## Village Election Set For Monday, March 8th

### Potluck Dinner Follows Special Music Sunday

The Heralders of Grand Rapids School of the Bible and Music will present a program of sacred music at the Hiawatha Beach Church, Buck Lake, Hamburg, on Sunday morning, March 7, at 11 a.m.

The group consists of 15 young people chosen for the ministry of music. Bob Williams and Dick Moore of Hamburg are members of this group. Their program is made up of worship and praise songs by the entire group, quartet and smaller group numbers, and instrumental selections.

Miss Comden, instructor of secretarial courses at the school, is the accompanist.

Individual members of the Heralders have come to Grand Rapids from as far as Nevada, Wyoming, and Trinidad, West Indies to devote up to four years in preparation for Christian service. Men and women have been training at the school for 19 years, and graduates are serving in the United States and major mission fields of the world.

A potluck dinner will be held at the church following the service. The public is cordially invited to attend.

### Canadian Geese To "Star" on Mich. Outdoors

Drama scenes illustrating the largest winter concentration of Canada Geese at Kennington Metropolitan Park near Milford will be one of several items featured on the Mort Neff "Michigan Outdoors" TV program over Channel 7 — WXYZ-TV on Thursday, March 4 at 7:00 p.m.

Mort Neff stated that the film will show some of the habits of the more than 1,200 wild Canada geese that have been making their winter home near the Buno Road bridge in the park. They are fed daily by park naturalist Richard Mortenmore and his wife, Judy, who reside in the park.

### Troop 58 Holds Honors and Awards Night Wednesday

Wednesday, February 24, the Boy Scouts of Pinckney's Troop 58 gathered at Pilgrim Hall for their annual Honors and Awards night. Scoutmaster Don Oleski made the award presentations. Those receiving fourth year pins were Malcolm Ludwig and David Singer.

First Class patches went to David Singer and Armond Oleski. Senior Patrol patches went to Malcolm Ludwig and David Singer. Malcolm Ludwig, Chuck Vedder, David Singer, Richard Baumgartner, Armond Oleski and John Towsley received third year pins. Those departing with second year pins were Chuck Vedder, Terry Baumgartner, Richard Baumgartner and John Gardener.

First year pins went to Joe Pine, Brian McMillan, Mike Brennan, Fred Perry, Mark Burns, Paul Singer, Barry Bechler, Carl Oleski, Tom Shehan, and Mark Krause.

Names of Scouts who advanced to Second Class, and received patches in recognition of the achievement were Dennis Swarthout, Joseph Pine, Brian McMillan, Mark Merma, Tom Shehan, John Gardener, Carl Oleski, and Barry Bechler.

Following awards presentations, Paul Singer, Jack Vliet, Carl Oleski, Armond Oleski and Scoutmaster Oleski told of the adventures they encountered while camping out the previous weekend in the Waterloo area near Jackson.

*Thought for the Day*

Swallowing angry words is much easier than having to eat them.

### Events Calendar

**March 4**  
Rainbow Girls, "School of Instruction" 6:00 p.m., Masonic Hall girls wear formal.

**March 5**  
O.E.S. Pinckney Chapter 145, regular meeting, 8 p.m., Masonic Hall.

**March 7**  
Potluck dinner follows special program of music presented by the Heralders at Hiawatha Beach Church, Sunday morning.

**March 8**  
Annual Spring Village Election, 7 a.m. to 8 p.m., Putnam Town-hall.

**March 11**  
Ladies Aid of Pinckney Community Congregational Church will meet at Pilgrim Hall, 11 a.m., for work session. Bring your sandwich. Hostesses, Mrs. Cassie Tomask and Mrs. Edna Guy.

### Letter to the Editor

Dear Editor:

Upon the death of Nat King Cole last week, Sammy Davis, Jr. commented that "NOW is the time to . . . do all we can to help stamp out the dread disease that took him from us."

I bring this to the attention of our own people in Livingston County as the American Cancer Society prepares for its annual fund-raising drive in April.

I need not stress the importance of this campaign to anyone who is or has been affected by this dreadful disease, whether it be yourself, a member of your family, or a friend.

Cancer is our nation's number two killer today. Last year, 290,000 Americans died of cancer, and an estimated 295,000 will die of the disease this year — 805 persons a day, or one every two minutes. According to present rates, one-in-four Americans now living will eventually have cancer.

At the same time that these grim facts are presented, the Sword of Hope looms as the symbol to most Americans that means "Help Fight Cancer."

As 1965 Livingston County Cancer Crusade Chairman, your local Society solicits support from individuals, clubs and organizations, and business concerns throughout the County. In our fight against cancer, we ask not only financial support but physical support.

Chairman in the various townships are badly needed. Volunteers are urgently requested. Would you or your club be willing to help? Call Mrs. Ruth Baldwin, days, 546-2482, or contact me evenings after 6:30 p.m. 546-0088. We need your help!

Clare Horwood  
3850 Golf Club Road  
1965 Country Crusade Chairman

### "A Man Called Peter"

The annual Pinckney High School play will take place Friday and Saturday, March 12 and 13, in the high school gym. Each performance will begin at 8:00 p.m. Admission is \$1.00 for adults, floor seats; 50¢ elementary children, floor seats; 75¢ bleacher seats.

**SYNOPSIS OF THE PLAY**  
Dramatized by John McGreevey from the book by Cathrine Marshall.

This is the heartwarming story of a dedicated young minister by the name of Peter Marshall. It deals with the factors and people who touch upon his life, of the challenges and obstacles God puts before him.

Peter, a Scottish immigrant, came to this country with hopes, dreams, and a bargain with God. When the play opens Peter has come a long way in a few short years, he has a lovely wife, Cathrine, a fine son, Peter John, and he is now minister of New York Avenue in Washington, D. C.

He brings new ideals to the church which upsets one member. The young people of the church find Peter inspirational. Their hunger for God is quenched by his faith in the Almighty.

Many problems befall the Marshalls. Sickness comes to the gay house threatening to destroy Cathrine Marshall's faith. God seems to make their faith stronger in the face of the illness. "The answers always seem to come when our faith is so small that we expect the worst."

#### FRIDAY NIGHT CAST

Peter Marshall . . . Stanley Kojiz

### The Way We Hear It

BY: DOLLY BAUGHN

... not much news this week ... with the "big snow" and no one being able to get out and around ... Schools were closed ... such affairs as the Rainbow Girls "Hat Sale" and Democrats "Spaghetti Ball" were postponed ... Everything was at a standstill.

... The Pinckney Dispatch cannot make the statement "Through rain, or snow, sleet, or hail ... the paper goes" ... because it didn't reach Pinckney until late Friday afternoon ... Sure sorry it was so late and you had to go all that time uninformed!

... a few residents are quick to moan and groan about the "big snow" ... Let me say this ... I think we are rather lucky! ... You know we might have lived in a valley! ... That snow has got to melt some time.

... in asking a few persons how they liked being snowed in, I found one "mommie" who remarked ... "How did I like it? ... Have you ever been snowed in with five kids for two days?" ... another said, "What do you mean two days vacation? I found more to do than if I had been at work!"

... Vernon Michael Dutkevitch, age 22, was sent back to Canada last week. He was the man apprehended in the late Pinckney bank robbery. According to the local bank manager, Verl Varnor, FBI agents decided Dutkevitch was wanted in Canada on more serious charges than he was in the U. S.

... "happy fourteenth wedding anniversary" to Jean and Jerry Speake ... They celebrated Saturday night ... dinner at Weber's in Ann Arbor ... with friends ... good time had by all.

... square dance lessons will be given every Friday night, 7 p.m. at Pilgrim Hall. Gordie Lindland of Ann Arbor will instruct. A couple is allowed two or three weeks trial run, before they must pledge money toward lessons ... It is a great pastime ... You ought to try it! And I can tell you something else ... the ones who think they "wouldn't like that kind of dancing" are the ones that fall the hardest for it! Really!

... Librarian, Miss Pruett, reminds us the library will be closed Monday, March 8, due to the Village Election taking place in the same building.

... Pinckney Elementary teachers, office clerks, husbands and wives had an enjoyable evening Saturday ... Had dinner at

Schulers over near Jackson ... Mr. and Mrs. Bob Tasch did a little celebrating for their wedding anniversary too ... I understand.

... Pinckney Jaycee Charter night, March 13, at Anchor Inn that cost \$7.00 per couple, and includes dinner and dancing and a special program ... should be a tremendous success with all the free publicity they have had the past three months!

... If you think you have troubles ... go and see Tom Meyer ... He recently had corrective surgery on his shoulder and must wear a heavy plaster of Paris cast for one month ... It has most of his upper extremities covered ... Tom is a junior at P.H.S. and lives at Cordley Lake.

... found an unfortunate person the other day that wanted to celebrate his birthday the worst kind of way ... but it never came around this year ... Mr. Jim Teatli from Blue Water Store at Strawberry Lake was born one year when there happened to be a February 29 ... This year there was none! What do you say to a person in this predicament? ... To a person who doesn't have birthdays ... but just grows old.

... those shades pulled at the King Barber Shop make Main Street look sad ... Hope Mr. K. recovers soon from that old flug ... so we can have all the shades up once again!

... Pinckney High seniors were in Lansing Wednesday, visiting at the State Capital.

... Tom Davis was out Tuesday night ... He had his pet snail with him!

... Mrs. Pat Stillwell, Linda Wegener, and Mrs. Virginia Gilbertson will be models this Friday night at the Spring Hairstyling Show, in Brighton, at the Hawkins School, beginning at 8 p.m. Chiquita Amburgey, Bev Umstead and Mrs. Pat Roslecki will be the hairstylists for the Pinckney models. You should plan to come see the new spring styles ... Anyone may come ... there is a \$1.00 admission charge ... tickets available at the door ... it should be worth it ... Men are invited, too.

... Pinckney Jaycees held their weekly business-dinner meeting at the high school Tuesday night ... Their wives prepared and served the meal. Guest speaker was a State Trooper of the Brighton police post.

**ELIZABETH COLONE**  
Candidate for Trustee, two-year term, lives at 596 Mower Road, Pinckney resident nearly 20 years. Employed at Pinckney Typesetting Co. Mr. and Mrs. Colone have four sons.

**JANE WIDMAYER**  
Candidate for Trustee, two-year term, lives at 250 S. Mill St. Employed as housewife, and mother to six children. A lifetime resident of Pinckney.

**HARRY PARKS**  
Candidate for Trustee, two-year term, lives at 580 West Unadilla Street, Pinckney resident nearly 25 years. He is co-owner of Pinckney General Store.

**RUSSELL CLARK**  
Candidate for Trustee, two-year term, lives at 601 Patterson Lake Road, Married and has four children. Lifetime resident of Pinckney. Employed at King Seely, Scio Plant.

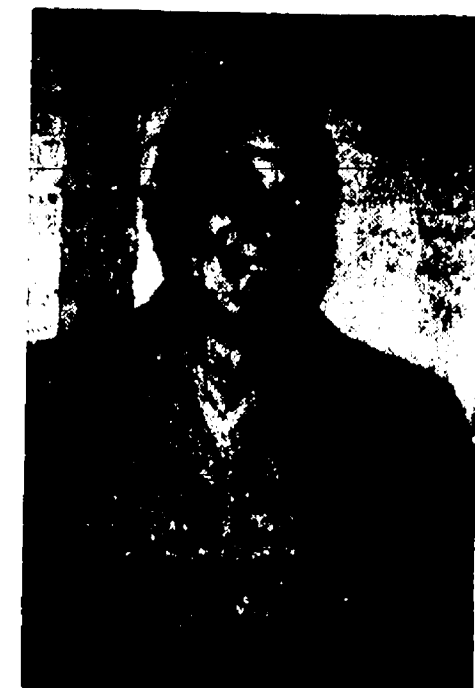

**HERMAN VEDDER**  
Candidate for Village Assessor, lives at 240 East Main. He is self-employed. Pinckney resident many years.

POLLS WILL BE OPEN Monday, March 8, 7 a.m. to 8 p.m. for the annual Spring Election of Village Council members. Election will take place at the townhall. Shown below are candidates seeking office this year. There are two complete slates for citizens to choose from with exception of Village Assessor. Herman Vedder, nominated on Union Party ticket, has no opposition due to L. J. Henry declining nominations on the Citizen's Party ticket for this office.

**MERWIN CAMPBELL**  
Candidate seeking re-election for Village President, lives at 245 West Unadilla Street. A lifetime resident. Mr. and Mrs. Campbell have two married children. He is employed at Chelsea Products, Chelsea.

Candidate for Village Clerk, lives at 740 East Main. Has three children, all married. Is employed as "head cook" with Pinckney Community Schools. Pinckney resident for 30 years.

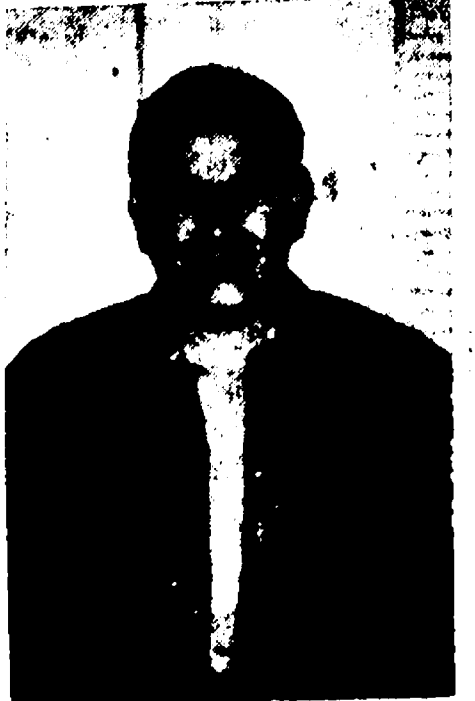

**RACHAEL HAINES**  
Candidate seeking re-election for Village Treasurer, lives at 405 Rice Street. A Pinckney resident nearly 30 years. Employed in Pinckney School District. Mr. and Mrs. Haines have four children.

**ROBERT C. ACKLEY**  
Candidate for Trustee, 2-year term, lives at 379 West Main. Has lived in Pinckney past 20 years. Has three children.

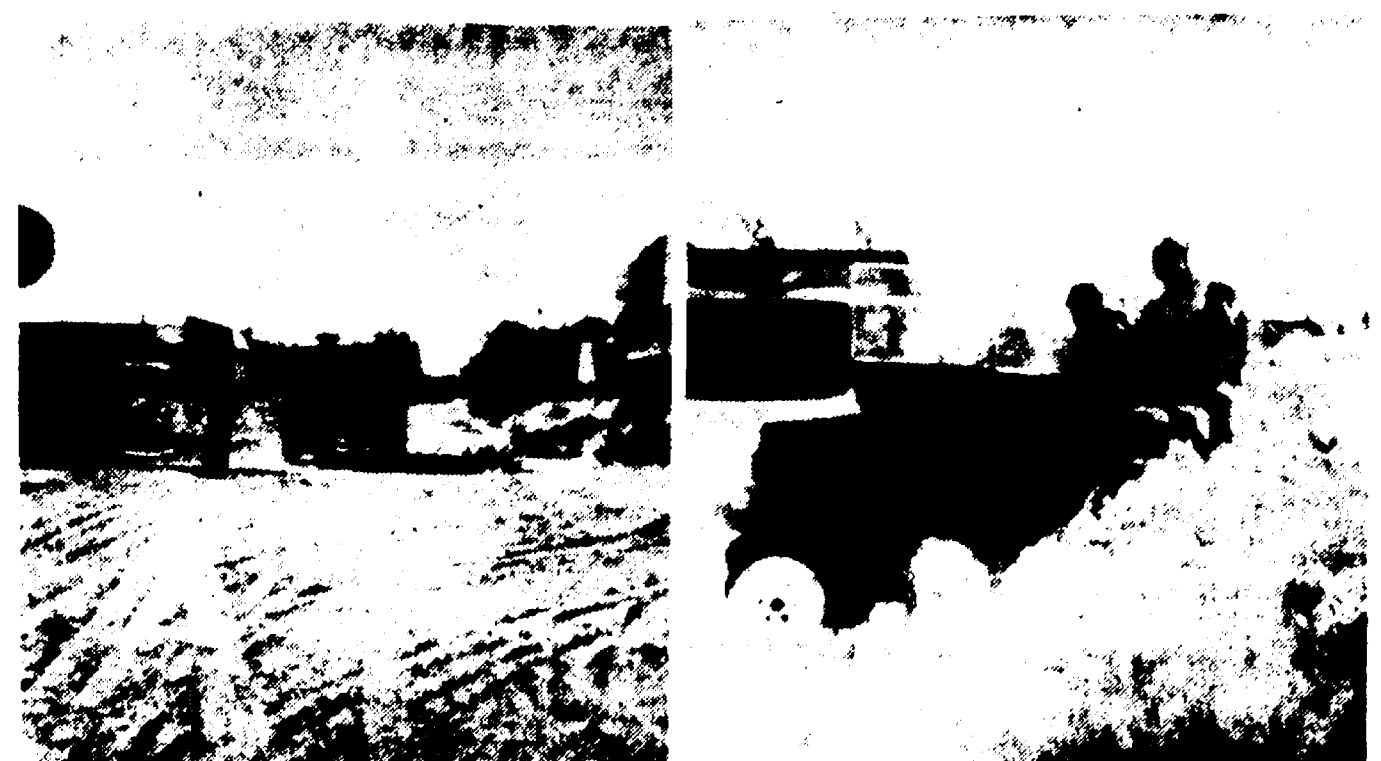

**ROBERT C. ACKLEY**  
Candidate for Trustee, 2-year term, lives at 379 West Main. Has lived in Pinckney past 20 years. Has three children.

**JULIUS ASCHENBRENNER**  
Candidate for Trustee, two-year term, lives at 338 Howell Street. Has two daughters. Is employed in Ann Arbor. Pinckney resident nearly 40 years.

### "Big Snow" Staggers Pinckney

M-36, being a state highway, was first opened up following the heavy snowfall last Thursday and Friday, by the State Highway Department. Once opened, Louis and Ronnie Wellman, using their heavy excavating equipment, and many residents living nearby, played a big part in the snow removal project throughout the village.

On Friday, Tom Davis and Paul Gunderson from the Hell Creek Horse Stables made it into town for supplies. They claimed it was not too difficult traveling when using a tractor for transportation.

## Mihut-Van Slambrook Vows Pledged

MRS. NICHOLAS MIHUT

The Pinckney Community Congregational Church was the setting Saturday evening for the marriage of Janet Elizabeth Van Slambrook to Nicholas Mihut. The Reverend William Hainsworth performed the candlelight ceremony that was most impressive before the huge indirectly lighted cross above the Church's altar. White gladioli and mums were placed on the altar and a lighted taper adorned each window of the sanctuary. The brides aisle was resplendent with satin rope held at each pew with artificial floral arrangements. A reception at Woman's City Club in Ann Arbor followed.

Parents of the couple are Mr. and Mrs. Daniel Mihut of 1251 Darwin Road, Pinckney, and Mrs. Daniel VanSlambrook of Detroit, Michigan.

**SNEDICOR'S  
CLEANERS**  
IN PINCKNEY  
WEDNESDAY and  
SATURDAY  
220 So. Michigan Ave.  
Howell Ph. 331

The bride wore an ivory gown set with Empire bodice. A band of pearls and sequins accented the A-line skirt which fell into a chapel length train. Her fingertip, bouffant veil of French illusion was held by a head piece of seed pearls. She carried a cascade of green cymbidium orchids on a white Bible.

Mrs. David Mark, friend of the bride, was her Matron of honor. The bridesmaids were Mrs. Lawrence VanSlambrook of Royal Oak, Miss Mary Anne Chetu of Lincoln Park, Mrs. Michael Goodwin of Ann Arbor, and Miss

Chickie Vanson of Belleville. Their floor length, Empire dresses were fashioned with ivory A-line crepe and olive green velvet bodices. The five attendants carried green cymbidium orchids. Best man was Mr. Carleton Stewart of Ann Arbor. Mr. Gordon VanSlambrook of Chicago, Illinois, Mr. Lawrence VanSlambrook of Royal Oak, brothers of the bride, Mr. George Cletu of Lincoln Park, and Mr. David Mark of Ann Arbor seated the guests.

Masters Johnny Touseley of Pontiac, and Gary Clark of Gre-

**ALICE GRAY, VILLAGE CLERK**

### Letter To The Editor:

Letter to the Editor:  
The Hilakers have had another bout with the "Weatherman." Again "was frustrated, at least within the area of the Association. We don't mind a "Just now" and then with old "Whitebeard" but he don't need to take it out on the entire state just to get even with the Hilakers.

Two years ago the Hilakers planned a skating party and Old Man Winter, on the day of the party, donated several inches of snow. The Hilakers thumbed their nose at him and held the party anyway. A year ago the Hilakers planned another party and the Old Man counteracted with a howling gale in addition to the snow on the night of the skating party. They held it anyway and utilized his raging wind to propel the skaters lather and yon about the lake.

This year, thinking that it gory, dressed in formal attire as the other men attendants, were ringbearers.

Misses Nancy Down of Pinckney and Mary Sue Coop of Ann Arbor were flower girls. They wore identical olive green, velvet dresses.

For her daughters wedding and reception Mrs. VanSlambrook was gown in a pale blue lace and textured linen ensemble with hat and shoes of matching color. Mrs. Mihut wore a light beige brocade dress with matching accessories. They wore corsages of cymbidium orchids.

Mr. and Mrs. Lawrence VanSlambrook were soloists, and they sang one duet. They were accompanied by Miss Mary Lee Aschenbrenner. Mr. VanSlambrook sang the "Lord's Prayer" during the ceremony.

The newly weds will honeymoon one week in Las Vegas, Nevada. Mrs. Mihut chose a light beige wool suit with matching accessories for the flight. After March 8 the couple will be home at 2335 Fernwood, Ann Arbor.

Mrs. Mihut manages a Marilyn Marks Hairstylist Salon located in Huron Towers, Ann Arbor. She studied in Ann Arbor and Detroit and taught cosmetology at Giv Cary Beauty College in Ann Arbor prior to her present employment. She is a Pinckney High graduate.

Mr. Mihut is employed by the Cadden Paint Co. in Ann Arbor. He received executive Retail and Management training and attended Cadden Color School Training Program. He is a Coadley High graduate.

might pacify the Old Man, they refrained from planning a party. This, evidently, was an "out-rage." At least the Old Man gave "out" with a "raging" blizzard, dumping a foot or more of snow over the entire lower half of the state and then piling it up here and there in four foot drifts.

Evidently Old Man Winter had not bothered to read "The Chanticleer", so he did not know about the "Hilapoa King", a road grader that doubles as a snow plow in the winter.

Early on the morning of the storm, it being February 25, Pat Pattison, the president of the Association, took one look out of his window and knew that the "King's" hour had come. Would the rusty steed be equal to the task. He forthwith donned his winter rigging and sallied forth.

After a little coaxing, the "King" came to life, and from around seven in the morning, while the storm was still raging, until three in the afternoon, it snorted, panted, puffed, bucked, and roared over the four miles of roads within the Association area. In some places on Weiman, Riverbank, Centerline, and West Shore, the drifts were four feet high.

By three o'clock all roads had been plowed, but the storm still continued, and the next two hours were spent in back tracking snow that had accumulated since early morning. By this time "Pat" was "pooped" and sent out an SOS for relief. Herbert Bowles responded, took over and finished the eventful day, at least on the lake.

When Herb took over he was informed that one of the hydraulic controls was not working properly, and if he finished in time, would he take it into Pinckney and have it corrected. This he attempted to do, but on his way to Pinckney he found that the county plow had not been

through and several cars were stalled at he Davis corner which made it impossible to continue, and that is where the "King" spent Thursday night.

Friday, after the road had been cleared, the journey was continued, repairs made and the "King" returned to the lake Friday afternoon. Most of Saturday Herb Bowles spent going back over the roads and taking care of the drifts that had accumulated Friday.

It is reasonably safe to say that Hiland Lake, Inc., was the first community of its size that had its roads cleared so quickly after the storm hit.

Early Thursday, while the storm was raging, two persons had to be taken to the hospital. In one of these cases, as Pat was making his first trip at the end of a road, a woman rushed out and informed him that some one was ill within and had to be taken to the hospital. Help was called and the fact that the road had been plowed made it possible for the patient to make the trip. Ten hours later and neither one would have made it, because by that time the road to Pinckney was impassable.

A number of venturesome ones made it out to Pinckney early Thursday but some of them had to leave their cars there Thursday night while Clare Ahlstrom utilized his "all weather" vehicle to return some of them to their homes in Hiland Lake.

"Long live the King", and in behalf of all of us, our sincere appreciation to Pat Pattison, Herbert Bowles and Clare Ahlstrom, and any others who helped out on this memorable occasion.

But remember, without the Hiland Lake Property Owners Association, it would not have been possible. And ALL residents on the lake received the benefit, whether dues paying members or not. Surely, the volunteer members can justly be proud of their Association and BEAUTIFUL HILAND LAKE.

S. B. Henry, Editor  
Hilapoa Chanticleer

### Obituary

**HAROLD LARUE MORAN**

Harold LaRue Moran, age 69, died February 28, in Detroit. Funeral services were held Monday at a Detroit funeral home with burial taking place in the Pinckney Cemetery.

Mr. Moran was born and raised in the Pinckney area. Date of his birth is August 7, 1895. He was a life member of the Pinckney Livingston Lodge, No. 76, F. & A. M.

Surviving is his wife, Mrs. Nida Lasher Moran; one son, James, of Farmington; one sister, Mrs. Fred Teeple of Howell; and one grandson, Billy, of Farmington.

## ★ MICHIGAN MIRROR ★

**NEW TURN**  
Public sentiment appears to have turned full circle in Michigan where income tax is concerned, if organizational voices are any true indication.

Several groups, most notably perhaps the state Farm Bureau, are now supporting and even urging enactment of a statewide tax on incomes where in previous years they were the loudest opponents of such an idea.

On the local front, the recent favorable vote on the Sag-

inaw city income tax was urged by nearly every major civic organization there.

In the Saginaw case, as is being discussed in the Capitol chambers, the tax was coupled with a fiscal reform program. Some other area of taxation was removed or reduced.

Whether the Republican governor and the Democratic Legislature are able or willing this year to agree on a fiscal reform program including a personal

income tax remains to be seen. One thing is certain, however. Legislators and an increasing segment of the general population have become aware that the surplus-deficit ups and downs will continue under the present tax structure.

Demands for and the rising costs of expanded state services are not likely to end in the future. At the same time, existing forms of taxation are not likely to meet the built-in rise in spending.

With farmers and school officials lamenting that property tax rates have reached beyond reasonable limits and businessmen claiming an unfair method of taxation in the business activities tax, the group supporting tax reform via income tax grows larger almost daily.

If a tax revision program ever reaches the floor of the Legislature in the present two-year reign of the Democrats, it can be expected that many Republicans previously opposed to it will be voting in favor of it.

### PROFITABLE AID

Relatively little is ever seen or heard publicly about one division of the State Department of Public Instruction, perhaps because it serves a comparatively small portion of citizens.

The vocational rehabilitation division provides both the mentally and physically handicapped with diagnosis and treatment to remove or reduce the disability. Most of the persons in the division's programs are adults.

Diagnosis and counseling for appropriate job goals, retraining for a skill, job placement and follow-up are other functions of this government unit.

An average of 4,400 individuals a year are being restored to productivity under programs of the division. Spokesmen say this number is only about one-quarter of those who could be served, if funds were available.

Department officials say around 12,000 persons 16 years or older are newly disabled or reach this employable age with prior disabilities each year.

Lack of funds has resulted in an additional accumulation of a backlog of disabled persons in the state.

Department spokesmen contend that full use of Federal funds, which are available on a modified matching basis, would enable this division to serve all the annual new cases and cut into the backlog.

### POOR EQUIPMENT

Compulsory vehicle inspection is once again before the Michigan Legislature.

Opposition to it in the past has seldom been made clear, but the proposal has failed to gain sufficient support in several attempts.

Now, as public officials urge trying anything and everything to reduce the constant increase in traffic accidents, this aspect would appear to bear watching.

A national survey has shown about one car or truck in six in use is unsafe. Michigan officials say the state's various voluntary vehicle safety check programs indicate a similar rate here.

Unsafe vehicle tallies in states where the inspections are required have been known to run as high as 40 per cent. It appears the people who conscientiously keep their cars in good condition are also generally those willing to volunteer for safety checks.

Voluntary safety inspection programs were carried out last year in about 130 communities. The mechanics of operating a compulsory program have been one deterrent to legislative approval in the past, but the near future may bring about a comprehensive plan to overcome this objection.

## New Weed Controls Recommended by Extension Director

Several new recommendations for weed control on field crops have been unveiled.

The recommendations include herbicides or herbicide combinations for weed control in corn, field beans, sugar beets and potatoes, says Duane Girbach, Livingston county Director.

For corn, the combination of atrazine plus linuron (Lorox) and one pound of active ingredient of each per acre is being added to the recommended list. This combination must be applied pre-emergence.

The atrazine plus linuron combination reduces the possibility of soil residue problems with atrazine and also reduces the possibility of damage to corn with linuron.

In research plots, the combination has given weed control equal to that obtained with atrazine alone at two pounds of active ingredient per acre.

The county agent notes that the atrazine-linuron combination is not available commercially as a mixture; therefore, the materials must be mixed in the sprayer by the applicator.

We suggest that growers try this combination on limited acreage only in 1965. Again, these materials are not available commercially in a mixture and therefore must be mixed in the sprayer.

For potatoes, linuron (Lorox) is recommended for 1965 at the rate of two pounds of active ingredient per acre. This should be applied late pre-emergence, after weeds have emerged but before potatoes emerge.

### DEBTS AND TELFARM

Every farmer should evaluate his financial position at least once every year. The most common and accurate way of doing this is by making up a financial statement, which always lists three things: (1) the assets, or things you own; (2) the liabilities, or debts you owe; and (3) the difference, or net worth. In the Telfarm program an annual statement is one of the by-products of the annual income and expense records that are kept.

Once an initial start of assets on the farm are made they are kept up to date through the daily purchases and sales you report in the same way your debts position is kept to date through the reporting of debt payments and additional borrowings. The end business analysis summary with its financial statement then provides an excellent background for evaluating your financial position and progress. As an additional guide in financial management a flow of funds statement is produced which provides guidelines for planning the future needs for cash in the farm business and the home and where this cash will come from.

The financial statement and flow of funds statement are two of the many benefits received from participation in the TELFARM program. Others include the farm business analysis statement, enterprise records, family living records, and a completed income tax depreciation

8. Teacher Consultant

The Governor has requested \$1,500,000 in his budget to help pay for such services.

Fiscal Reform has certainly been receiving its share of attention in the newspapers lately. Neither the Governor nor the majority of your Legislature is ready yet to tackle the problem, in my opinion I will report to you an any significant changes in the discussion.

schedule. Your County Agricultural Agent will be pleased to explain the details of this program to you.

## Report From Senator Dunn

### Double Exposure

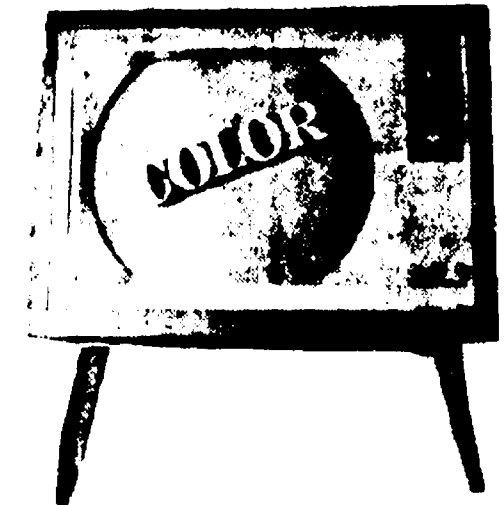

A Dog Racing Bill was introduced in the Senate this week. It would provide for eight tracks scattered throughout the State. These tracks would be under a roof, so dog racing could be carried on all year. I have received several letters concerning this already. If you have any opinions on this subject, please write to me.

An auxiliary school services bill for parochial students was introduced in the Senate. The school lunch program and school bus transportation are two examples of auxiliary school services that have been available by law to all school children on an equal basis.

In some school districts, auxiliary services are made available to all children on an equal basis whether they attend a public or a non-public school. In perhaps a majority of districts, however, these services are provided only to children attending public school.

This bill will provide that the following items be made available to all students by your local public school district or health department:

## NOTICE OF MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by LAWRENCE JAMES MCARTHY and EILEEN J. MCARTHY, his wife, of Brighton, Michigan, to NATIONAL HOMES ACCEPTANCE CORPORATION, an Indiana corporation, dated the 10th day of January 1961, and recorded in the office of the Register of Deeds for the County of Livingston and State of Michigan, in Liber 386 of Mortgages, on page 250, on which mortgage there is claimed to be due, at the date of this notice, the principal and interest, the sum of EIGHT THOUSAND SIX HUNDRED EIGHTY ONE and 14/100 DOLLARS (\$8,681.14). And no suit or proceedings at law or in equity, having been instituted to recover the debt secured by said mortgage, or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Friday, the 26th day of March 1965, at 10:00 A.M. Eastern Standard Time, said mortgage will be foreclosed by public auction, to the highest bidder, held at the West front door of the Court House in the City of Howell, Michigan, that being the place for holding the Court in the County of Livingston and State of Michigan, for the purpose of selling the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, together with interest thereon, and the costs, charges and expenses, including the attorney's fees allowed by law, and also any sum of money which may be due to the undersigned necessary to protect its interest in the premises. Said premises are described as follows:

All that certain piece or parcel of land situated in the Township of Green Oak, County of Livingston, State of Michigan, described as follows, to-wit:

Lot No. 98 of the Willow Subdivision No. 2, being a part of the N. W. 1/4, Section 5, T. 1 N., R. 6 E., Green Oak Township as duly laid out, platted and recorded in Liber 8 page 48 of PLATS, Livingston County Records.

Dated at Detroit, Michigan, March 4, 1965.

A boy from Switzerland and a girl from Montana find reality amid the glitter and excitement of the New York World's Fair

"World's Fair Encounter" will be shown at Pinckney High School on Friday, March 26 at 7:00 p.m.

"WORLD'S FAIR ENCOUNTER" is based on the story of two young people who actually visited the Fair during the first season of its operation. Pamela Baird, a Walt Disney national talent contest winner, whose career has included feature roles in a number of major studio productions and numerous top-ranking television productions, plays the role of a graduate nurse from Montana. Jean Luc Ray, making his acting debut, portrays a Swiss French exchange student who is enrolled as an architect major at a New York University. The encounter of these two young people and their growing friendship during a day at the Fair, is the vehicle through which film viewers are at once entertained, informed and inspired.

The culture and heritage of many of the world's communities are emphasized by visits to a number of the colorful international pavilions and exhibition areas. Particularly noteworthy is a sequence filmed in the Belgian Village, one of the more recently completed Fair areas which preserves the charm and "old world" atmosphere of the European Continent. Another unusual sequence was filmed in the Spanish Pavilion where the Ballet Lorca from Barcelona staged a special routine for the World Wide Pictures' cameras.

The United States Pavilion with its challenges and the Illinois Pavilion's treatment of the life and times of Abraham Lincoln are featured settings in the development of the contrasting backgrounds of Dorothy, the American girl from Custer, Montana, and Eric, the Swiss student from Geneva.

The story climax takes place in

**STATE OF MICHIGAN**  
In the Probate Court for the County of Livingston.  
In the Matter of the change of name of: NANCY IRIS LEMAIRE.  
At a session of said Court held on February 12, 1965.  
Present, Honorable FRANCIS E. BARRON, Judge of Probate.  
Notice is hereby given that the petition of Nancy Iris Lemaire praying that her name be changed to Nancy Iris Hayward, will be heard at ten A.M.  
It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively hereof for three weeks consecutively previous to said day of hearing, in the PINCKNEY DISPATCH, and that the petitioner cause a copy of this notice to be served upon each known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, and on personal service at least five (5) days prior to such hearing.  
FRANCIS E. BARRON  
Judge of Probate.  
A true copy.

## National Wildlife Week to Study Problems of Water Pollution

Water, America's most vital natural resource, will be the center of attention during National Wildlife Week, March 14-20. Members of the National Wildlife Federation and its affiliated organizations in 49 states are asking every citizen to join them in efforts to insure enough clean water for America's present and future needs.

"By 1980 - only 15 years from now - America will need 600 billion gallons of water each day," reports Walt Disney, Honorary Wildlife Week Chairman. "By the year 2,000, we will need a trillion gallons daily. It would take a tank car train 600,000 miles long to haul it. But unless we can find an economically feasible way to convert salt water to fresh, hydrologists estimate our maximum fresh water supply then will be only 650 billion gallons a day."

The famous movie producer who is serving his tenth consecutive year as Wildlife Week Chairman emphasized the fact that with this increasing demand for fresh water, the only answer in filling future needs will be to re-use existing water supplies. "Some authorities say we will need to re-use our water six times by 1980," he said. "This is the reason water pollution control is the most important conservation problem in America today."

Wildlife Week state chairmen throughout the country have received more than 400,000 leaflets, booklets and news release materials to assist them in public observation of the annual event. Federation officials are urging a three-pronged attack to "Fight Dirty Water." First, we must invest more money in city and industrial water treatment plants. Second, more research to find better ways to treat water so that it can be re-used to meet growing needs. Third, support of strong anti-pollution laws on the national, state and local levels.

National Wildlife Week, sponsored by the National Wildlife Federation and its state affiliates, has been held each year since 1938. Previous themes have focused public attention on such conservation problems as Florida's key deer, the prairie chicken, wetlands preservation, endangered wildlife, multiple use of public lands, chemical pesticides and outdoor recreation.

The Billy Graham Pavilion where the wide-screen motion picture, "MAN IN THE 5th DIMENSION," makes its impact on the film's principals. This is the TODD-AO and Technicolor subject which has been playing to capacity audiences that visit the Pavilion throughout the day. The young couple's impressions of the unusual cinema presentation become a symbol of the actual response by thousands who have found spiritual meaning and purpose to life amid the glitter and excitement of the New York World's Fair.

## 'Big Brain' Put To Work On Traffic Woes

Michigan has put its "big brain" to work and the hopeful long-range result is that it will ultimately help to solve Michigan highway accident problems.

The "brain" in this instance is the new 4-ton GE-415 computer, which has been activated by the Michigan Department of State.

According to Secretary of State James M. Hare the giant electronic brain will handle many of the regular chores of the Department - financial accounts, branch office operations, watercraft. But in addition, its most important function over the "long haul," says Hare, will be the important information it will be supplying in the vital area of highway safety.

First job the giant computer will tackle will be to convert the records of 300,000 motorists who are labeled as "problem drivers" - drivers who have reached the seven point level or above.

Hare said his "computer team" had already begun the "tremendous task" of converting driver records to the electronic processing. We have converted 10,000 driver records by using a similar computer in another state agency and on our former computer," Hare noted.

The new computer has already begun its work on behalf of traffic safety by printing some 500 warning letters daily to drivers who have hit the seven point level.

Target date for conversion of the entire problem driver file is July 1. When it finally is converted magnetic tape, it will take less than 1 1/2 hours to completely update the file on a daily basis, Hare said.

He said that if appropriations are available the entire central drivers' file of more than five million records will be converted to a computer operation. "But this is a long way in the future," he said.

"Once our files are completely converted, we'll have access to detailed data which should give us some real insight into our traffic problems," Hare said. "This information which is not available because it would take a good deal of time to dig it out of our files - is impossible for our staff to handle."

## State Police Report

State Police officers made 14,336 arrests in January, 13,060 of them for traffic offenses and 1,246 on criminal complaints, according to the department's activity report.

In addition, 323 juvenile traffic offenders were arrested and 386 delinquent and two wayward minors were apprehended.

Troopers assisted 9,933 motorists, investigated 9,128 cars, issued 19,890 oral warnings to drivers and made 18,080 property and 2,999 liquor inspections.

Department vehicles traveled 1,581,521 miles, of which 1,014,505 were on traffic patrol and 567,016 to investigate criminal and other complaints.

The identification bureau received 11,548 sets of fingerprints, of which 6,327 were criminal and 5,221 noncriminal. Twenty-four wanted persons were identified.

Of 2,135 applicants for permits to carry concealed weapons, 197 were identified with criminal records through their fingerprints.

The scientific crime laboratory conducted 696 examinations, of which 518 were on questioned documents, 89 on fingerprints, 34 botanical, 18 shoeprints, 14 on tool markings and 23 miscellaneous.

Laboratory assistance included 50 for State Police posts or other departmental unit, 72 for municipal police, 11 for sheriffs and nine for other local, state or federal agencies.

The fraudulent check section received and processed 185 bogus checks, identifying 91 of these through name or previous specimen files.

February traffic deaths in Michigan numbered 103 which was 55 or 33 per cent less than the record high of 158 for that month set last year, according to State Police provisional figures.

This was the fourth month in a row to show a reduction compared with the same month a year earlier. Undoubtedly contributing to the February decrease was the big snowstorm late in the month which drastically curtailed vehicle travel. However, excluding the 1964 mark, the February toll was the highest for that month since 1961.

February's averages were 101 for the 10 years of 1955-64, and 100 for the five years of 1960-64. In 32 years of record keeping, February tolls have been below the 100 mark 20 times and above it 12 times, the average for the period being 96.

The provisional two-month toll of 246 this year is 82 or 25 per cent less than 328 in the same period last year. Delayed death reports will raise the count somewhat. Such reports raised January's provisional of 136 to 143.

## Poor Roads in Michigan Cost Money, Says Hare

Michigan's horrible fatality and accident record over the past two years, worst of any of the highly industrialized and heavily populated states, is hitting the ordinary motorist in a "pretty sensitive spot . . . his pocketbook," according to James M. Hare, chairman of the Michigan State Safety Commission.

"These lamentable statistics have spawned a costly by-product . . . more than \$1 - million a day in accident costs which have brought about a general increase in car insurance rates," Hare said.

"The ordinary motorist doesn't seem to understand that he is the one who is footing the bill in our headlong rush toward the bloodiest highway record in the country. If he doesn't think he will become involved in a fatal or personal injury accident, and many persons feel this way, perhaps we can get him concerned over something that is a more tangible . . . the heavy economic loss caused by highway accidents and what they are costing him personally."

Hare said Michigan's increase was more than twice as high as the national average of 17 per cent during the same period. Michigan rated fifth in total deaths during 1964.

While Michigan's total deaths were high, it did not appear among the top states in either death rate per population or in deaths per miles driven. The state's 25.8 deaths per 100,000 population ranked it 32nd nationally, while it was 30th with 5.4 deaths per 100-million miles driven.

Mar. 10 U. S. Grant appointed General of Union Armies, 1864.

Mar. 12 - Juliette Lowe founded the Girl Scout movement, 1912. The Truman Doctrine was announced 1947.

March 13 - Austria had revolution in Vienna, 1848. Standard Time started in U. S. 1884.

**DID YOU KNOW?**  
The Romans named the Mediterranean Sea from the Latin "Mare Internum", meaning middle of the earth . . . Mount Washington is the highest peak in New Hampshire, 6,288 feet . . . Ann Pamela Cunningham started the Mount Vernon Ladies Association of the Union, 1853.

The group bought George Washington's estate from his great-nephew, John A. Washington, after the U. S. and Virginia refused to purchase it. Price was \$200,000 and if this had not happened it would not be in its present state for Americans to visit . . . Carthage, one of the great cities of ancient times, began in 846 B. C. on the African coast near Tunis . . . Citizenship Day was originally "I Am An American Day" in 1940. In 1953 it was changed from the third Sunday in May to Sept. 17th, the day on which the Constitution was signed in 1787 . . . The western part of Netherlands is below sea level.

## BRIGHT IDEAS

**FOR RECESSED LIGHTING**  
Recessed lighting can meet every home lighting need. For general lighting, it creates a harmonious background for your rooms, reducing bright and dark contrasts. A series of incandescent downlights will both play up a wall and give an illusion of depth to draperies.

When sewing, reading, or doing other close work, you need a local light. Especially effective is a recessed fixture, equipped with a Sylvania lamp, for a soft even spread of light.

Accent lighting dramatizes focal points. Recessed "eyeballs" throw a pleasing oval pattern of light on paintings, china, and flower arrangements.

## Hamburg Township News Notes

By Jeanne Knipple - UP 8-9720

The Rev. Carl Welser was installed as pastor of St. Paul Lutheran Church Sunday. He succeeds the Rev. Luther Krieff, who is now serving the Lutheran student congregation at Princeton University. The Rev. Arthur Spomer, pastor of a new Lutheran Church serving northeast Ann Arbor, addressed the congregation. The rite of installation was conducted by the Rev. G. P. Dodder, pastor of St. Paul's.

Mrs. Ellen McAfee, daughter of Leslie, with Mr. and Mrs. Duane Waterbury and family were dinner guests of Mr. and Mrs. Philip Hudson in Detroit a week ago Sunday.

Danny Clark and Diane Endre were honored at a birthday party given at the home of Mr. and Mrs. Richard Endre a week ago Sunday. Among those present to extend best wishes were Mr. and Mrs. Donald Endre, Mr. and Mrs. Bob Clark, Mr. and Mrs. Kenneth Johnson, Lorretta Clark, Mr. and Mrs. Dave Taylor and the John McDermotts.

Mr. Robert Edwards underwent surgery for a ruptured disc at Detroit Osteopathic Hospital Friday. For friends wishing to send cards, his room number is 312.

Mrs. Horace Jones has been visiting with her mother in Owego, Ky. Her mother has a blood clot and is seriously ill.

One hundred and twenty people attended the Blue and Gold Banquet for Cub Pack 57 held at the Hamburg Fire Hall a week ago Tuesday. Guests present were Mrs. Kelly, representing the Hamburg P.T.A., sponsors of the pack, and Mr. Spears of Brighton. The cub pack desperately needs donations for the coming year. Any interested mother may contact Mr. Morton Scott, leader.

Mrs. Robert Noser was the recent guest of her daughter and family, Mr. and Mrs. James Litherland in Chicago.

Peter Lamb, grandson of Mr. and Mrs. Pete Reinger, celebrated his 16th birthday the 20th visiting friends in Detroit.

We are sorry to report that Ruby Cook, substitute organist at St. Paul's, has suffered a stroke and is in St. Joseph's Hospital.

After two hectic days' delay due to the storm, Jane Stenke left Sunday from Metro Airport by astro jet, bound for Chicago. From Chicago she was scheduled to fly by jet to Kansas City, where she will complete her airline training. A week ago Saturday Jane was delightedly surprised with a going away party given by her sister Judy. Several of her high school friends attended.

The Pinocchio Club No. 1 will meet Wednesday night at the home of Mrs. Bernice Baker at Fern Land.

The Honorable Gladys B. Lee, recently enjoyed a weekend visit with Helen Packard, postmaster of South Haven. A week ago Wednesday, as a guest of Alice Amot, she attended the Brighton B.P.W.'s Club dinner at the Canopy and the meeting held later at the Brighton State Bank.

The St. Patrick's Girl Scouts will honor their fathers at a breakfast to be held after the 8:00 o'clock Mass March 7th. For reservations contact Mrs. Leon Baginski at AC 7-4632.

Orders for Girl Scout cookies are being taken until March 13th. Delivery will be about April 26.

The annual Court of Awards for all Girl Scouts in the Huron Valley area will be held March 12th, at 7:30 p.m. at the Brighton High School.

Happy birthday wishes this week to Sharon Woods March 4th, Helen Knipple March 7th, Susie Bennett and Tina Suter, March 19th.

Scott Smith, Fowlerville  
22—Phyllis Huff, Howell

## Around Bishop Lake

E. C. Schroeder 227-3420

Ah! A taste of "Home" — night in my own doorway! Sign! I should feel apologetic. I suppose, because, as most of the populace looked outdoors with amazement and alarm on Thursday morning, I went from window to window, grinning like the cat that ate the canary!

The familiar world was magically transformed into the interior of the glass paper weight sold in novelty shops — and someone was really shaking this one! Visibility — Zero.

The dear old North Wind tried so hard to paint a decent snow scene — even called on West Wind to help stir things up a bit. They had to clear the ground in spots to make a decent pile of snow, swirled into picturesque peaks. They finally managed to transform our world into a giant sea of meringue. (The weekend tried to transform it into a sea of mud and water!)

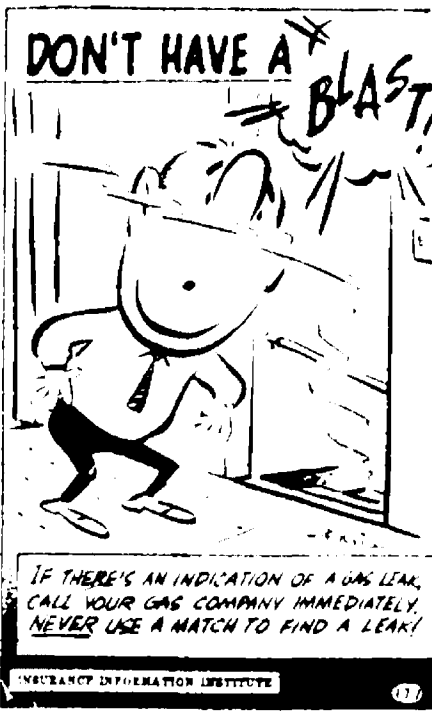

The Mark Mattessons didn't stay to see our winter blow in. They are basking in the warmth of Florida.

John H. Schroeder, ATWAN, called home Monday night to report that he was being transferred NORTH. How much farther north can one go than Newfoundland? Back to Iceland! If you want to console the young man, his address is VW-13, Navy 568, c/o F. P. O., New York, New York — 09597.

The John C. Schroeders visited the Paul Baetz' of Southgate early in the week.

Mr. Walter Van Uwen is recuperating from a broken wrist which he suffered last weekend when he slipped on the stairs.

So — Outside of news on road conditions (the snow did everything but fill the chuckholes), lack of milk and paper deliveries, school closing, and general gripes, this is it for this week!

## Pinckney People

Mr. and Mrs. Elmer J. Phelps and family of Wabash, Indiana spent the weekend at the Phelps farm where the personal property of the Phelps estate was sold at an auction on Saturday. The have purchased the farm which has been in the family many years from the remaining heirs and have hope someday to be able to come back to Michigan and live on the farm located on Carter Road, between Stockbridge and Danville.

While here the Phelps family spent some time visiting Mrs. Phelps' parents, Mr. and Mrs. Roy Campbell.

"If you lived out here you would not have a snow problem!" That is what Mr. L. J. McKinley writes from his winter home in Santa Barbara, California. He continues saying that the weather has remained in the 75 to 85 degree mark. (We can't say the same for Pinckney, can we?)

Mr. and Mrs. Don Oloski took their family to Frankmunh Bavarian Inn Sunday for dinner. Mr. and Mrs. Jack Crum, who lived in the Pinckney vicinity for many, many years, are now sharing the same room at Shorewood Hall, a convalescent home in Royal Oak. This arrangement made it convenient last month when the couple celebrated birthdays. Mr. Crum's, on the 17, (he was 81) and Mrs. Crum's on the 26, (she was 71) "Happy birthday" — a little belated—but sincere!

## Tim Umstead,

Welton Chamberlain, leader of the local "Crystal Oscillators" 4H group, announced today two members, Tim Umstead and Lowell Parkins have passed the required "code test." The boys are now able to read five words per minute by Morse Code. They have now sent requests to Federal Communications Commission for novice class examinations that, if passed, will allow the boys to "go on the air."

Leader Chamberlain took the group into Ann Arbor last Saturday and the boys spent time browsing through a radio supply shop. The boys made several purchases of supplies to complete projects they have partially done for achievement day. The boys will each enter three projects.

Many residents have been generous with donations to this club. "To begin with we are most grateful to Mr. Russell for the use of the building we call our club house." Mr. Howard Thayer donated many radio parts and a radio power supply. Mr. Marvin Shrey also gave various radio and TV parts.

Club president, Tim Umstead says "We can use any and all radio parts and would be grateful to persons for donations." He adds, "If anyone has parts to donate to this electronics club, please call 878-3467 and one of the members will make arrangements to pick them up at your home."

Members and officers of the club are Tim Umstead, president, Mike Parkin, secretary, Bruce Melby, treasurer, Nick Marsh, Mike Watters, and Tim Murphy.

## A Wee Bit Of Reminiscing

**5 YEARS AGO — 1960**  
An auto-train crash on Potteryville Road caused the death of Layton Harrison, 55, of 489 Crooked Lake Road, Brighton.

About 50 from Pinckney attended the DeMolay installation of officers at Brighton. Among them were Win Baughis, Don Van Slom Brooks, Alonzo Van Slom Brooks, Harold Henrys, George Engstroms, Clifford Haineses, Merwin Caneyells, Mrs. Asher Wylie and Mary, Mrs. Mildred Aekles and Margaret, Pat Scotts, Marvin Lights, and Earl Stanley.

Pirates ended the season with 109-41 loss to U. High. Marvin Shrey sold his home and lots on Mill Street to Parks.

and Edgar of Pinckney General Store. They will clear them and use them for parking area. The LaRosa children found a live caterpillar out in the snow. Born to Mr. and Mrs. Robert Bekkering of Howell, a son.

**20 YEARS AGO — 1935**  
The funeral of Sophia Hofenestran, 14, who died at U. of M. Hospital in Ann Arbor was held from St. Mary Church. The bearers were Charles Clinton, Marian Loderick, Del Bourlommans, Robert Richardson, Jack Reason, and Bill Meyer.

The Pinckney Community Hall was newly plastered and decorated and Joe Guman Orchestra of Detroit will play.

George Home moved from Fowlerville to the James Roche farm here.

James Doolittle broke his arm while sliding down hill Sunday.

John Hassenwald has rented the Henry Kice farm.

The Talbot Oil Co. has sunk a well 400 ft. deep on the McPherson farm north of Howell.

## Open Letter

An open letter to the people of the Pinckney community.

"During the long winter since I was first taken ill at the Pinckney Community School I have received so much from so many of you I wish I could take your hand and tell you how much your many acts of kindness, goodness, and thoughtfulness have meant to me."

"I should like to thank all of the administration of the Pinckney Community Schools and the Pinckney Community School Board for their words of recognition and appreciation for my years of working together with them. I always found them most cooperative and understanding."

"I want to express my appreciation and gratitude to all who remembered me in so many ways with cards, gifts, calls, letters, visits, and for the beautiful plants from my relatives and friends. A special thank you to the faculty of the Elementary School for their beautiful plan and refinement."

"May I also thank the parents for their helpfulness and cooperation as we worked together for the best interests of their children. I hope that each parent can believe that I always tried to do the best I knew how under the circumstances for each and every one."

"To have been a little cog in a big wheel, be it ever so unimportant to others, seems very important to the 'little cog.' When one suddenly finds that one is easily replaced it seems as if the whole world has suddenly slipped away and left you behind. After 34 years of teaching the routine of your life becomes so much a part of your personality that parting is most difficult."

"May I say thank you again for all your many acts of kindness and your friendship."

Sincerely yours,  
Dorothy Campbell

## County Accident Report

Livingston County Accident Report for the period Feb. 22 to

March 1:  
22 property damage accidents  
9 personal injury accidents  
0 persons injured  
0 fatal accidents  
30 cars involved

Seaman Recruit Donald L. LaBelle, USSN son of Mrs. Orla V. LaBelle of 910 W. M-36, Pinckney, Mich., graduated from recruit training Feb. 25 at the Naval Training Center, San Diego, Calif.

He learned basic military law, customs and etiquette, seamanship and a basic knowledge of ship-board routine.

Also included in the training was extensive military drill, first aid, swimming, water survival tactics and physical fitness.

## Care Club Panel

Four seamen wives, Marjorie Barker, Rochelle Radulovich, Catherine, and Susan D. Dwyer, presented an excellent panel discussion "How To Be A Teen-Ager" at the March 2 meeting of the Care Club at Pinckney High.

They brought out the idea, by clever dramatization, that many of the actions of the freshmen, as well as some of the upper classmen, reflect immaturity. If a teenager is really advancing in maturity, he doesn't need to demand attention by childish behavior, but can prove to have powerful influence on the making of a good school by acting and thinking in a more grown-up, thoughtful way.

A film on "Nursing" from the University of Michigan was shown at this meeting. Ten members of the members plan to enter a nursing career. One girl intends to become a doctor.

## Michigan Intangibles Tax

It is a pleasure to announce that our bank has again elected to assume the Michigan Intangibles Tax liability for all of its depositors. As a result, it will not be necessary for any of our customers to report any of their deposits with us on their Michigan Intangibles Tax return this year.

This tax which we have paid for our depositors every year since it came into effect, is in the amount of \$.50 per \$1,000.00 of deposit. Our bank also pays under the Michigan Intangibles Tax, a sum of \$5.50 per \$1,000.00 on our capital, which brings our total payment under this tax to over \$13,000.00.

This is another one of the McPherson State Bank's services to its customers, many of which go unrecognized, but which result in a saving to its depositors.

**McPHERSON STATE BANK**

## NOTICE ELECTRICAL ORDINANCE FOR LIVINGSTON COUNTY

The Livingston County Board of Supervisors at their February 16th, 1965 session, enacted an Electrical Ordinance for Livingston County, providing as follows and entitled:

**Electrical Ordinance for Livingston County**  
AN ORDINANCE for safeguarding life and property by regulating and providing for the inspection, the installation, alteration, repairing, servicing and maintenance of electrical equipment; to provide for the licensing and registration of Electrical Contractors and Journeymen Electricians; to provide for the administration and enforcement thereof; to provide for a Board of Electrical Examiners and its powers and duties; to provide a reciprocal arrangement for the recognition of examinations and licenses issued by other municipalities in the State of Michigan voluntarily cooperating in the enforcement of a similar ordinance; to provide a penalty for violations thereof; and to repeal all ordinances in conflict therewith.

Copy of said Ordinance on file in office of County Clerk available for inspection.

Effective date of the Ordinance April 18th, 1965, that being 60 days from the date of adoption by the Livingston County Board of Supervisors.

JOSEPH H. ELLIS,  
Livingston County Clerk

## SUNDAY SCHEDULE

9:00 to 9:30 A.M. Short Family  
Worship Service  
9:40 to 10:40 A.M. Church  
School, age 3 through adult  
11:00 to 12:00 Worship Service  
There is a care group for pre-  
school children during both wor-  
ship services and Church School.  
You are welcome at our wor-  
ship services and other events.

5:00 - 7:15 P.M. — Junior Fel-  
lowship for boys and girls in  
grades 5, 6, 7 and 8. Recreation,  
group activity, supper (35 cents)  
and Junior choir rehearsal (6:15).

7:30 P.M. — Senior Choir re-  
hearsal. Any adults or high  
school people who wish are wel-  
come to sing in the choir.  
Thursday, 9:00 A.M. — 12:00  
Noon — WORK MORNING at the  
Christian E. Jeat. Building —  
printing, scrapbook, and cleaning  
— especially for women. This  
has been changed from Tues-  
day because we ran into too  
many conflicts. If you can help  
this new time, come on over.

Wednesday, March 3 — Lent  
begins.

Friday, March 5 — World Day  
of Prayer.

## FIRST BAPTIST CHURCH

6235 Bickett Road

Morning Worship, 11:00 a.m.  
Evening Worship, 7:30 p.m.  
Wednesday Prayer Meeting  
7:30 p.m.

**STRENGTH FOR THESE DAYS**  
Now therefore, our God, we  
thank thee. — (1 Chron. 29:13).  
If we can gather the cour-  
age to say "Thank You, God,  
for everything!" when we ex-  
perience a trial or tribulation  
— and mean it — then we shall  
have taken the first step  
toward overcoming the diffi-  
culty. Every challenge is an  
opportunity to prove our faith  
in God and His goodness.

Your Choice

# THE WORLD

Strange sight? Not really! We're getting used to seeing pictures of our own  
earth. We're getting used to the concept of a universe instead of a world. We  
can believe that the moon's soon to become a landing place.

Does this familiarity with space — does our thrust into the physical un-  
known — make the basic facts of life and death any simpler to us? Certainly  
not! Man is in a peculiar position, today. The more he explores, the more vast  
he finds what lies ahead of him. The more he learns, the more he discovers how  
infinitely much there is to know.

More than ever before, man realizes how great the hand of God has been  
in fashioning this world, this universe, we live in. That's why people every-  
where — including scientists, astronauts, space pioneers — are men of religious  
conviction. Go to church this Sunday, and see for yourself.

## Your County

PAST PRESENT FUTURE

Before his subjugation by the white man, the Indian was king of Livingston County. After the white man took over his domain he found his tribes roaming and scattered into small, demoralized bands.

In the summer season Indians were quite numerous here. Most of them were from the tribe known as the Shawassee after that subdivision of the Saginaw Chippewas which occupied the valley of the Shawassee River to its headwaters.

A small band of Pottawatamie Indians lived in the southwest part of the county. The chief of these was a man called "Toag." One of the earlier settlers spoke of Toag as a "social old fellow who was on good terms with the settlers, though he would steal their potatoes."

Many years after the Pottawatamies had disappeared from the county, another early settler while traveling in Ohio was greeted by an old Indian who seemed very glad to see someone from his old "hunting

grounds." It turned out to be none other than Chief Toag himself.

Among the lakes of Hartland, there lived an old Chippewa named Shakaw. After the small band that he governed scattered, old Shakaw moved north to Isabella County and died there.

In Deerfield, on Indian Lake lived old Portabeek, a chief or head man of some grade among the Shawassee. He had a small following, also, but like Shakaw was afterwards a chief of only his own wigwam.

Another Indian, who was very well known in Livingston County as a bounty-hunter for wolf-scalps was Neome, a Chippewa and perhaps a lineal descendant of the earlier Neome, one of the principal chiefs of the Saginaws.

Northwest of the center of the county, on the farm of Ira Brayton in Howell township early settlers found, in 1843, some sepulchral mounds.

Elisha H. Smith, one of the men who found the mounds, described them in detail:

"They commenced burying their dead at the top of the mound, covering the corpse with earth. They then placed other bodies above this one, until the mound was several feet high. Several of these mounds have been opened for phrenological observation.

Their traits of character were found similar to those who lived here at the time of the settlement by the whites. They were buried with their heads in a southeasterly direction.

The Indians who lived here at the time the mounds were opened had no knowledge of them. On the exposure of the bones to the atmosphere they soon decomposed."

Some, who examined the place, believed that the presence of the mounds indicated the existence of an Indian village there at some remote period.

Others thought differently and the vagabond Indians who were living in this vicinity at the time knew nothing whatever about the matter.

## Engineers to Have State Highway Dept. Banquet Mar. 12 Wages War on Junk

"National Park Development" will be the topic of the next speaker to be heard by members of the Southeastern Branch of the Michigan Section of the American Society of Civil Engineers.

Mr. Johannes E. N. Jensen, Assistant Director (Design and Construction) of the National Park Service Branch of the U. S. Department of Interior, will speak on this subject at the annual joint banquet meeting of ASCE with its University of Michigan Student Chapter.

The 6:30 p.m. banquet at the Michigan League, Friday, March 12, will be part of the 1965 North Central Conference of Student Chapters. Other speakers during the day are University of Michigan Prof. John C. Kohl, Assistant Administrator of Transportation of the U. S. Department of Health, Education and Welfare, and Raymond G. Lawrence, Chief Engineer, Michigan State Waterways Commission.

Theme of the Conference is "Civil Engineering and Your Standard of Living."

Two Life Memberships Certificates will be presented at this banquet by ASCE. Recipients to be honored are Prof. Russell A. Dodge, 1233 Baldwin, Ann Arbor, and Walter A. Schultz, 2215 Teller, Ann Arbor.

General President of ASCE, Wallace L. Chadwick, was speaker at the annual meeting of ASCE — Michigan Section, held Feb. 6 at the Engineering Society of Detroit. The following Section officers were installed at this meeting: James Murray, president; Francis Widrig, 1st vice-president; Charles Curtis, 2nd vice-president; George Roschke, secretary; Adrianus Van Kampen, treasurer.

This meeting and dinner culminated a day of activities which featured a Sanitary Engineering Conference at the MacGregor Conference Center of Wayne State University.

ASCE SE Branch President Ray Russell announces great interest in the ten week "Soil Mechanics" refresher course which is currently being held under the co-sponsorship of the Southeastern Branch and the University Center for Adult Education (WSU-UM-EMU) at Wayne State. The sessions are being attended by more than 130 students under the leadership of Dr. John H. Lamb, professor of civil engineering at WSU.

Michigan State Highway Department officials are working on plans to keep in pace with President Johnson's crusade to beautify highways by screening junkyards.

Acting Highway Director E. Hill said today a detailed study will be undertaken soon to develop the most economical plans for shielding unsightly junkyards from the views of motorists using state and federal highways.

A survey made at the request of the U. S. Bureau of Public Roads revealed that at least 450 junkyards, most of them auto graveyards and many covering more than an acre, presently are marring the view of motorists using state roads.

In many cases, Hill said, the junkyards can be screened from the view of motorists by planting of trees and shrubs, but in some instances, other solutions must be found.

Federal funds are not yet available for this specific purpose, Hill said, but at a conference in Washington last week, it was indicated that swift action will be taken to eliminate "highway blight."

"Michigan will be prepared to take prompt action as soon as the problem is carefully defined and the program of remedial action is drafted," Hill said.

"Our emphasis in recent years has been to build highways. This has been the objective of the Bureau of Public Roads. Now that we have progressed toward accomplishment of this objective, we will devote more attention toward such problems as 'highway blight'."

There can be no single method of shielding junkyards from the view of motorists, Hill said.

Different means will be utilized in different places and in some instances, it may be necessary for the state to condemn the junkyard property in order to remove the eyesore.

Describing her ride in a friend's private plane, the young lady said: "As we went into a sudden dive, all my past sins flashed before me. It was so interesting that I made the pilot dive eight more times."

Constable: "Hey, miss, you can't swim like that. There's a law agin it."

Girl Bather: "Why didn't you tell me before I undressed?" Constable: "An't no law agin undressing."

## Michigan Leads in New Highway Construction

Michigan continues as a leader among the states in new highway construction, a Bureau of Public Roads report issued today reveals.

The state ranks second in two categories — miles of new highway completed and percentage of total program completed.

At the end of 1964, Michigan's 779.4 miles of new highway completed as part of the national system of interstate highways

was topped only by Texas' 1,087 miles.

But in percentage of total program accomplished, Texas, with 43 percent of its program completed, lagged far behind Michigan, which now has 73 percent of its planned 1,081.6 miles already open to traffic.

Oregon, with 79.2 percent of planned construction finished, passed Michigan in this category. In the Pacific Coast state,

however, one-quarter of the completed mileage was in improved roadway. In Michigan, only five of the 789.3 miles of total highway opened under the interstate system are in this category.

"As other states accelerate their highway building programs, we can expect that percentage rankings among the states in different phases of the program will change," Howard F. Hill, acting director of the state highway department said.

"By 1972, when construction of the interstate system should all be completed, everyone will be at the 100 percent completion mark," Hill said.

Unless we can find an economical way to convert salt water to fresh, America will soon run short of water, reports the National Wildlife Federation. By the year 2,000, the nation will need a trillion gallons per day, even though the maximum fresh water supply then will be only 650 billion gallons a day.

Boyle City, Mich. Citizens: "The job of modernizing the postal system is probably the reason that the post office department needs so many new employees. These goldarned automatic package smashing outfits are difficult to get into operation unless you have a lot of inexperienced help to get them started wrong."

## Confidence in State Indicated by 1964 Expenditure Report

Capital expenditures of \$1.8 billion were announced by Michigan industries during 1964, indicating industrial confidence in the future of the State, the Michigan Economic Expansion Council said today in presenting their 1964 report of the Michigan Department of Economic Expansion to Governor George Romney and the State Legislature.

The report, reviewed by the Council at its annual meeting two weeks ago shows 299 Michigan companies announced expansion plans last year.

Donald F. Valley, Detroit, the Council chairman, said the expansion programs announced by General Motors, Ford and Chrysler in 1964 exceeded \$1 billion to be spread over the next three years, indicating a continuing growth of industry and jobs for this period.

B. M. Conboy, executive director of the Department, said the side base of industry expansion, announced by companies other than the auto makers, reflects a broad attitude of confidence in Michigan's industrial atmosphere which will be a major factor in encouraging diversified industrial growth of the State. Many of these companies use Michigan's

Briggs Lake, Brighton.

**Signed: JIM MCGAHEY, Chairman**

natural resources, which means additional income for citizens in the agricultural, mineral, wood, chemical and construction industries, he pointed out.

Conboy estimated 125,000 new Michigan jobs will result from the expansions announced in 1964. 50,000 jobs will be directly in the companies involved, with 75,000 additional jobs created in service and ancillary areas.

Attraction of new industry is a very competitive business among the various states, Conboy pointed out, but favorable legislation in Michigan, plus availability of skilled labor and practical, well-developed plant sites have helped Michigan to maintain its position as a leading industrial state.

Industries requiring technically-trained personnel have been predominant in our growth," he continued, "which means our college graduates will find more opportunities at home in the years ahead."

"In the foreseeable future, our auto industry will continue to be the major influence on Michigan's economy, but with the national 'baby boom' coming of age, our ability to attract industrial growth, development of nationally recognized research facilities and diversity of industry are extremely favorable influences."

"State and local governments, business and citizens must continue to plan for industrial cycles, but the economic future of Michigan seems clear and bright."

The Department's industrial development program last year placed special emphasis on attracting additional research and development. Thirteen, two-man teams composed of Department representatives and private citizens made presentations of Michigan's research advantages to 38 electronic companies located throughout the country. As a result, several good prospects for future Michigan research installations have been developed. A similar drive is being aimed at chemical companies.

At the end of 1964, the Department was working with 38 companies interested in starting new plants in Michigan.

The Department also is working with Michigan communities and over 100 local industrial development corporations throughout the State to assist them in getting properly organized to develop new industry.

Most of the \$750,000 made available by the Legislature for research programs to develop new products and to aid economic growth has been allotted to Michigan universities and colleges for 13 projects approved by the Legislature and the Governor.

For the first time in several years, promotional activity to focus attention on Michigan's advantages for business and industry was carried on by the Department in 1964, the report said. The Legislature appropriated \$60,000 for this purpose and the money is being spent in cooperative programs with Michigan companies. This total program has developed several times the amount of advertising and promotion money which the State is spending. Advertising space in national and state newspapers, trade magazines, and on billboards, plus radio and television time, and direct mail are being utilized in the program. The Department cooperated in development of the Michigan Day program at the New York World's Fair on May 18, which resulted in a vast amount of free publicity for Michigan for an expenditure of less than \$15,000, which the Legislature authorized for this purpose.

Department liaison with a number of federal agencies has produced considerable funds, information and guidance which is proving valuable in promoting State growth and this active participation of the national government in State improvement projects can be expected to increase in future, the report said, and as a result the Department expects liaison will require a greater amount of work as programs expand.

The Department has placed special emphasis on programs to aid economic development in the Upper Peninsula because of the greater need for employment in that area, the report said. Several research programs have been instituted to develop ideas for greater use of the mineral and wood products, natural resources of the area. Tourism, forestry, pulp making, manufacturing and mining are also being emphasized in planning for the Upper Peninsula's future.

Proper planning for future growth is an important facet of economic development and a major consideration of the Department. It administers the "701 Program" under the National Housing Act. This Act provides federal funds to communities to

### Business Opportunities

### EXCLUSIVE FRANCHISE

Amazing new liquid plastic coating used on all types of surfaces interior or exterior. Eliminates waxing when applied on Asphalt Tile, Vinyl, Linoleum, Vinyl Asbestos, Hard Wood, and Furniture. Completely eliminates painting when applied to Wood, Metal, or Concrete surfaces. This finish is also recommended for boats and automobiles.

**NO COMPETITION**  
 As these are exclusive formulas in demand by all businesses, industry and homes. No franchise fee. Minimum investment - \$300. Maximum investment - \$7,000. Investment is secured by inventory. Factory trained personnel will help set up your business. For complete details and descriptive literature write:

**CHEM-PLASTICS & PAINT CORP.**  
 1828 Locust  
 St. Louis 3, Mo.  
 May 12th, 1965

### Card of Thanks

Traffic signs faced with reflective sheeting are two to six times more visible when covered with dew or rain than signs faced with either glass or plastic reflectors - and still more visible than ordinary painted signs, according to several studies.

To all friends at First Methodist Church and surrounding Brighton area - many grateful thanks for flowers, cards, gifts and messages received during my recent illness. Mrs. Anna Ferne Auty

**IN LOVING** memory of Pfc. Troy Allen Small. USMC who died March 3, 1945 on Iwo Jima. To dearly beloved, never to be forgotten. Son Michael Father and Mother Brothers and Sisters

**I WISH** to thank all my friends for their kind expressions of sympathy on the death of my beloved wife, Elizabeth Cathran 3-3x

**A MOST** sincere thank you is extended to all the friends and relatives who sent cards, flowers and came to visit me while I was in the hospital and since I arrived home. Earl Baughn

**I WISH** to thank all my friends and neighbors especially the Ruth Circle and Kings Daughters for their kindness during my stay in the hospital. Bessie I. Rutter. 3-3x

Please have your representative call on me.

NAME \_\_\_\_\_  
ADDRESS \_\_\_\_\_  
CITY \_\_\_\_\_  
PHONE \_\_\_\_\_

**Q. What is the name of this cut of meat?**

A. Beef short ribs.

**Q. Where do they come from?**

A. They come from the ends of the ribs. They can be identified by their square look and the alternating layers of fat and lean of which they are composed.

**Q. How are they prepared?**

A. By braising. This means browning them on all sides in their own fat. Cover and cook slowly 1 hour. Pour off the drippings. Season with salt and pepper and other seasonings. If desired, add a small amount of water or other liquid. Cover tightly and continue cooking until tender, approximately 1 hour.

**Q. What other foods can be cooked with short ribs?**

A. Many foods harmonize with this beef cut. Vegetables like carrots, green beans, potatoes and onion are very popular. Dried fruits may be cooked with them, and so may dumplings. A barbecue or spicy tomato sauce adds zippy flavor to beef short ribs.

The 1964 Fire Loss Report for the area has been submitted. A summary of the report will be printed in The Argus.

Firemen wish to thank the men who brought in a bag of corn for the ducks, also the gentleman who gave us \$2.00 to buy duck food. Some of the firemen have been buying corn to feed the ducks. Any contributions would be appreciated. Bring corn into the fire hall or see one of the firemen.

**Legal Notice**  
STATE OF MICHIGAN  
The Probate Court for the County of Livingston.  
In the Matter of the change of name of NANCY TRIS LEVIAIRE.  
At a session of said Court held on February 11, 1965.  
Present, Honorable FRANCIS E. BARRON, Judge of Probate.  
Notice is hereby given that the petition of Nancy Tris Leviaire praying that her name be changed to Nancy Tris Hayward, will be heard at ten A.M.  
It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the PINCKNEY DISPATCH, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address, by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.  
FRANCIS E. BARRON  
Judge of Probate.

**PINCKNEY ELEMENTARY SCHOOL NEWS**  
Mrs. Meyer's 8th Grade News  
In the past week we have done many things.  
We have decorated our bulletin boards for March.  
While our teacher, Mrs. Meyer, was out with pneumonia, we elected new officers for the second semester. They are: president Gary Marsh, vice president Doug Zak, secretary Sharon Gray, and treasurer Jim Bennett.  
In math we are studying circle graphs and angles, which we are enjoying very much.  
In English we are diagramming sentences containing different kinds of phrases and clauses.  
We are memorizing the Gettysburg Address in history and we are just about ready to give it.  
About 15 of our group are entering the Youth Talent Exhibit, which is held at Lansing April 4.  
David Gehringer presented Mrs. Meyer with a skeleton of a dog, which she is going to set upon her piano.  
Many of our group made money during our two day vacation last week. We shoveled snow and did baby sitting.  
We would like to congratulate Christine Line for being one of the four who took first place at the County 4-H Talent Show.

**FEBRUARY BIRTHDAYS**  
Mrs. Raymond Morris celebrated her February birthday Tuesday evening with her daughters and granddaughter, Becky Morris, Mrs. Mary Harding, Becky Morris, at the Bill Knapp Restaurant, in Ann Arbor. Wednesday evening, Mrs. Morris was honored at a birthday dinner at the Jay Ledwidge home.  
Saturday in honor of Mr. and Mrs. Louis Stackable's birthday, Mrs. Morris held a birthday dinner. Guests present to help the Stackables celebrate, were Mrs. Eleanor Ledwidge, Mr. and Mrs. Vince RaRosa, Mr. and Mrs. Robert Harding and Mr. and Mrs. Jerry Ledwidge.  
The Eric Rose family attended the wedding of Miss Janet Van Slambrook to Mr. Nickolas Mihut at the Congregational Church, Saturday evening. Following the ceremony, they enjoyed attending the reception at the Women's City Club, in Ann Arbor.  
Gerald Swarthout family spent a thrilling Saturday. After attending the hockey game in Detroit, and seeing the Red Wings beat Boston 4-1, they had the opportunity of touching the hockey stars as they passed by. That's something the kids will be envied for.

**SCHOOL**  
Mr. and Mrs. Gilbert Dunn have been attending the National Curriculum Coordinators Convention, in Chicago this week. While Principal Dunn was absent from his duties in the Hamburg school, Mr. Richard McCloskey, of Pinckney filled in for him. Thursday and Friday, Mr. and Mrs. Richard McCloskey will attend the Principal's State Convention, in Lansing.  
Saturday evening the Pinckney teachers of the Elementary grades, nineteen in all, enjoyed a lovely dinner at Win Schuler's, in Jackson. Following dinner, they enjoyed the remainder of the evening at the Gilbert Rooke home, Portage Lake.  
The Donald Wiltse family enjoyed Sunday dinner at the Wiltse home. Sunday evening guests of the Donald Wiltse were, Mr. and Mrs. James Lavey.  
Tom Read was home from his studies at Michigan State for the weekend.  
Mr. and Mrs. Clare Miller and daughter Carol were dinner guests of the Richards Millers in Brighton, Sunday.

**SICK LIST**  
Miss Kathy Shettleroe, after having been out of school with pneumonia, has returned to her studies at Pinckney High.  
Emmett King has returned to his duties at the barber shop, after having been closed up, due to the flu.  
Measles are still around as Mrs. Betty Hose, young David Clark and Liz Neuman can tell you.  
Mr. Cass Clinton, of Main St., is in Veterans Hospital, Ann Arbor. Cass has been having quite a bit of knee trouble lately and had to enter the hospital to have it treated.  
Mrs. June Tessmer is another one of our cold sufferers. With the weather being so unpredictable, it seems about impossible to shake a cold.
