## BRIGHTON STATE BANK PRESIDENT PASSES

### Erwin Hyne, Civic Leader Dies at 81

ERWIN HYNE

Erwin R. Hyne, 81, president of the Brighton State Bank, and one of the most prominent citizens of Livingston county, died at his Brighton home, 806 West Main street, Wednesday and was entombed Friday in the family mausoleum in Fairview cemetery following funeral services at the Kechn Funeral Home, the Rev. T. D. Bowditch officiating.

Mr. Hyne was the grandson of Charles T. Hyne who came to Michigan from Germany early in the last century, settling on a section of land near where the G.M. Proving Grounds is now located.

C. T. Hyne had several sons who engaged in farming and later two of them, C. T. and F. T. Hyne, went into the grain business in Brighton where they built the Hyne mill around 1870. Erwin Hyne's father, F. T. Hyne, also started the F. T. Hyne Lumber Co. one of the first in the county and at his father's death Erwin Hyne took into business with him his two sons, Fred and William.

He was born August 19, 1884, in Brighton, a son of Frederick T. and Sarah Hicks Hyne. On Nov. 30, 1910, he was married to Jessamine Holdridge in Highland, Mich., who survives.

Mr. Hyne was an active member of the Brighton Wesleyan Methodist Church. He also was a charter member of the Brighton Rotary Club. In 1934 he succeeded his father as president of the Brighton State Bank.

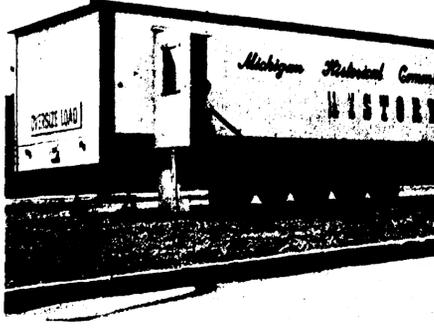

Surviving, in addition to his widow, is a daughter, Miss Josephine Hyne of Brighton; two sons, Fred J. and William E. Hyne, both of Brighton; three grandchildren; a sister, Mrs. Fruda Hodgins of Owosso, Mich.; several nieces, nephews and cousins.

**Crash Hurts Two**  
WHITMORE LAKE — William B. Veal, 19, of Whitmore Lake, and a passenger in his car, Donald J. Valentine, 23, also of Whitmore Lake, were taken to St. Joseph Mercy Hospital in Ann Arbor after a one-car accident in Whitmore Lake.

Sheriff's deputies said Veal was driving north on Main St. near Pine St. at an estimated speed of 70 miles an hour when he lost control of his car on a curve. The vehicle slid 120 feet off the road, hit a pole head-on and bounced 15 feet backward into the roadway.

Each five minutes a robbery is committed.

**Historymobile To Visit Brighton**

A museum on wheels, the Michigan Historical Commission's new Historymobile, will be coming to Livingston county Nov. 19th. It will be on display at the Mill pond in Brighton on the 20th and 21st to remind our citizens of their Michigan heritage.

The Historymobile, which is valued at more than over \$50,000 has been developed entirely through the cooperation of numerous Michigan businesses and

industries, who contributed all of the equipment and supplies. Fourteen of the state's finest museums cooperated in the preparation of the 19 chronologically arranged displays, which illustrate the colorful story of Michigan's development from prehistoric times to the present.

The Michigan unit is the first in the country to feature such an extensive cooperative display, according to Solan Weeks, director of the Michigan Historical

Commission Museum and coordinator of the project. The Historymobile is being sent to communities throughout Michigan, free of charge, as a service of the Michigan Historical Commission. It is being brought to Livingston County through the cooperation of Brighton's Chamber of Commerce.

The Historymobile will be open daily from 10:00 a.m. to 6:00 p.m. There is no admission charge.

### United Fund 55 Percent of Goal

Prospects of the Brighton Community Chest drive exceeding its goal of \$13,720 appeared good on reports from Pete Marshall, treasurer, that already 55 per cent has been pledged.

Of the \$7,234 so far given in cash and pledged, the largest amount came from Brighton workers at the G.M. Proving Grounds. As yet no report has been received from Brighton residents who work at the Ford Wixom plant.

Leo Fitzgerald and Gere Michaels, co-chairmen of the campaign for donations from individual residents, also are optimistic that gifts will exceed last year's donations.

John Ewing, chairman, is expected to call a meeting of workers early next week for reports on progress by each of the canvassers, as only seven of them have completed solicitations of their prospects.

Much concern has been expressed by failure of Brighton residents to donate blood to the Red Cross blood bank.

At this time it is pointed out that donations of blood are imperative due to the situation in Viet Nam where blood is vitally needed for the wounded American soldiers. Also generous donations of blood are needed to offset the anti-Viet Nam groups' gifts of blood to the Communists and to show our soldiers fighting in the rice paddies that the people of Livingston County are behind them 100 per cent.

Our donations of blood can save hundreds of lives of our boys who have been wounded by booby traps, snipers and Red guerrillas.

This year gifts to the Brighton Community Fund mean more to this country than in any year since the fighting in Korea and the response to the appeals have been more than expected, according to the chairman, John Ewing.

### Ex Brighton Coach, Shrine Honor Guest

By V. Housner

HOWELL — Two hundred fifty sojourners and guests assembled to honor Arch Petersen, Supreme King of the Order of the White Shrine of Jerusalem, at a dinner and reception Saturday evening, Nov. 6, given by Corinthian Shrine, No. 83, Howell, Michigan.

At the Howell Masonic Temple, the tables were attractively decorated in purple and gold—the centerpiece being a replica of the Supreme King, all made by a committee under the direction of Ella Hagman, well known for her artistic ability as well as a fine musician.

The favors for each guest were commemorative tumblers with appropriate inscription for the occasion, "Arch Petersen, (Continued on page 3)

### \$200,000 Street Plan By Brighton

The Brighton paving program was probably advanced several years at the meeting of the city council Monday night.

At the special council meeting tentative plans were approved for a paving program to cost at least \$200,000.

Included are paving of North Second, Cedar, Washington and Seventh streets, the latter because of the anticipated increase in travel when the new high school is opened.

North Second and Cedar were scheduled originally in next year's program but the condition of both streets has deteriorated to such an extent that immediate action must be taken to preserve the base.

The program, as outlined Monday night, which both councilmen and residents of Brighton agree is essential, awaits final approval after an investigation of all legal angles by Peter Marshall, city manager.

The streets would be financed on a special assessment percentage system, similar to what's carried out in previous paving programs.

It finally ratified, work would start next spring.

### Pinckney Boy Rescues 2 In Ann Arbor Fire

Pinckney — John Colone, Jr., was on the right spot at the right time and used the right technique and presence of mind to save a woman and her grandson from death by fire in Ann Arbor. Just turned age 20, John is the son of Mr. and Mrs. John Colone, Sr., of Pinckney.

A senior at Cleary College, he had arrived home from school to get ready to go to work at Willow Run where he is employed at General Motors. He heard a wild scream. Then he heard it a second time and ran out of the house he shares with three other college boys at 3292 Rosedale Ave. in East Ann Arbor.

The house across the street was on fire. He ran over and tried the front door but couldn't get in. He sped around to the kitchen window and crawled through. Mrs. Lillian Stoll had dropped the telephone, panic stricken. The operator could be heard asking for the address, while Mrs. Stoll cried, "It's no use. It's no use." John picked up the phone, gave the address so the fire department could be called.

The hysterical woman could not walk, and her nine-year-old grandson, Kenneth Rudy, who had started the fire accidentally by dropping a lighted match in a pile of straw on their porch, stood beside her, also motionless with fear. John got them both, bodily, out of a back door.

Before leaving, according to fire inspector Benjamin Zahn, Jr., John pulled the switch on the fuse box, cutting off the electricity. Fire Chief Arthur Stauch said, "There's no doubt at all that this man saved Mrs. Stoll and the Rudy boy."

John's prime interest on the industrial management course he is taking at Cleary is safety. He chose it as the subject of his term paper.

"A level-headed boy," his mother described him, he had moved into the house only the first of October and did not know Mrs. Stoll.

The woman's granddaughter, Therese, 13, had run through the (Continued on page 3)

### Maul Resigns From Council

HOWELL — The Howell City Council at its regular meeting accepted the resignation of Councilman Jack Maul, who explained that he had become disqualified as a councilman by moving out of the city limits. In his stead the council approved the appointment of William Hillton.

Council also heard protests from residents of South Bush and Oceola streets who oppose the cost of installing a sewer. They submitted two letters of protest.

The first letter stated "We the taxpayers of South Bush and Oceola streets, refuse to accept the proposed assessment of \$313 per lot being forced upon us by the Mayor and city council of the city of Howell."

The second letter proposed that the city with its own equipment and at its convenience install the proposed sewer at the rate charged the taxpayers on East Silbey street last year, which was \$2 per foot frontage.

The council explained to the taxpayers that this was impossible, because the bid had already been awarded to the contractor.

The council also accepted the \$556 bid for the old Red pumper fire truck.

In other business the council voted to raise the salary of Police Chief Tholan Wiles to the full budgeted salary of police chief. Wiles performance as acting chief of Police was praised by City Manager Deppin who stated that although Wiles did receive a salary increase three months ago, he felt that his salary should be increased at this time to the full budgeted amount, which is \$5,900 a year.

### Brighton Put On TV by Realty Firm

Brighton goes on TV beginning Sunday on Channel 4 between 11 a.m. and noon. The program is known as the "House Detective."

The Donald Henkelman real estate company is sponsoring the program which will show the various homes in the Brighton area that Henkelman has for sale.

The tremendous growth in population in Livingston county, especially in the southeastern section, including the townships of Brighton, Green Oak, Genoa, Hamburg, Hartland and Putnam, has caused the Henkelman company to center its activities in this section.

During the past year alone, the valuation of Livingston county has increased roughly six million dollars, according to County Clerk Joe Ellis. The state equalization figures show Livingston county's valuation in 1964 as roughly \$147,000,000 and in 1965 more than \$151,000,000. This does not take into account building started this year, but not yet on the tax rolls, that is expected to exceed \$2,500,000.

The housing shortage has become so acute, especially for rental property, that this week owners of property who wished to regain their homes for living purposes called on the sheriff to evict tenants who had paid their rent in full but had refused to move because they were unable to obtain a rental home to move into. As yet he has evicted none of them.

The sale demand for homes is said to be for homes in the cost bracket of \$15,000 and under.

### OBSERVE VETERANS DAY

Legionnaires burn old, worn-out American flags.

### Brighton Gets New Officer

In preparation for Veterans Day, Nov. 11, the Jesse B. Cooley Post of the American Legion, with fitting patriotic ceremonies, burned worn out American flags Saturday night at the Legion hall on old US-23.

A small parade of Brighton veterans is planned for Thursday and all city offices and the postoffice will be closed. The banks will also be closed.

Throughout the county special emphasis is placed on patriotic ceremonies as an answer to the various demonstrations by minority groups against the U.S. policy in Viet Nam.

Under a project called "Operation Show Your Colors," the Michigan Department of the American Legion plans to distribute 210,000 lapel-pin American flags.

The tiny metal pins are accompanied by cards which read:

"Americans are serving the cause of freedom in Viet Nam. I wear my country's flag to show that I support their efforts."

Legion spokesmen said the pins and cards were being sent to the some 500 Legion posts around Michigan by special delivery mail.

Letters were sent to all Veterans of Foreign Wars post by the VFW headquarters in Lansing urging groups to pause for one minute of silent prayer during Veterans Day activities.

The pause for prayer would be a protest against recent activities opposing United States policy in Viet Nam, the letter said.

WESLEY McLELLAN

Brighton has a new police officer, Wesley McLellan, formerly a deputy under Livingston County Sheriff Gehring.

McLellan began his duties here Nov. 1. Originally from Bell Air, Mich., McLellan now resides at 2185 E. Grand River with his wife, Carol, two year old daughter, Cheryl Ann, and one month old baby, Steven Paul.

In addition to previous police experience, McLellan comes to the Brighton police department with extensive background in first aid medical procedures and scuba diving.

Brighton's Police Chief Walter LaMoria stated that McLellan will be given refresher training in all police and emergency procedures. The training will be given jointly by the Michigan Chiefs of Police and the Federal Bureau of Investigation.

### Auto Crash Victim Costly To State

The case of Paul Van Blaricum, 19, of Brighton who was seriously injured Oct. 27 when the auto in which he was fleeing the police crashed is proving costly to Michigan and became more costly and confused when Justice of the Peace Stanley Peoviak sentenced him to jail and also placed him under \$3,000 bond for trial at the December term of Circuit Court on a charge of unlawfully driving away an auto.

Van Blaricum is in Flint's McLaren Hospital where he is likely to remain several more weeks. He is continually under a costly 24 hour police guard. Now the guard will have to be continued until he is tried.

Peoviak also fined him \$100 and sentenced him to 60 days in jail on a charge of reckless driving. The question is does his time in the hospital represent time spent in jail.

### BULLETIN

A trooper from the Brighton Post was injured early Wednesday morning in a shoot-out with a fleeing station attendant. According to the State Police, Trooper Paul Palmer was wounded when he and another trooper, Edward Hancock, were sent to arrest 62 year old William C. Slaughter on some old traffic warrants. Slaughter is a night attendant at the Corey's gas station located on M-59 east of US-23.

When the troopers drove up Slaughter opened fire and Palmer was wounded in the arm. The troopers returned fire and Slaughter was injured in the chest. Palmer was taken to St. Joseph's Mercy Hospital in Ann Arbor and Slaughter was taken to the Health Center.

### Rob Brighton Women

Mary Shaw of Brighton reported the theft of her purse from a Department Store in the Ann Arbor Westgate Shopping Center. The purse contained identification and \$8 in cash.

# Around The Town

By DORCAS AC 9-6483

Jim Lee was released from the hospital last week and all his friends and those of his Mother, Wilma, who is employed at the Bowl 'N' Bar, were so very glad to see him up and around again. Their home address is 1164 Grand River, so you guys drop around and see Jim.

Josann Morris of Brighton, and who is employed at Alice's Brighton Beauty Salon, and Brian Kimberly of South Lyons were married in South Lyons Friday, Nov. 5th. Josann, who is a beautiful girl, was more beautiful than ever - radiant bride.

West McLennan, Brighton's new patrolman, and his wife, Carol, are the proud parents of a baby boy, born Oct. 18th, and named Steven Paul. Congratulations to West and Carol.

Bornie Elder, wife of Chas. Elder, 773 So. 3rd, lost her Father last week and we want to extend to her and her family

our deep sympathy. "Chuck," her husband, is on the City's Planning Commission.

Harry Jensen, a former City employee with the Water and Sewer Department, took the Civil Service examination as an application for the vacancy in the Brighton Post Office. He passed and is now an employee of the Post Office. He will be missed by the city and is wished the very best of luck in his new work.

Again our Brighton Band under the splendid leadership of Carl Klopshinski performed splendidly at the game Friday night. They played "Heat Wave" and other selections and did those interesting and beautiful formations. Two of their Majorettes twirled lighted torches, which was a colorful and awesome spectacle. They were Jan Black and Jackie Wisser, and it was a thrill to watch them perform so delightfully.

The passing of Erwin R. Hyne has left Brighton very sad. He

was loved and respected by all, and his absence will be felt by us all. Our deep sympathy to Mrs. Hyne, Josephine, Fred and William, and we feel you were blessed by having such a fine man for husband and father.

It was certainly good to see Don Baker, son of Mr. and Mrs. Cliff Baker, 8206 Towlen Ave., home from the Navy and on his way to another base in Mississippi. He didn't know what his new address would be, but you can get it later on from his mother or father.

John Cord of Howell was in to see the game Friday night and was greeted by his many friends.

Pat Wietzke, 5365 Chilson Road, told us the other day they have four trees in front of their house over 100 years old, two cedars and two pines. Does any one have older ones? To me that is a record.

Another "home-from-college" girl was Audrey Mathews and the whole family was beaming at the game. She is as you know, attending Michigan State College at E Lansing.

You know we have some rabid girl fans in this town, football, that is, and when they get in action at games. If you sit in front of them, you get your back beaten black and blue by them in their enthusiasm, such yelling as "knock 'em down," "draw the blood," etc. Oh, I'm not going to tell you their names, but just look around you and some of those sweet, pretty, otherwise quiet, etc., gals, they're the ones. Bless 'em our team is lucky to have them on their side.

"Ma" Koch's delicious cooking. Getting hungry for some of "Ma" Koch's delicious cooking? I am! The Infant of Prague Guild of St. Patrick's Church is having a luncheon and card party Wednesday, November 17th at the Shamrock Room in St. Patrick's Church. The luncheon is at 12 Noon and the prize is \$1.50 each. This isn't just for the ladies, no sir, you men are more than welcome, so come along. There will be door prizes and other prizes, so come and get in on the fun. Mary Koch and the rest of the Guild will give you a big welcome, so. See all of you boys and girls there!

Tickets are now on sale for the Livingston Players next production "The Curious Savage" to be given December 3rd and 4th at Howell's New High School, price \$1.00 advance sale, \$1.75 children from any Livingston Player or the stores displaying signs showing they are selling the tickets, or \$1.25 at the Box Office. Be thrifty, buy your tickets ahead of time, and save \$1.25.

Home Coming this year was as it always is, a colorful and exciting event. The Argus covered some of it, but mention was not made of several attendants, their escorts and drivers, and for the benefit of those (many keep scrap books and

would like this to save), we are going to give some belated coverage. All the cars were beautifully decorated by each Class and the Student Council decorated the Queen's. The weather was beautiful and Brighton won the game.

9th Attendant, Julie Bitten; Escort Class President, Jeff Miller; Driver, Brian Pawlick. 10th Attendant, Linda Veno; Escort Class President, John Kearns; Driver, Greg Sobieski. 11th Attendant, Donna Bitten; Escort Class President, David Addington; Escort From car, Jess Mossgrove; Driver, Mark Herlihy. 12th Attendant, Donna Kay Jupe; Escort, Tom Trebesh; Driver, Rich Musch. Queen's Escorts, Queen Escort, Kathleen Berger; President Student Council, Greg Park; Football Team Captain, Larry Flowers; Driver, Rick Leitz. Attendants for Crown and Flowers, Doug Wisser. Marqu arrangements by approval arrangements were made by Rick Leitz through Mr. Dale Altmar of the G.M. Proving Grounds, Milford.

All field plans of ceremony by Mr. Gene Schultz and members of the Student Council.

May Brighton at this time thank General Motors Proving Grounds, Milford, for the cars they furnished us for our Home Coming and for the many, many gifts they have graciously given us as the use of their cars for many occasions. We are so deeply grateful and humbly say "THANK YOU" for your many courtesies to us.

Mr. and Mrs. Emerson Bailey, 305 North St., celebrated their 25th wedding anniversary last week with a bounteous buffet luncheon at which 55 of their friends and relatives attended. There were friends from Troy, Royal Oak, Clawson, Utica, Howell, Fort Wayne, Indiana, and Brighton. Every one had such a good time they told Mr. and Mrs. Bailey they were now waiting to celebrate the 50th. May I add my sincere congratulations?

Gail Reep is now teaching Fourth Grade at Warren and enjoying it very much. We are proud of you, Gail, and have been wondering why your Mother and Dad have been walking around with their heads in the clouds and big smiles on their faces. They have a right to be very proud.

Remember the telephone number AC 9-6438 and give me your news.

The November Meeting of the W.S.C.S. of the First Methodist Church will be held on Monday, November 15th in the Fellowship Hall. A desert luncheon will be served at 1 P.M. by the Committee, Doris Cuthbert, Frances Griffin, Kathy Wallin, Cliss Greenfield, Mae Nauss, Gertrude Frost and Ann Hilton. The program will be presented by Rev. Walter Eldred, Chaplain of the Boys Vocational School at Whitmore

Lake. He will speak on the contemplated merger of the Evangelical United Brethren and the Methodist Churches. A question and answer period will follow.

## School Board Will Study Grievances

PINCKNEY — Pinckney Board of Education decided, among other things, to appoint two-man grievance committees under some circumstances, when they met Thursday night at the high school.

Several times the regular course of business has been delayed by an hour or more to discuss some problem that has been introduced. These problems often should not be acted upon without further investigation. To make for more efficient handling of the problems after due consideration and at the same time to let the Board continue with other business, it was agreed that a two-man committee may be appointed to solve the problem and where necessary to call a special Board meeting to act upon it. In most cases, the committee will report their findings at the following regular session and Board action will then be taken.

One instance arose at that meeting so the new system was put into action. In the October meeting the Board, as the result of a citizens' petition, instructed buses to stop in the Fox Pointe 1 route at additional points, rather than simply on McGregor Rd. Bus Superintendent Robert Dunn told the board that State Police consider two of those stops unsafe because there is not 500 feet of vision either in front or behind the bus. Lyle Kinsie and Tom Line were appointed as a committee to go out and check this route to see whether a compromise may be reached and buses instructed to stop at a safe point that is also satisfactory to parents in the area and to the transportation department.

Principal Gilbert Dunn told the Board that in-service training which is open to them will be implemented on Jan. 11. Each Tuesday from 4-6 p.m. hereafter a non-credit course will be offered to them and to teachers at the high school.

The Board heard a report from James Gardner, representing non-public school boards in Livingston, Shiawassee and Clinton. The purpose of Gardner's visit was to improve communication between the public and private Boards of Education.

Kinsie, reporting on the Charles Armstrong building still standing next to the elementary school, that Armstrong is hospitalized, but that an attorney has contacted him regarding moving the disreputable house. President Hugh Radloff asked Kinsie to let the Board know at the next meeting "if we can destroy it; if so, let's go ahead."

Secretary Mrs. Stackable who attended the study meeting for a Livingston County School Board, urged as many members as possible to attend the organization meeting of this group on Nov. 13 at Brighton Bank. Officers will be elected and the constitution approved or not.

One of the purposes of this joint board will be to allow the combined Boards to be able to hire "top help" to study new legislation that affect all Boards in a like manner. Lay persons on any one Board, Mrs. Stackable explained, would not have the knowledge to interpret the laws or keep up with the many changes like a professional. However, no one Board could afford to hire someone to follow through on this important facet of school administration.

It was noted that the Community College study is complete and "in the hands of the printer." In January or February the ballot will go to the people with a request for 1 1/2 mills to put such a college into effect.

The committee that had investigated the hedge row between the elementary school and cemetery recommended the brush be sprayed and the trees saved, and the Board agreed with their solution to the poor vision at this point.

## Auto Deaths Drop

LANSING — Michigan traffic accidents killed 187 persons in October, 11 fewer than the 198 in the same month a year ago, according to State Police figures.

The month's toll was 12 above the average of 175 for October in the five years 1960-64. Record high October was 230 in 1941; the low was 97 in 1944, a war year.

The deaths bring the 10-month toll to 1,664 which is 88 or five per cent less than 1,752 in the same period last year.

## Charboneaus Wed 40 Years

PINCKNEY — A second 40th anniversary celebration took place for Mr. and Mrs. George Charboneau on Oct. 30 at the James Charboneau home.

No small part of the surprise was that everyone forgot to pick up the beautiful cake that had been ordered!

The 50 to 60 guests got along very well without it, however, and the Charboneaus received a portable television in addition to other gifts.

The Saturday night event was a dual celebration. It was also the birthday of the host.

## Players to Stage 2 Performances

This fall the Livingston Players will present two plays. The first, to be presented at the new Howell High School auditorium Dec. 3 and 4, is titled "The Curious Savage." Written by John Patrick, it is a comedy that first played Broadway in 1950 and starred Lillian Gish in the title role. Mrs. Bernice Hyne will play this part in the local production. Cast in supporting roles are: Marguerite Wenzel, Roger Lane, John Stephens, Duane Weidman, Joan Weidman, Harry Lawrence, Win Hubbel, Pat Taylor, Rosemary Sipes and Edna Schram.

William Moore of Plymouth will direct in his second time with the Livingston Players.

The second play will be a children's play titled "The Mouse That Didn't Believe in Santa." This will be staged at the Hawkins School in Brighton Dec. 10 and 11. Three performances will be given with the inclusion of a matinee performance Dec. 11.

Mrs. Betty Golden of Brighton will direct. Appearing in the children's play will be Jan Gail, Mike Koteles, Joan Tincu, Mary Alice Hathaway, Pat King, Fred Lindsay, Rick Wellman and Dean Smith.

Tickets for "The Curious Savage" are now on sale.

## Bircher to Speak

HOWELL — Dr. Larry McDonald, leader of the John Birch Society for the Ann Arbor, Ypsilanti, Brighton, Howell area, will speak before the Howell Junior Chamber of Commerce Wednesday night, Nov. 17, at the Colonnade.

Dr. McDonald was the first chapter leader in Ann Arbor. He finished medical school in 1957, served a year's internship at the U.S. Naval Medical Center in Bethesda, Md., and then served as a Naval Flight surgeon in Iceland.

**NANCY LYON**  
Mr. and Mrs. Theodore Richard Lyon of Buchanan have announced the engagement of their daughter, Luanne Nancy, to Herbert Bruce Baker, son of Mr. and Mrs. Kenneth Gregory Phelps of Pinckney. Miss Lyon is a graduate of the University of Michigan and is a nurse at University Hospital. Mr. Baker is attending Eastern Michigan University. A Jan. 29, 1966, wedding is planned.

A dime is the smallest silver coin in Canada and the U.S.

*Engaged*

**ELAINE MEYER**  
Howell—Mr. and Mrs. Duane E. Meyer of 308 North Court Street announce the engagement of their daughter, Elaine Virginia, to Orville Eugene Wheeler, son of Mr. and Mrs. Harold Wheeler of Sibley Street, Howell. Miss Meyer is a 1962 graduate of Howell High School and a graduate of David Pressley School of Cosmetology of Royal Oak. Her fiancé is a graduate of Boyne City High School. The wedding has been set for Feb. 12, 1966.

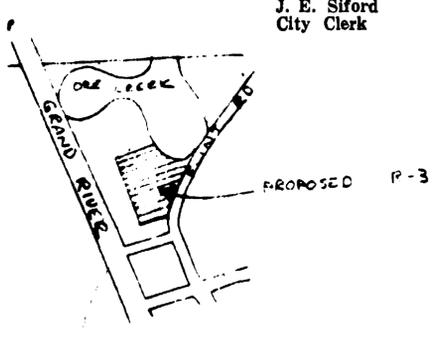

## NOTICE

At their regular meeting of Nov. 4, 1965, the Brighton City Council approved for first reading the following Ordinance Code Amendment: An Ordinance to amend the code of the City of Brighton by amending Chapter 30 of Title V thereof. This proposed amendment amends the Zoning Ordinance by rezoning the following described land from R-1 to R-3 (single family to multiple family dwellings):

Beg. at a pt. 198 ft. along the w. line of lot 72 extended, Nobles Plat No. 3, from the N.W. Corner of lot 72, Noble Plat No. 3, to a pt. 342 ft. along the extended w. line of said lot 72, thence N.E. 70° to Ore Creek, thence S.E. along the Bank of Ore Creek 270 ft., thence due South to Flint Road, thence S.W. on Flint Road to a pt. 90 ft. N.W. from the N.W. corner of the intersection of Liberty and Flint Road, thence W. to the pt. of beg.

The proposed amendment will be considered for final approval after a public hearing to be held at 7:30 p.m. on December 2, 1965, at the Brighton City Hall.

## Why do they call it LP-gas, Mister?

Well, honey, LP-gas is a quick, simple name for liquefied petroleum gas.

This remarkable fuel is gas compressed into liquid form so it's easy to transport. That's why LP-gas is available to people no matter where they live.

People in towns and suburbs use LP-gas just as people in cities use natural gas.

IT COOKS FOOD, DRIES CLOTHES, HEATS WATER AND HEATS YOUR HOME.

On modern farms, LP-gas is used for brooding chicks, drying crops, flame weeding and many other jobs.

And LP-gas is used to power trucks and buses like gasoline and diesel fuel.

In fact, of America's major sources of energy, only LP-gas serves you in so many different ways.

These are some of the reasons why over 11 million families use LP-gas.

**Supreme King**  
(Continued from page 1)  
Supreme King 1966-67.

Ruth Lince, Worthy High Priestess of Corinthian Shrine, gave the address of welcome; the American and Canadian flags were presented by Dan Corroy and Charles Heard. Mildred Shannon, Worthy Chaplain, gave the invocation.

Tom Warren of Flint 56 Shrine accompanied by Ralph Wells of Lakewood Shrine, Lakewood, Ohio, sang "O Friend of Mine."

After the delicious dinner, all adjourned to the Temple room for introductions and program. Stanley Lince, Watchman of Shepherds of Corinthian Shrine, welcomed the guests and invited the Worthy Herald to escort Dorothea Shaffer, Supreme Worthy Chaplain, mistress of ceremonies, to the East.

Fourteen Past Watchman of Shepherds from the Patty Hendricks Friendship Club, formed an honor guard line through which Laura O'Leary, Worthy Herald, escorted the Supreme King to the East.

Rocky Frazer, P. W. O. S. and Worshipful Master of Lincoln Lodge, gave the response to the welcome. Loren Rockafellow of Flint sang "How Great Thou Art."

Dorothea Shaffer, in her very gracious manner, told appropriate stories prior to introduction of the following distinguished guests:

Clifton Stroud, Supreme Third Wise Man, from Highland Park Shrine; Minerva Bothwell, member of the supreme material objective board, from Wausaw, Wis.; Christine Taylor, Sup-

reme chairman of the redistricting, Dearborn Shrine; Supreme committee members, district deputies; honorary officers; Worthy High Priestesses and Watchman of Shepherds P.W. H.P. and P.W.O.S.

Leroy Wright, eminent commander of Howell Commandery No. 28 and his wife; also Harold Moyer, eminent commander of Fenton Commandery No. 14 and his wife.

Presentations were made to Sojourner Arch from the Supreme Officers by Dorothea Shaffer; Ruth Lince presented a gift from Corinthian Shrine members and a Kings Crown, cleverly designed with silver coins, was presented from the Merry Macs Club of Michigan Ontario Association by Betty Hall of Dearborn Shrine; Twenty six members of the Patty Hendricks Friendship Club were present and the President, Alma Trinka, presented a gift from their club.

Arch gave an acceptance speech and introduced his son, Keith Peterson, an attorney in Jackson and his grandson Roger Peterson. Also his former teaching associates from Milford, Mr. and Mrs. Charles Schroder, Mr. and Mrs. Jim Koresky and Mr. and Mrs. Richard Zimmerman.

Cheer and humorous variety numbers by the Senior Citizens Sunshine Club of Flint, received numerous rounds of applause. Loren Rockafellow sang "Prayer is the Key to Heaven." The benediction was given by Dorothea Shaffer.

Coffee and punch were served in the dining room with

Mildred and Ed Durk, Charles and Gladys Heard and They Priest as hostesses. For the reception and dinner Mildred McInally was general chairman of arrangements; Ella Hagman, chairman of decorations and Laura O'Leary, hospitality chairman.

**Pinckney Boy**

flames at the front door and escaped from the house before the rescue. Although firemen had only a short ways to come from the Platt Rd. station, the house was "enveloped in flame" when they arrived.

Mrs. Stoll and Kenneth were not injured, but some fire fighters were, and Colone burned the palms of his hands on the window sill as he climbed into the house. He left the scene after the rescue and before police or firemen arrived as he "was already late for work."

**PTA Speaker**

HARTLAND — The Hartland PTA will meet at the High School at 8:00 p.m. on Tuesday, November 16, 1965 for hear an address by Edward Regentin who is currently Headmaster of the St. Matthew Lutheran Schools of Detroit. He previously had been superintendent of schools for Sanilac County. He will speak on Education in General. Everyone is invited.

HOWELL — Today is Ollie Merithew Day in Howell.

Mayor Clifton W. Heiler proclaimed the day as Ollie Merithew Day, at the annual meeting of the Livingston County chapter of the American Red Cross.

Mrs. Merithew, who has served for the past 48 years as the Livingston County Red Cross home service director was honored in a unique way, for this is the first time that a special day has been set aside by Mayor Heller to honor an outstanding citizen.

In his proclamation Mayor Heller said, "WHEREAS Mrs. Ollie Merithew has been an active member of the Livingston County Chapter of the American Red Cross since its establishment in 1917, and

WHEREAS the American Red Cross has stood ready to serve and has served the citizens of the City of Howell through wars, storms, fires and times of distress; and

WHEREAS the American Red Cross has expanded its good works through the operation of the blood bank for the general good of all the community; and

WHEREAS Mrs. Ollie Merithew represents service to her fellow human beings in the best possible way.

NOW THEREFORE, I DO HEREBY proclaim that Friday November 5, 1965 be Ollie Merithew day in Howell, and call upon all its citizens to join me in paying respect to her and the membership of the Livingston County Chapter of the American Red Cross, both past and present.

**Troopers Cut Standards**

The minimum height requirement for applicants to join the Michigan State Police has been lowered to 5 feet 9 inches effective immediately to increase the number of good recruiting prospects, the Brighton Police Post has been notified.

The minimum height requirement in recent years has been 5 feet 10 inches. A study, however, shows that between the new minimum and the old one there is available a large reservoir of young men well qualified to be troopers and this opportunity is now open to them.

In progress at East Lansing headquarters is the first of a series of recruit schools to add 200 troopers authorized by the 1965 legislature. Eight-week schools with no elapsed time between them will be held through out this fiscal year to reach the new complement of 1,469 officers.

Candidates must be between 21 to 29 years of age, high school graduates or the equivalent, of good moral character and residents of Michigan for at least six months. The weight range is 150 to 230 in proportion to height. Candidates may be single or married.

Trooper rank pay begins with the first day of recruit school and tops \$8,100 in the first year with increases following automatically to \$8,656.

**Skating Party**

The Brighton Township Lions club will give its fifth annual skating party Nov. 11 from 7 p.m. until 9 p.m. at the Lakeview Roller rink. Admission charge will be two items of canned goods plus 50 cents.

Magazines not only reflect the times, they contribute to its shape.

**2 Granted Bond In Car Theft Case**

DETROIT — John H. Bradley, 38, formerly of Brighton and Whitmore Lake and Lloyd Corey, formerly of Ypsilanti, arraigned in federal court, Detroit, have been released under \$2,500 bonds each. Police accuse the pair of operating an auto leading company which dealt in stolen cars. They will probably not be tried in federal court for several months and in the meantime state police are trying to track down more stolen cars in the state and elsewhere.

A number have been recovered. Police say the two men operated the Ann Arbor Auto Sales and Leasing Co. near Garden City, a firm which over a 12-month period allegedly rented out scores of stolen cars. Many of the vehicles were rented to Washtenaw and Livingston county residents, police said.

The investigation began last September when Corey and Bradley were arrested in Chicago while riding in a stolen car.

**Boys School Probers Eye Escapees**

How to cut down the number of escapes from the Boys Training School near Whitmore Lake, which has terrorized residents of the Brighton and Hamburg areas, was debated at a special citizens' committee meeting at the school as an aftermath of legislative investigations launched by Rep. Thomas Sharpe and Senator G. R. Dunn.

The school houses nearly 300 boys, and employs 218 staff members. The director of the school, W. J. Maxey, explained that the school realizes the problem, and that corrective measures are being taken constantly. Part of the problem lies in the very newness of the school. He said security screens that were a part of the original construction proved to be inadequate and have had to be improved. The school is also working on a plan for improving communications between the police and the prosecutor's office.

According to Maxie, the recent investigation has also triggered a new attitude among the boys at the school. The problem of truancy, he said, has become a serious matter to them, and they have assumed responsibility for controlling walk-aways.

Several constructive measures were discussed by the group to improve community relations. Improved public relations was one suggestion, thus allowing the persons of the local area to become more aware of how the administration is coping with the problem.

Dunn explained that he and other members of his committee have received letters from parents of inmates and citizens who live around state institutions concerning a variety of complaints, including alleged poor education, security problems and unsympathetic treat-

ment of students. "Obviously you have problems here," Dunn said, "but I'm convinced a sincere effort is being made to do a difficult job as creatively as possible, and as far as I can see few if any of the complaints seem justified."

Problems outlined by BTS officials included the difficulty of recruiting staff members because of trying conditions coupled with low pay, difficulty in obtaining some types of equipment, and the reluctance of some local public schools to accept transfer credits for class-work performed at the Training School.

**GOP Women Meet Nov. 17**

HOWELL — The Republican Women of Livingston County will meet at the home of Mrs. Harry Williams, 903 Dearborn St., in Howell, Wednesday, November 17 at 1:30 p.m.

Charles R. Ward, county chairman will tell about the recently held Republican County Leadership training conference and will introduce the principal speaker Wilfred H. Erwin, county finance chairman.

Robert Schott, son of Mr. and Mrs. Herbert Schott, will tell about his experiences at the TAR (Teen Age Republicans) Camp where he represented Livingston County.

Mrs. Andrew Jackson, president of the Livingston County Republican Women's Club, invites all interested Republican Women and Independent Women voters to this meeting.

Nov. 10-27-24 Dec. 1-8-15

**Fire Fighters Have Busy Week**

The Brighton fire department had a busy week, although total damage was relatively trivial.

At 608 Walnut street, an auto caught fire and two hours later a furnace blew up at 5825 Kenyon drive, but no one was hurt and the only damage was to the furnace and from smoke.

A grass fire at 8391 Hammel rd kept the boys busy for an hour as did a brush fire at Clark Lake that for a time threatened the Mobile Homes Estate on Shady Shore drive.

Another grass fire was at the Herb Newman farm on Newman rd and grease in a skillet caused the fire department to be called to 224 N. First st.

**Livingston Hosts For Dem Dinner**

When Senator Edward Kennedy speaks at the Second Congressional Democratic dinner, in Dundee, Nov. 12, honoring Congressman Weston Vivian, Livingston county hosts will be Mr. and Mrs. Leo Burke of Hartland township, Mr. and Mrs. John Desch of Lakeland, Mr. and Mrs. John W. Layton of Co-hoctah township, Mr. and Mrs. Lawrence N. Pierce of Brighton township and Mr. and Mrs. Francis E. Shehan of Hamburg township.

Ticket chairman for Livingston county is Greta Gregg, 10875 Nine Mile rd. The Master of Ceremonies for the dinner will be the Chief Justice of the Michigan Supreme Court Thomas Kavanaugh.

**Another World**

The world where this little "mother" dwells — the vast world of need—is far removed from the comforts we know. The bitter strife that ravaged Korea, Tso Su's homeland, seems long ago, but its aftermath of misery and destitution remains. You can help the needy in Korea and in more than 70 other countries by donating your serviceable used clothing, bed linen and blankets to the Catholic Bishops' annual nationwide Thanksgiving Clothing Campaign. All articles received will be distributed overseas to the impoverished of every race, religion and color.

Our Realm

The past week saw the name of The Brighton Argus and The Pinckney Dispatch, now a consolidated newspaper, changed to The Livingston County Argus-Dispatch.

For many years these two newspapers served their local communities, neither rarely going far from home base. That was in the horse and buggy days when a trip to Howell took a half a day and a journey to Whitmore Lake was indeed an adventure.

The addition of the words "Livingston County" instead of the local names of Brighton and Pinckney reflect the automobile age when Howell is only ten minutes from either Brighton or Pinckney and Whitmore Lake and Hartland are just around the corner, so to speak.

The combined circulation of the old Brighton Argus and The Pinckney Dispatch now encompasses practically the entire county and the happenings in either Cohoctah or Gregory, at the extreme edges of the county, are really news about our neighbors. These towns, once so remote, are now just twenty minute neighbors.

A dance in Fowlerville draws youngsters from Brighton and vice versa. Shoppers think nothing of driving ten to fifteen miles to buy something they want that they have seen advertised and because of this present day disregard for distances the former Brighton Argus and Pinckney Dispatch have designated in their new combined names the realm they now cover with news and happening of their neighbors.

Vital Protection

Should workers have the right to decide, through a secret ballot, whether or not they want a union to represent them in negotiations with management?

It's a safe bet that the vast majority of Americans — including union members — would answer that question with a resounding "Yes!" But, as of now, that right is not guaranteed. The National Labor Relations Board accepts authorization cards as valid evidence of a worker's wishes. This card states, in large letters, that "I Want An N. L. R. B. Election Now."

Below, in small letters, the union is given a blank check to act as the bargaining agent. This eliminates the secret ballot. And, as newspapers around the country have been pointing out, the authorization card can be the source of all kinds of coercion and abuses of power.

So it is proposed that the Taft-Hartley Act be amended to provide for a secret ballot election conducted by the Board, whenever employees are called upon to choose a bargaining agent. In such an election, coercion would be impossible, and there would be no doubt as to what the majority desired. The right-to-vote is certainly an essential protection for the working man.

Point For Tax Reform

Tax reduction and tax reform are prime matters of domestic discussion. We have had reductions in income tax rates and elimination of some federal excise taxes.

Tax reform is another matter. It involves the elimination of inequities in the federal tax system. There is much talk about them — but so far, no correction.

One of the worst inequities is double taxation of dividend income. First, the corporation is taxed on its profits at the high going rate. Then dividends paid to the corporation's stockholder-owners are taxed again at the individual income tax rates.

The government gave some recognition to this injustice 10 years ago when a law was passed providing that stockholders could deduct 4 per cent from taxes due on dividends received. But even this token relief was subsequently withdrawn.

Double taxation of dividends is no small matter these days. More than 20 million Americans, the majority in the middle income brackets, own stocks and most of them receive dividends. There is neither rhyme, reason nor justice in a tax policy that singles one group of earners out for punitive treatment. The elimination of double taxation would be an excellent starting point for tax reform in general.

OPEN CONVENTION ?

Recently The Chicago Daily News learned that 16 persons attended a secret meeting in a secluded farmhouse in northern Illinois. All of these persons were veterans of the successful draft-Goldwater movement which was launched in similar secrecy four years ago. The meeting was held to see whether a repeat performance with another candidate might be possible in 1968.

The meeting was called by F. Clifton White, the New York political consultant who masterminded the capture of the Republican Party machinery in 1964. Sources in a position to know said that among those attending the meeting were: Charles Barr, an executive of the Standard Oil Co. of Indiana; Russ Walton, a board member of the American Conservative Union, and Wm. A. Rusher, publisher of the conservative National Review. It is probably safe to say that the rank and file Republican hasn't the vaguest idea of what these men even look like, yet it is quite possible that these men will shape the destiny of the Republican Party.

Such action by such a group is a mockery of the democratic system of government, and reduces to ashes the image of the party of Washington and Hamilton, of Lincoln, and of Theodore Roosevelt.

This group which at best only represents a minority within a minority party, are not the true conservatives they claim to be. They are the radical reactionaries and their philosophy is not rooted in the conservative tradition, but is the philosophy of the crude and primitive capitalism of the Manchester School. It is not the philosophy of the conservators of the social order. Instead they would transform the party of Hamilton into an Anti-Federal Party — the party of Lincoln into the party of white supremacists — and the party of Theodore Roosevelt into an Anti-Progressive Party of uncontrolled and unregulated businessmen with the free enterprise system equated to the law of the jungle.

At the secret meeting held in the secluded farmhouse in northern Illinois, there was some discussion of uniting behind former Vice President Richard M. Nixon. That Nixon was considered as a possible candidate for another coup to be set up by these same reactionaries that masterminded the Goldwater coup, is hardly an endorsement for Richard Nixon. Obviously the candidate of their choice must be motivated by the same set of shoddy principles they adhere to, or he would not be considered.

These men are not concerned with selecting a candidate representing the views of the majority of the party, but instead one who is representative of their views (the emphasis upon secrecy punctuates that fact), and they are willing to junk the democratic system of representation to gain their end. They subscribe to the totalitarian principle "the ends justify the means" and have the audacity to wrap themselves in the American flag and call it all patriotism.

GOVERNOR ROMNEY REPORTS

Legislators and private citizens have expressed to me their anger and concern about students who are attacking U.S. policy in Vietnam or even offering aid to the Viet Cong.

Heads of colleges and universities will deal with these students in an appropriate manner and investigations are underway to determine where they may be violating state or federal laws, particularly in burning draft cards and in offering help to those we are fighting.

I deplore the actions of this fringe minority. They reflect unfairly on the 80,000 draft-age men on Michigan college campuses. They are clearly out of step with the vast body of state and national opinion.

Nevertheless, we must not forget the vital difference between honest protest against our nation's policies and disloyal assistance to our nation's enemies. It is precisely when our anger and disgust are most intense that we must guard most against the suppression of legitimate dissent in the name of patriotism.

We must remember that since the adoption of our U.S. Constitution, freedom of speech has been, and is, a gift from each individual to each individual. In the words of Thomas Jefferson, "Error of opinion may be tolerated where reason is left free to combat it."

Letters To The Editor

Dear Editor: At least one person in Brighton seems worried about UNICEF as a nest for Communists. I would like to know of the names of prominent Americans who oppose UNICEF for this reason. President Eisenhower, President Kennedy, and President Johnson have all supported UNICEF. So has Richard Nixon, presidential contender.

Religious groups of significance give their vote for UNICEF. The general board of the National Council of Churches, the American Jewish Committee, and Cardinal Coggan, Secretary of State of the Holy See speaking for the pope in 1962 have all endorsed UNICEF.

The UNICEF Executive board that sets policy for the organization is overwhelmingly non-Communist, and decisions are made by majority vote. The few Communist countries that participate make contributions, as well as receive aid. For example, in 1961, three countries with Communist governments received aid; ten countries with Communist governments made contributions to UNICEF.

Let me invite you to look at the November 5th issue of Life magazine. See the faces of hungry diseased children discovering new food and health through UNICEF. It is hard for me to imagine a human being with love in his heart opposing the world's children.

Sincerely yours, Robert C. Brubaker

Dear Editor: On Monday, Oct. 4, the aircraft carrier, U.S.S. Essex (CVS-9) left her pier at the Naval Air Station, Quonset Point, R. I. The Essex departed at 0800 with Carrier Air Group 60 on board.

Right after leaving the waters of the bay she ran into rough weather. Some of the men working on the flight deck had all they could do to keep their footing as the seas were breaking over the bow, soaking them to the skin. (The flight deck is 90 feet above water level.) The ship was rolling and pitching so much that the hanger deck, which is 80 feet above water level, had about three feet of water on it.

The Air Group had to use number 2 and 3 elevators as number one was not operational. Around 3:00 in the afternoon a large wave hit the num-

ber three elevator off its tracks, shearing the cables. It took about 4 hours to tie up the elevator with enough ropes and cables so it wouldn't fall off. If it had fallen off it would have taken with it about 40 ft. of the side of the ship.

About 7 p.m. the captain said that the ship was starting back to port. Half an hour later, salt water got into number one generator, burning it up. With the generator gone there was no AC power. One of the fuel tanks became contaminated and two of the boilers went out.

Just before 10:00 p.m. one of the fellows fell over the side. The weather was so bad, they never found him.

We arrived back at Quonset Point at 9:00 a.m. on Tuesday, Oct. 5. The Essex then went to the Boston Naval yards for repairs.

Larry Uley ATR-2 VS-34

Dear Editor: As the night of the Ron Visel Awards approached I was filled with mixed emotions, so proud and so terribly hurt inside, as are all Ron's family by his loss.

I didn't know if we'd make it through this special night without breaking down.

As we sat at the football game on Nov. 5 there were tears but, more important, so many wonderful memories of times when Ron was on that field so proudly wearing his number 45. I could visualize him out there so well and couldn't help but think what a wonderful tribute this memorial is to him, what possibly could have made Ron prouder or happier than to be remembered every year in this way. In a way it will seem to keep part of him here with us, though God has seen fit to take him for perhaps another team.

How fortunate we his family were to have had Ron even for a few short years to love and be loved by him. He enriched all our lives by being the boy he was. It was evident that night that in his 23 years he had accomplished what many of us never do, won the friendship and respect of the community, both young and old. I would like to thank each and every one of you who helped make the Ron Visel Awards possible and a very special thank you to Mr. Robert Scranton whom Ron admired and respected so much. Mr. Scranton has worked so long and unselfishly with our young people.

Words are inadequate, but on behalf of Ron's parents, brothers, sisters and all of us who loved him so deeply and miss

him so much, it lights our hearts to know Ron spent so much to so many people. May God bless each of you. And to you boys who won the awards, my sincere congratulations. Keep up the fine teamwork and sportsmanship. Hold them highly as did the boy whose name your trophies bear. Ronnie's Aunt, Mrs. Kathryn Kamber Howell, Michigan

To the Editor: Peaceful Coexistence — a Communist Blueprint for Victory.

I was deeply disturbed to see the comments made by Mr. Tom Kizer in his article last week. In an effort to enlighten both Mr. Kizer and your other readers as to the danger in peaceful coexistence, I would like to review with you the report of the Standing Committee of the American Bar Association on Communist Tactics, Strategy and Objectives. This committee's report focused attention on the publicly announced Communist strategy of peaceful coexistence as contained in the statement entitled, "Statement by 81 Marxist-Leninist Parties" adopted unanimously in Moscow on December 5, 1960. This was elaborated upon in a statement by Nikita Khrushchev delivered on January 6, 1961, wherein he made it clear that by "peaceful coexistence" they mean a continuing attempt to spread their system over the earth by all means short of a great war which would be self-defeating.

I believe Mr. Gus Hall, Executive Secretary of the Communist Party, U.S.A., put this peaceful coexistence question in its proper light when he stated, "The World Marxists, including ourselves, hold that the policy of peaceful coexistence is compatible with and facilitates the class struggle, the struggle to end Colonialism and the emergence of World Socialism." "The concept of peaceful coexistence has enriched Marxism because it has added new and additional avenues, possibilities and tactics for the class struggle." True the Soviet Union is now the second most powerful nation in the world, but certainly not because of Socialism or Communism, but only because of the tolerance and aid of the American people. Certainly the suggestion that, in order to bring the dream of peace and freedom to all nations it would be necessary to use the Communist method of mass murder, is out of order. However, with education as our strategy, and the truth as our only weapon, American principles of life, liberty and the pursuit of happiness, can be realized by all men. It must be realized, however, that Communism is not an ideology, nor a political party, or a military threat, but a gigantic conspiracy controlled by power drunk criminals. The one and only thing no conspiracy can withstand is exposure — exposure of the background, methods and purposes of this conspiracy must be every American's goal.

As the late Douglas MacArthur stated — there is no substitute for victory. Sincerely, Bruce Taylor

TODAY'S INVESTOR BY THOMAS E. O'HARA Chairman, Board of Trustees National Association of Investment Clubs

Q. I bought Comsat at about \$25 a share shortly after it came out. Should I sell and take my profits? And, on a more general set, how do I determine when I should sell stocks?

A Comsat is an unusual stock in that it is a private corporation that also has the interest, and blessing of the United States government. In addition, foreign individuals are interested customers and their governments are keeping a friendly eye on the corporation.

The price of any stock is determined by two things: (1) the public's demand for it and (2) its profits. Up to now Comsat has not earned a cent of profit; furthermore, the time when its stock can be expected to sell on its own earning power is so far in the future that we can't even guess when it will be.

Consequently, any profit in owning Comsat right now resides solely in the glamour and trading demand of the stock itself. When the price of a stock depends on these factors alone, its chances of dropping drastically in a weak market are greater than for a stock that has earnings.

This has been demonstrated a couple of times when the market in general turned soft and Comsat stock dropped markedly.

This, however, doesn't mean that Comsat is necessarily a bad buy, nor that you should dash out and sell the stock you now own. What I have just told you has been true throughout the history of Comsat: and yet your stock at one time had almost tripled its market value since you bought it.

So I would say that whether or not you should sell depends on two things: (a) your own financial needs right now and (b) on your temperament, which boils down to whether you are a speculator or a more cautious investor. For reasons already cited, Comsat is speculative. If this bothers you and the worry of what might happen to it in the future is too much, you might be better off in selling and investing it in another security whose market price is pegged more closely to earnings rather than trading power.

Or, as an alternate suggestion, you might sell just enough of your present shares to recoup your original investment in

WORTH TALKING ABOUT

"Many new Government programs have been proposed in recent years, and I think it reveals a lack of faith — both in the wisdom of the American people and in the efficiency of our democratic process — when only the first-year costs of these programs are made public. How can intelligent decisions be reached in the Congress or public positions developed when great social objectives are proposed but the future costs are concealed? Insistence upon information about the future fiscal implications of new proposals would significantly improve the operation of our decision-making machinery. It should also substantially strengthen the hand of Congress on the decision-making throttle."

Howard C. Petersen President Fidelity-Philadelphia Trust Co.

REC'D from LANSING State Representative Thomas G. Sharpe

1965 FALL SESSION I shall interrupt my weekly subject analysis of 1965 legislation long enough to report briefly on the activities of the 1965 fall session just concluded. For the most part, results were disappointing. Several of the important measures on the agenda were sidetracked, and the MOST important issue of all, fiscal reform, wasn't even on the agenda.

Although tax revision was claimed to have been the primary reason for calling legislators back to Lansing, the Democrats, after three weeks of argument over what items they would place before us, refused even to let us consider the bipartisan tax reform plan submitted by the Governor. It is rather ironic that while voting to increase state spending by another \$45 million or so in 1966 and 1967, they killed, at least until next year, all hopes for action on long-needed property tax relief, an equitable distribution of the state tax burden, and a strengthening of Michigan's financial structure. The Governor has hinted that he may veto some of the bills adopted during this 31-day session, particularly those calling for higher state expenditures.

WELFARE MERGER

Probably the most significant piece of legislation adopted was the long-sought merger of state-administered bureaus of social aid with county departments of social welfare (Oakland and Wayne Counties excepted), with local administration under the State Department of Social Welfare. The measure calls for an increase in state support of relief payments from 30 to 40 percent; for the state to share administrative costs for the first time, also at 40 percent; and for the state to cover all direct relief payments by any county of-

ter that county has spent an amount equal to one mill of its state equalized valuation. Estimated cost to the state is pegged at \$6.1 million for the first year, with a like savings to counties. Washtenaw County will save \$80,830; Livingston, \$14,918; and Lenawee, \$37,086.

SENIOR CITIZENS

The legislature passed several measures to make senior citizens eligible for increased federal assistance under the new medicare law that could cost the state up to \$6 million annually; readopted the \$15 million citizen homestead exemption act passed earlier this year to make it effective January 1, 1966; and passed a bill granting comparable state aid for senior citizens who rent which will cost another \$4 to \$6 million annually.

OTHER MEASURES ADOPTED

Veterans—granted an increase in homestead tax exemption to disabled veterans and widows of disabled veterans or men killed in the armed forces, by increasing present \$2,000 of property valuation exemption to \$3,500 (estimated cost to state is \$4.5 million).

Property Tax Assessments — implemented the new constitution by statute fixing property tax assessments at 50 percent of true cash value.

Executive Reorganization — adopted a salary schedule for department heads and made other technical changes to facilitate the reorganization of the executive branch of state government from some 120 principal departments to 19.

Uninsured Motorists Accident Claims Fund —increased the fee to be charged uninsured motorists from \$25 to \$35; appropriated funds for administering the new law; and provided for certain adjustments to insure sol-

venity of the fund.

Automobile Insurance — required every insurance firm to include uninsured motorist protection in any automobile liability policy after January 1, 1966.

Universities —appropriated \$1.2 million to seven state universities and colleges for higher-than-forecast enrollments this year.

Legislative Council — created a Legislative Council to supervise the research and bill drafting arm of the Legislature and provide a centralized policy direction agency to coordinate the two legislative houses.

Legislative Auditor General — gave statutory standing to the new constitutional legislative auditor general.

Workers' Compensation Act clarified provisions of act relating a domestic workers and farm labor, etc.

Driver-Licensing Office — appropriated \$500,000 to cover the costs of state-operated driver licensing offices where local law enforcement officials have abandoned the program because of the expense of the new photo driver licenses.

Circuit Judges' Terms of Office —extended the terms of two Oakland County Circuit Court judges elected in 1964 for 2-year terms until 1970 as well as provided a variety of term extensions and longer-than-normal terms for judges elected in 1964, 1965 and 1966. Eventually, in multi-judge circuits, all judges will run for 6-year terms, but not all in the same election year.

Measures Shelved In addition to pigeon-holing fiscal reform, the legislature also shelved numerous other measures including: Repealing of Mackinac Bridge to reduce and eventually eliminate tolls. Resolving dispute over state control of roadside signs which is clouding Michigan's eligibility for federal aid on highway construction. Creation of a separate college of osteopathic medicine. Setting up rules and regulations regarding the pricing of milk. Extending the terms of township officers from 2 to 4 years. Authorizing the reorganization of the National Guard. Providing for a system of county home rule.

Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Brighton is scheduled for Tuesday, November 16. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative, Mrs. Don Larry, telephone number 229-9781.

In World War I there were 277 women serving in the Marine Corps.

SCHOOL OPEN DATE CAREFUL

### Northville Scores 29-18 On Brighton

A 12-minute quarter can seem like 12 hours to a football coach when the other team is scoring. Northville unleashed three touchdowns in the final 12-minute quarter to stop Brighton, 29-18, Friday night.

Before the final three touchdowns Brighton was coasting with an 18-8 lead. Kevin Rooswurm scored first for Brighton with a two yard run capping a 62-yard drive. Randy DeMaie intercepted a Northville pass on the Northville 29 and Larry Flowers scored later on a two-yard plunge. The final Brighton score was set up by a pass interception by Don Herbst on the Northville 24, and Rooswurm again proceeded to score, this time from the 24.

Northville wouldn't give up, however, and back Dave Boeger scored two of the three touchdowns which put the lead in Northville hands. Brighton has a season record of 2-6.

### Whitmore Lake Beats Pirates

PINCKNEY — The Pinckney Pirates Wednesday blew what many considered their best chance to score a victory, when they lost to the Whitmore Lake Trojans 38-6.

Dan Zaleski was the big gun for the Trojans, as he has been for the entire season. He scored on the first play from scrimmage from 37 yards out and again later from the Pirate 40. Zaleski had a total of 171 yards for 21 carries.

The Pirates stayed with the Trojans in the first quarter 6-6, but from then on it was all Whitmore Lake.

Pinckney's only score came when Denny Reynolds, quarterback for the Pirates, sneaked into the end zone after a 67-yard run by half-back Earl Schram set up the TD.

Whitmore quarterback Bill Applegate threw three touchdowns passes in the second half, one to Dale Nowak, Jim Miller, and Don Lupi.

The Pirates will play their last game of the season Friday, hosting Ypsilanti Lincoln.

### Miller Wins Cribbage Test

HELL — With 20 wins and only 8 losses, Norm Miller of Pinckney rode home with the trophy from the cribbage league here Monday.

Among the regular players Leva Norris of Chelsea and Moe Darrow of Pinckney finished in a tie for second place with Francis King of Rush Lake and Dorothy Clark of Chelsea deadlocked in a tie for third place. Russ Clark of Pinckney placed fourth.

Featuring the final night of regular play was the exhibition turned in by Dorothy Clark who won 7 games without a loss, the best single night performance of the season.

All players will return Monday, Nov. 29, for the Hell Cribbage Tournament. Entries will be accepted until Saturday, Nov. 27, and should be mailed to the Hell Chamber of Commerce.

### All-Stars Lose To Hamburg

PINCKNEY — The Pinckney All-Stars went down to defeat in their final game of the season. It was against the Hamburg Hell-Cats Saturday night. The score was a close 12-7.

Once again it was an exciting contest with both teams giving their all throughout the game. There was a sampling of everything you could expect in a football game: interceptions, fumbles (of which the All Stars had more than their share), a reverse on a pass interception, and a hand-off on a fumble recovery.

The Hell Cat's scored first when they jumped on an All-Star fumble and Butch Bennett passed to George Thompson on the first play after the fumble. The try for the extra point was fouled and the Hell Cats had to settle for six points.

The All Stars got their only touchdown in the second quarter when Jim Barker, All Star quarterback while doing some great scrambling passed to Phil Peavyhouse who ran the rest of the way to pay dirt. Barker sneaked across the extra point and the score was 7-6. The two teams held each other well, playing a well-balanced game through the rest of the half and most of the third quarter. Then late in the third period the Hell Cats put on a big drive which they capped off in the fourth quarter with a pass from Bennett to Don Kamp, who was waiting for it in the end zone.

Once again the extra point was not converted leaving the score 12-6. Both defenses held tight, allowing only a few long

gains, and neither scored in the remaining time in the period.

Some 200 spectators saw the evenly-matched teams play a neck-and-neck game, an on-looker's seat, and a great one. There were only two 15-yard penalties during the whole evening.

Thus Saturday night, Nov. 13, the Red Devils of Hell take on the victorious Hamburg Hell-cats at Pinckney at 7 p.m. Captain Ken Charboneau said, "I've gained some good new players, and we hope to give them a good run for their money."

Proceeds of this game will be divided 50-50 with the Pinckney school athletic fund.

### MSD Beats J.V. 13-6

HARTLAND — The Hartland J.V. squad wound up its regular season, with a 13 to 6 loss to M.S.D. at Hartland Tuesday night.

The loss gave the junior varsity a won 2 and lost 4 record for the season.

The lone Hartland touchdown came on a one yard plunge by Rick Talsma.

Now a resort, French Lick, Indiana, was a French trading post in pioneer days.

### READ OUR CLASSIFIEDS

### Warn Dangers Of Corn Picker

BY GARY JOHNSTON

HARTLAND — One safety, if followed by all harvesters, would eliminate most accidents with mechanical corn picking equipment, said Bob Riedel, president of the Hartland F.F.A. Chapter.

"Most corn picking accidents are caused by the operator trying to unclog the picker while it is running," stated Bob. "So the obvious safety rule is: Never attempt to unclog the machine while it is in motion."

The Hartland F.F.A. Chapter has joined the Safe Corn Harvest Program aimed at increasing harvest-time safety. It is sponsored by the Farm and Industrial Equipment Institute and the National Safety Council.

The rule against unclogging a moving picker is true for any kind of work to be done on the machine — oiling, greasing, or adjusting. Remember, always shut off the picker before you leave the tractor seat.

Bob Riedel also gave the following pointers:

- Check, repair, and adjust the machine before harvest begins. All shields should be securely in place.
- Trying to work too fast cuts the efficiency of the equipment, and causes clogging.
- Keep shucks cleaned away from the exhaust manifold. Carry a fire extinguisher on the picker. A fire started in dry shucks could spread to the field and destroy the whole crop.
- Change off with another operator once or twice a day if possible. Wear snug-fitting clothes so they may not become entangled in the machinery.
- In order to promote the Safety Corn Harvest Program, every farmer must do his part.

# HARTLAND SCHOOL NEWS

## Adults Give Views on Today's Teens

HARTLAND — As a part of the Journalism program, students are required to interview and report the comments of others, regarding specific topics of interest. Hartland's Journalism students posed the following questions to adults within the community:

(1) Do the students and teenagers of today present a good image?  
 (2) What is your concept of the American education system of today?  
 Answers to the questions posed were varied some tinged with optimism, others certain-

ly pessimistic in nature. Mr. Ralph Marvin, Test Driver, GMC Proving Ground

"Teenagers — Most teens are wonderful people and will be good adults, but there is a small percentage that gives a bad name for the entire group. Their dances and activities are not any worse than those of my generation."

"Education — Schools are basically good, but there are a lot of bugs that should be cleared up. Education is not keeping up with new developments, we need more young teachers with fresh ideas."

"Education — Too much socialistic teaching in textbooks, and not enough patriotism in schools. Students should be required to say the pledge of allegiance each day. We are getting too far away from the Constitution and things are being done in favor of the communists."

"Teenagers — Teenagers are loud, but then teenagers always have been. 'We were'."

"Education — There is too much emphasis put on beautiful buildings and not enough on teaching staff. Money is not proper balance, that is too much spent on building and not enough on staff."

"Teenagers — People find that which they look for, if it's the bad they are after, that is what they will find. There is no real difference between this generation and the one before that. They all have their own idiosyncrasies."

"Education — Education has progressed and is better today than ever before. There is a wider selection in school subjects. Education given to children depends on the community in which the children live."

Former public relations worker and author

"Education — I think the American Education system exists primarily for the people engaged in it. Education is a racket. You can not belong to State Education Unions unless you do certain things. They must create an image. I don't like the word image, I don't like the word phony. People who use the word image indicate to me that they are fakes with something to hide."

## Student Council Goes in Action

BY LINDA DODD

HARTLAND — The Hartland High School Student Council holds its purpose to the planning and management of school activities, acting as government of the student body and to foster a spirit of cooperation among students and faculty. This year's activities by the council move strongly toward this end.

In establishing this purpose, the student council is doing things which it hasn't done before.

The council is scheduled to sponsor after-game dances this winter.

The landscaping and construction if the court has been reinstated with the hope of completion this year.

A very important step was taken by the council when it became a member of the State Student Council in October.

Aspirations for the future include the possibility of having all-school assemblies. These would involve guest speakers or group performances.

The council is also contemplating Student I.D. cards. These cards would be used for school functions.

## Foreign Teacher Visits School

BY SANDY HENRY

HARTLAND — "You are so much like us" exclaimed black-haired, brown-eyed Mrs. Vella Perova a recent visitor in our area from Bulgaria.

With twenty-nine other teachers from Japan, Argentina, Turkey, Yugoslavia, Brazil, Haiti, Finland, Ecuador, Denmark, China, Colombia, Mexico, India, Nepal and Spain, who instruct students in the English language in their countries, Mrs. Perova is spending three months at the University of Michigan studying English. They will spend three more months touring the United States, visiting schools, colleges, universities and industries.

"The schools in Bulgaria are much like the ones here in the United States." The school day starts at 7:30 with calisthenics. Then they change their clothes and start regular classes. The boys attend school until 12:00 and the girls until 1:00 or 1:30 p.m.

Although they are building more schools they do not have enough room or teachers so they go to school in shifts like we do some places here.

Mrs. Perova was a Junior Lecturer. By writing articles that received recognition she became a Senior Lecturer. By continuing to work she will become an Assistant Professor and finally a Professor.

"In Bulgaria, when you attend the University, you study only the subjects that apply to your major." For example; in the study of law we are ready to take our exams in four years instead of four years of pre-law and then four more of law.

Besides her interest in education Mrs. Perova is interested in reading, classical music and plays. She enjoys both dramatic and comedy plays. She is well acquainted with the actors and actresses in Sofia and dis-

cusses the plays with the actors and actresses after their performance.

When asked how she liked the United States Mrs. Perova said, "very much. The people are very friendly. They make you feel at home."

The thing that Mrs. Perova finds most interesting here is the habit our girls have when their feet hurt they take off their shoes and go barefooted.

## TEACHER PORTRAIT

BY CAROL DALTON

HARTLAND — "Infiltrating the north with Texan ideas and trying to improve her speech habits, are the main hobbies of Miss Ava Brown, 7th grade Civics and English teacher at Hartland High School.

Miss Brown was graduated from Texas City High School where she was a varsity cheerleader, as well as active in many organizations. After graduating from high school, she attended Abilene Christian College where she obtained a Bachelor's Degree in English. Before teaching at Hartland, she taught at a junior high school in La Marque, Texas. She also stated, "I don't prefer teaching in a large or a small school, but enjoy them both."

Miss Brown also stated, "Hartland is an interesting community and one which is different than other places I have lived."

Before coming to Michigan she had the impression that northerners aren't very friendly, but she said that her opinion has changed considerably. When asked what impressed her the most about Michigan, she said the landscape. "My pocketbook has also been greatly impressed for now I have to buy a winter wardrobe," she said.

At the present time, Miss Brown is living in Ann Arbor with three other Texans. She is also attending the University of Michigan nights, to obtain a Master of Arts degree.

## School Picked For Research

HARTLAND — The Hartland Elementary School has been selected by the Interpretive Research Associate of Skokie, Illinois, to undergo a pioneering educational project.

This project has been piloted in the State of Illinois and consists of doing research on the enrollments of each of the social studies and history and geography programs in the elementary building.

Hartland has been selected to represent a number of school systems of similar size and type in the area.

## HOT LUNCH NOW READY

BY KENNETH SMITH

HARTLAND — "We are off to a great start!" said Mr. Jerry Hilton, principal of Hartland High School, about the new hot lunch program. The high school cafeteria started serving hot lunches at noon on Monday after months of preparation at a cost of \$25,000.

There are many problems that arose with the coming of the lunch program. Most of these stem from overcrowding. There isn't enough sitting room for the estimated one hundred and fifty students that buy lunches. This problem had been eased somewhat by having the juniors and seniors who carry their lunch eat in classrooms.

## Girl Athletes List Program

BY LINDA DODD

HARTLAND — To satisfy all interests, the Hartland Girls Athletic Association has compiled a new program of activities for the up-coming year.

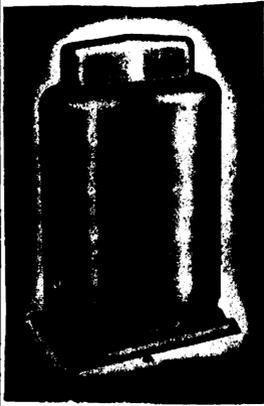

Among the new activities is archery which will be supervised.

Square dancing and both jazz and popular dancing instruction are on schedule.

Tentative judo and yoga sessions are also planned in which there will be instructors. At the present, G.A.A. is involved in volleyball tournaments. Bowling in Milford and swimming in Ann Arbor will be the commuting sports this year. The usual basketball, badminton and softball events will be offered.

Admiral George E. Dewey was the first and only Naval Officer to wear six stars.

Philatelists have made a new find. Swamped by the deluge of new postage stamps being issued each year, collectors and their collections are specializing by saving "topicals"—stamps of many nations with one theme or topic.

One topic now enjoying a rise in popularity is motor vehicles. The relatively small number of such stamps makes their collection both challenging and rewarding.

In the 118 years that the United States has been printing stamps, only seven have appeared with cars or trucks prominently displayed.

The first instance of an automobile to be honored by a stamp was a 1901 U. S. commemorative, issued on the occasion of the Pan-American Exposition held in Buffalo. The four-cent stamp pictures a 1900 electric hansom cab with two men on the box and a part of the U.S. Capitol in the background.

Eleven years later, the U.S. Post Office Department released a 15-cent parcel post stamp depicting a paneled motor wagon. This stamp was included in a special series intended to honor the diversity of America's manufacturing interests. The 15-cent denomination was considered to be an unnecessary one, and the stamp was discontinued after only six months.

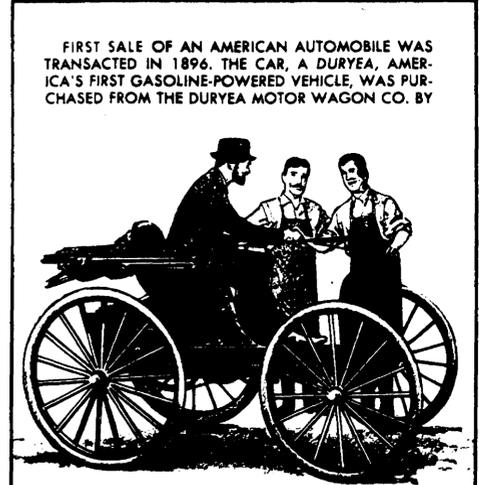

In 1925 a 20-cent special delivery issue was the first U.S. postage stamp picturing a truck. Printed in black, the stamp's central design is a motor truck parked at a post office with a postman loading packages.

The motor truck showed up again in a 1948 issue to honor the 300th anniversary of the volunteer fireman. Included in the design are an early fire cart and a modern fire truck.

Four years later the 50th anniversary of the founding of the American Automobile Association was recognized by a stamp depicting a school safety patrol member and two autos of the periods 1902 and 1952.

In 1953 a special three-cent commemorative was issued for the 50th anniversary of the American trucking industry. Dominating the stamp's design is the cab of a truck. In the background is a farm scene and an urban skyline.

## MOTOR MILESTONES

FIRST SALE OF AN AMERICAN AUTOMOBILE WAS TRANSACTED IN 1896. THE CAR, A DURVEA, AMERICA'S FIRST GASOLINE-POWERED VEHICLE, WAS PURCHASED FROM THE DURVEA MOTOR WAGON CO. BY

GEORGE H. MORRILL, JR., OF NORWOOD, MASSACHUSETTS. IT WAS A CONDITIONAL SALE, HOWEVER. BEFORE TAKING POSSESSION, MORRILL HAD TO AGREE TO PERMIT HIS NEW CAR TO BE ENTERED IN THE FIRST TRACK RACE FOR MOTOR CARRIAGES AT NARRAGANSETT PARK, RHODE ISLAND, IN SEPTEMBER, 1896.

Automobile Manufacturers Association

The most recent U.S. stamp to picture a motor vehicle was issued in 1960 to coincide with the opening of the 43rd National Automobile Show, sponsored by the Automobile Manufacturers Association. The four-cent issue features three illustrations between the spokes of a symbolic steering wheel—a car, truck and tractor. The legend of the stamp repeats the show's theme, "Wheels of Freedom."

In other countries of the world, automobiles and trucks have been treated more generously, at least from a philatelist's viewpoint. Some nations, such as Monaco and tiny San Marino, have issued beautifully illustrated stamps depicting early autos.

A 1964 French stamp honors the 50th anniversary of the first use of

the automobile in war, at the Battle of the Marne in World War I.

The Soviet Union has issued sets of stamps showing the automobiles which it produces. Trucks, however, appear more frequently on the Russian issues, reflecting their numerical dominance in vehicle production.

The collection of motor vehicle topicals need not be an expensive hobby; some stamps can be purchased at a stamp store for little more than their face value. But the ambitious philatelist who tries to have a complete collection can expect to spend up to \$10 dollars for a single stamp.

The novice, beginning with cancelled stamps, can join the growing number of people who are collecting cars by mail, at little or no cost.

IMMEDIATE POSSESSION 2 bedroom home, kitchen, living room, bath. Lake privileges. \$6,500 — \$500.00 down.

**Windows Also Lead Night Life**

Have you ever taken a walk at night and noticed how some houses convey greater warmth and beauty than others? If you decided the windows made some homes more attractive at night, you undoubtedly were right. Windows do make a difference.

For example, notice how the grills — those narrow vertical and horizontal bars that divide the panes of a window — catch the light from a lamp near the window and you'll know why grills have retained their popularity for centuries, even though the conditions responsible for their origin no longer exist.

Small window panes first came into use because it was difficult and expensive to make large glass panes for windows. Today, although glass can be made to fit any desired window size, divided panes are valued for their beauty. They are even simulated in stock windows of ponderosa pine with removable grills that snap in and out for easy cleaning and painting.

Windows in most Colonial and many contemporary homes feature grills in six-over-six, eight-over-eight or one of the other popular grill

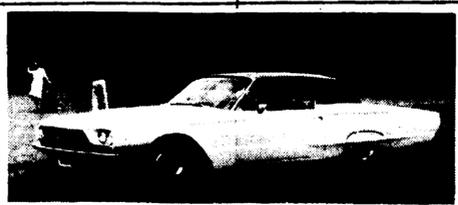

This patio dream-come-true, enabling the owners to experience the pleasures of outdoor living to the fullest, was the result of far-sighted planning. Stock windows and sliding doors of ponderosa pine provide abundant light, panoramic views and easy access from the house to both the patio and the deck upstairs.

patterns available in stock wood window units. The numbers refer to the number of panes in each sash of a double hung window. The six-over-six pattern, for example, refers to the six panes on top and six on bottom used in many double hung units. Diamond lights, a variation of the grill effect, are popular in provincial style homes.

These cool nights a man with real "get-up-and-get" is the fellow who can get up in the middle of the night and get a blanket.

**Panel Door Adds Accent to Closet**

You can give distinction to functional closets by using heavy, rich-looking panel doors. For single closets, use the same hinge-hung stock doors of ponderosa pine that are used for interior or exterior entrances. For double closets, simply hang two three-foot-wide panel doors on sliding hardware.

A distinctive roof line is featured on two new Thunderbird models for 1966, the Town Landau, top, and the Town Hardtop. Both cars offer an elegant "town car" look as contrasted with convertibles and the traditional and more sporty Thunderbird roof line continued on 1966 Thunderbird hardtops. New sportiness is reflected in the styling of all 1966 Thunderbirds and in availability of an optional 428-cubic-inch performance engine. Other new options include a Stereoconic tape player integrated into the radio in the center console, and fingertip automatic Highway Pilot speed control integrated into the steering wheel. An overhead console containing door-jar warning light, fasten-seat-belt warning light, emergency flashers and low-fuel warning light is standard on all "Town" models. All 1966 Thunderbirds will be in Ford dealer showrooms October 1.

## Brighton School Board OFFICIAL MINUTES

A special meeting of the Brighton Area Schools Board of Education was opened by President Ralph LewAllen at 8:00 p.m. Members present were Mr. Kujawa, Mrs. Maltby, Mr. McMacken and Mr. Leith. Mr. Hawkins and Mr. Fitzgerald were also present. Guests present were Mrs. Gyr, Mrs. Heideman, Mr. Murray, Mr. Stonex, Mr. Eastman, Mrs. Morrison and Mr. and Mrs. Dunstan.

The minutes of the previous meetings of October 11 and October 18 were read and approved with correction.

Mr. Kujawa reported on his visit to the meeting of October 20th in Howell concerning a County school board association. Mr. Kujawa returned to this board a copy of the minutes of that meeting along with a copy of the proposed constitution for each member.

Mrs. Maltby asked what has been done concerning the vandalism, and if the insurance would cover damage done. Mr. Hawkins has been in touch with a local masonry contractor who should submit a bid on the amount to repair damage.

Mr. Hawkins reported on the lifting of the curfew and how the Homecoming dance was chaperoned. It seems that there was a minimum of disorder at the dance, however the city police did stop at the school and several people were apprehended. The curfew of extra-curricular activities is still partially in effect. Investigation of the painting incident at the high school is proceeding, but at this time there is still no definite suspect.

Mr. McMacken reported on the possibility of installing several street lights on the high school property to help deter any further vandalism. There apparently is nothing to prohibit this installation and Mr. Hawkins is to follow up on this proposal.

Mrs. Maltby presented a proposal as a follow-up to her motion of October 11th concerning a citizen's study committee to study local school needs and proposed growth. She asked that each board member bring

icy will have to be implemented.

Use of school buildings by outside groups was discussed and it is felt that present policy regarding same is effective; but there should be more help available when buildings are rented to such groups.

Mr. Alan Stonex appeared before the board, representing the local chapter of the Jaycees with a proposal that organization might contribute an electrically operated scoreboard to the football field, with no strings attached as far as the school system is concerned. This request was received very favorably by the board and the Jaycee representatives indicated that they expected to gear their efforts in that direction.

A letter was read to the board from Mr. Con Doane, president of the Brighton Education Association, requesting that this association be recognized as the sole bargaining agent for the teaching personnel of the Brighton Area Schools.

Mr. Kujawa moved that Mr. Hawkins be instructed to turn over copies of communications from B.E.A. to our local attorney, Mr. McCrie, and our staff of attorneys on other legal matters, Miller, Canfield, Paddock and Stone, to study these letters and make their recommendations to the administration and the board. Motion was supported by Mr. McMacken and carried unanimously.

Mrs. Maltby, on behalf of Mrs. Warren, asked that they might be permitted to spend some time with the administration to study such things as policy, curriculum, etc., towards the final end of having a new policy written. It is agreed that Mr. Hawkins and available time they have with Mr. Fitzgerald will spend with these board members towards this end.

Mrs. Dunstan requested use of a room in the Miller School on Monday, November 1st, for a P.T.A. board meeting. This was granted.

Mrs. Maltby moved that a letter be sent to the Howell Schools Board of Education congratulating that board on completion and opening of their new school, as well as the very fine open house which was held recently. Motion supported by Mr. Kujawa and carried unanimously.

Mr. Fitzgerald brought before the board the question of how

many students and what grades would be occupying the old high school building when the new high school is completed. At the same time there was brought up that we should all be thinking of changes in the curriculum in order to provide a more rounded schedule for high school students. Such ideas as expanding the music, science, physical education and vocational education were discussed and it is determined that there will still be much effort in this direction.

Mr. McMacken moved and Maltby supported that the continued suspension of a particular student by Mr. Lawson be upheld by the board. Motion carried unanimously.

A communication was read to the board from Mrs. P. J. Allen, director of practical nursing at McPherson Health Center, in appreciation to the Brighton Board of Education for sponsoring that endeavor for the past two years.

At 11:45 p.m., no further business appearing, Mrs. Maltby moved and Mr. Kujawa supported that the meeting adjourn. Motion carried unanimously.

Approved: November 8.  
Ralph D. LewAllen, President.  
Thomas H. Leith, Secretary

### Tells of New Law

HOWELL — Frank Sierwasiak, director of vehicle services for Secretary of State Hare's office, will be at the Howell township hall, 3525 Byron rd. Tuesday, Nov. 16 at 8 p.m. to explain the new uninsured motor vehicle act.

Mr. Sierwasiak will answer all questions concerning the new law and invites all motorists in Livingston county to attend.

### Flier Graduates

AMARILLO, Tex. — Airman Third Class Gary A. Taylor, son of Mr. and Mrs. Emery A. Taylor, Wise of 5418 Leland, Brighton, Mich., has been graduated at Amarillo AFB, Tex., from the training course for U.S. Air Force administrative specialists.

Airman Taylor, a graduate of Brighton High School, is being reassigned to one of the more than 250 installations worldwide where Air Force combat and support units are based.

## Hamburg Township MINUTES

October 13, 1965

Special meeting of October 13, 1965 called to order by Supervisor Francis Shehan to approve the Hamburg Township Budget for 1966-1967.

The Clerk read the proposed budget.

There were several groups present representing the P.T.A., Village Leagues, and the Hamburg Area Chamber of Commerce. They requested the Board to put a "line" item in the Township Budget to establish a Township Library. A discussion followed.

Motion by Rettinger, supported by Backlund, that the budget be approved.

Motion to amend by E. McAfee supported by Bennett, that we adjust the proposed budget and appropriate \$5100 (3 mill) to establish a Library in Hamburg Township in accordance with Act 269 of PA of 1955.

A vote on the amendment was called for yeas — 3, nays — 1. Amendment carried.

A vote on the motion was called for yeas — 3, nays — 1. Motion carried as amended.

Motion by Rettinger, supported by Bennett, that meeting be adjourned. Motion carried. Time 10:15 P.M.

Respectfully submitted  
Edward A. Rettinger  
Hamburg Township Clerk

October 25, 1965

Meeting of October 25, 1965 called to order by Supervisor Francis Shehan for the transaction of such business as might properly come before a meeting.

Minutes of September 24, 1965 corrected to include mention of communication from Mr. Herndon and petitions for club license.

Communications from Mr. Curtight requesting street lights be installed on Ardmore Dr. tabbed for further study.

Letter from Michigan Constable Association requesting that Township Constables join the Michigan Constables Association. Motion by Backlund, supported by Rettinger, that Hamburg Township Constables be enrolled in the Mich. Constables Assoc. Motion carried.

Respectfully submitted  
Edward A. Rettinger  
Hamburg Township clerk

Motion by Backlund, supported by Rettinger, that Twp. Board approve an increase in Constable's mileage to average approximately 1,000 miles per month. Motion carried.	
Motion by Rettinger, supported by Backlund, that meeting be adjourned. Motion carried.	
Time: 10:15 P.M. Next regular meeting November 22, 1965 at 8:00 p.m.	

## WYNNE CHESTER SAYS: Hunters Must Work Together

Some of you may feel I'm being a bit "preachy" in this column; if so, I hope you'll bear with me this once. At this time of year I always feel conscience-bound to remind everyone—my family and myself included—that hunting is a privilege that we must all protect.

Too many hunters are guilty of vandalism, trespass and careless handling of firearms. Actually, these guilty ones are few compared to the hundreds of thousands of careful, well-mannered sportsmen who are now taking to the woods and fields. Just as the proverbial one rotten

apple can spoil the barrel, however, so can one careless hunter take the joy out of hunting for dozens of others.

We hunters must work together to point the way for those who are ignorant or thoughtless of the rules of good sportsmanship. First and foremost, set a good example yourself; only then have you the right to insist that others do the same. Never forget that hunting is an essential part of our American way of life. We must cherish and preserve our shooting sports today so that our children may enjoy them tomorrow.

ment bears the inscription "Here rests in honored glory an American soldier known but to God."

Nov. 13, 1927—The Holland Tunnel running under the Hudson River between New York City and Jersey City, N. J. was opened to public traffic after seven years of construction.

Nov. 19, 1863 — President Abraham Lincoln dedicated battlefield at Gettysburg, Pa., in a brief address destined to be world-famous.

Nov. 22, 1963—John Fitzgerald Kennedy, 35th President of the United States, was assassinated.

Magazines began in the 17th Century as book catalogs and today, as then, constitute a major medium of communication throughout the world.

## NOTICE

At their regular meeting of Nov. 4, 1965, the Brighton City Council gave final approval to the following Ordinance Amendment: An Ordinance to amend the Code of the City of Brighton by amending Chapter 30 of Title V thereof. This amendment amends the Zoning Ordinance by rezoning the following described land from R-1 (Single Family) to R-3 (Multiple Family):

Beg. at a pt. in the E. & W. 1/4 line 709 ft. from the E. 1/4 Post of Sec. 31, S. 1°30' W. 1170.10 ft., to N. line of P.M.R.R. (now C.&O.) then W. 1/4 790 ft. along the N. line of the P.M.R.R., then E. 1/4 along the S. 1/4 line of Grand River 640 ft. then S. 1°30' W. to pt. of Beg.

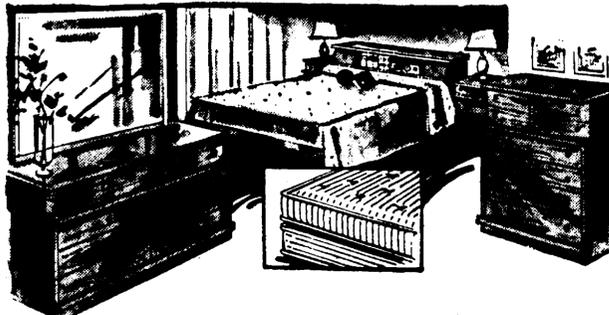

This Ordinance Amendment will be effective 11-19-65.

J. E. Siford  
City Clerk

### Point of View

BY TOM KIZER

**Politics! Nuts!** The three ring circus that went on in New York for Mayor involving even our President and Vice President makes the kids in college who have been getting the headlines look like a nursery party compared to a Hells Angels raid on a beer joint.

I had almost gotten to the point where I was ashamed to admit I was an independent which I have been for a lot of years and I was getting to the point that I was about to lean toward the Republican side because of the "Cactus Curtain" President Johnson has been so successfully fabricating. And about the same time I hear utterances from the Republican stalwart, Senator bombastic-stentorian-toned-puissant-cadenecop-Dirksen acting like a carbon copy of his Presidential boss, and the blood thirsty wanderings of the ink-seeking Michigan Senator Ford and I have to swallow twice to keep from heaving let alone give them loyalty. No thank you!

So what does that leave a just-average-citizen-John Doe vote. Darned little! As some reader of the Free Press wrote in recently, his vote for President Johnson wasn't a vote for Johnson, it was a vote against Goldwater, whom he feared. Nobody has said this yet but it's a ten to one bet that the selection of their candidate, Goldwater, by the Republican party caused the greatest Democratic landslide in history at the last election. Unfortunately it was such a mandate from the people that it had the effect of making the newly elected President think he was a combination of the Great White Father, the Messiah, and the second coming of Christ, all in one big Texas package. He has had a congress and senate similarly mesmerized. And this is our democratic process at work? The Jess Allens, who live at

346 Inverness in Howell have never been blessed with children of their own, but they have been adopted by all the Kids in their neighborhood. The reason of course is they love Kids and the Kids intuition tells them so.

This year, for the first time the Allens could not be at home for "trick or treats" but they did the next best thing and loaded a container of goodies and set it on their front porch for the Kids to help themselves. They did, even to lifting the container. Unfortunately "the container" happened to be a rather cherished antique copper kettie sort of thing that the Allens had picked up in Europe. When chided for not leaving the goodies in a cardboard box, Mrs. Allen said, "Well I probably should have, but children like beautiful things and this was a pretty heirloom so I thought they would like it." Besides she added, loyally, "I'm sure it couldn't have been any one who knew us it must have been some youngster from far away, like Detroit."

(Authors note) Mother, if you find Susie or Junior with such a possession have them return it and renew my faith, (the Allens) don't need reassuring in our Howell Kids.

P.S. The Allens found the heirloom on their front porch yesterday. Hallelujah. The Huntley-Brinkley report the other night revealed that the meeting of Doctors in Washington recommended the urgent need of ten new medical universities in order to meet the increased demand for Doctors by reason of Medi-care. The cost, however, to produce a medical university, they said, is approximately 50 million dollars each and the availability of such astronomical funds seemed depressingly unattainable. Probably sad but true, yet in 1964 (after escalation of the war) we were spending 1 1/2 million dollars per day on the war in Vietnam, it is many times that today and would build all the medical schools needed plus all the extra hospitals needed, plus, plus, plus. But we can't afford the medical universities!

Scientists say perspiration odors are produced by the apocrine glands.

### School Board Bickers over Fixing Policy

A "most unusual" Board Meeting, as one Brighton school board member expressed it, was held Monday night.

One of the main contentions was that making school policy is being forced on the board as an ever-increasing number of personal and administrative cases consume the major portion of the board's time. Policy on community use of school facilities opened the tense situation between Supt. Hawkins and board members when a letter from the Livingston Players was read. The local "Little Theater" group is presenting a Christmas play entitled "The Mouse Who Didn't Believe in Santa," and wished to use the facilities of Hawkins school. After much discussion on whether the inconvenience that all concerned would have to cope with due to the extremely crowded pupil situation, permission was granted. The board also granted the Players permission to inform the student body of this "hoped to be" annual Christmas addition in our community.

Next to be discussed was the case of a newly hired and already released custodian. Mrs. Richard Bloomfield, mother of school children ages 5, 6, 7, 9 and 11, told the board of her concern over the safety of her children if the bus drop-off point continued as presently scheduled, forcing her children to walk for some distance on busy U.S.-23. She stated she needs to work. This leaves her children unsupervised until they reach their grandparents' home. She said that discussion with Mr. Hawkins concerning this situation resulted in her being without the job as school custodian.

Postmaster Al Bosworth, at this point, backing up comments from the audience charging indecision on the part of the board and superintendent in regard to the safety of our

young school children, was the first of several to walk out in apparent dissatisfaction. However, he did convey before leaving concern that the program of children purchasing Saving Stamps needed to be revitalized.

Mr. Vorencamp, tenant in the Leith house, was next on the agenda. He asked for more time to locate suitable housing in the area for his family of six. Tentative plans call for the removal of this house from the property.

Mrs. Maltby asked that parents in the area of the new school instruct their children of the danger in playing around the construction area. Large amounts of material and other unsafe conditions could cause very serious injuries. There is also reported damage to the new school building being caused by children. This can only cause more delay and extra cost.

Mr. McCarrie presented his opinion in regard to the recognition by the Board of Education of the newly formed Brighton Education Association as sole bargaining representative for the teachers. After a lengthy discussion among the teacher representatives, Mrs. Dorothy Musch and Mrs. Siford, the school and the board members, the B.E.A. is being asked by the board to state definitely who is a member of the association and also, in some manner, show proof that a majority of those involved are members of the B.E.A.

The board members approved unanimously of joining the Michigan School Board Association and the Livingston County School Officers Association. Three board members, Mrs. Warren, Mrs. Maltby and Mr. Kujawa submitted the following names as willing to serve on the long range study committee: Mrs. Betty McCausey, Mrs. Ina Shannon, Mrs. Elsa Stegenga, Merlin Glazier, Fred Hynes, Harold Leitz, Dr. Robert McKinney, Max Masch and Clay Witt.

Final decisions will be made at the next board meetings.

Although 160 magazines have disappeared since 1950, 500 have been born.

### Snow is on the Way! Pick a Pair of Skis

With the first nip of fall, skiers everywhere start day dreaming about exhilarating runs down snow-white slopes and gay, tired evenings before a roaring fire. If you want to join this stylish clan, you'll need—in addition to gumption and a few other things—some skis. Here are some tips on picking out a pair:

Clearly an expert, this pro uses aluminum skis because they are durable and give excellent control in soft snow.

Skis cost anywhere from \$20 (for a set of wooden beginners) to over \$175 for professional aluminum racers. Generally speaking, the higher the price, the better the performance. Experts advise "buying the best you can afford." There is no such thing as "too much ski." A beginner may grow into a racing ski as his skill improves.

First, pick the type of ski construction you want, wood, aluminum or plastic.

Wooden skis range in price from about \$20 to \$100. They are inexpensive, give good to excellent performance on packed snow and are easy to repair. On the negative side, the thickness they need for strength makes them difficult to turn in soft snow. They are also not very durable.

Aluminum skis are usually made in a sandwich construction—metal on the outside with wood or a metal honeycomb core inside. They cost about \$70 to \$175. Metal skis are extremely durable and excellent in soft snow.

Plastic fiber glass skis range from \$80 to \$200. They combine some of the best characteristics of wood and metal, but durability has been a problem.

After you have picked a ski type, you must determine your correct "size." An accomplished skier uses a ski about one foot taller than his own height. A good rule-of-thumb: raise one hand over your head and the ski tip should reach your wrist.

Bindings that hold your boots to the ski usually are purchased independently of the ski itself, although your local ski shop will install them. Budget \$15 to \$25 for bindings and make sure you get the "safety release" type. They release your feet automatically when you get in trouble.

### Deer Hunters' Dream

As time seems only to inch toward the start of Michigan's firearm deer seasons—Nov. 13 in the Upper Peninsula and Nov. 20 in the Lower Peninsula—visions of that trophy buck whirl through the minds of hunters. Those high hopes of tracking down the big one, or at least trying to, are all part of the excitement that will spring an estimated 575,000 or more deer hunters into action this fall. Given good hunting conditions, close to 140,000 of these sportsmen are expected to return home with a deer. Not all of them, of course, will be lucky enough to bag a buck like this one, but every hunter will have tasted the thrills of anticipating it. And that's what deer hunting is all about.

--Mich. Dept. of Conservation

### NEW WORLD OF SCIENCE

## Life Could Exist on Mars

### Say Scientists

TARRYTOWN, N.Y. (CFN)—At a laboratory here in Tarrytown, a group of scientists are coordinating existing knowledge of the planets with biological experiments to determine if life is possible in outer space.

With only earthly life and environment to deal with, the scientists have developed a working laboratory which has reproduced the content, temperature and pressure of the Martian atmosphere. It is called Mars Simulator II (MSII).

Mars is like a depleted earth. It is dry and flat. Its atmosphere is extremely thin—about one fortieth of the earth's sea level. Its air contains little oxygen and its temperature ranges from 60 to 70 degrees down to a deep freeze.

Experimental results with seeds in the MSII chamber demonstrated successful germination. Of 250 varieties, some 50 required no oxygen for sprouting.

Trials with air grown plants in MSII revealed that some survived for almost a year. Conifers—pines and cedars—showed a high survival capability in the MSII.

Moss and humidity are commonly associated. Yet moss and fungi can actually reproduce under conditions of less moisture and oxygen than Mars appears to have.

Reviewing the experiments performed by the Union Car-

side scientists, one can fairly conclude that plant life is possible in the Martian atmosphere.

A strange relationship between low atmospheric oxygen and freezing temperatures was revealed in the experiments. Seedlings grown in a reduced oxygen level were able to survive in low temperatures that would normally kill them.

What about animal life? The cold resistance—low oxygen principle applied here also. Neither freezing nor low oxygen can be tolerated by the mealworm—a larval form of the beetle. But together they permit survival.

A turtle was placed in an atmosphere with an air pressure one tenth of sea level and low oxygen. Its behavior remained normal.

What may be the result from these Union Carbide experiments? First, we may be near the solution to the eternal query: "Is there life on the other planets?" Secondly, we may learn more about the origin of our solar system, of our earth and, possibly, of life itself.

**It's a woman's WHIRL**

BY ROSEMARY

The colorful crocheted squares made famous by Italian women are finding their way into American fashion. American manufacturers are machine-making the items that take months of fine work by hand. Traditionally used as

A favorite pattern is a patchwork of flower shapes, each about two inches in diameter. They make a lacy open-work fabric when sewn together. The flowers are two-tone—one color worked around an eyelet center, the other in a six-petal border. For those women who would still rather do it themselves, the production of a typical item, such as flower pattern jackets, requires the crocheting of two or three hundred small flowers and the additional time of piecing them together.

A leading women's magazine has reported that the average housewife puts in a 99.6 hour week, with theoretical pay of \$159.34. At her major duties she spends 44.5 hours as cook (at \$2.50), 44.5 hours as a nursemaid (at \$1.25 an hour) and 5.9 hours as a laundress (at \$1.90).

For new style in home decorating women are turning to the candle. Elaborate shape and designs fit every household need. Candles are looking like mushrooms, owls, poodles, asparagus clusters, eggplants, corn cobs and apples. What is more they are being canned as a protection against damage.

### Foods for Quick Delicious Entree

Turn to your pantry shelf for two convenience foods to put in a casserole that will delight your teen-agers.

Reach into refrigerator or freezer, says Reba Staggs, meat expert, for the ground beef for the flavorful and stick-to-the-ribs quality that makes this casserole so tasty.

Once assembled, it will take only a half an hour in the oven to bake to completion.

**Jiffy Beef and Macaroni Bake**

2 pounds ground beef  
1/2 cup chopped onion  
2 tablespoons lard or drippings  
1/4 teaspoon leaf oregano  
1/4 teaspoon garlic salt  
1 teaspoon salt  
1 can (10 1/2 ounces) condensed tomato soup  
2 cans (16 ounces each) macaroni and cheese  
1/2 cup grated American cheese  
Finely chopped parsley

Brown ground beef and onion lightly in lard or drippings. Pour off drippings. Combine ground beef, onion, oregano, garlic salt, salt, tomato soup and macaroni and cheese. Pour into a 2-quart baking dish. Bake in a moderate oven (350° F.) 20 minutes. Sprinkle with grated cheese and chopped parsley and continue baking 10 minutes. 8 to 10 servings.

## County to Meet Tourist Rush

Widespread reports that the conservation department is eager to go ahead with acquisition of huge acreage in the Cunningham Lake area just west of Brighton, and to flood it as a lake connecting with Bishop Lake, bring up the realization that around Brighton are some of the choicest and most beautiful camping and picnicking spots in the state.

During the past summer every camping ground was filled and brought on the annual complaints from campers, fishermen, and others on the quantity, the quality and the condition of Michigan's camping facilities.

New and improved highways, faster cars, and more leisure time, have caused people to forget a trip to the moon or a ride in space, or even a trip to Europe, in order to spend a few days with the family in a quiet, wooded camping site along a flowing river or idyllic lake.

A new-found affluence, combined with greater mobility, has created a "camping crisis" that has knocked all the predictions of the professionals off balance. Their lines have gone up sharply on all their charts, and it has caught the experts by surprise.

The U.S. Forest Service launched "Operation Outdoors" in 1957, and estimated that in 1962 they would have 66 million recreationists. In 1961 there were 102 million visitors, and in 1962 there were 120 million!

Michigan is recognized across the nation as a leader in tour-

ism and outdoor recreation. We are blessed with lakes and streams, game and fish, forests and fields, mountains and valleys, and all of the resources necessary for a well-rounded recreation program.

We have the greatest number of ski resorts in the nation; we have more public fishing sites than all states combined; we pioneered the roadside picnic sites and now have 1800; we have more water surface area than any state; we have more freshwater shoreline than any state.

If by now you have come to the conclusion that we are going to say that Michigan has one of the greatest arrays of camping facilities compared to other states, you are right!

However, cost years as many as 30,000 people were turned away from camping areas on a given week-end.

Michigan has one of the best, well-rounded camping programs found anywhere in the nation, with 65 well-developed state parks; 104 state forest campgrounds; 1 national park; 54 national forest campgrounds; 35 city-county parks; and 34 private parks and campgrounds.

According to Parks Chief, Arthur C. Elmer, Michigan is now working on a 10 year plan, aimed at tripling the present camping and park facilities. The present 65 state parks encompass 192,000 acres of land, and by 1975 Michigan will need 472,500 acres to take care of the anticipated demand.

Officials estimate that by 1975 the state and out-of-state campers and visitors will need 36 major new parks with a minimum of 1,000 to 2,000 acres. This total development, based on an anticipated 105 million population will cost approxi-

mately \$140 million. If the present plan for increasing the campsites to handle 37 million people during the 100 day summer season materializes then Michigan would be keeping pace with the rest of the nation.

## Quail Season Opens Nov. 11 After 54 Yrs.

LANSING — Quail hunting, a special brand of sport which most Michigan shotgunners have only read about, returns to live action for this state's shooters in 15 southern counties, Nov. 11.

Michigan's first open quail hunt since 1911 will be held through Nov. 15 in the heart of the state's bobwhite country — Monroe, Lenawee, Jackson, Macomb, Hillsdale, Calhoun, Washtenaw, Ingham, Branch, St. Joseph, Wayne, Kalamazoo, Eaton, St. Clair, and Oakland counties.

## Edison Reduces Rates 4 Million

The Michigan Public Service Commission has given approval to the Detroit Edison Co. for a reduction in electric rates amounting to \$4,500,000 year.

Walker L. Cislis, chairman of the board of Detroit Edison, stated that the new reduction would save electric space heating customers about \$400,000 for 260,000 domestic customers who use over 400 kilowatt-hours per month. Reduction in rates for very large commercial and industrial customers taking electric service.

## PLEASANT VALLEY NEWS

Mrs. Donald Warner and daughter Donna were Friday, November 4th callers of Mrs. John Stahl and son Eric of Flint. Thelma was telling me that her father, Frank Davis has been having the shingles for the past three weeks. Also that her mother is able to go for a walk every day with the assistance of someone. She is a patient at Bonnie View Nursing Home in Howell and cards or visits from her many Brighton friends would be appreciated.

Mrs. Joe Voorhis Mother, Mrs. Ed. (Goldie) Banfield fell at her home a week ago last Friday evening, Oct. 29 and was taken to McPherson Community Health Center in Howell where it was found she had broken her hip. Surgery was performed that night, and we are happy to report that Mrs. Banfield is now out of intensive care. Cards or visits will help shorten her stay as I understand she will be hospitalized at least three more weeks.

Mrs. Scott Dunham and daughters, Lori, Mrs. Bob McDuff and children were Friday callers of the former's sister-in-law, Mrs. Owen Kirkwood and family of Romeo.

Recent dinner guests of Mrs. Walter Watters of Plainfield were her sister and grandniece, Mrs. Harold Seger and grand daughter, Mrs. Bob McDuff and children. Last Monday callers at the Seger home were her brother-in-law and sister, Mr. and Mrs. Clair Swarthout of Gregory. Thursday evening callers were Russ and June Morgan.

Thursday evening dinner guests of Mr. and Mrs. Clarence Knight were Mr. and Mrs. Russ Housner and Mr. and Mrs. Corey Veno and children, Linda, Billy and Mary Jane. Glen Veno was spending the night with his friend Jimmy Pearsall.

Randy Housner, son of Mr. and Mrs. Wesley Housner, was honored guest at his home Wednesday evening when aunts, uncles, cousins and friends came to join his family to help him celebrate his birthday. The traditional birthday cakes, ice cream coffee and pop was served to uncles and aunts; Mr. and Mrs. Robert Housner, Mr. and Mrs. Russ Housner, Mrs. Raymond Falk; cousins, Susan Housner, Mr. and Mrs. Robert Kilgour and friends Ronny Wasser and Sue Hall, the Richard Halls daughter of Brighton Rd. Randy received many nice gifts and a sum of money.

Mr. and Mrs. Russell Morgan and family spent the weekend at Traverse City where they visited her sister, Mrs. Beeman and children.

The new brick home being erected on Pleasant Valley Rd. just north of the Don Warner home belongs to Mr. and Mrs. Ray Coffey and family, former Pleasant Valley Road residents. Mrs. Coffey is a sister to Mrs. Dave Lanning.

Mrs. Michael Frazer and children of Battle Creek, spent the weekend with her parents, Mr. and Mrs. Joe Ellis.

Deepest sympathies extended to the family of Erwin Hynes who passed away last Wednesday at his home following a long illness.

Mrs. Harold Krause entertained the members of the Pleasant Valley Breakfast Club at her home on Buno Rd. last Wednesday morning.

Heartfelt sympathies extended also to Mr. Suminski, owner of Marv's Bakery, whose father passed away last week.

Sunday, Mr. and Mrs. Russ Housner drove to Detroit where we were dinner guests of Mr. and Mrs. Ed Sypniewski and son Gary. That afternoon, the two couples called on another World War II buddy of the men folks, Mr. and Mrs. Rex Ladd and two sons of Dearborn.

Mr. and Mrs. Ed Faussett were Sunday callers of her brother and sister-in-law, Mr. and Mrs. John McDaniels of Ann Arbor and of their son and daughter-in-law, Mr. and Mrs. Ed Faussett Jr. and family of Ypsilanti.

Milking machines came into wide use after World War I.

## St. Patrick's News Notes

Harvesting time is here again and so is the Sister's Pantry Shower! In olden times the farmers in thanksgiving for a good crop, showed their gratitude by sharing their crops with the church. So today we continue with this thoughtful custom. If you have the opportunity next Sunday, November 14, from two to four in the afternoon, come to the Sister's Pantry Shower in the Shamrock Room. It was suggested that Parishioners do not donate homemade goods.

Teenagers! Hope you have not forgotten about the CYO dance being held November 13, Saturday, in the Shamrock Room of the church. A "Teen Band" will supply the music. Two other CYO clubs have been invited. The price is 50c stag and 75c drag. Membership cards will be needed for admittance and this is also a guest night.

If you cannot make it to the Rosary Altar Society Meeting on Wednesday, November 10, but you are interested in helping others through the Annette Program call Mrs. Philip Nimmo or Mrs. Robert Sinke. Among other things, the program's main objectives are: visiting the sick, welcoming new families into the parish, etc. For those who feel there is a lack of charitable works in the parish, this is a good opportunity to help amend this flaw.

St. Jude Guild will meet November 11, Thursday, at the home of Mrs. Pat Trhun, 739 South Third. Under discussion at this meeting will be the Bake Sale to be held November 21, Sunday, after the 8, 10 and 12 o'clock Masses. Besides bake goods there will also be homemade handy works. So if you are a "calorie counter" you might come anyway and look at the handy works.

Due to Thanksgiving the Mother's Club will hold their general meeting on Wednesday, November 17. Mrs. Philip Nimmo will be the guest speaker, and the topic is the "Annette Program."

The dinner was given in honor of employees with 25 years or more of service. Mr. Backlund has been with the Company for 25 years.

New members of the 4-H Knitting Club are Brenda Henson and Helen Stevenson. The group is well under way with all requirements.

4-H Woodworking group was started in Pinckney Nov. 4th. Paul Gehringer is their leader assisted by Marshall Miller.

Saturday Oct. 30 Boy Scout Troop No. 58 ushered at the Wisconsin-Michigan game in Ann Arbor.

Also at the game were Cub Scout troop No. 357.

Their next roller skating party will be Nov. 16.

A Halloween party was held Saturday Oct. 30 at the home of Mr. and Mrs. James Bennett for Brownie troop No. 34. Seventeen girls were present. They played games and prizes were awarded for the best costumes. Refreshments were served and chocolate milk and orange drinks were donated by the Bennetts.

Tuesday the 28th the Pinckney

## Hamburg Happenings

Elizabeth Hatala 229-9053

Mr. Cioskey, Miss Kirshke and Miss Thomas, teachers of Hamburg Elementary Schools and Mary Kozy attended the Student Council Conference at St. Mary's Lake at Battle Creek. Mary is a student from Hamburg.

St. Patrick's school children will have their first hot dog luncheon Thursday Nov. 11.

Girl Scout Troop No. 559 are having a dinner for their families Thursday Nov. 18 at 6:00 p.m. in the Shamrock Room at St. Patrick's. All in the troop will please come right from school at 2:30 to prepare dinner.

Meat balls and macaroni are on the menu. All place cards and table settings have been made by the girls.

Mr. and Mrs. William Backlund were dinner guests of the Michigan Bell Telephone Company held at the Rooster Tail in Detroit.

The dinner was given in honor of employees with 25 years or more of service. Mr. Backlund has been with the Company for 25 years.

New members of the 4-H Knitting Club are Brenda Henson and Helen Stevenson. The group is well under way with all requirements.

4-H Woodworking group was started in Pinckney Nov. 4th. Paul Gehringer is their leader assisted by Marshall Miller.

Saturday Oct. 30 Boy Scout Troop No. 58 ushered at the Wisconsin-Michigan game in Ann Arbor.

Also at the game were Cub Scout troop No. 357.

Their next roller skating party will be Nov. 16.

A Halloween party was held Saturday Oct. 30 at the home of Mr. and Mrs. James Bennett for Brownie troop No. 34. Seventeen girls were present. They played games and prizes were awarded for the best costumes. Refreshments were served and chocolate milk and orange drinks were donated by the Bennetts.

## Brighton Man Heads State Welfare Boards

The Michigan State Association of Welfare Boards at its annual meeting on Mackinac Island elected Dr. Donald McGregor of Brighton president for the coming year.

Dr. McGregor was graduated from the University of Detroit in 1940 with a degree in Dentistry and from the University of Michigan in 1949 with a Master's degree in Public Health.

Dr. McGregor has practiced dentistry in Brighton for the past 20 years and for the past 5 years has been the staff dentist at Boy's Training School in Whitmore Lake. He has been a member of the Livingston County Welfare Board for the past 4 years and was Supervisor for Brighton on the County Board of Supervisors for 6 years prior to then.

Dr. McGregor was Health Officer for Brighton from 1950 until his appointment to the County Welfare Board in 1961.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say, for instance, you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

## Girl Scouts invited the Boy Scouts to the roller rink at Island Lake for a masquerade party.

Also on the 26th Girl Scout troop No. 101 had a Halloween party at the Hamburg Town Hall Annex.

They are working hard on gifts for Xmas for the retarded children in Howell Sanitarium. Cub Scout Pack No. 357 had a Halloween party at the Fire Hall. Prizes were given for the best costumes and pumpkins.

Oct. 28th Girl Scout troop No. 559 had a Halloween party at their regular meeting. Their will be a card party at St. Patrick's Church Wednesday Nov. 17th.

St. Patrick's school children will enjoy free days Nov. 8th, 15th, 25th and 28th.

## Miracle In Plastics Emerge From Bell Phone Laboratories

NEW MATERIALS emerging from the chemist's laboratory are finding dramatic uses in modern industry.

If you have a budding chemist around the house, offer encouragement.

That's the advice of Don K. Rider, a University of Michigan graduate who is a leading scientist at the Bell Telephone Laboratories.

Rider, a native of Ann Arbor, reports about some amazing developments in the world of plastics in the Bell Laboratories magazine, "Record." Uses of plastics, called organic materials by chemists, are mushrooming almost with explosive force, Rider says.

New organic materials, including "carbon substances," are finding dramatic uses in modern industry.

An array of new products are popping up in your home. Examples include unbreakable shampoo and detergent containers, parts and cabinets of portable radios and television sets and molded luggage as well as telephones.

Rider, who heads the Bell Labs' organic materials research and development department, relates that plastics are paying off in the communications industry.

Plastics replace metals in telephone dials, cams and gears. Organic adhesives hold together metal structures without rivets and welds. Glassfiber reinforced plastics are used as mechanical springs.

Rider, who holds two degrees in chemistry from the U. of M., says the growth of organic materials, starting slowly in the early 1940s, has soared in recent years.

Development in the late 1950s of new compounds with the tongue-twisting technical names of polyacetals and polycarbonates triggered many recent advances. Demands often are severe on new plastics. They must operate in extremes ranging from outer space to ocean bottoms. Others must bear heavier loads than previous materials, cut bulk and resist fire. Still others must not conduct electricity, yet reduce vapor pressure and per-

form to a degree thought impossible a few years ago.

Despite these limitations, new organic materials have been developed with spectacular properties.

For instance, new adhesives and plastic putty bond honeycombed metal into lightweight building panels. Miracle fabrics, kept up with air pressure, form "roofs" for dome-shaped structures. "Shrinking" plastic provides coolful, waterproof jackets for phone wire and cable.

DON K. RIDER, head of a Bell Telephone research laboratory reports that developments in plastics are mushrooming almost with explosive force.

## ACORN-ER of Green Oak

BY MONNA MITCHELL  
 AC 9-6098

Don Baker, son of Mr. and Mrs. Cliff Baker, has finished his basic training at Great Lakes Boat Camp and has spent the last two weeks visiting his family. He left today for Mississippi where he will be stationed for the next six months. Upon completion of that assignment he will return to Great Lakes where he will attend the Electronics School there.

Mr. and Mrs. Hiram DeCamp spent last week end at their cottage in Kalkaska.

Mr. and Mrs. James Fullerton have returned home after spending three weeks vacation traveling through Michigan visiting friends and relatives in Oscoda, Harrisville, Curran, Alpena and Standish. They stayed with Mr. and Mrs. Tom LaForge in Kuskable, Mr. and Mrs. Cliff Duane in Harrisville, Mr. and Mrs. James Duff in Greenbush and with Mr. Thompson's uncle, Mr. Bert LaForge, in Curran.

Sharon Danforth along with her aunt, Mrs. Lennox Benser, Pam Benser, Sharon Green, Doreen Titus, Jan Shekell and Carol Bussy went to Detroit last Wednesday where they joined other members of the Future Nurses Club. They then toured the Nurses home at Detroit Ford Hospital.

Shirley and Edwin Danforth gave a Halloween party a week ago Saturday night. About twenty-five guests attended and enjoyed the music of a four piece band that was there for the occasion. Prizes were awarded to the best dressed. Shirley's sister, Mrs. Kenneth Richmond, won the prize for the ladies division. She came dressed as Mary Poppins. Shirley's brother, Mr. Richard Shekell, won the prize for the mens division. He came dressed as Cousin B of the Adams Family.

Mary and Karen Hatula are guests at the home of Mr. and Mrs. Edwin Danforth for the next two weeks while their parents are up north doing some hunting and fishing.

Mrs. Cless Greenfield gave a party last Saturday for her daughter Mickey in honor of her 8th birthday. Friends who attended were Julie McDonald, Shelly and Jackie McCassey, Ann Cluckey, Cindy Bylber, Donna Tolson, Polly Roe, Cathy Brubaker, Peggy Cox and Karen Harding. Friends from her first grade class at Hawkins School who attended were Susan Ames, Cynthia Burton, Michelle Camp-

bell, Leshe Coleman, Annette Cox, Donna Piskorowski, Lori Rossman, Mary Skrlie and Julie Womsey. The girls enjoyed several games and ice cream and a cake shaped like a Giraffe. Last Wednesday Mickey took Dixie cups for her first grade class so they could help her celebrate the occasion.

A week ago Sunday, Mr. and Mrs. John Holderness visited Mr. and Mrs. Graydon Allard and family in Hartland.

Guests at the home of Mr. and Mrs. Tom Jacobs last week end were Tom's brother and wife, Mr. and Mrs. Ken Jacobs of Muskegon.

A First Communion party was given by Mr. and Mrs. Socrates Trikes for their daughter Kathy a week ago Sunday. A buffet dinner was served to the guests that attended. Guests were Selma and Archie McDonald and their two daughters Mary Jane and Julie. Mrs. Kathleen Rossman and daughters Nancy, Lori and Kim, Julie and Lyon Alfred and daughters Judy, Jill, Debbie and Jenny, Doris and Marvin Retke and daughters Ann and Sharon, and Kathy's Godmother Beverly Walters.

On Tuesday, November 2nd, Mrs. Jackie Trikes and Mrs. Kathleen Rossman attended the Brownie Leaders Training course in Howell.

Mr. and Mrs. Tim Wiles attended a house warming last Saturday for Mr. and Mrs. Fred Wiles in Utica. Along with them were Mrs. Wiles brother and wife, Mr. and Mrs. Ron Richards, her sister Juanita Campbell, his brother Herb Wiles, his parents Mr. and Mrs. Temple Wiles and his cousin Mr. Johnny O'Connor.

Mrs. Joy Noonan had a small birthday party on October 31st for her husband, Rip, who had his 26th birthday on October 28th. Those attending were Marilyn and Jim Burroughs and son Mike, Brenda and Jim Appleton Jr. Belated birthday wishes to Mrs. Joy Noonan who celebrated her 25th birthday yesterday.

Jan Moore attended a wedding shower last Thursday night given by Diane Davis for Judy Birkelbaw. Other girls attending were Jane Birkelbaw, Linda Davis, Mary Reed, Sally Todd, Elzora Holland, Jeanne Shulman and Linda Miller.

Mrs. James Sherwood gave a party for her daughter, Pat, on November 5th in honor of her 7th birthday. Friends who attended were Becky Rosenzweig, Cathy Coore Paula Butt, Andrea Darnay, Lisa Bennett, Marsha Bennett, Margie Glazier, Ruth Glazier, her brother Scott Sherwood and sister Roberta.

## Green Oak Twp. Tentative Agenda

- Nov. 9, 1965 - 6:00 p.m.  
 Township Hall
1. Pledge to Flag.
  2. Invocation - Rev. Robert Davis.
  3. Minutes of Oct. 12 meeting
  4. Treasurer's Report.
  5. Correspondence.
  6. Bills for month.
  7. Proposed Ordinances:
    - A. Fire
    - B. Plat
  8. Estimate of cost of restitution of Old Irish Catholic Cemetery.
  9. Civil Defense
    - A. Presentation of Certificates to graduates of Medical Self Help Training Course.
    - B. Siren for Twp. Hall.
    - C. Appointments for Twp. officers to maintain continuity of Gov't.
  10. Reports.
    - A. Saxony - Willmor Water Committee
    - B. Zoning Board action
    - C. Whitmore Lake School Board meeting
    - D. Richter Farm dilapidated building burning
    - E. Huron River Watershed Council Representative.
  11. Appointments
    - A. Board of Canvassers
    - B. Board of Review.
  12. Plans for Twp. - Open Space, Recreation, Civic Center, etc.
  13. Call to public.
  14. Announcements.
  15. Adjournment.  
 Herbert L. Munzel, Supervisor

There's more to Chrysler's popularity than meets the eye. Like under the hood.

Every Chrysler is a big V-8. Starting with the husky 383 cubic inch that runs on regular gas. Or any of three others - up to the 440 TNT engine.

Of course, the way every Chrysler is built has a lot to do with its popularity, too. And think of all the protection you get.

As for looks, come in and give Chrysler a long, hard look.

The move up to Chrysler is beautiful.

## State To Sell More Land In 2 Counties

Lansing — The State Highway Department will offer 17 parcels of excess land in Washtenaw County and one parcel in Livingston County near Brighton for sale at public auction November 18.

The sale will begin at 2 p.m. in the new Ann Arbor City Hall, Fifth and Huron, Ann Arbor. No sealed bids will be accepted. Minimum bids range from \$100 to \$18,000. Parcels bid to \$5,000 or more may be purchased on land contracts.

Legal descriptions and sketches of the properties may be obtained from Norman Fulger, Highway Department property representative, at 2900 Clinton Rd., Jackson.

Descriptions of the properties and minimum bids are:

**Livingston County**

- 2 acres of land on the southwest side of I-96, north of closed Gray Rd., three miles northwest of Brighton, \$100.
- Washtenaw County**
- 2.4 acres of land in the northeast quadrant of the US-23 and US-12 interchange, three miles south of Ann Arbor, \$8,000.
- 1.5 acres of landlocked land in the northwest quadrant of the US-23 and Washtenaw Ave. interchange, two miles west of Ypsilanti, \$5,000.
- 5 acres of landlocked land east of US-23 and 1,500 feet north of the US-23 and Washtenaw Ave. interchange, two miles west of Ypsilanti, \$12,500.
- 3.3 acres of landlocked land in the northwest quadrant of the US-23 and US-12 interchange, three miles south of Ann Arbor, \$2,650.
- 0.8 of an acre of landlocked land in the southwest quadrant of the US-23 and US-12 interchange, three miles south of Ann Arbor, \$400.
- 4 acres of landlocked land in the northwest quadrant of the US-23 and Plymouth Rd. interchange, northeast of Ann Arbor, \$6,000.
- 1.3 acres of landlocked land in the northwest quadrant of US-23 and the Stoney Creek Rd. overpass, three miles north of Milan, \$300.
- A triangle containing 11,140 square feet of land in the northwest quadrant of US-23 and Goss Road overpass, one-half mile south of the US-23 and Plymouth Rd. interchange, \$150.
- 77 acres of landlocked land on the west side of M-52, two and one-half miles north of the Lenawee county line, \$2,600.
- A long strip containing 3.5 acres of land on the east side of US-23, one and one-half miles south of the Ypsilanti State Hospital.
- 0.8 of an acre of land on the

PAT DOPKOWSKI (center holding picture) of Brighton's Mariner troop of Senior Girl Scouts, who spent most of the summer at the scout camp in Idaho for the national round-up, has been

elected the good will ambassador to tell other Girl Scout troops of her experiences. She is shown here telling Brighton Junior Troop No. 62 of her trip.

## Looking Backward

**TWENTY YEARS AGO**  
November 7, 1945  
Brighton

The city council at its monthly meeting last Thursday signed a contract to collect garbage in the city each Saturday and residents are urged to take advantage of this service.

Henry Johnson has disposed of his interest in the No Point Market to Otto Stevenson, who took possession on October 28.

Cadet Nurse Donna Chamness was a weekend visitor of her parents, Mr. and Mrs. John Chamness.

Dale Pearsall, C.M.M. 2/c is home on overseas leave. He has been serving in the Pacific area of operations.

In a letter to his parents, Mr. and Mrs. G. Richard Pitkin, Pvt. Wm. D. Pitkin tells of arriving at Gorizia, near Trieste, Italy.

Mr. and Mrs. R. A. Housner received a telegram Tuesday from their son, Sgt. Wesley Housner, who has arrived in California after 15 months in the South Pacific. He stated that he was starting for home on Nov. 13.

**TEN YEARS AGO**  
November 2, 1955

Last Sunday morning, as with most Sunday mornings, the Mill Pond crew was hard at work to help make Brighton the prettiest little city in the state. These workers, under the direction of Ken Chappel, were planting shrubs donated by Mr. Ralph B. Otwell Sr. of Old Mill Hills Subdivision. Shown here (photo) are Mel Skeeman, Charles Uber, Les Oliver, Art Schuman, Bill Hyne and Ken Chappel. Robert Gaffney was also lending his mind and muscles to the project.

Vandals using rocks and BB guns destroyed Brighton city property, probably last Sunday

night, Oct. 30, to the extent that the City of Brighton is offering a reward for their arrest.

McPherson Memorial Hospital: Births: Mr. and Mrs. Sylvan Cain, girl, Brighton; October 19, Mr. and Mrs. Donald Kelley, boy, Howell; Mr. and Mrs. Reginald Lee, boy, Howell.

Mrs. Joe Voorhis will entertain the members of the Second Friday Club at her home on Friday, Nov. 11.

Sunday dinner guests of Mr. and Mrs. Harley Morgan were Mr. and Mrs. Howard Gibson and daughter of Milford. Evening callers at the Morgan home were Mr. and Mrs. Grant Miller and family of Fenton.

**TEN YEARS AGO**  
November 2, 1955

**Pinckney**

New books at the Library are the White Squaw by Peterson and the Oxcart Trail by Krause.

South Lyon is the best team that Pinckney has met this year except for the blocked punt they might not have scored. It was a battle of punters with Don Packer of Pinckney having the edge on Hock of South Lyon. Half of Pinckney was at the game.

The Dexter school has a 57 per cent increase in enrollment over last year which is now 1048.

The Past Matrons of the O. E. S. were entertained at the Masonic Temple Monday. Mesdames Hazel Parker, Mae Bryan and Mable Schader were hostesses.

## Crashes Store

WHITMORE LAKE—The front door glass at Polly's Market at Whitmore Lake was shattered when a car driven by 17-year-old Mickey Patterson of Whitmore Lake went out of control and into the door. Deputies said the brakes on the 1955-model car apparently failed. The Patterson youth was ticketed on a charge of not having an operator's license.

## Proclaims Nov. 11 Holiday

Marshall Cooper, mayor of Brighton, has issued the following proclamation designating Nov. 11 as a holiday: Veterans Day:

WHEREAS, The men and women who served in our nation's armed forces have contributed immeasurably to the preservation of America's freedom; and

WHEREAS, American men and women, through their service with today's armed forces, continue to demonstrate their unselfish willingness to meet the challenge of an aggressor seeking world domination; and

WHEREAS, The nation and the free world are eternally grateful for all of these contributions to the advancement of the cause of world peace with honor; and

WHEREAS, It is fitting that we set aside a special day each year to honor our veterans and give a nationwide expression of our esteem for them; and

WHEREAS, The Congress of the United States has declared the eleventh day of November of each year to be a legal holiday and designated it as VETERANS DAY in honor of our veterans and as a day dedicated to the cause of world peace with honor:

NOW, THEREFORE, I, Marshall Cooper Mayor of the City of Brighton, do hereby call upon all of our citizens to observe Thursday, November 11, 1965, as Veterans Day, and ask that the

## Pinckney Flier Wins High Honor

Madera, Calif.—Airman Second Class Donald R. Ackley, son of Mr. and Mrs. Robert C. Ackley of 379 W. Main St., Pinckney, has been selected outstanding airman of the quarter for his unit at Madera Air Force Station, Calif.

Airman Ackley, a radar repairman, was honored for his exemplary conduct and duty performance. He received \$75 gift certificates from local Madera merchants, a certificate, an engraved trophy and a three-day pass. He is a member of the Air Defense Command which protects the U. S. against enemy air attack.

The airman is a graduate of Pinckney High School.

## Keep Dings Out Of Your Auto

Little auto accidents that cost plenty but never get into the reported statistics account for two thirds of all auto accidents. They are especially common in parking lots, driveways and on neighborhood streets.

The serious one will cost no more than the deductible amount in the average insurance coverage; the two little ones could cost almost twice as much and many times the annoyance. What can you do to avoid the toll?

In parking lots, park away from the crowd when you can. The extra steps help protect your car from abrasion and impact. The stray grocery cart is a prime offender, but door-banging from a closely parked neighbor is another annoying problem.

Get it off the street. Considering vandalism, hit-and-run damage and theft, don't park too close to other vehicles and get as near the curb as possible.

Try to park on a street with little traffic and near a street light.

Watch the back in front. The rear-end collision is common and not so minor anymore. Remember that the vehicle in front can come to an extremely fast stop.

Leash the kids and pets. Children and dogs in cars are a leading cause of accidents where the traffic is dense. Buckle a child's safety belt and cage or chain the animals whether on a long trip or driving in town.

Keep out of tight corners. Give other cars, buses, trucks all the time and room they need. Steer clear of the motorist who's lost and trying to feel his way along.

And here we go with medicine, looking forward to many, many ailments previously beyond our means.

**The Old Timer**

"The right angle to use in doing a hard job is the try-angle."

**We can keep you in hot water.**

**In fact, we guarantee it!**

**SATISFACTION GUARANTEED**  
by **DETROIT EDISON**

An electric water heater is for the people who don't like to run out of hot water. We're so sure you'll like one, we guarantee your satisfaction—for a whole year! What do we mean by satisfaction? Simply this: If you don't get all the hot water you want, when you want it, you get all your money back, including any you may have spent on installation. And it doesn't matter where you bought your electric water heater. The Edison guarantee still applies. No strings attached. Fair enough?

**EDISON**

P.S. Average-size families with electric water heaters pay as little as \$3.88 a month—a standard rate—for hot water. How much are you paying?

## What's The Latest in Pinckney

**KRISTEN HUHMAN** David Ledwidge of Kalamazoo spent the past weekend visiting with relatives in the Pinckney area.  
The Phillip Stienackers of Howell announce the arrival of a second daughter. The baby, not named yet, was born Sunday morning at McPherson General Hospital and weighed 7 lbs 11 oz. Mrs. Stienacker is the former Linda Kellenberger of Pinckney.

**OPEN HOUSE**  
The Sunday afternoon Open House was held at the new home of the Rev. and Mrs. Gerald Bender; guests visited the new parsonage which is situated in the new Don-Carol Knowles subdivision.

Sunday dinner guests at the Harry Murphy home were Mr. and Mrs. Richard Murphy and family and the John Sullivan family all of Jackson.

Mr. and Mrs. Art Summer-ville of Hi-Land Lake depart this week for Arizona where they will make their new home. Mrs. Florence ATLee left by train Wednesday morning for a winter's stay in Delray Beach, Fla. She is first traveling to Rochester, N. Y. After a visit with the Paul Cornwells (granddaughter and family) there, she will be on her way to enjoy a warm winter.

Roger Asa Bonner drove to Onarga, Ill. last weekend with Bob Elliot of Detroit. The boys, both alumni of the Onarga Military School, reported they thoroughly enjoyed the role of "Loyal Alumnus."

Wednesday evening the Pinckney Pioneers Knitting and Sewing group organized for the first time this season. In Knitting, Mrs. Pete Boben instructs the 18 first-year girls and Mrs. Gerald Swarthout the seven second-year girls. Sewing instructors for the 18 girls in the group are, Mrs. Ralph Hall, Mrs. Don Charboneau, Mrs. Ben Pietras, Mrs. Thomas Line, Mrs. Asher Wylie and Mrs. Arthur Rentz. Elections were held and the new officers are as follows: President, Barbara Charboneau, Vice President, Kathy Swarthout, Secretary, Donna Plummer, Treasurer, Debbie Rowell, Song Leader, Mary Jane Grant and reporter, Martha LaRosa.

Third Class Petty Officer Thomas Huhman was home on a weekend pass last weekend. Upon returning to New York, Tom will be off on a five-month cruise in the Mediterranean, with the first port of call being Gibraltar, and then on to Barcelona, Athens and Istanbul.

Sunday callers at the John Burg home were Grover Burg, of Ann Arbor, and Ralph Burg, of Tallahassee, Fla.

Mr. and Mrs. Bud Witter and Mr. and Mrs. Robert Hemstreet, all of Pinckney, are reportedly spending a delightful two week vacation in Florida. While in Stuart, Fla. they visited with Mr. and Mrs. Albert Shirley for a couple of days. Mr. and Mrs. Shirley left Pinckney Oct. 27 to spend their winter in the sunny south.

Mrs. Raymond Morris and Mrs. Wilhelmina Swarthout spent a day at the Swarthout's cabin in West Branch, last week.

**STUDENTS AND TEACHERS ATTEND CONFERENCE**  
Miss Betty Buschke, Miss Evelyn Thomas, Hamburg teachers, Mrs. Jennie Kellenberger, Pinckney Elementary Principal and Mrs. Jane Tasch, Pinckney teacher, attended the tenth annual Elementary Stud-

ent Council Conference at M.E.A. Camp at St. Mary's Lake, Battle Creek, Nov. 2 and 3. Accompanying them were three council members, Mary Kozij of the Pinckney council, and Becky Michael and Patty Van Blaricum of the Pinckney council. The main purpose of this year's conference was to criticize a first draft of a new handbook for elementary councils. The young people joined with other council members from all over the state in forming a new on-the-spot student council. The newly-formed council packed a lot of activity into the two days. Twice they held meetings for the teachers and principals in attendance.

## CROUSE FUND HELPS BAND

**HARTLAND** — The Crouse Foundation, a foundation formed in the memory of Mr. Robert Crouse, Hartland pioneer and founder of many Hartland Area projects, has helped in the purchase of new instruments for the High School band.  
Three new instruments have been acquired through the \$500 donated to the school band from the Crouse Foundation. An alto and base clarinet and an alto saxophone, costing \$780 were purchased.  
In addition to providing

money for the furtherment of musical activity, the Crouse Foundation donates money to the Hartland Schools to be used by the Library, Museum and other activities.

## New Buses

**HARTLAND** — Three new 66 passenger buses were delivered to Hartland Consolidated Schools on October 21, making a total of 15 buses used to transport students.  
These buses were ordered last July and were scheduled to arrive just before school started. However, the manufacturers had some trouble with the axles, which delayed the arrival of the buses.

## PT Confab

BY CARRIE SPOHR

**HARTLAND**—Although a very small percentage of parents participated in the Hartland Parent Teachers Conference, Mr. Jerry Hilton, Principal at Hartland, stated, "I feel confident that those parents that did come showed great interest in our school, and benefited greatly, however it was a big disappointment more parents were unable to attend."  
A future conference during the second semester is being considered.

### MSU Reviews 1980 Farms

East Lansing — Dramatic changes are in store for Michigan agriculture by 1980. Farming may not be a matter of pushing computer switches with a look out the office window, but commercial farmers will be highly-skilled managers of large, complex businesses.

Although there will be fewer farmers, agriculture will be a multi-billion dollar segment of the Michigan economy. By 1980, annual sales from the state's estimated 22,000 commercial farms will approach a billion dollars. Vast research and educational programs will be required to help farmers keep pace with exploding scientific knowledge.

Agents of MSU's Cooperative Extension Service learned that state population is expected to climb to 10.5 million in the next 15 years. But only three per cent will be in farm families. Two million additional consumers will require far more food and farm products.

Most of the population will be in the two southern corners of the state concentrated in "megapolitan" centers. A diagonal band of counties from the "thumb" to southwest Michigan including Livingston county, will be the state's "breadbasket."

Looking ahead, the MSU Extension Service, recently committed to more intensive work with commercial agriculture and rural families, sees many new

developments on the horizon. The average commercial farm of 1980 may have an investment of more than \$130,000. Sales could average over \$25,000 a year while consumers may spend only 10 per cent of the family income for food.

### In Mediterranean

CAMP LEJEUNE, N. C. (FHTNC) — Marine Corporal Dennis M. Grimes, son of Mr. and Mrs. David H. Grimes of 3319 Moraine Drive, Brighton, Mich., was among 1500 Marines of Battalion Landing Team 3/2 who deployed for a five-month period of training to the Mediterranean.

During breaks in operations, the ships of Amphibious Squadron 10 will visit ports in Italy, Spain and France.

### Building Booms In Brighton Area

Things are happening in the Brighton area housing market. Construction is booming and new government rules make purchase and financing easier.

Although many communities in Michigan report no housing shortage, rental property in the Brighton area is at a premium and sales of old and new houses are reported at an all time high. Prices are trending upward, a result of higher land and material costs. There's a small boom in town houses and row houses selling for \$15,000 and less.

Mortgage money has been and will continue to be ample. Terms are liberal. Lower down payments are now possible in many cases.

While most other interest rates have gone up, mortgage rates have edged downward or stayed flat, same levels as in 1958.

In recent years, elsewhere up to 40 percent of all new homes have been apartments. The current trend now favors fewer efficiencies and more one and two-bedroom units.

### Jay-C-Ettes Hold Cute Baby Contest

The Brighton Jay-C-Ettes have inaugurated a unique plan to bring cheer to the children at the Howell State Hospital at Christmas time and at the same time reward the Brighton lot that is declared winner of a contest to select the cutest youngster.

All entries should be sent to Sherry Jacobs, 9063 Buchanan Drive, Brighton. To enter parents must enclose a small picture of the child, which will be returned, the child's and parents' name, address and phone number.

The age limits are from six weeks to three years and the closing dates for entries is Nov. 26.

Photographs of the children entered in the Brighton Baby Contest will be placed in two voting locations, the A & P and Krogers during the first two weeks in December. Parents and strangers can vote for the cutest baby by putting a penny in the jar under its photograph.

The baby with the most votes will receive the money in his jar and \$10 from the Jay-C-Ettes. The money in the other jars will be given to the children in the Howell State Hospital.

First prize and a second prize of \$5 will be presented in Brighton the day Santa Claus comes to town.

Enter your baby now in a contest where you are one of the judges and you can have more than one vote.

Golden rod plants are no more to blame for hay fever than other pollen-producing plants.

Left to right: Mr. Eikhoff; his son Don Eikhoff, Mrs. Eikhoff and Mr. Brubaker, skipper of Ship 351.

### Pinckney Acts To Share in Federal Cash

PINCKNEY — Pinckney Village Council proved again Thursday night that it is an acting — not simply a talking — body.

After a report from Howard Thayer and George Roth on their trip to Washington, D.C., in October, regarding obtaining federal funds, Council agreed unanimously not to "put off until tomorrow what should be done today."

"We can't expect to get federal funds without plans," both men reiterated. "There is money available for places like Pinckney for water and sewer, even for building a complex that will include a fire hall under a 'Neighborhood Facility Act,'" Roth emphasized.

"But you don't just go up there and bring money home in a basket," Thayer joked seriously. Roth said, "Right! We can't do a thing without presenting a plan first."

So Council voted to look immediately into planning. Roth was appointed to contact a representative from the Michigan Planning Commission to explain to Council and other interested citizens why planning is so important to the controlled progress of an area such as Pinckney.

If Council and others are convinced that planning should go ahead, they will seek advice from this speaker on hiring a professional to survey the overall picture here and submit plans for its improvement. Those plans as approved may then go to federal agencies with fund requests.

Roth will ask for the earliest possible date to get a speaker. Then "by spring we should be ready to have a plan ready for action," village president Merwin Campbell said, enthusiastically.

Another indication that this Council is not a procrastinating one was the suggestion by Julius Aschenbrenner that a recreation room above the fire hall would provide wholesome entertainment such as ping pong for young people. "We would have to be sure of good super-

vision," Campbell pointed out. "George (Roth) and I will paint it and see to the supervision." Aschenbrenner responded, "Then you're a good committee to report on possibilities next meeting. I think the back stairway needs work. Let us know about that." It sounds like a great idea, Council agreed in essence, and if it can be done it looks as though no time will be wasted in providing a rec room for Pinckney.

In other business the Council transferred \$3,621.12 from the general fund to the local streets fund. This is to match a like amount returned to the village by the state in October for this purpose.

Council discussed the fact that George Charboneau's request for a liquor license was turned down by the Michigan Liquor Control Commission because of "unfavorable recommendation of local law enforcement agency." In July Council approved Charboneau's request subject to the state's final decision. They expressed concern that the request had not been granted, and that they have no further say in the matter.

It was indicated that Portage Knolls Subdivision had enlarged the size of lots to conform with zoning ordinances, and when a new draft of the plat is presented, Council will approve it.

Discussion also took place briefly on the fence that Virgil Howell said he would erect when Council met in October. The village attorney advised that this would be illegal, and no fence has been erected.

### 2 Scholarships Offered Teeners

Two scholarships offered yearly by the Beet Sugar Industry of Michigan are of special interest to the youths of Livingston county because they are aimed at higher education in the fields of agriculture and home economics.

In the last ten years, the Beet Sugar Industry has awarded 20 scholarships totaling \$20,000.

The two scholarships of \$1,000 each, to Michigan State University are determined on a point basis involving factors of scholastic ability, need, extra-curricular activities and citizenship qualities. The amount of money is spread out over the first three years at the University.

As only teen-agers in the Lower Peninsula are eligible interested young men should make application for the scholarship to the dean of the College of Agriculture, Michigan State University. Young women should make application to the University's dean of the College of Home Economics. December 15, 1965, is the deadline for applications.

### Jaycees Plan For Santa

PINCKNEY — Pinckney Jaycees entertained their National Director, Mel Willets C. Adrain, at their Nov. 2 meeting at the high school.

They also heard a comprehensive report from George Roth on the trip he took to Washington, D.C. along with Village Council representative, Howard Thayer. The man were seeking information as to how Pinckney may obtain federal funds for such projects as the sewage and water system.

In other business, they made plans for a bigger and better Christmas program this year complete with Santa riding in and free candy for the kiddies on Dec. 18.

Pinckney Jaycees enthusiastically agreed to buy JC license plates this year. The Milan Jaycees are sponsoring the program. Each Jaycee in Michigan who wants to "announce" his affiliation by driving with numbers on his regular Michigan plates preceded by the initials JC may do so through the Milan club. They are charged only \$1 handling fee for the service and may send their information, including certificate of insurance, to Milan. Milan members take over the purchasing of plates and return them to the driver.

Jaycee wives who are in the process of organizing a Jaycees served the meal Tuesday night.

At the December meeting an internal vice president may be either elected or appointed.

### Pancake Breakfast

Masonic Lodge No. 247, will give a pancake and sausage breakfast Sunday, Nov. 14 in the Masonic Temple. Breakfast will be served from 6 A.M. to 1 P.M. and the public is invited. Their slogan is "all you can eat for a dollar and children are half price."

### BID NOTICE

#### Sheriff Patrol Cars

Seal bids will be accepted up to 5 p.m., Friday, November 12th, 1965, in the office of County Clerk, Howell, Michigan, for four patrol cars for the Sheriff's Department.

Specifications for said patrol cars available at the office of County Sheriff, Detention Home, Howell, Michigan.

The Livingston County Board of Supervisors reserves the right to reject any or all bids and/or waive any irregularities therein.

Joseph H. Ellis,  
Livingston County Clerk

### Scouts Bike-Hike To Silver Lake

PINCKNEY — Pinckney Boy Scouts finally found a Saturday when the weather was conducive to bike-hiking, and on Nov. 6 went to Silver Lake for a camp-out.

Don Oleski, Scoutmaster until recently succeeded by Dick Byrd, chaperoned the successful trip. The boys roasted half-chickens.

Oleski had originally planned to take them to Bruin Lake Boy Scout camp, but an Ann Arbor fraternity chose that particular day to do clean-up work at Bruin, and the camp was closed. (The 30 university boys took on the Bruin project while 10 other of their fraternity brothers cleaned up Newkirk Boy Scout camp near Dexter.)

A survey shows families with income over \$10,000 worry about their health. Beats worrying about the rent.

## Spotlight On College

BY ERIC HURST

Starting this week in the Argus, there will be a Spotlight on College. There will be one main College or University featured each week. The main school in Michigan will be featured first. This week the Central Michigan University will be covered. Opened in 1892, Central had 30 students. Today they boast approximately 8,000. Over its years they have built and enlarged the campus. It covers 300 acres, and contains numerous athletic fields. There are 61 buildings. Auditoriums, classrooms, science labs, and libraries make up the campus body. There are other administration and meeting halls as well. And many organizations provide plentiful activities for Central's students. A \$45.00 enrollment fee is required. This fee may be returned upon students request, if desired, until August 15. College costs are divided into semester hours. Two semester hours costs \$45.00 whereas 11 or more costs \$15.00 to be paid by registration day. Special class fees may be collected on registration day. Maximum work load is 18 hours for undergraduates, 12 hours per semester for graduates. To enroll, a student must have taken the American College Test in the previous year. A student may be admitted on his record only, or by examination. A "C" average is the bare minimum at Central, as in most colleges. Seniors, in order to become a college student, you have to work your hardest in high school.

## Question Of The Week

What do you think of a Teen Club for Brighton?  
I think it would keep the kids off the streets and the rest would be out goofing off.  
I think it is a good idea since the school cut out all other activities. And their isn't much else to do. M. E.  
The kids determine what kind of a club we will have so let's make it a good one. Phyllis Dunn.

Basically, the Teen Club idea is a good one. It could be a nice place where Brighton kids can get together, if organized and conducted well, I think that the club would be a definite asset to our city. Greg Park.  
I think it would be a very good idea for Brighton to have a Teen Club. Somewhere where they could go and parents wouldn't worry about them. This is something that has been needed for a long time. I am for it 100%. Dave Reed.  
It's too bad this couldn't have been started a long time ago. Then maybe a lot of kids would find better things to do. D. H.  
It would be a good idea if the kids would go along with it, and go to it when the activities are open. J. E.

I think it would be a good idea if it were chaperoned and didn't get out of hand.  
It sounds like a very good idea. P. B.  
I think the teenagers need something like this to keep them occupied and to keep their parents from worrying so much. M. L.

## HEARTTHROB

Dear Jan & Feb.,  
How do you tell a boy you don't want to go out with him anymore, with out hurting his feelings?  
Heartbreaker  
Dear Heartbreaker,  
Tell him the truth in a nice way. Tell him you don't want to go out with him. If you keep going out with him you're only going to hurt him more. Making excuses will only put off the time you'll have to face eventually.  
Good luck,  
Jan & Feb.

I think it is a great idea it would help us kids a lot. Sounds O.K. to me. Lonnie Atwood.  
I don't think it would work out the kids would get too wild. T. G.  
Yea, I think they should have a Teen Club. It would improve the kids of Brighton. S. Chapman.  
I think we should have a Teen Club because there is no place for us to go. MEL.

## Student Council

BY E. GIBSON

The November 2, meeting was called to order by President, Greg Park, at 12:10. First on the schedule was the old business; attendance at meetings. The Constitution states that if you fail to attend two meetings or are tardy twice you are on probation. They have had about 20 meetings and only 3 members out of 18 have had perfect attendance.  
When someone calls a meeting, they want this business taken care of on that day instead of a week later. This is what they are trying to avoid.  
Next the Sophomores requested a Between Season dance on November 24, and the Juniors requested one for November 12.  
The Student Council is also planning a locker inspection in the near future.

## Up to Seniors

BY JACK KEEBLER

As you know the Seniors have the concessions at the "home games." Let's face it, the whole senior class benefits from the concession sales. But who works on concessions?  
Every game night only a certain few show up. Where are the rest of the seniors? Why don't they work? Many of them go to the game or stay home when we desperately need them on concessions! Let's do better on basketball season! If we can get the concessions we'll have to have more seniors with more class spirit. I'll see you there!

## Stress School Spirit Need

BY DONNA JUPE

Cheerleader says, "There is a Need for More School Spirit." While talking to one of our varsity cheerleaders, Cathy Pearsall, I realized that we need much more spirit to back our team.  
As you all know, we had a victory for homecoming. Did you ever stop to think that maybe this was due to all the spirit that was shown that week? We had posters, a great assembly, (at which I might add, the kids participated in the cheer), and a snake dance which got the guys on our team ready to fight for us. They felt we cared!  
When I asked Cathy how kids participated in cheers at the games she replied, "Oh Great, the Jr. High students that is!" So come on let's start showing some great spirit for the end of our football season and keep it up to promote a great basketball season!!!

## Around School

Mr. DeMar's fourth hour Geography class is debating and discussing segregation.  
English 11, conducted by Mrs. Brubaker are debating on the voting age being lowered, and the students are also making reports and skits.  
In Mrs. Moscow's Art class, they are drawing figures on the human body.  
World History class is learning about the Middle Ages and the Crusades with Mr. DeMar teaching.  
In Mr. Mark's US History class the students finished studying the Constitution of the United States and are now discussing how the first government and congress were made up.  
Sixth Hour Shop II class, under the direction of Mr. Mallet, is doing wood-working and will start with metal next semester.  
Mr. Vogel's fifth hour Government class is discussing immigration.  
Typing II classes are starting to work on practice sets, end voices and data sheets with Mrs. Pearsall.

## STUDENT DOIN'S

By: Mark Hartman, Sheri Fisher, Pam Carusi, Lois Garrett, Sharon Voorhis  
Pat Markcum went to the football game with Kenzie.  
Mary Michelson went to Royal Oak to visit school friends.  
Tom Kujawa studied Chemistry.  
Wes Crabtree went to the game.  
Jerry Stoll went swimming.  
Pat Charles messed around.  
Pat Hatley went to a party.  
Mark Hierley took Peggy Merkle to the show in Howell Wednesday. Went to the football game Friday.  
Joan Carusi went shopping in Livonia Thursday, and Friday went to the game with Tim Watkins.  
Suzette Skriec had visitors from Roseville Thursday and Friday.  
Paul Sadequist went hunting, to a party Saturday, and to the Drive-In Sunday.

Needed: one boat so I can return to Cuba. Contact: Jose Solar.  
Needed: A new school policy about being tardy for class before I get kicked out of school. Contact: Sean Rowlette  
Wanted: Dead or Alive! The person who stole my Government book. Contact: Ken Graham.  
For Sale: Brighton High School including an exterior paint job.  
Wanted: The identity of the artists who so beautifully carved up the desks in room 2. Contact: Mrs. Moscow  
Wanted: SHORT! CLEAN! DECENT! Hair for Sheridan Chapman. Other-words a Prieskorn Special.  
Wanted: One big toe in A-1 condition. Will trade in one slightly used pair of crutches. Contact: R.L.B.

## 'Drums Of Death' Is Senior Play

The Brighton Senior Play Story, "Drums of Death" promises the best production, ideas, and talent.  
Do you hear the drums? The "Drums of Death"?  
On November 19 and 20 the Seniors will turn back the hands of time, to a dreary old mansion on the Atlantic coast in the 1930's.  
Our play centers around the events taking place in the home of Mr. Baily, who has mysteriously disappeared. Act I begins with the arrival of 4 female relatives who claim to have received unusual telegrams from a Mr. Harley, stating: "COME IMMEDIATELY. BAILY ON DEATH BED." "On the contrary" Harley exclaims, "I sent no telegrams!" He realizes there's danger when Jules, a negro servant, reports that Thomson, an enemy of Mr. Baily, and his men are lurking in the swamp.  
The play also promises humor with the advent of Newt Cooper, a scatter brain sheriff from a neighboring village.  
Suspense and mystery are a major characteristic through out the whole play with the appearances of sleepwalkers, hooded figures, apparitions, a sence and "death."  
The senior class was fortunate in securing the talents of Mr. Gordon Mallett as director. Mr. Mallett in the past few years has directed the high school productions by Gilbert and Sullivan, including last year's big success "The Mikado."  
The cast includes: Terri Kretschmer, Mike Kluck, Steve Zimmerman, Judy Reicks, Alyson Arnold, Sally Todd, Jan Black, Ralph Norris, Greg Park, Penny Bradley.  
"Here's a different play, a delightful change from the class plays attempted in the past," says George McCreedy, Student Director.

Wanted: Books to stay in the library and not "disappear." Mrs. Herbst.  
Wanted: M. B. for girl in Locker 147.  
Needed: A new or used automatic vacuum sweeper to clean the messy halls left by the students.  
Mrs. Ikens  
Wanted: "66" Black G.T.O. with a certain guy behind the wheel. Lois Garrett  
Wanted: Help wanted to handle 48 students in a fifth hour class. Contact: M.J.J.  
Needed: one boat so I can return to Cuba. Contact: Jose Solar.  
Needed: A new school policy about being tardy for class before I get kicked out of school. Contact: Sean Rowlette  
Wanted: Dead or Alive! The person who stole my Government book. Contact: Ken Graham.  
For Sale: Brighton High School including an exterior paint job.  
Wanted: The identity of the artists who so beautifully carved up the desks in room 2. Contact: Mrs. Moscow  
Wanted: SHORT! CLEAN! DECENT! Hair for Sheridan Chapman. Other-words a Prieskorn Special.  
Wanted: One big toe in A-1 condition. Will trade in one slightly used pair of crutches. Contact: R.L.B.

## Cheerleaders See Others In Action

BY CATHY PEARSALL

Senior class uses their acting ability to promote school spirit.  
Yes, Friday at 2:15 every high school student entered the gym eager to see the senior class put on their well rehearsed skit.  
Early in the month Grace Martin and George McCreedy composed a pep skit for the coming season, Halloween. Each senior was willing to participate in order to promote school spirit.  
A graveyard scene held a decrepit team, two wierd scientists, Granny Goodrich, a talking tree, and a mysterious table. Laughter filled the gym when Mrs. Gray, the talking tree, stated a few lines from Shakespeare's Macbeth, and two misleading cheerleaders entered from the gym to perform their one and only cheer.  
Everyone seemed to enjoy the senior's efforts, especially the cheerleaders who got to sit back and relax.  
Congratulations seniors! Keep up the good work.

## Time To Buy Brightonian

BY MARY SCHOEN

Have you put a down payment on your 1965-66 BRIGHTONIAN?  
If the response to the year-book sales is poor, it will be necessary to cut down on the planned number of pages on order to make sure that the annual will meet its expenses.  
Annual sales are being supervised by Greg Park, Business Manager.  
You may also purchase your annual before school and during the noon hour from the following people: Mary Schoen, Editor of the BRIGHTONIAN, Cindy Madden, photographer, Alyson Arnold, Sue Cord, George McCreedy, Eric Curt, Jean Bowditch, Lonna Backus, Kay Hood, Karen Clore, or Don Carney.  
Mrs. Ikens continues as BRIGHTONIAN advisor for the fourth year.

## Basketball Interview

BY RAY PERRY and DENNIS CUNNINGHAM

The first week of July, the Brighton High basketball team, coached by Mr. Marks, began practice for this year's season. Now there are eleven players on the team and more coming after football season ends. On November 30, at Howell's new gym, Brighton will have their first game.  
Mr. Marks coached Junior Varsity in his senior year of college and was assistant football coach for the varsity team during his senior year. After college he coached five years at Benzie Central High School near Traverse City.

Prayer Service at 7:30 p.m.  
Choir Practice at 8:30 p.m.

Grandma baked pies today and we had a good laugh together over the story she used to tell me as a little girl of a lady who baked pies and marked them to tell them apart. Half she marked T M for 'Tis Mince, the others T M for 'Tisn't Mince.

It's such fun having Grandma live in our house. Her stories of the old days, her understanding humor, and her joy in living spark our lives. She needs no label. That she's a Christian glows in everything she does. No matter what the circum-  
stances, she meets people and situations with love and goodness. Full credit is hers, that none of the problems that we feared when she came to live with us have developed.

Yes, I'd say Grandma has rubbed off on all of us. We all go to church now and we're much happier because of it. We've learned from Grand-  
ma that happiness comes from doing good and lov-  
ing God.

Why don't you go to Church and take your family with you?

## THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-  
larly and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	128	1-6
Monday	Isaiah	12	1-5
Tuesday	John	16	16-24
Wednesday	Acts	13	42-52
Thursday	Romans	15	7-13

# Farm Bureau To Honor Trio

**East Lansing**—A news director, an extension specialist, a nationally recognized women's program coordinator, and a farm credit leader will be the recipients of "Distinguished Service to Agriculture" awards, at the annual Farm Bureau banquet in the Lansing Civic Center, November 16. The annual meeting will last three days.

William Bamber, newly elected president of the Livingston County Farm Bureau heads a delegation from this county to be among the 3,000 farm leaders throughout the state to attend the convention in East Lansing.

The service awards will honor Charles Little, Extension dairy specialist in the Upper Peninsula; Mrs. Marjorie Karker, former women's coordinator for the Michigan Farm Bureau; Mark Westbrook, director of Farmers' Production Credit Association of Lansing, and Robert Runyon, news director of radio station WLS, Lansing.

Runyon will be recognized for his "constant support of respect for law and order, constitutional government, responsible citizenship and the private enterprise system."

Michigan State University Extension dairy specialist, Charles Little, will be honored for his years of assistance to farmers in the upper peninsula.

Described as a "champion of rural-urban understanding," Mrs. Marjorie Karker, Lansing, will be recognized for her 37 years of service as an employee of the Michigan Farm Bureau.

Ionia farmer, Mark Westbrook will be honored by Farm Bureau for his leadership in the fields of farm credit and farm marketing.

## Talks Blood Need

Whitmore Lake — Edward Heathcote, superintendent of Whitmore Lake schools, spoke on "The Need of the Blood Donor Program" at the meeting Wednesday of the Whitmore Lake Blood Club at the Whitmore Lake High School.

# School Menus

Tuesday: Turkey and gravy, over Baked Dressing, pickle slices, fruit jello, bread & butter, milk.

Wednesday: Meat loaf, catsup whipped potatoes, apple sauce, bread, butter and milk.

# Youth Hostels Tell Of Skiing

"Adventures in Skiing," the American Youth Hostels annual curtain-raiser for the ski season, will be presented at Ford Auditorium Wednesday evenings, November 17 and 24 at 8:20 p.m.

The 19th annual movie series will bring the international ski photographers and lecturers, Hans Gmoser and Warren Miller to Detroit.

Gmoser's color film, "Roving Skis" takes the viewer to remote wilderness amidst the spectacular peaks of the Canadian Rockies to experience downhill skiing on vast, untracked snowfields.

Warren Miller in "The Big Ski Show" captures the many moods of skiing mixing the comical with touches of the serious, giving the viewer the "I was there" sensation.

The American Youth Hostels office is at 4835 Woodward, Detroit.

# Dedicates Week To State Nurses

LANSING — before leaving for his overseas trip Gov. Romney issued a proclamation designating the week of Nov. 7-13 as Michigan Nurse Week. It follows:

"Accent on the Michigan Nurse is the theme of this special week which has been set aside to pay tribute to the nursing profession. Nurses in our community and throughout the state are constantly striving to give us our loved ones better patient care. We ask a great deal of nurses today. They must possess many complex skills. They need the interest and cooperation of every citizen to meet the challenges of the future. Join Michigan's nurses in their efforts to give our people the finest health care possible."

## MS Society Asks Help

HOWELL—The Central Michigan chapter of the Multiple Sclerosis Society, which includes the counties of Livingston, Clinton, Ingham, Eaton and Shiawassee, is appealing for volunteers to help provide recreation for victims of the disease, many often isolated from large communities.

Lyle Schnackenberg, 416 W. Crane Howell is one of the trustees of the chapter.

# MINUTES

## LIVINGSTON INTERMEDIATE BOARD OF EDUCATION Regular Meeting - October 7, 1965

A regular meeting of the Livingston Intermediate Board of Education was held in their office on Thursday, October 7, 1965.

The meeting was called to order by President Smith at 8:15 p.m. Members present: Mr. Allmand, Mrs. Hyne, Mr. Smith, and Mr. Wilkinson. Members absent: Mr. Baughn. Others present: Mrs. Carlson, Mrs. Porter, and Mr. Hampton.

Motion by Mr. Allmand, seconded by Mr. Wilkinson that the minutes of the September 16th meeting be approved. Motion carried.

Bills in the amount of \$526.15 from the Special Education Fund and \$392.31 from the General Fund were presented. Motion by Mrs. Hyne, seconded by Mr. Allmand the bills be paid. Motion carried.

Mr. Hampton reported the office sign was being fabricated by Mr. Burg's Industrial Arts Department of the Pinckney High School and would be delivered in about 2 weeks time.

Mr. Baughn arrived at this point.

Applications for the authorization to purchase teaching materials for the Pinckney and Howell Type A rooms were presented. Motion by Mr. Allmand that, with the exception of a film strip projector, Pinckney's request for teaching supplies be granted. Motion seconded by Mr. Baughn. Motion carried.

Motion by Mrs. Hyne that Howell's request for teaching materials be granted. Motion seconded by Mr. Baughn. Motion carried.

Operational support to Special Education programs were discussed. Motion by Mr. Baughn, seconded by Mrs. Hyne that Brighton's claim for their 1963-64 school year speech program in the amount of \$1,969.97 be paid. Motion carried.

Fowlerville's claim of \$238.65 for their 1964-65 Type A program was tabled pending the receipt of further information.

Hartland's claim of \$2,941.73 for the operation of their 1964-65 Type A room was presented. Motion by Mr. Baughn that Hartland's claim, less \$118.56 for supplies not previously authorized, be paid, in the amount of \$2,823.17. Motion seconded by Mr. Allmand. Motion carried.

Motion by Mr. Baughn, seconded by Mrs. Hyne that Pinckney's claim of \$625.68 for their Type A room be paid. Motion carried.

Motion by Mr. Baughn seconded by Mrs. Hyne that Howell's claim for 1964-65 operational support for Type A program be tabled pending receipt of the corrected form showing adjusted state aid received and the signed Facility Agreement. Motion carried.

A report on the Elementary

# Dole Merger Saves \$15,000

The passage of the welfare merger bill recently signed by Acting Gov. William G. Milliken will result in a savings of at least \$15,000 for Livingston County, according to Rep. Thomas Sharpe.

Blending of the County Social Welfare Department and the state's Bureau of Social Aid is scheduled to take place probably early next year.

The changes of the allocation formula from 30 per cent state, 70 per cent local to 40 per cent state-60 per cent local would have increased state moneys substantially, he said.

The new act provides that the 40-60 formula is effective as of Oct. 1 even though the merger is not completed.

Rep. Sharpe was honored by his colleagues in the Michigan Legislature when they voted to name the Welfare Merger bill the "Holmes-Sharpe Act."

The bill culminated a two-year study headed by Rep. Sharpe. It represents a milestone in the never-ending effort to assist needy persons in the most economical, effective, and efficient manner possible.

Said Rep. Sharpe, "The measure will result in better administration of welfare programs at less overall cost to the taxpayer."

The effect of this bill in Rep. Sharpe's district will mean a savings in county taxes alone of \$15,000 for Livingston County; \$80,000 for Washtenaw; and \$37,000 for Lenawee.

## CHILD STUDY CLUB

The Brighton Child Study Club will meet at the home of Mrs. Thomas Woods November 10, at 8:30 p.m. Co-hostess will be Mrs. John Dean.

The program for the evening will be presented by Mrs. Mildred Herbst who will talk on "Helping Parents Thru the School Years."

# Tri-Lake News

**Velma Bufford 229-6971**

Congratulations to Mrs. Phyllis Shelters of Fonda Lake on her new job! She will be your new correspondent. I know she will be an efficient one. I would like to point out once more that a correspondent cannot possibly call everyone each week. She spends much time calling people who don't have news. You can help her get your news in early by calling her on your family events. Put this number by your telephone—Phyllis Shelters 227-5241.

It has been with hesitation that I have given up this column. I have enjoyed writing the news, and the friends I have made. I shall miss it all very much.

Saturday, October 30, the members of the Percy Shekell family and their friends gathered at the Edwin Danforth home on Academy Rd. for a gala Halloween party, complete with costumes, games, prizes, and a dance band.

On Thursday, November 4, the thirteen Shekell children and their families gathered at the Shekell home to honor their parents on their 43rd Anniversary. Congratulations Mr. and Mrs. Percy Shekell!

Saturday October 23, Mr. and Mrs. Edmund Baprawski, Elaine and Ed Jr. attended the wedding of Carol Jean Watkins to Gordon Kapron at St. Michaels Church in Southfield. Elaine was a bridesmaid for her cousin, Carol. All attended the luncheon that followed, and the evening reception at Colony Hall.

The Baprawski is recently heard from their niece Pamela Alban who is a student at the Milwaukee, Wis. Dental College. Pamela, who plans on becoming a Dental Technician, has spent much of her summer vacations at the Baprawski home.

Congratulations to Mrs. Clarence Shosey of Fonda Lake on her recent graduation as a Practical Nurse. The evening before her graduation, her children, Mr. and Mrs. Bud Shelters, Mr. and Mrs. Don Shosey, and Mr. and Mrs. Charles Shosey honored her with dinner at Bill Harvey's. Then after the graduation exercises, Charles, Don, and Jack Shosey, with Phyllis Shelters, hosted an open house at her home for family and friends. Mrs. Shosey will be working with the Livingston County health organizations.

Since the Coast Guard began patrolling off the Florida Keys five years ago, more than 10,000 refugees have been rescued.

# MARRIAGE LICENSES

The following persons were issued marriage licenses by Joseph H. Ellis, Livingston County Clerk.

Doyle Thomas Sharp, 18, 6990 Tipisco Lake Rd., Holly, Deloris A. Church, 20, 115 Tipisco Lake Rd., Holly.

Martin Leonard Wise, Jr. 20, 7720 Mohrie Rd., Fowlerville, Agnes Mary Baughan 19, 9500 N Gregory Rd., Fowlerville.

Reuben James Smith, 25, 8959 N Gregory Rd., Fowlerville; Henrietta Mae Townsend, 18, 913 N Bridge St., Linden.

Harold Duane Tennant, 25, 9760 Judd Rd., Fowlerville; Estella Marie Newton, 23, 10322 Sargent Rd., Fowlerville.

Roger Hevan White, 29, c/o Howell State Hospital, Howell; Kathleen Lucille Mills, 21, 503 West Grand River, Howell.

Brian Walter Kimberly, 22, 10361 Rushton Rd., So. Lyon; Joan Morris, 18, 3510 Ethel Dr., Brighton.

Jerome Lee August, 18, 604

# Peace Corps Test

Livingston County residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 am on Saturday, November 13 at the Postoffice buildings in either Ann Arbor or Lansing.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement.

If you have an electric toothbrush you can brush twice-a-day between electric bills.

## Putnam Township Boating Control Ordinance

BIG SILVER LAKE WASHTENAW & LIVINGSTON COUNTIES

This Ordinance was passed to help secure the safety and general Welfare of the residents and property owners of Big Silver Lake, Washtenaw and Livingston Counties, by the regulation and operation of motor driven boats. This Ordinance was passed by the Putnam Township Board, Livingston County, and the Dexter Township Board, Washtenaw County.

"On the waters of Big Silver Lake, Township of Dexter, County of Washtenaw/Township of Putnam, County of Livingston, State of Michigan, no operator of any motorboat shall, during the period from 6:30 P.M. to 10 A.M. of the following day

- operate such motorboat at high speed, or
- have in tow or shall otherwise assist in the propulsion of a person on water skis, water sled, surfboard or other similar contrivance.

"On the waters of Big Silver Lake, Township of Dexter, County of Washtenaw/Township of Putnam, County of Livingston, State of Michigan, persons operating vessels shall maintain a distance of 200 feet from the shoreline and a distance of 100 feet from any raft, buoyed or occupied bathing area, or vessel moored or at anchor, except when proceeding at a 'slow - no wake' speed and except when engaged in picking up or dropping off water skiers, so long as such operation is otherwise conducted with due regard to the safety of persons and property and in a line perpendicular to the shoreline and in accordance with the laws of this State.

"Violations of the provisions of this ordinance shall be punishable by a fine of not more than \$100.00 for such offense or imprisonment in the County jail for a period not to exceed ninety (90) days, or both said fine and imprisonment."

This Ordinance shall become effective thirty (30) days after the first publication in accordance with Act 191, of the Public Acts of 1939, as amended.

Published in The Brighton Argus - Pinckney Dispatch, November 3, and November 10, 1965.

Signed:  
Stanley Dinkel, Supervisor  
Murray J. Kennedy, Clerk

## HIGH HOPES

Looking more and more like a national political candidate, Gov. George Romney has increased speculative reporting by a number of his agency appointments under the government reorganization law.

Inadvertently, or perhaps by design, he has placed in strategic positions several men who could be pulled out easily to work full-time in a national campaign by 1968 because they would have accomplished much of the important initial reorganization.

Whether these men, like former Congressman Jack McIntosh who was named chairman of the new Commerce Department, will be used in this way remains to be seen.

Increased travel out of the state for speaking engagements and the recent trip abroad which included Viet Nam add impetus to what had looked like a low-key test of the Republican winds.

Sitting here in Michigan it is very difficult to determine whether Romney is getting any encouragement for a bid to be the party's No. 1 candidate three years hence.

Many of the "men on the street" in other states know of him. For those who heard much of the fiscal problems of Michigan in past years, Romney looks like a good prospect because the cash crisis stories are no longer in print. The "minor" happenings which loom large in Michigan headlines for just a day rarely get published outside the state.

Difficult as it is at this early date to clearly read the Governor's goals and possible progress toward these goals, a word of caution might be worthwhile in trying to get an accurate reading of his potential.

It isn't too many years ago that nearly every political writer in the state was booming then Gov. G. Mennen Williams as presidential timber. If he was unable to get the No. 1 slot, he surely had a better than average chance to be the Democratic vice-presidential candidate, they said.

A direct parallel is probably impossible between Williams and Romney. It must be remembered that when Williams was looking for his big chance, his party had a wealth of capable men with similar aspirations. Only two could get on the ticket and he wasn't one of them.

As of now, the Republican Party is in essentially the opposite situation. A willing candidate with good background and personality is sought.

Even in politics, it helps to be in the right place at the right time.

## BETTER BUYS

Something new was seen along Michigan's roadsides this year which state officials hope will grow considerably in size and gain widespread public recognition.

Started by 23 roadside farm stand operators in eight southeastern counties, the Michigan Certified Farm Markets Association originated the use of a rectangular marker to designate high-standard operations.

The farmer members now number 37 in 15 counties scattered around the state, just over a year after establishment of the organization.

Idea behind the association is to guarantee motorists fresh-picked, top-quality farm produce and discourage borderline or fly-by-night stand operations.

Placement of the association's markers means the stand operators adhere to a rigid code of ethics covering condition of merchandise, price marketing, advertising, building cleanliness, and parking facilities.

One of the stipulations of the code requires sufficient advance signs visible from the highway so the motorist has time to slow down, thus preventing a traffic hazard.

Members of the association hope shoppers will learn the meaning of this sign and thus encourage other farmers to join together to maintain easily accessible, clean stands offering good grade produce.

A marketing specialist with the State Agriculture Department regularly checks the member stands to assure compliance with the voluntary code.

## EARLY START

The push is on for a full six-month concentration to make every citizen aware of the 1966 Michigan Week observance.

It started more than a decade ago with a number of state, regional, county and community committees. As years have passed, the top six or seven units have been working nearly year-round on the project to increase the numbers involved at the lower levels.

Now the push is being made to get individuals, families and many neighborhood groups involved in the state promotion early in the year for the May event.
