### Kem Charboneau to Head County Teen Dem Group

Clement (Kem) Charboneau proudly announces that he will sponsor the Livingston County Teen Democrats, commonly known as "Teen Dems."

Kem has worked with, and in conjunction with, the Allen Park Teen Dem organization for almost a year now, learning how to organize and control such a group. He also learned the aims and beliefs of such an organization, and now feels qualified to take hold in this county.

Kem attended the 1965 Annual Teen Dem Conference in May, when State wide confederation was proposed, and all Teen Dem organizations were recognized, among which was Livingston County.

As sponsor, Kem states he will endeavor to teach ethical politics and practices to the teens, making them realize their responsibilities in government and community. He hopes to promote a rigorous social, political and civic minded group.

A delegate is being chosen at the present time to attend a Teen Dem Convention, June 12, in Lansing. It will be the responsibility of this delegate to bring back information helpful in drawing up a constitution for the county teens.

All interested persons between ages of 17 and 21, should contact Kem Charboneau, 878-3686.

A meeting place has not as yet been established. However, Howell is receiving consideration, being that it is centrally located in the county.

### On Leave

Pvt. John Harden is spending a thirteen day leave here with his parents, Mr. and Mrs. Lloyd Harden, from Ft. Knox Army Camp, Kentucky. He is midway through a six months basic training program. He is a member of the National Guard unit in Howell.

### Good Turn Out For Bible School

One hundred thirty three children were enrolled for Bible School activities at People's Church last week.

Thursday night a program for the parents and friends was held with the children exhibiting their week's learnings. On Friday awards were presented to the children according to points they had earned. They also received a special treat at "snack time."

Rev. Charles Michaels of Ilwaco Beach Church was responsible for this so called Rural Bible Mission Bible school. Also, during the Thursday night program teachers for Bible school were given recognition. They included Mrs. Connie Auster, Mrs. Margaret Shurey, Mrs. Wilma Darrow, Mrs. Alice Stockton, Miss Martha Nasa, Miss Jo Anne Shugg, Miss Elma Kay Shugg, Mrs. Joyce Henry, Mrs. Iva Gardner, Mrs. Florence Van Blaricum, and Rev. and Mrs. Thomas Murphy.

### Program Set For Satan's Holiday

Angela McMasken of Patterson Lake will M. C. the Satans Holiday Festival "HOOTEN-ANNY" at Hell, Michigan on Saturday June 26th starting at 8 p.m. at the Dam. There will be folk singing and dancing for the Teen Ager. An excellent Combo led by Weinstock, Vertin & Company will provide the music for the occasion with bonfires around the lake and dam for background setting. Four chaperones and details of State and County Police will provide ample Security measures.

The Western Style Square Dance will operate from the outdoor pavilion at the Gates of Hell, with Bill Gracey and Doug Rieck the featured callers. The Square Dance is again a sell out with hoofers from as far away as Elkhart, Indiana, Massillon, Ohio, London, Ontario providing a portion of the capacity crowd. Tom Davis and the Hell Creek riding Stable will conclude the ceremonies with a horse show at the stable areas on Sunday, June 27th.

### The Way We Hear It

BY: DOLLY BAUGHN

... local girl scouts are planning a "bike hike" to Patterson Lake and back ... they are working for a certain badge.

They have one difficulty though ... They have a shortage of bikes ... And wonder if any one owns a bike that they might borrow for the day, June 23 ... They guarantee the bike will be returned in good condition ... and they would be most grateful! Call Mrs. Kevin Ledwidge if you wouldn't mind lending your bike for such a worthy cause.

... if you have an appointment for the P.T.A. hearing-vision clinic this next week ... don't forget it!

... and if you are aware of the annual school election ... don't forget to vote Monday ... children who are included in grades four through 8 ... are invited to attend ... Summer Bible School at Calvary Mennonite Church each evening June 7 thru the 11th, 6:30 to 8:30 p.m. ... if transportation is needed, contact Pastor Slabough at AC 7-4050.

... how did you like that Sunday ... or Monday ... edition of last week's Dispatch ... I'm certainly sorry about this delay each week lately ... It is a situation of circumstances that no one can help right now ... at our house ... Daddy ask three year old Jeanne if she cared for some pop ... Jeanne said she did ... Daddy asked what kind ... Jeanne replied ... Well, Dad, you know I'm in the pepsi generation! ... does anyone have a straw hat Coach Rossetti can have? we hear he could use another ... such changeable weather ... especially Tuesday ... at dinner time, it hit the spot in the 79 degree temp ... but, by 10 a.m. hot tea went good in the low 60 degree temp ... No wonder we have colds, eh?

... wonder how the weather AND the mosquitos are in northern Canada where several local fishermen (?) are holding out this week ... What? you didn't know they left? ... what do you think makes the town so silent? ... Especially Jerry's! Sure, anxious to get them back, too ... Can't stand the silence and besides a few of us are anxious to hear what whopping b-2 stories they come up with ... Fish stories that is ... Stand by and I'll pass the word on next week ... or when they return ... the teens at White Lodge have another dance planned this Friday evening, 8 till 11:30 p.m. ... they have named it "Soc-hop" ... which means the guests check their shoes at the door ... and dance in their stocking feet! ... Sound like fun ... That's for sure ...

George Roth has served the past four year term as trustee on the board of education, seeks re-election June 14.

Roth, 28 years of age, and wife, Nan, have two school age children. They reside at 224 N. Mill Street. An employee with the City of Ann Arbor, Roth barbers part time at his shop in Pinckney. A charter member of the Pinckney Jaycees and Kiwanis Club, Roth presently serves as trustee on the Village Council.

Germaine Stackable is a candidate for the June 14 school election, seeking membership on the Board of Education.

Mrs. Stackable's resignation as Pinckney High School principal became effective June 1, 1965. She served in this capacity for 17 years, and a few years back gained the title of Assistant Superintendent as well. Mrs. Stackable has been educated in the Pinckney area. She and husband, Louis, reside at 3770 West M-36.

Mrs. Stackable taught in Detroit schools prior to becoming an English, history, and health teacher here. She was the first to be employed as principal in the Pinckney school system.

### School Board Requests 1 1-2 Millage Increase

Thomas Line's four year term with the school board expires this month. Line has served in the capacity of trustee during his term.

Line has lived his entire life in this community. He and his family live at 5731 Cedar Lake Road, on the Lane homestead. Line is engaged in the agricultural business there. His family includes his wife, Shirley, two sons, Tom, married, and Richard, both P. H. S. graduates, and both college bound this coming fall, and two daughters, Christine, a ninth grader, and Jean, an eighth grader, both students in Pinckney schools.

A large turnout is expected for the annual school election scheduled for Monday, June 14, as voters go to the polls and vote on a one and a half millage increase, and two of four candidates seeking election to the Board of Education.

The polls of election will open at 7 p.m. and close at 8 p.m. There are two voting places in Pinckney Community School District Precinct No. 1 includes all voters residing in Putnam, Unadilla, and Dexter townships with voting taking place at the Pinckney high school. Voters living in Precinct No. 11 vote at Winans Lake School and includes residents in Hamburg, Genoa, and Webster townships.

In December of 1963, before the election regarding the new high school, the Citizens Committee and the Board of Education published a brochure completely describing all phases of the proposal. On the back page of this brochure, which was entitled "An Investment in Youth" there appeared the information, that in the spring or summer of 1965 it would be necessary to request the voters of the school district to vote on a millage increase of one and one-half mills (1 1/2%) on the State Equalized valuation.

As the erection of the new school buildings is proceeding on schedule, the Board of Education has decided the request for the millage increase will be placed on the ballot of June 14th 1965, at the annual election. This millage increase would be voted for a four year period and would not have to be brought up again until 1969. Inasmuch as this additional tax money will not be collected until next January and February, it will come at just the right time to help staff the new rooms and aid in buying equipment.

Full occupancy of all the facilities would then be possible by September of 1966 with enough financial strength to operate the complete program. Pictures of the four candidates seeking election to the Board of Education appear in this issue. They are incumbents, George Roth, and Thomas Line, and new candidates Mrs. Germaine Stackable and Clarence Ahlstrom. Ahlstrom's picture appears in an ad inside the paper, per request.

Exercise your American Right! Vote Monday in the June 14 election.

Exercises your American Right! Vote Monday in the June 14 election.

Report cards were issued by the pastor and the students were free to spend the day as they saw fit.

At 7:30 in the evening in Saint Mary Church the students assembled for Graduation Exercises. The students received their diplomas. Their Graduation day was completed by Benediction of the Blessed Sacrament.

Correction

Last week's Dispatch incorrectly stated that Thomas Singer would graduate from the University of Detroit with a bachelor of mechanical engineering degree. It should have read "with a chemical engineering degree." This error was made in the release from the University, and not the fault of the paper.

Rev. Gerald Bender, Mrs. Heath and Mr. Slablick gave books to the library. Mr. Louis Rogers gave many National Geographic Magazines.

The State Library gave us THE STANDARD CATALOGUE FOR PUBLIC LIBRARIES, 1959-1963, with a 1964 supplement to bring our 1959 catalogue up to date.

### Trailer Estates Has Anniversary

Mrs. Beatrice O'Brien celebrated the first anniversary of the Trailer Estates at Hell, Michigan last week with a Pot Luck Dinner, and 24 attending. Mrs. Ruth Selle raised the American Flag, the group all sang "My Country 'Tis of Thee" and with Mrs. Selle leading the invocation spent a happy day. Later a large log fire was the center for the group with marshmallow roasting the popular pastime. The Hell population has now grown from 45 to 87 with this addition. Attending the festivities were Mr. & Mrs. Douglas Hogan, Mr. & Mrs. T. A. Eichman and family, Mr. & Mrs. Verne Selle and family, Mr. and Mrs. John Kelley and family, Dr. and Mrs. R. Z. Carrillo and Mr. and Mrs. Jud Haas and family with the hostess Bea O'Brien.

### Jehovah Witnesses to Hold Conference in Charlotte

A unique feature of one of the world's fastest growing Ministerial societies is that it never "graduates" its ministers. "Christian development never ends and the Christian Minister can always grow to greater spiritual maturity," according to Warner Miller, presiding minister of the Gregory Congregation of Jehovah's Witnesses.

For that reason the organization provides a continuous training program of activity for young and old. A featured part of the program is to be a three-day conference of Jehovah's Witnesses, scheduled for June 11-13 in Charlotte, Michigan.

Mr. Miller pointed out "One of the requirements for every Christian that is set forth in the Bible is that he be qualified to teach."

According to Mr. Miller, Jehovah's Witnesses conduct a regular schedule of five weekly classes in all their congregations. Their goal is to develop each believer into a preacher and teacher. All the meetings at Charlotte will be under the direction of Mr. J. W. Filson, a special representative from New York.

### Small World?

The recent orbital flight around the earth aroused an extra amount of interest among several local residents.

James McDivitt, Jr. is a sister to Mrs. Charlene Shehan. Charlene is married to Dr. James Shehan and lives in Jackson Dr. Shehan a dentist, is a grandson of the late William Shehan of Pinckney, and also a second cousin to Francis Shehan, Mrs. Dorothy Campbell, and Merlyn Campbell all of Pinckney.

Reports were that the children of Mr. and Mrs. Francis Shehan were doubly excited knowing "It was someone related to them!"

### County Democratic Women Plan Meeting

The Livingston County Democratic Women's Club will meet Tuesday, June 15, 8 p.m., at the home of Mrs. Margaret Peoples, 3179 East Shaffer Road, Pinckney.

Mrs. Harriet Busfeldt of Ann Arbor will be guest speaker. Mrs. Busfeldt is former president of Ann Arbor Democratic Women's Club.

Also on the program will be "greetings" from Congressman Weston Vivian, relayed by public relations chairman, Mrs. Wilma Weinberg, also of Ann Arbor.

### Eighteen Graduated From St. Mary School

The following eighteen students graduated from Saint Mary School on May 26, 1965: Barbara Charboneau, Paul Dismoyers, Mary Jane Grant, Dennis Howe, Gary Keiser, Thomas Keiser, Timothy Kitchen, Malcolm Ludwig, Mary Jo MacKen, Larry Oesterle, Arnold Oleski, Joseph Pine, Diane Posler, Deborah Rogers, Glenn Schaner, Paulette Singer, David Singer, and Charles Vedder.

A High Mass was sung in English by the student body at 9:00 a.m. A delicious breakfast was prepared by Saint Mary's Altar Society and enjoyed by the graduates and Father Horan. Following breakfast the students expressed their thanks to the pastor, teachers, and their wonderful Mothers.

Report cards were issued by the pastor and the students were free to spend the day as they saw fit.

At 7:30 in the evening in Saint Mary Church the students assembled for Graduation Exercises. The students received their diplomas. Their Graduation day was completed by Benediction of the Blessed Sacrament.

### Homemakers' Honored

### Library News

New books this week include Michener, "THE SOURCE" which does for the Holy Land what his "Hawaii" did for the Hawaiian Islands. The framework for the book is provided by the archaeologists who came to excavate Makor, known in modern times as Tell Makor, uncovering layer by layer objects of the various periods of human occupancy. The story of the expedition is fascinating, but the main story is that of Makor in its various aspects through the ages. It is the story of 12,000 years of the occupancy by Canaanite, Hebrew, Egyptian, Babylonian, Assyrian, Persian, Greek, Roman, Arab, Crusader, Mameluke, Turkish, British and the new state of Israel.

For older boys and girls we have "THE SUN KINGDOM OF THE AZTECS" — the story of ancient Mexico until the coming of Cortes.

Girls will like "HEAVEN TO BETSY" — the story of a fourteen year old girl's freshman year in high school in 1906 — plenty of fun, parties, school, church, and home activities. A wholesome gay story.

Boys will like Jackson, "BAS-KETBALL COMES TO NORTH ISLAND" — in which the success of the team is threatened by the feuding of two of its members.

Dear Friends,  
During the summer months, my column will be much shorter, for the simple reason that I'm stung. I want to spend more time, having more fun with my family, on picnics, swimming and the like.  
PLEASE, if you have any news at all, feel free to give me a call, in the evening, or drop me a card in the mail. I will certainly appreciate your cooperation through the summer vacation months. My address is just Main Street, Pinckney.  
Thank you very much.

Mr. and Mrs. Earl Schuman were honored Saturday evening with a 25th Anniversary dinner at the home of Mr. and Mrs. George Knapp, on Westwood, in Ann Arbor. After finishing the dinner and the lovely anniversary cake, baked by Mrs. Knapp herself, the group of twenty-four, traveled to Stu Evans, the well known Lincoln - Mercury dealer, in Garden City, for an enjoyable evening of square dancing. Other couples attending the dinner and square dance from Pinckney were, Mr. and Mrs. Ted Gray, Mr. and Mrs. Marshall Meabon.

Airman 1st Class Errol Schuman returned from Offutt Air Force Base, Omaha, Nebraska, Friday, just in time to congratulate his parents on their anniversary. Errol has been released from the Air Force after having completed his stretch for the government.

Mr. and Mrs. Schuman certainly had a busy week and even found time to attend their neices, Karen Schuman's graduation in Manchester, Thursday evening.

Mrs. Mark Nash left for Niles, Michigan, Monday. She will be spending several days with her son, Reverend David Nash, and his family. Bob recently enlarged his family. Baby Carla Joy was born Saturday. Carla has one brother, two and a half year old, Davy.

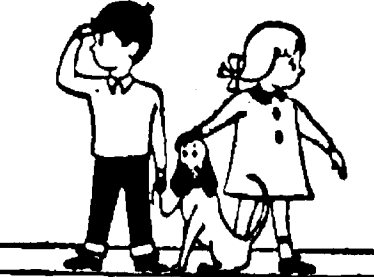

The Vince LaRosa family returned Saturday from their vacation trip through the New England States. In two weeks the LaRosas, in their traveliner, traveled approximately twenty-five hundred miles and took in many interesting spots. These spots included Niagara Falls and a Hershey Candy Factory in Hershey, Pa., which the kids certainly appreciated. The family visited with friends in Rochester, New York, and New Haven, Conn. They also spent some time in Gettysburg, Pa. before returning. The next couple of weeks will probably be spent recuperating! All in all it was a very exciting, rewarding and lovely trip for them. One that they'll be remembering for quite some time.

Last Sunday, Mrs. Karen Bock and myself spent the day acting as hostesses at a Surprise Open House for Mr. and Mrs. Jack Bilkovsky, of East M-36. There were exactly fifty people attending the pot luck affair and the couple was very much surprised and delighted. They received many lovely gifts from their friends and relatives.  
Don't forget my phone number 878-3668 to call in your news.

### Golden Crescendos Fill Social Hour at State Hospital

Patents at Howell State Hospital were entertained by the music of the Golden Crescendos at the Thursday Evening Social Hour on June 3rd.  
Jim Szymanski, Tom and Tim Shirley and Mike Czarwinski, teenage musicians, were roundly applauded when they presented each number. The patients found it easy to sing and dance to the guitar and accordion music of these talented young men.  
It is hoped by the staff and patients that the group will favor the hospital with a return engagement soon.

## Funds Alloted County Schools

The annual head ache is almost over for the Livingston County Tax Allocation Board. The county's 15 mill tax levy has been divided as equally as possible by the Board between the county, the townships, and the schools.

Livingston County Clerk, Joseph H. Ellis, explaining the problems faced by the Allocation Board, "By law the three units of government in the County are permitted to levy an aggregate total of 15 mills for operational purposes without a vote of the people. For the past several years the growth of the county and the demand for more services from the schools, county and townships, have forced increases in their budgets. The three units usually submit budgets to the Allocation Board, with a total that exceeds the 15 mill limitation, and the board must consider what matters of operations in a unit's budget that may be curtailed, and try to arrive at a division of the 15 mill tax levy to be satisfactory and fair, and will utilize the 15 mill tax levy to the best interest of the people of Livingston County.

This year the county's budget was slashed by the greatest amount. The County Board of Supervisors had asked for between 6 1/2 to 7 mills and their levy was cut to 4.7 mills. Some of the townships requests

were cut way back. Several of the townships had asked for one mill, and Green Oak township had asked for a mill and a half. With the exception of Hartland township, which received, all of the townships were allocated one half mill. It is anticipated that Green Oak, Hamburg, Brighton and Hartland Townships will appeal the final allocation of the Livingston County Allocation Board to the State Tax Commission.

The only changes in the preliminary allocations made by the Board Thursday was a subtraction of .05 mills from the County's budget, and a corresponding addition to the Intermediate School's budget of .05 mills.

The final division of the Tax Allocation Board this year is as follows: The schools of Brighton, Howell, Fowlerville, and Fenton, 9.6 mills. Pinckney school was allocated 9.5 mills, and Hartland School, 9.3 mills. The townships of Brighton, Deerfield, Iosco, Ocoola, Putnam, and Tyrone each received .5 mills. Hamburg received .8 mills, and the millage requests of Howell, and Marion townships were denied because their budget showed lack of need. The townships of Cohoctah, Conaway, and Undilla did not request millage. The County was allocated 4.7 mills, and the County Intermediate School district was allocated, 2 mills.

The Tax Allocation board is a statutory board composed of six members, three appointed by the Probate Judge, and three members by virtue of their of-

fices. Those member of the board by virtue of their office are Dorothea J. Greer, the County Treasurer, the County Superintendent of Schools, Walter J. Hampton, and the chairman of the Finance Committee of the County Board of Supervisors, Carl W. Raddatz.

Those appointed by the Probate Judge this year are, Dr. Thomas A. Barton, of Howell, Cecil Lepard, of Fowlerville, and Wayne J. Probst of Brighton.

Seems to me this might be a story in itself under its own heading.

Ellis stated upon the conclusion of their final session June 3rd, 1965, the Board discussed and scheduled a series of hearings for September with representatives of the local units of governments participating in the 15 mill allocation to determine if there is a desire to go to a fixed mill rate for each one of these units of government as has been provided by the new Constitution.

There have been several counties go to this method, which sets up a permanent fixed millage for each unit of government, thereby eliminating the functions and necessary of a Tax Allocation Board making a division each year among the units. Under this method, if adopted, the various units such as the schools, the county and townships would know and could plan in advance their anticipated obligations and responsibilities. Members of the County Tax Allocation Board have indicated they favor this method over the present procedure.

If the hearings determine the desire and necessity for adopting this procedure for the allocation of the statutory mill limitation, then the County Board of Supervisors would upon the petition of the County Tax Allocation Board schedule a county wide referendum for the approval of the voters of Livingston County.

## \$771 Million Paid For Sick Bills

Surgical benefits paid out in 1964 by insurance companies totaled over \$771 million, the Health Insurance Institute reports.

That figure, the Institute said, is 11 per cent above 1963's \$695 million and represents a record high for this insurance.

These insurance company benefit payments were paid under surgical expense coverages, and under surgical provisions of major medical expense policies.

The institute noted that total health insurance benefits paid by insurance companies last year amounted to nearly \$4.7 billion. In addition to surgical coverage, benefits were provided under hospital, regular medical, major medical, and disability income insurance programs.

Surgical benefits under a basic hospital-surgical policy are paid according to a listed scale of procedures. Schedule maximums range from \$250 to \$600, depending on the policy. Under major medical expense policies, the benefits are determined by the customary and usual fees charged for specific operations. The net total protected for surgical expenses in 1963: 134.9 million persons.

## Traffic Deaths

Michigan traffic deaths for May totaled 13, a reduction of 29 or 18 per cent compared with 184 in the same month a year ago, State Police provisional figures showed.

Included in the May fatalities were 21 persons who were killed during the 78-hour Memorial Day holiday weekend, three less than the 24 deaths in the same period in 1964.

It was the fourth month in five this year to show a decrease. April, which had shown a reduction provisionally, was moved into the increase column by delayed deaths, giving it 148 compared with 144 in April 1964. The May loss was four higher than the average of 131 for that month in the 10 years of 1955-64. High May was 193 in 1941 while the low was 49 in 1944, a war year.

The provisional five-month total is 670 deaths, which is 129 or 16 per cent less than 799 in the same period a year ago.

## G.M. Opens Tech Center for Tours

General Motors is conducting daily guided tours of its Technical Center in Michigan beginning Sunday, June 6 and continuing through September 6. A major tourist attraction, the Tech Center — just north of Detroit — was visited last summer by more than 7,000 persons from 49 states and 51 foreign countries.

Located in suburban Warren, the Technical Center has been described as one of the modern wonders of American architecture. Its clean-lined buildings, in a campus-like setting, house the General Motors Engineering, Research, Styling and Manufacturing Development Staffs.

Dedicated in 1956, the Tech Center comprises 28 buildings ranged on three sides of a man-made lake.

## Kiwanis Hears 3 in School Race

The three candidates for the two school board posts had an opportunity to speak their minds at the Kiwanis open forum on Wednesday, June 2. Approximately seventy people attended the meeting at the Brighton High School Gymnasium. The meeting was opened at 8 PM by Kiwanis moderator, Tim Hurst. Each candidate was given ten minutes for a prepared statement, followed by questions from the audience.

Mrs. Louise Warren, in her statement, suggested that being a school board member takes considerable time, and that she was prepared to devote the time necessary to do a good job. Where board members must make decisions in specialized fields, it is necessary to seek and study opinions outside the board, through the medium of citizens committees.

Leo J. Kujawa devoted his statement to a discussion of issues, such as lack of planning to meet population expansion, teacher turnover, and the forthcoming bids on the new high school. He suggested that the bids would probably be in excess of the amount available from the bond issue. The high school can do more to prepare the students who are going on to college, and he suggested an industrial cooperative program as an ideal way to meet this need at low cost.

Dr. Harry Davis, the incumbent, described the work of the board over the past year. He stated that, considering the problems involved, the board had handled them well, and that

he was willing to stand on the record of the board.

The question and answer period brought out a number of questions on the new high school and a range of other matters. Mr. Kujawa linked the completion of the new high school to teacher turnover, pointing out that other school districts in the area are ahead of Brighton in construction of new facilities, placing Brighton at a disadvantage in recruiting new teachers. He stated that there were enough rumors of teacher morale problems, that the new board should make a deep and thorough investigation to determine whether the teachers are dissatisfied, and what can be done to improve the situation.

In answer to a question, Mrs. Warren felt that the work of the board could be streamlined if the board confined its work to meeting to questions of policy, that the Superintendent administer these policies as stated by the board, and that the staff of the school work within this framework. The board should seek help from qualified citizens in the lengthy study and analysis which cannot be done properly at board meetings.

Dr. Davis felt that the present policy manual created a cumbersome framework for operation of the school administration, and that the new board should make adjustments in the policy manual.

## Blood Donors Needed June 11

This may be vacation season but the need for blood takes no holiday.

In fact, the summer season with its many traffic and recreational accidents usually brings an increase in the need for emergency blood supplies. Thus, Livingston County residents are urged to give blood before leaving on vacation. Your AMERICAN RED CROSS will hold an Open Blood Clinic on Friday, June 11 at 2729 Packard Road, Ann Arbor. The hours are from 2:00 to 7:30 p.m.

This life-saving blood program is made possible by several kinds of contributions by citizens. By giving dollars to the Red Cross through the United Fund, residents of this area finance the program. By giving their time and skills, scores of volunteers make these Blood Clinics run smoothly and successfully.

But there would be no program at all without the Donors. Please call Ann Arbor 662-5546 and make your appointment to save a life.

## Hamburg Township News Notes

By Jeanne Knipple • UP 8-920

Now that June is well under way, and it looks like warm weather is here to stay, I suppose a lot of you are busy planning your vacation. For some a vacation means for everyone to jump in the car and go North to explore some of our state's wonders of nature for a few days or a week. Many who have done this have been held in awe and amazement at the simple but breathtaking beauty of a serene, deep turquoise lake surrounded by tall majestic trees, found seemingly in the middle of nowhere. For others, a vacation means a trip to another part of our country to engage in sightseeing. Either way, whether sightseeing or looking for a relaxing getaway from everyday life, or just relaxing at home, I hope you all enjoy this once-a-year luxury.

Mrs. Fred Binning attended the Gold Star Mother's Chapter in Ann Arbor, last Tuesday. The Mother's Chapter was held by the Past Presidents of the American Legion Auxiliary.

Mrs. Binning entertained her two granddaughters, Diane and Lisa Navarre, last Saturday.

## Ionian Fair

The Golden Anniversary 1965 Ionian Free Fair, will be held August 9-14.

Reflecting the emphasis on the 50 year tradition of the fair will be several unusual features. Among these will be a three-day long style show staged on the banks of the Grand River and featuring both modern and 50-year-old styles.

A free grandstand show on Wednesday morning will feature steam powered vehicles and equipment dating back to the turn of the century. Ionian County extension services are arranging for an exhibit of old and new kitchens, plus items of 50 years ago, in the fair's exhibition building.

## Puppeteers

An unusual entertainment bonus for children and adults will come to Detroit when the Puppeteers of America hold their 30th Annual Festival at The Detroit Institute of Arts, beginning June 24.

Festival puppeteers will present three evenings of cabaret-style shows "for adults only" in the museum's Kresge Court, which are open to the public. Performances are June 24 through 26 at 7:30 p.m. and 9:30 p.m.

## Warn County's Oldsters of Fraud

Livingston County Prosecutor, Charles B. Gatesman, warns area residents to be on the alert for "unscrupulous" contractors, that usually victimize residents in this area in the spring and early summer.

According to Gatesman, there have been several complaints received at the Prosecutor's office on three types of these shady operators this year. One set of complaints concerned a septic tank cleaning operation, another siding contractor, and the latest one received just last week involved a firm which was "aluminum painting" roofs with aluminum paint. One of the parties victimized by this contractor was an elderly Lake Chemung woman.

Gatesman and the building inspector Lawrence Mansel, inspected this woman's roof after the paint application. According to Mansel, the paint in no way improved the quality of the roof, and could not stop it from leaking.

The State Police suggest that in order to thwart chances of being similarly victimized, property owners should check their own sales and service contractors through the prosecutor's office, or the Chamber of Commerce.

Reliable contractors refer to these fly-by-night operators as "roadsters." These itinerant operators usually come to Michigan in the late spring and go south in the fall. They use trucks and cars that are poorly identified, and can quickly switch their operation to another area if their operation comes under suspicion. Their services include roof repairing, barn and house painting, water proofing, termite control, and various other clean-up activities. These questionable operators prefer elderly persons as clients, and in some areas the operator will leave a work area before a heavy rainstorm, again only because paint or sealcoat quality is substandard.

Prosecutor Gatesman advises residents to check with authorities before contracting for this work, and when possible to do business with established contractors who must live with the reputation they make.

Livingston County residents are warned against some home improvement salesmen by the Michigan State Police who tell property owners to first check the background of such canvassers before letting any contracts.

In one instance the painters contacted an elderly client and were contracted to sealcoat the house roof for \$100. The subjects then on two repeat visits advised the homeowner that the house had termites. Two treatments for these brought a charge of several thousand dollars.

Itnerant operators usually come to Michigan in late spring and depart for southern areas in the fall. Services offered include roof and barn and house painting, water proofing, and spraying for termites.

Should a warrant for their arrest in relation to their services be issued, the subjects on learning this may flee the state and leave equipment behind for others to bring, thus lessening chances of discovery and possible arrest in flight.

State Police investigation in this case revealed that questionable operators prefer elderly persons as clients. Elderly persons may be revisited on the pretext their property needs more work for which extra charges are made.

## State to Survey Howell Airport

A Statewide Aviation Fact Finder Survey will be conducted this summer by the Michigan Department of Aeronautics. James D. Ramsey, Director of the Department, announced that a total of 37 communities will be involved in the survey beginning June 18 and ending September 6. Thirty selected airports will be surveyed on two consecutive weekend periods during the months of June, July, August and September, and results will be combined with a full week's survey at seven other locations.

Weekend surveys will be made at Howell airport, and Ann Arbor among others grouped into six geographical areas for the purposes of coordination. The 1965 Michigan Aviation Fact Finder is part of a continuing program by the Michigan Department of Aeronautics to evaluate the use of existing airports and the need for improved facilities to serve the aviation traffic in the State.

Bernard Sunley, a millionaire who died recently, provided the money and ordered in his will that the banquet be held for members of the family, his friends, and his employees. He is at the party were Sunley's widow and his son.

## WMU Graduates 2 from Brighton

The last of the traditional June commencement programs at Western Michigan University will be held Saturday, June 12, at 9:30 a.m. in Waldo Stadium when 1,417 bachelors degrees and 164 masters degrees are awarded.

Beginning next fall, WMU will inaugurate a new year-around operation which calls for commencement programs on Dec. 18 and April 16 at the end of the fall and winter semesters, and again on August 16 at the close of the summer session. The spring session will end June 15, 1966, but no graduation ceremonies are slated at that time.

Featured speaker at this year's commencement will be R. Sargent Shriver, director of the Peace Corps and head of the U.S. Office of Economic Opportunity. He will be awarded an honorary degree of doctor of laws and letters. Other honorary degrees will be presented to Frederic G. Donner, chairman of the board, General Motors Corporation, Dr. Urban T. Holmes, professor of Romance philology, University of North Carolina, and Charles S. Lewis, administrator of anti-poverty

programs in the Detroit Public Schools. Graduates from Livingston County are Brighton—Shari K. Baetche, BS-Elementary cert., 232 South Third St., Donald R. Brown, BS-Secondary cert., 211 5th St., and Gail L. Reeb, BS-Elementary cert., 7330 Cowell Road.

**THE CHURCH FOR ALL**  
**ALL FOR THE CHURCH**  
The Church is the greatest factor  
on earth for the building of char-  
acter and good citizenship. It is a store-  
house of spiritual values. Without a  
strong Church, neither democracy  
nor civilization can survive. There  
are four sound reasons why every  
person should attend services regu-  
larly and support the Church. They  
are: (1) For his own sake. (2) For  
his children's sake. (3) For the sake  
of his community and nation. (4)  
For the sake of the Church itself,  
which needs his moral and material  
support. Plan to go to church regu-  
larly and read your Bible daily.

Part of playing any game is to learn how to settle the inevitable argu-  
ments. In a league in which nobody has a coin to toss, this is the time-  
honored method for getting the game started without a squabble.  
But there are other games to be played, in other leagues. Life for each  
of us brings many occasions for conflict. And they don't all yield to simple  
techniques like twirling a bat around one's shoulders with just a couple  
of fingers.  
Earnest Christians believe that our faith can point men to the right  
attitude and action in times of stress.  
That's why, as we face the conflicts of life, we always hope the other  
fellow will behave like a Christian. And he's hoping as much of us.  
Why not meet him in Church next Sunday? That's where right attitudes  
often begin.

## Good-Bye

This is the last issue of the B.H.S. Review. The Journalism classes and Mrs. Ikens would like to extend their thanks to those whose cooperation have made the page possible, especially to the Argus personnel for their patience, help, and consideration.

It is one thing to write, another to see what you write in print.

## Senior Profile

Rick Tuthill  
By Angie Moore

Blue-eyed Rick was born on March 28, 1947. From kindergarten to second grade, attended a one-room country school. He entered Brighton school in the third grade.

Rick was the first child born to Mr. and Mrs. Lloyd Tuthill, but far from the last for there are now five other children in the family besides him. Ruth is 16, Sally, 14, Jim, 12, Gary, 11, and Peggy, their adopted sister from Korea, is 6 years old.

Peggy was brought over to the family on April 1st, 4 years ago. Rick's family reside at 10337 Tuthill Road near South Lyon.

Typing, English, Mechanical Drawing, Choir, U.S. History and Government classes have taken up a good deal of Rick's time this year.

He likes Mechanical Drawing as his favorite class and Mrs. Anderson as a favorite teacher. The rest of his time maybe spent reading or working with his wood lathe. On top of this, Rick also holds down a job at Walt's Farm Supply.

As far as future plans go, Rick hasn't decided yet.

## Guess Who?

By Jim Nocker

How are you at guessing games if you are at all proficient than concentrate and follow along.

First a little personality hint to tease you, this is one of the quiet people who are always around when needed. Would you be guessing if I told you that our notable person plans to attend M.S.U. on scholarship this fall, after which he plans to take in the sites around Europe, South America, and of course the romantic South Seas.

Still guessing? Well it will get easier now. How about this? He plays Hockey, and spent three years at Football practice earning his Varsity letter.

No? What about hobbies? He enjoys hunting and fishing, and his seasons include devotion to Physics, Trig, English, and Government. Of course there are all ways Band.

If you are still thinking than how about a quote?

"I am looking forward to Graduation but I will always remember the good times at B.H.S."

Still wondering?

I'll give you another clue. He lives at 735 Brighton Lake road, lived here all his life, has two brothers and two sisters coming in and out the front door. All are greeted by their father "Bert" and their mother "Marjorie."

One last chance, our bouncing baby boy appeared January 6, 1947.

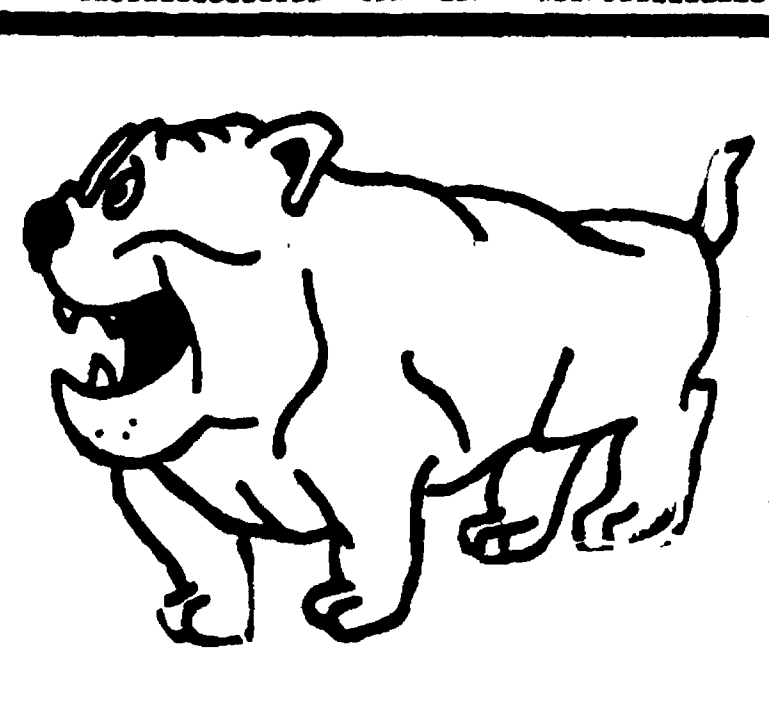

Well than I have to tell you that our honored senior is none other than our own Chuck Barr who has attended Brighton since the beginning and since than has brought nothing but honor to his class and his school.

## BHS Review

Senior Class day was held at BHS Wednesday, June 3. This is a combination honor assembly for Seniors, and the old familiar routine associated with class day.

The program started with the seniors marching in, the girls in their white robes, and the boys in their blue ones. The gold tassels on some of the caps indicate a member of the National Honor Society. The gold braids of the robes indicate Valedictorian and Salutatorian.

After the Seniors had entered and been seated, Mr. Lawson, our principal, gave a welcome to all and some introductory remarks.

Mr. Lawson then started the honor awards part of the assembly. The first awards were for scholarship. This means the students have a 3.0 or better average. Those called up were George Bufford, Kathy Cameron, Charles Davis, Steve Kujawa, Sally Maltby, Audrey Matthews, Colleen Mullally, Linda Pelkey, Jacqueline Quackenbush, Louis Scheffer, Linda Wood, Carl Wollenhaupt, Linda Woodbridge.

The Valedictorian and Salutatorian were recognized next. The Valedictorian is Linda Hiedman, and the Salutatorian is Charles Davis.

Next was a new award. This is called the citizenship award. It goes to the most cooperative and responsible senior. The choice is made by the faculty. This year Larry Eikhoff was chosen.

The attendance awards went to David Bair, Kaye Beattie, James Cook, James Dunning, Larry Eikhoff, Kris Hargesheimer, Linda Hiedman, Lucy Ann Kroccek, Karl Kruger, Kenneth Luttomoser, Dennis Mayo, Jane Morgan, Charlene Sawalich, and Janice Taylor.

Sally Maltby and David Williams were recognized for their scholarships to Michigan State University.

Steve Kujawa was awarded a Certificate of Merit for his competition in the National Merit Scholarship Contest.

First was the Mathematics Awards. They were presented by Mr. Prieskorn. He awarded a Certificate of Merit to Sally Maltby and Mike Seger.

Mr. Schutz gave out the Science awards. He gave the Bausch & Lomb Science award to Charles Davis. This consists of a medal and citation.

The Home Economics Awards were next. Mrs. Fredericks gave Priscilla Bussy the Crisco Award. This is a trophy given every year to the best Home Ec student through the 4 years.

Mr. Arnold gave the Betty Crocker Search for the Home-maker of Tomorrow award to Celia Soderquist. This is a written test given to any girl at BHS. Celia's paper was the highest at BHS. It is now entered in the state contest. If it gets high enough in the ratings, there it goes to the national contest and the winner of that is eligible for a scholarship among other things.

Sally Maltby was recognized for her work in the library by Mrs. Herbst.

The Journalism awards were given by Mrs. Ikens. For the annual, Ida Atwood had served as the editor, and Ernie Bell as the business manager of the '65 annual.

Quill and Scroll, a national honorary journalism society, accepted as members, Kenneth Luttomoser, Kaye Beattie, Linda Hiedman, Audrey Matthews, Richard Holly, Charlene Sawalich, and Ernie Bell. Nancy Rawski is a two year member. Alyson Arnold as the only Junior member was also mentioned at this time.

Kenneth Luttomoser who was also honored as the outstanding Journalism student of the year, received his award earlier at the Honor Banquet.

The next in line were the music awards. The choral music awards were given by Mr. Mallett. First were those for All League Choir. They were presented to Kathy French, Kathy Cameron, Audrey Matthews, Holly Warren, Dick Elliott, George Bufford, Cathy Wegerzyn, Bill Houghton, and Gary Foster. The awards for 4 year membership were given to Audrey Matthews, Cathy Wegerzyn, Bill Houghton, Sandy Orendorf, Lucy Ann Kroccek, and Dick Elliott.

Athletic personnel were the next to be honored. These categories were introduced by the BHS Athletic Director, Mr. Robert Scranton. Mr. Scranton announced the winner of this year's Sportsmanship Trophy to be Joe

## Senior Profile

By Don Vought

"Hi, Charlie!"  
"Hi, Ed!"  
"Did you just come off the corner of Leo and Beth?"  
"YEH, I guess you're talking about the drums we heard!"  
"It came from the Filice's house. But, who could it be? It couldn't be Mr. and Mrs. John Filice?"  
"No, and it couldn't be Jerry, he's too young. It couldn't be John or Jim Filice, because I just saw them in the backyard playing basketball."  
"Wait a minute! I know! It's Doug!"  
"So, that's the person responsible for the noises. Seems I've heard that name somewhere before. Yeah! Now I know! This guy was on the J.V. football team for two years, and he has been playing those drums for about 6 years in the Brighton bands!"  
Take a set of drums, some rhythm, six years of experience, and a guy of seventeen, a person who likes Dean Martin, and you will have our Senior of the Week, Douglas Allen Filice.

Can you imagine the guy carrying a set of drums, an English book, Mechanical Drawing equipment, a typewriter, and some government pamphlets, to his sixth hour Study Hall to do a little class work? If not at BHS between the hours of 8:10 to 2:45, you may find him sitting at a restaurant eating spaghetti, and dreaming that someday he'll have a set of keys to a baby blue Chevrolet Malibu in his pocket. Another place to find this guy is at home practicing with the "sticks," or just lounging around the house putting model cars together.

Living in Brighton since the age of two, Doug has had nine useful years of scouting, played last summer in a band called the "Wanderers," took part in the Junior play, played in the Freshman basketball team, and in the summer player softball.

Think this Senior ever has a boring time? Never, not this guy! If there's nothing better to do, he can take any small piece of conversation and make it interesting.

Kearns. His name will be engraved on the permanent trophy that's kept in the show case by the office.

Mr. Scranton introduced Mr. George Prieskorn, who coaches the golf team. Mr. Prieskorn gave certificates to Jim Cook and Bill Houghton for their work on the team.

Track was next on the list. Mr. Korowin, their coach, gave letters or certificates to George Bufford, Gary Cuthbert, Gary Foster, Karl Wollenhaupt, John Hayne, Fred Kallenbach, Pat Faulkner, and Cliff Ritter.

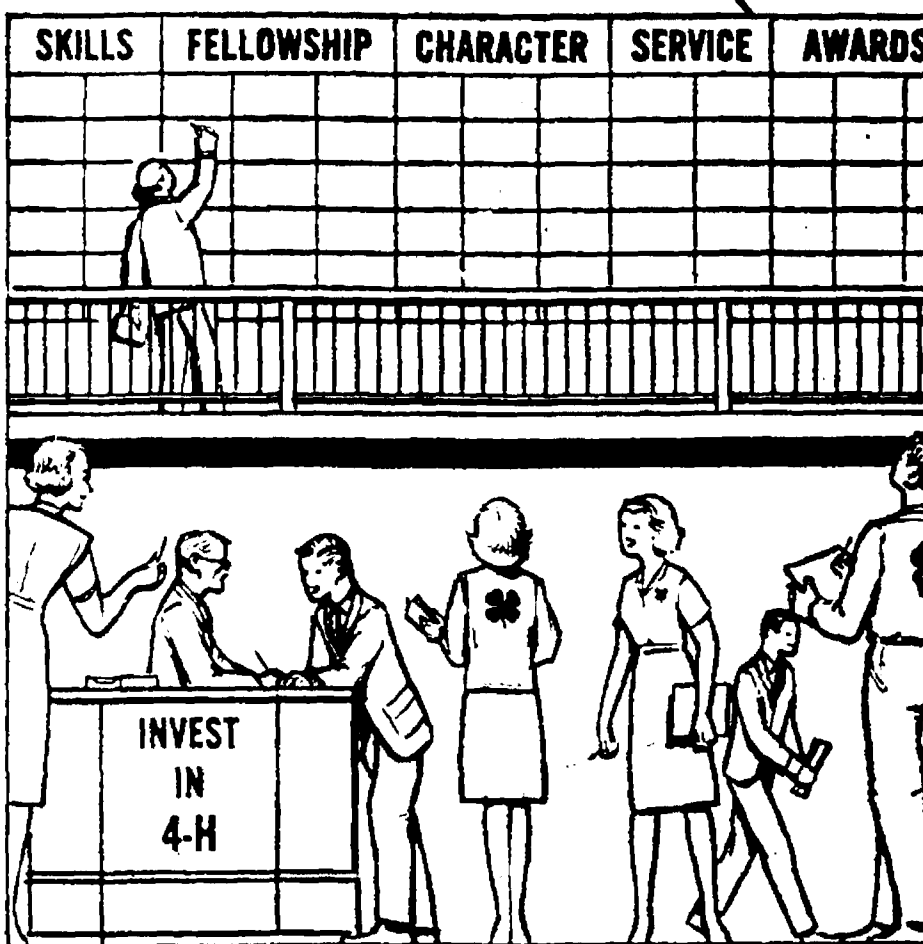

Last of the honors awarded were to the baseball participants. These were awarded by their coach, Mr. Stewart. He awarded certificates or letters to Pat Faulkner, Doug Zimmerman, Hank Gallup, Dave Williams, Ken Luttomoser, Larry Eikhoff, Dave Anderson, Joe Keagrins, Jim Funch, Mike Stellwagon, and Cliff Ritter.

After all the awards had been handed out, the next thing on the program was the presentation of the class gift to the school. Joe Kearns made the presentation to Mr. Lawson. The gift this year to the school is an Electric Photocopying Machine.

Then came the ceremony of handing the gavel to the president of next year's senior class president. Joe Kearns, this year's president handed the gavel to Jim Brown, the president of the class of '66.

With the serious part of the program ended, the time for funning began. This was done in the form of a skit. It took place at a World's Fair, sometime in

## Invest TIME in... 4-H CLUBS

It pays to stay in 4-H. In fact, membership of 4 to 10 years has paid off handsomely for thousands of Head, Heart, Hands and Health youth throughout the 50 states, reports the National 4-H Service Committee.

The tangible benefits are fourfold, a Committee spokesman said. Continuous membership affords (1) learning new skills and methods (2) opportunities for fellowship and community service (3) good chance for self-improvement (4) recognition.

Through project work, boys and girls between 9 and 19 years of age learn how to grow things, make things, show, teach and sometimes even consume the results of their labors. They also gain experience in buying, selling and saving.

**Concerted Planning**

All of this did not just happen. The nationwide 4-H Club movement is the result of more than a half-century of planning, expanding, changing and evaluating the program to meet the needs of youth. The Extension Service, part of every land-grant university, cooperates with the U.S. Department of Agriculture in structuring 4-H activities.

Since 1921, the National 4-H Service Committee has taken leadership in securing funds from private business sources for awards, educational literature and technical aid.

Fifty-seven businesses and foundations are currently providing such funds, said Norman C. Mindrum, director of the Committee.

**\$1.8 Million Budget**

A budget of \$1.8 million will be used by the Committee this year, he added. Included are funds for 265 scholarships and fellowships; 1,300 educational trips; 195,250 honor medals; 14,300 miscellaneous rewards, and many supplementary services to 4-H.

Among the donors are:

- Allied Chemical Corporation-Arcadian Products Dept., American Forest Products Industries, Inc., Armour and Company, California Chemical Company, Ortho Division, Chicago Board of Trade, Coats & Clark Inc., John Deere, Eastman Kodak Company, Eli Lilly and Company, Ford Motor Company Fund, General Foods Corporation, Healdorf & Nelson Farms, Inc.
- Also, HomeLife, A Division of Teton Inc., Kerr Glass Manufacturing Corporation, Massey-Ferguson Inc., Moorman Mfg. Co., Olin Mathieson Chemical Corporation, The Pure Oil Company, Ralston Purina Company, Simplicity Pattern Co. Inc., The Singer Company, The S&H Foundation, Inc.
- Five railroads have supported 4-H almost from its inception. They are: Santa Fe Railway, Burlington Railroad, Milwaukee Road, Chicago and North Western Railway and Illinois Central Railroad.

Besides those listed above, 30 additional corporations annually contribute funds to the Committee to aid 4-H members and volunteer leaders.

## Awards Assembly

On Tuesday, May 1, an awards assembly was held for the Freshman, Sophomores, Juniors, and some Seniors during 1st and 2nd hours. Mr. Lawson opened the assembly with a few remarks and then read the names of the boys and girls who had perfect attendance for the year. Eleventh grade: Donald Beach, Luanne Eikhoff, William Ernest, Sherry Fisher, Donald Herbst, Mark Hierlihy, Carol Krause, Richard Leitz, Harry Maltby, David Nauenburg, Thomas Tarrant, Thomas Trebesh, Sharon Voorhis; tenth grade: Tony Bair, Donald Eikhoff, Patricia Fisher, Elzora Holland, Eric Hurst, Marcia Jacoby, Paul Keckonen, Alan Merkle, Robert Pelkey, Sharon Prieskorn, Douglas Young, Denise Hargesheimer; ninth grade: Steve Anthony, Cynthia Antieu, Keith Bufford, Donald Carney, Karen Clore, Chester Cramer, Beverly Henry, Sue Hood, Nancy Kimble, Michael King, Patricia Lanning, Cindy Lee, Madden, James Mercer, Larry Rockwell, Daniel Schmidt, Dawn Schoeppey, Troy Small, Michael Todd, Michael Trebesh, Lucy Visel, William Wright.

He next introduced those who had kept honor grades — making the honor roll every marking period. Eleventh grade: Alyson Arnold, Bob Cameron, Brenda Conely, Jeanne Davis, Luanne Eikhoff, Marvin Green, Brenda Gruber, Cheryl Harvey, Mike Kluck, Richard Musch, Greg Park, Mary Schoen; tenth grade: Tony Bair, Joanne Baker, Jean Bowditch, Don Eikhoff, Margaret Funsch, Tom Grostieck, Rick Hite, Kaye Hood, Paul Keckonen, Sue Lawrence, Christine Lorenger, Mike Lueker, Alan Merkle, Betty Mitchell, Ed O'Brien, Bob Pelkey, Sharon Prieskorn, Helen Ranzenberger; ninth grade: Jane Birkelbaw, Tim Bowditch, Karen Clore, Phyllis Crane, Dennis Green, Walter Gyr, Chene Harbron, Sue Hood, Sharon Keeney, Kathy Lueker, Cindy Lee, Madden, Marsha Rawski, Larry Rockwell, Gary Roe, Kevin Rosswurm, Dan Schmidt, Anne Schutz, Bob Springstead, Sally Tuthill, Linda Veno, John Weatherly, William Wright.

Luanne Eikhoff and Brenda Gruber of the 11th grade had all A's.

Two girls, Brenda Gruber and Luanne Eikhoff, were given charms for maintaining all A records for their three years in high school.

Miss Hutchins presented the art award to Judy Gillespie (Senior); Mrs. Herbst named Ricky DeMarco for his outstanding library work; and Mrs. Ikens gave recognition to Doug Farley for exceptional performance as annual photographer.

Under Mr. Schutz directions, Terry Grostieck installed the Student Council officers for next year. Greg Parks, President; Larry Flowers, Vice President; Sue Stine, Secretary; Denise Hargesheimer, Treasurer.

Presentation of Spring Sports certificates and letters concluded the assembly. Mr. Prieskorn gave letters for golf to Mike Lueker, Hank Gorden, Rich Musch, Paul Taggart and Tim Pearsall. Certificates were given to: Terry Warner, Ken Graham, David Nauenburg, Bob Kotheles, Don Schreier, Jim Cook, and Bill Houghton.

Mr. Vogel gave certificates to J.V. base ball players Roe, Ragsdale, and Merkle. Letters were given to Luttomoser, Ritter, Lietau, Flaherty, Perry, Schmidt, Villorot, Kearns, Matthews, Arnold, Springstead, Carrick, O'Brien, Atwood and Rosswurm.

Mr. Stewart presented letters to varsity base ball players Bruce Evenson, Kenny, Don Herbst, Larry Flowers, Bob Cameron, and Tom Grostieck. Certificates were given to Ron McFarland, Ken Luttomoser, and Larry Eikhoff, Manager.

Mr. Korowin gave letters to track men: Don Herbst, Harry Maltby, Jesse Mossgrove, Tony Bair, Jerry Bair, Dave Grob, Dennis Kosakiewicz, and Bill Wright. Certificates were given to Dave Barton, Tom Cheno-weth, Kirk Davis, Walter De-bring, Walter Gyr, Terry Henson, Richard Hyme, Mike King, Jack Padley, Robert Pelkey, Kevin Rosswurm, Dave Smith, Dennis Vesper, Rick Wellman, and John Lasky.

## Senior Profile

-Bob Johnson

By Ken Cook

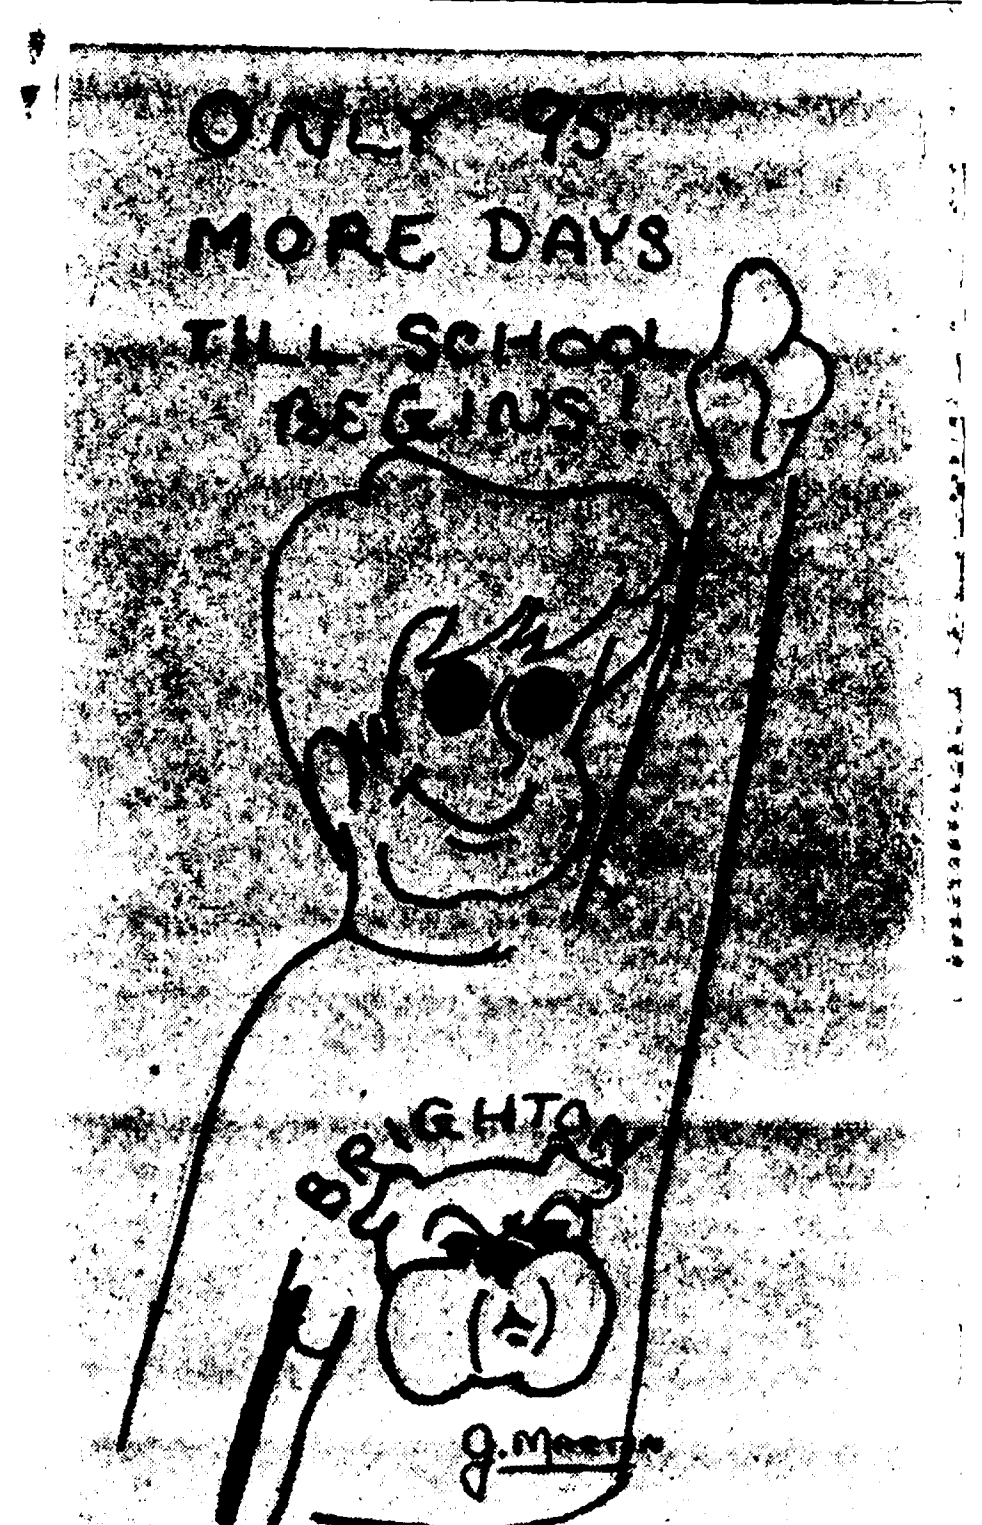

Your Senior of the Week Bob Johnson or B.J., the lanky lad known to his friends as "Bones." He lives at 613 Briggs Lake Drive with his mother and father and his little brother, Don — a sophomore.

Bob is a very busy boy with government, English, trig, mechanical drawing, and physics. He has plans for attending college but he isn't sure which one.

Most noon times, you will see Bob running to his 1965 Valiant headed towards the Dairy Bar to order his favorite lunch, hamburgers and french fries.

Bob has been very active in our well known roller rink. He is a roller-dance instructor or that is he teaches dancing on skates. Have you tried it this gliding on wheels?

Bob is now working at the Standard Station.

Congratulations are being extended to newly elected officers of the Senior Class of '66.

President—Jim Brown  
Vice President—Tom Trebesh  
Secretary—Ruth Tuthill  
Treasurer—Cheryl Harvey  
Student Council Representatives—Don Sheer Penny Bradley

At the Past-A-Rama, the tourists, Audrey Matthews, Todd Leutz, and Judy Gillespie were told the History of the class of '65 through high school by Kathy Cameron and Linda Pearsall.

Next, the tourists went to the information booth run by Terry Grostieck and Linda Pelky to find what had happened to their classmates between 1963 and 1975.

Next, because of a lost sweater (lost 10 years ago) the tourists went to the lost and found. The proprietors were Pat Faulkner and Chuck French. They listed the items the Seniors had left, and to whom they had left them.

Just as they were to leave, they met the souvenir vendors, Dennis Mayo and Gary Cuthbert. They gave souvenirs to the '65 Seniors to remember BHS by.

After looking at the souvenirs, the tourists decided to leave the fair. Thus ended the class day skit.

The class then sang their class song. It was to the tune of Around the World. George Bufford led the class.

The sponsors of the class of '65 are Mrs. Levine and Mr. Jerczyk.

Mr. Lawson dismissed everyone without the Seniors marching out because of lack of time.

## Obituaries

**GERALD R. KLECKER**  
Baby Gerald R. Klecker, 2627 Hunter Road, Brighton, passed away Thursday, June 3 following a short illness. He was born March 22, 1964 in Howell, a son of Roger and Judy Shimek Klecker.

Cemetery, Brighton with the Rev. Fr. Brendan Ledwidge officiating. Arrangements were made by the Keen Funeral Home.

### RONALD A. VISEL

Ronald A. Visel, of 10435 E. Grand River, Brighton, passed away early Thursday morning at St. Joseph Mercy Hospital, Ann Arbor following an automobile accident. He was born Nov. 18, 1941 in Ann Arbor, a son of Clarence and Rosemary Dean Visel.

Ronald was a graduate of Brighton High School and had

attended Western Michigan University at Kalamazoo. He had served with the US Air Force from 1960-1964, receiving his discharge in Sept. 1964. He had served part of the time in South Vietnam.

Surviving in addition to his parents, are two brothers, Lawrence of Brighton and Richard of Kalamazoo, two sisters, Linda of Ypsilanti and Rosemary at home, his grandparents: Mr. and Mrs. William Visel of Ann Arbor, Mr. and Mrs. Laurel Goe of Gowen, Mich. and Mr. and Mrs. George Walker of Whitmore Lake.

Funeral Services were held at 10:00 A.M., Monday, June 7 from St. Patrick's Catholic Church, Brighton with the Rev. Fr. Leo McCann officiating. Burial in Washtenaw Memorial Park Cemetery, Ann Arbor. Arrangements were made by the Keen Funeral Home.

Once a float is used in the Mardi Gras parade in New Orleans it is never used again.

Willow Run Laboratories of The University are known for development of a "side-looking" radar and a "lensless" camera.

### Promoted

G. Ferich, son of Mr. and Mrs. Emil Ferich of 1212 Brighton Lake Road, Brighton, Mich. has been promoted to airman second class in the U.S. Air Force at Loring AFB, Maine.

Airman Ferich is an air policeman in a unit that supports the Strategic Air Command mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

The airman is a graduate of Brighton High School.

### Lake Ship Starts Season June 11

The opening of the 1965 Service across Lake Michigan between Milwaukee and Muskegon will be June 11, the first sailing from Muskegon.

The CLIPPER ship across Lake Michigan eliminates 275 miles of congested driving around the southern end of Lake Michigan. Driving east or west, the CLIPPER route forms the connecting link between trans-continental highways at Milwaukee and Muskegon. The CLIPPER provides the only auto tourist service between Milwaukee and Muskegon, covering the distance of 85 miles in six hours.

### MISS TRUDY FORAKER

Miss Trudy Foraker of New Castle, Dela. has been assigned by the University of Michigan Hospital for a two-week dietary internship at McPherson Community Health Center.

The Health Center was chosen by Miss Grace L. Stumpf, Director of Dietetics at The University Hospital, for small hospital experience for her interns. This is part of a varied one-year internship which provides experience in public health and children's dietary problems in addition to the major portion

of the time spent in Ann Arbor. Miss Foraker is a graduate of William Penn High School in New Castle and has her Bachelor of Science degree from the University of Delaware. She worked last summer in Walter Reed Hospital, Washington, D.C. before coming to Michigan for her internship.

Her particular interest is in administrative dietetics in industry. She also likes to travel. After graduation, she believes an ideal arrangement would be one in which she could combine the two interests.

### MARY HAD A LITTLE DEER

Little Mary Ellen Holmes is shown here with a new-born fawn, which will grow up to be her pet. The little buck was one of a set of triplets born on her grandfather's farm, north west of Brighton.

The farm, that of Tholan Wiles, located at 4500 Fausett Road, is one of those rare places where wild animals seem to feel perfectly at home. The Wiles' have several deer, a pair of elk, a strutting peacock, guinea hens, and many ponies. The doe will be able to take care of the remaining two fawns, while the third and the weaker of the three, will be bottle fed by Mary Ellen's parents.

Mrs. Lois Wiles said that a

very unusual thing happened during the birth of the triplet fawns. Buck deer, according to Mrs. Wiles, are supposed to be very unfriendly to new born fawns, even to the extent of trampling them to death, but this proud father, sensing perhaps that the birth of triplets was indeed an occasion, came to the mother's aid, and assisted her with his babies first bath.

"Mrs. Wiles also reported that the Elk, which were brought to the farm only last fall, will be soon adding a baby to the menagerie."

The animal pens are located right next to the road, and visitors are always welcome.

### Obituary

Thomas K. Trumbull, 50, of 7580 Noreen Dr., Hamburg, died Saturday at West Branch, Mich.

He was born April 24, 1915, a son of Raymond E. and Helen Lambert Trumbull.

Mr. Trumbull was a veteran of World War II.

He is survived by his wife, Marie; three sons, George of Brighton and Tom Jr. and Terry, both at home; three daughters, Mrs. Edward Lata of Brighton, Mrs. Jack Thacher of Southern Michigan and Jeanne, at home; four grandchildren, his parents, of Kalkaska, Mich. and a sister, Mrs. George Housner of Whitmore Lake.

Funeral services will be conducted at 2 p.m. Wednesday in the Keen Funeral Home of Brighton, the Rev. Charles Michael officiating.

Graveside services in Hamburg Cemetery will be conducted by Jesse B. Cooley Post No. 235 of the American Legion.

Friends may call at the funeral home.

A unique feature of one of the world's fastest growing Ministerial societies is that it never "graduates" its ministers. "Christian development never ends and the Christian Minister can always grow to greater spiritual maturity," according to James P. Szazama, presiding minister of the Brighton Congregation of Jehovah's Witnesses.

For that reason the organization provides a continuous training program of activity for young and old. A featured part of the program is to be a three-day conference of Jehovah's Witnesses, scheduled for June 11-13 in Charlotte, Michigan.

Mr. Szazama pointed out "One of the requirements for every Christian that is set forth in the Bible is that he be qualified to teach."

According to Mr. Szazama, Jehovah's Witnesses conduct a regular schedule of five weekly classes in all their congregations. Their goal is to develop each believer into a preacher and teacher. All th meetings at Charl will be under the direction of Mr. J. W. Fison, a special representative from New York.

## Paper a Product Of Ancient China

The invention of paper in 105 A.D. brought honor to its creator and the promise of death to any foreigner who sought the secrets to its manufacture. Artisans who made it and scholars who used it alone were privy to its process, the American Paper Institute notes.

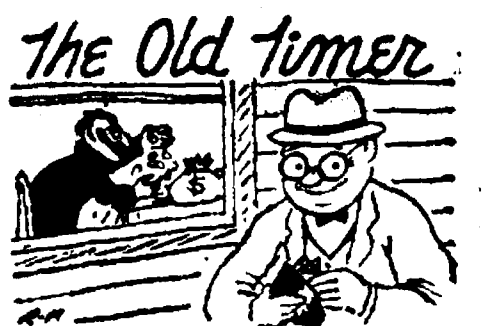

Its development reportedly came about when Ts'ai Lun, a eunuch in the court of Ho Ti, emperor of Cathay, was ordered to devise and produce a writing material that would take the place of bamboo strips that were clumsy, and silk that was expensive.

He came upon a process that was simple and a product that revolutionized communications, spreading far and wide the knowledge and culture of his nation. One court official had a library of 50,000 books made of paper.

The precise nature and length of his labors are lost to history, but there is no doubt that he analyzed all of the existing methods and raw materials known to Cathay (or China, today) in his search. Finally, after numerous experiments he arrived at the technique of shredding the bark of the mulberry tree, mixing it with minute fragments of linen and scraps of hemp, all saturated in water. He then beat this mixture until most of the water had been extracted, and laid the flat, smooth sheet in the sun to dry. For his ingenuity, he was elevated to the rank of Marquis, in 114 A.D.

Cathay was the center of the papermaking industry until the middle of the 8th century, when the Muslims, in their sweep through Western Europe and penetration into Asia, captured a complete paper-making factory in Samarkand in 751. The facilities were turned to producing paper for the invader and later in 794 A.D. a paper-making plant was established in Baghdad, others appeared in Spain and Sicily.

By 1268 paper was being manufactured in Fabriano, Bologna by 1282, Cologne in 1320 and Nuremberg, 1390. Paper, by 1400 had replaced, in great measure, parchment. But it was to be another 290 years before paper was manufactured in the Colonies—at Wissahickon Creek, near Philadelphia, by William Rittenhouse and William Bradford.

"Years ago, a man who saved his money was a miser. Today he's a miracle worker."

Yet am I with you in the spirit... beholding your order. —(Col. 2:5)

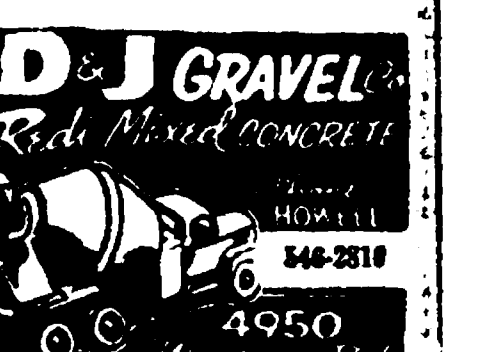

God blesses us with order, and we have plenty of time. We live in eternity. It is the right use of this particular moment in which we are living that is important. If we fill this moment with constructive, positive thought, word or action, we need not be concerned with the next day, month or year. Let's live in the now.

## Obituary

PINCKNEY — Mrs. Mary Bobal, 90, of 7240 Bentley Lake Rd., Putnam Township, died yesterday at her home.

She was born June 12, 1875, in Austria, the daughter of Peter and Mary Kotula, and was married to Paul Bobal in Putnamtown, Pa., in 1903. Mr. Bobal died in 1917.

Surviving are four daughters, Mrs. Ann Sorokacs of Russellton, Pa., Mrs. Mary Timeo of Garden City, Mrs. Alice Chapman and Miss Betty Redding, both of Pinckney; 30 grandchildren; 65 great-grandchildren and four great-great-grandchildren.

A funeral mass was conducted by the Rev. George Horkan Saturday morning at St. Mary's Catholic Church in Pinckney. Burial took place in St. Mary's Cemetery. Friday evening at Swarthout Funeral Home, the rosary was recited.

## Pinckney People

Bernard McCloskey is visiting here from his California home, and will be here another week, or so. He is staying with Ray Burns. He is a former graduate of P.H.S. with the Class of 1914. He owns a barbering business in California.

Reggie and Mary Krahn and their family spent Saturday at the Detroit Edison Company picnic held annually in the Huron River Metropolitan Park near Dexter. This always proves to be a "large day" especially for the kiddies.

Certainly sorry to hear Bryan Baughn has been so ill with those miserable measles lately. He began coming down with them the night of graduation and missed seeing brother Larry get his diploma. One thing for sure, Bryan, summer vacation can only get better for you! At least I hope so!

"Happy Birthday" to Jane Hendee! Her day was June 3.

Mrs. Roy Yost is sitting home these days nursing a broken knee cap. She was in the hospital for nearly two weeks. Hope by now, she is feeling better!

Monday night Jeanne and I went to a top-ballet dance recital in Howell. We thoroughly enjoyed seeing Jeanne's little cousin, Cindy Gilbertson, and two little friends, Karen Graf and Dawn Weese, do their ballet number. As Jeanne put it, the girls were "dumpling!"

It seems to be that time of year for recitals. Christine Line was in piano recital May 27, and Jean Line played in one last weekend.

## Disturbing Calls

Letter to the Editor:

Many disturbing telephone calls have reached me concerning the past 1965 Agriculture Census, of which I was "crew leader" for all of Livingston County and southeastern Genesee County.

Many farmers and non-farmers have received letters from Jeffersonville, Indiana, and even Wisconsin, notifying them that the Commerce Department has not received a census from them and they request those persons to fill out a census sheet and promptly mail it to them immediately.

I know in several instances, that I personally mailed some of these forms from some who are receiving the letters, and I can personally vouch for thorough work completed by the enumerators working under my jurisdiction.

I suggest that anyone receiving a letter of this nature, to simply write on the census form A-1, that they have already filled it out, or that they are non-farmers, and then mail the information to Jeffersonville, Indiana. If you receive further letters — then please, contact me. I shall then do my utmost to straighten the matter out for you.

Anyone wishing to contact me, call 878-3680 evenings after 7 p.m. If I am not home, leave a message and your name and telephone number, and I shall contact you.

Sincerely yours,  
Clement (Ken) N. Charbonneau

## Nostalgia Class of '65

The following poem was submitted for consideration for the 1964-65 P.H.S. annual Yearbook.

John Haas, a member of the yearbook staff, is responsible for the poem. He refers, of course to the 1888 section of the high school building which is soon to be torn down. While John's consumption was not chosen for the Annual— we do feel it merits a few readers— What do you think?

Think of the ceilings with plaster all falling;

Think of the stair way so shaky and old.

Think of the lockers that . . . DON'T;

Think of the showers that . . . WON'T;

Think of the steam pipes that . . . DO.

Think of the classrooms . . . TOO FEW;

Think of the roof that . . . LEAKS;

Think of the floor that . . . SQUEAKS.

Think of the gym . . . HOW COLD.

Think of the quipment . . . SO OLD.

Think now of good friends held dear.

Think over these four short happy years.

Think and remember that these were the best

And we're glad that we spent them at old P.H.S.

## The Siamese Twins

This newspaper and local business are like Siamese twins—inseparable. Advertising is essential to the businessman; the revenue we receive from advertising is essential to us.

Without advertising to pay for the paper, ink, lead, and labor that goes into each issue of The Dispatch, our pages would have to be sponsored by a political faction or party.

We make no bones about it, advertising is our bread and butter. If you advertise with us, you are helping us to provide you with better coverage of the news, with a better layout for the newspaper with more correspondents.

Your newspaper can be the core of your community, the center of your economic welfare if you will help by lending it your support. We can only be as strong and steadfast as the people who help to pay for the publication of these sheets.

We can help local business to thrive and grow. Advertising can help us to grow along with it.

The Merrick (N.Y.) Life said it better than we can:

"The Community Newspaper: the glue that holds a community together and the spur that helps keep it moving forward."

## Game Seasons

**DEER** — The archery season is from early October to early November. The general firearm season begins in mid-November and continues through the month. When authorized by the Michigan Conservation Commission, antlerless deer may be taken by holders of special permits.

**BEAR** — There are special bear seasons in September and October, but the greatest number of bear are taken in November when the firearms deer license allows a hunter to take one deer and one bear.

**ELK** — These big animals were hunted for the first time in December, 1964 by a select group of 200 hunters. Another special season is planned in 1965.

**MOOSE** — No hunting season. **WOLVES, COYOTES, AND FOX** — Fair game at any time of the year.

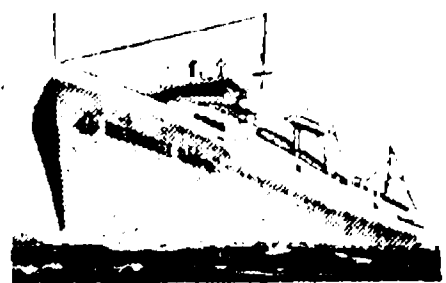

**SQUIRRELS** — Gray and black squirrels are legal game in Michigan. Fox squirrels may be hunted in the lower peninsula, but not in the upper peninsula.

**RABBITS** — Check the Michigan Game Law Digest for details on seasons for these and other animals. A copy may be obtained by writing the Michigan Tourist Council or Michigan Department of Conservation, Stevens T. Mason Building, Lansing, Michigan, 48926.

**Flag Day June 14**

June 14, 1965 will mark the 190th year of the United States Army's founding as the Continental Army. It was on this date in 1775 that the Second Continental Congress authorized the raising of ten companies of expert riflemen, six from Pennsylvania and two each from Maryland and Virginia.

By resolution of the Continental Congress, the Stars and Stripes came into being as the Flag of the United States on June 14, 1777.

On June 14, the United States Army, senior service of our Armed Forces, will join in the annual Flag Day tribute to our national colors and at the same time celebrate its 190th birthday.

The resolution establishing our Army is as follows:

RESOLUTION OF THE CONTINENTAL CONGRESS, 14 June 1775

Resolved that six companies of expert riflemen be immediately raised in Pennsylvania, two in Maryland, and two in Virginia; that each Company consist of a captain, three lieutenants, four sergeants, four corporals, a drummer or trumpeter, and sixty eight privates.

That each Company, as soon as completed shall march and join the Army near Boston, to be there employed as light infantry, under the command of the Chief Officer in that Army.

That the pay of the Officers and privates be as follows vis, a captain at 20 dollars per month; a lieutenant at 13 1/2 dollars; a sergeant at 8 dollars; a corporal at 7 1/2 dollars; a drummer or (trumpeter) at 7 1/2 dollars; privates at 6-2 3 dollars; to find their own arms and clothes.

That the form of the enlistment be in the following words:

I, \_\_\_\_\_ have this day, voluntarily enlisted myself as a soldier in the American Continental Army, for one year, unless sooner discharged; And I do bind myself to conform in all instances to such rules and regulations as are, or shall be, established for the government of said Army.

Upon motion, Resolved, that Mr. (George) Washington, Mr. (Philip) Schuyler, Mr. (Silas) Deane, Mr. (Thomas) Cushing, and Mr. (Joseph) Hawes be a committee to bring in a draft of Rules and Regulations for the government of the Army.

The Army will recall with pride the accomplishments represented by the 145 battle streamers attached to its U. S. Army Flag. Army personnel will renew their pledge to continue in the historic traditions since that day in 1775 when our Army came into existence.

In keeping with these traditions, it has performed tasks of the greatest importance to the people of America and in defense of the freedom for which our Nation stands.

The Army's battle record has been clearly written across the pages of history for those 190 years. In peace its record of achievement has been fully as important, contributing to the development and growth of our country and to the welfare of its people. The primary mission of the United States Army continues today as always, "To defend the United States against all enemies whomsoever."

**Record for Spending**

Based on the current status of legislation, the First Regular Session of the 73rd Michigan Legislature will be long remembered. It will be remembered for the highest state spending program in Michigan's 128 year history. It will be remembered for the unprecedented new costs imposed on the job producers and job providers in the state. It will be remembered for its lack of attention to even a reasonable degree of fiscal restraint at a time when moderation would seem in order. It will be remembered for its impact on the creation, production and retention of jobs for an ever expanding labor force. Whether that memory will be pleasant or repugnant will be determined by what happens to Michigan's industrial expansion during the next few years.

To date, either one or both Houses of the Legislature have legislated steeply increased costs on busi-

ness. Two major legislated costs that have been or are destined to be enacted are:

... the extension and expansion of the workmen's compensation program — to include employers of one or more persons and increasing the insurance premiums paid by employers approximately 45%.

... the extension and expansion to employers of one or more persons of unemployment compensation — (thereby bringing 60,000 new employers under the program) and increasing benefits which potentially can result in increased taxes on currently covered employers.

Michigan business has worked closely with the legislature in these two areas of employer responsibility. The legislature was responsive to employer expressed problems. Subsequent compromises resulted in relatively sensible conclusions. Although new costs of these two programs are higher than preferred by business, they have been accepted with a minimum of protest because the voice of business was at least given practical consideration. However, strong protest is directed at both the method and content of the House action on Friday, May 28, when a Business Net Income Tax was passed by a vote of 76 to 9 and given Immediate Effect. This measure, H.R. No. 2014, changes the Business Activity Tax to a BUSINESS NET INCOME TAX.

This bill:

- Increases substantially the tax liability of Michigan's large job producers by doubling their tax burden — or more.

- Penalizes those taking the risks in producing or selling a product, rendering a service or providing employment for others.

- Places the onus of paying for increased state spending and political programs on those who produce a product or render a service.

- Takes from some to pay the tab for that which has been "given" to other segments of society.

- Makes Michigan less competitive with other states.

- Places an additional — and, perhaps substantial — burden on small business.

- Is discriminatory and aimed at those who choose to engage in a business for profit.

- Sets a maximum "tax free" salary of \$7,500 for the owner or partners of an unincorporated business or profession, while not taxing those who work for others.

- Results in a personal income tax for some farmers, most single proprietors, partnerships and professional persons.

- Says in effect that \$200 annually, or \$16.67 monthly, or \$3.85 weekly, is the net profit a business is entitled to for the risks involved before it is subject to a state business income tax.

- Is designed to pluck the most feathers with the least amount of squawk.

- Reverses the federal tax policy of relieving the business tax burden so as to encourage expansion.

- The 5% rate is higher than has been advocated in previous major tax programs.

- Evades the question of genuine tax reform.

- Makes no modification of the corporate franchise tax.

- Pleases the states with which Michigan must compete for the retention, expansion and attraction of jobs.

**Past Heroes**

The marching feet of Michigan men turned towards home 160 years ago.

The Civil War years were over. They had fought in all the major battles of that conflict. They had taken part in the two-day Grand Review down Washington's Pennsylvania Avenue in late May when 150,000 men participated in the final pageant of the war.

They returned home to resume where they left off when they joined the fight to save the Union. Some returned to interrupted studies.

Among those who went back to classes were the young men of Michigan State Normal School at Ypsilanti, now Eastern Michigan University.

Today that school's part in the Civil War is recalled by a worn marble tablet on the northeast corner of Ford Hall, says Jerry E. Fisher, Automobile Club of Michigan touring manager. Thirty names on the tablet are those of students who were killed in action. Still others died of disease while in service.

College records show that approximately 160 students at Michigan State Normal enlisted during the war. Fisher says. Of these, some 38 returned to classes, graduated and took roles in community and business affairs.

Samuel S. Babcock was among them, Fisher noted. He became superintendent of schools at Howell, Greenville and Mount Clemens, a member of the Michigan State Board of Education and an attorney in Detroit.

Another was O. B. Curtis, who lost an arm at Fredericksburg and was discharged in March, 1863. He graduated from the University of Michigan in 1865.

**FLAG DAY**

Behold, its streaming rays unite,  
One mingling flood of braided light;  
The red that fires the southern rose,  
With spotless white from northern snows,  
And, spangled o'er its azure, see,  
The sister stars of liberty

Then hail the Banner of the Free,  
The starry flower of Liberty!

—Oliver Wendell Holmes  
(1809-1894)

**★ MICHIGAN MIRROR ★**

Highly populous Midland, Bay and Saginaw counties will soon be one step closer to the long-sought degree-granting public institution of higher learning.

Some problems are still to be solved, but legislative authority to put state funds behind such a college should ease some of these.

Many years and many people have been involved in the fight to get a state college established in the Delta area, which State Rep. William Boos, D-Saginaw, says is one of two areas of this size in the country not already served by a four-year institution.

State funds could be forthcoming as soon as backers of the college plan raise \$4 million from private sources. Site selection is still in question.

This local-state initial financing combination has been used only once before in Michigan but legislators viewed it as a means to determine when real local support exists. Grand Valley State College was started in the same way.

The 11th state-supported college is viewed in the Saginaw Valley as the answer to a long-standing need. The area has been served for only one year by a private four-year institution.

A group of residents established the private Saginaw Valley College because they had given up hope for legislative approval after the several years of haggling over whether a four-year college was really necessary.

**MORE CAMPUSES**  
Camping travelers are expected to once again reach record numbers this summer and fall but state officials expect to be ready to meet the demand.

More than 1,100 new campsites are available at state parks and state and national forest campgrounds. This brings the total sites available to more than 15,600 including those in county and township parks.

Campsite permit issues last year reached a record 3.1 million and another 50,000 camping groups were estimated to have been turned away for lack of space in 1964. This was in state parks alone, where the permits are required.

Free facilities, varying in the amount of convenience, accommodate thousands more annually at the forest areas and local parks.

Uncounted numbers of camping families and groups also have free access to some 7 million acres of public forest land in the northern portion of Michigan. Campsites are not specifically designated there.

**REPAID 5%**

"People in Michigan who cry for more and more federal aid with the excuse that Michigan taxpayers cannot stand the cost should find food for thought in figures showing how much the state gets in federal grant programs," says a Michigan Farm Bureau spokesman.

Robert E. Smith contends that Michigan, as a rich state, can pay its own way at less cost and with considerably less red tape than through many of the federal grant-in-aid programs now in operation.

Latest statistics show Michigan received some \$388,725,000 in federal grants during the 1963 fiscal year. This included aid for highway construction, public assistance, hospitals, schools, public housing, surplus food distribution and conserva-

**Thomas Sharpe****Reports**

Now that the first two legislative deadlines are behind us, and the range of legislation for this year fairly well defined, I think it would be a good idea to pause long enough to map the route over which this enthusiastic, Democratic-controlled legislature is taking the people of Michigan.

The financial outlook is anything but bright. Under proposed spending levels and under the existing tax revenue structure, the state's general fund could—in three short years—go from record surplus to record deficit.

If you are a farmer or a small businessman, you should not only hold on to your hat, but your pocketbook as well. This Democratic legislature has plans for you that will make pickers out of any previous legislature.

Last week, in an attempt to raise at least a token offering toward this new, all-time dimension in state spending, the Democrats hurriedly rammed through a property transfer tax, which actually constitutes another tax on the owners of real estate—in site of the long-recognized need for cutting, not raising property taxes. The House also approved the first state income tax by replacing the business activities tax with a 5 percent levy on net business income, with an exemption of \$7,500. This accomplishes little in relieving the unfair share of the total tax bill now picked up by business.

Coupled with this, there is the already-enacted liberalized Workmen's Compensation bill which will hike employer insurance premium costs by about 45 percent, and the bill broadening unemployment compensation benefits which has already passed the House and is now before the Senate—which will add another 22 percent cost increase.

What is the thinking behind all of these spiraling expenditures and special interest legislation?

Perhaps it was best expressed by a new member of the House Ways and Means Committee as he recently emerged from a Committee meeting—"We just spent more money in three hours than King Farouk spent in a lifetime. It was uplifting."

Or by one of the Senate leaders who stated, "This session of the Michigan Legislature is dedicated to accomplish more in the area of social and labor legislation than all of the combined previous legislatures of the past two decades."

The time is long past for the people of Michigan to become aware of what is transpiring in their state government.

**Letter to the Editor**

Dear Sir:

Often times we humans are more prone to voice our criticisms openly and more loudly than that which we approve. I have only words of commendation to offer at this time.

On Saturday morning (May 29th) of Memorial week-end our car broke down on the highway near Bishop Lake where we were camping. A Brighton resident Mr. Richard Lane of 721

Nelson, and his son stopped and assisted us. He insisted on taking our family of five into his own home where his wife greeted us with opened arms and heart and welcomed us as old friends.

We spent about 3 hours at their home during which time Mrs. Lane put the coffee-pot on and prepared lunch. Mr. Lane took our three children out on a long hike and showed them the sights and also gave them a lesson in nature-study.

Our hats off to the wonderful family of Lanes!

**VOTERS  
of The Brighton Area School District**

AC 9-2051

Every registered voter of the school district should have an interest in the election. New thinking is needed on the school board if problems facing the board are to be solved promptly and wisely. Brighton needs a dollar of educational value for every tax dollar spent.

We, the undersigned, are convinced that LOUISE WARREN and LEO KUJAWA offer the best qualifications to the voters and should be supported by all citizens interested in better schools. We invite you to join with us in supporting better schools for the Brighton area.

## Hartland School News

One of the questions to be decided in the 1965 Annual School Election on June 14th this year is approval by the electors of the district for the Board of Education to levy six mills extra-voted for the operation of the schools. This is an increase of two mills over the present levy of four mills extra voted that expires this year. Reasons given for the increase in millage asked is for ever increasing operational costs, and for improvements in the educational program.

Increased costs are due in part to substantial increases in the teacher salary schedules. In order to hire good teachers, salaries must be kept competitive with other schools in the area and the state. Good educational programs result from good teaching by good teachers. Other school employees should also be paid reasonable salaries for the services they render, for these are vitally important people in the day-to-day operation of the school.

Sufficient money should be available for adequate supplies and equipment for today's teaching needs. It is hoped that improvements in the educational program can be affected by the additional purchases of equipment in some of the specialized areas of teaching. This would include more and better equipment in the sciences, business education, vocational education, and other areas. More and more equipment is needed to provide adequate teaching experiences and is becoming more costly each year.

Other improvements in the educational program are to be affected; at least three teachers are to be added to the staff in the junior high and high school. This will decrease teacher loads and add subject areas to the curriculum. Additional teachers in the elementary school are necessary to bring classes down to the desirable sizes.

It is the belief of the Board of Education that the boys and girls of the school district are entitled to the best educational program that it is possible to give them, and one that is on as equally as high a level that is available in other parts of the state. Education is expensive, and costs are rising each year. It has, however, been proven over and over that although the price tag for educating our children may be high, the cost of ignorance can be much higher.

## HISTORIC RED SEA PARTS WITH PAST

Jedda, Saudi Arabia—(HK)—Giant oil tankers and sleek freighters today ply the same Red Sea waters once controlled by ancient Egypt's colorful barges and Europe's spice-laden vessels.

Not since Moses parted the historic waters some 3,000 years ago has the Red Sea been the scene for such activity. Southward down the Suez Canal and northward from the Gulf of Aden come ships bearing cargo for the Saudi Arabian port cities of Jedda and Yenbo.

Incoming freighters bring trucks and tractors from the United States, electrical appliances from the United Kingdom, chemicals from Germany, clothing from Japan and dairy products from the Netherlands.

All are essential to Saudi Arabia's booming industrial economy and expanding population.

In return, tankers transporting oil, pumped from the earth by Saudi Arabia's rapidly growing oil industry, steam back to the industrial markets of the world.

The Red Sea is well suited to this increasingly heavy two-way traffic. From the foothills

of Mount Sinai in the north, where Moses received the Ten Commandments, the Red Sea stretches southward 1,450 miles between the borders of the Arabian Peninsula and North Africa. Encompassing an area of 169,073 square miles of water, this busy ocean highway is comparatively narrow. Its widest point, at the Tropic of Cancer, is only 200 miles, and in places its eastern and western shores are separated by a short 14½ miles.

Some sights along the shoreline remain unchanged. Fishing is still popular in Saudi Arabia's coastal towns. Sharks are the primary catch, though tuna, grouper, sardine, barracuda, shrimp, crabs and lobster also are taken from the sea. Each year 500,000 tons of fish are caught by Red Sea fishermen.

Perhaps the last vestige of bygone days on the Red Sea is the "dhow." These small fishing boats are built today with the painstaking care of Arabia's ancient mariners. Their slanted masts and colorful sails gliding across the Saudi harbors serve as reminders of the progress made over the past fifty years and the bright prospects for future growth.

## Wheat Deadline Sign up July 1

Livingston County Farmers who wish to be considered for a "new wheat farm" allotment for 1966 on a farm which does not now have a wheat allotment should get in touch with the ASCS County Office at once, warns Earl Dolezky, chairman, Agricultural Stabilization and Conservation Study Committee.

Such farmers have until July 1, 1965 to file applications for such an allotment.

A "new farm" is a farm on which there is no wheat acreage history, including acreage considered as wheat under the Conservation Reserve Program or wheat diversion programs.

In addition, Dolezky stated, the producers must not already have a wheat allotment on any other farm they operate.

The Chairman emphasized that formal application for a "new farm" application must be made in writing on a farm provided for that purpose, and the application must be filed at the ASCS County Office by the July 1 deadline.

## MSU Boasts Of Record Cow

A Registered Holstein cow owned by Michigan State University, East Lansing, has entered the select circle of national and state leaders on Dairy Herd Improvement Registry test.

Holstein-Friesian Association of America reports that Michigan Winter Star 5323164 (GP) has completed the second highest official national milk record made by a Senior two-year-old milked two times daily in the 305-day division of the DHIR program. Her official 305-day production totalled 23,720 lbs. of milk and 530 lbs. of butterfat. This record also breaks a previous all time state milk record for Holsteins in this same age group, milking frequency, and division.

Michigan Winter Star was bred in the herd of her present owner. She was sired by Kingstead Winterthur Pabst 1232296 (VG), a bull that has earned Gold Medal Sire recognition.

## Methodist Church Happenings...

Robert C. Brubaker

The Lord's Supper was celebrated at the First Methodist Church of Brighton on Sunday morning, June 6th. The Methodist Men gathered for breakfast at the fellowship hall at 7 a.m. that same morning, and not only enjoyed the delicious food but a most provocative movie entitled, "Conversion Plus," which explored the meaning of conversion for modern man and the concrete effects in daily life of conversion. President Verne Hoshal led the business meeting. The group plans to meet again on Sunday morning, July 11th, from 7 to 8:15 a.m.

The Methodist Youth Fellowship met for their weekly session on Sunday, June 6th, and elected new officers. The new officers include: Don Carney, president; Karen Taylor, vice-president; Kaye Hood, secretary; Luanne Ekhoft, treasurer; Sue Hood and Robert Kelly, representative to the sub-

district; and Keith Bufford, representative to the district. Special gifts of \$5 were given to all senior members who have been active in the MYF as a going away present. Grateful seniors include Kathy French, Mick Hall, Gary Cuthbert, Larry Ekhoft, and George Bufford. The MYF will meet for their next session on Sunday afternoon, July 18th, for a swimming party and program at the home of Karen Taylor.

Vacation Church School began with session one conducted at the Episcopal, Presbyterian, and Methodist Churches on Monday, June 7th, from 9 to 11:30 a.m. The Rev. Robert Coffey is the co-ordinator of the school and the teachers come from all three churches in the community. The school will be conducted June 7-11, and 14-17.

The senior choir will practice on Wednesday, June 9th, at 7:30 p.m. in the Church parlor. The concluding session of the

"Marks of a Methodist" study group will be conducted at the parsonage on Wednesday evening, June 9th, from 7:30 to 9 p.m. Members are asked to bring their Bibles and study in their resource books chapter 6.

The Mark study group will conduct their final session on Thursday afternoon, June 10th, from 1:30 to 3 p.m. at the home of Mrs. I. L. Bailey. Members are encouraged to read chapters 15 and 16 in the Gospel of Mark in preparation for the discussion.

The Carol Choir will practice on Saturday, at 2:15 p.m. in the Church parlor.

On Sunday morning, June 13th during the second service of worship, new members will be received into the fellowship of the Church of Christ. The concluding membership training class for them will be held in the parsonage from 9:30 to 10:30 a.m. that same morning.

The ecumenical group composed of couples of differing denominations in the Brighton area will be reintiated beginning Sunday evening at 8 p.m. at the home of the Robert Brubaker's, on June 13th. Any couples interested in this venture are welcome to attend.

The official board will meet on Tuesday, June 15th, beginning at 7:30 p.m. at the home of Mr. and Mrs. Joseph Voorhis. After a discussion of the mission of the Church, the board members will conduct the official business of the Church.

The Detroit Annual Conference will be held at Adrian College June 18-20. Paul Kingsley serves as lay member of the annual conference from Brighton, and Kaye Hood as youth member representing the Brighton Church.

This coming Sunday, the Rev. Robert Brubaker will preach on "An Explosive Faith for a Revolutionary Day."

### Two Girl Scout Officials Resign

The Huron Valley Girl Scout Council directors have announced the resignations of two of the staff members.

Miss Ellen Littlejohn, the Executive Director, who accepted the post last year, asked to be relieved for personal reasons.

Mrs. Robert Warner, of Ann Arbor, District I adviser, will leave to accept a position with the American Friends Service Committee as a secretary.

## Pleasant Valley Sidelights

By VIRGINIA HOUSNER

232-1888

Mr. and Mrs. Clifford Bruchne of Great Barrington, Mass., arrived Sunday to spend a few days with her brother-in-law and sister, Mr. and Mrs. Harold Seger.

Several families in this neighborhood enjoyed the delicious chicken barbecue held at the Livingston Conservation and Sports Association Club house on McClements Road Sunday. The club members report a wonderful turnout with archers enjoying an afternoon of practice. For others, they just sat around in the shade and visited with all their friends, or sat inside the club house and chatted with all. A real afternoon of relaxation, and it's nice to know that these dinners are held quite frequently out there and the public is always to attend. Yours truly and husband attended this past Sunday and take it from me—the food is delicious that chicken was out of this world, and no one told or ask me to say this, this is the truth and I can still taste that golden brown, smothered in butter, chicken. One half chicken with all the trimmings, so remember, the next time the club puts on a dinner, get your tickets before hand or at the door. I'll notify all in this column of the next dinner.

Mr. and Mrs. Mel Miller held open house for their son Clark last Thursday evening following commencement exercises at the high school. Friends and relatives gathered at their house to wish Clark the best in his future. Buffet dinner was served and Clark received many lovely gifts including money with which to purchase items he desired.

Many open houses were held that same night for graduates. Bob Larabee's parents, Mr. and Mrs. Max Larabee also held open house. Bob too received nice gifts and a buffet was enjoyed by all attending his party. Roberta Housner was honored guest at our home as friends, relatives and neighbors stopped by to wish her luck. She received many lovely gifts with ice cream, cakes, coffee, pop served to the guests. Open house for Linda Klima was held on Sunday evening, and needless to say, all graduates received lovely remembrances from their friends and relatives.

Dan Hines is in Brighton visiting parents and friends. Dan is stationed with the United States Army in Colorado and will return to that base at the end of his leave.

Deepest sympathies extended to the families of Thomas K. Trumbull of Hamburg. Funeral services were held this afternoon from Keen Funeral Home. He is a brother of Mrs. George Housner of Whitmore Lake, my husband's sister-in-law.

Bill Ellis spent the weekend of May 30 here with his Mr. and Mrs. Joe Ellis. Bill attended baccarat services at Brighton

High where he was a graduate last year. This past Friday night, The Joe Ellises and Russ Housners enjoyed fish dinner at Frank's near Fenton. The two couples then drove to Flint on business. Mr. and Mrs. Gerald King were also enjoying dinner at Frank's and were seated with the above two couples.

Bill Orndorf of State Street arrived home Friday night after spending some time in Wisconsin where he was sent for General Motors.

Congratulations to Charles Bender of Fonda Lake who was transferred to Flint Buick from Buick at General Motors Proving Grounds near Milford. His wife Jo, who has been employed at the Country Cupboard, was surprised last Thursday when several of the business women joined in wishing her a happy birthday. A delicious birthday cake was furnished by Mrs. Carol Hill, librarian from our public library. Jo will remain home for the summer with her children but expects to resume her duties at Country Cupboard when school starts in the fall.

Sunday afternoon callers at the Russ Housner home were aunt and uncle, Mr. and Mrs. Leo Baltus of Howell.

Mr. and Mrs. Ed Faussett drove to Ypsilanti Saturday night to visit their son and daughter-in-law, Mr. and Mrs. Eddie Faussett, Connie, David, Tom, Suzie and Sandy.

Vacation Bible School is now in session at the three churches, Presbyterian, First Methodist and St. Paul's. Classes are being held from 9 to 11:30 a.m. daily. All kindergarten children and those just completing kindergarten are attending classes at the Presbyterian Church. First, second and third grade completers are meeting at the First Methodist. Those having completed grades four, five and six are attending classes at St. Paul's. These sessions are meeting now through June 17th with no classes on Saturdays.

The annual School Election will be held at the Miller School on Spencer Road June 14 from 7 a.m. until 8 p.m. Two new members will be elected to serve a term of four years. Those candidates running are Dr. Harry Davis, Leo Kujawa and Louise D. Warren.

For the summer recreational program, Jr. and Sr. life saving classes will begin at 9:30 a.m., June 14 at Briggs Lake. Beginners and intermediate swimming classes will be held at 1:30 p.m. beginning June 21st. Handicraft classes are starting at 1 p.m., June 14 at West Elementary School. The various base ball leagues are organized now and are in their practice sessions schedule. Time and dates of the various leagues practice schedule can be found in June 30th Argus.

## Brighton City

# Council Minutes

The Brighton City Council combined in regular meeting with a special assessment hearing for West Main street, last night.

Norman Roe, and Dallas Haughton, expressed the opinion that the sidewalk on their separate pieces of property did not need replacing. Their objections were taken into consideration by the Council.

The Council also approved the preliminary plan of Field Baker Inc., a land holding company, for an industrial subdivision on Rickett Road beyond the C and O railroad tracks.

The council discussed the confusion caused by some signs erected at expressway exits, directing travelers to the "Grand

River Business District." The signs shuttle traffic away from downtown Brighton and have caused, according to the Council members, much confusion for tourists, and Brighton shoppers.

City Manager, Peter Marshall told the Council members that signs had been ordered that would direct travelers to the "Central Brighton Business District," in an attempt to eliminate some of the confusion created by the other signs.

Council also set about to clear up a technical error in the advertising of the new Brighton City ordinance Code. Previously over 13 ordinances and amendments had been referred to in public print, but had not been

printed in their entirety. The councilmen asked their attorney, Martin J. Lavan for an opinion concerning the legality of such an advertisement for the new ordinances, and amendments included in the new City Ordinance Code.

Lavan ruled that all of the ordinances and amendments should be advertised, and published in their entirety, to ensure their legality.

Councilman James Siford made a motion, supported by Dr. Madden, which introduced the ordinances and the amendments, and started the official procedure which would precede the publishing of the new ordinances.

## Seek Information on Frozen Foods

About this time of year we receive many telephone calls asking for information on freezing foods. All freezer manufacturers publish a book of directions that are reliable to use with their products.

The U.S. Department of Agriculture also publishes a reliable bulletin on Freezing Fruits and Vegetables. All of these materials are available to them. So why all the questions? It is very strange but it seems that every homemaker has a sister-in-law who throws the books out and uses her own peculiar method of freezing — and declares that the food is "delightful." Some amusing stories can be told about these relatives who experiment on bushels of corn at a time, and never really reports the end result. One woman told of freezing an entire bushel of corn — "I never blanched a bit of it — it was so easy." But her husband, who stood close by whispered, "And she threw the whole bit out, we couldn't eat it, the flavor was so poor." Blanching of vegetables destroys the oxidizing enzymes, or chemicals, which otherwise would cause off-flavors and unnatural colors in the products within a few weeks. Scalding also reduces the number of bacteria and makes the product easier to pack. So if you are going to freeze for the family's food supply for the winter, you will want to use the methods found to produce the best quality possible. In judging quality, we are quite aware that some people have a more discriminating sense of taste while others really do not taste food, except possibly that which is very highly seasoned.

Michigan fruits and vegetables will be available soon and the wise homemaker will make some kind of a plan for filling her freezer with the variety of foods that will fit her family needs. It is an unwise use of the freezer to fill it with one or two products, because they are plentiful, and then have no room for the variety of foods her family enjoys and needs. The freezer is more of a convenience than an economy. It takes good planning to justify its cost in a family budget.

Since it would be too costly to freeze enough food for most

family needs, the homemaker might want to consider canning those foods which are best suited to this method of preservation. Many people feel that canning does not cut food costs, but figure it out for yourself, and I think you will agree that canned tomatoes, and tomato juice, canned peaches, pears or applesauce can be put in the home at a saving. We drive from one supermarket to another to save two cents on a pound of coffee, but we may not wish to make the effort to save in other ways. Of course the savings in canning foods aren't the only considerations to be made. This offers variety in the meals, and some foods are better canned than frozen.

Homemakers who wish to experiment with a new method of preserving a food might want to preserve one or two packages by the experimental method, label it, and have a taste-test panel of her own at a later date. We haven't heard too much lately about the homemaker trying to preserve fruit with aspirin. I assume that cleaning the fruit cupboard, after attempting to use this method, would convince all of us that aspirin is not a preservative.

## North Brighton News

**DELLA VARTOOGIAN 229-9000**  
Friday, Mrs. Dan Bierer was hostess at a luncheon at her home on Hartland Road. Guests were the Early elementary teachers of the Hartland school.

Gay Black was the lucky winner of a Pony at the Hartland Carnival two weeks ago. It was a pretty little thing and the family all fell in love with it. The trouble was, it was much too small for Gay, so he sold it. Mr. and Mrs. Fred Gasmire were in Pigeon for a five day visit with Mrs. Pauline Rawd. Mrs. Rawd was a former resident on Oak Knoll Drive, Woodland Lake.

Debby Raymond is the latest of the Raymond family to have the mumps. Her brother Bobby who is over the mumps developed a strep throat last week. He also is improving.

Thursday was a great day in a lot of Brighton homes. It was graduation for 145 seniors, four of them from North Brighton. Kathy Wegryn, Jon Petzold, Danny Wegrzyn and Ernie Bell.

They were a fine group of young people and we all wish them the best in their new ventures. Emily La Pine-also from the North Brighton area graduated Thursday night from Howell.

Mr. and Mrs. Myron Woodruff of Ovid were Thursday dinner guests of Mr. and Mrs. Lloyd Bell. They came for Ernie's graduation.

Mrs. Chas. E. Pless and baby daughter arrived home from St. Joseph's hospital Sunday. There is no question about Kathy Rae being adored by her three brothers, Skip, Jay and Ted. Dad also is in seventh heaven now he has a baby daughter. Mother is still in the pictures and feeling fine.

Thursday evening open house was held for Carl Wollenhaupt and more than 50 guests came to congratulate him on this, his big day. Another graduate to have open house Thursday was Ernie Bell. An enjoyable evening was spent with many friends stopping in to say "hello."

Sunday, Mr. and Mrs. Walter Wegrzyn held open house for Kathy. They had 70 for a noon dinner and a steady stream of classmates and friends all afternoon.

Open house for Jon Petzold also was held Sunday at his home on Oak Knoll drive. The rain came and they had to move indoors for the rest of the activities.

Carole Adams, daughter of Mr. and Mrs. Stanley Adams graduated from St. Patrick School Friday.

A reception was held in the church parlours afterward for the friends and relatives of the graduates. Mr. and Mrs. Lloyd Bell, and son Ernie, were in W. Lafayette, Indiana, this weekend to attend the graduation of their son Russell. He received a Bachelor of Science degree in Electrical Engineering, from Purdue University. Russell, Alice, and family are moving to New London Conn. where they will be living for awhile. Russell will proceed to Newport, R.I. to attend O.C.S. Upon receiving his commission as Ensign, he will report to New London Submarine Base where he will continue at Submarine School.

## Tri-Lakes News

VELMA BUFFORD • 229-6071

Well, this has surely been a week to remember. I've had very little time to call for news, but now that we can all breathe again, we can get back to normal. We have enjoyed having Grandma Bufford with us for the week, but she is now off for visits to the rest of the family. She enjoyed our Commencement program Thursday. So many Tri-Lakes residents were there, that to mention names would extend this column way beyond its limits.

A speedy recovery to Mrs. Herbert Gutzeit of Kenrich Drive who was taken to McPherson Health Center Sunday, May 30, where she remained for a week. Randy and Jerry Campbell of Kenrich Drive celebrated their birthdays last week. Jerry was 17 on May 31, while Randy was 11 on June 2.

Acting Sgt. James Stuhberg arrived home from Fort Riley, Kansas Wednesday, June 3. He will stay with his parents, Mr. and Mrs. Frederick Stuhberg of Kinyon Drive until June 18 when he will return to duty.

On Sunday, June 6, the Stuhbergs held a graduation open-house for their son Carl. Relatives and friends attended from Rochester, Detroit and Brighton.

Kimberly Kubacz of Island Lake celebrated her 6th birthday on June 3.

And a Happy Birthday to Mrs. Mazie Kubacz whose birthday is today.

I was very remiss in forgetting to congratulate Linda Heideman on her achievement as Valedictorian of her class. It is not too late, however to compliment her on her well delivered address at Commencement last Thursday evening. Well done, Linda!

Linda's Parents, Mr. and Mrs. Lowell Heideman held open-house after the Commencement program at their home on Fonda Lake. Besides many friends and neighbors from Brighton, other guests were Linda's sister and husband, Mr. and Mrs. Earl Kellow of Ft. Lauderdale, Fla., her brother, Larry Wood and wife of Garden City, Mr. and Mrs. Fred Cochran and sons Jim and Bob of Detroit, and Linda's grandmother, Mrs. Henry Heideman of Finckney.

Mr. and Mrs. John Warren of E. Grand River held open-house for their daughter Holly on

Sunday, May 30. Guests were relatives from out of town. Then, Thursday evening, June 3, Holly was honored at a graduation Party at home with family and local friends. Holly plans on entering Michigan State in the fall.

## Dairy Herds Here Free of Disease

A reduction within 10 years from 7,055 infected dairy herds under quarantine to 73 such herds today is the achievement of the state's brucellosis program operated jointly by the Michigan Department of Agriculture's Livestock Disease Control Division and the USDA's Animal Disease Eradication Division.

Brucellosis is a highly contagious disease of cattle that has cost herd owners millions of dollars over the years in loss of milk and calves. In man it is known as undulant fever.

"Michigan's program to eradicate brucellosis," said Agricultural Director G. S. McIntyre, "has come close to ridding the state of this disease."

Mexico is the largest U.S. customer for dairy cattle. Certainly England has a July Fourth. Also a third and fifth.
