"Old Timers" Play Sat.

The Pinckney All-Stars are tearing the close of their practice sessions preparing themselves for the "Old Timers" football game next Saturday night October 10, in Pinckney's Veteran Memorial Field. They will meet the Hamburg Hell Cats at 7:30 p.m. for this annual event.

works Fund, another worthwhile community event. Several members of the TOPS (Take Off Pounds Sensibly) have agreed and will take over the "rooting" section for the All-Stars. No cheerleaders have been announced for the Hell Cats at this time.

Tickets may be purchased from anyone of the many Pinckney or Hamburg players at the following places of business; Jerry's Pinckney General Store, LaRosa Bowling-Lounge. Proceeds of these events are turned over to the Pinckney High School Athletic Fund each year, and are used beneficially to various athletic groups of the school.

The Hell Cats will be wearing new green and white uniforms this year and according to Capt. Julius Aschenbrenner, a scout has reported to the All Stars that Hell Cats team is composed of all new men his season. That, plus the fact that two of the Hell Cats were carried off the field during their last Sunday's scrimmage is a little upsetting to the All-Stars. Players of the two teams are not of school age, which adds to the fun of watching them battle for touchdowns.

During half time the Pinckney school band will perform under the direction of Mr. Dennis Napier, the school's music instructor.

Citizens in the area are urged by these players to turn out for the game and contribute to this worthwhile cause!

Orthopedic Clinic For County Children

The Michigan Cripple Children's Commission will sponsor an orthopedic clinic at McPherson Community Health Center, beginning at 8:00 a.m. on Thursday, October 8th. The Livingston County Medical Society and the Livingston County Health Department will be co-sponsors.

The purpose of the clinic is to follow up patients in Livingston County in the age group of infancy to twenty-one who may have received orthopedic care in the past. It will also be possible to see patients referred by local physicians at this time. It is believed such clinics can do much in the prevention of progression of dis-

abilities by helping plan future treatment. Work can be both with youth suffering disabilities from time of birth as well as those resulting from diseases such as polio.

Dr. Robert W. Bailey, orthopedist of the University Medical Center, Ann Arbor, and a pediatrician will jointly conduct the clinic. Local volunteer workers will do the appointment and clerical work. In many cases, appointments have already been made by letter from the commission. Examinations will be held in the conference room and nursing school class room in the west wing, ground floor of the hospital.

Persons attending the clinic are requested to use the northwest entrance of the hospital by the self care unit. This can be reached by driving along the driveway to the north of the employees parking lot from Byron Road past that lot to the entrance in the court at the back of the building. Parking is available there.

I, Merwin, Campbell, President of the Village of Pinckney, do hereby proclaim, order and designate that the two days, October 9 and 10, 1964 be observed as Natural Gas Days in Pinckney, in recognition of natural gas being brought into Pinckney at this time.

And, also to patronize merchants in the Village of Pinckney who so generously extend invitation and/or offer special sales at their places of business the duration of the two day celebration.

Classes in drawing and oil painting will get under way in Brighton on Wednesday, Oct. 14, and will be sponsored by the Livingston Arts and Crafts Association. There will also be a class in weaving and one in ceramics offered.

Washtenaw Dem Chairman Proposes 'Peace' Attempt

Peter Darrow, Washtenaw County Democratic Committee chairman, last week made a futile attempt to patch the split in the Livingston County Democratic Party.

Mr. Darrow asked Edward Rettinger, Livingston county committee chairman to attend a meeting with the following candidates for offices on the Democratic ticket: Gerald Dunn, Brian Lavan, Martin Lavan, John MacMillan, Marjorie Meir, Russell Cole, Walter LaMoria and Jack Shinn.

In a telephone conversation with Martin Lavan, Darrow said that Mr. Rettinger refused his invitation to the meeting which was to have been held at the Miller school.

The purpose of the meeting was to give some direction to the campaign for the coming election. All those asked were agreeable except Rettinger.

"We have tried", said Brian Lavan, "to make peace in the family and bury the hatchet."

Zolton Fereny, State Democratic Committee head, who was also invited to attend, was contacted in his office last Wednesday.

"I'm willing," he said, "to attend any meeting called by party leadership in Livingston County in an effort to work out any problems that may exist in the area. I do not believe, however, that a meeting that does not have present all the people interested in working out these problems would be fruitful."

Because no county delegates were recognized at the state convention, it will be up to the elected Democratic candidates in the county to select a party chairman. Mr. Rettinger's term of office expires in January, 1965.

The celebration October 9 and 10, will consist, primarily, of Consumers Power holding open-house at Pilgrim Hall each of the two days with many various gas appliances on exhibit. Consumer's Home Economists will be on hand demonstrating items such as gas washers and gas clothes dryers to patio gas grills and outside gas lights. Refreshments will be served and door prizes will be given. For more information see the ad inside this page.

Large trucks, diggers, drills, welders, bull dozers, piles of dirt along the road side became a familiar scene to those living in the vicinity of Pinckney as in the Village. These have nearly all disappeared now and gas was officially introduced in Pinckney Sept. 23. Merwin Lavan, of 234 Putnam, was first in the Village to have natural gas service installed in his home. Since that time there have been 38 actual services set.

A street dance Saturday night will bring to a close the two day's celebration. A D.J. from Detroit area will be on hand to spin the records and the exact place of the dance will be announced at a later date.

Consumer Power Company officials cordially invite all area residents to set aside their busy days and attend the open-house at Pilgrim Hall.

Emerson Pattison Elected to Serve State Association

Emerson W. Pattison of Highland Lake, Inc. was elected to serve on the State Board of Directors for a three year term. This announcement was made at the Annual meeting of State Association of Michigan Lakes and Streams Associations held in Lansing on Saturday, September 26. Other officers elected at this time for the ensuing year were Herschell B. Rochelle, Hastings, president; Carl Turner, Tippeco Lake, Vice-president; Don Severance, Northville, Secretary-Manager - Treasurer.

The Association is composed of individuals, groups, organizations, and associations or corporations in Michigan whose members have an interest in the protection, development and use of their riparian rights. The officers and a special committee watches all new legislation to enable them to appear before the proper legislative committees and voice their objection if the riparian rights of lake and river front property owners are in any jeopardized. The Association also assists riparian owners with a solution of their common problems; promotes research and education in the field of water resources for local and regional areas and acts as a clearing house for all problems and information relative to the riparian rights of its members.

Roger Wicklund from Dept. 9 of Conservation appeared before the meeting to explain the new six point program of the Department. Inasmuch as the success of some phases of the new program will depend a great deal upon the Lakes and Streams Associations of Michigan it would appear that it will be of mutual benefit for both organizations to cooperate in every possible way. The Association recently published a 38 page pamphlet "Water Rights for Cottage Owners" and it is available from the secretary-manager of any Association member.

Pinckney JV's Lose Opener to Leslie

By JOHN TASCH
Last Thursday Sept. 24, the Pinckney Junior Varsity Pirates played Leslie's JV, team, the Black Hawks, and lost 8-0. Pinckney won the toss, on the rainy evening, and kicked off from the West end of the field.

Thus the game began and many soaked, loyal Leslie and Pinckney fans watched the battle. For the entire first half the ball went back and forth between the teams without a scoring play and only a few minor threats. Leslie was on offense most of the time for it seemed as though almost every time the Pirates offense got the ball they either fumbled it or had to forfeit it on their fourth play. One of Pinckney's few drives was started by a 25 yard run by right halfback Randy Brown. Then for a couple more plays the Pirates ran the ends and made good yardage, but Leslie tightened up on defense and once again got the ball back. It was a scoreless tie when halftime came around.

The second half was much like the first except for two plays. The first of those plays, a safety for Leslie, came after the Pirates defense held them and Leslie had to give the ball to the Pirates within the Pirates five yard line. Then after changing the ball from one end of the field to the other, at the quarter, fourth down came and Pinckney was forced to punt. However the center went over the punter's head and out of

the end zone. After the kick from Pinckney to Leslie, Leslie drove 55 yards and topped it with a touchdown.

The try for the extra point failed and the score stayed at 8-0. This Thursday, October 1, the Pinckney JV's will go to South Lyons to play the Lions.

Pirates Hold First Place In League

By JOHN TASCH
The Pinckney Pirates took sole possession of first place in the Ingham County League when they defeated the Leslie Black Hawks 24-20, at Leslie. It was Pinckney's second victory in as many games.

Leslie won the toss and elected to receive. The ball passed hands a few times before either team could do much. Garry Henry the Pirates fine quarterback then elected to run it himself and the Black Hawks didn't catch him till 60 some yards later. They brought him down on their own five. Merle McMichael the Pirates swift half-back flew around the right end on the next play for Pinckney's first touchdown. The conversion attempt failed and the score was 6-0.

Leslie was next to score. It was in the second quarter on a 10 yard pass play from Phil Brown to half-back Dale Bodell. There was no more scoring in the first half. The score

The Pirates completely dominated Leslie 7, Pinckney 6. Inated the third quarter as they garnered three touchdowns for 18 points.

The first of three was a 35 yard punt return with McMichael once again and a great burst of speed. Jim Pine threw a key block taking out two Black Hawks at once to spring McMichael loose on his long run.

The Pirates third touchdown was accounted to the defense. Defensive tackle, Alan Steffen and Clair Bell, combined forces when Steffen jurred the ball loose from Leslie's runners in the end zone and Bell pounced on it for the six-pointer. The Pirates scored their final T.D. when Henry plunged over the

Black Hawks from the one. A 21-yard pass to John Haas set it up.

No one scored again until the final play of the game. Brown once again lofted one of his floating passes and this time Ron Ekins pulled it in.

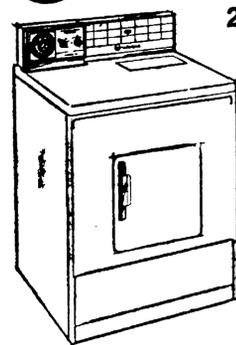

The play covered 54 yards to put a thrilling ending on a thrilling game.

No one has ever lost a Penny in an FSLIC-Insured Savings Account

In 1934, the Congress of the United States created a permanent government corporation to guarantee the safety of savings in member savings and loan associations. It was called the Federal Savings and Loan Insurance Corporation, an instrumentality of the United States Government.

- Investment in carefully selected first mortgage loans on homes, United States government bonds and other sound assets.
- Safe, progressive operating policies with experienced local management.
- Substantial reserve funds that are an added factor of safety.

Since that time, we have gone through two wars and a number of recessions or depressions. In all those years there has been never a penny lost to a saver protected by FSLIC insurance in the thousands of insured savings associations around the country.

If you have savings over \$10,000, and would like the added protection of insurance by FSLIC on the entire amount, keep in mind that a husband and wife can have accounts totalling \$20,000, fully covered by insurance (a single insured account in the name of each and a joint insured account in the names of both).

As our association is a member of FSLIC, insurance of each saver's funds to \$10,000 is automatically in effect on savings accounts here — and that applies to both new and old accounts.

Thru the use of trust accounts, sums of any amount (for example, \$50,000 or \$100,000) can be invested and fully

Insurance premiums are not charged to the saver, but are paid to FSLIC by the association at a rate fixed by law. Actually, if this insurance did not exist, your funds in any amount, invested here, would be amply protected by:

Insured. This applies not only to the funds of individuals and families but to funds of trusts and estates, business firms and non-profit organizations (churches labor unions, credit unions, etc.)

Pinckney JV's Lose Opener to Leslie

By JOHN TASCH

Last Thursday Sept. 24, the Pinckney Junior Varsity Pirates played Leslie's JV team, the Black Hawks, and lost 8-0. Pinckney won the toss, on the rainy evening, and kicked off from the West end of the field.

Thus the game began and many soaked, loyal Leslie and Pinckney fans watched the battle. For the entire first half the ball went back and forth between the teams without a scoring play and only a few minor threats. Leslie was on of tense most of the time for it seemed as though almost every time the Pirates offense got the ball they either fumbled it or had to forfeit it on their fourth play. One of Pinckney's few drives was started by a 25 yard run by right halfback Randy Brown. Then for a couple more plays the Pirates ran the ends and made good yardage, but Leslie tightened up on defense and once again got the ball back. It was a scoreless tie when halftime came around.

The second half was much like the first except for two plays.

The first of those plays, a safety for Leslie, came after the Pirates defense held them and Leslie had to give the ball to the Pirates within the Pirates five yard line. Then after changing the ball from one end of the field to the other, at the quarter, fourth down came and Pinckney was forced to punt. However the center went over the punter's head and out of

the end zone. After the kick from Pinckney to Leslie, Leslie drove 55 yards and topped it with a touchdown.

The try for the extra point failed and the score stayed at 8-0. This Thursday, October 1, the Pinckney JV's will no South Lyons to play the Lions.

Pirates Hold First Place In League

By JOHN TASCH

The Pinckney Pirates took sole possession of first place in the Ingham County League when they defeated the Leslie Black Hawks 24-20, at Leslie. It was Pinckney's second victory in as many games.

Leslie won the toss and elected to receive. The ball passed hands a few times before either team could do much. Garry Henry the Pirates fine quarterback then elected to run it himself and the Black Hawks didn't catch him in 60 some yards later. They brought him down on their own five. Merle McMichael the Pirates swift half-back flew around the right end on the next play for Pinckney's first touchdown. The conversion attempt failed and the score was 6-0.

Leslie was next to score. It was in the second quarter on a 10 yard pass play from Phil Brown to half-back Dale Boddell. There was no more scoring in the first half. The score

The Pirates completely dominated Leslie 7, Pinckney 6, inated the third quarter as they garnered three touchdowns for 18 points.

The first of three was on a 35 yard punt return with McMich aels once again and a great burst of speed. Jim Pine threw a key block taking out two Black Hawks at once to spring McMichaels loose on his long run.

The Pirates third touchdown was accounted to the defense. Defensive tackle, Alan Steffen and Clair Bell, combined forces when Steffen jurred the ball loose from Leslies runners in the end zone and Bell pounced on it for the six-pointer. The Pirates scored their final T.D. when Henry plunged over the

Black Hawks from the one. A 21-yard pass to John Haas set it up.

No one scored again until the final play of the game. Brown once again lofted one of his floating passes and this time Ron Ekins pulled it in.

The play covered 54 yards to put a thrilling ending on a thrilling game.

No one has ever lost a Penny in an FSLIC-Insured Savings Account

In 1934, the Congress of the United States created a permanent government corporation to guarantee the safety of savings in member savings and loan associations. It was called the Federal Savings and Loan Insurance Corporation, an instrumentality of the United States Government.

Since that time, we have gone through two wars and a number of recessions or depressions. In all those years there has been never a penny lost to a saver protected by FSLIC insurance in the thousands of insured savings associations around the country.

As our association is a member of FSLIC, insurance of each saver's funds to \$10,000 is automatically in effect on savings accounts here — and that applies to both new and old accounts.

Insurance premiums are not charged to the saver, but are paid to FSLIC by the association at a rate fixed by law. Actually, if this insurance did not exist, your funds in any amount, invested here, would be amply protected by:

- Investment in carefully selected first mortgage loans on homes, United States government bonds and other sound assets.
- Safe, progressive operating policies with experienced local management.
- Substantial reserve funds that are an added factor of safety.

If you have savings over \$10,000, and would like the added protection of insurance by FSLIC on the entire amount, keep in mind that a husband and wife can have accounts totalling \$30,000, fully covered by insurance (a single insured account in the name of each and a joint insured account in the names of both).

Thru the use of trust accounts, sums of any amount (for example, \$50,000 or \$100,000) can be invested and fully insured. This applies not only to the funds of individuals and families but to funds of trusts and estates, business firms and non-profit organizations (churches, labor unions, credit unions, etc.)

FAST RESULTS

300% Increase In 4-H Agricultural Awards

It will soon be awards time in 4-H, and this year should see nearly 3,000 winners added to the steadily growing list of top-rated agricultural club members.

Fifty of the 800,000 boys and girls enrolled in the national 4-H Agricultural program will win a free trip to the National 4-H Club Congress in Chicago next November. Six will receive a \$500 scholarship and the remainder will merit county medals.

Delegates to the Congress will help to celebrate 10 years of sponsorship by International Harvester in this particular program. However, the company has supported 4-H in several areas since 1919, according to the National 4-H Service Committee.

Agricultural projects undertaken by 4-H'ers throughout the state help to improve the home farm and to prepare the way for future jobs on and off the farm.

Local 4-H Club leaders, county and state extension workers, parents and residents of the community all have a share in helping the youngsters select and complete one of the many projects in the agricultural program.

The county extension office can supply additional information about joining a 4-H Club or organizing a new one.

BOARD OF EDUCATION

Frequently praised, at times criticized, the board of education must weather all climates of opinion if it is to carry out the responsibility of running a school system that will provide a quality education for children under its jurisdiction.

Although all citizens have the right to attend school board meetings and speak to or question issues on the floor, final decision on school issues resides with the board of education.

In its appointed legislative and judicial capacity the board of education is called upon to project educational needs from nursery school through junior college. Along with curriculum problems, the board of education occupies itself with the important task of maintaining the business of education. In financial considerations the board must adopt a budget able to meet the community's ability to pay, decide the salaries of school personnel, and determine the school building program and what operative school equipment should be purchased.

Points vital to remember are that school board members are voted into their positions in open elections and that members of the board of education represent a cross section of individuals whose prime concern is the student and education.

... Pinckney Prattle ...

By ALICE GRAY

Mr. and Mrs. Woodroe Massey of Rush Lake Road visited in Ashville, North Carolina with relatives last week.

Miss Susan Bonner of Berkeley spent the weekend with her great-aunt Mrs. Leona Marie Bonner of Timothy Acres.

Friday afternoon Mrs. Nel Wylie and daughter, Miss Kaye Wylie, motored to Lafayette, Indiana where they were guests of three lieutenants, Richard Wylie, Ron Witzel and Todd Stong. Saturday they attended the Purdue and Ohio U game followed by open

house in their honor where they met many of the boy's professors and friends. In the evening they attended the Victory Variety Show held in the fabulous music hall on the campus which is the largest in the U.S. Sunday morning they toured the campus with Lt. Wylie as their guide and returned home Sunday afternoon by way of Michigan City and along the shore of Lake Michigan.

Thomas Bonner entertained sixteen members of the Farmington Investment Club at a trap shoot and supper at his

home on Rush Lake Road Wednesday, September 23rd. Mr. Bonner and his brother, Robert Bonner of Tecumseh left Sunday for five weeks of hunting in Wyoming.

Mr. and Mrs. Ernest Chanyi (the former Sophie Bobon) of the Pinckney-Dexter Road are the proud parents of a little baby boy born September 16 at McPherson Health Center. He has been named Brian Michael and weighed 7 pounds, 12 ounces at birth. This makes three boys and three girls for the Chanyis.

Mr. and Mrs. Alex Chanyi are the paternal grandparents. Hell was really crowded Wednesday, September 23 when people from far and near gathered there attending the auction held at Mel Reinhardt's Den of Antiquity.

A/2C Don Ackley, son of the Robert Ackleys, after a 30 day leave spent in the Pinckney area has reported at his new base, the Madera Air Force Base near Fresno, California.

Something new has been added at the Gerald Reason Real Estate office. Mrs. Lorna Allison, formerly of the Pinckney area but now living in Howell, has been added to the sales staff. Mrs. Allison tells us that her son, Lee, who attended the Pinckney school for many years, is now in the army in an airborne division and is training in Georgia.

Mrs. Charles Baxter, Mrs. Mary Michael and Mrs. Audrey Potter attended a Pioneer Girls Leaders Retreat at Island Lake State Park last Friday and Saturday. These ladies are devoting a good share of their time with the active Pioneer Girls group at the Hiawatha Beach Church.

About 15 of Pinckney's Rainbow Girls attended the DeMolay installation of officers in Howell last Saturday night. Mother Advisor Beverly Bowles and her husband, Herb Bowles, a member of the Advisory Board of Rainbows, also attended. Gerry Reason, Ray Lelonek and Albert McCarty of the Pinckney area were among those installed this term.

Mrs. Edith Carr of Mill Street is the proud grandmother of a new baby boy born to her son and his wife, Mr. and Mrs. Robert Carr of Northville. This new addition to the Carr family was born

September 27 and weighed 14 1/2 pounds.

And while we are mentioning new additions, we at the Dispatch are proud of our new subscribers in far off Hawaii. Robert Nosker, and wife, the former Pat Bays, both Pinckney graduates are living there while "Butch" is serving his stint in the service. Pat has a good job nearby and they have an apartment in Honolulu.

Carl Hollister of West M-36 recently purchased four registered Angus cows and an Aberdeen-Angus bull from C. H. Sayer of Lake Odessa.

Mr. and Mrs. Albert Shirley, Mrs. Robert Amburgey and children spent last week end at Douglas Lake fishing and relaxing.

Sunday guests at the Murray Kennedy home were son, Dick, his wife and two youngsters of Ferndale.

Miss Otha Reynolds of Detroit visited her mother, Mrs. Mable Reynolds last Sunday and spent part of the day with the Max Reynolds family.

Classes have started for Miss Scharme Baxter at Grand Rapids School of the Bible and Music in Grand Rapids. This is her junior year. Before her departure, Scharme and her mother, Mrs. Charles Baxter, spent several days at their cabin at Hillman.

Horses trained by James Dunn of Rush Lake Road came in first, second and third at races held at Hazel Park last Monday night. At Sunday dinner the Dunns entertained Mac McQuarrie and Tom Wilburn, drivers at the horse races.

Christian Science News

The theme for Oct. 4 and
Oct. 18 is, "What About the
Ecumenical Movement?"
In order to have a broad
perspective of the issue, Sept.
20 Father Arthur Kreinheder
the only Lutheran monk in
the United States, and founde-
r and head of St. Augustine's
House near Oxford, Mich., will
talk about his efforts in the
area of Christian ecumenism
and church unity.

Father Kreinheder has a
deeply rooted Lutheran faith;
his father was a Missouri
Synod pastor and president of
one of the churches colleges.
After serving as the skipper of
a subeaser during World
War II, Kreinheder increas-
ingly felt a vocation to the church,
but felt the opportunity with-
in U.S. Lutheranism too re-
stricted. Then he heard of the
famed French Protestant reli-
gious community at Taize.
After briefly testing his faith
at Taize Kreinheder gave up
a good position as a mer-
chandising manager for De-
troit's J. L. Hudson department
store to study in Sweden for
the ministry, and was ordained
in 1956.

The theme for Oct. 4 and
Oct. 18 is, "What About the
Ecumenical Movement?"
In order to have a broad
perspective of the issue, Sept.
20 Father Arthur Kreinheder
the only Lutheran monk in
the United States, and founde-
r and head of St. Augustine's
House near Oxford, Mich., will
talk about his efforts in the
area of Christian ecumenism
and church unity.

Father Kreinheder has a
deeply rooted Lutheran faith;
his father was a Missouri
Synod pastor and president of
one of the churches colleges.
After serving as the skipper of
a subeaser during World
War II, Kreinheder increas-
ingly felt a vocation to the church,
but felt the opportunity with-
in U.S. Lutheranism too re-
stricted. Then he heard of the
famed French Protestant reli-
gious community at Taize.
After briefly testing his faith
at Taize Kreinheder gave up
a good position as a mer-
chandising manager for De-
troit's J. L. Hudson department
store to study in Sweden for
the ministry, and was ordained
in 1956.

Tourists to Leave \$800 Million Here This Year

Expanded promotion ap-
parently has done its job for
the tourist industry in Mich-
igan.
State Tourist Council Direc-
tor William T. McGraw pre-
dicts that this year's travelers
to Michigan will leave \$800
million in the state. Last year
the estimated 11 million tour-
ists spent \$727 million here.

McGraw credited favorable
weather most of the summer,
the busiest season, with a good
part of the increase in tourist
tensive local and regional pro-
motion also accounted for some
activity, but he said more ex-
of it.

Of the amount spent by tour-
ists this year, McGraw said
the best estimate available
was that the state itself would
collect more than \$56 million
in taxes.
This includes sales taxes,
state gas tax, use tax on lodg-
ing, liquor and cigarette taxes
and hunting and fishing li-
cense fees.

The contribution of tourists
to Michigan's economy, both
public and private has been
increasing over the years. On
the basis of an average 10
to 15 per cent increase an-
nually, McGraw and other ex-
perts in the field are pre-
dicting tourism will be a \$1
billion a year business by
1966.
