Howard Allen, born July 16 at St. Joseph Hospital weighing 7 lbs and 7oz.

We are very happy to report that Mike O'Dell came home from the hospital, Thursday. Mike must convalesce for along time yet. His friends are welcome to visit and help pass the time away.

Mrs. Pat Kirby of Rickett Rd., was hostess of a Tupperware party Monday night. Ladies present were Judy Sherman, Diane Carey, Monna Mitchell, Dorothy Shoner, Nancy Shoner, Mary Anteau, Jean Wylie, Marianne Stoner and Ann Moore. Everyone had a pleasant time despite the bad weather. A week ago Sunday, Mr. and Mrs. Pat Kirby were in Bay City.

Mr. and Mrs. Alfred Caroen and son returned home a week ago Sunday night after spending nine wonderful days camping and fishing in Chap-eau, WaWa and Five Mile, Canada.

Mr. and Mrs. Fred Brockmiller, Jr., and family enjoyed a Sunday School picnic at the German Park on Pontiac Trail Sunday.

Staff Sgt. Donald Winberg, son of Mr. and Mrs. Ray Winberg of Beth, left Thursday after visiting his family for three weeks. A family reunion was held July 4th with a picnic in the back yard. Everyone was present except for one son, Eugene, who lives in Ogden, Utah and is expected home in August. While here the Ray Winberg and Donald Winberg families made a trip across the straits to Cedarville, to visit relatives. Donald has been in the service 12½ years and is a Master Missile Instructor at Sheppard

Air Force Base, Texas and lives in Iowa, Texas. Ronald, also in the Air Force, was home this weekend from Selfridge Air Force Base. The Winbergs are quite a military family with all but one son having been in service. Mr. Ray Winberg is a retired veteran of 30½ years with the Coast Guard.

Guests of Mrs. Leonard Haas of Stephens Wednesday, were her sister-in-law, Mrs. Frank Allen and Mrs. Trout of Clawson.

Mrs. Rose Valley, left Tuesday for Rose City after spending a week with her daughter, Mrs. Lawrence McCartney of Marcy. Debra accompanied her grandmother and will stay for a short visit.

Guests of Mr. and Mrs. Glenn Eastman, Sunday were Mr. and Mrs. Thomas and family from St. Clair. Thursday evening Mr. Eastman was caller for a square dance at the Glen Eaton Hospital in Detroit.

Mr. and Mrs. Murray Greenhalge, Sr., and Mr. and Mrs. Roy Schram of Woodland Lake enjoyed a Bob-Lo moonlight cruise Friday.

Mr. and Mrs. Fred Cotton-gim returned a week ago Sunday from their two weeks vacation in the Smoky Mountains and Manchester, Ky. While in the Smokies, a big black bear came right up to the car; they visited the Indian Village, Frontier Land and saw a mock gun battle staged for young visitors. Even though their two year old son dropped a rock on his toe, which is still painful and came down with the three day measles, everyone had a wonderful time.

Mary Jane Morton, daughter of Mrs. Archie McDonald left Friday for Maryland with her

sister and brother-in-law, Mr. and Mrs. David Smith. After a short visit, they will attend the World's Fair in New York.

Joanne Perry of Academy with her two daughters, Carmel and Christine attended the Young Mothers' Coffee Hour, Thursday at the home of Ruth and Herb Munzel. They enjoyed very much the informal talk given by Mrs. Neil Staebler.

Mr. and Mrs. Edwin Danforth and family left Friday for a two weeks vacation up North.

Mr. and Mrs. Harold Harmon of Buchanan have returned from a pleasant two weeks in Arkansas and Illinois visiting relatives.

Guests of Mr. and Mrs. Edwin Weber of Somerset for a few weeks are his brother and sister-in-law, Mr. and Mrs. E. J. Weber of Sarasota, Florida.

Mrs. James Glenn attended a training session for officers of W.S.C.S. Thursday in Manchester, Saturday, Mr. and Mrs. Glenn attended the wedding reception of her brother, Larry Kaufman, in Saline.

Mr. and Mrs. Adam Rawski and family of Rickett left last weekend for a two weeks vacation visiting friends in Northern Michigan.

Gene Koehler, son of Mr. and Mrs. John Koehler of Marcy, who has been home on leave from the navy since July 2nd left today, to return to Hawaii.

Mark Darney, son of Mr. and Mrs. Andrew Darney of Stephens celebrated his seventh birthday with a gala birthday party. Friends present for the happy event were Doug and Wayne Bartrum, Margie and Melvin Glazier, Timothy McMaen, Diane Pugh, Robert Seitman, George Wickstandt, Coleen Sinta, Dill Kolar and Andrea, David and Andy Darney. The children played several games and later enjoyed Mark's baseball birthday cake and ice cream.

Everyone was happy to see that Andrea Darney had the cast removed from her arm last week, then only a couple of days later Melvin Glazier broke his arm, and will have to wear a cast for about six weeks.

Mrs. Betty Maltby returned home Friday afternoon after spending a week on Campus in Lansing for the third annual College Women Week. Also on campus were Marion Blair, Thelma Warner, Esther McCready, Elizabeth Drake, Virginia Williams. Guest speakers were Charles Vetter, main trainer of the Peace Corps, Lenore Romney, and Dr. Augustine. During the week the women also toured the campus and visited the Capitol. Some of the many topics were Nutrition and the Consumer, Home Management, Houses are to Live In, What in the Name

of Cotton, and Hands across the Sea. Betty was the chairman of all Safety Projects and was honored to have Sec. of State Hare, as guest speaker.

Timothy Hoshal, son of Mr. and Mrs. Verne Hoshal of Aldine celebrated his third birthday Friday. Some of his little friends present to help celebrate were Mickey Greenfield, Shelley and Jackie McCasey, Donna Olsen, Phil DiLavore, and Jennie Hoshal. They all enjoyed playing games before being served cake and ice cream.

Mr. and Mrs. Sherwood Grondin and family from Minn. arrived today for a five day visit.

We wish to welcome Mr. and Mrs. Fredrick Brooks, who recently moved to 6123 Stephenson and Mr. and Mrs. James Burson, new residents of 6103 Marcy, also Mr. and Mrs. Blunk of Marcy.

Last Tuesday, Betty Mitchell, with Candy DeHate and Jan Moore as guests, went to Newport Beach for a beach party sponsored by the Dexter Youth Club. There were about thirty girls and boys present. Everyone had fun, swimming in the clear clean water.

Guest of Mrs. Glazier, Friday was Connie Duncan.

We are sorry to say that Mr. Ed Bogan, father of Mr. Thomas Bogan, is in McPherson Hospital with pneumonia. We wish him a speedy recovery.

Mrs. Edna Wilbur arrived last Wednesday from Providence, Rhode Island for a two weeks visit with her daughter and son-in-law, Mr. and Mrs. Ted Moore.

Register so you can vote for the new Republican State in Green Oak, Pd. Pol. Adv.

## Ionia Free Fair Opens August 10

The Ionia Free Fair, one of the few major fairs in the nation with free admission to its grounds, has added a number of new—and free—features for this year's engagement August 10-15.

The over-all program includes such entertainment highlights as nightly fireworks displays, harness racing, auto racing, tractor and pony pulling contest, livestock judging, State Championship Flowering contest and hundreds of attractive exhibits.

Among other features are a greased pole contest, tractor driving contest, wood chopping competition, square dancing exhibitions and a tug-of-war across the Grand River.

"Fun Galore in '64" a variety show starring the Clinger Sisters, youthful singers featured several times this year on the Danny Kaye TV program, will be presented before grandstand audiences the first three nights of the fair, August 10, 11, and 12. Comedian Don Rice, Gus Augspurg's Jungle Wonders, impressionist Billy Webb, the Fredlys, the Haslevs, and the Hal Sands Manhattan Rocket dancers will also perform.

Meredith Willson's famous "Music Man," presented by BCNYC productions, will play before the grandstand August 13, 14, and 15. A talent-loaded company of 34 professionals will present all of the color and the great songs in this fine musical.

A self-contained 25 feet diameter "carousel" canopy with 40 hanging microphones and 70 overhead lights offer magnificent sound and a full range of color.

Governor Romney and other state notables will be at the fair on Governor's Day, Wednesday, August 12.

## State Farm Management Tour Aug. 5

Livingston county farmers contemplating change won't want to miss touring two Branch county farms during the 16th annual State Farm Management Tour on Wednesday, August 5.

The Dean Pridgeon farm near Montgomery, the morning stop on the tour beginning at 9:30 a.m., switched from a 50-cow dairy herd to farrowing and marketing more than 2,000 pigs annually. The reason: Too much needed hired labor to handle the dairy herd coupled with the desire to remain a truly family operation.

Leo Sanderson of Quincy has always been in the dairy business, although a disastrous fire two years ago destroyed his dairy facilities. He designed a highly-mechanized and low-cost loose housing system with capacity for 100 cows with the aid of Michigan State University extension specialists. MSU agricultural engineering specialists will discuss the specific details of the Sanderson dairy facility during the afternoon stop.

Besides visiting the facilities farmers will have an excellent opportunity to hear the two farmers discuss their individual experiences and problems related to making a change.

## New Subdivision Is Opened Here

The Don-Carl Knolls Subdivision, between Patterson Lake Road and the Dexter-Pinckney Road, after acceptance by the village council, has been approved by the County Plat Board. There are twenty one large lots in this project, according to William C. Haines and his wife, Helena, proprietors of the subdivision.

Mr. and Mrs. Haines purchased the land formerly called the "old Swarthout farm" in 1940 and have spent their summers and weekends in the lovely old brick farmhouse which faced the Dexter Road. Will Kennedy, managed the farm for the Haines family for many years. The original farm had forty acres on the Dexter Road and sixty acres fronting on the Patterson Lake Road. It was from this acreage that Howard Read bought the land for the Read Acres Subdivision.

Haines is the property manager for the Practical Home Builders of Detroit.

Tentative plans call for a welcome.

## Republican To Aid Goldwater

Mrs. Norma Kuhn, Acting Chairman of the Livingston County Republican Committee met with Governor Romney and Arthur Elliot, Chairman of the Republican State Central Committee and other county chairman in Lansing, Thursday night, July 23.

The Republican Party of Michigan will fully support Senator Goldwater for President and all other Republicans as they are selected by the people of Michigan at the September 1, 1964 primary.

Fort Skelly, an American base near Regensburg, West Germany, will be the site of a new house of worship designed not only for services for Protestant and Roman Catholic Christians, but also for use by Jews, Moslems, and Buddhists. Regensburg city officials have approved plans for the building designed to serve the needs of U. S. armed forces personnel of all faiths stationed at the base.

ABOUT INSURANCE OF YOUR SAVINGS

- Q. What is the Federal Savings and Loan Insurance Corporation?
  - A. It is a government corporation which Congress created in 1934 to guarantee the safety of savings in insured associations up to \$10,000 for each saver's funds.
- Q. What is an insured association?
  - A. Any savings and loan or building and loan association, cooperative bank or homestead association which has applied and has been approved for insurance by the Federal Savings and Loan Insurance Corporation.
- Q. Are all savings and loan associations insured by the Federal Savings and Loan Insurance Corporation?
  - A. No. Insurance is required by law for all Federal savings and loan associations, but insurance is optional for institutions operating under State charter. State-chartered institutions are insured upon application and approval.
- Q. Is it possible for insurance protection to be terminated without advance notice being given to all insured savers?
  - A. No. The Rules and Regulations of The Federal Savings and Loan Insurance Corporation provide that before insurance may be terminated ample notice of such action must be given to all insured savers in the association.
- Q. Is there any cost to the individual saver or investor for insurance protection?
  - A. No. There is no direct cost to the individual, as the premium for insurance is paid by the association at a rate fixed by law.
- Q. What protection is afforded savings placed in an insured association?
  - A. Savings in an insured association are protected by:
    - (1) The security found in first mortgage loans on homes, U. S. Government bonds, and other assets;
    - (2) Sound, progressive operating policies administered by experienced, local management;
    - (3) Annual examinations and audits required by the insurance regulations; and
    - (4) Insurance against loss afforded by the Federal Savings and Loan Insurance Corporation.

What does a baseball team like besides meat and potatoes? Good hearty bean soup that's what! And when it's the Detroit Tiger Manager's own favorite concoction you know you've got a nutritious meal-in-a-bowl. Chuck Dresen cooks this up personally for his Tiger players whenever he gives them a special treat. Serve it to your whole gang of Little Leaguers or dish it up anytime for the sports fans at your house. It's a game winning hit every time!

### CHUCK DRESSEN'S BIG BEAN SOUP FOR LITTLE LEAGUERS

FAMILY SIZE RECIPE (Makes 6 Servings)

- |                          |                             |
|--------------------------|-----------------------------|
| 1-lb. dry navy beans     | 1 med. onion finely chopped |
| 2 smoked ham hocks       | 1 No. 2 1/2 can tomatoes    |
| Salt and pepper to taste |                             |

Cover beans with water and soak overnight. Drain beans and again cover with water and add ham hocks, onion and tomatoes. Cover, bring mixture to a boil and simmer 2 1/2 hours or till beans are tender. During the cooking process water or tomato juice may be added to the beans as needed. Lift out ham hocks, strip meat from bones and cut up into bite-size pieces. Return to soup and add salt and pepper to taste.

### QUANTITY RECIPE (About 4 gallons)

- |                               |                                    |
|-------------------------------|------------------------------------|
| 8 lbs. dry navy beans         | 5 No. 2 1/2 cans tomatoes (approx. |
| 8 lbs. smoked ham hocks       | 17 1/2 cups)                       |
| 8 med. onions, finely chopped | Salt and pepper to taste           |

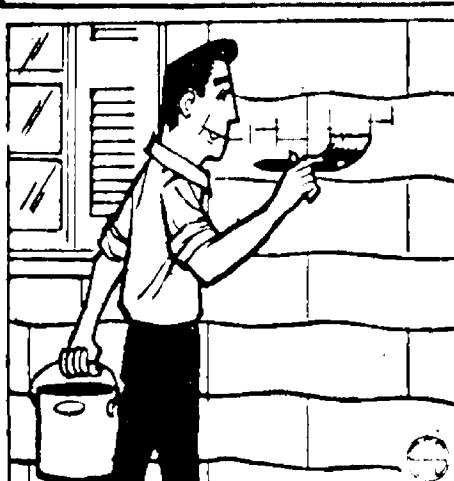

Follow same procedure as for family size recipe above. This quantity recipe is great for community suppers or any large-crowd event.

### Keep Lettuce Fresh

Leftover lettuce? Keep it crisp and tasty, even when repeated refrigerator door openings in hot weather tend to wilt it. Dampen a square of paper towels and wrap lettuce before putting it in the crisper bin. Today's greens will be fresh for tomorrow's salad.

### A "How-To-Do-It"

#### PAINT POINTERS

Some people who have covered their home with asbestos shingle siding may find that it becomes discolored with age and needs painting.

Asbestos shingles are highly alkaline, requiring special primers before applying oil-based paints. With the new emulsions like "Lucite" acrylic house paint, you need no primer. Thus a job that used to demand three coats can now be done with just two. (If the surface of the shingles has powdered badly with weathering, use a stiff-bristled brush to remove this powder. This is usually the only preparation that's needed.)

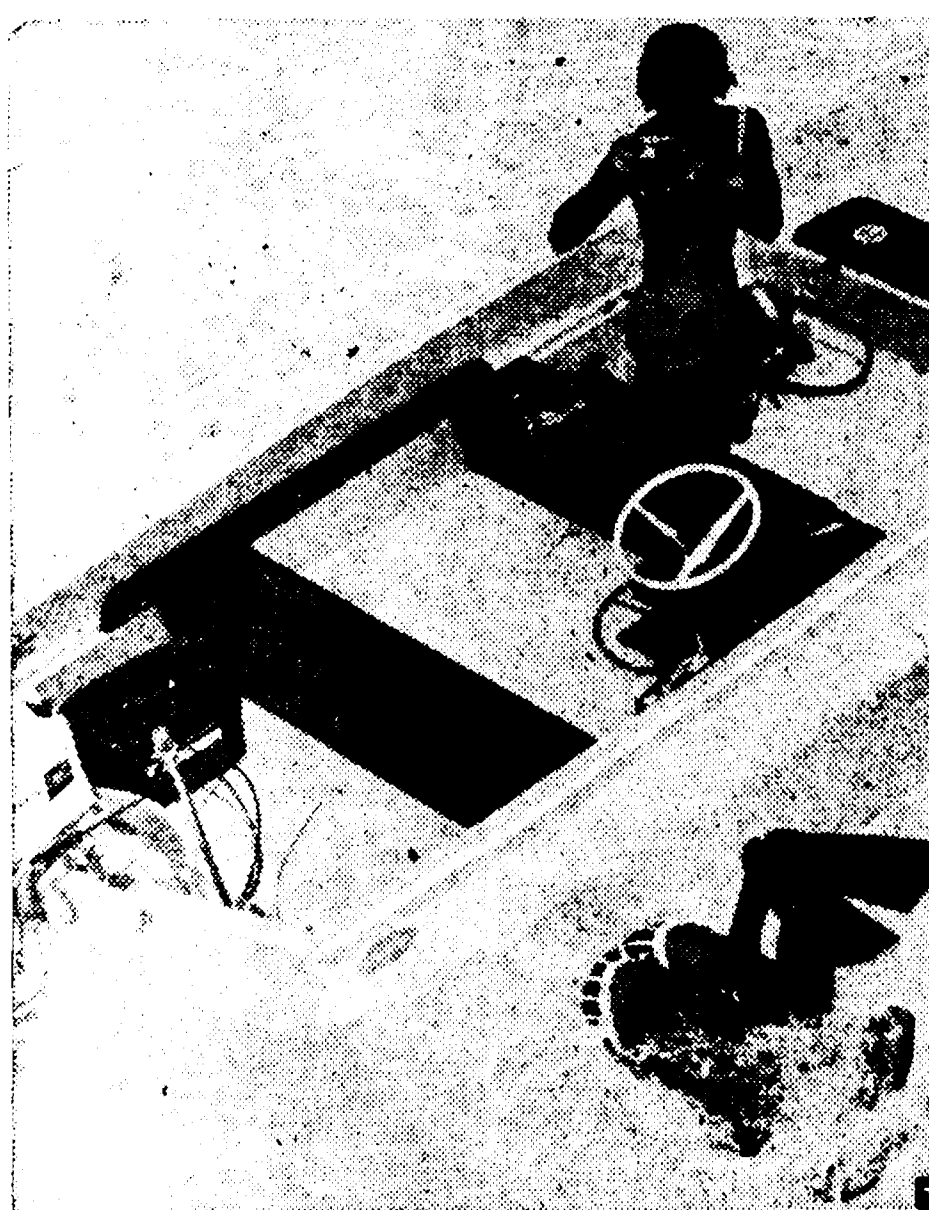

If you have a combination red brick and asbestos-shingled home, you can make it look much bigger—and better—by painting both surfaces the same color—with the same paint. Matching colors in masonry and asbestos shingle (or wood) paints were difficult to come by before the development of emulsion house paints. With "Lucite" house paint, you cover both from the same can.

### Showerproof Hair-do With Tissue Turban

If you like a shower better than a tub bath—but your hair-do doesn't—try this hair-dresser's trick.

Use a large size shower cap designed for bouffant hair-dos. Before putting on the shower cap, wrap lengths of bathroom tissue around your coiffure. Make sure the tissue covers the entire hair line. Hold tissue in place with a few hair clips. Put on the shower cap carefully, making sure not to displace the tissue wrapping.

### SNAPSHOOTING MADE EASY OVER OR UNDER THE WAVES

This time of summer the wanderlust spirit hits almost all water sportsmen. Boat skippers, with their craft now in tip-top shape seek fresh travel discoveries. The skindiver, tired of scanning familiar marine life, is ready to probe further undersea mysteries.

What better way to capture and remember these memorable events of exploration, over or under the waves, than with camera and film.

Buddy Gaines, professional photographer for Cypress Gardens Productions, Cypress Gardens, Fla., is an expert on filming techniques both above and below the surface. Buddy offers these photo-taking pointers for boating enthusiasts:

1. For dramatic pictures of boats shoot from a low angle so that the shoreline will be above the horizon.
2. Use flash for your inboard pictures—even when the sun is shining. It will eliminate harsh shadows that might otherwise lie right across the face of your prettiest guest.

3. When photographing a group of boats, it is always smart to get as high as possible for the greatest panoramic view.
4. In shooting distant pictures, try to get some foreground object—a buoy or something of your own boat—into the picture to give it dimension.

Buddy advises the snapshooting-skidiver not to go below 15 feet without special camera equipment. For depths less than this, the procedure is simple:

1. For use with regular diving masks: first remove the ring from diving mask, insert camera in a heavy gauge polyethylene bag, place open end of bag over mask, replace the ring and tighten firmly. Test the rig a few times to make sure it is watertight.

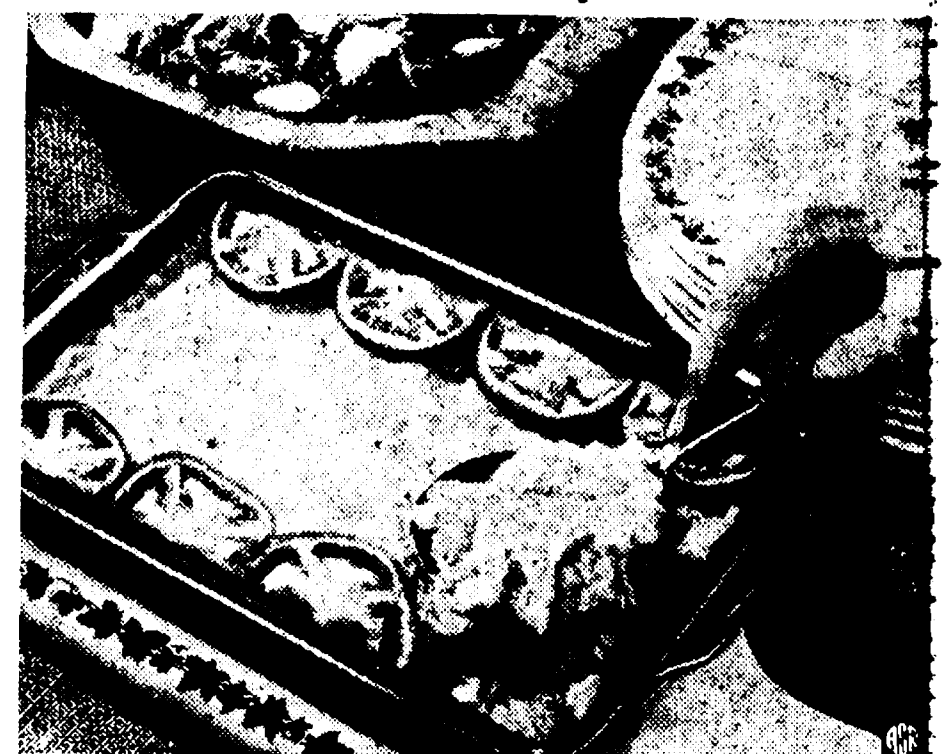

2. The ideal camera to use is one of the automatic electric eye types, because controls can be easily worked through the pliable bag. A valuable accessory is an exposure meter placed inside a tightly sealed Mason jar.

3. The ideal location for underwater shots is near a bottom which is light-toned. This takes advantage of sunlight reflected from the bottom. Try to keep your subject matter within 10 feet to eliminate the tendency for true colors to "go blue."

4. When working in the ocean, the best time to shoot is on the incoming tide near a flat surface between 11:00 a.m. and 3:00 p.m. When the water is choppy the sun-rays are rapidly reflected from the surface and will not penetrate the depths for sufficient light.

Good exploring... happy snapshooting, over or under the waves!

### Tasty Dish with Old-Time Flavor Tuna-Corn Country Casserole

Here's a wonderful tuna-corn casserole, easy as can be to make, and economical, too. Delectable morsels of convenient canned tuna provide hearty good taste and good nutrition, too. One serving of tuna provides more complete protein than a comparable serving of red meat. The casserole takes only minutes to prepare and then the oven does the work for you. The result—a marvelous dish with old-fashioned flavor reminiscent of Grandma's corn pudding, combined to a "T" with the delicate taste of the tuna. Tomato slices add a cheery note of color. Serve with a green salad and you'll have a meal to remember!

- |   |                             |   |
|---|-----------------------------|---|
| 2 eggs  | Tuna-Corn Country Casserole | 2 cans (3 1/2 or 7 ounces each) tuna in vegetable oil |
| 1 can (10 1/2 or 11 ounces) cream of mushroom soup, undiluted |                             | 1 cup soft bread crumbs                               |
| 3/4 cup milk  |                             | 2 medium tomatoes, sliced                             |
| 1/2 teaspoon Tabasco (optional)                               |                             | 1/2 teaspoon sugar                                    |
| 1 can (1 pound) cream-style corn                              |                             | 1/2 teaspoon salt                                     |
|   |                             | 1 teaspoon butter or margarine                        |

Beat eggs; stir in soup, milk and Tabasco. Mix in corn, tuna and bread crumbs. Turn into buttered shallow casserole 10x6x1 1/2 inches. Bake in moderate oven (350°F.) 45 minutes; remove. Cut tomato slices in half; place around edge of casserole. Sprinkle tomato slices with sugar and salt; dot with butter. Return to oven and bake 15 minutes longer.

YIELD: 6 servings.

### Get A Sniffle Bag For Cold Victim

For persons who greet the change in season with a sneeze, modern medical advice is to stay home, get plenty of rest in bed and eat a well-rounded diet that includes plenty of liquids.

To avoid spreading the cold to the rest of the family, make sure used tissues are deposited at once in a paper bag that can be burned. A child will enjoy using a brightly colored bag, available at specialty and gift shops, which can be decorated with his name and cutouts.

Tape the bag to the bedside table within easy reach. When it begins to fill up, let the child decorate a second one with cutouts of adhesive covering or crayons.

## Gregory

Ferris Caskey had a cow struck and killed by a motorist Thursday, at the Lloyd Hunt farm.

Capt. and Mrs. Richard Van Slambrook and sons of Minn. North Dakota are vacationing with Mr. and Mrs. A. T. Van Slambrook and family.

Mr. and Mrs. Norman Jacobs and Mr. and Mrs. Harold Ludtke attended the American Legion Convention at Grand Rapids last weekend.

Mr. and Mrs. L. Z. Hart-

ness shops and opened stores. Shortly after 1837 Philander Gregory, son of a tanner and glove maker, began making gloves and mittens in his home. The Gregory Baptist Church stands on land which was part of Gregory's farm. Gregory is named in his honor.

Among the early industries, none was more important than the Coopers shop, where kegs and barrels were made. Nearly everything from flour to salt was stored or shipped in barrels. It was in a Cooper shop that the Gregory Baptist Church was born. In 1836, a handful of men formed a Baptist church with a membership of 13. This is one of the oldest bodies in Livingston County.

Under the leadership of their first pastor, Elder Brunson, plans were made to erect a Church building. In 1852 the pioneer Baptists built a brick Church in the village of Williamsville.

### HISTORY OF BAPTIST

In the year 1830 the price of land was increasing and not easy to obtain in the state of Connecticut, also in the Eastern part of New York State. Seven hundred miles to the west in a territory called Michigan, land was cheap and plentiful. Timber, waterpower, and marsh grass, for hay abounded.

In 1833 Amos Williams left the state of Connecticut, crossed Lake Erie and landed in Detroit. He made his way by poor roads and Indian trails to what is presently Williamsville. Here he found waterpower for a saw mill and established a home.

Soon, other men from Connecticut and eastern New York headed west, with their families, to take up land in Michigan. They cleared the forests and broke up the land with oxen for their farms. They built blacksmith, carriage and har-

In 1844 the Grand Trunk Railroad Co. built a railroad through the farm of Philander Gregory, and freight and passenger service was established. Soon stores, shops, and homes were built and the Village of Gregory came into being.

This growing village had no church. In 1846 five men appointed by the Williamsville Church met to decide upon moving the Williamsville congregation to Gregory. The committee consisted of William Holmes, Silas Hemingway, George Stevens, Halstead Gregory and Thomas Howlett. Their decision was to build a new and larger Baptist Church in the growing village of Gregory to be named the First Baptist Church of Gregory. The Church was built and dedicated in 1846. The text for the dedication sermon was taken from Matt. 16:18. Upon this Rock I Shall Build My Church.

For over 125 years the Baptist Church has been in continuous existence. Recently the Gregory Baptist Church was completely remodeled and modernized.

## 6 Boys Walk Away From BVS in Week

Blame it on the hot weather we have been having, but six boys from the Boy's Vocational School at Whitmore Lake got the wander just during the week and walked away. State Police captured three of the youths after hot chases through nearby fields, but it required the sharp nose of a dog to run a fourth boy, while two are still missing.

## Marlene Charboneau Weds In Traverse City

MRS. CLARENCE SIKORSKI

Large vases of white gladioli decorated the altar of St. Francis Catholic Church at Traverse City, Saturday, July 18 for the 11:00 a.m. nuptial high mass when Miss Mary Marlene Charboneau and Clarence Herman Sikorski were united in marriage.

The Rev. Joseph E. Kohler officiated at the double ring ceremony. The organist, Mrs. Beatrice Delany, accompanied Mrs. Wanda Smyt as she sang Ave Maria, Pania, Angelicus and Sancto Maria as the bride placed a bouquet at the altar of the Blessed Virgin Mary.

The bride is the daughter of Mr. and Mrs. George E. Charboneau of 9040 Farley Road, Pinckney. The bridegroom is the son of Mrs. Thomas E. Deering of Traverse City and the late Clarence W. Sikorski.

The bride, escorted to the altar on the arm of her father, selected for her wedding a taffeta gown featuring re-embroidered aleon lace on the modified scoop neckline and front panel of her floor-length sheath skirt and long sleeves ending in wrist points. The detachable train, fastened at the waistline with two miniature bows, extended to the floor in a chapel train. Her shoulder-length bouffant veil of bridal illusion was secured to a cluster of rose buds. She carried a bouquet styled in a tripling cascade arrangement of white frenched carnations centered with a detachable corsage of pink delight roses.

Attending the bride as maid of honor was her sister Elaine Charboneau. Bridesmaids were Mrs. John Sikorski, Jr., Mrs. Robert Knight, Mrs. Norman Schaub, all of Traverse City; Mrs. Paul Belonger of Lake Leelanau and Miss Diane Charboneau, sister of the bride, of Pinckney. They were attired in ballerina length dresses of nylon sheer over taffeta in sea foam green with square necklines, three-quarter length sleeves and bell-shaped skirts. Matching over-shoulders formed a bolero in front with floating panels in back. Their headpieces were flat tailored bows of matching material and face veiling. Each carried a modernistic arrangement of pink frenched carnations in two tones of

pink with green gardenia foliage tied with matching satin ribbons.

Pamela Lynn Sikorski of Holland, Michigan, niece of the bridegroom, was the flower girl, wearing a sea foam green nylon sheer over taffeta dress and matching headpiece. She carried a basket of white daisies.

Lonnie Charboneau of Pinckney, nephew of the bride, was ringbearer and was dressed similarly to the men attendants.

Robert Knight of Traverse City served as best man. Attendants were Wallace Sikorski of Holland, brother of the bridegroom, Clement Charboneau of Pinckney, brother of the bride, Allen Pifer, John Sikorski, Jr., cousin of the bridegroom, both of Traverse City, and Howard Gilmore of Grand Haven.

Following the ceremony a wedding breakfast was hosted by Mrs. Thomas E. Deering at Cherryland Lodge.

For her daughter's wedding Mrs. Charboneau selected a sheath dress of pale pink with white accessories. Mrs. Deering was attired in a blue sheath with pink accessories. Both mothers wore corsages of pink frosty carnations and sweet-heart roses.

A 6:00 wedding dinner reception was held at the C.I.O. Hall with Mr. and Mrs. Donald Charboneau of Pinckney, brother of the bride, and Mr. and Mrs. Joseph McCormick of Traverse City, godfather of the bridegroom, as hosts. Mrs. Gene Coleman, Baltimore, Maryland, sister of the bridegroom, registered the guests and Mrs. Charles Schmukal of Traverse City cut the cake.

For travelling the new Mrs. Sikorski wore a white two-piece suit with pink accessories and the pink rose corsage from her bridal bouquet.

Following a honeymoon trip to upper northern Michigan to the bride will reside at the home of her parents while Mr. Sikorski completes a three-month nuclear course at Great Lakes Naval Base, Great Lakes, Illinois.

The bride is a 1960 graduate of Northwestern Beauty Academy and was formerly employed Mr. Les Hairstylist and Associates of Traverse City.

## Pinckney People You Know

BY DOLLY BAUGHN

Mrs. Alta Meyer spent a few days in Gladwin, Michigan last week visiting at her daughter's and son-in-law's home, the Cy AtLee's. Darlene Meyer, daughter of the Bill Meyer of Stockbridge accompanied her grandmother to Gladwin, and then a "guest-exchange" took place. Garth Meyer's daughter, Sandra came back to Pinckney with Mrs. Meyer, and Darlene went home with Garth to Houghton Lake area.

Mrs. Meyer also recently enjoyed an outing with her daughter, Willa Lamb and four children when they picnicked at Newport Beach at Portage Lake.

Mr. and Mrs. George Charboneau were in Traverse City last weekend for the wedding of their daughter, Marlene. In fact, all the Charboneau families were together, except one son in California, for the first time in a long time. They numbered 32 in all, this includes their children and spouses of those married, and the grandchildren. Mr. and Mrs. Charboneau have 14 children in all, a very remarkable record is putting it mildly.

News comes from Livonia concerning former Pinckney People You Know — It is the announcement of a son being born the Mr. and Mrs. Robert Clayton. The little fellow arrived July 23, and weighed 5 lbs. 10 oz. The Bob Claytons lived at Rush Lake for several years, moving to Livonia after school was dismissed last spring. Michael Charles, makes a third son for them. Jim Clayton, (who by the way was 15 years old July 29.) and Robin Clayton, age 12, are the "big brothers."

Mr. and Mrs. Robert Kosker of the Strawberry Lake area will end a vacation Saturday that has lasted the past five weeks. They, and their two sons, have made grand tour of the U. S., primarily the western part.

Mr. and Mrs. Peter Chadwick and family spent Tuesday at the Rev. Gerald Bender's.

"Sometimes the man who stands on his dignity is arrested for having no visible means of support." — George W. Shroyer, Shamokin (Pa.) Citizen.

The bridegroom attended Northwestern Michigan College and Central Michigan University at Mt. Pleasant.

Mr. Donald Charboneau of Pinckney, Mrs. Robert Knight and Mrs. Allen Pifer of Traverse City entertained at pre-nuptial parties honoring the bride.

home. On their way to Port Huron, where they will visit the parents of them both. Mrs. Chadwick is a sister of Mrs. Bender's, and they live in Maryland.

Tom and Rita Howe, and children, Den and Kathy, and Buggs and Helen Van Blair, attended the Tiger baseball game Friday evening in Detroit. The occasion being primarily to celebrate Buggs' annual event, his birthday.

Mrs. Irene Janowski assisted at the Pinckney High School one day this week. Won't be long before she will be back in that routine everyday—she fears! And then vacation will be all over. Aside from entertaining much company this summer at her Portage home, she did spend time in Columbus, Ohio visiting with her children accompanied her on the trip. Bob and Ginny Amburgey and their children, with exception of Baby Amy, and Mr. and Mrs. Albert Shirley spent last week at the Russ Livermore cottage in northern Michigan. (The Bud Witters had a "fun-filled" week coming back on the fishing were great! Ginny caught three bass one morning before any one else was up. How about that?

Linda Gilbertson and friends Mary Lou, spent last week visiting with Linda's father, the Henry Gilbertsons at Fox Point, Portage Lake. The two young ladies returned to Wisconsin, via airplane, on Monday. For a few days' entertainment while they and Mr. and Mrs. Gilbertson, Mike and Scott Carver spent time on board "Mama's Mink," the Gilbertson's cabin cruiser cruising the Detroit River.

Others who have indulged in such sport as "cruising on the Detroit River" were Herq and Rene Scendenen, Jim and Bev Lavey, Rick and Carol Miller, Bob and Marie Vedder. They were on board a yacht owned by Bev's father and Herb and Jim are two who have a beautiful sunburn to prove it!!! This happened last Sunday.

### Annual Charity Football Game To Be August 14th

Ticket are now available for the August 14th charity football game between the Detroit Lions and the Baltimore Colts.

This year the game is being played for the benefit of Detroit Children's Hospital, with all proceeds above the actual contract expenses going to the Hospital's equipment fund.

The need for the newest and finest developments in equipment is constant. Physicians and surgeons at Children's Hospital are always seeking better ways of serving the Hospital's many and varied cases. Frequently techniques of staff members are so in advance of manufacturers' that the doctors themselves are able to advise in the design of new equipment.

The Hospital is a Torch Drive agency, and funds from the Drive help with operations but cannot be used for capital expenditures such as equipment.

sored by the Detroit Lions and Free Press Charities, Inc., is scheduled for 8:00 p.m. at Tiger Stadium.

Fans will have a chance to see the first 1964 performance of returning star Alex Karras. Also highlighted in the contest will be Colts' star Johnny Unitas, a long-time favorite of Detroit fans.

Reserved seat tickets are on sale at all Michigan Consolidated Gas Company offices as well as at the Detroit Lions, 1401 Michigan Avenue. Tickets are available at \$4 and \$5.

### Candidate

Elwyn R. Fatchett (52) of Blissfield, Riga Township, has announced that he has filed as a Democratic candidate for State Senator for the 18th district consisting of Washtenaw County and the eastern half of Lenawee County.

Mr. Fatchett was born in Lenawee County and attended grade schools in Riga and Ogdan Townships, Blissfield High School and Michigan State University, and has taken supervisory management and special education courses in management and production.

Mr. Fatchett is married to the former Mildred Bick of Marygrove, Ohio; they have four children: Mrs. Gerald (Lois) Henricks of Tecumseh, Michigan, a graduate of Siena Heights College and a teacher of the past ten years; Mr. Robert Fatchett, Jr., of Blissfield, a graduate of Michigan State University, teaching in the Jackson school system; Mary Jean presently attending college; and Edward John who is enrolled at Michigan State University.

### Jaycees Install New Officers

Robson's was the scene of an installation dinner for members of the Jaycees and the Jaycee auxiliary.

Bill Pagel reports that the dinner was a big success. State auxiliary president Pat Bichler was guest at the dinner, as was Mr. and Mrs. Dick Simon. Mr. Simon is past president of the Ann Arbor Jaycees; his wife, Kay is past president of the Ann Arbor Auxiliary.

President Ken Cobb of the Ann Arbor Jaycees and his wife, Lynn were also present. Installing the officers was Ray Van Zant, past president of the Whitmore branch.

Named president of the Jaycees was George Livingston. Vice presidents are Norm Wilson and Doug Schumann; secretary, Bill Pagel and directors, Tony Lupi, Bob Lupi, and Dick Reidel.

New auxiliary officers are president, Shirley Lupi who was not able to attend the dinner. Vice president is Nora Livingston; secretary, Kathy Smith; treasurer, Diane Schumann. Directors are Joan Reidel and Barbara Lupi.

### Teachers Needed at Whitmore Lake

Mr. Kruger, superintendent of schools reports that there are still vacancies on the teaching staff. He is seeking teachers in the following departments: biology, general science, junior high math, shop, elementary music, and art.

The summer band program, under the able direction of Mr. Hammond, continues to progress, with about twenty students participating.

### Dr. Kehoe Discusses School Accreditation

The Whitmore School Board met with Dr. Ray Kehoe of University of Michigan, Bureau of School Services last week.

Dr. Kehoe had been invited by the board to discuss the various aspects of school accreditation.

Michigan Schools, he said, are accredited by the Regional Accrediting Dept. and the North Central Association Headquarters and also U of M.

First accreditation procedures began in Ann Arbor, the original purpose being to certify the quality of a school so that any graduate could be admitted to college without examination.

The purpose of accreditation has changed considerably since its establishment. Most colleges today require examination but if a student wishes to attend outside schools upon graduation, the fact that his high school was accredited is important to him since accreditation assures that the quality and environment of the school are good.

Requirements to meet present standards of accreditation are as follows:

1. Teachers: Must have 18 hours of education courses and a minor of 15 semester

- Mrs. Ruby Ross  
Local Representative
- Mary Ann Belyea  
Reporter
- Dennis Haines  
Sports
- Classified Ad Placement  
J & S Pharmacy

227-1151

hours in their particular subject.

2. Counselors: Must have 10 semester hours in guidance.

3. Librarian: Must be present at least 1/2 time and have 12 semester hours in library science.

4. Library: Must contain an adequate collection of fiction and non-fiction.

5. Building facilities: Music and art not required presently but are being considered in the future. Adequate facilities in the way of lockers and showers must be provided.

Kehoe pointed out that he could not recommend Whitmore to the Bureau because of their limited facilities in this area.

6. Site: Not a major factor with most schools. The University does not specify a certain number of acres, as some of us have been led to believe, but they do expect reasonable parking and outdoor physical education facilities.

One of the many benefits of accreditation includes regular visits by an impartial body who looks at the progress of the school and makes a written report to the school board. This is a free service and includes a study of the quality of instruction and curriculum.

### 5 Candidates File For Supervisors Job

The office of Supervisor of Northfield township seems to be very popular this year. Five candidates have filed for the job.

Republican incumbent Freeman Weber is seeking re-election. Hoping to unseat him are J. C. Cahill and George C. Osier, also Republicans.

Running for election on the Democrat ticket are Peter S. Kelly and Neil Podewils.

Norman Schoen and incumbent Ralph Leland, both Republicans have filed for Trustee. On the Democratic side of the fence will be Chas. Gilboe and Sam F. Russo. Dr.

Russo is the enthusiastic new Vice President of the Whitmore School Board.

Seeking re-election as treasurer is Eldon Volz, Republican. Noah Pettit would like to have her job. He is a Democrat.

Floyd Mayers, Republican incumbent, again filed for clerk and is unopposed. Ray Jackson wishes to retain the office of Justice of Peace. Elmer F. Klump is the incumbent constable. Both are Republicans. Wm. P. Whithead, Democrat, is also running as constable.

### Jaycees Will Sponsor Carnival

The Whitmore Lake Jaycees will sponsor a carnival August 6 through 9 in the Whitmore fire hall lot.

It will be called the "Summer Festival" and will feature rides, games, and refreshments.

There will be another seat belt booth at the festival. A recent seat belt clinic held by the group was very successful but they feel that more people will want to take this advantage of this service as January 1 seat belts become compulsory equipment in Michigan.

Orders will be taken between now and September 5 and on that day another clinic will be held at the high school.

Those who wish to install their own belts may do so at less cost. The fee for installation is very small.

### Boat Flips At Whitmore Lake

Carl Bowling of Plymouth was thrown from his boat when it flipped and sank in Whitmore Lake last week.

Larry Swisher was called to the scene shortly after the accident occurred to retrieve the boat. Larry is a skin-diver at Whitmore.

Bowling said the motor of the 17 foot, inboard suddenly stopped, causing the accident. He was picked up by another boat a few minutes later.

Swedish troops serving in the United Nations forces in the Congo have asked permission of their government to contribute 136,000 Swedish crowns (\$26,350) to the Lutheran mission in that country. The Swedish battalion said it wished to express in this way its appreciation for the help it has received from the mission, which is operated by the Mission Covenant Church of Sweden. Chief use of the funds would be to strengthen the educational work of the mission, which has more than 100 primary and secondary schools. Another part of the money would go for the old cemetery where a number of pioneer Swedish missionaries are buried.

## Dorothy McDonald and Gerald Fantini Married August 18th

In St. Joseph's Church in Sault Ste. Marie, Dorothy Ann McDonald and Gerald Louis Fantini were united in marriage on Saturday, July 18 at 6 p.m.

The double-ring ceremony was performed by the Rev. Michael Butkowski before an altar decorated with yellow and white gladioli. Organist and vocalist for the occasion was Gail Newcomb.

The bride is the daughter of Mr. and Mrs. Norman J. McDonald of 914 E. Easterday Ave., Sault Ste. Marie. The bridegroom is the son of Mr. and Mrs. Louis P. Fantini 719 S. State Street, St. Ignace.

The bride designed and fashioned her floor length gown of white Peau de soie covered with rose patterned lace. It featured traditional long sleeves, a sweetheart neckline, a bell shaped skirt and a chapel train flowing from a raised band of Peau de Soie. She wore a finger tip illusion veil attached to an open crown of crystal and seed pearls and carried a bouquet of yellow roses.

Miss Ginger O'Connor was maid of honor and Miss Diana Larson and Miss Carol Monroe were bridesmaids. They wore identical costumes of pale

blue taffeta brocade, featuring bell skirts and self fabric belts with front bows. Their eye-length veils were accented by double bows of matching fabric. They carried bouquets of yellow roses and carnations.

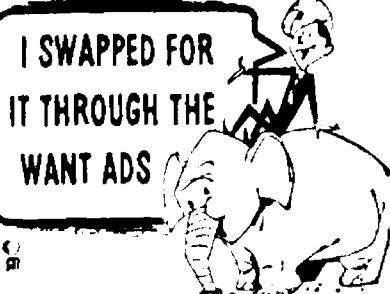

Robert Fantini, brother of the groom, was the best man. The groom was also attended by James Brewster of Cheboygan, and Charles MacDonald, brother of the bride. Ushers for the ceremony were William MacDonald and Joseph Merchant, both of St. Ignace and cousins of the bride.

Mrs. MacDonald wore a pink shantung sheath and Mrs. Fantini wore a blue silk chiffon dress. Both mothers wore white accessories and corsages of pink roses. Mrs. Harold Seger of Brighton, maternal grandmother of the bridegroom, wore a pale lavender daron dress with white carnations.

Immediately following the ceremony a reception was held in the social hall of the First United Presbyterian Church for 100 guests. Assisting at the tea table were Mrs. Rudolph Wiertalla, aunt of the bride and Mrs. Roy Nelson. Mrs. Donald McKinney cut the cake, Miss Suzanne Fantini, sister of the groom, served the punch, Miss Charlene Malette had charge of the gifts and Miss Karlene Larson had charge of the guest list.

The bride is a graduate of Sault High School. The groom, a graduate of LaSalle High School in St. Ignace, will be a Junior at Michigan Technological University in the fall. They will make their home at 217 Fourth Street in St. Ignace.

Guests attended the wedding from Detroit, Brighton, Limestone, Gayden City, Grand Rapids, Cheboygan and the tri-county area.

## Pleasant Valley Sidelights

By VIRGINIE HOUSNER

Mrs. Harold Seger and daughter, Mrs. Scott Dunham and family, Scott, Jr., and Lori returne dhome last Monday evening July 20 after spending 5 days at the Louis Fantini home in St. Ignace. They attended the wedding of Mrs. Seger's grandson, Gerald Fantini and Miss Dorothy Ann MacDonald in Sault Ste. Marie, on Saturday, July 18th.

Welcome home to Mrs. Ray "Annie" Falk who was released from St. Mary's Hospital in Livonia last Friday afternoon. Her children Christy and Dennis also came home that afternoon after staying in town with their grandparents. Mr. and Mrs. Niels Falk during the 14 days their son was in the hospital following their auto accident on Eight Mile Road. Christy now has her right arm in a sling since her shoulder cast was removed Friday. We neighbors join in wishing the entire family a speedy recovery and it is so nice to see them all at home again.

Mr. and Mrs. Housner enjoyed fish dinner at Franks near Fenton Sunday and then drove over to Sprungtown where they wished her cousin, Mr. and Mrs. Joe Finley. They also called on his brother and sister-in-law, Mr. and Mrs. John Housner and children of Howell later that afternoon.

About two weeks ago, I stated in my column that Bob McDuff had returned home from McPherson Community Health Center in Howell. Bob is the husband of Mrs. Harold Seger's granddaughter,

Shirley and I had made a boo-boo—Bob had been a patient at St. Joseph Mercy hospital in Ann Arbor at that time and has been back for another couple of days since then. A speedy recovery is wished for you also, Bob.

Welcome home to Ray Pearl who also has been a patient at St. Joseph Mercy Hospital in Ann Arbor. Mike Dunk, son of Mr. and Mrs. Al Dunk of Pleasant Valley Road surprised his parents a few weeks ago when he drove home to enjoy a week's furlough with them. He had been stationed with the United States Air Force in Tampa, Florida and was transferred to the Davis Monthan AFB at Tucson, Arizona. Weekends in Arizona are real pleasant for Mike as his maternal grandmother, Mrs. Alberta Williams and an uncle and cousins all live within 50 miles of Tucson. He expects to have a 30 day leave in September at which time his uncle, Donald Williams will accompany him to Brighton for a vacation.

Sunday, July 19, a combined birthday party was held at the home of Mr. and Mrs. Harold Hughes of West Grand River, when their little daughter, Lynn observed her 3rd birthday along with cousins, Joey and Tom Cartier. Guests included Lynn's maternal grandparents, Mr. and Mrs. Edgar Cartier; Tom's parents, Mr. and Mrs. Ed Cartier and family and Joey's parents, Mr. and Mrs. Gordon Cartier of Howell; also aunts and uncles,

Mr. and Mrs. Harry Hughes and daughter, Dee Dee of Detroit and Mr. and Mrs. Larry Gerecke and son, Wes of North Church Street. Friends, Mr. and Mrs. Bob McDuff and daughter, Pam were also afternoon guests at the Harold Hughes home.

Mr. and Mrs. Ed Faussett called on their son and family the Eddie Faussetts of Ypsilanti Saturday evening. On Sunday they were afternoon visitors of a former school chum of Mrs. Faussetts, Mrs. Jim Zona and husband of near Fowlerville.

Little 3 year old Jessie Thomas, daughter of Mr. and Mrs. Jerry Thomas of Van Amburg road has been spending a few days with her maternal grandparents at their home in Tawas.

Mrs. Pat Gallagher and family have returned home after spending 6 months in California. Cathy graduated from the 12th grade in California in June and had been a student in Brighton High School until going out of state in January.

Mr. and Mrs. Harold Jacobs and daughter, Rickie have been enjoying their daughter, Roberta and her children here for the past 4 weeks as house guests.

Mrs. Mary Ann Syroid and children, Kathleen, Tom and Paula of Albuquerque, New Mexico spent two weeks here visiting her brother, Archie Peterson. Her husband, Paul who is with the Red Stone Missile came home later to join his family and go on an extended vacation elsewhere.

Mrs. Anna Luttermoser was a Sunday dinner guest of her son-in-law and daughter, Mr. and Mrs. Wes Housner and children.

### Citizens of Livingston County:

After meeting with both Republican candidates, Mr. Thomas Sharpe and Mr. Robert Kleebe, who will oppose each other in the September primary for a seat in the House of Representatives and in discussing the issues of the utmost importance to not only the barbers of Michigan but to all its citizenry, I, as President of the State Barbers Assoc., Local 45, feel it is my duty to the citizens of Livingston County to report to you my feelings.

I feel that Mr. Kleebe is the most qualified to represent all the people of our district in Lansing. For example, on the one hand Mr. Sharpe states he is concerned with the large number of dropouts in our high schools today and then on the other hand he says he would not endorse a 12th grade education bill compelling our young people to graduate from high school before they enter the barbering profession. Mr. Kleebe states, and I sincerely believe he means it, that he is concerned even more so with the dropouts at the high school level and would support any legislation which would help keep our young people in school until they graduate. A man such as Mr. Kleebe who will stand up and be counted, for this type of legislation, is the type of man I hope the people of Livingston County will stand up for in September so all of us can have the kind of representation in Lansing, that has been lacking so in the past.

We, the people, need and want good representation and I feel Mr. Kleebe is the man to give us just that.

Thank you,  
Harold Ridsdale, Pres., Local 45  
State Barbers Assoc.  
Wholeheartedly endorsed by the Michigan State Barbers Association executive board.

### SPECIAL MEETING AT PINCKNEY HIGH ON NEW HOT WATER HEAT WITHOUT PLUMBING DEVELOPMENT

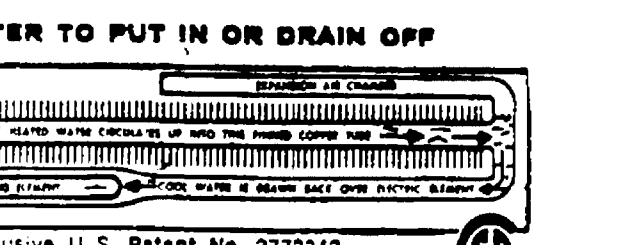

See and hear for yourself all about this remarkable new Hot Water Heat Without Plumbing Development that is revolutionizing the heating of homes, apartments, hotels as well as cold hard to heat rooms, at this special meeting which will be held as follows:  
Thursday, July 30, 7:30 P.M. at Pinckney High, Pinckney, Michigan  
Seminars and discussions will be conducted by S. J. Heiman, President of the company, from St. Louis who, with a background of over 43 years in research and development in all forms of heating will provide answers to questions that many of you have been seeking. How it is now possible to heat your home with electricity at costs comparable to other fuels; how to assure lowest operating costs with maximum cleanliness and highest comfort factors; most effective use of insulation; calculation of heating costs and other questions you may wish answered. Bring sketches and plans for discussion and actual estimates. There's no charge or obligation. Architects, engineers, builders, electrical and heating contractors and public are invited.

## Why Doctors, Engineers, Architects, and Builders now use HOT WATER HEAT WITHOUT PLUMBING in their Homes

For years experts have admitted that every known method of home heating either wastes about half its heat, costs too much to install or is actually hazardous to health and property. Now an amazing new development makes ideal heating available for single rooms or entire houses.

**BUILDERS WILL TELL YOU** that with oil, gas or coal heating systems, up to 40% of the heat is lost in furnace areas, up the chimney, or on overheated ceilings or cold floors.  
**ARCHITECTS WILL TELL YOU** that these systems can increase the cost of a house substantially because each requires either expensive plumbing systems, chimneys, separate furnace rooms or separate storage areas for dangerous fuels.  
**DOCTOR KNOW** that red-hot coils in old-fashioned electric heaters eat up the oxygen and take moisture from the air. Stuffy, over-dry air means trouble to skin and lungs.

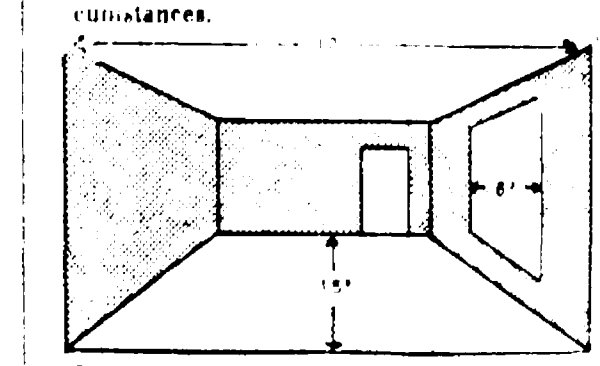

WHAT SIDNEY HEIMAN FOUND IN SEATTLE  
About seven years ago, Sidney Heiman, President of the International Oil Burner Company, a major manufacturer of heating and cooling equipment, received a letter from a Seattle electrician who claimed to have patented the perfect heating system. He called it "Hot Water Heat Without Plumbing." Electrician Lloyd Reynolds and his collaborator, plumbing contractor Harry Welch, needed added financing, research and manufacturing facilities.  
Mr. Heiman went to Seattle and here is what he found: The two Seattle men had perfected a heating unit so simple it was unbelievable. It had absolutely no moving parts. (Moving parts mean repairs!) Mr. Heiman saw a slender casing with- out pipe connections! Just a simple electric connection, a thermostat . . . and hot water heat!  
**Permanently Sealed-In Hot Water**  
**Without Plumbing**  
The unit itself consisted of a copper tube in which an electrical heating element warmed a special permanently sealed-in water-and-antifreeze solution. When the water was heated, it automatically circulated through the copper tube.  
At the exact moment the desired room temperature was reached, the automatic thermostat cut off the current—but the hot water circulating through the length of the unit continued to release heat as needed to maintain comfortable warmth.

HERE'S WHY FLAMELESS HOT WATER HEAT IS PERFECT HEAT

There is a softness about the heat that hot water gives. It has a luxurious, natural feel which you sense immediately upon entering a room. It can't burn up the room's oxygen and a natural moisture. It cannot produce the over-dry heat which is the bane of "exposed coil" heat, or the parched dry air that some heat gives.  
Flameless International Hot Water Heat is as safe and clean as an electric light bulb. It's the perfect way to heat your home. And remember, this is premium wet electric heat, not ordinary dry electric heat.

It's So Simple to Determine Just About How Many Heaters Your Home Really Needs  
All you need is a tape measure or a yardstick to discover how much heater length you need. Statistics show that you should put in enough heater length to equal the width of all the windows and doors in the outside wall of any room, plus a little more to cover unusual circumstances.

For example, here is a 12' x 15' living room with a 6 foot picture window and a 2 1/2 foot outside door. If you will check the sizes of the heaters below you will see that a single 9-foot unit will comfortably heat this big room. Now measure your windows and outside doors. Then select the size closest to the length you need from this chart. It will give you a pretty good idea of about how much your units will cost.

HERE ARE THE SIZES AND MANUFACTURER'S PRICES

Model	Watts	Length	Price
EH 750-2	750	4'	\$39.95
EH 1000-2	1000	5'	\$59.95
EH 1500-2	1500	7'	\$79.95
EH 2000-2	2000	9'	\$94.95

Height of all units 9 1/2". Depth 5 1/2". 220-240 Volts

Now, call your own electrician or heating man to get a bid on the wiring necessary (you'll be pleasantly surprised at the low cost). Show him this ad. Ask him to re-check your figures. Tell him you can get any further information he might need about these revolutionary

"I got the kind of heat I wanted and saved 50% in installing cost on our new home. What would have been the furnace and fuel storage area is instead, a modern rumpus room for the children."  
—Jack N. Bryant, A.I.A.

"In laying out our heating I have found International Baseboard Heat my answer, because there is no piping necessary and we can still provide even temperatures of hot water heat."  
—Nesed E. Bonn, Heating Engineer

" . . . we in the medical profession have found that coughs and colds, sore throats and sinus conditions have increased due to dried conditions in these passages. We feel these conditions are in some instances related to oxidized air after passage through normal high-temperature electric heaters. I am most happy to recommend the type of heat employed in the International Electric Hot Water System . . ."  
—R. D. Bryant, M.D.

" . . . We have found that in the trilled home, so popular here in the Northwest, that International Electric Hot Water does the best job of maintaining absolutely even temperatures throughout the entire house on all levels."  
—Herbert C. Steigert, Building Company
