Prosecutor Tells About New Laws

On Friday, August 28, 290 new laws will go into effect. Some of the ones of most interest to police agencies and other public officials concern the use of indecent language or threats by telephone, drag racing, the sale of pornography by prescription, and the requirement of different colored drivers licenses for persons under 21 years of age.

On Wednesday they enjoyed very much a hayride. The leader organized for them, making the Oleski home headquarters.

Plans are in the making for weekend. Further plans will be held during the Labor Day bake sale this Troop will give out next week.

Perhaps the most important change which will be made is the one which removes the distinction between daytime and nighttime in burglaries, or breaking and entering cases. Before the change, police often times had difficulty in determining whether a building was broken into in the daytime or nighttime.

Other laws that might be of interest of the general public concern minimum wages, group health insurance for persons 65 years of age or over, safety features on school buses, and particularly to farmers in the area, the fact that they will not be liable for injuries suffered by hunters, trespassers, etc., who are on their property, if they have not paid the farmer for the right to be there.

The honey guide is a small bird native to Africa and Asia, so named from its remarkable habit of leading men and animals to nests of bees with a view to sharing in the spoils.

Hot lunches will start Tuesday, Sept. 8.

Book fees are as follows: K, \$2.50; 1st, \$3.75; 2nd, \$4.00; 4th, \$5.00; 5th, \$6.00; 6th, \$6.00; 7th, \$6.00; 8th, \$6.00.

Ernst Botke To Leave Bruin

Ernst Botke recently received notice of transfer and the first week of September shall move his home to the Brighton Recreation Area, near Bishop Lake, from his present residence at Bruin State Park in the Pinckney Recreation Area.

Botke moved into his present home some 15 years ago and has seen Bruin grow from mere fields and a few sites to acres of acres of land and the present 224 site camp that it is today, one of the largest State parks in Michigan. He and his wife Estelle have two sons, ages 6 and 8, and one married son serving in the Marine Corp. The fact that the children will remain in the same school district delights the Botkes and helps somewhat as they pull up skates ready to make the move.

The Way We Hear It

... the entire fleet of buses used in the Pinckney school district are yellow with black trim. No longer do those red, white and blue ones exist. And it is all because Mr. Robert Dunn has them all painted so to match the newer ones and lined up ready to roll August 31, the first day of school.

... the new employee at Beck's Marathon is Burton Boyer, 17, of Fowlerville. He is the nephew of Mr. and Mrs. Oscar Beck, and is staying in the vicinity to give a helping hand to his cousin, Bill Beck, at the station.

... 70 new students have this year enrolled at the Pinckney Elementary School. It will be interesting to know the official count as of September 4, just what the enrollment is out there. Sounds like a "full house" coming up.

... Junior Varsity football boys will be assigned uniforms, Sunday, August 30, at 6 p.m. The Varsity was to have gotten theirs last Sunday. Boys turned up for this project.

... everyone should read carefully, the schedule for the opening of schools, Hamburg, Winan Lake, as well as Pinckney. And of course this year, Hicks School opens for first graders. Those students who are to attend Hicks will receive special information concerning the opening day, and schedule. They do not start classes until Tuesday.

... it seems Miles Cone, this year's senior at Pinckney is looking for a roof for over his head in this school district that would enable him to complete his last year at Pinckney High. Miles is without a place to room and board. Anyone with an idea? (See the classified ads for a phone number you can call for further information.)

... two new laws effective Friday, August 28, specifically prohibit pedestrian traffic, including hitchhiking, bicycling, or any non motorized traffic on all limited access highways and drag racing by motor vehicles on any highway. There is to be a "real crack down on these school violators."

... State Police will operate special patrols from noon Friday, Sept. 4 to midnight Monday, Sept. 7 in an effort to hold down accidents on the highways. Motorists are urged to again drive with headlights on to remind other motorists to drive carefully.

... have you seen a power Lawn Boy lawn mower floating around? One such mower was taken from the Loy Bond residence on Unadilla Street last Friday night, and they would like to find the whereabouts of it. It was in their garage at the time of the lifting. It was a brand new mower and if you know where it could be tell Bond's or Bob

Egeler. ... if you have a child entering into the ninth grade, the first week of school he should go all day Thursday and Friday, ONLY. See certificate in lead story. Read carefully.

... Jerry Speake played carpenter at last week's firemen's meeting! A splinter entered into the palm of his hand, a large one, he was taken to hospital to have it removed. Now he has a very sore hand. Sorry, Jerry. That must be tough going on the greens.

Court of Appeals

Because the people of Michigan will be voting for the first time for judges of the newly created Court of Appeals, The Argus is printing the following explanation of the new court.

Michigan residents will vote September 1st for the first time for the newly created post of Judge of the Court of Appeals. The court was created by the State Constitution of 1963 which replaced the constitution of 1808.

The Court of Appeals, in the present legal structure, comes between the Circuit Courts and the State Supreme Court. Appeals will now go from the Circuit Courts to this newly formed appellate court. Many cases will be disposed of here, but serious questions of appeal are still present in individual cases these may be appealed to the Supreme Court.

Formerly, Circuit court cases were appealable under certain conditions directly to the Supreme Court. Because of the volume of work and particularly because of the expense involved a limitation of necessity was placed on the number of cases that could be appealed.

The constitution provides that members of this court will be elected from three districts with three judges from each district. Brighton is in district two which includes the counties of Ingham, Jackson, Hillsdale, Lenawee, Monroe, Washtenaw, Livingston, Oakland, Macomb, St. Clair, Sanilac, Huron, Tuscola, LaPeer, Genesee, and Shiawassee.

New Vocational Training For Handicapped

Goodwill Industries of Greater Detroit has added a new training program to the vocational training already supplied to its employees and trainees.

"Tools for Daily Living," as the new program is called, consists of a course in the ABC's of reading and writing. It is welcomed by a number of handicapped men and women at Goodwill, who, through unfortunate circumstances and environment, have never had the opportunity to learn to read and write.

Dr. Lee Durham, Director of Adult Education Division of Detroit Board of Education, has given the program his full support and advice, and recommended Mrs. William F. Streit, 18643 Warrington Drive, as teacher. Now retired, Mrs. Streit taught in the Detroit Public Schools for many years. She is well known to Goodwill folk, having served as the second president of the Junior Group from 1933 to 1936.

In keeping with its sponsorship of the Rehabilitation Services Division of Goodwill Industries, made possible through its magnificent Antiques Market held every year in November, the Junior Group now assumes the expense of the new school class of Goodwill employees.

and one trainee was begun on June 30, and it is expected that it will soon be expanded by six clients referred and paid for by the State Division of Vocational Rehabilitation. The pupils meet every Tuesday and Thursday from 9 to 11 a.m. for an eight-week term.

If the program is successful, a second class will be organized in September.

Always in search of ways and means to aid Goodwill's handicapped employees, Don McGregor, Director of Rehabilitation Services, says the non-profit organization has reached a new milestone in its 43-year-old program of service.

800,000 Persons Mentally Ill In Michigan

One of Michigan's most pressing problems, the mental health picture, poses some statistics well worth pondering.

Approximately one-sixth of Michigan's general fund is spent for direct care and treatment of mentally ill and retarded patients. In the current fiscal year this will amount to more than \$100 million.

Additional funds will be spent this year for new and expanded mental health facilities, but experts in the field say much more could and should be done.

Indirect costs of mental illness are also great when computed in terms of work absenteeism, welfare costs due to homes broken by this problem, and legal costs arising from behavioral irregularities. Perhaps even more staggering are the personal figures involved in records of mental and emotional illness.

The Michigan Society for Mental Health estimates 180,000 school age children are in need of psychological attention, while only about 30,000 are actually receiving such help.

There are about 800,000 persons all told in Michigan with some forms of mental illness, but only 37,000 of these are in state institutions, according to Society officials.

Some relief for the imbalance between need and existing care is being provided through the relatively new community mental health facilities, but the Society says there is considerable room for improvement.

Recent figures indicated slightly over 17,000 persons in the state are being served in community psychiatric outpatient clinics. Each is hard pressed to meet the demands for service at this time.

The chief sources of relief for this problem lie, according to Society spokesmen, in future community action and greatly expanded and improved programs for children needing institutional care.

3 Killed, 419 Injured in Michigan School Bus Accidents During 1963

Three persons were killed and 419 injured in 569 rural school bus and related type accidents in Michigan in 1963, according to the annual report of the State Police.

Compared with 1962, these represented one more death, 73 more injured, and 15 more accidents.

Accidents physically involving school buses totaled 341, the highest number ever reported and 16 more than the previous year. These killed three and injured 237, increases of two in deaths and 64 injured compared with 1962. All three rural fatalities were drivers whose vehicles collided with school buses. In addition, there was an urban fatality when a school bus in a city ran over a child who had alighted from it.

Associated type accidents—those involving injury to children before boarding and after

leaving the buses—totaled 11. None was killed in this type accident for the fourth successive year. The 11 injured was one less than in 1962 and the lowest total in the 16 years of which records are available.

Other associated type accidents—those involving vehicles affected by the stopping of the buses—numbered 217, the same as in 1962. There were no deaths but 171 were injured, compared with one fatality and 161 injured the year before.

Continuing an increase trend, 590,000 pupils were transported daily in 7,350 buses which traveled 71 million miles during the 1963-64 school year, according to the Michigan Department of Public Instruction. These included gains of 54,000 children, 150 buses, and three million in mileage compared with 1962-63.

Friendly Chrysler of Detroit is visiting his son and daughter-in-law. Mr. and Mrs. Eldon Cryster of Fonda Lake. He will be staying four or five weeks.

Eldon Cryster, whose birthday was July 17, celebrated at a family party on Sunday, July 16.

Mrs. John McMillan and sons, Mike, Scott and Kevin, of Phoenix, Arizona have been spending the past two weeks with her parents, Mr. and Mrs. Beryl Fisher of King Drive. They will stay until the end of August, returning home in time for school and Mrs. McMillan's teaching duties in Phoenix. Mr. McMillan is studying through the summer at University of Arizona at Tempe. Mrs. Fisher, who has been ill for some time, is feeling stronger although she has to return periodically to St. Joseph Hospital for treatment.

"Get well" wishes go to several other neighbors, too. Mrs. George Markwood of Kinyou Drive returned home Thursday, August 20 from McPherson

Hospital. She is up and around a bit, but not feeling too well yet.

Mrs. Lloyd Hoagland of Superior Drive was taken to St. Joseph Hospital in Ann Arbor following a slight coronary attack. She will be resting at home for a few weeks.

Mrs. Leo Tysar underwent surgery at St. Joseph Hospital Thursday, August 20. Just how long she will stay there has not been determined. Her room number is 7050.

Tuesday evening, August 17, Jane Morgan gave a surprise party for Jaque Quackenbush, in honor of Jaque's 17th birthday. Jane was assisted by Linda Cooper and Kay Beatrice. The Morgan basement was decorated with balloons and crepe paper streamers. Party games and dancing were enjoyed by 61 teenagers from Brighton High. The girls served barbecue sandwiches, pop, chips and, of course birthday cake. Jaque received a lovely gift from the group.

The Diet Dears TOPS club held a Yachtzee party at the

Community hall on Superior Drive. They invited friends and served light refreshments. Mrs. James Townsend of Island Lake won first prize, while Mary Smith of Superior Drive won the door prize.

Kathy McConnell, daughter of Mr. and Mrs. Bill McConnell of Felske Drive, was guest of honor at a birthday party Thursday, August 13. Guests were Ruth and Randy Bender, Konna Bakhaus, Kathleen Bulte, Donna Jo Hubbell, Bonnie Tarrant and Kathy Damsstra. Kathy's brother, Mike, whose birthday will be September 2, while the family will be moving, celebrated on Tuesday, August 18. His guests were Leo Madigan, John and Roger Vervaeck, Butch and Mickey Gibas, Chris Van Ness, and Mike Nowels. The McConnells will be leaving the first part of September for their new home in Longbeach, Indiana. Kathy will have her tonsils out August 28, and their leaving will depend on how quickly she recovers.

We say "Farewell" to some other neighbors although they are not leaving the Brighton area. Mr. and Mrs. Arnold Cherry and daughters, Carol and Linda, have left their home on Fonda Lake for one in the Country Club Annex.

Mr. and Mrs. Robert Hubbell and family have moved from Felske Drive to Saxony.

Mr. and Mrs. Rudy Mitter of Avon Drive entertained their niece and her husband, Mr. and Mrs. Gerald Walker of Waukasha, Wisconsin last weekend.

I remarked to Mrs. Fisher and Mrs. McMillan, the other day, that this is the kind of weather that brings the Arizona contingent of the Bufford family to Michigan. We kid about this a lot, but it seems to be a fact. That same evening, Mrs. Robert Bufford and sons, Mike and David, of Tempe, Arizona arrived in Michigan. We were pleasantly surprised when they dropped in Sunday. We had a regular gathering of the clan. Other visitors were Mr. and Mrs. Lynn Bufford, Mr. and Mrs. Dennis Bufford, Mr. and Mrs. Thomas Meade and son, Mark, and Mr. and Mrs. Harry Voulemous and son, Bob, all of Trenton, and Jerry Mazel of Miami, Arizona. We all enjoyed an indoor picnic.

The latest from the John Gyr family who are in Switzerland is that they visited Rapperswil, the little town where Mr. Gyr attended school as a boy. One of Europe's best circuses has its headquarters there, and maintains a children's zoo. Can you just see the six Gyr boys climbing the ropes of the pirate ship clambering around in the big tree house, and pulling themselves, by means of harpoon ropes, to the back of a huge cement whale large enough to house a fish exhibit inside? The Gyr family will soon leave their fairland of beautiful mountains, peaceful valleys, and quaint villages for the trip home, arriving sometime in September. They have made our summer brighter with their lively accounts of the trip, and I'm sure they have stored up many more stories to tell when they come home.

Incoming President, Mrs. Elva Singer called a meeting of Past Unit President's living in the area. Those able to attend were Mesdames Elda Brown, Inez Hamburger, Bernice Howie, Esther Seeling, Barbara Shelters. Unable to attend were Mrs. Clara Healy and Mrs. Helen Caldwell.

After a discussion it was voted to form a Past President's Parley, consisting of the above listed Past Presidents. With Mesdames Ethel Arthur, Neva Bills and Pansy Polkow as honorary members, inasmuch as they live out of the City.

Inez Hamburger is the Parley's first Chairman. Mrs. Elda Brown as Secretary-Treasurer.

The purpose of the Parley being that Memberships are secured for each year; that they will stand behind the presiding President 100%; that they will assist in promoting the programs of the American Legion Auxiliary and any of its projects.

The membership list was divided between seven of the Past Presidents. To make the contest more interesting it was decided that the winners will be able to eat all the popcorn the losers can pop.

Mrs. Inez Hamburger already has all of her list of memberships collected. October 5 has been set as the dead line. Mrs. Hamburger will call a meeting on this date and see where we stand on membership, 100% we hope.

All members have been contacted either in person, by phone or letter. It is not known who will pop the corn

if all Past Presidents have their memberships in by October 5, but they will overcome that obstacle when the time comes. See that the Past President who made the contact gets your dues or send them to Mrs. Esther Seeling, Secy., and she will notify the right one. Checks should be made payable to the American Legion Auxiliary. Dues are \$3.00 for the year 1964-65.

A regular meeting of the American Legion Auxiliary was held Thursday, August 13 at the Memorial Hall.

The regular opening was observed. Eighteen members and 2 guests were present. The Auxiliary members wish to extend a warm welcome to Mrs. Vern Bogart, Mrs. Bogart is the Auxiliary's newest member.

The 1963-64 membership closed with a 72 membership listing. This plus one will be the goal for the year 1964-65, as far as is known at this time. At the present time there are 40 paid up memberships for 1964-65.

A few committee reports were given. Dinner reports accepted. Another dinner lined up for August 15.

The Sixth District Association held their installation of incoming District officers and the 1964-65 Membership kick off luncheon was held on Saturday afternoon, August 15. Mrs. Esther Seeling was elected to attend as delegate; Mrs. Elvira Zimmerman as Alternate. Both ladies attended and served on the Ingham County Salon No. 445, Eight et Forty installing team.

The luncheon was delicious.

Installation was performed beautifully; membership theme was explained and discussed by Mrs. Betty Boyd, Flint, District Vice President and Membership Chairman.

Installation date of our own Post and Unit has not as yet been set. But should be forth coming very shortly. Should be in September.

Mrs. Elda Brown was appointed to Chair the refreshment committee of her own choosing for the pending installation.

Mrs. Inez Hamburger appointed to purchase gifts for the Installing Team.

Mrs. Bernice Howie appointed to secure the gladiolus for the forth coming installation ceremonies.

Monday, August 17, Mesdames Inez Hamburger, Barbara Shelters, Bernice Howie, Irene Lindner, Ruth Sipes, Elva Singer, Norma Mayo and Esther Seeling had the privilege of installing the officers-elect of the Fowlerville and Howell Units, at Fowlerville.

Mrs. Esther Seeling acting as the Installing Officer. This was a new experience for the team. But everyone enjoyed installing the two Units at

one time. The next American Legion Auxiliary meeting will be held on September 10, Memorial Hall at 8 p.m. Mrs. Elva Singer will preside at her meeting of the year. She will at this time announce her Committee Chairmen.

Electric power helps a working farmer help others

In Sanilac County, and all over the State of Michigan, Frank Merriman is known for his public service. He's a member of the board of trustees of Michigan State University, secretary of the Michigan Artificial Breeders Association, president of the Deckerville Community Schools, past president of the Deckerville Lions Club and the Sanilac County Farm Bureau—among many other things.

Time for all his activities is partly made possible, Merriman says, by his use of electrical "helpers" around his farm. Feeding, barn cleaning and other operations are highly mechanized on the Merriman

farm—an all-electric farm.

All over the nation, low-priced electricity is making life easier, fuller and more satisfying to rural people in general. Making it increasingly so is a major aim of the investor-owned electric light and power companies of America.

These companies supply about 70% of the electricity used on farms. They are constantly at work finding new ways to help farmers do more jobs more easily, with electricity. To work with its farm customers in this fashion is our privilege and opportunity.

EDISON

Farmer Frank Merriman (right) and Elwyn "Pete" Johnson, Detroit Edison, talk things over at the Merriman farm near Deckerville, Michigan. Merriman and his wife, Myrtle, operate their 190-acre Black River dairy and crop farm with the help of one full-time employee—and electricity.

The new headquarters are located at 110 North Michigan Avenue in Howell. Free coffee and donuts will be served daily from nine to five; also available for free distribution are the highly desirable Agriculture Yearbooks.

4-H Club State Show At MSU

Michigan's State 4-H Show has become more than an agricultural fair for youth. It's an educational event covering many areas that extend beyond the farmer's line fence and into urban areas of cities.

Nearly 3,000 young people—the cream of Michigan's 4-H crop — will visit Michigan State University for the 49th

annual State 4-H Show, August 31st—September 3rd. Livingston County will have about 82 members with entries in the state-wide exhibit, reports Harry A. Foster, County Extension Agent, 4-H Club Work.

Educational events make up the core of the activities for 4-H'ers. In addition to dog care and training exhibitions, tours to the Michigan Department of Agriculture laboratories, poultry research buildings, and foods-nutrition action exhibits will keep youth abreast of new projects in agriculture science.

In the middle ages printing was considered a "gentle" occupation and to get in the business, apprentices actually paid master printers for their training instead of being paid.

To Try Zip Code For Parcel Post

Mr. ZIP has a new assignment—to accelerate delivery of long distance parcel post by 24 hours or more.

Postmaster General John A. Gronouski announced plans Monday to distribute outgoing parcel post by ZIP Code in the nation's 34 largest post offices. These offices account for more than 50 per cent of the total volume.

The program, he said, will not only speed deliveries but will reduce damage to parcels because of fewer handlings in transit.

"I envisage a virtual revolution in the handling of parcels, in speedier delivery schedules and reduction of breakage and error," the Postmaster General commented.

Implementation of parcel

post to ZIP Code has already started in the post offices of six cities — Philadelphia, Washington, D. C., Detroit, Chicago, Minneapolis and Houston. Mr. Gronouski reported.

Next week Deputy Postmaster General Frederick C. Belen will personally get the program underway in Los Angeles, San Francisco and San Diego and announce its implementation in four other West Coast cities — Seattle, Portland, Oakland and Sacramento.

It will be extended to the other 21 post offices by September 1, the Postmaster General said, speeding the general pattern of parcel delivery across the country.

"The success of the program," Mr. Gronouski said, "hinges on public use of ZIP Code numbers in addressing

packages, as well as the co-operation of firms that mail parcel post in large volume.

"I want to emphasize that ZIP Coded parcel post is not designed merely for the benefit of the bulk mailer. Its purpose is to help everybody who sends a package through the mail. We expect it to be a significant postal improvement, especially during the Christmas season."

Explaining how the program operates, Mr. Gronouski pointed out that ZIP Coded parcel post by-passes larger cities where there is a heavy mail volume in post offices and is routed directly to the sectional center nearest its destination.

Delivery thus is accelerated by as much as 24 hours, especially for packages which travel 300 miles or more. And since fewer handlings are involved, the possibility of damage is reduced.

Brighton Bus Drivers Go To School

Special instructional classes for beginning school bus drivers were held in Livingston County August 19 and 20, starting at 7 p.m.

These classes are held under the direction of Eastern Michigan University at Ypsilanti and sponsored by the State Department of Public Instruction and met at Southwest School in Howell.

School bus drivers were given a complete course on laws and policies governing school bus operation in Michigan with emphasis on safe and economical operation. Drivers had actual experiences in staking out a bus in case of an accident, first aid, fire fighting and emergency evacuation of the bus.

John Jeffreys Graduates From Banking School

John T. Jeffreys, assistant vice president of the McPherson State Bank will graduate on Friday evening, August 28 from the Graduate School of Banking at the University of Wisconsin, Madison.

He will be completing his third and final year at the school which requires two weeks resident attendance each year for three years to earn the certificate of graduation. Between resident sessions, students are required to do extension work involving problems in all phases of banking.

Mrs. Jeffreys is joining her husband in Madison for the graduation ceremonies at the school which had an atten-

dance this year of 1,300 bankers from 39 States, the District of Columbia and Central America.

The school is sponsored by the Central States Conference, composed of the bankers associations of 16 Midwestern States and the faculty of 110 instructors comprises one of the most competent groups of men ever assembled for adult education purposes.

Tax Fighter Goes After Court Post

BY PATRICK JARVIE
EASTERN MICHIGAN NEWS BUREAU

FLINT — A judge who has been called a "one-man army" against city income taxes is seeking election to the new Michigan Court of Appeals.

Judge Donald R. Freeman, a member of Flint's Municipal Court, successfully led the fight against an income tax that would have put an additional burden on the paychecks of city residents and those who live in the suburbs.

FREEMAN

It was Judge Freeman's contention that such a tax was illegal, and his group not only defeated it in an election, but also carried a fight to the Michigan Supreme Court after the Flint City Commission had passed it over the voters' "veto."

Judge Freeman's fight not only was successful, but the voters were given a sudden windfall — the refund of more than two million dollars after the court victory.

Judge Freeman's entire career has been marked by his fighting for the rights of the average consumer and voter. He has been a constant foe of consumer frauds and juvenile delinquency, and has been honored for his work in both fields.

Voters who would like to see this kind of a judge on the new Appeals Court bench are urged to cast their ballots for Judge Donald R. Freeman, who seeks election in the primary Sept. 1.

These voters can find his name on the non-partisan ballot and can help promote this man — a judge who is known as a fighter for the people.

Mich. Exports Billion Dollars In Products

Michigan's contributions to world progress, primarily through industry and education, will be in the spotlight next May when the 12th annual Michigan Week is observed.

More than one billion dollars in industrial and agricultural products are being exported from Michigan annually, one of the factors considered in deciding on the theme "Michigan: Dynamic in World Progress" for the May 16-22 event.

Woodward C. Smith, vice president of Central Michigan University who has served in various capacities for several previous Michigan Weeks, heads the 1963 promotion.

Continuing the tradition, the Governor formally announced the theme for 1965. Smith and his major planning committee were busy with Michigan Week activity for some time before this, however.

Research by the Greater Michigan Foundation, the sponsoring agency, shows about 1,000 Michigan industries and businesses are engaged in foreign trade.

Another major contribution to world progress is being made by Michigan's colleges and universities, which are involved in assisting educational institutions in many nations and in training students from all over the world on state campuses.

Nine volunteer craftsmen have been sent by the Menomonee Disaster Service to Alaska to help reconstruct and rebuild an Indian Village on Atognak Island which was badly damaged during the recent earthquake. To project is known as "Operation Midnight Sun." The Lions International Service Organization is supplying \$600,000 worth of materials for the project.

MUST PROVE THEMSELVES

The State of Victoria in Australia has introduced a plan in which drivers will not be entitled to a full driving license until they have been driving a car for three years without a serious traffic violation. Under this probationary system a motorist will lose his license automatically for three months if convicted of any of seven offenses.

Robert E. Kleek has been a resident of the City of Howell since 1933. He is a graduate of Howell High, Albion College and the University of Michigan Law School.

During their informal meet-
ing on August 19th, the church
school teachers of the First
Methodist Church in Brighton
gave special recognition to
Mrs. Charles McConnell for her
service as a teacher. Soon
she will be leaving the Bright-
on area. The teachers also
at this time appointed a church
school recruitment committee
to select new teachers for the
coming church year. Since
there will be a church school
class for each elementary
school grade, new teachers
had to be recruited.
Mrs. Arthur Timmons, Nor-
man Roe, and Robert Bru-
baker, members of this rec-
ruitment committee, met in
the church study Sunday eve-
ning, August 23rd, and selected
desired teachers to fill the
vacancies. Then they person-
ally called in the homes of these
people, challenging them to
serve through the church
school. Not only will regular
teachers be recruited, but sub-
stitute teachers as well.

On Wednesday, August 26th,
the teachers in the church
school met in the New Hudson
Methodist Church in Brighton
training session in the use of
the new Methodist materials.
The seminar was led by Mrs.
Nello Kenady, field worker for
the Ann Arbor District. The
nursery teachers met in the
morning, the kindergarten
kindergarten teachers in the
afternoon, and the elementary
teachers in the evening.

The Women's Society held
its general meeting at the
home of Mrs. William Seger
on Wednesday, August 26th.
Mrs. Verne Hoshal led in the
devotions. The society will
conduct a bake sale on Au-
gust 29th beginning at 9 a.m.
in front of Uber's Drug Store.
On Wednesday, August 26th
at 7:30 p.m., the nominating
committee will meet in the
room off the sanctuary to
select members of the Commis-
sion on Christian Social Con-
cerns and the Commission on
Worship. Members of the no-
minating committee include
Mrs. Clarence Taylor, Mrs.
Robert Naus, Fred Kerslake,
Leo Fitzgerald, Gilbert Auty,
and Robert Brubaker.

Promotion Day will be ob-
served in the church school
on Sunday, August 30th. The
new Methodist materials will
be initiated on September 6th.
Thursday, September 3rd,
will be the day when both the
Carol Choir and the Senior
Choir will conduct their choir
rehearsals. The Carol Choir
will meet at 7 p.m. and the
Senior Choir at 8 p.m. All

those who love to sing, be they
beginners or virtuosos, are
cordially invited to enjoy sing-
ing with the choirs. The or-
ganist and choir director is
Mrs. Melvin Light, who recent-
ly completed her Master of
Arts requirements at the Uni-
versity of Michigan in the field
of music.

All women in the church are
invited to register now for
the fall retreat sponsored by
the Women's Society and
scheduled for September 10th
from 9 a.m. to 3:30 p.m. A
donation of \$2.00 is being asked
to cover such expenses as
morning coffee and rolls, lunch,
and use of facilities. Speaking
and leading in the discussions
will be Mrs. Sherman Rich-
ards and the Rev. Robert Bru-
baker. The retreat theme is
"Inner Peace for a Busy Life,"
and all those wishing to at-
tend are asked to contact Mrs.
Horace Taylor.

The Happy Holidayz Affair,
held recently at St. Patrick's
Church, Brighton, was rated a
tremendous success, and was
thoroughly enjoyed by every-
one, workers as well as all
who attended.
Mrs. John Pennala, Chair-
man for the affair, wishes to
thank her assistant, Mrs. Dan
Korb, the Guild Presidents and
members, who worked so hard
and enthusiastically, and the
men and boys for their co-
operation in every way, and
the clean-up job afterwards,
particularly, Barney Ewald,
the Men's Chairman.
Thanks, also, to the Teen
Club, for sponsoring the very
successful Teen Towne Ice
Cream Shoppe.

Each booth was a work of
art, cleverly depicting the Hol-
iday it represented. The items
offered for sale were especial-
ly nice — and plentiful.
Mrs. Pennala suggests that,
while the Fair, with all its

ideas, is fresh in your minds,
you make notes for an even
bigger and better (if that is
possible) Fair NEXT summer.
Many prizes were awarded
on that day. Some of the for-
tunate ones were:
Mrs. Orin VanAmberg, the
electric teakettle; Miss Pam
Evrett, a floral centerpiece;
Mrs. R. Altenburg, a Dry
cleaning certificate; Rita Ra-
deorisk a Dry cleaning cer-
tificate; Sharon Adams, a
Child's Sewing Machine; David
Felder, a Baseball mitt and
bat; Ruth Snyder, the artifi-
cial potted rose bush; Mrs. E.
Nicastri, the decorated goose
egg and Mrs. Orville DeFate,
the lovely green and white
afghan.

SEE YOU NEXT SUMMER

Christian Science News

The life of Christ Jesus —
from his birth through his
ascension — will be taken up
at all Christian Science
churches on Sunday.
The Golden Text is from
Isaiah 9: "Unto us a child is
born, unto us a son is given;
and the government shall be
upon his shoulder."
Readings will include these
lines from "Science and Health
with Key to the Scriptures"
by Mary Baker Eddy: "Jesus
established what he said by
demonstration, thus making
his acts of higher importance
than his words. He proved
what he taught. This is the
Science of Christianity" (p.
473).

Pinckney Prattle . . .

BY ALICE GRAY

It being vacation time at the Purdue University in Lafayette, Indiana, Lt. Richard Wylie and two classmates headed west for the hills of Wyoming. Several days were spent in the Teton Wilderness in the foothills of the Teton Mountain Range, the trails of which are accessible only on horseback with a pack animal carrying clothing and provisions. Near here they viewed "Two Ocean Pass," the only place where a fish can swim from the Atlantic to the Pacific Ocean.

Being unaccustomed to this mode of travel, they were three lame boys for a time, but all agreed it was worth it and all had a grand time.

Lt. Wylie is in Pinckney spending about three weeks with his mother, Mrs. Nel Wylie before leaving about September 12 for another year at Purdue.

Mr. and Mrs. John Keto of Dayton, Ohio are here spending a few days with her brother and his wife, Mr. and Mrs. Larry Camburn. They brought Larry's mother, Mrs. F. B.

Camburn, who will stay with the Camburns for several weeks while the Ketos are in Europe.

The former Iva Reason home on Pearl Street has been sold to Mr. and Mrs. Langtree and family of Eaton Rapids who expect to move in some time later this year.

FAIR ENTRIES
Visitors to the 1964 Michigan State Fair, held from August 28 to September 7, will see more Michigan livestock and farm products than ever shown at the fair in its entire 115 year history. Local entries will be shown by John M. Donohue of 19723 Spears Road, Gregory who will exhibit sheep, Judy Ann Donohue of the same address will enter her sheep and saddlebred horses in the fair.

Miss Judith Hait of New Jersey is spending a few days with Nancy Read at the Robert Read home at Portage Lake.

Mr. and Mrs. Pat Sweeney of Detroit and Mr. and Mrs. Adam Sizen and three children of Dearborn visited Sunday with their cousins, Lee and Helen Triplady of Pinckney.

Attending a Saturday evening dinner in Lansing in honor of the 56th wedding anniversary of Mr. and Mrs. Arthur Bullis of Gregory were all their children. Present were Mr. and Mrs. Robert Read, Mr. and Mrs. H. J. Brogan, Mr. and Mrs. Dan Howlett,

Mrs. Helen Mitteer and Mrs. Myra Reid.

Their two year old grandson, Kevin Campbell son of Mr. and Mrs. Campbell of Ypsilanti, visited all last week with Mr. and Mrs. Merwin Campbell.

CAMPING TRIP
The Steve Lazo family of Cedar Lake Road and the Ray Stillwell family of Pond Street pitched their tents last weekend at Croton Dam on the Muskegon River near Nowaygo.

There are two birthdays coming up in the home of Rev. and Mrs. Charles Michael. Daughter Debbie Lou will be 11 on August 29 and her sister will be 12 on August 31.

Mrs. Leona-Marie Bonner and son, Roger of Timothy Acres, Rush Lake Road have returned after spending the summer months at their summer home at Big Bay on Lake Michigan. Roger leaves Thursday for Onarga Military School, Onarga, Indiana where he will be a senior this year.

Mr. and Mrs. Ben Huxford of Florida are visiting Mrs. H's parents, the Will Eulers, and her sister, Mrs. Nel Wylie and family. Mrs. Huxford's birthday was celebrated at the Wylie home on the 22nd. Mrs. Euler celebrated her birthday at a family dinner at the C & F Restaurant in Hamburg on the 23rd.

A large tractor-trailer truck belonging to Grosse Pointe Quality Foods turned too sharply into the parking lot at LaRosa's Tavern last Thursday afternoon and clipped the back end of a parked car belonging to Calvin Simonson of Bently Lake. Mrs. Simonson and children were in the car at the time. Damage was negligible.

BACK FROM IRELAND
Mrs. Wayne Shettleroe of Hi-Land Lake is home now after a fabulous three weeks spent in Ireland. After a smooth trip by jet, she was met at the Shannon Airport by four of her cousins. They drove south through Limerick, Killarney, Cork and Dublin, travelling some 630 miles along the coast of Ireland before coming into Belfast where Mrs. Shettleroe stayed with two aunts, one 82 years old, the other 92 years of age.

Using her aunt's home as a main base, Mrs. Shettleroe made several side trips touring Northern Ireland visiting its many historic sites.

Mr. and Mrs. Kenneth (Jack) Porter and son, John were in Linden last Saturday visiting with Jack's mother, Mrs. Sade Porter and his cousin and her family from Flint who were spending the day there.

Saturday evening dinner guests at the Tom Ware home were Mr. and Mrs. Herman Hoyt of Lakeland, Florida and Mrs. Lura Geddes of Chelsea.

Mr. and Mrs. Olin Robinson of Rush Lake enjoyed a two week camping trip in Northern Michigan where they camped at many of our state parks. While near Eagle Harbor they called on Mr. and Mrs. Emil Christensen, former Rush Lake residents, at their home at Cats Harbor. The Robinsons returned this week. Grandchildren Gregory and Jamie Lynn of Ypsilanti, are visiting this week at the Robinson home.

SEE KENNEDY'S GRAVE
Three days spent in Washington, D. C. visiting many of our country's historic buildings and sites was a high point in the vacation trip of Mr. and Mrs. Lucius Doyle, Jr., and their son, Bill. A tour of Arlington Cemetery where they saw President Kennedy's grave was most interesting. The Doyles spent a day at Get-

The increases in public school enrollments is one which is easily translated on a small scale because it affects every parent in Michigan.

Large figures cited to support political positions often mean little or nothing to the average man.

It is time the Republicans in Michigan realized that in 1970 there will be seventy million people under the age of twenty-five. This is a young country. Vote for Kleeb, a young man for the legislature.

tysburg, then came north to spend a day at Watkins Glen, New York, a day at Niagara Falls, and several days at Candaugus, N. Y. where they visited with friends.

Mr. and Mrs. Herb Bowles and family attended a reunion of his mother's family . . . the Carter family . . . in Edward Hines Park last Sunday. The all-day potluck affair was attended by over 60 relatives.

One of Pinckney's oldest landmarks is getting a new coat of paint these days. The home occupied by Mrs. Cacia Chamberlain, her son, Welton and his family, is one of the most appealing in town. Located on the south side of the town square, it was built by Alvin Mann who came to Pinckney from New York State in 1837. He first started a tailor shop here and then the Mann store which flourished here for over 50 years. The house is of Grecian architecture so favored at that period and its long column reaching from the first floor level to the peaks of the roof are very striking. Mr. and Mrs. Charles Chamberlain became the owners of the house in 1939. Mr. Chamberlain has since passed away.

Mr. and Mrs. Lawrence Camburn vacationed for 10 days at their cottage at Mullett near Indian River. They returned last week.

Last Saturday Mrs. Rachael Haines and her family joined her mother, Mrs. Zella Roberts, two sisters and a brother in a tour of Greenfield Village. Mr. and Mrs. Jerry Roberts and children of Howell, Mrs. Glen Wessinger of Howell, Mr. and Mrs. Clifford Haines and children, and Mr. and Mrs. Mel Wilson of Florida made up the group. The Wilsons, (Rachael's sister and family) who were here for three weeks left Monday for Florida.

The PEGS (Pinckney Extension Group) met Wednesday, August 19 at Bishop Lake for an all day swimming-picnic pot luck. Attending were Mrs. John Ludin, Miss Florence Preece, Mrs. Nestor Enquist, Mrs. Harold Riggs, Mrs. Marvin Livrance, Mrs. Steve Lazo, and Mrs. Clifford Haines and their children. The next regular meeting of the PEGS will be held September 3 at the home of Mrs. Nestor Enquist on Patterson Lake Road.

The Ware family celebrated birthdays on a wholesale basis last week. On Tuesday, August 18th, Mrs. Thomas Ware, Mrs. Lois Kimbler and children, Mrs. Julia Ware and her youngsters, Debra, Mark and Byron travelled to Drayton Plains to the home of Mrs. Ross Lamb (the former Alice Lee, and her Alice's two children, Tommy and Bonnie who all had birthdays.

Esther Kiner, 11 year old daughter of Mr. and Mrs. Nelson Kiner, entered St. Joseph Hospital in Ann Arbor Sunday and underwent surgery Monday morning. She was the victim of a bicycle accident. She was riding her bicycle near her home on Patterson Lake Road when she fell off. Surgery was needed to correct an abdominal injury. She expects to be home Friday and hopes to be in fine shape to enter her 6th grade classes very soon.

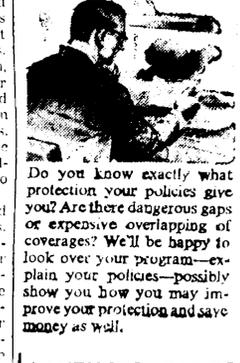

Mr. and Mrs. Roy Slagle, daughter Peg and her young

friend, Stef Gardner, and Mrs. Slagle's father, Mr. Frank Smith of Pinckney were in Northern Michigan most of last week vacationing at a cabin at Elk Lake. The main purpose of the trip was to pick up the Slagle's daughter, Connie, who will be a senior at Pinckney High this year. Connie spent the summer working at the Chippewa Trail Camp near Torch River. Side trips were made to show Mr. Smith the Mackinaw Bridge and the famous turning bridge at Torch River.

Mrs. Leroy Walker and two youngsters, Pollyanne and Andy, returned Monday from a week's visit with her husband's parents in Port Matilda, Pennsylvania. Mrs. Walker made the trip by Greyhound with her sister-in-law, Mrs. Jennie Tuskovich and daughter, Joyce who had spent a week at the Walker home on East M-36. The Walkers flew back.

The downpour Thursday stopped long enough for TOPS Slenderizers and their families to enjoy a pot luck picnic at the Huron-Dexter Park along the Huron River. Calorie counting was forgotten for the evening as 31 persons surveyed the laden tables. The adults enjoyed the relaxing time of friendly conversations while the youngsters caught "craw-dads" by the score.

Fair Visitors To See Future Post Office

Visitors to the New York World's Fair from Brighton have an unusual opportunity to see a post office of the future, Postmaster Al Bosworth said today.

A carefully-chosen group of 80 employees from New York area post offices man the facility which handles all the Fair's mail and some from the Flushing New York area. The outside mail is used to keep the highly mechanized devices operating at "full tilt."

The post office handles approximately 250,000 pieces of mail each day.

Postcards to friends and relatives back home are a big item. About 30,000 are mailed from the Fair each day. One third of these are addressed to persons overseas.

Foreign visitors have no trouble understanding U. S. postal operations. The facility has staff members who speak twenty languages.

Postmaster Bosworth notes that residents of Brighton Area who attend the Fair and wish to try out their foreign language ability can either talk with the multi-lingual window clerks or listen to a tape recorded presentation in the post office lobby which features individual earphones for those

YWCA Program Offered Women

Women of the Brighton area are invited to participate in a 10-week program offered by the YWCA in Milford. Activities to be offered in the program include sewing, interior decorating, jewelry, cake decorating, knitting and physical fitness.

Pre-registration is necessary and this will be done on Tuesday, Sept. 22 from 9:30 to 12:30 at the community room of the Oakland Federal Savings Bank, Milford.

For further information you may call Mrs. H. Harrison Mead at 2680 East Commerce Road, Milford.

The State Highway Department has announced that it will open the final section of I-94 in St. Clair County about mid-October. It extends from Marysville to the Blue Water Bridge which links Port Huron and Sarnia, Ont.

4-H Club State Show At MSU

Michigan's State 4-H Show has become more than an agricultural fair for youth. It's an educational event covering many areas that extend beyond the farmer's fence and into urban areas of cities.

Nearly 3,000 young people—the cream of Michigan's 4-H crop — will visit Michigan State University for the 49th annual State 4-H Show, August 31st—September 3rd. Livingston County will have about 82 members with entries in the state-wide exhibit, reports Harry A. Foster, County Extension Agent, 4-H Club Work

Educational events make up the core of the activities for 4-H'ers. In addition to dog care and training exhibitions, tours to the Michigan Department of Agriculture laboratories, poultry research buildings, and foods-nutrition action exhibits will keep youth abreast of new projects in agriculture science.

Other special events include demonstrations: crops, land, poultry, and vegetable judging; a rifle match, archery and softball tournaments. The automobile driver skill and 4-H tractor operating contests are also expected to draw a lot of interest.

The American Bible Society reports that arrangements have been made with a Chinese newspaper in Saigon for a weekly Scripture reading to be included free in the Sunday edition. The Gospel of Mark is the first book to be serialized in this fashion. Each reading bears the caption "God's Word for a New Age." The reader is invited to write to the Bible Society office for a free copy of the Gospel quoted.

Wins Breakfast With Mrs. Romney

Mrs. Elmer Harmon, 4251 Gregory Rd., Gregory Rd., won a free breakfast with Lenore Romney, wife of Gov. Romney.

During the Howell Sidewalk Daze the Livingston Republican Committee sponsored a button contest guessing the number of buttons in a jar. Mrs. Harmon guessed 456 buttons which was the exact number of buttons in the jar.

"A Salute To Lenore Romney" which is a breakfast to be Thursday morning, August 27th in the Masonic Temple in Howell at 7:30 a.m. is open to the public and reservations can be made at the Republican Hdq. Ph. 546-3870.

More than 3,000 licensed motor carriers serving Michigan make the state a national hub of truck transportation. They carried about a billion dollars worth of goods over Michigan highways in 1962.

SKYDIVERS

There are some that would say skydiving is a fool's pastime, but a dedicated group who each Saturday and Sunday at Richmond Field, eight miles west of Pinckney would readily disagree. As a sport, it is increasing in popularity throughout the United States and the world.

Tom Kaminsky of Howell, pictured here among the clouds is one of the groups of young men and women who practice this sport for "kicks." It isn't an inexpensive sport either, the average parachute costs from \$175 to \$250, and can run as high as \$500. The initial cost of \$30 for instruction, jump boots to help absorb the shock of landing, and sturdy clothing are also a must.

Plain parachuting, the action of departing from an aircraft, falling, opening a chute and making a descent differ from skydiving. The skydiver manipulates his body and his chute, literally steering himself through the air in an attempt to land on a predetermined target. This takes considerable skill and practice. The usual jump is from an elevation of 3,500 feet.

Bangs Richmond, owner of Richmond Field, says, "These young men and women jump here every Saturday and Sunday, depending on weather and wind conditions. Everyone is welcome to come out watch and there is no charge for spectators."

Mr. Richmond, a grandfather twenty times over, is a flight enthusiast. "Anytime they've got room for one more passenger, I hop right in," he says. He is an old Pinckney boy who lived on the site where the Three Brothers Farm is located. He attended Pinckney schools until the 6th grade. The land at Richmond Field was bought by his grandfather back in 1897 and Bangs Richmond has lived there since he was 10.

Philip MacBride Named Chairman Meader Comm.

Philip MacBride, Finance Chairman of the Livingston County Republican Party, officially opened the new George Meader Campaign Headquarters in Howell, and announced the formation of a Livingston County Meader for Congress Committee.

Officers for the committee are: Philip MacBride of Brighton, chairman; Lou Stipe of Howell, treasurer; William McPherson IV of Howell, a former county chairman, finance chairman, and Carol Spohr of Hartland, secretary.

The new headquarters are located at 110 North Michigan Avenue in Howell. Free coffee and donuts will be served daily from nine to five; also available for free distribution are the highly desirable Agriculture Yearbooks.

Fred Dillingham, Fowlerville, a page boy in the State House of Representatives, will serve as chairman of Youth Activities.

Anyone wishing to volunteer or contact the headquarters may call 546-4943 in Howell.

Agriculture is big business in Michigan. The state's farmers gross nearly \$800 million for their products in a year. Agriculture is Michigan's second largest industry worth about \$2 1/2 billion at retail prices.

new vocational Training For Handicapped

Goodwill Industries of Greater Detroit has added a new training program to the vocational training already supplied to its employees and trainees.

"Tools for Daily Living," is the new program is called. It consists of a course in the ABC's of reading and writing. It is welcomed by a number of handicapped men and women at Goodwill, who, through unfortunate circumstances and environment, have never had the opportunity to learn to read and write.

Dr. Lee Durham, Director of Adult Education Division of Detroit Board of Education, has given the program his full support and advice, and recommended Mrs. William P. Streit, 18643 Warrington Drive, as teacher. Now retired, Mrs. Streit taught in the Detroit Public Schools for many years. She is well known to Goodwill folk having served as the second president of the Junior Group from 1933 to 1936.

In keeping with its sponsorship of the Rehabilitation Services Division of Goodwill Industries, made possible through its magnificent Antiques Market held every year in November, the Junior Group now assumes the expense of the new school class of Goodwill employees.

A class of five employees and one trainee was begun on June 30, and it is expected that it will soon be expanded by six clients referred and paid for by the State Division of Vocational Rehabilitation. The pupils meet every Tuesday and Thursday from 9 to 11 a.m. for an eight-week term.

If the program is successful, a second class will be organized in September.

Always in search of ways and means to aid Goodwill's handicapped employees, Don McGregor, Director of Rehabilitation Services, says the non-profit organization has reached a new milestone in its 43-year-old program of service.

Of Livingston, Washtenaw and Lenawee Counties, at Primary Sept. 1st, I respectfully solicit the support of all our citizen voters who go forth to the omnipotent ballot box and cast their cherished franchise, rights in choosing elective officials for their representatives. Do not be misled. My Primary opponents have not had experience enough to qualify in labor relations, neither do they understand farmers needs and the long overdue fair return on products they produce by hard work, 24 hrs. daily and climatic conditions beyond their control that leaves very meager return in income.

Card of Thanks

The Brighton Jaycees would like to say THANK YOU to the area residents that participated in the car wash on August 22. This fund raising project was not as successful as we would have liked, but larger than expected due to the rain. THANK YOU. Another car wash is planned for later in September and hope that old man weather will co-operate a little better this time.

In addition to the Linotype and Intertype, several other line casting machines have been developed for use in the composing room.

John Gutenberg printed his famous Bible on a simple hand-operated machine which resembled a wine press of his time.

The first type-revolving press was constructed by Hoe and Company and was installed in the office of the Philadelphia Public Ledger in 1846.

Only two states, California and Pennsylvania, have laws concerning what can go inside stuffed toys sold in those states.

Michigan State Flag History

Secretary of State James M. Hare has an interesting anecdote to relate concerning the official Michigan emblem.

Here's the story: Several years ago, Hare, who almost daily has a parade of youngsters into his office for a little visit, decided to experiment on the youngsters' knowledge . . . or more accurately their lack of it . . . of the Michigan Flag.

In a general question, Hare asked the children, who were junior high youngsters, what our Michigan Flag looks like.

"It was surprising to learn that none of the children even knew we had an official State Flag, much less what its appearance was," Hare stated.

"Not one of the youngsters knew the history behind the Flag or what it stands for. I decided then and there to do all to help promote Michigan's Flag to Michigan's people."

Hare said that since Michigan Week began, many more people had become "Michigan Flag conscious" but that there was still a long way to go before the Flag became universally recognized or widely used.

Hare related the history of the Michigan Flag:

"Our Flag dates back to Michigan's early days of statehood . . . nearly 130 years ago to 1817. It was on a well-

known date, February 22, which is the birthdate of our first president, George Washington, that the Michigan Flag came into being.

"On that date, Stevens T. Mason, Michigan's first state governor, presented the Flag to a group of Michigan militiamen known as the 'Brady Guards' of Detroit, the first company of uniformed militia in the state's history. The 'Boy Governor,' as Mason was known, made this presentation in Detroit, then the Capitol City of Michigan.

Hare continued: "The banner presented by Mason depicted himself on one side. On the other side of the banner was the state's coat-of-arms and a soldier with a lady. This was the first Flag which bore the Michigan coat-of-arms."

"It wasn't until 1865, however, after the close of hostilities during the terrible Civil War when the Michigan boys in blue returned from the battlefields, that Michigan officially adopted a new design for the Flag. On one side of the new banner was the Michigan coat-of-arms, while the reverse side bore the coat-of-arms of the United States. The newly-designed state emblem was first displayed on the 4th of July in 1865 during the dedication of the cornerstone of the Soldiers' National Cemetery, the site of the Battle of Gettysburg.

"In 1911, the Flag underwent still another change . . . a change which has endured to this day, although several times persons have sought to change it. Actually, it amounted to using the state coat-of-arms and omitting the U. S. coat-of-arms on the other side.

"We keep discussing the Michigan coat-of-arms. Actually, this was designed even before Michigan became a state, when it was known as the Michigan Territory. The first territorial governor, General Lewis Cass, designed the central coat-of-arms. General Cass had been a soldier in the War of 1812. He was conscious of Michigan's strategic geography on the international boundary of where the land fighting of the war had taken place. He placed on the shield of the state coat-of-arms the word: 'Tuebor . . . I will defend.'"

Hare also outlined how the Michigan Flag should be displayed:

"Whenever possible, the Michigan Flag should be displayed with the Stars and Stripes. If carried in a parade or procession, the State Flag should be carried a little back of the U. S. emblem. No State Flag should ever be placed above or to the right of the Stars and Stripes.

"Whenever the two flags are displayed from a staff, the Michigan Flag should be below the Stars and Stripes. If it is displayed in a room against the wall, the State Flag should be on the left, the Flag's own left. From a pulpit or the speaker's left as he faces the audience, and the Stars and Stripes should be on the speaker's right."

Farming continues to rank as the third hazardous occupation. Only mining and construction have higher accidental death rates. Yet many farm accidents too often could have been prevented. Frequently the farm employer who is injured is temporary help — itinerant worker or a student working during the summer. Lack of proper training and the knowledge to work safely make these workers potential risks.

The farm employer should make an extra effort to be sure his workers understand their duties. They should learn the proper, safe way to operate equipment and handle the materials they use. Although a high school student with a driver's license makes an excellent worker in the summer months, caution should be taken in letting this boy operate a tractor without proper instructions first.

The National Safety Council says 55 per cent of tractor accident victims are under 20 or over 60 years of age. Tractor overturns, both on farm and on highway, account for nearly two-thirds of the deaths. Other leading factors are falls from tractors being run over by tractors and power-take-off accidents.

Although the Michigan Rural Safety Council says the state's farm record has improved significantly, there are still more accidental deaths in farming than in any other Michigan industry. It's up to everyone to insure "Safer American Families Everywhere."

Early Greek literature reveals little about the practical techniques of manufacture, since Greek citizens did not engage in work and non-citizens were ignored in contemporary literature.

The first news cartoon of "Uncle Sam" appeared in the New York Latent, a comic weekly, on March 13, 1852.

James and Janis Weston

Livonia Couple Are Honored on Friday

When James and Janis Weston and their miniature dachshund, Schnapps, pulled into Bruin Lake State Park late Friday evening, for a week end of camping they had no inkling of the publicity awaiting them.

Pinkney Recreation Area Manager Ernest Bottke, Jr., and his staff had been eagerly awaiting the arrival of the 20,000th camping family to use the recreation facilities since the Pinkney area was developed in 1944.

Camping is an old story to the Westons; they both came from families who liked the outdoors and had camped during childhood. Since their marriage four years ago, they have spent many weekends in their tent enjoying Michigan's many fine camping areas.

This was the first time at Bruin Lake for Mr. and Mrs. Weston, who live at 11111 Middlebelt, Livonia. It was one they will long remember.

The Honorable Senator Stanley Thayer of Ann Arbor was on hand to present the Westons with a plaque and citation in honor of the occasion at a ceremony Saturday morning before the assembled Bruin Lake Campers.

Park Manager Bottke related a brief history of camping on the Pinkney Recreation Area.

The first parcel of land was purchased for the development of the Pinkney State Recreation Area on November 15, 1944. In the next four years small picnic sites were developed at Silver, Halfmoon, South and Bruin Lakes. Fishing sites were existent at Halfmoon Lake, South Lake and Bruin Lake.

This area was new and not very many people knew of its location, so that camping registrations for the year 1948, I recall, totaled eighty-nine. At this period in the development of the area campers were allowed to camp anywhere and there was no charge for camping. Campers were registered as a courtesy so that friends and relatives could find them in case of an emergency.

As the popularity of camping increased two things happened out of necessity. One — camping was limited to designated areas only, and a small fee was charged for camping to help defray the cost of personnel and supplies needed to maintain the camping services.

Since that first charge of

area. Bonds are being paid off by monies taken in from sale of the motor vehicle permit.

After this development the number of camping registrations began to increase by leaps and bounds so that this year the biggest week (Fourth of July week) camp rangers registered four hundred sixty camps, total camps this year to date are 4499 as compared to a total for all of last year of 4323. It seems quite certain at this time that camper registration for the year will go over 5000.

Bottke said, "Having kept accurate records through the years of camper registration we thought it would be fitting to award a citation to the 20,000th camper on the area. Mr. and Mrs. James G. Weston of Livonia are the lucky ones and we are fortunate in having a member of the state government with us today, Senator Stanley Thayer, to make the presentation."

Free Art Membership Offered

A free membership to the newly organized Livingston Arts and Crafts Association will be awarded to any person in Livingston County submitting the best insignia or symbol for the association.

The most original design that will be suitable to be used on club program covers, brochures, stationary, etc. will be chosen by the Board of Directors of the association, who will be the judges.

All entries must be in no later than October 31, no entries will be returned. Please mail all entries to Mrs. Nellie Ann Van Haften, Secretary, 7940 Holly Rd., Brighton.

The insignia will be used on the program cover of the first big event planned by the group which will be held December 5, at the Howell Armory. It will be an Arts and Crafts Christmas Sale and Exhibit with entertainment and refreshments.

Girl Scouts To Get 2 New Buildings

Late this summer the first two identical permanent buildings will be erected on the Huron Valley Girl Scout property on Crane Road, between Bemis and Willis Roads just outside of Ypsilanti. The buildings, designed by Tanner and Kowalewski of Ann Arbor, are a combination shelter and unit-kitchen which will serve 40 girls in each kitchen and shelter up to 100 girls during inclement weather.

At the completion of these buildings, this campsite will be formally dedicated and named in memory of Miss Mildred Crawford, one of the early leaders of Girl Scouts in this area.

In 1928 Miss Crawford started her first Girl Scout troop at Roosevelt High School, Ypsilanti, Troop No. 5, camped, hiked, and came to be devoted followers of nature under her guidance.

Over the years, and until her death December 18, 1956, Miss Crawford was a troop organizer, camp director, and was President of the Ypsilanti Girl Scout Council in 1949 and 1950.

The Ypsilanti Council merged in 1958 with other neighboring councils to form the Huron Valley Girl Scout Council, and a special committee was formed to continue this project. In January of 1962, 50 acres of land was purchased from Mr. Daniel T. Quirk of Ypsilanti. This is the land where the buildings will be erected.

The winner of the contest will be announced in the newspaper and presented with their choice of membership. The contest is open to all ages.
