

The Livingston County ARGUS-DISPATCH

Covering Brighton, Hamburg, Pinckney, Whitmore Lake, Howell, Hartland, and surrounding areas.

PRAYER: God, we thank Thee for calling us to be followers of Thine only Son so that we may serve our fellowmen. In this age of atomic power, speak to all men and unite mankind with Thine own creative love.

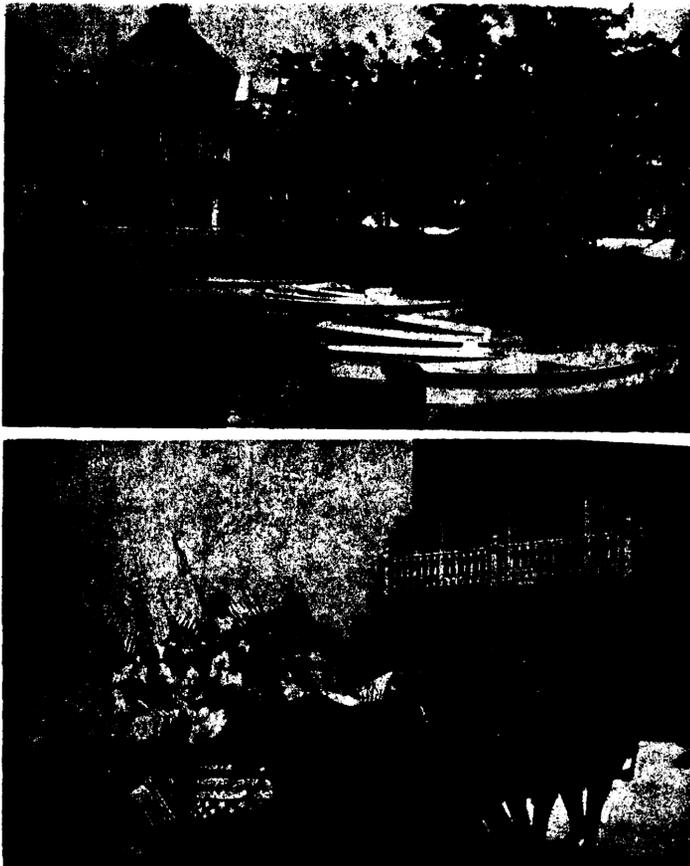

VOLUME 85 — No. 35

BRIGHTON, MICHIGAN — WEDNESDAY, DECEMBER 8, 1965

10c PER COPY — \$4.00 PER YEAR

SANTA TO RIDE FIRE TRUCK TO BRIGHTON

Library's New Home Nearly Ready

Upper photo: Old City Hall before renovation as it faced the north side of Main street which was then part of the Mill Pond but now the parking lot behind Leland's. Lower photo: Homecoming parade down Main street in Brighton in 1906 with gay crowd in a horse-drawn vehicle.

BRIGHTON — After nearly 40 years of ups and downs and once previously near abandonment, the Brighton city library will soon have a home of its own with a full time librarian and an assistant, with more books, better facilities and a more accessible location.

Junior High Honor Roll

BRIGHTON—Brighton Junior High School's eighth grade boasts of four all-A students for the second marking period while the seventh grade came up with three all-A students. Those on the honor roll follow:

- EIGHTH GRADE
All A's — Kim Gyr, Becky LewAllen, Robert Musch, Mark Warren.
B Average or Better — Michael Ashby, Robert Bauer, Tom Bowditch, Robin Boylan, Karrie Cole, Robert Davis, Rita DeFoor, Dwight Fitzgerald, Ann Gibbons, Mary Gordenier, Rolin Green, Dennis Grob, Carol Gruen, David Harmon, John Herbst, John Koenes, Harry Meade, Rudy Meffert, James Pearsall, Randie Reese, Laurie Ruffin, Darlene Slagle, Irene Smith, Dale Tarrant.

- SEVENTH GRADE
All A's — Deborah Bauer, Doreen Brittingham, Arthur Campbell.
B Average or Better — Patricia Bazley, Nancy Bottom, Cheryl Chenoweth, Bill Conrad, Bari Fisher, Bonnie Griffith, Janice Harbron, Dale Hendry, Patrick Hoyte, Ed Kretschmer, Pamela Miller, Mary Oakley, Kurt Richardson, Cas Scranton, Bill Springslead, Richard Teagan.

Hyne st. at the Mill Pond. At a P.T.A. meeting in November, 1927, a motion was made and voted to sponsor a City Library. A committee of five was appointed by the president to approach the City Council and request space in the council rooms located over the Fire Hall, and also for any financial aid the city could provide.

Kick Jams Door To His Jail Cell

ANN ARBOR — A Whitmore Lake man nearly kicked himself into a life sentence in the Ann Arbor jail.

Robert Lee Bentley, 18, of 7054 Sheldon Rd., Whitmore Lake, arrested on a charge of driving after drinking when Ann Arbor police spotted his car moving in what they said was an erratic manner. He and two companions were taken to the police station at City Hall.

New Industry, Homes Boom Economy Here

BRIGHTON — The impact of the rapidly spreading exodus to the outlying areas of Detroit has recently brought several new industries to Brighton and has created a famine in the labor market.

With construction of new homes and apartments in the eastern part of the county, home ownership in Livingston county is now at the highest percentage in the nation. Surveys show that in 1965 83 1/2 per cent of the county's population owned their own homes.

Two of the most recent industries in Brighton are the Marsden Electric Co., manufacturers and designers of electrical transformers and reactors, who moved from Detroit, and the Hammersley Co., manufacturers of camping trailers.

The Brighton city council recently rezoned the area facing old Grand River, across from the Kroger Co., from R-1 to R-3 at the request of Ralph Banfield, builder, who has purchased the Hardesty property among many other parcels of land in the Brighton area.

HOWELL — Livingston County is one step nearer to having a mental health program. A special sub-committee appointed by the Livingston County Board of Supervisors reported that a female mental health center is essential to meet the current and future mental health needs of the children and their families residing in Livingston County.

Mental Health Center Near County O.K.

The committee recommended that the supervisors appoint a community mental health board of directors to draft a detailed statement of program, policies and budget. The committee estimated that the potential cost would be approximately \$65,000 which would cover salaries for professional staff members to include psychiatrist, clinical psychologist, and one or possibly two clinical social workers, and clerical and maintenance staff.

The report will be placed before the supervisors for a vote at their December meeting. James Sullivan, administrator of the McPherson Health Center, stated at the meeting: "The Health Center Board of Trustees is vitally interested in the work of the Mental Health Study Committee in establishing a Family Mental Health Program for Livingston County."

County Bar Honors Judge Carland

At the meeting of the Livingston County Bar Association, Circuit Judge Michael Carland (standing right) was honored by the county's attorney. He is shown being presented with a petition signed by the entire bar membership urging him to be a candidate for reelection at the upcoming primary.

15 From County To Camp: 55 More Called For Exams

HOWELL — The step up in the military strength in Viet Nam will be reflected in the February draft for which 55 Livingston county men will take their physical examinations on Dec. 27. They will leave Howell by bus for Detroit at 7 o'clock in the morning.

Although it was previously announced that no man who was married before Aug. 26 would be called into service, the group to leave Howell Dec. 27 includes many men who were married before that date and previously had been exempted.

Four from Howell, Douglas H. Robertson, Darwin Ferritt, Oscar D. Snooter and Albert DeCroz; Three from Brighton, Michael G. Koteles, Richard M. Larabee and Michael G. Wisser; Two from Hamburg, Wayne E. Howell and David L. Slagle; Two from Pinckney, Richard A. Blades and Roy E. White; One from Fowlerville, Lawrence E. Cain; One from Hartland, Wayne D. McMichael; One from Whitmore Lake, Gary E. Stepp; One from Munich, Max L. Kellinberger, Jr.

The number to be called up for March has not been announced but after a man has passed his physical he generally has about 60 days before he is sent to training camp. Due to this respite, the men who will take their physicals the last of this month will, in all likelihood, begin training under the February draft quota.

St. Nick Plans Yule Gift For Every Child

BRIGHTON — Because there is little likelihood of snow-covered ground for Santa Claus' sleigh Saturday, the Brighton Firemen are already on their way in a fire truck to pick up the jolly old fellow so that he can ride lickety-split into Brighton in grand style.

He is due to reach the center of the city by 1 o'clock Saturday and will remain until 5 o'clock in the afternoon in order that every child in the Brighton area may have a chance to shake hands with him and tell Santa what he wants most for Christmas.

But no child will be snubbed by Santa. Because he has a bag of candy for every good little boy and girl that climbs up on his knee. Santa will be in front of the fire hall with a background of the Christmas trees and greens that the firemen are selling to raise money for their various activities during the coming year.

Explains Tax Exemption For Oldsters

HOWELL — The tax exemption relief for persons 65 years old and older, recently passed by the Legislature will not apply on the current tax bill but will apply for the first time on city tax bills which will be mailed next July.

County Clerk Joe Ellis has received from State Rep. Thomas Sharpe, brochures explaining in detail the benefits for the oldsters under the new law. County Clerk Ellis has the brochures available for the public. Explaining the law, he said: "Eligibility requirements are — 65 years or over, (either husband or wife need be 65 or over).

Combined gross income did not exceed \$5000 for the preceding calendar year. The state equalized value of all real property owned or being bought does not exceed \$10,000.

Ex-Queen's Sister Hurt; Dad Killed

HOWELL — A former Howell man, 40 year old Robert Carpenter, was killed Monday in an accident on I-96, east of Williamston.

The Ingham County Sheriff's department reported that Carpenter's car left the road and crashed into a drain ditch. Carpenter was killed, and his 17 year old daughter, Rene is in Sparrow Hospital in Lansing in very serious condition, suffering from a collapsed lung, head injuries, and possible brain damage. Carpenter is survived by his wife and two other daughters, Candice and Melanie all of Lansing. Candice was last year's Miss Livingston County.

Only 14 Shopping Days Til Xmas!!!

Ellis said there has been (Continued on page 3)

Santa to Fly To Pinckney

PINCKNEY — He flies through the air with the greatest ease — Santa Claus, that is — as he comes to Pinckney on Dec. 11 at 10 a.m. and lands at the elementary school playground. Rudolph won't be leading the pack. A pilot will bring Santa by air. He'll proceed downtown via horse-drawn sleigh to Veterans' Memorial Field. There'll be goodies for the kids — and good coffee for the adults. Jaycees are responsible for the former — Jayceettes for the latter. St. Nick will stay at his post until 2 p.m. Helping with arrangements are Tom Whyte, Dave Kaercher, Jim Janowski, Hank Laughlin and Ken Charbonneau.

Handwritten scribbles and signatures at the bottom of the page.

Heads Hamburg Twp. Fund Board

Mrs. Ralph Winkelhaus, newly elected member of the Hamburg Township Community Fund board of directors, is chairman of the board for 1966.

Mr. Del Leapley was elected vice president of the board. Mrs. Harold Richter Jr. will continue as secretary and treasurer. Mrs. Manley Bennett has been appointed Campaign Chairman for 1966. She will be assisted by Mrs. Edward Zobel.

This two years ends Mrs. Kaump's term as chairman of the board of directors.

Crash Hurts 2 From Brighton

ANN ARBOR — Sharon Robinson, 18, of Brighton, suffered head cuts and Kenneth G. Luttmoser, 18, of Brighton, a cut on the hand, when the car driven by Luttmoser was involved in an accident last night in the K-Mart parking lot on Washtenaw, west of Ypsilanti. Sheriff's deputies said that the girl was thrown through the windshield of the car when it crashed into a concrete pillar

in the parking lot. Both were treated at Beyer Memorial Hospital in Ypsilanti.

Strawberry yields per acre in Manistee county are higher than in any comparable region in the eastern U.S. Production in the county over the past five years has increased by 409 per cent. The average for the entire country is estimated at nine per cent.

U.S. to Try Two As Auto Thieves

DETROIT — Trials of two men accused of operating a stolen auto ring has been set for January in the U.S. district court. Both are at liberty under \$2,500 bonds. They are John H. Bradley, 38, formerly of Brighton and Whitmore Lake and Lloyd Corey formerly of Ypsilanti.

They are charged with transporting a stolen car across a state line. Bradley and Corey have been identified by police as the owners of the Ann Arbor Auto Sales and Leasing Co. with headquarters in Garden City. Police say that firm in one year leased or sold stolen cars with a total value of over \$300,000.

Bradley and Corey were arrested last September while riding in a stolen car in Chicago. They were returned to Michigan on the federal charge.

We know some ruffians whose veneer of civilization is wearing thin.

OBITUARIES

HARRY L. SHELDON
HAMBURG — Harry L. Sheldon, 77, retired Ann Arbor Foundry Co. employe, died Thursday at St. Joseph Mercy Hospital, Ann Arbor after a short illness.

He lived at 7183 Sheldon Rd. in Hamburg Township. Born April 9, 1888, in Sumpter Township, he was the son of Theodore and Jennie Leonard Sheldon.

He married Dora Clymer of Milan in 1909. She died in 1915. Mr. Sheldon married Mrs. Maude LaVear of Ann Arbor on June 9, 1917. She died in November, 1945. On April 27, 1946, he married Mary Thomas of Detroit. She survives.

Surviving in addition to his wife are a son, Harold of Hamburg Township, two stepdaughters, Mrs. Soring Seyfried of Whitmore Lake and Mrs. Erwin Guenther of Ann Arbor; five grandchildren and six great-grandchildren.

MRS. GOLDIE BANFIELD
Mrs. Goldie E. Banfield, 80, of 918 West Main St., Brighton, passed away Monday night at McPherson Community Health Center, Howell, following a short illness. She was born February 28, 1885 in New Hudson, a daughter of James and Harriett Harding McKinley. On February 5, 1904 she was married to Edwin W. Banfield in New Hudson.

Mr. and Mrs. Banfield farmed at the McKinley family farm until Mr. Banfield's retirement in 1948. At that time they moved to their present address in Brighton.

Mrs. Banfield was a member of the First Methodist Church of Brighton. She was a former member of the W.S.C.S. of the church and the Brighton King's Daughters.

Surviving in addition to her husband, are two daughters; Mrs. Warren (Irma) Moore of Pontiac and Mrs. Joseph (Norma) Voorhis of Brighton, two grandchildren and several nieces, nephews and cousins.

Funeral services will be held at 1:30 p.m. Thursday, Dec. 8, from the Keehn Funeral Home with the Rev. Robert Brubaker officiating. Burial will be in the

New Hudson Cemetery, New Hudson.

HAROLD BENNETT
WHITMORE LAKE — Harold William Bennett, 68, of 7705 Kearney Rd., Whitmore Lake, died at his home following a long illness.

He was born Oct. 22, 1897, at Cadillac, a son of William and Emma Tripp Bennett.

Mr. Bennett lived in Ann Arbor from 1918 until moving to Whitmore Lake nine years ago. He was employed by the Barnes-Gibson-Raymond Division of the Associated Spring Corp. for 18 years before his retirement.

He is survived by his wife, Mrs. Elsie Bucholz Bennett; a daughter, Mrs. Lorraine Devlin of Whitmore Lake; two grandsons; four great-grandchildren; and two sisters, Mrs. Ruth Scheetz of Ann Arbor and Mrs. Norma Bennett, in California.

Services were conducted Monday in the Staffan Funeral Home, the Rev. James C. Kincaid officiating. Burial in Arborcrest Cemetery.

Katona on Nov. 3, 1934, in Ypsilanti, and moved to Hamburg four years ago.

Surviving in addition to her husband are a daughter, Mrs. Robert (Mary) Fitzgerald of Brighton; three sons, Michael G. of Ann Arbor, and Paul and David at home; eight grandchildren; her mother, Mrs. Philip L. Schenk of Ann Arbor, and a sister, Mrs. Lawrence Mackin of Marquette.

Private funeral services were held at Muehlig Funeral Chapel on Dec. 2 with Rev. Collin Campbell, Jr., officiating. Burial was in Forest Hills cemetery. Memorial contributions may be made to American Cancer Society.

MRS. JESSIE ALLMAND
HARTLAND — Mrs. Jessie Elizabeth Allmand of 8135 Dwyer Rd., Hartland Township, passed away at the McPherson Health Center on Nov. 27, 1965 after a brief illness.

She was the daughter of Joseph and Cynthia Jane Melvin and was born in Milford on April 27, 1878. She was married to Percy Allmand on March 11, 1909. To this union was born five children, four sons, Ronald of Bantam, Conn., Roland, Douglas and Graydon of Hartland; and one daughter, Mrs. Joseph Lyons of Fenton. Seventeen grandchildren and 16 great grandchildren and several cousins survive.

Mrs. Allmand moved to their farm on Dwyer Rd. from Milford in 1926. She was a member of the Milford High School Class of 1896 and the Hartland

Methodist Church and the Hartland Thoreau Farm Bureau. Her husband preceded her in death June 14, 1965.

Funeral services were held at the Hartland Methodist Church November 30, with the Rev. James Simmons officiating. Burial was in the Hartland cemetery. Arrangements were by the MacDonald Funeral Home in Howell.

ARTHUR MEINKE
HARTLAND — Arthur Meinke, 45, of Hartland, died of a heart attack Dec. 3 while at work in Ann Arbor.

Mr. Meinke was born March 2, 1920, in Kalamazoo, a son of R. C. and Josephine Lyons Meinke, and was married to Betty Workman in May, 1954, in Lexington Ky. She survives. Besides his wife, survivors are three sons, Michael, Patrick and Timothy, all at home; three daughters, Sandra, Mary and Joanne, all also at home, and his mother of Fenton.

Funeral services were held Monday at the MacDonald Funeral Home, with the Rev. James Simmons of the Hartland Methodist Church officiating. Burial in Hartland Cemetery.

MRS. GEORGE KATONA

HAMBURG — Mrs. Ruth Eleanor Katona, 51, wife of George Katona, a Hamburg pharmacist, died after an illness of several months. She lived at 4299 Shore View, Hamburg Township. She was born Sept. 8, 1914, in Montana, a daughter of Daniel J. and Sarah M. McAlvay Gillman. She was married to Mr.

Davis - Hill Wedding

MR. AND MRS. LARRY HILL

BRIGHTON — A candlelight service at St. Patrick Catholic Church in Brighton, Nov. 19, united Miss Patricia Ann Davis and Larry Hill in marriage. The double ring ceremony was performed by the Rev. Father James Sullivan before an altar decorated with yellow, white and rust colored chrysanthemums.

Parents of the couple are Mr. and Mrs. Eugene E. Davis of 8401 Lee Road, Brighton and Mr. and Mrs. Ivan Hill of 17650 Van Syckle Road, Gregory.

Mrs. Edna Samborsky of Brighton was soloist, accompanying herself on the organ.

Attendants, Miss Ann Standlick as maid of honor, and Miss Chris Cramer and Miss Hazel Stockard as bridesmaids, were dressed alike in Empire gowns fashioned with bodices of gold velvet and skirts of yellow satin. Each carried a cascade bouquet of yellow, white and rust chrysanthemums.

Best man was David Johnston of Gregory, while seating the guests were Robert Davis, brother of the bride, and David Hill, brother of the bridegroom.

Mother of the bride, Mrs. Davis, was in a blue, three-piece suit with matching accessories. The bridegroom's mother chose a pink two-piece suit with complementary accessories.

As the young couple left on their honeymoon trip to West Virginia, Pennsylvania, New York and Canada, the bride was

wearing a brown jumper costume with a print blouse. Upon their return they will reside in Gregory.

The new Mrs. Hill, a graduate of Brighton High School, is in the plant-purchasing department at the University of Michigan. Her husband, a graduate of Stockbridge High, is a farmer.

Engaged

BATTLE CREEK — The engagement of Miss Sheryl L. Pearson of Ann Arbor, and Nelson Warner of Ann Arbor, has been announced by Mr. and Mrs. Owen Pearson of Battle Creek.

Mr. Warner is a son of Stanley Warner of Howell and Mrs. Dorothy Warner of Battle Creek.

Miss Pearson attended Kellogg Community College in Battle Creek, the John Robert Powers Modeling School in Detroit and is employed at Servomat of Ypsilanti.

Her fiancé is a graduate of Albion College and is attending the University's Medical School. He is a member of Gamma, honorary medical society, and Phi Rho Sigma medical fraternity.

A June 19 wedding is planned.

'Curious Savage' A Huge Success

The Livingston Players' "The Curious Savage" given Dec. 3rd and 4th under the direction of Bill Moore at the New Howell High School was a huge success.

It was such a success that to be fair one could not actually pinpoint one single performer as the "Star." From Bernice Hyme, the star, down the line to the smallest part each was "Star material" in his or her own right. Every performance Bernice Hyme gives is better than the one before, and as Ethyl (Mrs. Savage) she rang the bell again. When performers become so expert in their roles you have a hit on your hands, and so it was with "The Curious Savage."

Pat Taylor as Florence, Roger Lane as Hannibal Rosemary Syppé Fairy May and Duane Wiedman as Jeffrey and Marguerite Wenzel as Mrs. Paddy had you misty-eyed with a lump in your throat; the family, Harry Lawrence as Titus, the Senator Mrs. Savage's oldest son, Win Hubbell as Samuel, another son, and Lily Belle, the scatter-brain much-married daughter, portrayed their parts in such a way you detested them, while Joann Wiedman as the nurse and John Stephens as Dr. Emmett made their parts very sympathetic.

The Livingston Players were very fortunate in having the New Howell High School auditorium in which to give their performances. Everything about it was perfect, and its neatness and beauty gave one a feeling of "plush."

Refreshment was served to the audience behind the scenes giving everyone an opportunity to see what "behind the scenes" is like.

Hartmann

- Fital

MILAN — Donald Gruden of Brighton served as best man last week at the wedding of Jacqueline Joyce Hartmann and Thomas Edward Fital.

Jacqueline is the daughter of Mr. and Mrs. Frank Hartmann of Milan and Thomas is the son of Mr. and Mrs. Joe Fital of Milan.

At an evening ceremony in Immaculate Conception church here the bride entered the sanctuary in a floor-length gown of Chantilly lace with chapel train. A headpiece of flowers and petals secured her elbow-length veil of nylon illusion, and she carried a bouquet of white carnations centered with a lavender orchid.

Attending the bride were her sister, Miss Sandra Hartmann as maid of honor, the Misses Kathy and Nancy Katona of Milan as bridesmaids, Dawn Marie Betts of Milan as flower girl and Ronald Naida of Milan as ringbearer.

The bride's brother, Kenneth Hartmann, and Douglas Naida of Milan were ushers.

After the newlyweds greeted guests at the reception at the Tri-County Sportsmen's League Club, they left for a wedding trip to Niagara Falls.

Smith - Dymond

BRIGHTON—Karen L. Smith, daughter of Mrs. Kenneth Richardson of Brighton and Kenneth Wilhoit of Fenton, became the bride of Frederick J. Dymond, son of the John Dymonds of Brighton, on November 27, the double ring ceremony was performed by Rev. Brubaker at the First Methodist Church.

As the bride was escorted to the altar by her father, she wore a floor length gown of aqua satin which featured and inlaid train in back and accented by a bow at the waist line. Her veil was secured by a crown of cut glass. She carried a bouquet of white carnations.

Mrs. Joanne Keckonen, friend of the bride served as matron of honor. The bride's attendant wore a sheath dress with a bodice of rose velvet and a white brocade bottom, her head piece was a pink rosetta, she carried a bouquet of pink carnations.

Serving as flower girl and ring bearer were Kim Richardson, sister of the bride and Edward Adams, nephew of the groom.

Lawrence Kiekonen of Brighton, friend of the groom served as best man. Ushers were Stanley Adams of Washington, D. C., brother-in-law of the groom and David Lehman of Brighton, friend of the groom.

For her daughters' wedding, Mrs. Richardson wore a sheath dress of blue lace. Her accessories matched her dress.

The bridegroom's mother wore a royal blue dress with matching accessories.

A reception was held at the Fire Hall for 150 guests. Mrs. Dale Cole took care of the guest book and Mrs. Dan Cole served punch and coffee. Mrs. Harold Hughes cut the cake. Guests were present from Brighton, Fenton, Milford, Pontiac, Oceda and Washington, D. C.

The groom is employed at General Motors Proving Grounds and the bride works in Data Processing at the University Hospital in Ann Arbor.

After a short wedding trip the couple will make their home in Brighton.

New Arrival

A son, Kerry John born, Nov. 28 to the Henry G. Laughlins of Pinckney a daughter, Millinda June, to the Ronald Gibbons of Pinckney.

CHURCH DINNER

PINCKNEY — The Ladies Aid of the Community Congregational Church meets at noon Dec. 9 for a potluck dinner. Everyone is to bring a 50 cent gift, according to president Edna Guy.

Thursday: Roast turkey and gravy on whipped potatoes, but-

"ROUND THE TOWN"

BY DORCAS AC 9-6483

Jim Matthews, son of Mr. and Mrs. Joe Matthews, 904 W. Main St. got his first deer, 4 point, near Luzerne last week. Jim is only 16. Think of the hunters many years older who haven't gotten their first, and go hunting every year. No, I won't tell their names, but big congratulations to Jim.

I told you I would find out about the flags on top of Sean Lavan's haberdashery. I'm ashamed of my ignorance, but I had to go in and ask. They are Italian, Danish, Swedish and French. And that wonderful, most beautiful of all, which is put on in front of every day is O.L.D. GLORY, naturally.

We have a sample bench by Old City Hall, and soon to be the New Library. This bench was built by the City crew. It is just perfect for sitting out this summer. Complete comfort, just right for one's back, so I am reserving one for this summer. The City Manager says more will soon be finished. There will be two by the New Library three by City Hall. Mrs. Betty Marshall and little daughter, Heather, are visiting her parents in New York, and "Daddy, Peter, City Manager, is picking up a lot of "free meals" while they are away.

Congratulations to Fritz and George Seger, 201 Pierce, on the birth of Kristopher Joal, Nov. 22nd. Another little brother.

Mr. and Mrs. Robert Burton 3418 Military Drive, and daughter, Judy, are going to have the pleasure of having Mrs. Burton's father, James Johnston, from Seattle, Washington, make his home with them. Brighton welcomes Mr. Johnston and hope he is very happy here.

The Women's Society of Christian Service of the First Methodist Church will have a meeting at 8 p.m. the evening of December 13th. It will be a regular business meeting with the extra treat of having Mrs. Bernice Hyme giving two Christmas readings.

Mr. and Mrs. Skeman, 803 Franklin, are going to have the pleasure of a visit from Mrs. Skeman's Grandfather, Mr. Charles Lee of Holly, Michigan and that is the reason for those extra big smiles on the Skeman family's faces.

Warwin's Kitchen was the scene Saturday night of the "Cast Party" of the Livingston Players, and they chose the right place for their celebrating of their success. The place is just the right size for an intimate party such as they enjoyed, there were sixty present, and the Warwin's are noted for their hospitality and pampering of their guests. Tim War-

win's playing of the organ was wonderful as always and made the evening perfect.

Mr. and Mrs. Don Leith, 621 S. 7th, are the proud parents of a lovely little girl, Carol Jean, born Saturday, November 27th. Carol Jean was born on her brother, Donnie's, 11th birthday, while sister, Mary, was born on Bill's second birthday. Congratulations to the Leith family.

The Senior Citizens Group will meet at the First Methodist Church for a pot luck lunch at 12:30 Wednesday December 8th. Be on hand for a nice time.

Joe Mathews of 904 W. Main St., lost his oldest brother, Melvin, last week. Mr. Mathews resided in Lupton. Our sincere sympathy.

Why not go to the regular monthly meeting of The Livingston Players this Thursday night at 8 p.m. at the West Elementary School in Brighton and learn all about the Players, have a good time and join the group.

Yule Hostess

PINCKNEY — Mrs. M. Livrance is hostess Dec. 15 to the Christmas Party for (Pegs) Pinckney Extension group. Pot luck luncheon begins at 11:30 p.m. followed by a gift exchange.

Members of this group who formed a craft group will get together on Jan. 5 at a place to be announced.

Honor Washburns

PINCKNEY — The Don Washburns received a personal sales award from their employers, the Amway Corporation, for outstanding achievement.

PANCAKE BREAKFAST BRIGHTON — A pancake and sausage breakfast will be given by the Masonic lodge, Sunday morning in the Masonic Temple. Hours are from 7 a.m. to 1 p.m. all you can eat for \$1 for adults and 50 cents for children.

Engaged

ANN ARBOR — Barbara Ann Hill and Edward H. Koch, son of Mr. and Mrs. Christian Koch of Ann Arbor, are engaged and planning a June wedding. The bride-elect is the daughter of Mrs. Glen Scott of Dexter and Ernest Hill of Channel View, Texas. Miss Hill is a graduate of Dexter High School and is employed at Dexter Product Co. Her fiancé is a graduate of Ann Arbor High School and is employed by Parker & Sons in Howell.

New Significance

What is the significance of the jet age of international travel?

There is an easy and obvious answer. The jets make it possible for businessmen, diplomats, students and just plain tourists to move from continent to continent in a mere matter of hours, and in complete comfort.

But there is more. And a striking example of it was demonstrated by Pope Paul's visit to New York—the first time a Pope has ever set foot on this continent.

In a single day the Pontiff made a round trip of more than 8,000 miles and was able to spend half that day in executing his high mission. He came with a message asking for peace among nations and the outlawing of weapons of destruction that threaten the very existence of mankind. His trip by jet dramatized his purpose in a way that nothing else could. The eyes of the world were on him as the thousands of miles between Rome and New York were conquered, so to speak, in an instant of time.

One cannot say now what will come of this. But, certainly, his moving address to the United Nations, while it may not have pleased everyone, must cause the world leaders and their peoples to realize with greater urgency the need for finding ways and means of resolving the enmities that plague the world and of reaching understandings that will be fair to all and will serve all. If that proves to be so, the jet age has taken on a new and vast significance.

Express Your Views

The people are reading news items showing that state and federal governments are providing billions of dollars for a variety of welfare and spending projects that break all records.

There may be excuses for much of the spending, but one fact should be made clear in every newspaper report of so-called government largess—neither the state

nor the federal government have a thin dime to give away that they don't first take from the overburdened private citizen taxpayer. Governments are just agents of the people.

Newspaper headlines and stories should stress: "The taxpaying private citizens, rich and poor, do the giving, not the government." If this distinction was made in comment in the press, if the word "taxpayers" was substituted for the words "state" and "federal," "governors" or "presidents," more people would begin to realize that the money government "gives" is first taken from them in the form of taxes.

On much of the taxation, the people never get a chance to vote directly, but they have the right and obligation of expressing their view to their elected representatives, state and national, on measures to tax their earnings and savings.

The more government mortgages the taxpayers' future through extravagance and deficits, the more does it feed the fires of inflation, higher prices and depreciated money.

Lower Tax Rates . . . More Tax Revenue

On occasion, reducing a tax rate can actually produce more revenue for government.

That is the case with the capital gains tax, according to an authoritative survey made for the New York Stock Exchange which updates an earlier study made in 1960.

The new data, it is said, shows that investors regard themselves more tightly locked in with their holdings in 1965 than in 1960. In other words, the current federal capital gains rate of 25 per cent discourages them from selling and reinvesting. Lowering the maximum capital gains rate to 20 per cent would prompt investors with locked in gains to release substantial amounts of capital for reinvestment purposes. And a reduction of 12.5 per cent "would produce still more dramatic unlocking of capital," the study estimates.

Specifically, the survey finds that reducing the rate to 12.5 per cent would produce such results as these: Sales of securities by individuals would increase to \$67.3 billion. Total capital appreciation of \$29.2 billion would thereby become subject to the lower rate. Some \$57 billion more of capital would be free for reinvestment than under present rates. And the Treasury would receive an estimated \$2 billion more than under present rates.

As matters now stand, the investor is the victim of double taxation. The earnings of industry are first taxed at the high corporate level — and then whatever is distributed to the owners in the form of dividends is taxed again at the individual income tax rates. A reduction in the capital gains tax would help to remedy this injustice. And it would be a boon to the Treasury.

able to indicate the ultimate costs of staffing, operating, and maintaining these new facilities.

In the field of higher education, I think certain facts are worthy of note. Educational spending pressures continue to mount, as do enrollments in both 4-year and community colleges. College costs are rising three times as fast as the cost of living. Michigan attracts far more non-resident students in state-supported institutions than it sends to other states. The overall tendency toward liberal government spending — never more evident than in this year's Democrat-dominated state and national lawmaking bodies — has thrown our educational system into a nearly incredible cost race, with little regard on the part of its proponents for the needs of other government-supported functions. And yet, secrecy continues to enshroud university finances, as opposed to the close legislative scrutiny applied to the expenditure of state funds by every other department, agency or public official. Legislative resentment over this secrecy is bound to increase as Michigan's surplus disappears and lawmakers are forced to propose new and higher taxes to meet these ever-spiraling requests for money from the state treasury.

I am sure no one — at least not I — would question the need for adequate educational opportunities for all. BUT — there are many bottlenecks in our educational system. A recent report by the 56-member Blue Ribbon Committee on Higher Education commented on the responsibility of institutions of higher learning to cooperate fully in the interest of coordinated planning and action to avoid unnecessary and costly duplication of programs and to make maximum use of every educational dollar spent.

FOR BETTER LEADERSHIP

All fifty states and three United States territories are combining their talents to improve education at every level, in every city and town, through a "Compact for Education."

Meeting recently in Kansas City, governors, legislators, educators and layman formed a partnership to cooperate in research, planning and the exchange of information.

This cooperative effort should go a long way toward helping the states regain some of the educational leadership they have lost to the federal government.

The commission will have the authority to collect and interpret information concerning educational needs and resources, encourage and foster research in education, develop methods for adequate financing of education and formulate suggested policies and plans for the improvement of education.

The commission will meet annually while the 30-member steering committee, including 10 governors, meets quarterly.

The Interstate Compact for Education is a positive step toward meeting the future educational needs of the nation, and the active participation by all states should be encouraged.

Point Of View

By TOM KIZER

Draft and delinquents! What antonyms! The draft, on the one hand says, "Greetings," and then, in effect, "you are to report for induction into the armed forces on —" No if, ands, buts, or maybes — just be there.

Delinquents, on the other hand, are discreetly consulted by a social worker, a special judge, and if things haven't gone too far, by a representative of the newly formed Job Corps and a planned enrollment in a federal sponsored and paid for training program. If things have gone "too far," the young man is "enrolled" in a corrective institution such as B.V.S. In either case, he has beat the draft.

But the lad who has lived the clean life, who has been a credit to his family, school and community, is herded into a bus and dumped unceremoniously at his induction center some cold, gray morning.

The cleaner and healthier he has lived, the more certain are his chances of winding up in Uncle Sam's army. At present his service term is a two-year term and if we aren't in a worse mess internationally at the end of that time than we are now, he is free to bow out and another recruit takes his place. This accepted way of life we have all bought as a patriotic duty, but I'm damned if it makes sense to me until two flagrant errors have been corrected.

1. Instead of creating other bureaucratic, tax-paid agencies such as the Job Corps to cater to the misfit, draft these hoodlum-oriented misfits into a special branch of the armed services for three years, automatic and without recourse. Use the first year of their three-year stint to reorient them, and the final two years in the regular branch of the armed services.

2. Unless we are in "all out defensive war" elevate the soldier, sailor and marine to the same level as our other law enforcing personnel by paying them a salary commensurate with the police and sheriff's departments. Isn't the defense of our country worth as much as the defense of our cities and counties?

Technically, we are not at war today. Congress has never declared war. But if you, like

too many others, have had a son killed in Vietnam you have paid the supreme price, regardless of what you call it. The chances are, if you have a son there, he is not there because he chose the military for a career but because his name came up for draft. He will serve his two years and come home, or not, depending on the fickle fortunes of war, but it's a long, long odds bet he won't stay in after his two years because there is no percentage.

Suppose, on the other hand, the career-minded military man, I don't mean the West Pointer, but the drafted or enlisted private, was paid by his government enough to afford a normal way of life, a wife, home and family, he might then elect to stay in the service. If he did, it is a certain fact that he would be a far better equipped soldier in four years than he was in two years, ad infinitum.

I have talked to a number of young men who really liked life in the service and would have stayed in it if, as an Indian, they could have shared some of the benefits of a chief. With the foreign policy we are pursuing it seems a sure cinch that we are going to have a standing army of great size for a long time to come. Then why not have a seasoned, well trained, dedicated, good one. A lad in the service for two years has little time to become a proficient soldier but he has a great chance of becoming a dead one. With a backlog of seasoned veterans it wouldn't be necessary to throw green troops into combat.

Now to get back to the original premise of this message which was: Put the school dropout, the hoodlum element, in a special branch of the service for one year and then in the regular service for two years—they like to fight (even though most times they have the odds all in their favor), so let them. Secondly, upgrade the service man's pay scale to a career status. It could conceivably eliminate the draft entirely, except in all-out war.

Goodwill Pickup

The next visit of Goodwill Industries pickup trucks to Brighton is scheduled for Tuesday, Dec. 14. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative, Mrs. Don LARRY, telephone number 229-9761.

MICHIGAN + MIRROR +

SAD TARGETS

The second of two administrative heads appointed by Gov. George Romney continues under heavy fire from democratic legislators. The first finally got tired of the badgering and resigned his post.

In the first case, Labor Commissioner Roy W. Johns, the early criticism was mild. One or two legislators commented he must not be doing his job because industrial accidents were on the rise.

It wound up as a full-scale investigation of the Labor Department, primarily from the standpoint of Johns' administrative directives and decisions. He had been in the post less than two years when the first barbs were thrown.

Even before Johns came under fire, Democratic lawmakers were talking at least privately about the Republican appointee heading the Insurance Department, Allen Mayerson.

His previous connections with various insurance companies were the sensitive target they chose. Some of these firms did and others did not operate in Michigan.

Major point in the continuing attack against Mayerson is that he continued to do some consulting work after he was appointed to the state post.

It is not to be decided here whether either Johns or Mayerson was or is doing the assigned job properly.

Because of the very nature of the jobs, appointees are more than likely to have many outside connections. If they didn't, they probably would not be considered for appointment. And who is to say whether one or two years is even long enough for a top administrator to work into a job and do it effectively?

What should be noted, as evidenced in the labor commissioner case, is that enough badgering by the opposing party could probably lead even the best public servant to decide it wasn't worth the fight.

BIGGER RISKS

Michigan motorists have been doing relatively well this year in cutting down the highway deaths, at least as compared with the record high 1964 fatality count.

With the two year-end holidays falling on weekends, however, the traveling public is expected to be bigger than usual. Families whose breadwinner would have to return to work the day after a mid-week holiday will be more likely to be making weekend trips to spend time with relatives.

Since the temptation is great to travel too far for a holiday and stay a few hours later than usual, thus necessitating a hurried trip homeward, the likelihood for careless driving is increased sharply.

Year-end holidays traditionally run high on road accidents, injuries and deaths. Uncertain weather is another of many factors involved.

While the number of motorist fatalities dropped considerably in the first three-quarters of the year, state officials have called for renewed consciousness of traffic safety during the remaining weeks.

As he has every holiday since he took office, Gov. George Romney will again be calling for an "enlightened motorist" on the roads. The periodic "Lights on for Safety" campaign will again be in effect, hoping that each motorist who drives with auto headlights on both day and night will remind another driver to be careful.

"Even at the maximum effectiveness of traffic safety measures, the most indispensable element in traffic safety is the moral responsibility of the driver," the governor has said. This should be remembered if, say, holiday trips are to maintain that atmosphere.

LOTS OF BEEF

Michigan is generally thought of as an industrial state, but agriculture claims second place in income production.

State Agriculture Department officials boast about Michigan's weather. Because Michigan is cooler in summer and warmer in winter than most northern states, they say, farmers can raise a great number of different crops in large quantities. For example, winds coming off Lake Michigan temper the climate of the western lower peninsula to create a rich agricultural belt running from the southern border northward almost to the tip of the lower peninsula. The result is seen in tremendous fruit and vegetable crops.

Many people are aware that Michigan is high in production of navy beans and red tart cherries, but it might come as a surprise that cattle are raised in each of the 83 counties.

Letters To The Editor

Dear Editor:

DANANG S. VIETNAM

I have a spare few minutes, so I thought I would utilize the time to thank you for sending me the Argus every week. The City and its people have changed so that I don't know many you write about, but there is still many that I do know, and it kind of brings a touch of the Ole home town all the way over here to the Danang sector of South Vietnam where I am now located. I have been here since May of this year and you would be surprised how much it has changed since we've been here. You would have to see it to believe it. The economy and living conditions of the Vietnamese people has raised 50 percent.

I don't like it a bit being here away from my family and my loved one's but I'm here and I can see the good we're doing and I'm proud to be a part of it.

Some of the nasty jobs that go with the people to people program, like ridding the country of the Vietcong are necessary and some of the methods are crude but it has to be done. I will be home sometime in late March or April, and any questions you might like to ask me I'm sure I can give you a satisfactory answer.

Sincerely,
Sgt. Jerry Bossardt 12715001
USMC
3rd Engineer Battalion
(Fwd)
Support Company
%FPO San Francisco 96601

Dear Editor:

First, I want to renew my subscription for your paper, and check is enclosed.

Second, I wish to correct certain statements made in the front page article, in your issue, about my appointment as Municipal Judge, for the City of Howell, to finish the unexpired term of the Hon. Wilfred H. Erwin, resigned. I did not receive a degree of de jure from Northwestern University Law School. The legal dictionary which I have defines de jure as "rightfully" "of right" "lawfully" "by legal title." Of right; "distinguished from de gratia (by favor)." "By law; distinguished from de acquitate (by equity)."

The term is variously applied as, a king or officer de jure, or a wife de jure." The degree I got from Northwestern University, on June 30, 1932, was Juris Doctor. I served the County of Livingston, only for a period of eight years, as prosecuting attorney, for the period as follows: 1935, 1936, 1937, 1938, and again 1943, 1944, for which term I was appointed by the late Hon. Joseph H. Collins, when the Hon. Joe P. Gates was called into the service, and I was elected without opposition on either ticket, for the period from 1944 through 1946, a total of eight years.

Also, the name of my daughter who is attending Albion College, is Jane Ann, not Jean. The name of my younger child, who is a freshman at Howell High School, is Elizabeth Evelyn. I will agree that her nickname is "Betsy."

If you have run out of material for this issue, print this letter, if not, file it in the appropriate receptacle. However, I do think you should make a note that I only served the County for eight years as prosecutor. Mr. Erwin served twelve years and I believe Judge Lyons served twelve years, but I was only privileged to hold that office for a period of eight years.

I enjoy your paper, even though you make mistakes. That is why I am subscribing for another year.

Very truly yours,
Stanley Berriman

(We are sorry Mr. Berriman is upset because the Argus-Dispatch conferred another degree on him.)

Dear Editor,

We would like to extend a public thank you to the men of the Brighton Fire Department. At a quarter to three, the morning after Thanksgiving, they were called to put out a fire, that had started with the electrical wiring in our upstairs closet. The entire upstairs, of our house was completely in flames. Every member of our household was out of the building, but they did everything they could to save our home, including going up on the roof to fight the blaze. This had certainly put them in physical danger on our behalf. It was surely through their efforts, that our house was kept from burning to the ground. The home had been in Beverly La Belle's family for many years. They made it possible for us to rebuild the damaged sections, and saved most of the old but irreplaceable iron work with which it was decorated.

Their integrity was such that fireman came up with prices of jewelry and money, that they had found around in the house, making sure that, we were not left with out cash after our home had become suddenly uninhabitable.

A few days after the fire a call was placed to see if the baby's toys and our dishes were safe to use because of the chemical foam used in the fire fighting. With the aid of a state trooper they immediately checked to see whether or not the substance was toxic. We had our answer in fifteen minutes.

We shall always be grateful to the Brighton volunteer fire Department.

Beverly and Jack La Belle

Know Your Michigan Law

By Attorney General

Frank J. Kelley

(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

Injuries suffered by any child under 17, which have or may have been inflicted by a person responsible for the child's care, must now be reported by the examining physician to both prosecuting attorney and state department of social welfare. Such reporting is now possible for the first time under Michigan's new "battered child" law (Act 98, PA 1964).

Law enforcement and welfare personnel have long shared with the medical profession the knowledge that many so-called accidental injuries to infants are deliberately inflicted by parents or guardians. Until passage of the battered child law, however, officials were helpless to act, because of legal prohibitions forbidding doctors to disclose any information made known during physician-patient contact. The new law, by releasing the doctor from secrecy, makes it possible to establish the nature and cause of adult-inflicted injuries to children, to prosecute the adults responsible, and — most important — to remove the child from the custody of the adults who inflicted the injuries.

Already several such physically abused children have been placed with foster or adoptive parents under the 1964 battered child law. These include a small adopted girl whose parents tried to improve her homework by whipping her more than a hundred times in a single session. Several others, including some reported by the Crippled Children Commission, are under investigation by state and local officials. But for some, it is too late. An infant boy of thirteen months was reported "dead on arrival" at the hospital. His head and body were covered with infected lesions resulting from neglect. Reporting authorities were not sure whether immediate cause of death was malnutrition or from internal injuries, including old and new fractures. They are sure, however, that his brothers and sisters ought to be in the custody of adults able and willing to provide proper care for children.

Unfortunately, this case is not unique. The new law, for the first time, makes it possible for the law to help the physically abused child.

Pinckney Acts For U.S. Help

PINCKNEY — Village President Merwin Campbell attended a newly-formed Social Action committee at Howell Recreation Center last Tuesday night. Other Pinckney-ites on the committee are Dorothy Nickle and Francis Shehan. The committee is formed in order to seek federal funds to aid the county in such programs as Operation Headstart for underprivileged children.

Representatives of the Washtenaw County Planning Commission are expected to meet this Thursday night with Pinckney Village Council to tell them about their set-up. Howard Thayer is arranging the get-together. George Roth agreed at Council meeting last Thursday to contact Hans Hogard of the Livingston County Planning Commission and, if possible, a state planning representative, to come to Pinckney to brief Council or how they may proceed.

Thayer and Roth learned last month in Washington, D.C. that in order for villages and townships to avail themselves of federal funds for improvements, they must have an organized planning commission with plans drafted on paper.

Sixty-two percent of Kalamazoo College freshmen ranked in the top ten of their high school graduating classes.

Library

(Continued from page 1)

tion fee of \$1 a year. Then in 1934, during the depression, the Council informed the Library Board that the city was unable to continue the appropriation. Faced with the possibility of closing the library because of the lack of funds, friends, P.T.A. members and students swung into action.

A Tag Day was proclaimed to furnish financial aid, and mothers and students sold tags on the street. Fraternal, social and church groups added their donations to help keep the library open. The public was aroused to the need of the continuation of a City Library and through letters and publicity in the Argus, a petition was circulated to approve a vote of the people, that a tax of 1/5 mill be granted for the support of a library. This vote carried unanimously and this tax support was granted in 1935.

It was at this time, on advice from the State Library, that the P.T.A. members relinquished their sponsorship of the City Library to the people of the City of Brighton.

A Library Board of six elected members decided to increase the library hours to ten, and the library started to grow, soon spreading out into the council chambers.

In December 1950, the Library Board met with the City Council and requested that the street floor room, vacated by the Fire Department, be converted into new quarters for the library. The Council agreed to this and the remodeling began. A new floor was laid, new ceiling and lights installed and

the shelves moved downstairs. The book shelves were painted by the Library Board members, the books were sorted and placed on the shelves, and on March 10, 1951, the librarian was ready to welcome the public to a new and pleasant place in which to find their reading needs. Appreciation of this move was immediately felt in the increase in circulation and registration. Residents and visitors were suddenly aware that we had a City Library.

In April 1957 the city had the opportunity to purchase the old Detroit Edison substation on the mill pond. The Kiwanis Club then took over and made the completion of the building their project for the year.

On August 24, 1957, the new library was dedicated, and at that time had a total of 3,900 books and 950 borrowers. The registration fee for non-residents was \$2 a year.

The number of volumes in the library also increased with an increasing appropriation from the city.

In 1963 an attorney general's decision made additional state moneys available to local libraries for library use. In 1964 a new state law permitted the distribution of penal fines to local libraries for the provision of improved library facilities and services.

The new Brighton City Library to be located in the old fire hall and city hall building will provide room for approximately 12,000 volumes, more than double the present capacity, will provide ample space for study and reading, ideal lighting and other facilities. The site is also surrounded by convenient parking. Another benefit to be derived by library users when the new library

opens will be the increased hours that the facility will be open. It is expected that the new hours will provide for service on a full five or six day per week basis.

Industry

(Continued from page 1)

an annual basis. Applying this average expenditure to Livingston County and to the number of dwelling units locally, approximately \$2,369,000 is spent a year on such renovating.

Economic growth will bring the United States to full employment in 1966.

The annual Michigan Economic Forecast, presented at the University of Michigan, indicates a six per cent rise in the country's Gross National Product of goods and services to an estimated \$712 billion. This will create enough new jobs to establish full employment, says U-M economics professor Daniel B. Suits, who prepared the annual forecast.

Automobile sales will continue at or above their high 1965 level, he says.

Mental Health

(Continued from page 1)

and the City of Detroit now have formed 18 official mental health boards, 10 have submitted plans and budgets. Nine plans have been approved for state grants to establish or expand community health services.

Recent additions to counties under the state's Community Mental Health Services Act are Berrien, Cass, Macomb and St. Clair. Others include Bay, Calhoun, Detroit-Wayne, Dickinson, Iron, Genesee, Ingham, Ionia, Midland, Monroe, Muskegon, Oakland, Shiawassee, Washtenaw, and the Copper Country area of Baraga-Keweenaw, Houghton and Ontonagon counties.

The state legislature appropriated \$2,500,000 for development of community mental health services under Act 54 with matching base set at 25 per cent local funds and 75 per cent state.

St. Nick Plans

(Continued from page 1)

assembly. Then they realize "they've been had."

Look sharp, or once again you will stumble into bed at 5 a.m. Christmas morning, a haggard, red-eyed victim of that annual horror, the unassembled toy.

In olden times parents had two ways of getting toys to give their children for Christmas. They could buy something at the store or make something at home. But American business ingenuity that good wide-awake mass-producing American enterprise has come up with a third choice: toys you buy at the store and make at home.

We look ahead and here it is Christmas Eve. The decorated tree twinkles and glisters with the joy of the season. The kids have finally been coaxed to sleep. Mom and Dad have filled the stockings, wrapped the last-minute gifts, heaped the packages high beneath the tree.

With all else ready they bring Junior's \$40 fire truck, the coveted treasure, to take its place of honor. When the crate is opened, what do they find? No fire truck, but a box full of loose metal and a stern injunction from the factory to get busy and make a fire truck. If they are lucky, it is done by dawn.

So prepare for the ordeal this way. Get everything possible done earlier. Leave Christmas Eve for the tasks that are unavoidably last-minute.

New President

ROBERT T. MENEELY

BRIGHTON — Guerdon Industries, of which the Vagabond Coach Co. of Brighton is a subsidiary, has elected Robert T. Meneely as president.

Besides the Brighton plant, Guerdon operates mobile home manufacturing plants in nine other locations.

Meneely, 48, joined Guerdon in February, 1964, as assistant to the president. In November of that year, he was appointed acting general manager of the Vagabond division. In November of that year, he was appointed acting general manager of Vagabond division. In September this year, he was appointed senior executive vice president and in this capacity has served as chief operating officer of the company.

Explains Tax

(Continued from Page 1)

widespread misconception on whether or not the exemption applies to your current tax bill for county and school taxes. It does not. The county and school taxes currently being mailed are not eligible for exemption.

"And last," he said, "how much will the exemption amount to in dollars? The state will pay the taxes on \$2500 of your state equalized valuation.

So if your equalized valuation is \$5000 and the tax rate total is 22 mills, your tax bill would be \$110. The state paying on \$2500 of this valuation which is half of it, then the state will be paying \$55 of the tax. Or if your state equalized valuation is \$10,000 the maximum of valuation to be eligible, then your bill at say 22 mills tax levy would be \$220, the state paying on \$2500 of this valuation would pay \$55 and you would be paying the balance of \$165."

GOVERNOR ROMNEY REPORTS

On my recent trip to South Vietnam, I learned that several thousand Michigan boys are members of our Armed Forces there and will spend this Christmas thousands of miles from home, many of them on the front lines of defense.

Since returning, I have sought some manner of indicating to these sons of Michigan that their state has not forgotten them and will be especially thinking of them during this holiday season.

I have determined that this can be accomplished by sending a representative gift package to every Michigan GI we can identify and locate in South Vietnam.

To make this a real people-to-people effort, I have enlisted the support and cooperation of every Michigan citizen as well as of business industry,

agriculture and organized labor. Every Michigan serviceman who is serving in Viet Nam and whose name and address was sent to me last week will be sent a package of Michigan products. Most of these goods are being contributed through the generosity of our businesses and industries.

Last week I also sent a letter to Michigan University and college student body presidents pointing out that one of the major problems in this operation is the packaging of the goods to be sent overseas. Therefore, I invited them to bring a carload of fellow student leaders from their campus and to join in assembling these packages in Detroit on December 11.

Organized labor is being asked to advise in the packing and moving of the goods. However, the major transportation prob-

lem — getting the packages to Viet Nam — has already been solved. Booth Newspapers, Inc., which owns a group of Michigan daily newspapers, has volunteered to charter a special plane for that purpose.

The spontaneous and overwhelming response to our attempt to bring a semblance of a Michigan Christmas to our servicemen in the Vietnam Command has been heartwarming to say the least.

STUDY CLUB

The Town & County Study Club met at the Canopy in Brighton for their Christmas luncheon with an exchange of gifts on Monday, Dec. 6.

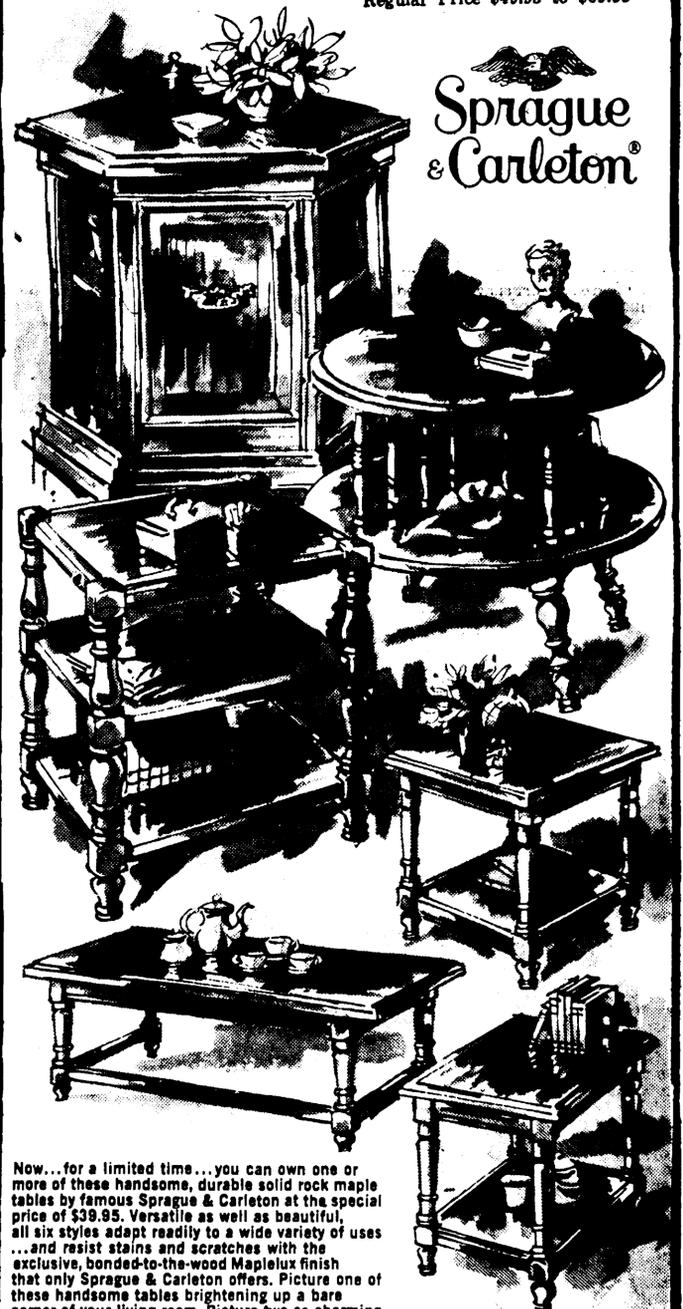

Births

A daughter was born to Mr. and Mrs. Merwin L. Powell of Whitmore Lake. Sons were born to: Mr. and Mrs. Daniel E. Cartwright of Brighton. Mr. and Mrs. Paul R. Jewell of Brighton.

County Hikes Yule Seal Gifts

LANSING — Early contributions to Michigan's 1965 Christmas Seal campaign have been coming in at an increased rate throughout the entire state, reports the Michigan Tuberculosis and Respiratory Disease Association.

Livingston County contributions are at the \$2,818.00 mark at the end of the first three weeks of the campaign as compared to \$2,361 at the same time last year. Total contributions received for the state are \$525,254.00 as compared to \$458,100.00 at this time last year.

Campaign chairman, Mrs. Ellen Ziegler of East Lansing, said the increased contributions reflect an awareness of Michigan citizens of the ever present danger of TB and the fact that Christmas Seal contributions are used to fight TB.

The bill-paying habit is expensive.

Coach Quits At Pinckney

PINCKNEY — Several problems faced the Pinckney School Board last Thursday night when it met in regular session at the high school.

Don Gibson, government teacher, told Supt. Wes Reader and the School Board Thursday that he was resigning as coach of the eighth and ninth grade basketball program. He expressed discontent with "some changes" made in the athletic program about which he did not elaborate. He said he "intends to voice my opinion in print and verbally" concerning the "curtailment of the program" at a time when "facilities are becoming available."

Gibson appeared at the meeting with a Brighton attorney who did not comment. The Board left the acceptance of the resignation up to Reader since it did not terminate a teaching contract but only the extra basketball duties.

Reader said Gibson may be upset because practice time for his basketball boys has been curtailed "due to the small gym and the fact that the varsity

and JV teams have had to use it most of the time.

Several citizens approached the board with various school bus problems. Two women with kindergartners objected to their children having to cross Patterson Lake Rd. to wait for the bus on the corner of Kelly Rd. Last year the buses traveled a route from the opposite direction and were able to pick the children up on their own side of the street. Buses now are so large, Robert Dunn bus superintendent, told the board, that they must be routed in circle routes so as to avoid backing up or trying to turn around in a dangerously small area. Thus the changing routine and of bus stops. The board concluded that for the children to cross Patterson Lake Rd. at that point where there is clear vision is less risky than any other solution they might come up with.

Glen Smith of Rush Lake complained to the board that his child had been "abused by a bus driver." He said that the state police had been notified, and he wished board action

against the driver.

The Board appointed members Bond Collier and Jack Swanson to meet with the bus driver, Dunn, Glen Smith, the Smith child, and his opponent in the fight that apparently caused so much confusion on the bus that the driver "backhanded" him. In their get-together, the Board hopes they may amicably "get to the bottom of the matter."

Clarkston Routs Brighton 70 - 59

BRIGHTON — Shooting from all angles and positions, Clarkston's Dan Fife gunned 31 points against the Brighton Bulldogs in a 70-59 Clarkston victory.

Fife, shooting from the inside and outside, caused Brighton coach Bob Marks to claim, "He is one of the top players in the area." Clarkston proved more than a one-man team, however, as Rod Allen scored 19 points to aid the Clarkston victory.

Bruce Evenson scored 22 points for the Bulldogs and Rich Musch contributed 13 to the Brighton total.

Brighton actually out-rebounded Clarkston by 44-28.

Clarkston, however, had the shooting and free-throw statistics in its favor. Brighton could only convert 11 of 29 free throws while Clarkston hit 18 of 28. The Bulldogs had a field-goal percentage of 33 per cent while Clarkston had a 38 per cent mark.

Pinckney Plays South Lyon

PINCKNEY—Ypsilanti Roosevelt Roughriders basketball team took home a 65-43 victory from Pinckney Nov. 30.

The Pirates got off to one of its best starts in some time, but the Roughriders kept their heads and after a slow start, really got rolling.

The Pirates led at the beginning of the game — for four minutes into the first quarter. Then the Roughriders took the lead and no amount of fighting by the Pirates could bring it back.

Pinckney was behind the Roosevelt Five by only nine points at the half. The Roughriders turned it on — and kept it going through the fourth to down the Pirates.

Jim Douglas, the only Pirate in double figures, made 12 points and pulled nine rebounds off the boards to lead in that department too.

Wales, Houk, Van Black, and Guider were high men for Ypsilanti with 18, 14, 11 and 11 points respectively.

Pinckney played South Lyon Dec. 7, and Dec. 10 will take on Williamston for their first In-

gham County League encounter this season. Both are home games.

THEN & NOW

THEN
EVERGREENS WERE USED AS DECORATIONS FOR THOUSANDS OF YEARS... BUT IT WASN'T UNTIL 1850 IN GERMANY THAT (LEGEND HAS IT) LUTHER PUT CANDLES ON A TREE TO REPRESENT THE "BEAUTIFUL STARS" AND THE CHRISTMAS TREE WAS BORN.

NOW
CHRISTMAS TREES ARE ALMOST UNIVERSAL AND OVER 45 MILLION ARE USED IN THE U.S. ALONE INCLUDING MANY BEAUTIFUL ALUMINUM DESIGNS THAT SHINE BRIGHTLY UNDER COLORED SPOTLIGHTS AND LAST FROM YEAR-TO-YEAR.

Brooklyn Beats Whitmore Lake

BROOKLYN—Whitmore Lake proved much too generous to the Brooklyn cause as they committed 32 turnovers, thus handing a 72-42 decision to Brooklyn.

Brooklyn, working from a skillful fast break, opened up a 41-20 margin at half time and coasted the rest of the game. George Rothfuss led the Brooklyn attack with 16 points and David Miller was not far behind with 14.

Whitmore Lake was not only plagued by ball-control errors but also managed to hit only 23 per cent of its shots from the floor. Kevin Caskey was high-point man for the Trojans with 11 points.

This was the first Lakeand C game for Whitmore Lake which now has a 1-1 season record.

ARNOLD NAMED
HOWELL — Councilman Holis Arnold was unanimously appointed by the City Council to fill the vacancy on the City Planning Commission, left by the resignation of Councilman Jacob Maul.

Council Urges Yule Light Up

BRIGHTON — The Brighton City Council, in an official resolution, Thursday evening, urged the merchants in the Brighton area to light up for Christmas. The council, displeased with the spotty lighting in downtown Brighton asked the business men to leave their colorful Christmas displays lighted.

"Twenty four hours if necessary in order to add to the festive atmosphere in Brighton, and make it a cheerful place to shop."

In other business the council discussed a study of some portions of the city charter which do not conform with the present state statutes. The changes under study by the council would make provisions for a municipal court, and possibly a traffic violations bureau.

There were three bids on the high school sewer project. The

Warren Anderson Construction Co. was the low bidder.

Several appointments were made by the council. Lincoln Schmidt was appointed to the board of review, and four vacancies on the board of canvassers were filled. Frank Brogan and Carmine Wilson were appointed to 4 year term and two year appointments were made to Dick Juipe and Virginia Herrmann.

Harold Jarvis Sr. and Kermit Ackerman were appointed for two years to the election board, while Bob Leland and Colt Park were appointed to three year terms on the Planning commission.

City Manager Peter Marshall reported that the superintendent of public works, John Bellet, has resigned to accept a position in Flint. Bellet has been employed by the department for six years.

What's the Latest in Pinckney?

BY KRISTEN HUAMAN
678-3668

THIS IS IT! At last we are going to have a recreation center. The project (in cooperation with the Village Council) is being headed by "do gooders," Julius Aschenbrenner and George Roth and if all goes well, the center will open February 1. It will be located over the Fire Department's headquarters. The center will offer all kinds of exercising equipment, including 800 lbs. of weight lifting equipment, a 14 x 14 wrestling mat, a heavy punching bag, two speed bags, parallel bars, three table tennis tables and later on a pool table. Plus, offering righty (and Saturday) supervision, the center will offer instruction and demonstration on all the equipment and games. The Jaycees, the firemen, the Kiwanis and the students have all been invited to help redecorate the old fire hall.

One ping pong table is still needed. If you have one and would like to donate it, please phone Julius Aschenbrenner. Thursday evening 60 members of the P. H. S. Care Club and

their sponsor, Mrs. Morris, will present a special Christmas program for the patients of the Howell State Hospital. Following the program, the group, with special assistance from Don Gibson, will distribute to the patients, the contents of a large box of goodies. Mr. Gibson, who also drives the bus, will act as Santa Claus.

Slugs Trooper

HARTLAND — State Trooper Harry Hayes, of the Brighton Post is sporting a black eye, but the Hartland man who hit him will have plenty of time to consider his action in the Livingston county Jail.

According to the troopers, Hayes had been sent to a property damage accident on Hacker road. David Halbritter, 18, had crashed his car into a tree, however he and his companion, 21 year old Joseph Queen from Fenton were uninjured.

As the troopers were making out the accident report Halbritter suddenly struck Hayes in the eye.

Halbritter faces charges of assault and drunk and disorderly, and Queen is charged with being drunk and disorderly.

6 From Brighton In 'M' Messiah

ANN ARBOR — Six residents of Brighton were members of the University of Michigan's Choral Union which presented Handel's "Messiah" before a capacity audience Sunday afternoon in Hill Auditorium.

They were Alice E. Newcomb, Jane Owens, Elizabeth Eisenhardt, James R. Raub, George H. Eisenhardt and Glenn E. Miller.

This year's production of the "Messiah" under the able direction of Lester McCoy, attained a high level of performance that will set a standard for future groups to emulate.

Three concerts were given this year, all to capacity houses, which is an indication of the high regard members of this community have for this Baroque masterpiece. The third and concluding performance Sunday afternoon was the 48th of a consecutive series dating back to 1939, and it was the 71st time that the Choral Union has presented the "Messiah" since the founding of the Musical Society in 1879.

Handel's "Messiah" had its first performance in Dublin in

1742. The text, from the Bible, was selected by Charles Jennings and Handel. It comprises 57 separate numbers for soloists, chorus and orchestra. This year's performance consisted of 23 of these selections. It is evident that the popularity of this work will demand many more performances in the years to come.

This year's soloists were Benita Valente, soprano; Doris Mayes, mezzo-soprano; Stanley Kolk, tenor, and Malcolm Smith, bass. Mr. Kolk's opening aria, "Comfort Ye My People Saith the Lord," immediately made the audience aware of the high standard of performance they might expect to hear.

The 1965 version of the "Messiah" had one significant change from previous years' presentations. The orchestral portion of the work was played by 35 members of the Detroit Symphony. This not only solved previous problems of recruiting sufficient capable players to cover all of the parts but more importantly it gave a professional quality to the entire performance which has long been overdue. This became apparent when Mr. McCoy gave the downbeat for the Overture.

The University Choral Union is one of the cultural pillars of the Ann Arbor area and is a tribute to its sponsor, the University Musical Society. Of the 34 voices less than half are University students.

Hamburg School Pays off Debt

PINCKNEY — The public address system in the Hamburg school will be paid off, according to directions from the School Board, in order to save some \$200 in interest charges.

The balance on the sound system is some \$1,000.

The School Board agreed that hereafter all insurance will be put up for bid to bidders within the school district.

Mrs. Christina Thomas has resigned as third grade teacher, according to Hamburg Principal McCloskey, because of her health. Joan Shaunessey will fill out this semester in her place and second semester Miss Carol Miller will take over the class.

Mrs. Lavey, democrat, and Mrs. Vaness Brown, Republican, were appointed to terms on the Board of Caisavers for the Board of Education at their session Thursday.

The School Board agreed to try out a computer in the high school for a year starting Jan. 1. Evaluation will be made then to decide whether to retain its "services."

Added work when the new school is occupied would probably mean putting on extra help. The cost of the computer, hopefully, will pay off by avoiding hiring more help, freeing present help for other office work, and will take care of the continually increasing statistics that are required in payroll operations.

The bus committee, Lyle Kinsey and Tom Line, investigated stops on Portage Lake Blvd. and concluded that the safest solution to the problem of bus stops is for the driver to make one stop between the entrance and exit of Fox Pointe 1. All students will walk from both direction to meet the bus at that stop, the only one with visibility that comes up to standards set by State Police. The Board accepted this recommendation of the committee.

Home Burns

BRIGHTON — The Brighton fire department responded to a call at 2800 Hunter road but too late to save the unoccupied house on the Williams farm. The owner lives in Detroit. Firemen said when they arrived flames had enveloped the entire home.

Try This Holiday Recipe For Perfect Xmas Turkey

Forget all those old fashioned methods of stuffing, trussing, constant basting and watching your Christmas turkey this year. Follow these few easy tips and you'll find turkey so easy to prepare, you'll serve it over and over during the months ahead.

When you buy your turkey allow at least 1 pound per person, more if you expect to serve it for two meals. This will provide for seconds and sandwiches.

First thing, rinse neck and giblets, place in saucepan with seasonings and water. Let simmer 2 hours or longer. You'll use this broth in stuffing and gravy, add the giblets chopped, to the gravy.

Next, rinse turkey quickly in cool water and pat dry. Don't bother to stuff. Instead, rub inside with salt and place several slices of onion, a stalk of celery with leaves and a sprig of parsley in cavity. Fold neck skin under back and fasten with skewers. Tie drumsticks to tail. Twist wing tips onto back, if desired.

Bake stuffing separately in a foil-lined casserole for last hour of roasting. Baste with a few spoonfuls of drippings from turkey. Prepare from herb seasoned stuffing croûtons, and follow package directions. Add extra touches of oysters, chestnuts or browned sausage meat. This ensures a deliciously light, digestible, thoroughly cooked stuffing.

Line a shallow roasting pan with aluminum foil and place turkey on a rack in the pan. Brush all over with soft butter or margarine.

When turkey is lightly brown, cover with a "tent" of foil. To make tent, tear off a sheet of foil 5 to 10 inches longer than bird. Crease through center and place over bird. Hold in place by crimping it lightly at breast and over drumsticks. This keeps turkey moist without basting and prevents overbrowning.

Snip the string holding drumsticks during last hour of roasting so heat penetrates inside of thighs.

TIME TABLE FOR ROASTING TURKEY—OVEN TEMPERATURE 325 F

6 to 8 lbs.	2 to 2½ hrs.
8 to 12 lbs.	2½ to 3 hrs.
12 to 16 lbs.	3 to 3¾ hrs.
16 to 20 lbs.	3¾ to 4½ hrs.
20 to 24 lbs.	4½ to 5½ hrs.

Test for doneness by moving the drumstick and thigh joint. Another test, insert a fork in the meat in back of the wing joint, twisting it a little. If the juice runs clear yellow without any trace of pink, the turkey is done. Toward the end of roasting time, insert a meat thermometer in the thickest part of the thigh. It will read 185°F. when the turkey is done.

Lift turkey onto a warm platter or carving board. Cover tightly with foil and allow to stand for 30 minutes. This will let the juices be absorbed into the meat, making carving easier.

Just before bringing to table, garnish with small cooked white onions, brussel sprouts and parsley. Now sit back and enjoy a Christmas feast.

PLEASANT VALLEY NEWS

Vergilene Hoesser AC 9-7635
 Joe and Irene Ellis left Wednesday, prior to Thanksgiving Day, for Nashville, Tenn., where they spent the remainder of the week with their son-in-law and daughter, David and Joan Bellard and granddaughters, Kelly Jo and Sally. Dave is still with the United States Navy where he is now a recruiter there in Nashville, which allows him civilian working hours enabling him to live at home with his family.

Our son and daughter-in-law, Dick and Diane, returned home last Tuesday afternoon after spending two weeks with her parents, brothers and sisters in Ashdown and Texarkana, Ark. Several family get-togethers were enjoyed by all as this was the first trip home for Diane since their marriage last February. Enroute home they went to Fort Knox, Ky., (where he graduated from basic training) to visit M. P. Donald Ferguson, who was a buddy of Dick's while in the States and Viet Nam. The reunion with Don was wonderful but we were sad to be informed by him that another buddy of theirs, Cpl. Richard Green of Oklahoma, had been killed in Viet Nam. Following their visit with Don, they visited my cousin's son and daughter-in-law, the Glen Gehringers, also of Fort Knox. Much to their surprise, Sheriff and Mrs. Lawrence Gehringer of Howell were there visiting their son and daughter-in-law and children. They had attended retirement ceremonies that day for Glen as he was retiring from the United States Army after twenty some years of service. Diane reports that her sisters are planning on visiting them some time this winter as they would like to experience some of our snowy days. (As of this week Monday, when this was written, perhaps this will be the time to visit Michigan.)

Linda, Chuck Davis, son of Mr. and Mrs. Harold Davis of Chilson, was home from Oakland University at Rochester, over the Thanksgiving holidays. Chuck is also a 1965 graduate of Brighton High and a freshman at Oakland this fall.

Have you ever driven by a large state hospital and seen the sad, bewildered faces of men and women peering out of windows, walking through the yards hand in hand like tiny children, sitting on park benches with hands folded or just lying on the grass resting? This is a mighty sad sight for loved ones of these patients motorists just driving by the hospital. This is a picture of most any of our state hospitals in Michigan. I was told that the personnel at Caro State Hospital and the Caro Parents Association Inc. (an organization of friends and relatives) are taking steps to purchase a large bus to be used to take patients for an afternoon's outing of sightseeing and to see some of the outside world rather than always remaining inside looking out. The State of Michigan can not purchase buses for these hospitals, so if each reader in Brighton would send just one book of any kind of Michigan trading stamps, perhaps by next summer many patients will have their first glimpse of the outside since admittance, through the thoughtfulness of we Brightonites who are so fortunate to have healthy loved ones and are willing to part with some little item that one book is being saved for. Even this would be a wonderful project for some organization here to work on, as thousands of books will be needed and, with the help from many cities in Michigan, can be accomplished. This is the time of year when giving to others is such a wonderful feeling, so let's all send one book of stamps to: Bus Fund, Caro State Hospital for Epileptics, Caro, Mich.

Saturday evening, Dec. 4, approximately 30 members and friends of the Adult Club of the First Presbyterian Church met at the home of Mr. and Mrs. Francis Michaels for a pot-luck dinner. Co-hostesses were Miss Hazel Phillips and Mrs. Carmen Wilson. Surprise guests at the Michaels home for the dinner and weekend were Reverend and Mrs. Robert Phillips of Rochester, Pa. Rev. Phillips was a former minister here about 14 years ago. Mr. and Mrs. Frank Hallett, former Brighton residents and now of Florida, were also guests at the Michaels home that night. Following the bountiful dinner, several of the members attended the "Curious Savage" by the Livingston Players in Howell, returning to the Michaels home for dessert. During the short meeting, prior to attending the show, the nominating slate was presented for new officers for 1966 and was accepted. The Adult Club meets for a pot-luck dinner the first Saturday of each month.

A short report of the activities of the three children of Rev. and Mrs. Robert Phillips of Rochester, Pa., who were former students at the Brighton schools: Robert is working towards his pre-med course and is a second semester junior. Charles (Robbin) is studying to be a minister and is a first semester junior. Mary Phyllis is a junior in high school at Rochester. It is so nice to hear from our friends who have moved from here to other states, and to be informed of their family doings.

Rev. and Mrs. D. Andrew Hovey, minister taking the place of Rev. Phillips, 14 years ago, and from Wooster, Ohio,

were Brighton visitors last Friday, November 26th. Included homes of various friends visited that day, were that of Mr. and Mrs. Fred Pless.

Saturday evening, Mr. and Mrs. Lloyd Sever and son Billy or Standish arrived to spend the weekend with the Russ Housers. Their son-in-law and daughter, Marvin and Sandy Schwab, also of Standish arrived later that evening and were overnight guests of her cousin Roberta and husband Bob. On Sunday, all had dinner at our house at which time our son and daughter-in-law, Dick and Diane were also included.

Mr. and Mrs. Jon Pless and son Eric of Woodland Lake stopped to pay Jons parents a visit the Tuesday prior to Thanksgiving as they were going on to Pattsy parents, Mr. and Mrs. Joe O'Conner and family's home in Huntington Woods to spend Thanksgiving week. On Saturday, Jon and Patty attended a dinner dance of her graduation class of 1962.

Thanksgiving Day dinner guests of Mr. and Mrs. Fred Pless were their son-in-law and daughter Al and Jan Jacobs and son Kurt Douglas. Kurt remained until Saturday with his grandparents at which time his folks came here to pick him up. On Friday, Kurt accompanied grandpa and grandma Pless to Ann Arbor on business. Sunday, Dec. 5 dinner guests at the Pless home included their son and daughter-in-law, Jon and Patty Pless and little son Eric. Yours truly tried to contact the Doug Plesses Monday to get further information on the men folks of that family, who had shot their bucks. Understand that their son Tim shot one last week and that Doug shot a 11 point buck early Saturday morning. I'm not sure how old Tim is now, but he must be in his early teens and regardless, it is always a thrill when our sons get their first buck. Congratulations, Tim.

Phones were pretty busy, especially these party lines, this week. Couldn't reach the Jerry Thomases, former tenants in our apartment, who now live in the Dan Tompkins home at School Lake, which they purchased early this summer. Heard that Carol got her deer and I presume it was some near Mio. Bet that Carol was where near her parents home

some excited gal saying nothing of Jerry. Let me know if you got yours too, aye Jerry?

Would appreciate it if P.V. residents would call me any evening during the week with news as I am getting behind in calling and seems our lines are always busy out here day times when I'm available. Thanks loads.

Attends Tax Talk

EAST LANSING—Madlyn Q. Cole of Brighton, attended the second annual Farm Income Tax and Social Security Short Course Dec. 1-2 at Michigan State University.

The course stressed the latest information on the preparation of farm income tax returns and the new amendments to the Social Security law. It was offered by MSU's Department of Agricultural Economics, in cooperation with the Internal Revenue Service and the Social Security Administration.

Representatives of the Internal Revenue Service and the Social Security Administration served as course instructors.

COBB HOMES

It's Not a Vacation Home If You Can't Relax There

When you buy a second home, you want a vacation, not a vacation. Unfortunately, many people who want the former wind up with the latter. The time they hoped to spend relaxing from chores at home is used for burdensome maintenance jobs around the "vacation" house. Vacation homes, more than any other kind of building, should be short on work and long on fun. That's why they should rate as "low-maintenance" buildings, both inside and outside. Low-maintenance design begins with the selection of

suitable exterior materials. Pre-finished mineral fiber siding, for example, can be cleaned simply by an occasional washing. The material comes with a long-lasting acrylic coating in a wide range of colors and textures. Inside, vinyl asbestos floors, plastic laminate countertops and tables, furniture coverings of washable synthetics, and fiberglass curtains can make housekeeping easier. The time these materials save you from working around the house is time that can be spent relaxing. And that's what vacation homes are for.

WE BUY LAND CONTRACTS

Hot and Hearty Sandwich
 Men like hearty sandwiches, and none better than steak. Little cube steaks are delicious when marinated in a nippy sauce and then broiled for serving sandwich-style.
 BARBECUED STEAK SANDWICH
 1/4 cup oil
 1/4 cup catsup
 1/4 tsp. prepared mustard
 1/4 tsp. Lea & Perrins
 1/4 tsp. Worcestershire sauce
 1 clove garlic
 1 cup lemon juice
 1/4 tsp. salt
 1/4 tsp. pepper
 8 cube steaks
 8 hamburger buns, toasted
 Combine oil, catsup, mustard, Worcestershire sauce, garlic, lemon juice, salt and pepper. Pour mixture over steaks and marinate about 1 1/2 hours. Remove steaks from marinade and place on broiler rack 3 inches from source of heat. Broil 3 to 5 minutes on each side. Place each steak on toasted bun half, and top with remaining bun halves. Makes 8 sandwiches.

DESIGNER
 We have a good job for you—
 Do you want to mix interesting layout design and product development with the usual routine that always has to be done, too? If so, try us for challenge. You can work on both new product development and old product improvement.
 You need to be a high school graduate with a good deal of experience on the drawing board. The more you know about small mechanical and electrical-mechanical devices the better. High mechanical aptitude is a requirement.

A Wild Ride
 The custom upholstery job. It gives a car a completely one-of-a-kind look that sets it apart from all the others.
 On the wilder side are some of the new deep pile fabrics with rakish animal looks made with Dynel modacrylic.
 Pictured here is a white Plymouth Fury convertible completely upholstered in a tiger-like soft, deep pile. The car is an exact duplicate of the pace car (except for the Dynel upholstery) at the Indianapolis 500 race held May 31, and was given as first prize in an Enco "Tiger-at-Indy" service station contest preceding the race. The lucky winners were Mr. and Mrs. Welden L. Wuensch of Indianapolis.
 Trying out the driver's seat is a lucky member of the Indianapolis Festival Queen's court. She loves tigers.

New Realism In Toy Trucks
 transportation enthusiasts is Pow-R-R-R that exactly reproduces the sound of a giant motor without the use of batteries for the first time, developed by Structo Division of King-Seeley Thermos Company, for heavy gauge steel toy trucks.
 This is an important breakthrough in toy truck realism, said W. A. Wenner, Structo vice president.
 The Wenner is another exciting new toy truck design of

heavy gauge steel by Structo, that reproduces in miniature a combination station wagon-tent. The station wagon has convertible bed-sofas.

SIGHT-SEEING QUIZ
 Can You Name This Spot?
 The Subject Is Skill
 Too many parents still think of toys as a way of keeping children occupied. This outlook ignores a valuable educational lesson that toys are an important means of developing physical and mental skills in the young, stimulating imaginations and bolstering self confidence.
 Ideal Toy Corporation, in discussions with numerous psychologists, has learned that toys are a serious business with youngsters. They work hard at play and use toys as a tool to learn about themselves and test their progress.
 Pre-school children, from two onwards, get a feeling for future reading exercises through educator puzzle plaques, which assist them in recognizing differences in size, position and color of three-dimensional objects they fit together.
 Tests of eye and hand coordination begin to intrigue young-

sters soon after they have left the play pen. Three year olds exhibit a tinkering sense and love to dabble with hammer and peg sets. With a toy such as Baby Bolts, they can manipulate hammers, wrenches and bolts in putting together and taking apart movable parts, while enjoying the loud noises that result from their efforts.
 The competitive element in toys more prominently in play as youngsters approach school age. It becomes not only important for a youngster to test himself, but to see how he fares in relation to others. Good for coordination competitions at this stage are darts and ring tossing sets, which introduce athletic prowess. Activities involving balance become more popular from simple straight line walking tests to operating games such as Top H, which requires a steady hand in transferring plastic disks from one pole to another.
 Board games offer a particular challenge to a youngster's mind. Psychologists point out that this type of activity helps children to understand the use of rules, to think in numbers and generally to become more socially adept.

What's New For Christmas?

What's new for Christmas? If you don't mind doing your shopping in a service station, it's an 18-inch battery-powered toy yacht that runs equally well on land or on water.
 What, you might ask, is the connection between service stations and toy yachts? It's simply that Phillips Petroleum Company executives were so impressed with the number of pleasure craft which Americans owned last year--nearly 8 million--they decided a lot of people would come in to their 23,000 retail outlets to get a real bargain in a toy boat, a \$10-\$12 value for \$4.98.
 The Phillips 66 Power Yacht is an authentically designed cruiser made from rugged plastic. An ingenious development permits it to be operated amphibiously, using only a single power plant.
 The toy is packaged in a box that converts to a dry land marina and contains useful information on International Code flags, water safety rules and

nautical rules of the road. Parents who have been bitten by the boating bug will want their youngsters to learn marine safety early. And this latest toy is engineered to help.

TODAY'S INVESTOR

By Thomas E. O'Hara
Chairman, Board of Trustees
National Association
of Investment Clubs

Q. Our investment club bought General Motors a couple of years ago and the price has gone up about 25 percent since then. I've been trying to get the other members to vote to sell it. Isn't there some sort of rule of thumb that says "sell" when a stock has advanced a certain percentage?

A. I know of no valid reason why one should sell just because a stock has gone up. The percentage of rise in the price of a stock is in itself no basis for selling.

General Motors stock has gone up in price primarily, I believe, because sales and earnings are up. This has increased its value. There is reason to think the sales and earnings will go up even more in the foreseeable future.

Whether you sell or hold a stock that has gone up in price depends on the reason why the stock has gone up in price.

Some stocks have gone up in price on a basis of "expected" rather than "actual" sales and earnings gains. Such stocks are usually selling at price/earnings ratios that are way out of line and their prices stand to drop quickly in a general market leveling off.

Rather than selling a stock simply because it has risen in price, I would suggest you sell:

1. After careful study convinces you that its sales and earnings show no sign of increasing.

2. When your observations indicate that it is selling at a price far out of line with its earnings. This is usually a stock whose price is artificially inflated by a public temporarily "taken" with it. It is likely to fall at any time when it is replaced by a new glamour stock in the public eye.

Q. I think a stock custodian account for my children would be a good way to build a college fund for them. However, I want to set it up so that I maintain control of the buying and selling of stocks. How can this be done?

A. Yours is a very good idea. Not only will your children have a college fund, but they will just naturally be drawn into an interest in the stock market since they will be personally involved with money that will become their own.

Here is how a custodian's account works: you buy stocks in the name of the custodian for the minor. The custodian is in sole charge of the stocks and dividends from that point on until the minor becomes of legal age, but he is limited as to what he can spend the money on. Dividends must be spent in behalf of the children. They cannot be spent on food or clothing, or on other things that parents might reasonably be expected to supply. They can be spent on special purchases that are going to benefit the child chiefly — and they, of course, can be spent on higher education.

One of the reasons for giving stock to children is to give assets periodically within the tax free gift limits and get the funds out of your estate so that estate taxes will not have to be paid on them at the time of your demise. What you want can be done, BUT you lose one big advantage in doing it. If you list yourself as custodian, you will certainly keep control of the stocks. But at the same time if you die, the custodial account reverts back to your estate — and you will have defeated your own purpose.

If, however, you have named, say, your wife as custodian (or anyone other than yourself), the stocks will be out of your estate and wind up in the minor's estate without tax.

A custodian account has some of the benefits of a trust fund, though it is not as formal.

You should never put money into a custodian account with the idea of getting it back if you need it. For all intents and purposes that money is given away, although the recipient has not yet received full control of it.

One further advantage to custodian accounts: you can put up to \$3,000 a year into them for each child and escape paying a gift tax on the money. For a full understanding of how the custodian account may be used in your estate and tax planning, discuss it with your attorney and accountant.

Have you a question about your own or your club's investment program? Mr. O'Hara will be glad to answer it. Write to T. E. O'Hara, National Association of Investment Clubs, Department S, Box 1056, Detroit, Michigan 48231, enclosing a stamped, self-addressed envelope.

Members in the Intelligence field are trained in such skills as map reading, aerial photography reading, interrogation and foreign language.

HI-POINT TO EXHIBIT AT DENVER

Fails to Attend Show in Chicago

CHICAGO — Although two national events in the agricultural world, here, drew both exhibitors and youths from Livingston county, E. F. Fisher's Hi-Point farms of Brighton, Mich., failed to take part this year in the International Livestock Exposition, last week. It was explained that Mr. Fisher's health prevented him from attending the livestock exposition but that his famous Herefords will be at the Western Livestock Show in Denver Jan. 14 to 22.

The other big agricultural event here that drew many Livingston county youngsters was the forty-fourth National 4-H club congress.

FISHER'S Hi-Point Farms, was one of the hosts at the recent organizational meeting of the American Junior Hereford Association held at the American Hereford Association headquarters in Kansas City. Hi-Point Farms treated the group to an evening performance of the American Royal Horse Show.

Some 60 juniors representing 31 states, and their advisors, attended the organizational meet-

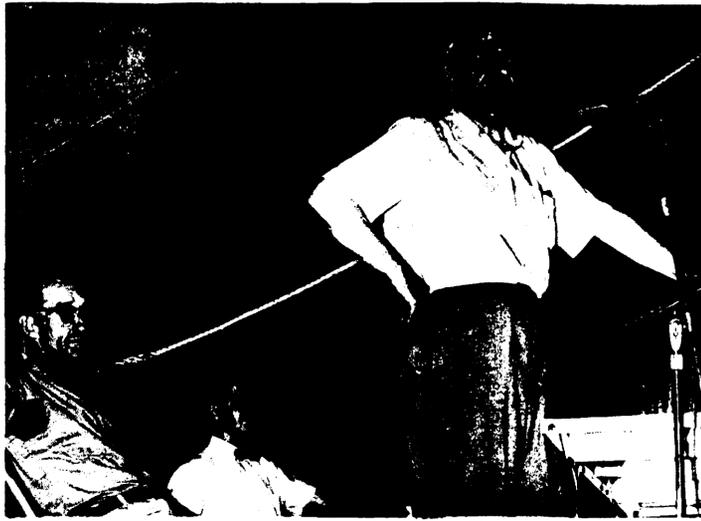

ing of the Junior Association which represents some 6,000 young Hereford breeders. Purpose of the newly formed group is to assist in the promotion and improvement of the Hereford breed.

The 4H Congress theme was "Young America and World Affairs," announced Norman C. Mindrum, director of the National 4H Service Committee which arranged the annual event in cooperation with the Extension Service of the land-grant universities, and more than 55 business firms which support the 4-H program.

The 1,500 delegates—all winners—represented 50 states, Puerto Rico, and for the first time an "official" delegation of 10 Canadian 4H members, one from each province. The 4-H'ers devoted the better part of two days to forums on world problems.

Stockmen, dairymen, and farm boys and girls from 40 states and two provinces of Canada exhibited this year at the International Live Stock Exposition.

It marks the 66th anniversary of the exposition as the country's largest annual livestock show, which featured the exhibition of 37 breeds of horses, cattle, sheep, and hogs.

E. F. FISHER, owner of Hi-Point Farms, at the microphone, made the announcement of his plans to be a sponsor at the national organizational meeting during the Michigan Junior Hereford Association Field Day.

hosted by Hi-Point. On the left is Pete Dean, Hi-Point Farms manager, and in the center is Rich Byrum of Onondaga, president of the Michigan Junior Hereford Association, and a delegate to the national meeting.

St. Patricks Church News

Remember Dr. Tom Dooley, the young doctor who gave up a very promising medical career in the United States to treat the populace in the small country of Laos, where there was only one doctor in the land? You probably recall the books he wrote, "Deliver Us From Evil," "The Night They Burned the Mountain," etc., in which he told of his experiences in that far-off poverty-stricken, disease-ridden country. The profit he received from these books and from his lectures financed the medical clinics he maintained in this far-off land.

After his tragic early death two years ago his work came to a halt. Medical dispensaries closed, etc. Then his brother Malcolm Dooley established the Dr. Thomas A. Dooley Foundation to perpetuate the idea of Americans helping Asians to help themselves. It should be noted that he started the medical clinics and trained the people of that particular country in sanitary and medical procedures so that when he left they might care for their own people; Americans, he felt, could best help others by showing them how to help themselves.

Their November meeting to help the Dr. Dooley Foundation reach a most sought-after goal, that of purchasing a plane to be used as a flying dispensary. Only 21,000,000 stamp books are necessary to have this dream realized. To provide a little incentive the 42 members split into two teams captained by John Kiser and Karen Wilhelm. The losing team will do the serving of refreshments and clean-up after the ingathering and Christmas party Dec. 20. Also, the Spartan turning in the most stamps or, we hope, stamp books, will be awarded a \$3.00 prize. Good luck and may the hardest working team win!

One might question, why do something for someone so far away when there are so many worthy projects closer to home? The answer is to be found in a letter Dr. Dooley wrote to his mother from Laos: "The American child and the Laotian child are the same—same body and same soul, but the American child has many advantages and a feeling of security, while the Laotian child has no advantages and absolutely no security."

Anyone wishing to contribute any kind of trading stamps or stamp books will find baskets at both entrances of the church. Perhaps you would like to help keep Dr. Dooley's candle lighted in the darkness.

Today (Wed., Dec. 8) is a holy day of Obligation, the Feast of the Immaculate Conception. If you missed the first three Masses today, there may be still time for you to make the last one at 7:30 p.m.

Christmas Parties: The St. John Rosary Altar Society will hold its Christmas meeting at the home of Mrs. Francis Pietrzak, 1051 S. Hartland rd., at 8 p.m. on Dec. 9. Films on Ireland and other important countries will be shown. St. Patrick's R.A.S. will have its party this evening, Dec. 8, in the Shamrock Room after the 7:30 Mass. Those attending are asked not to forget a dollar for the "Green Tree" to be used for toys for the needy children. Also, don't forget your 50c exchange gift. Entertainment will also be featured. All the ladies in the parish are invited to attend.

Tuesday, Dec. 14, is the date for the St. Theresa Guild's Christmas party. This will be in the form of a pot luck dinner to be held at the home of Mrs. Thomas Kovach, 8070 Pine Ranch Dr., at 6:30 p.m. Since the party is also part of the Guild's money raising project, a \$1.50 donation is asked of each member who will attend. If you are sure of coming, make reservations with either Mrs. Jack Lucas, 228-7985, or Mrs. William Allen, 228-6947, before Dec. 14. This is an excellent opportunity for the inactive members to come and have some fun with their neighbors.

Mary, Queen of Peace Guild, will hold its party at the home of Mrs. Richard Arnett, 716 North Second St. All members who attend are asked only to bring a 50c exchange gift. Also, since there will be no co-hostess for this event, the members decided they would each bring a few cookies from their favorite holiday recipes. We wish to extend an invitation to all our inactive members, who for many reasons are unable to attend regular meetings, to please make an effort to come, since this will be just a fun and social evening.

Suggestion: If you are planning to attend one or more of the above parties, may we please ask you to leave your calorie-counters at home. And have a good time!

On Dec. 12 (Sunday) cards will be given to all the men of the parish at the Masses. These will be to indicate their desire to attend a breakfast on the following Sunday, Dec. 19, after the 10:00 Mass. The breakfast is to give the men an opportunity of hearing the breakdown of the questionnaires they filled out a few weeks ago. The appointed chairman for this event is Mr. Don Wardynski. The coaches of St. Pat's football team and the team will also be honored at the breakfast.

To contribute news for this column call Mrs. Robert Sinke at 228-8729 or Mrs. Philip Nimmo, 228-9805.

Green Oak Twp. Tentative Agenda

- Tentative Agenda for Dec. 14,
- Green Oak Township Board**

Presbyterian Women Meet

BRIGHTON — The Womens Association of the 1st United Presbyterian Church met on Monday, November 29, for their December luncheon.

The program consisted of the dedication of their thank offering for Free Missions by the World Service Department with Mrs. Peter Marshall acting as Chairman.

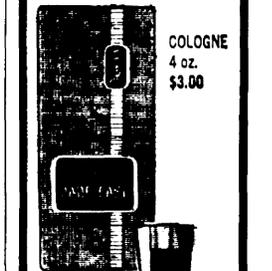

Thirty members were present to enjoy the event under the supervision of the Mary Circle.

The Christmas party will be held at the church on Monday, December 13, at which time the new officers for 1966 will be installed.

CORONATION BALL
BRIGHTON — The MWRC Livingston county coronation ball will be held Dec. 11 in the American Legion hall on old US-23. There will be a band, door prizes and refreshments.

It snowed yesterday and when it stopped, I walked along the creek in a world of frosty splendor. The woods were hushed in majestic stillness, and I tread softly. A jay screeched overhead, and bending trees shivered stealthily, with squeaking, ice-coated branches. The falls at the curve of the creek stood immobilized with hoarfrost and icicles, but bending near I heard soft and surely the murmur of the moving creek beneath the icebound surface.

It came to me, how like that creek, my faith has been. At times this faith has been covered by rimes of doubt and selfishness. Often it has been embittered by anguish and despair. But always under that glacial exterior there coursed a stream of consciousness that knew no turning from God—and the things I had been taught from childhood.

How glad I am my parents took me to church and brought me up with such a sure knowledge of God's love that it sustained me even when I tried to turn from His ways.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Genesis 31:35-42	Monday 1 Kings 19:1-8	Tuesday 1 Kings 19:9-18	Wednesday Job 37:1-13	Thursday Psalms 147:12-20	Friday Jonah 4:1-5	Saturday Matthew 14:22-33

County Board of Education MINUTES

Regular Meeting - Nov. 4, 1965

A regular meeting of the Livingston Intermediate Board of Education was held Thursday, November 4, 1965, at the Intermediate Office. The meeting was called to order at 8:15 p.m. by Vice-President Baughn.

Members present: Mr. Allmand, Mr. Baughn, and Mr. Wilkinson.

Members absent: Mrs. Hyne and Mr. Smith.

Others present: Mrs. Carlson, Mrs. Porter, and Mr. Hampton. Minutes of the October 21st meeting were read and approved.

Bills in the amount of \$207.83 from the General Fund and \$2,435.53 from the Special Education Fund were presented. Motion by Mr. Allmand, seconded by Mr. Baughn, that the bills with the exception of check No. 571 from the Special Education Fund, be paid. Motion carried.

A need for custodial equipment was discussed. Bids were requested on vacuum cleaners to be reviewed at a future meeting.

Notice of a joint meeting of the Livingston and Washtenaw Intermediate Boards was announced for Tuesday, November 16th.

A contract was signed for Evelyn DeRusha as a Speech Therapist to begin her duties on December 13th.

Preliminary plans to prepare the second floor for occupancy of additional office space was discussed with authorization granted to proceed with these plans.

Discussion of the Elementary Secondary Education Act was centered around our interest in becoming a part of the Capitol Area Economic Opportunity Group as it might pertain to Federal Aid to school districts in Livingston County. A meeting was scheduled for November 5th with the Director of the Capitol Area Group for the Superintendent of the Intermediate District to discuss the possible benefits to the area schools if we were to join this organization.

Motion by Mr. Wilkinson, supported by Mr. Allmand, that the following resolution be adopted:

Whereas: We the members of the Livingston Intermediate School District have received resolutions from Constituent Boards of Education indicating the need and endorsing a Community College Study in the area and;

Whereas: A Citizens Study Committee had been organized and

Whereas: The final report of the Citizens Study Council has been completed and delivered to the Livingston Intermediate

Board of Education and;

Whereas: It is recommended that a Community College be established under the provisions of Act 188 of the Public Acts of 1955, as amended, to serve the Livingston Intermediate School District . . . therefore

Be It Resolved: That the Livingston Intermediate Board of Education make application to the State Board of Education for approval to vote to establish a Community College District of the Livingston Intermediate School District and to submit to the electors of this territory at a special election to be held in the local school district of each territory, a property tax question for the support of the proposed district calling for an approval of a tax levy of one and one half mills in the territory of the proposed Community College District as provided by Section 8 of Act 188 of the Public Acts of 1955 as amended, in accordance with law, in the amount of 1/2 of one percent, \$1.50 per \$1,000 of assessed valuation as equalized. Motion carried.

Motion to adjourn at 9:45 p.m.

Respectfully submitted, Walter G. Hampton, Secretary

Smith Re-elected Farm Bureau Head

LANSING — Meeting in annual "re-organization" session, the board of directors of the Michigan Farm Bureau re-elected Kent county dairyman Elton R. Smith, to head the 65,000 farm family member organization for a second one-year term.

Earlier in the 46th annual meeting of the big farm group, a slate of directors representing districts of the state along with a number of "at-large" designations were elected. From this group were chosen the president, vice-president, and "third member" of the executive committee along with a slate of delegates to represent farmers at the mid-December (13-16) annual meeting of the American Farm Bureau Federation.

The 18-member board re-elected Dean Pridgeon of Branch county vice-president, and David Morris of Grand Ledge third member of the Executive Committee.

Also re-named were Clarence E. Prentice of Okemos, secretary-manager, and Lee Monroe of Lansing, treasurer.

Election Jan. 20 By GOP Women

HOWELL — The Livingston County Republican Women's Club will hold its first meeting of the new year, Jan. 20 at the home of Mrs. Jess Allen, 346 Inverness Dr., Howell.

Following a report by Mrs. August Schmidt on Agnes Turnbull's new book, "King's Orchard," officers for 1966 will be elected. A large turnout is expected because of the interest in the upcoming election.

Our Fighting Man In Viet Nam

By James G. Stuhrberg
CAMP RANGER, BEIN HOI, VIET NAM — Today is Thanksgiving here in Viet Nam. The weather is as hot as ever and we could use some time off. The latter is sure not to come, of course.

Men are tired of fighting and wishing mostly that they could be home. Home that we wish we could see again. But most of us will never see again.

Like the one guy from our unit that was seriously wounded, because of a man who got scared. I saw him before he passed away. All that he said was, "Why me, I had only 34 more days to go?" Why? That's a good question. They should not take the guys out that are short timers — like me.

Today I have 69 days to go. I want to get home so bad that I could taste the good food and the rest we all need. For guys like me as short as we are, we don't get any R & R or passes for 3 days. So we could rest. The biggest share of the guys that are falling are drafted men. The short timer.

I would like a rest, but here you cannot rest. Because you never know when they will hit, or where.

Most of my time over here I have seen things that would turn a man's head the other way.

Then there are times when you get a good feeling, for the things and the way we are helping the South Viet Namese. I can remember some words I used to say in Fort Riley, "That someday the people of our country will look up at the man in uniform." Because at the time where you went in a uniform I always got the feeling of people looking down their noses at me.

This time if I do make it home I will wear my uniform and if someone or anyone looks at me that way, as if he has a bad taste in his mouth, I will be glad to make it a bad taste. I put my blood on this land and I haven't asked anything more than anyone else.

I will, if I get out, hold the highest respect for the man and woman in uniform.

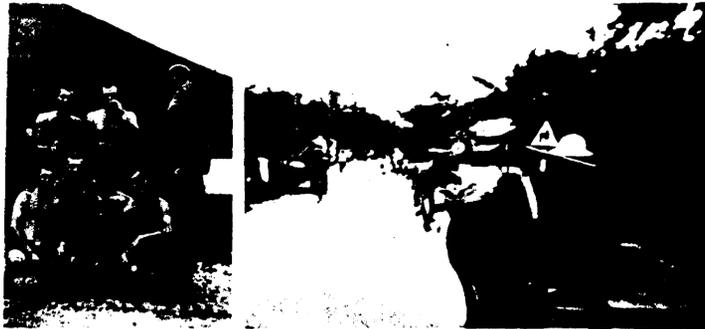

If you don't write my letter in the paper it doesn't matter. But I have written what I think and believe in.

So if you see a man in uniform in February or any time, walk up to him and shake his hand. Make him feel good.

America we stand up for you, for our lovely states, our families, our loved ones.

What we need is your personal help.

Your Ranger Writer,
James G. Stuhrberg

In Caribbean

USS POCOCONO (AGC-16) (FHTNC) — Radarman Joseph W. Ellis, USN, son of Mr. and Mrs. Joseph H. Ellis of 4344 Van Amburg Road, Brighton, Mich., has deployed to the Caribbean aboard the amphibious force flagship USS Poccono.

While deployed, the Poccono is scheduled for port visits to Guantanamo Bay, Cuba; St. Thomas, Virgin Islands; and San Juan, Puerto Rico. Poccono spent the Thanksgiving holidays in San Juan.

The Poccono normally operates out of Norfolk, Va., with the U. S. Atlantic Fleet.

His father, Livingston County Clerk Joe Ellis, also served in the Navy, spending four years in the Pacific.

JOSEPH W. ELLIS

On Carrier

USS TICONDEROGA (CV-14) (FHTNC) — Aviation Boatswain's Mate Third Class William H. Klender, Jr., USN, son of Mrs. William H. Klender, Sr., of 5010 W. Allen Rd., Fowlerville, Mich., is serving aboard the attack aircraft carrier USS Ticonderoga, operating with the Seventh Fleet in the South China Sea.

Operating in the South China Sea, Ticonderoga is conducting air strikes against military installations in North Viet Nam and Viet Cong concentrations in the South in support of Marine infantrymen.

CARL W. SOWERS

A Cannoneer

FORT SILL, OKLA. (AHTNC) Pvt. Ronald K. Kingsley, 19, son of Mr. and Mrs. Glenn C. Kingsley of 6320 Pinckney rd., Pinckney, Mich., has completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla.

Kingsley was trained in the preparation loading and firing of field artillery guns and howitzers.

Kingsley was graduated from Howell High School in 1965.

FORT DEVENS, MASS. — Carl W. Sowers, son of Mr. and Mrs. Carl Sowers of Lakeland, Mich., has been promoted from private to private first class and assigned to the army security agency at Ft. Devens. He enlisted in March, 1965.

More people buy Chevrolets? **Yes!**

Than any other make car? **Yes!**

Any other? **Yes!**

There must be reasons. **Sure!**

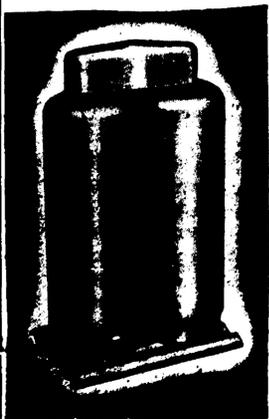

Name ten. **OK:**

1. All these comforts are available: steering wheels that tilt or tilt and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).
2. Comfortron automatic heating and cooling you can order—Just dial the temperature and turn it on; Comfortron automatically keeps you comfortable no matter what the weather outside.
3. More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.
4. Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.
5. Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.
6. A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.
7. America's only rear-engined car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.
8. America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.
9. Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets . . . new or used.
10. All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.

CHEVROLET Leadership . . . the Chevrolet Way.

Tickets may be purchased from Junior Fireman — Steve Flowers, Dan Wasey, Jim Muller, Paul Sawallich and Jose Soler. or you may pay at the door.

Tri-Lake News

PHYLLIS SHELTERS

Hi! This week I will open with a pleasing thought, got your Xmas shopping done? There are only 16 days left until Christmas!

Master Kurt Potysch spent a couple of days in the McPherson Hospital after falling down and hitting his head, and ending up with a slight concussion. Kurt had to spend the week home from school which was hard to take. Hope your feeling up to par now Kurt.

Poor Uncle Mark Decker had to spend last week home entertaining the 3-day measles. Happy Birthday to Randy and Ruth Bender. Randy was 11 years old on Nov. 23rd. and Ruth 10 on Dec. 1st.

Congratulations to Capt. William F. Sietman, Jr. on his promotion to Major in the U.S. Army. Major Sietman is the son of Mr. and Mrs. Wm. Sietman, Sr. of Island Lake.

We are glad to see James Townsend up and out once again. Mr. Townsend had been feeling under the weather lately.

Mr. and Mrs. George Palmer spent Thanksgiving with Mr. and Mrs. John Danich of Island Lake.

Linda Foote, a student of Mich. State, spent Thanksgiving week-end with her grandparents, Mr. and Mrs. George Palmer.

There was a little cub scout in my son's den who wasn't able to attend the den meeting last week because he got fire to his mother's rug. GEE WHIZ, mom! You shouldn't punish him; after all, he was only trying to earn his badge in fire-making.

Mrs. Leonard Farmer was telling me that they are now in rehearsal for their Xmas show which will be December 19th. The kids range in age from 7 to 19 years old. Mr. and Mrs. Farmer are doing a wonderful job with these kids.

Mrs. Gertrude Peterson had her children home for Thanksgiving attending were: Mr. and Mrs. Dennis Peterson and their daughter Peggy, Mrs. Peterson's son, Kenneth, Mr. and Mrs. Leroy Atwell and 3 children, and Mr. and Mrs. Ronald Peterson.

Mrs. Peterson said she and her daughter-in-law finished up their Xmas shopping the day after Thanksgiving. She said it really didn't take her long to spend all her money.

Well! Kinyon Drive did it again or rather the Jack LaBells DID IT AGAIN! On Nov. 26th, early in the morning their home caught on fire from defective wiring. Dick LaBell heard the fire crackling in his bedroom closet and got everyone up and out okay. The upstairs in the house was completely burned out. They lost everything, including all their clothing. The only thing they will be able to salvage is the kitchen furniture. The LaBells said if it weren't for the Brighton Fire Dept. being so quick in getting there they would have lost the whole house. I've always said you couldn't ask for a better fire dept than Brighton's. The LaBells are now living in the VanNess home on Kinyon while their home is being repaired.

Mrs. David Smith is still waiting patiently for the stork to arrive. They are beginning to think he lost his way.

Mr. and Mrs. David Smith and family spent Thanksgiving with Mr. and Mrs. Frank Morton of Island Lake.

Mr. and Mrs. Jos. Galea spent Thanksgiving with their daughter and son-in-law, Mr. and Mrs. Yayas and seven grandchildren.

Sunday, Nov. 29th was the birthday of Mr. Galea. To help him celebrate his big day were

his two daughters, Mr. and Mrs. Anthony Calleja and five children and Mr. and Mrs. Ostoski and their little boy. Later on in the day they received a telephone call from their son, Father John Gals, who sang Happy Birthday to his father over the phone. He also received a tape from their other son and daughter who live in Ohio wishing their dad a happy birthday. All in all I think Mr. Galea had a pretty nice birthday.

The city collision service sure is getting a lot of business from the Chas. Benders lately. WAS CHUCK VERY MAD, JO?? You'd better watch out Jo, Chuck will take your buick keys away from you.

Congratulations to Mr. and Mrs. Donald Leith, Jr. on the arrival of their new little girl, Carol Jean. The new little Miss was born on her brother Don's 11th birthday, Nov. 27th.

Happy Birthday to Debbie Felter who was 11 years old on Dec. 2nd.

Mr. and Mrs. Charles Leverett and Grandpa Sherwood returned up to Roscommon after Thanksgiving for the week-end deer hunting, but without any luck.

We now have two new members of the "Bunny" club in the neighborhood. Sharon and Wolf Potysch have been wearing "Bunny" sweatshirts around outside. Sharon, I really think Wolf is dreaming again!!!

Drew Gyr was home from school a few days last week with an earache and the flu.

The flu bug is going around again. It seems as though everyone in the neighborhood has had a touch of it lately.

The Eugene McCanns had their daughter and son-in-law, Mary Jane, Vern and children as guests for Thanksgiving dinner.

I really had a scare last week. Our little 6 year old daughter, Judy who goes to Hawkins school, missed the school bus and got lost in Saxony sub. She was looking for my brother and sister-in-law's home, but couldn't find the right street. Don't think I wasn't scared. By 4:45 I was really worried. All kinds of thoughts run through your mind when you can't find them.

Finally, a woman called the State Police and said they had Judy at their home. I should really apologize to the women who had Judy, I was so upset at the time I don't even remember who she was. Anyway, I want to thank her. I think it would be a very good idea for every parent to tell their children to wait at the school or go into the office and call home if they ever miss their ride. It would sure save a lot of worry.

Well, I guess that is it for this week. Be sure to call me if you have any news.

MSU Graduates 12 from County

EAST LANSING — Michigan State University awarded degrees to 1,693 students including 12 from Livingston county at the completion of the summer quarter.

Doctoral degrees were awarded to 94 students, master's degrees to 715 and bachelor's degrees to 865. Another 19 students received Diplomas for Advanced Graduate Studies.

The Livingston county graduates follow:

Six from Howell — Bonnie J. Almen, R. B. BA degree in accounting; Bonnie J. Anderson, 416 S. Tompkins, MA degree in home economics; Joanna C. Clark, 309 W. Washington, BA degree in elementary education; Rachel A. Nash, 7510 Pettysville Rd., BA degree in English (high honors); Robert C. Schauer, 1530 First, MA degree in biological science; Eloise W. White, 530 Roselane Ct., BA degree in elementary education.

Two from Brighton — Michael J. Jerezek, 614 Flint Rd., MA degree in education; Paul P. Shultz, 5919 Brighton Rd., BA degree in elementary education.

One from Pinckney — Walter A. Busby, Busby's Market, EDI degree in education.

Three from Fowlerville — Harold R. Becker, 224 Church St., BS degree in Agr. education; Richard E. Miller, Box E, MPA degree in public administration; Penna A. Rose, 4545 N. Gregory, BM degree in choral music (honors).

Hamburg Happenings

ELIZABETH HATALA
229-0450

The Honorable Gladys Gross, Postmaster of Lakeland, and her husband Marti went to Cobo Hall in Detroit Tuesday, Nov. 30 for a luncheon given in honor of Postmaster General Gerald O'Brian and to witness the unveiling of the Departments new automatic address-reader-first in the nation, which is being installed at the Detroit General Post Office.

About one thousand guests were there including the presidents of the Edison Company, General Motors and heads of many other large concerns.

It is quite an amazing machine that sorts out mail by zip code numbers and a finger tosses out the letters with no numbers to be sorted out later.

Mr. and Mrs. Gross spent Thanksgiving with Marti's daughter and son-in-law, Mr. and Mrs. Fred Noblett in Roseville, Mich. Also present were Mr. and Mrs. Perry Emerson and family of St. Clair Shores.

Mr. Rudolph Koepen spent the week-end at their cottage in Graying.

Last Sunday Nancy DeWolf celebrated her 17th birthday by being guest of honor at a dinner at the home of her grandmother, Mrs. Berry of Hamburg Rd.

Present were her parents and her grandmother and aunt and uncle from Detroit.

Others who had birthdays in November were, Jackie Backlund Nov. 19, Edmund Gondek Nov. 16 and Mr. Willard Abend.

The Ladies Group from the Lutheran Church of the Risen Christ in Plymouth will have a Xmas party with their husbands at the home of Mr. and Mrs. Eugene and Pat Nissen Wednesday Dec. 8th.

First they will attend the Advent worship service at St. Paul Lutheran Church at 7:30 that evening where they will later see "The Parable."

This film was produced for the Protestant Pavilion at the World's Fair. Anyone is welcome to attend.

Boy Scout Troup No. 58 is having a paper collection.

The Hamburg Co-operative Nursery needs the help of volunteers such as Mrs. Christopher Gow and Mrs. John Jenette of Hamburg, who donate their time several mornings a month to assist in supervising the children.

We would also appreciate donations of anything usable in a nursery, such as toys, baby beds for dolls and so forth.

For information call Mrs. Morgan at AC 7-2631.

Boy Scouts Help Fill Yule Baskets

BRIGHTON — Boy Scouts throughout Livingston county will pick up bags Saturday containing food and other supplies for the needy that will be distributed by the Salvation Army. Scout Troop 150 of Brighton and Troop 62 of Howell left the empty bags at all homes in the county last Saturday, for donors to fill for the poor.

When the food bags were distributed in Brighton, Howell, Hamburg, Hartland, Pinckney, Fowlerville and Gregory, the residents were asked to donate non-perishable foods and warm clothing.

The program of Christmas baskets has long been a tradition of the Salvation Army, but has for the last year been done in Livingston county with the Boy Scouts' assistance in collecting the foods. This has been a great help, according to Robert Watson, chairman of the Salvation Army Advisory Board Committee.

Last year, when the Boy Scouts handed out the food bags, everyone was most anxious to help. This year all are asked to try a little harder so that even more needy families will not go hungry this Christmas Day.

The food bags need not be full. Anything you can give will help.

Kalamazoo College's new \$1.8 million Upjohn Library will be open in 1967.

Firemen Tackle Yule Trees, Ducks

BRIGHTON — Once again the Brighton firemen are donning their long Santa Claus whiskers and red suits to help those whose stockings might be empty Christmas morning. Saturday they started selling Christmas trees — trees especially selected and at prices that are lower than competing vendors. They appeal to all persons who want to help the firemen's fund to buy their trees at the fire hall.

The firemen also have their hands full to keep another group from going hungry — the ducks on the Mill Pond that have made Brighton famous from coast to coast.

The ducks stay here all winter because they are fed and most of them have lost their instinct to go south in winter. But to keep them fed is a financial problem. The few nickels that are fed into the corn boxes in winter are far inadequate to make up enough to sustain them. In fact last winter two ducks found dead were revealed to have died of malnutrition.

So the firemen are asking for help from farmers and grain elevators to donate grain that otherwise might be unsalable nubbins of corn but would supply food for the ducks.

Christmas comes on Saturday this year.

Kent Lure For Ice Sports

BRIGHTON — Kensington Park, southeast of Brighton on Grand River and also the expressway to Detroit is making a bid for those who enjoy winter sports.

Already famous as a fishing spot, Kent Lake lures many an ice fisherman, few of whom leave without their legal limit of bluegills, crappies or pike. Kensington Park's 4,300-acre recreational site is a natural winter sports area designed for tobogganing, skating, sledding, ice fishing, hiking and picture taking.

Skating is provided on the ice rink on Kent Lake in front of the Boat Rental Building from 10 a.m. to 10 p.m. daily. This building has a heated lounge with fireplace, restrooms, and food service through vending machines. It is open from 10 a.m. to 10 p.m. on Saturday and Sunday, and from 2 p.m. to 10 p.m. Monday through Friday.

Ideal for sledding and tobogganing are the hilly slopes at the winter sports area which has an enclosed warming shelter with fireplace and tables. There are three toboggan tracks and a separate area for sledding. The area is open from 8 a.m. to 10:30 p.m.

CHILD STUDY CLUB

BRIGHTON — The December meeting of the Brighton Child Study Club will be held at the home of Mrs. Gene Schutz on Wednesday, Dec. 8, 1965, at 8:30 p.m. with Mrs. Larry Gerocke as co-hostess.

The program for the evening will be "Developing Moral Values," presented by Mrs. Stanley Ozar and Mrs. Thomas Woods.

The meeting will be highlighted by a Christmas dessert smorgasbord.

Link Delinquency To Teen Marriage

Although Livingston county holds the distinction of being relatively free of juvenile delinquency, teen agers are warned against early marriages.

Even the divorce rate among young marrieds is low in this county and in great part this is the cause for a low delinquency rate because national surveys show delinquent juveniles usually come from broken homes.

Teen-agers are flocking to the altar by the hundreds of thousands throughout the nation. One out of two brides this year will be under 20. The same ratio will end up in separation or divorce, according to a national survey on "What happens to teen-age marriages?"

The chance of success for a teen-age marriage in the U.S. is about a third as good as for marriages of those in their twenties. The fact is that today more girls marry at age 18 than at any other age and this tendency to marry young is one that is peculiar to the United States.

It's not just the women either; nearly half of all American young men are married by the time they are 25, compared with only a quarter in most of Europe and as few as a tenth in Norway and Ireland. Only in Asia do you find a marry-young pattern comparable to that of the U.S.

Named Director Of Trailer Group

BRIGHTON — An official of one of Brighton's newest manufacturers has been honored by the Michigan Mobile Home Association with headquarters in Detroit.

He is Robert Penkey of Brighton, for many years with the Vagabond Coach Co. and now vice president of Hammersley, Inc. of Brighton. He has been named a member of the board of directors of the Michigan Mobile Home Association.

The Hammersley company, located at 11815 East Grand River, was started by Richard Hammersley of Biflow, formerly with the Bowen Co. of Wixom. They started to build their factory to produce travel trailers, last May and in August produced their first trailer, known as the Robin Hood.

Howell Schools Study U.S. Grant

HOWELL—Fearing that federal control of part of the Howell school program would not be counteracted by the \$60,000 in federal money available, under certain federal conditions, the Howell School Board has appropriated \$4,500 for a study of the situation.

The money would be spent to hire an assistant for assistant Supt. Richard Blied, to explore the federal programs available to the school. The Howell Schools could receive in excess of \$60,000 designed for specific programs, and under federal control.

The study would determine if the programs would offer enough benefit to the school system to compensate for the federal controls.

The board also voted to hire an administrative assistant for Superintendent Bath. The new assistant's roll will actually be that of a press agent.

Livingston High In Heart Deaths

Livingston County ranked above the state average by a little over 10 percent, of cardiovascular deaths in Michigan last year, with 65.9 percent—the statewide average was 55.2 percent—Dr. James B. Blodgett, president of the Michigan Heart Association, has announced.

The lowest in the state was Macomb County's 49.4 percent. The figures are based on the 1964 statistics of the State Department of Health.

While the percentage emphasized the magnitude of the problem of cardiovascular fatalities in Michigan, analysis of the figures showed only that with some exceptions the highly industrialized southern counties had lower percentages than the quiet, more aged populations.

Of adjoining counties, Shiawassee had 58.2 percent; Genesee, 53.5; Washtenaw, 54.3; and Ingham, 56.3.

Wayne County had 53.7; and Oakland, 53.8. Kent County, whose seat is Grand Rapids, had 55.5 percent. The Upper Peninsula counties averaged 59.64 percent.

Sod Farming A Pro's Business

BRIGHTON — The building boom in the eastern part of Livingston county that has created a big and profitable market for sod, has lured many a small farmer in this area into difficulty.

The sod business has become a highly specialized and sophisticated enterprise. Plots of high-quality nursery turf bear little resemblance to the old piece of pasture that was formerly cut and sold for sod.

Today, a field of high-quality, cultivated sod is a pampered parcel, a plot on which the grower has expended many times the increments of capital and the hours of labor that would have been necessary to produce a field crop like corn. The neatly mowed grass, with the distinctive dark-green hue of the carefully fed plant, has been sown with precision, irrigated whenever thirsty, fertilized without stint and groomed with the utmost care by men who are experts.

The commercial sod grower can depend upon a crop from the same piece of ground about every two years. Large amounts of fertilizer are used. This, together with the mass of roots and rhizomes which are left in the stripped plot, helps to maintain the condition of the soil. So with proper management, crop after crop of sod can be cut from the same field indefinitely.

Marketing the crop is the hurdle that has topped many a tyro in the sod business. The bulk and weight of the crop makes it costly to move very far and limits the marketing radius of the producing farm. There are no formal marketing channels for sod as in livestock, grains or truck crops, so marketing becomes the big challenge.

Potential growers are cautioned to have their eyes wide open when moving into the business. It takes a real pro to make it go.

Dietary Interne

HOWELL—Miss Sarah Franti of Easton, Mich., is the first dietary interne of the fall term to come to McPherson Community Health Center from University Hospital, Ann Arbor.

Miss Franti will spend her internship at the Health Center working under the direct supervision of Mrs. Evelyn Warrne, director of dietetics. Miss Franti will learn the hospital's system of diet kitchen management, she will help plan and supervise patients' diets, advise new diabetics and others who have to accustom themselves to a new diet, and spend at least one day making rounds with the Home Care nurse.

SARAH FRANTI

Hartland Chorus To Sing 'Messiah'

HARTLAND — The Hartland Community chorus will present the thirty-first annual performance of G. F. Handel's "Messiah" on Dec. 12 at 8 p.m., in the Hartland music hall. The performance is accompanied by the pipe organ played by James Wrick. The director is David Thompson. The soloists are from the University of Michigan. A donation may be given to assist in maintaining the concert.

MICHIGAN CHAPTER

Michigan Chapter No. 314, Order of the Eastern Star will have a Christmas party following the regular business meeting Tuesday, December 14. An exchange of \$1 gifts and special decorations are in the offing. The officers will officiate as "good of the order" committee.

Guests to Occupy Brighton Pulpit

BRIGHTON—The Church of Christ of Brighton, which began meeting in the Scout Building on Hyne Street on August 1, 1965, plans to have guest speakers for each of the regular services next week.

On Sunday morning, Dec. 12, at 11:00 a.m., the speaker will be Dan H. Woodroof, minister for Rochester, Michigan, Church of Christ, and a member of the staff of Michigan Christian College. On Sunday at 7 p.m., Dean A. Thoroman, youth leader among Churches of Christ, now preaching at Fenton, will bring the message. He is president of Michigan Christian Youth Camp and formerly camp director.

At the Thursday service, also at 7:00 p.m., usually given to Bible study, there will also be preaching, this time by Elbert Henry, who recently moved to Plymouth to preach for the Church of Christ there.

At each of these services there will be special singing by the congregation. All Brighton area residents are invited. Harold E. Hawley preaches regularly for the local church.

Fish Shanties May Hold Death

HOWELL —The county health department warns ice fishermen against tightly closed fish shanties, and others who might be in practically air-tight quarters, to escape the cold, this winter, that a silent killer may be in their midst.

The deadly criminal is carbon monoxide—CO—a colorless, odorless, tasteless gas produced every time a carbon-containing material burns.

CO combines with blood 200 times more easily than oxygen. When blood cannot supply oxygen to your brain, permanent brain damage or death may result.

Dangerous quantities of CO usually accumulate when a cool, slow fire burns in limited air. Since you can't see, smell or taste it, the gas is hard to detect except by your symptoms—drowsiness, headache, tightness across the forehead, confusion, nausea, and muscular weakness. CO poisoning may confuse you so that you cannot reach fresh air to relieve the symptoms and prevent serious injury.

3 Schools Now Are 'Unionized'

BRIGHTON—With approval by the Brighton School Board of the Brighton Education Association (local unit of the MEA) as the sole bargaining agent for the Brighton teachers, three school systems in the county are now "unionized," the other two being Howell and Hartland.

The Brighton school board agreed to the teachers' request after the board's attorney, William McCarrie, told the board that practically all the teachers were members of the association. The superintendent, principals and assistant principals are the only members of the staff not covered by the agreement.

This may be providing the answer to the wave of teacher militancy and dissatisfaction that has been sweeping the nation for the past three years.

Since the beginning of the current school year in September, a majority of the state's 543 high school districts have sought official recognition from their local boards of education. In most cases, local units of the state's largest professional organization, the Michigan Education Association, represent public school teachers.

As of Dec. 1, 1965 school districts had achieved official recognition between teacher groups and school boards, with all but one school district selecting local units of the MEA.

Brighton Co-Host At AA Meeting

ANN ARBOR — Members of Alcoholics Anonymous from central and southern Michigan were guests of AA chapters from Brighton, Ann Arbor, Milan and Ypsilanti, Sunday at the Ann Arbor Community Center.

An open meeting was held in the afternoon to which the public was invited to hear a panel of three AA members tell of the organization's work.

Farmers to Hear Of Medicare, Taxes

HOWELL — A meeting for Livingston county farmers on income tax management and Social Security will be held Wednesday, Dec. 8, in the Howell National Guard Armory from 12:30 to 3:00 p.m.

Topics to be covered will include major features of the Internal Revenue Act affecting farmers, tips on tax management and investment credit. The 1965 Social Security Amendments, namely, Medicare, will also be discussed.

Wendel Law of the Social Security Administration and Bill Dexter, district MSU farm management agent, will be on the program.

MARRIAGE LICENSES

 - Lawrence F. Albright, 22, 7628 E. M-36, Brighton, Mich., Delores F. Price, 23, 6180 Academy Dr., Brighton, Mich.

Illegible Names Puzzle Postoffice

BRIGHTON — One of the biggest problems postal employees face is illegible handwriting. At Christmastime, when mail volumes skyrocket, this can become a major problem. Postmaster Al Bosworth said.

"The use of ZIP Codes by mailers does help speed up the process because often if the city and state are unreadable the ZIP Code will direct the mail to the destined post office. Clerks in that post office, being more familiar with local residents, may be able to figure out the person to whom the mail should be delivered.

"Another significant problem is the number of parcels delayed or actually undelivered because of poor wrapping or packing."

Postmaster Bosworth urged that special care be taken to see that each package is tightly stuffed and that nothing rattles around inside.

Parcels are generally shipped in bags and often heavier items rest on top of smaller, lighter packages. The postmaster encouraged mailers to be a bit cautious and insure all packages.

All parcels should be addressed on only one side and should have the address written somewhere on the inside of the package in case the exterior wrapping should come off. It is a good idea to also enclose a list of the contents.

Poor packaging and illegible or incorrect addressing account for about half a million undelivered parcels each year.

Mail now, only two weeks left for delivery of parcels and cards

Methodist Church

The commission on missions under the leadership of Mrs. Leslie Oliver met on Tuesday, November 30th. Their central concern was planning the "Church at Work in the World" project slated for the last four Sunday evenings in January. The commission decided to have the sessions begin at 8 p.m., with refreshments until 6:30, singing and devotions from 6:30 to 7 p.m., and the featured program from 7 to 8 p.m. The Harry Ball's will take charge of registration on January 9th, the Gilbert Auty's on January 16th, the William Cuthbert's on January 23rd, and the Leslie Oliver's on January 30th. Mrs. Leslie Oliver will organize the refreshment time, and the Rev. Robert Brubaker will be responsible for programs and worship.

Mrs. Ted Townsend of Ann Arbor gave a most interesting program on the mission to Alaska at the joint meeting of the Miriam and Lydia Circles on Wednesday, December 1st.

A fine turnout that exceeded expectations enjoyed a potluck dinner and learned from the informative presentation by the Rev. Robert Eidson on his trip to the Holy Land. The December 2nd affair was sponsored by the Methodist Men, and Leslie Oliver served as master of ceremonies.

The MYF joined with other churches in the Brighton area to discuss a Brighton Moral Code at the Episcopal Parish Hall, Sunday evening, December 5th.

The Sarah Circle met on Tues-

day, December 7th, at the home of Mary Warwin. The three "day" circles met at the church for a combined luncheon at noon that same day.

The "Friendly Callers" met for training and calling in the community on Tuesday, December 7th. Mrs. Stanley Tarrant is in charge of this important venture.

The Get-Together Club met at the church for a potluck luncheon and special program on Wednesday, December 8th. The membership training class for high school young people will meet in the church from 7 to 8 p.m., Wednesday, December 8th. The Carol Choir will rehearse a 6:30 p.m. that evening, and the Adult Choir at 7:30 p.m.

The Single Young Adults will meet at the William McCulloch's on Wednesday, December 8th, at 8 p.m. The program is "The Bible as a Way of Living," and all participants are asked to bring their Bibles to the session. Officers will be elected and a coming Christmas party will be planned.

Membership training class V for adults will be conducted on Sunday morning, from 9:30 to 10:30 p.m., December 12th, at the parsonage. New members will be received on Sunday, December 19th during the second service of worship.

The membership training class for 7th and 8th graders will be held on Monday, December 13th, from 3 to 4:30 p.m. at the church.

The official board Christmas dinner will be held on Wednesday, December 15th, at 7 p.m. in the fellowship hall. The Leslie Oliver's will furnish and prepare a turkey for the occasion, and board members plus their husbands and wives are cordially invited to attend. Participants are asked to bring their Christmas gifts to the church at this time.

The Couple's Club will hold their Christmas party on Saturday, December 18th, at 8 p.m. at the home of the Robert Brubaker's. Dr. and Mrs. Verne Hoshal will be coming from Fort Devens, Mass. for the occasion to greet their Methodist friends.

The Christmas party for the Single Young Adults will be conducted on Monday, December 20th, at 7:30 p.m.

This coming Sunday, December 12th, the Rev. Robert Brubaker will be preaching on "A Christmas of Rising Expectations."

North Brighton News

Della Vartogian - 229-9000

Steven Amyx, son of Mr. and Mrs. Kodie Amyx, is home after some time in hospital. Steven had the misfortune to fracture his leg in two places one day when he and some boys were playing football at the Hariland school. Steve fell in such a way that his leg was over some wood. He is still on crutches, but is able to get out some.

We have some new neighbors and wish to extend a welcome to them all. Mr. and Mrs. Keith Baldwin and family; also Mr. and Mrs. Charles Smith (both built new homes on Flint road.

Also recently moved into this area are Mr. and Mrs. McKinley Clark and children. They moved into the former Kirchner home on US 23. They moved here from Howell.

Mr. and Mrs. Cedric Hatmaker and son were Thanksgiving guests of Mr. and Mrs. Harold Hatmaker, Drayton Plains.

Mrs. Hatmaker, Mrs. Nichols and Mrs. Shay were in Ann Arbor shopping last week and visited the new K-Mart. They liked it very much and found a number of unusual articles there.

The Livingston Players again gave a marvelous performance Friday and Saturday nights. North Brighton was again well represented in it. Chris Stephens designed the set as well as the programs. She also helped with the painting. John Stephens played the part of Dr. Bennett in the play. He also was in charge of the lighting and helped with the painting. Edna Schram played Lily Belle in the play. Ed Wolf was production manager and helped build the set. Paul Hines also helped with the building of the sets, and June Petzold had charge of the make-up department. Everyone I hear speak of the play has only praise for it. We do have a number of very fine people today.

Chris and John Stephens have another very busy week coming up, as they will both be busy helping with the Art Exhibit that will be held at the Howell Armory this coming Saturday and Sunday, Dec. 11 and 12. It will consist of a Christmas display of the Livingston Arts and Crafts. It will be well worth visiting.

Daniel Wolf, son of Mr. and Mrs. Ed Wolf, Flint road, is home on a 14-day leave. He has finished his basic training at the Lakeland, Tex., school and will report to the training center in Delaware. Danny is in the Air Force.

Mrs. J. Turner, Hackler road, was in Flint last week visiting her parents' Rev. and Mrs. R. L. Williams. She was caught in the bad rain we had that Friday, and found the roads had in places Saturday she and her sister-in-law, Mrs. Janet Williams, were in Ann Arbor shopping.

Mr. and Mrs. Bernie Corrigan and Mr. and Mrs. Charles Smith enjoyed dinner at Schuler's in Lansing last Sunday.

Mr. and Mrs. Junior Green returned last week from hunting and each had their deer. Mrs. Green shooting her's just a few hours after getting there. Mr. James McCrary, Mrs.

George Cole and Mrs. Bernie Smith were in Detroit Saturday calling on some ill relatives. They also called on Mrs. Raymond Burrell whose husband has been in Ford Hospital for some time. We all hope he will soon be well enough to come home.

Miss Sharon Arnold of Flint was a Sunday dinner guest of Ernie Bell.

Around Bishop Lake

Our hunters were swarming along the roadsides Friday, hoping for that fabulous finish to a hunting season. They hiked across fields until they became too wet and cold — then huddled in sad defeat in their cars, waiting for the rain to stop. Saturday it was cold and clammy with just a trace of snow, making tracking impossible. Looks like the hunters and the golfers will be putting away their gear at the same time this year.

While Michigan men were stalking their game, our Marimes were sloshing around soaked and steaming bamboo groves, dodging unwelcome visitors from the northern communities of the country. No doubt it all tends to make home seem pretty unreal and remote — but our Jesse Petty, Pinckney, Class of '63, ran into Maynard Garrett, Pinckney, Class of '64. They are "working" around the DaNang air base in Vietnam. Proves our world is small! They send a "hello" to all of you. (Why not surprise them with Christmas cards — or even a little something extra. We can't share our comfort and safety, but we can share our "Spirit of Christmas.")

John Schroeder, ANS, called home Friday night. His ship had just docked and they were spending a few days in Norfolk, Va. He found the 20 mile an hour speed limit in the Bahamas rather disconcerting. In Newfoundland, the fierce roads set the maximum speed without question, but the beautiful islands just like to live at a quiet, slow pace.

The people around here have not been doing anything newsworthy — everyone is busy getting ready for Christmas. A little too early for Florida vacations. A flock of geese today may have been heading south — but at the rate they were going they'll never make it. Kept falling apart — like a committee — couldn't seem to decide who was leading them. Have noticed birds, flocks of them, on the lawn. At a distance their heads and shoulders gleam blue-black in the sun. At close range they're wearing Harris tweeds. They're not slim and rakish as the blackbird, nor as bold and obnoxious as the starling who sports yellow spots and an uncouth personality. Must look up "grackle" — name seems to fit.

I was running down Main Street the other day and noticed the delightful flags over one of the local haberdasheries — gave it a charming elegance of a European "shoppe."

Barnum was right, a sucker is born every minute. That many is needed to elect politicians.

Players to Stage Yule Comedy Here

BRIGHTON — Following the Livingston Players' big success in the production of "The Curious Savage," staged Friday and Saturday in the new Howell Auditorium, the Players will present "The Mouse Who Didn't Believe in Santa," at the Hawkins school here Friday and Saturday. There will be two performances Saturday, the first at 11 a.m. and the second at 4 p.m. The Friday performance will be at 8 p.m.

The Players were formed four years ago this fall with 25 charter members. Their membership now numbers almost 80 and they come from all parts of the county. This will be their ninth annual presentation. In the past they have presented such comedy successes as "George Washington Slept Here," "The Girls in 509," "I Remember Mama," and "You Can't Take It With You."

Mrs. Bernice Hyne who played the title role in the "Curious Savage," will long be remembered for her roles as Aunt Hettie in the "Girls in 509," and as Aunt Sigrid in "I Remember Mama."

Harry Lawrence will be recalled for his sensitive portrayal as the cantankerous Uncle Chris in "Mama," Marguerite Wenzel for her many memorable performances. Also appearing in other supporting roles were Roger Lane, Win Hubbell, Joan and Duane Wiedman, Edna Schram, Rosemary Spies and Pat Taylor, most of whom have performed in one or more Player productions.

Divers Hunting Body of Aged Man

BRIGHTON — The body of 92 year old Frank Langer was recovered from Coon Lake Thursday afternoon. Langer had been the object of a two day skin-diving operation by divers from three county sheriff's departments and the State Police. Langer, who lived with his son and daughter-in-law, Mr. and Mrs. Lawrence Langer on Coon Lake, for the past 25 years had last been seen at 10 o'clock Tuesday night. He was reported missing after his boat was found floating in the lake Wednesday morning. The body was recovered by a fisherman just before the divers finished their operations.

Crash Injures 4 From Whitmore

WHITMORE LAKE — Four residents of Whitmore Lake were injured last week when their car blew a tire and crashed into a tree between Ann Arbor and Whitmore Lake.

They are Timothy G. Atchinson, 20; Juanita M. Atchinson, 39; Randall L. Atchinson, 5, and Martin C. Atchinson, 8.

Atchinson told sheriff's deputies that the right rear tire on his car blew out, and he lost control of the car. It hit a fence, a telephone pole, a rock and slammed sideways into a tree.

Mr. and Mrs. Bernie Corrigan and Mr. and Mrs. Charles Smith enjoyed dinner at Schuler's in Lansing last Sunday.

Mr. and Mrs. Junior Green returned last week from hunting and each had their deer. Mrs. Green shooting her's just a few hours after getting there. Mr. James McCrary, Mrs.

"My car won't go."

"Ready? It's 4 A.M."

"You'll come right over, Doc?"

"Then what do I do?"

What a wonderful thing the telephone is! And how little it costs!

Fakes Coma; Burns Boys' Bed

ANN ARBOR — A 15 year old inmate of the Boys' Training School at Whitmore Lake, who doctors at the University Hospital said was feigning unconsciousness to get away from the school, is accused of setting fire to the bed of another youth in the hospital.

Firemen said a large hole was burned in the mattress and sheets of the bed.

The youth who was in the bed at the time escaped injury, firemen reported.

Police said the 15-year-old became a suspect in the fire when two notes "indicating an arson intent" were found in the room.

He had been committed to BTS for auto theft and molesting women, police said.

There's more to Chrysler's popularity than meets the eye. Like under the hood.

AUTHORIZED DEALER **CHRYSLER** MOTORS CORPORATION

Every Chrysler is a big V-8. Starting with the husky 383 cubic incher that runs on regular gas. Or any of three others — up to the 440 TNT engine.

Of course, the way every Chrysler is built has a lot to do with its popularity, too. And think of all the protection you get.

As for looks, come in and give Chrysler a long, hard look. The move up to Chrysler is beautiful.

CHRYSLER '66

If you're ready to move up... we're ready to make it easy:

BILL TEASLEY, 9827 E. Grand River, Brighton, Mich.

BRIGHTON SCHOOL NEWS

Terror of War

By ALICE WHITE

As I read through "The Future for Democracy" I thought of World Wars I and II, and of how they used that terrible gas.

Gas killed thousands of men on the battle fronts, and the men who used it often led women and children to believe they were going to take a shower. After they got in the shower rooms they locked the doors and turned on the gas!

This wasn't bad enough, though, the graves of these people was a great big hole dug by them before they died. They put a layer of bodies in and a layer of paper and sometimes they put in another layer of bodies!

In World War II they had the atom bomb. Boy, this was really the best weapon around. It could kill more people with one bomb than anything in the world. And after it had gone off, it kept on killing like a disease that's incurable. It was all over in the air, and you couldn't get away from it. Oh, this was the best thing the United States had done. It'll be better when hundreds of thousands of people start moaning from pain and agony. It's just too bad they couldn't be there to see people with all the features of their faces burned off and people that should be dead are walking around breathing more polluted air and drinking unfit water. Oh, if they could only have been there to enjoy their destruction. They could have enjoyed watching the crew of the plane that dropped the bomb, tear their hair out, or try to kill them selves, and finally go crazy.

I have but one thing to say, if all wars are worse than the one before them, what will the next be like?

Teacher Profile: Steve DeMar

Why Be Bored

By SHARON VOORHIS

Many people are bored because there is not enough entertainment in Brighton to keep them out of trouble and to keep them from breaking traffic laws. I think there should be a freshmen, sophomore, junior and senior bowling team and this should include anyone that wants to join no matter what kind of person they are. I also think we should have a theatre where the people can go and watch real neat movies although I think there should be some rules and regulations that should be obeyed and followed. There should be at least four people to watch the kids to make sure they do obey the rules and regulations. There should be a Y.M.C.A. and a Y.W.C.A. in Brighton. Anything from horseback riding to learning how to look and take care of a family.

Teen Scenes

By JIM STEINKRAUS

One of the active teenage sports involves some physical effort.

Shoulder punching is the modern way to say "Hello" with the teens today. It has replaced the hand shake and regular talk. When a friend approaches, the teenager says, "Howya doin'?" and then punches him in the shoulder. Some guys have used this method as a way of saying goodnight to an ugly blind date. Instead of kissing her he punches her on the shoulder. Good for plenty of laughs.

Another sport is straw wrapper blowing. This activity has steadily increased through the years until now it is considered the "thing to do" when in restaurants. Participation in this in the school lunchrooms is great. It involves tearing off end of straw wrapper, then blowing it in someone's face—a nearby girl, a waitress, or a stranger at the next table. It usually results in hysterical laughter, and sometimes a punch in the mouth.

Bq G. M. II

Getting an interview with Mr. DeMar proves to be quite a feat! You have to fight through a crowd of girls who, for some unknown (?) reason are seeking personal help with their studies. The only real chance he has to be alone is during lunch. Rumor has it that he hides in the Snake Pit. . . oops . . . I've said too much already.

Mr. Steve W. DeMar came to B.H.S. in September of 1963. He teaches World History, Geography, and coaches the J.V. Basketball Team.

When asked where he was born, he replied "Ann Arbor, Ann Arbor, Ann Arbor."

Our new teacher attended Eastern Michigan University and Michigan State where he majored in history and physical ed. He has a B.S. degree.

Mr. DeMar's interests all center around sports. He enjoys basketball, baseball, football, swimming, track and tennis.

He likes working with the student body and they enjoy working with him. As one of his students said, "It's not so long that he's been out of school himself, so he understands all the current problems of the students." Also it's been commented his classes are interesting and his lectures amusing.

Mr. DeMar feels our big problem at B.H.S. is that not enough students turn out for sports events.

It seems impossible that a person cannot have a favorite cartoon character, but Mr. DeMar has no favorite. He must be older than we thought.

Grease or Frat Rebuttal

In last week's paper one girl presented her views on the grease and frat status. Since I harshly disagree with her views I would like to present a few more facts to contradict her.

It was said that the frats are no more fast than the ruy who wears blue suede shoes, pointed with a combination of leopard pants, so tight that one could count the hairs on another's legs. They are worn up to six inches from the shoes or rather boots.

This thought of brotherhood is true, however, frat, which originated in college alumni also meant persons representative to that alumni. They dressed neatly and followed good standards. The high school take off is certainly a long way from this and yet it is a far step from the grease.

Continental in tradition would be just as much accepted at B.H.S., as the boy who wears white levis and the madras shirts. If these boys (grease considered here) would wear some clothes which looked like they would fit them and not their 12 year old brother, they would look much better.

In general, let us consider this grease group. Frats were asked to mingle with the guys and girls who stand on the street corners smoking cigarettes, in their high heels, and pegged pants and cuss and swear. This is not for me nor for the frats. The general feeling among the frats is that of neatness. The dress code at B.H.S. was derived at by the Student Council. Very few frats or continentals violate these laws as a general rule. The grease rebel against this and tend to decrease the looks of our student body.

Lighter Side of Winter

By Jim Steinkraus and Ken Graham

I LOVE winter!!

I love when the icy wind makes the tears run down your cheeks.

I love the blanket of snow that makes driving dangerous. I love when it melts, and you have to slog through all that slush!!

I love when everything freezes over! I love when your fingers and nose and ears get numb with the cold.

Oh how I love Winter!!

Because that's when I go to Florida!!!

Nagging Wife: Albert! When are you going to put up the storm windows?

Albert: (watching T.V.) I will Shirley. I will! I'll get to it—Shirley: That's what you kept saying last year! "I'll get to it. And you know what happened!"

Albert: Next weekend! I promise I'll do it next weekend.

Shirley: That's what you kept saying last year! "Next weekend . . . next weekend, and you know what happened!"

Albert: Shirley! Will you quit nagging me! I'll put the storm windows up but not TODAY! Besides! I can't get to the windows anyway. The snow drifts are up to the window sills.

Happiness

Happiness is many things. To some, happiness is helping hungry people of the world, or adopting an orphan child.

To a teenager it may be graduating from high school and being able to attend college. Or it may be getting married.

To some, happiness may mean a new car every year, a big house, money, or seeing how many laws they could break in a day.

Happiness is as many different things as there are different people. And each person seeks happiness in his own way.

Question Of The Week

BY H. MAHER

What does QWNHOWNTOCE mean???

Don't know do ya? Ken Graham.

If you don't know by now you never will. Tom Tarrant

Nice talk! Nice girl! Eric Hurst

Someone owns a bow for their toe.

Probably some fancy name to call somebody. Sharon Voorhis.

I don't know; we haven't studied that yet. T. W.

A Polish swear word. Jim Steinkraus

When you find out tell me. Pat Markcum

Bob Cameron's middle name! M. L.

Bad Breath! H. E.

Pollock with a rubber ball in his throat. D. G.

That all depends on how you pronounce it. Mike Baker.

Something with a juicy cherry in it I guess. Mark Hartman.

Sounds like something I don't even want to meet up with. Margie Bawks.

It's code meaning . . . there is a party Friday night at you-know-who's. Karen Lanning

It must be some kind a monster that has not been discovered yet who knows, qwnhown-toce maybe a future animal. Joan Menke

Well, I'd tell you if I knew but, heck, I don't. Gay Black.

I du'no Denise Hargishimer.

Around School

Mr. Prieskorn's 1st hour Senior Math class is working on discount percent.

Mrs. Brubaker's English classes are reading stories on Colonial Periods and Early National Periods.

Some famous writers such as Ben Franklin and Washington Irving.

Mrs. Moscow's Art classes are doing a little Christmas decorating and building stage scenes for the concert. Journalism classes are receiving letters for Santa Claus.

Mr. Vogel's Government classes have been studying the Congress and trying to learn something.

The Sophomores of Brighton High School are taking Differential Aptitude Tests.

Mr. Mark's second and third hour History classes had a debate on the workers Union.

Mrs. Rose's English classes are doing Research Term Papers.

Brighton High School's Band and Choir are practicing for the Christmas Concert.

TODAY'S WORLD

BY KEN G. & JIM S.
(Back at the bar)

Charlie: Hi Ed.
Ed: Hi Charlie. Don't you wanna draft?
Charlie: Nope.
Ed: Do you wanna fix?
Charlie: Nope. I kicked both of those habits Ed. I don't want any part of beer and dope.
Ed: What's the matter Charlie? Is the stuff too good for ya?
Charlie: No Ed. I've just decided to settle down by quitting school and getting a good job.
Ed: Charlie, you won't be able to get a good job without a diploma. You might be able to work in some kind of factory but not much better. You won't be able to have a desk job so don't plan on it.
Charlie: You just wait and see Ed. I'll show you cuz I won't need a diploma to get a good clean job. I'm gonna make a lot of dough and then I'm gonna wave it right in front of your beer smelling nose.
Ed: It's gonna be a long wait before I see you make a lot of money Charlie. You've always hated work and you'll never get a good pay without a high school education. Just about every job requires it now.
Charlie: Oh how do you know Ed? You're just saying stuff again cuz you want me to waste my time in school.
Ed: You got that figured out all wrong because I'm just trying to help you. School isn't a waste of time and you'll find that out if you stick with it. Staying in school is a good way to settle down and besides it will give you a better job.
Charlie: Okay. I'll take your advice and stick with school. How about that draft now?

Here's Mail For Santa

Dear Santa,
Me and three other kiddes from fifth hour study hall are going to make out this list to you.

First of all, we have a problem in study hall. It's our teacher, George, he has a bad habit of yelling and we would like to have a box of tranquilizers for him. He would also like to apply for the job of Santa Claus. You won't have to stuff him because he is already stuffed.

Denny, Michael, Bobby, and Judy
P.S. But He's sweet!!!!

Hello Santa Claus,
I'd like to ask you just one favor for Christmas and that is please leave Pat Duffy something. Last year you skipped his house and he cried and cried and cried. (Honest I don't lie.)
From
Lil' ole me

Youth Speaks Out

By PAM CARUSI
SPIRIT

"On, no! Not again!" "That's all we ever hear."
That's right. Every pep assembly somebody tells us we aren't behind our team; that we don't have enough school spirit.

We're really behind our team. The day of the game you can feel tension and excitement in the air. We've got a team to be proud of.

But nobody likes to hear the same old thing every time there is an assembly. It gets kind of tiring.

So come on, everybody. Let's cut out the spirit lectures all the time.

IS YOUR BODY A PRISON?

It is, if you are subject to re-occurring pains and discomfort. Then instead of being a joy to live in, your body can cause unhappiness.

This is the age of "miracle" medicines and greatly improved medical and dental ability to diagnose the cause of any ailment. Your Doctor can now help you more than was ever thought possible. We can fill any prescription, even those prescribed by Doctors in distant cities.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

NOTICE

At their regular meeting of Dec. 2, 1965, the Brighton City Council approved the following Ordinance Code Amendment: An Ordinance to amend the code of the City of Brighton by amending Chapter 30 of Title V thereof. This proposed amendment amends the Zoning Ordinance by rezoning the following described land from R-1 to R-3 (single family to multiple family dwellings):

Reg. at a pt. 198 ft. along the W. line of lot 72 extended, Nobles Plat No. 3, from the N.W. Corner of lot 72, Noble Plat No. 3, to a pt. 342 ft. along the extended W. line of said lot 72, thence N.E. 70° to Ore Creek, thence S'Ely along the Bank of Ore Creek 270 ft., thence due South to Flint Road, thence S'Wly on Flint Road to a pt. 90 ft. N'Ely from the N.W. corner of the intersection of Liberty and Flint Road, thence W'ly to the pt. of Beg.

This ordinance to be effective Dec. 17, 1965.

MORE BRIGHTON SCHOOL NEWS

Fizzie Moments

BY KEN GRAHAM

Gaston Blott, receives report card from happy teacher. Gaston has been a freshman for nine years. He takes his report card home to be signed by his father. Father has been a freshman for twenty six years. Gaston signs father's report card and father signs Gaston's. Both are thrown out of school. Gaston takes his average report card to friendly neighborhood counterfeiter, Mr. P. Larceny. Friendly counterfeiter begins to make plates so he can make an exact copy of the old report card.

Now that engravings have been made, Gaston takes them to a friendly printer in neighborhood. The printer makes copies of report cards with marks left blank. Gaston will sell extra copies. Gaston and dear "ol" dad go back to school with new report cards and are both kicked out of school again.

Friendly counterfeiter Larceny was actually the teacher who did counterfeiting to earn extra money.

Little message: DON'T FLUNK!!

Lovelorn

Dear Jan and Feb, I would like to know what I can do about making myself more popular? I would also like to know how I can make new and more friends.

Sincerely yours, Unpopular
Dear Unpopular: To be popular is to know a lot of people. Therefore, you have to be where the people are. Basketball, football, and baseball games are very good places to meet old and new friends. Most important of all you've got to be friendly if you want to make new friends. Smile and say "Hi" to everybody and pretty soon your "Hi's" will turn into longer conversations.

Trade Schools In Our Nation

Dear Readers, Starting this week I'm writing information on various types of trade schools. If any person wants information on a specific type of school, write to Brighton High Journalism class. I shall try my best to help you as soon as possible. It will appear in this paper every week.

Police to Ask Students' Aid

Rumors have been spreading around the high school. Most of these concern Officer McLellan. Officer McLellan isn't being unfair to the kids of Brighton. Although he has pulled over a number of kids he hasn't written any tickets out unless the kids get lippy. Officer McLellan will speak to the students of Brighton High at an assembly sometime near the first of December. He stated his stand as following: "I personally believe in and will enforce all the laws in the city of Brighton particularly concerning the mess on Main Street after each noon hour."

Want Ads

Wanted: Snow, snow, and more snow. Pat Markum. For Sale: Three certain parents. Especially one. Contact: Bothered Senior.

Wanted: A 7-year deferment for my boyfriend. He's i.A. Contact: Hopeful.

Meat Inspection In Effect Jan. 1

LANSING — Under the new state law, effective Jan. 1 requiring that all meat be state inspected, Livingston county housewives are anticipating a better quality of meat while law officers are preparing for the extra duty of seeing that the law is enforced.

A supervisor within the Michigan Department of Agriculture has been selected and a regulation drawn up to implement the state meat inspection law. Under the act all Michigan meat intended for sale that is not federally inspected must have inspection under the state agriculture department. There are 328 known slaughter plants in the state that supply about 40 per cent of Michigan's meat needs. Meat from other states crosses state lines and must have federal inspection under U.S. law.

In the past no state law required antemortem and post-mortem inspection of animals slaughtered in Michigan. Several municipalities had inspection by local health units. Plans call for continuation of such programs, if approved, under department supervision.

Heading the meat inspection section of the department's Livestock Disease Control Division will be Dr. Ralph E. Beebe. He joined the department in 1955 after having been a private veterinary practitioner in the Traverse City area for 18 years.

Green Oak To Act On Saxony Well

BRIGHTON — The Dec. 14 meeting of the Green Oak Township board is expected to be one of the most important of the year.

It will be of especial interest to residents of Saxony subdivision because action will be taken on drilling another test water well. Congressman Wes Vevian has offered to help get federal funds for the Saxony water system.

At the invitation of Supervisor Herbert Munzel, two boys from the Boys Training School near Whitmore Lake will speak about the school and the problems of both the administrative staff and the inmates.

The state flag will be presented to the board by state Senator Gerald Dunn.

er, and many reference books. If you can't find a book by looking through the car catalogue, with which you should be acquainted ask Mrs. Herbst or her librarians. They will help you find your book.

So students please remember that although the facilities are somewhat limited, there are many books for you to use.

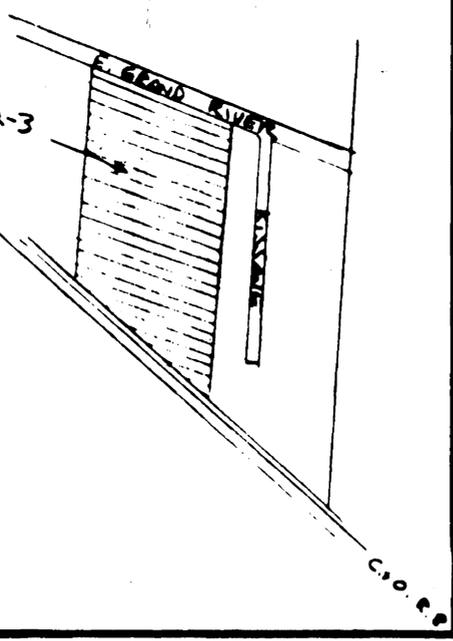

NOTICE

At their regular meeting of Dec. 2, 1965, the Brighton City Council gave final approval to the following Ordinance Amendment: An Ordinance to amend the Code of the City of Brighton by amending Chapter 30 of Title V thereof. This amendment amends the Zoning Ordinance by rezoning the following described land from R-1 (Single Family) to R-3 (Multiple Family):

Beg. at a pt. in the E. & W. 1/4 line 709 ft. from the E. 1/4 Post of Sec. 31, S. 1°30' W. 1170.10 ft., to N. line of P.M.R.R. (now C&O) then W. 790 ft. along the N. line of the P.M.R.R., then Ely along the S. 1/2 line of Grand River 640 ft. then S. 1°30' W. to pt. of Beg.

This Ordinance Amendment will be effective 12-17-65.

J. E. Siford
City Clerk

Navy Airman

MEMPHIS, TENN. (FTHC)—Machrist's Mate David M. Pendorf, USN, son of Mr. and Mrs. Henry Pendorf of 5853 Winsans Lake Road, Brighton, Mich., is serving at the Naval Air Station, Memphis, Tenn. Naval Air Station, Memphis, provides services and facilities for the support of aviation units and other operating forces of the Navy, and technical support to the Naval Air Technical Training Center, also located at Memphis, through which selected officer and enlisted personnel of the Navy are schooled in special aspects of aviation.

Gemini Project

GEMINI 7/6 (FHTNC) — Signalman Seaman Apprentice Jerry D. Taylor USN, son of Mr. and Mrs. Donald D. Taylor of 1934 Cohoctah Road, Cohoctah, Mich., is participating in the Project Gemini G77/GT6 mission as a crewmember aboard the destroyer USS Meredith, a unit of Task Force 140. Special equipment has been installed on the Meredith to facilitate handling of the capsule in a specially designed Gemini-Apollo davit retrieval crane. Her crew has undergone extensive training in spacecraft recovery techniques since her selection as a recovery ship.

In Hawaii

BARBER'S POINT, HAWAII (FHTNC) — Airman Apprentice Dennis R. Mayo, USN, son of Mr. and Mrs. Gerald D. Mayo of 4670 Highway 23, Brighton, Mich., serving with Fleet Tactical Support Squadron 21 at the Naval Air Station, Barber's Point, Hawaii. The squadron afloats personnel, cargo and mail to Seventh Fleet units in the Western Pacific.

In Training

Irvine A. Renton III, USN, son of Irvine A. Renton II, USN, son of the Irvine Rentons, Jr. of 9624 Winston Dr. is undergoing seven weeks of basic training at the Naval Training Center, San Diego, Calif.

Lavan's Haberdry	37 15

Brighton Leads GM Bowlers

In the GM Proving Grounds bowling competition, the Brighton league, known as the "Southpaws" are in the lead. A team that started out as "cellar dwellers," the "Granspaw's" have really been moving and now find themselves in second position. The remaining 8 teams are pretty well scattered in the standings. Jack Ashton continues to hold onto high individual average. He's followed closely by Bill Obright and Ernie Furister.

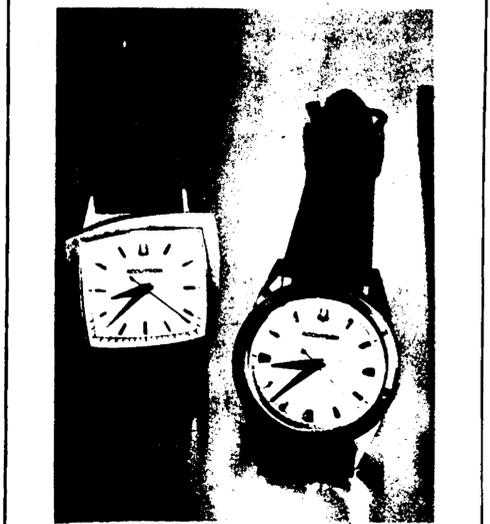

Jaycees to Help Fire Hall Clean up

PINCKNEY — Julius Aschenbrenner and George Both told Council they have enlisted the help of the Jaycees and the firemen to clean the upstairs of the Fire Hall in preparation for a recreation center. They have set Feb. 1 as a goal for completing the center. Plans call for new steps, a game table, two tables for ping pong, a pool table, weight equipment, wrestling mat and punching bag. There is kitchen that eventually may be equipped too. "Everyone who comes up to the center will be expected to participate," Aschenbrenner said. "Loiterers will not be welcome."

Pinckney Concert

PINCKNEY — The annual Christmas Concert Dec. 16 at the high school replaces the December PTA meeting for Pinckney. The concert by all ages of school musicians directed by Dennis Napier has become a seasonal tradition. The sun is in a galaxy known as the Milky Way System.

Happiness Is Getting a Bulova

Accutron is not a watch.

All the parts that make a watch fast or slow have been left out. In fact, all those mechanical parts that make a watch tick have been omitted. Why? Anything can upset them; a speck of dust; congealed oil; ordinary everyday wear. Then what makes Accutron tick? It doesn't. It hums. Instead of all the usual parts that run down and wear out, there's a tiny, tiny, battery-powered tuning fork that splits every second into 360 equal vibrations. There's never any grinding of part against part. In fact, Accutron time is so precise that we guarantee monthly accuracy within 60 seconds—which averages out to about 2 seconds per day. With Accutron you forget about checking your time to see if it's right. In fact, you may become smug being that sure of anything these days.

We have them in stock priced from \$125.00 along with all of our other Fine Gift Selections. Over 14 Years of Master Craftsmanship.
